(b) *Payment to an association.* In the case of producers and new producers for whom a cooperative association, which the Secretary determines to be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," and to be actually performing the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from the payments to be made pursuant to § 930.7 as may be authorized by such producers and new producers, and pay over, on or before the 15th day after the end of each delivery period, such deductions to the association rendering such services.*

§ 930.10 *Effective time, suspension, or termination of order, as amended*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended, or terminated, pursuant to paragraph (b) of this section.

(b) *Suspension or termination of order, as amended.* The Secretary may suspend or terminate this order, as amended, or any provision hereof whenever he finds that this order, as amended, or any provision hereof obstructs or does not tend to effectuate the declared policy of the act. This order, as amended, shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* If upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder, the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(1) The market administrator, or such other person as the Secretary may designate, shall (i) continue in such capacity until removed by the Secretary, (ii)

from time to time account for all receipts and disbursements, and when so directed by the Secretary deliver all funds on hand, together with the books and records of the market administrator or such person, to such person as the Secretary shall direct, and (iii) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.*

Now, therefore, the undersigned, acting under the provisions of Public Act No. 10, 37d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, for the purposes and within the limitations therein contained and not otherwise, hereby executes and issues this order, as amended, under his hand and the official seal of the Department of Agriculture, in the city of Washington, District of Columbia, on this 16th day of September 1941, and declares this order, as amended, to be effective on and after the 21st day of September 1941.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

TITLE 8—ALIENS AND NATIONALITY

CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE

[General Order No. C-28; Sup. 3]

PART 383—FEES AND PROCEDURE TO OBTAIN CERTIFICATIONS OF OR INFORMATION FROM RECORDS

AMENDED REGULATIONS GOVERNING FEES FOR COPIES OF RECORDS

SEPTEMBER 12, 1941.

Pursuant to the authority conferred by sections 327 and 342 of the Nationality Act of 1940 (54 Stat. 1151, 1161; 8 U.S.C. 727, 742); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458); § 90.1 of Title 8, Chapter I, Code of Federal Regulations (5 F.R. 3503), and all other authority conferred by law, the following changes in the said Title 8, Chapter I, Code of Federal Regulations are hereby prescribed:

The title of Part 383 of the said regulations is changed from "Certification of Naturalization Records or Information" to "Fees and Procedure to obtain Certifications of or Information from Records."

Section 383.4 of the said regulations is amended to read as follows:

§ 383.4 *Copies of Service records and information; fees.* (a) Except where otherwise provided by law or by regulations under this title, there shall be paid to the Commissioner of Immigration and Naturalization for furnishing any person or agency, other than an official or agency of the Federal Government, with copies, certified or uncertified, of any part of, or information from, the records of the Service, a fee of 25 cents per folio, with a minimum fee of 50 cents for any one such service, in addition to a fee of $1 for any official certification furnished under seal. Each sheet or page of the letter or other document furnished an applicant by the Commissioner shall be regarded as one folio in computing the required fee. Application for the desired service shall be made in prescribed form and shall be accompanied by the minimum fee of 50 cents or $1.50, if a certification is desired, for each such service. The fee shall be submitted in the form of a money order payable to the "Commissioner of Immigration and Naturalization, Washington, D. C." The Commissioner, in his discretion, may waive the filing of a formal application, or advance payment of the fee, or both. The applicant will be advised if any fee in addition to the minimum is required under the provisions of paragraph (b) of this section for the requested service.

(b) The following instructions and illustrative schedule will be adhered to in computing fees for the furnishing of copies of documents or written information from the records of the Service under subdivision (b) (9) of section 342 of the Nationality Act of 1940:

(1) A minimum fee of 50 cents at the rate of 25 cents per sheet or page, shall be charged for the furnishing of each and every uncertified copy of document or for the furnishing of any one uncertified written advise or statement, for example:

Service requested in one application	*Fee to be charged*
Applicant requests one primary copy of one document (consisting of one sheet or page)	$0.50
Applicant requests one primary copy of one document (consisting of two sheets or pages)	.50
Applicant requests one primary copy of one document (consisting of three sheets or pages)	.75
Applicant requests two primary copies of one document (consisting of one sheet or page)	1.00
Applicant requests two primary copies of one document (consisting of two sheets or pages)	1.00
Applicant requests two primary copies of one document (consisting of three sheets or pages)	1.50
Applicant requests information from the records (necessitating the furnishing of one 1-page letter or statement)	.50
Applicant requests information from the records (necessitating the furnishing of one 2-page letter or statement)	.50
Applicant requests information from the records (necessitating the furnishing of one 3-page letter or statement)	.75
Applicant requests that he and one other be furnished information from the records (necessitating the furnishing of two 1-page letters or statements)	1.00
Applicant requests that he and two others be furnished information from the records (necessitating the furnishing of three 1-page letters or statements)	1.50
Applicant requests that he and one other be furnished information from the records (necessitating the furnishing of two 2-page letters or statements)	1.00
Applicant requests that he and two others be furnished information from the records (necessitating the furnishing of three 3-page letters or statements)	2.25

(2) Where the objective information requested in one application necessitates its extraction from several files relating to but one person, group or thing, the furnishing of the desired information in such circumstances, to but one party shall be regarded as but one service, and the information may be furnished in one letter or statement at the rate per sheet or page, as prescribed in the foregoing schedule; however, where the information requested in cases of this character is to be furnished to two or more persons, then the furnishing of each letter or statement shall be regarded as a separate and distinct service and an additional fee, or fees, shall be charged for each such additional service, thus:

Service requested in one application	*Fee to be charged*
Applicant requests that he be furnished information from, for example, his naturalization, visa and registry files (necessitating the furnishing of one 1-page letter or statement)	$0.50
Applicant requests that he and one other be furnished information from, for example, his naturalization, visa and registry files (necessitating the furnishing of two 1-page letters or statements)	1.00
Applicant requests that he be furnished information from, for example, the naturalization, visa and registry files relating respectively to himself and his wife (necessitating the furnishing of two 1-page letters or statements)	$1.00
Applicant requests that he and one other be furnished information from, for example, the naturalization, visa and registry files relating respectively to himself and his wife (necessitating the furnishing of four 1-page letters or statements)	2.00

(4) Where additional uncertified copies of documents or written advices or statements are applied for in order to meet the requirements of applicants, the fees for such additional copies of advices or statements shall be pro-rated as hereinabove exemplified.

(5) In each and every instance where it is desired that a copy of document or written information from the records be officially certified under seal, a fee of $1.00 shall be charged for each such certification, in addition to the fees illustrated by the foregoing schedule.

(6) Where a photostatic copy of a document is furnished, the fee therefor shall be computed strictly on the basis of the number of sheets of photostatic material necessarily prepared in order to furnish a complete likeness of the document, thus:

	Fee to be charged
Applicant requests one photostatic copy of one 1-page document (the original document containing written matter on one side only)	$0.50
Applicant requests one photostatic copy of one 1-page document (the original document containing written matter on both sides)	.50
Applicant requests one photostatic copy of one 2-page document (the first page of the original document containing written matter on both sides, and the second page written matter on one side only)	.75

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 962—STEEL

Supplementary Order No. M-21-a Relating to Alloy Iron, Alloy Steel and Wrought Iron

§ 962.2 *Supplementary order*—(a) *Definition.* For the purposes of this Order, "Alloy Steel" means any steel, and "Alloy Iron" means any iron, containing any one or more of the following elements in the following amounts:

Manganese in excess of 1.65%
Silicon in excess of 0.60%
Copper in excess of 0.60%
Aluminum, chromium, cobalt, columbium, molybdenum, nickel, titanium, tungsten, vanadium, zirconium or any other alloying element in any amount specified or known to have been added to obtain a desired alloying effect.

(b) *Priority control.* All the provisions and definitions of General Preference Order M-21,[1] issued August 9, 1941, and of Priorities Regulation No. 1,[2] issued August 27, 1941, as amended from time to time, shall be applicable to alloy iron, alloy steel and wrought iron and are hereby included as a part of this Order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(c) *Directions as to deliveries and as to alloying content.* The Director of Priorities may from time to time issue directions to any Producer, directing or forbidding specific deliveries, or specifying as to any alloying element the quantities and proportions which may be used in making alloy iron or alloy steel, and whether, and in what proportions, any such element is to be the metal, a ferro-alloy, reclaimed metal scrap, a chemical compound or any other material containing such element. A Producer who shall violate any such direction, or any person who knowingly receives delivery of alloy iron or alloy steel in violation thereof, may be prohibited from making or receiving further deliveries of such material or subjected to such other action as the Director of Priorities may deem appropriate.

(d) *Restriction of deliveries under toll agreements.* No person shall make any delivery under any contract now outstanding or hereafter entered into for the delivery of alloy iron or alloy steel which he processes, fabricates or casts by toll agreement for any other person, unless specifically authorized to do so by the Director of Priorities.

(e) *Revocation of General Preference Order M-5.* General Preference Order M-5,[3] as amended, Supplementary Order M-5-a,[4] as amended, and Supplementary Order M-5-b,[5] issued to conserve the supply and direct the distribution of nickel-bearing steel, are hereby revoked, effective as of the effective date of this Supplementary Order.

(f) *General Preference Order N-14 still effective.* Nothing contained herein shall be construed to amend or modify any of the provisions of General Preference Order M-14,[6] to conserve the supply and direct the distribution and use of tungsten in high-speed steel.

(g) *Effective dates.* This Supplementary Order shall take effect on the 16th day of September, 1941, and, unless sooner terminated by direction of the Director of Priorities, shall expire on the 30th day of November, 1941. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

Issued this 16th day of September 1941.

[Preference Rating Order P-46]

PART 978—UTILITIES

Maintenance, Repair and Supplies

§ 978.1 *Preference rating order P-46.* For the purpose of facilitating the acquisition of Material for the maintenance and repair of the property and equipment of the industries and services hereinafter specified, and the operation of such industries and services, a preference rating is hereby assigned to deliveries of such Material upon the terms hereinafter set forth. Such terms shall control until such time as the Office of Production Management certifies specific quantities of such Material to which the preference rating herein assigned may be applied.

(a) *Definitions.* (1) "Producer" means any individual, partnership, association, corporation, governmental unit or other form of organization engaged in one or more of the following services:

(i) Supplying electric power directly or indirectly for general use by the public;

(ii) Supplying gas, natural or manufactured, directly or indirectly for general use by the public;

(iii) Supplying water directly or indirectly for general use by the public;

(iv) Public sanitation services, but not including manufacturers of public sanitation products;

(v) Supplying central steam heating directly or indirectly for general use by the public.

(2) "Material" means any commodity, equipment, accessories, parts, assemblies or products of any kind.

(3) "Maintenance" means the up-keep of a Producer's property and equipment in sound working condition.

(4) "Repair" means the restoration of a Producer's property and equipment to

a sound working condition after wear and tear, damage, destruction of parts, or the like, have made such property or equipment unfit or unsafe for service.

(5) "Operating Supplies" means any Material which is essential to the operation of any of the industries or services specified above, and which is generally carried in Producers' stores and charged to operating expense accounts.

(6) The terms "Operating Supplies", "Maintenance", and "Repair" *do not* include Material for:

(i) The improvement of a Producer's property or equipment through the replacement of Material which is still usable in the existing installation with Material of a better kind, quality or design;

(ii) Additions to, or expansion of, such property or equipment, other than the connection of new consumers to the general lowest pressure or lowest potential system of the Producer, and minor improvements needed for relief from serious overload and other minor capital additions;

(iii) Expansion of the service area of the Producer.

(7) "Supplier" means any person with whom a purchase order or contract has been placed by a Producer or another Supplier for Material (i) required by the Producer either as operating supplies or for the maintenance or repair of his property and equipment, or (ii) to be physically incorporated in other Material so required by the Producer.

(8) "Calendar Quarterly Period" means the quarterly period commencing on the first day of the first, fourth, seventh, and tenth months of the calendar year and ending, respectively, on the last day of the third, sixth, ninth, and twelfth months of the calendar year.

(b) *Assignment of preference rating.* Subject to the terms of this Order, Preference Rating A-10 is hereby assigned:

(1) To deliveries, to a Producer, of Material required by him either as Operating Supplies or for the Maintenance or Repair of his property and equipment;

(2) To deliveries, to any Supplier, of Material (i) required by the Producer either as Operating Supplies or for the Maintenance or Repair of his property and equipment, or (ii) to be physically incorporated in other Material so required by the Producer.

(c) *Persons entitled to apply preference rating.* The preference rating hereby assigned may be applied by (1) a Producer; (2) any Supplier provided deliveries to a Producer or another Supplier are to be made by him, which are of the kind specified in paragraph (b) and have been rated pursuant to this Order.

(d) *Application of preference rating.* (1) A Producer, before applying the preference rating to deliveries to him, must:

(i) Execute duplicate originals of the acceptance attached hereto, certifying that he is entitled to apply the preference rating hereby assigned and agreeing to be bound by the provisions of this Order; and

(ii) File one such executed copy of the acceptance with the Power Branch, Office of Production Management. The Producer shall keep and preserve the other executed copy at his regular place of business for inspection by authorized representatives of the Office of Production Management.

(2) The Producer and each Supplier, in order to apply the preference rating to deliveries to him, must endorse the following statement on the original and all copies of each purchase order or contract for Material, the delivery of which is entitled to the preference rating hereby assigned: "Purchase Order for Utilities Operation, Maintenance and Repair, Preference Rating A-10, pursuant to Preference Rating Order No. P-46," and deliver the original or a copy thereof to the seller of such Material. Such endorsement shall constitute a certification to the Office of Production Management that the Producer or Supplier is entitled to apply the rating to such delivery pursuant to this Order. Such purchase order or contract shall not include any Material the delivery of which is not rated pursuant to this Order.

(3) The Producer or Supplier placing any such rated purchase order or contract and the seller of the Material covered thereby must each retain endorsed copies of all such orders or contracts, segregated from all other purchase orders or contracts, for a period of two years from the date thereof for inspection by authorized representatives of the Office of Production Management.

(4) The preference rating hereby assigned may be applied to written purchase orders or contracts only.

(e) *Restrictions on application of rating.* The preference rating hereby assigned shall not be applied:

(1) Unless the Material to be delivered cannot be secured when required without such rating;

(2) To obtain deliveries greater in quantity, or on dates earlier, than required for the Operation, Maintenance or Repair of a Producer's property or equipment;

(3) By a Supplier to obtain Material for a delivery by him which has not been rated pursuant to this Order.

(f) *Restrictions on deliveries, withdrawals and inventory.* (1) No Producer shall, during any Calendar Quarterly Period, accept deliveries (whether or not rated pursuant to this Order) of any items of Material to be used as Operating Supplies or for Maintenance or Repair or any other purpose the aggregate dollar volume of which shall exceed 25% of the aggregate dollar volume of the withdrawals of items of Material of the same class from stores or inventory during the calendar year 1940 unless such deliveries shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor.

(2) No Producer shall, at any time, accept deliveries (whether or not rated pursuant to this Order) of any item of Material to be used as Operating Supplies or for Maintenance or Repair or any other purpose until the Producer's inventory and stores of items of Material of the same class have been reduced to a practical working minimum, unless such delivery shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor. Such practical minimum shall in no case exceed the aggregate dollar volume of items of Material of the same class in inventory and stores on December 31, 1940.

(3) No Producer shall, during any Calendar Quarterly Period, make withdrawals from stores or inventory of any items of Material to be used as Operating Supplies or for Maintenance or Repair or for any other purpose the aggregate dollar volume of which shall exceed the aggregate dollar volume of the withdrawals of such items of Material of the same class during the corresponding quarter of 1940, or, at the Producer's option, 25% of the aggregate dollar volume of the withdrawals of such items of Material of the same class during the calendar year 1940 unless such withdrawals shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor.

(4) Notwithstanding the provisions contained in paragraphs (f) (1), (2), and (3), a Producer may in any Calendar Quarter increase the aggregate dollar volume of deliveries accepted of Material for use as Operating Supplies, withdrawals of Material for such use, or inventory of Material for such use over the aggregate dollar volume of deliveries, withdrawals or inventory of Operating Supplies during the last preceding corresponding Calendar Quarter proportionately to the increase of the system output in such quarters.

(g) *Audits and Reports.* (1) Each Producer or Supplier who applies the preference rating hereby assigned, and each person who accepts a purchase order or contract for Material to which the preference rating is applied, shall submit from time to time to an audit and inspection by duly authorized representatives of the Office of Production Management.

(2) Each such Producer or Supplier shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No such reports shall be filed until such time as the proper forms are prescribed by the Office of Production Management.

(3) Until further order each Producer accepting this Order shall, within 30 days after receipt from the Office of Production Management of the acknowledgment of such acceptance, file with the

Office of Production Management a certified report in the form accompanying such acknowledgment.

(4) Each Producer shall maintain a continuing inventory of Material included in stores accounts.

(h) *False statements and penalties.* Any person who applies the preference rating hereby assigned in wilful violation of the terms and provisions of this Order or wilfully falsifies any records which he is required to keep by this Order, or who obtains a delivery of Material by means of a material and wilful misstatement will be forbidden to further apply said rating. Such person may also be prohibited from obtaining further deliveries of Material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time as to any Producer or Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of this rating to any other deliveries shall thereafter be made by the Producer or Supplier affected by said revocation or expiration.

(j) *Effective date.* This Order shall take effect immediately, and unless sooner revoked shall expire on the 31st day of March, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 17th day of September 1941.

DONALD M. NELSON,
Director of Priorities.

ACCEPTANCE OF PREFERENCE RATING ORDER No. P–46[1]

To be signed by a principal officer of the producer before applying the preference rating assigned by Preference Rating Order P–46

The undersigned certifies to the Director of Priorities of the Office of Production Management that he is engaged in the following industry or service----------

---

---

and is therefore a Producer entitled to apply the preference rating assigned under Preference Rating Order No. P–46, issued by the Division of Priorities, Office of Production Management, in accordance with the definition of "Producer" therein contained and the other terms thereof; that he has read the Order, and hereby agrees to be bound by all the terms and conditions thereof.

Dated this ------ day of ----------, 1941.

[Preference Rating Order No. P–56]

PART 982—MINES

Maintenance, Repair, and Supplies

§ 982.1 *Preference rating order P–56.* For the purpose of facilitating the acquisition of material for the maintenance and repair of the property and equipment of, and for supplies for Mines, preference ratings are hereby assigned to deliveries of such material upon the terms hereinafter set forth, until such time as the Office of Production Management certifies specific quantities of such material to which the preference ratings herein assigned may be applied.

(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Mine" means any plant physically situated within the limits of the United States, its territories and possessions, and actually engaged in the extraction by surface, open-pit or underground methods, or in the beneficiation, concentration or preparation for shipment of the products of mining activity.

(3) "Mine Operator" means any person operating a Mine to whom a Mine Serial Number has been issued in accordance with the provisions of paragraph (b).

(4) "Supplier" means any person with whom a purchase order or contract has been placed by a Mine Operator or another Supplier for material

(i) Required by a Mine Operator for maintenance, emergency repair, emergency inventory, or operating supplies of a Mine, or

(ii) To be physically incorporated in other material so required by a Mine Operator.

(5) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(6) "Maintenance" means minimum upkeep necessary to continue the working condition of the essential operating equipment of a Mine at its then current rate of production.

(7) "Emergency Repair" means a restoration of Mine property which is necessary to re-establish Mine operation after a breakdown or suspension of operations because of damage, wear and tear, destruction of parts, or the like.

(8) "Emergency Inventory" means minimum inventory of material required to make reasonable advance provision for emergency repair of a Mine.

(9) "Operating Supplies" means material which is essential to and consumed in the operation of a Mine and which is generally classified as "mine supplies" or "mine stores."

(b) *Certification of mines.* The agency designated by the Governor or other chief executive officer of each state, territory or possession shall furnish in duplicate to the Office of Production Management a certificate setting forth the names of the persons operating within such state, territory or possession a recognized mining enterprise actually engaged in the extraction by surface, open-pit, or underground methods, or in the beneficiation, concentration or preparation for shipment, of the products of mining activity, (but not including that form of mining known as "gold placer mining"). The Office of Production Management will thereupon issue to each such Person who may be approved by the Director of Priorities, through such state agencies, a Mine Serial Number. Any person aggrieved by failure or refusal of a state agency to certify him as a Mine Operator may apply in writing to the Director of Priorities for issuance of a Mine Serial Number. The Director of Priorities may thereupon take such action as he deems appropriate.

(c) *Assignment of preference ratings.* Subject to the terms of this Order, the following preference ratings are hereby assigned, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other Preference Rating Certificate or Order.

(1) A–1–a to deliveries to a Mine Operator of material essential for emergency repair of a Mine, as approved by the Office of Production Management pursuant to paragraph (e) (1).

(2) A–3 to deliveries to a Mine Operator of material required for emergency inventory or for operating supplies or for maintenance of a Mine.

(3) A–3 to deliveries to a Supplier

(i) Of material required by a Mine Operator for maintenance, emergency repair, emergency inventory or operating supplies of a Mine, and

(ii) Of material to be physically incorporated in other material so required by a Mine Operator.

(d) *Persons entitled to apply preference ratings.* The preference ratings hereby assigned may be applied by a Mine Operator or by any Supplier making to a Mine Operator or another Supplier deliveries of the kinds specified in paragraph (c) which have been rated pursuant to this Order.

(e) *Application of preference ratings.* (1) A Mine Operator, in order to apply the A–1–a preference rating assigned by paragraph (c) (1), must communicate with the Office of Production Management, describing the material essential for emergency repair and the nature of the emergency necessitating such repair. The Office of Production Management will notify such Mine Operator whether, and to what extent, his application is approved, and a copy of such notification shall be furnished by the Mine Operator to his Supplier to evidence the A–1–a rating.

(2) A Mine Operator or a Supplier, in order to apply the A–3 preference rating assigned by paragraph (c) (2) and (3), must endorse the following statement on the original and all copies of each purchase order or contract for material the delivery of which is entitled to such preference rating:

Purchase order for Materials for a Mine rated pursuant to Preference Rating Order P–56, Mine Serial No. , Rating A–3. This application of the rating is made pursuant to the terms and conditions of that Order, with which the undersigned is familiar.

(Name of mine operator or supplier)

By: ---
(Authorized signature)

Such purchase order or contract so endorsed shall be delivered to the seller of such material. Such endorsement shall constitute a certification to the Office of Production Management that the Mine Operator or Supplier is entitled to apply such rating to such delivery pursuant to this Order. Such purchase order or contract must be in writing and shall not include any material the delivery of which is not rated pursuant to this Order.

(3) A Mine Operator or Supplier placing any such rated purchase orders or contracts and the Supplier selling the material covered thereby, must each retain endorsed copies of such purchase orders, contracts, notifications and other relevant documents segregated from all other purchase orders or contracts for a period of two years from the date thereof for inspection by authorized representatives of the Office of Production Management.

(f) *Restrictions on application of rating.* The preference ratings hereby assigned shall not be applied

(1) Unless the material to be delivered cannot be secured when required without such rating;

(2) To obtain deliveries greater in quantity or on dates earlier than required for the operation, maintenance or repair of Mine property or equipment;

(3) By a Supplier to obtain material for a delivery by him which has not been rated pursuant to this Order.

(g) *Restrictions on inventory.* No Mine Operator shall accept deliveries (whether or not rated pursuant to this Order) of operating supplies or other material which will increase such Mine Operator's inventory of such operating supplies or other material to an amount greater than the minimum necessary for the efficient operation of his business, and the ratio of inventory to current production shall in no event exceed the ratio of average inventory to average production for the years 1938, 1939, and 1940.

(h) *Resale of operating supplies and other material prohibited.* Except with specific permission of the Director of Priorities, no Mine Operator shall resell any operating supplies or other materials (whether or not obtained pursuant to rating assigned by this Order) except to another Mine Operator.

(i) *Conservation and standardization.* Every person affected by this Order shall use his best efforts to effectuate conservation of materials by elimination, simplification or standardization of types, sizes or forms, or otherwise, and to cooperate in any program developed for such purpose by the Office of Production Management. The Director of Priorities may from time to time issue specific directions as to conservation, elimination and standardization.

(j) *Relief.* In case the productivity or sound working condition of any Mine is adversely affected by any provision or application of this Order or by inability to obtain essential operating supplies or other materials, such Mine may apply for relief to the Director of Priorities. The Director of Priorities may thereupon take such action as he deems appropriate.

(k) *Records, audit and reports.* Each Mine Operator and each Supplier shall keep and preserve for a period of not less than two years accurate and complete records of all transactions affected by this Order and shall submit from time to time to audit and inspection by duly authorized representatives of the Office of Production Management. Each Mine Operator and each Supplier shall execute and file with the Office of Production Management or other designated agency, such reports and questionnaires as the Office of Production Management shall from time to time require. Until otherwise directed, each Mine Operator shall file with the designated state agency on or before the 10th day of each month, beginning October 10, 1941, a report of purchases made during the preceding month pursuant to the ratings granted by this Order.

(l) *Violations.* Any person affected by this Order who violates any of its provisions or a provision of any other Order, regulation or other directive of the Office of Production Management may be deprived of priorities assistance, or subjected to such other or further action as the Director of Priorities may deem appropriate.

(m) *Revocation or modification.* This Order may be revoked or modified by the Director of Priorities at any time as to any Mine Operator or Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of this rating to any other deliveries shall thereafter be made by the Mine Operator or Supplier affected by said revocation or expiration.

(n) *Revocation of prior order.* The provisions of Preference Rating Order P–22, insofar as they relate to Mines, are hereby revoked.

(o) *Effective date.* This Order shall take effect immediately, and unless sooner revoked shall expire on the 30th day of April 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

[Docket No. 1615-FD]

IN THE MATTER OF E. D. LONG, TRADING AS E. D. LONG & SONS, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on March 10, 1941, by the Bituminous Coal Producers' Board for District 15, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging that E. D. Long, the defendant, a code member in District 15, had wilfully violated: (a) the Schedule of Effective Minimum Prices for District 15 for Truck Shipment by selling substantial quantities of lump coal produced at defendant's mine (Mine Index No. 784) Ralls County, Missouri, to the St. Louis & Hannibal Railroad at prices of $2.35 per ton, and to various parties delivered at Hannibal, Missouri, at prices of $2.22, $2.25, and $2.35 per ton, whereas the effective minimum price for lump coal is $2.30 for truck shipment f. o. b. the mine, and (b) by selling lump coal f. o. b. railroad cars at his mine although the mine is not classified as a rail shipping mine and no prices are provided for defendant's mine in the Effective Minimum Price Schedules for District 15 For Shipment Except Truck, and praying that the Division either cancel and revoke the defendant's code membership, or in its discretion direct the defendant to cease and desist from violation of the code and rules and regulations thereunder;

A hearing having been held before a duly designated Examiner of the Division at Hannibal, Missouri, on May 21, 1941;

The Examiner, W. A. Shipman, having made Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in this matter, dated August 12, 1941, in which it was recommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions to the Examiner's Report and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having determined that the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is therefore ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That the code membership of the defendant, E. D. Long, trading as E. D. Long & Sons in Ralls County, Missouri, be and it is hereby revoked and cancelled;

It is further ordered, That as a condition to reinstatement to membership in the code, the defendant, pursuant to section 5 (c) of the Act, pay a tax to the United States in the sum of $597.86.

Dated: September 16, 1941.

[Docket No. 1595-FD]

IN THE MATTER OF F. B. COAL COMPANY, A PARTNERSHIP, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, complainant, alleging wilful violation by F. B. Coal Company, a partnership of Jess Simmons, Fred and Hubert Burk, code member in District 12, the defendant, of the Bituminous Coal Code, or rules and regulations thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Effective Minimum Price Schedule for District 12 for Truck Shipments and with intent to violate the same and in violation thereof, sold, between October 1, 1940, and February 19, 1941, 212.33 tons of screenings (Size Group 8) delivered in cars to a ramp at Hamilton, Iowa, at $1.50 per ton; whereas the effective minimum price established for such coal is $1.60 per ton f. o. b. the mine;

Pursuant to an order of the Director and after notice to all interested persons, a hearing having been held in this matter on April 9, 1941, before W. A. Shipman, a duly designated examiner of the Division at a hearing room thereof;

All parties having joined in waiving the preparation and filing of a report by the Examiner; the record of the proceeding thereupon having been submitted to the undersigned for consideration;

The undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That the code membership of the defendant, F. B. Coal Company, a partnership composed of Jess Simmons, Fred Burk and Hubert Burk, be and is hereby revoked and cancelled;

It is further ordered, That, prior to any reinstatement of the defendant, F. B. Coal Company, or Jess Simmons, Fred Burk or Hubert Burk, partners therein, to membership in the code, there shall be paid to the United States a tax in the amount of $132.49, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: September 16, 1941.

PETITION OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF RAILROAD FUEL PRICES FOR MINE INDEX NOS. 5, 57, 58, 80, 81, 87 AND 88, OF DISTRICT 11, UPON COAL SOLD TO THE C. I. & L. RAILWAY FOR FUELING ITS LOCOMOTIVES AT THE K. & I. RAILWAY COAL DOCK AT LOUISVILLE, KENTUCKY

ORDER DENYING RELIEF

An original petition and an amendment thereto, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division by District Board 11, seeking the establishment of a price of $1.57 per ton for certain coals of the Ayrshire, Lucky Strike, Mariah Hill No. 1, Star Hill No. 1, Star Hill No. 2, Sunlight No. 11, and Super Five Mines (Mine Index Nos. 5, 57, 58, 80, 81, 87 and 88, respectively) located on the Southern Railway in District 11, sold to the Chicago, Indianapolis & Louisville Railway for fueling its locomotives at the railway coal dock of the Kentucky & Indiana Terminal Railroad at Louisville, Kentucky, and praying for other related relief;

Temporary and conditionally final relief having been granted by Order dated January 28, 1941, and thereafter, upon intervention by Consumers' Counsel Division in opposition thereto, by Order of March 26, 1941, conditionally final relief having been terminated, temporary relief continued, and the matter duly set for hearing;

A petition of intervention having been filed by Sunlight Coal Company and notice of appearance filed by Consumers' Counsel Division;

A hearing having been held before D. C. McCurtain, a duly designated Examiner of the Division in Washington, D. C., on May 22, 1941, at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

All the parties to this proceeding having waived the preparation and filing of a report by the Examiner, and the matter therefore having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That the relief prayed for in the petition of District Board 11 herein and the intervening petition of Sunlight Coal Company be and the same hereby are denied; and

It is further ordered, That the temporary relief now in effect in this matter be and the same hereby is terminated and rescinded, effective fifteen (15) days from the date of this Order.

IN THE MATTER OF K. B. CORNIA (DEER CREEK COAL MINING COMPANY), REGISTERED DISTRIBUTOR, REGISTRATION NO. 2209, DEFENDANT

ORDER SUSPENDING DISTRIBUTOR'S REGISTRATION

This proceeding having been instituted by the Bituminous Coal Division, pursuant to section 4 II (h) of the Bituminous Coal Act of 1937, and Section 304.14 of the Rules and Regulations for the Registration of Distributors, by a Notice of and Order for Hearing dated April 28, 1941, to determine whether K. B. Cornia, doing business as the Deer Creek Coal Mining Company, a registered distributor, Registration No. 2209, of 721 McIntyre Building, Salt Lake City, Utah, has violated the Bituminous Coal Act of 1937, or rules and regulations thereunder in any manner including, but not in limitation thereof, the following: The sale of coal in Size Group No. 3 in violation of section 4 II (e) of the Act, the schedule of Effective Minimum Prices for District 20 for All Shipments and Paragraph (b) of the Distributor's Agreement; the acceptance of distributors' discounts from effective minimum prices on coal handled physically by defendant in violation of Rule 1, section III of the Marketing Rules and Regulations, and section (d) of the Distributor's Agreement; the acceptance of distributors' discounts from the effective minimum prices on purchases and resales of coal in less than carload lots not moving in a continuous flow in violation of Rule 1 of section III of the Marketing Rules and Regulations, and section (d) of the Distributor's Agreement; and failure to furnish copies of resale contracts and invoices in violation of section (f) of the Distributor's Agreement;

Personal service of the Notice of and Order for Hearing having been made on the defendant on May 5, 1941; hearing having been held before a duly designated Examiner of the Division in Salt Lake City, Utah, at which all interested parties were afforded an opportunity to be present and participate fully;

The Examiner's Report having been waived, the matter thereupon being submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion in this matter, which are filed herewith;

Now therefore it is ordered, That the registration of K. B. Cornia, doing business as the Deer Creek Coal Mining Company, as a registered distributor, be and it hereby is suspended for a period of ninety (90) days from the effective date of this Order, without prejudice to the right of the defendant to petition for reinstatement at the end of that period upon satisfaction of the conditions hereinafter set forth; and that the defendant, its officers, representatives, agents, servants, employees and attorneys, be and they hereby are prohibited from receiving or accepting any discounts as registered distributor, either directly or indirectly, on coal purchased by them or any of them during said period of suspension: *Provided, however*, That if defendant shall not have complied with the provisions of § 304.15 of the Rules and Regulations for the Registration of Distributors within said period of suspension, said suspension shall continue in full force and effect until five (5) days after the affidavit required by § 304.15 shall have been filed with the Division;

And it is further ordered, That as a condition to reinstatement as a registered distributor, the defendant refund all discounts improperly received from the producers involved in the transactions giving rise to this proceeding and a statement concerning such refunds shall be made in the affidavit filed in accordance with § 304.15 of the Distributors' Rules;

And it is further ordered, That the defendant, during such period of suspension, shall continue fully to observe, abide by, and remain in all respects subject to all pertinent and applicable provisions of the (1) Bituminous Coal Act of 1937; (2) the Bituminous Coal Code; (3) the Marketing Rules and Regulations; (4) the Rules and Regulations for the Registration of Distributors; and (5) the Distributor's Agreement; and (6) all Orders of the Division.

[Docket No. 1565-FD]

IN THE MATTER OF THE CARDINAL FUEL AND SUPPLY COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 1404, DEFENDANT

ORDER ADOPTING WITH MODIFICATION THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER AND SUSPENDING REGISTRATION

This proceeding having been instituted by the Bituminous Coal Division pursuant to the provisions of the Bituminous Coal Act of 1937, in order to investigate

and determine whether the Cardinal Fuel and Supply Company, a registered distributor (Registration No. 1404), 8 East Long Street, Columbus, Ohio, had violated certain provisions of the Rules and Regulations for the Registration of Distributors promulgated pursuant to section 4 II (h) of the Act;

An investigation having been made; an Examiner designated for hearing pursuant to an Order dated February 5, 1941;

A hearing having been held in this matter on March 5, 1941, before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof, in Columbus, Ohio, pursuant to the Order of February 5, 1941, at which an appearance was entered for the defendant, and all interested parties afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

The Examiner having filed his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in this matter on July 2, 1941, in which it was recommended that the registration of defendant as a registered distributor be suspended for a period of ninety days;

The defendant having filed exceptions thereto on July 25, 1941, and requested an oral argument thereon;

An oral argument having been held on these exceptions before the Director on August 19, 1941; the Director having made Findings of Fact herein and having rendered an opinion, which are filed herewith;

Now, therefore, it is ordered, That the exceptions of the defendant, Cardinal Fuel and Supply Company, to the Proposed Findings of Fact and Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby severally over-ruled; and

It is further ordered, That the Proposed Findings of Fact and Conclusions of the Examiner be and they hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the Director except that the period of suspension is reduced to sixty days; and

It is further ordered, That the registration of the defendant, Cardinal Fuel and Supply Company, Registered Distributor (Registration No. 1404), be and it hereby is suspended for a period of 60 days beginning with the date of this Order: *Provided, however,* That as a condition to reinstatement, in accordance with § 304.15 of the Distributors' Rules, the defendant submit, at least 5 days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the period of its suspension said defendant has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to receive by virtue of registration; and *Provided, further,* That the defendant be required to return to the producers all improperly collected discounts and that a statement by defendant that such refunds have been made shall be required to be included in the affidavit.

Dated: September 16, 1941.

DEPARTMENT OF AGRICULTURE.

Surplus Marketing Administration.

DETERMINATION OF THE SECRETARY OF AGRICULTURE, APPROVED BY THE PRESIDENT OF THE UNITED STATES, WITH RESPECT TO THE ISSUANCE OF ORDER NO. 30, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE TOLEDO, OHIO, MARKETING AREA

H. A. Wallace, Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, effective May 1, 1940, Order No. 30, as amended,[1] regulating the handling of milk in the Toledo, Ohio, marketing area.

Paul H. Appleby, Acting Secretary of Agriculture, tentatively approved, on August 6, 1941, a marketing agreement, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area would tend to effectuate the declared policy of said act, notice was given, on June 12, 1941, of a public hearing which was held in Toledo, Ohio, beginning on June 18, 1941, on a proposal to amend said marketing agreement, as amended, and said order, as amended, and at said time and place all interested parties were afforded an opportunity to be heard on the proposal to amend said marketing agreement, as amended, and said order, as amended.

After such hearing and after the tentative approval on August 6, 1941, of a marketing agreement, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the Toledo, Ohio, marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

The Secretary of Agriculture, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, hereby determines:

1. That the refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. That the issuance of the proposed Order No. 30, as amended, is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the said area; and

3. That the issuance of the proposed Order No. 30, as amended, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of May 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

Done at Washington, D. C., this 6th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

Approved:

FRANKLIN D ROOSEVELT
The President of the United States.

Dated: September 8, 1941.

FEDERAL TRADE COMMISSION.

[Docket No. 4585]

IN THE MATTER OF GUS B. SHELTON, AN INDIVIDUAL TRADING AS G. B. SHELTON BROKERAGE COMPANY, AND THE AMERICAN AGRICULTURAL CHEMICAL COMPANY, A CORPORATION

COMPLAINT

The Federal Trade Commission having reason to believe that the parties respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, have violated and are now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent Gus B. Shelton is an individual doing business under the name and style of G. B. Shelton Brokerage Company, a sole proprietorship, with his principal office and place of business located at 220 Lynn Street, Danville, Virginia. This respondent is engaged in the wholesale grocery business, buying and selling for his own account groceries, sugar, flour, feeds and crystal phosphate, and he is also engaged in the business of, and acting as, broker in the sale of sugar and crystal phosphate. Respondent buys said commodities in the various states of the United States, causing said commodities to be shipped and transported from sellers located in states of the United States other than the State of Virginia to his place of business in the State of Virginia.

PAR. 2. Respondent The American Agricultural Chemical Company is a corporation organized and existing under the laws of the State of Delaware with its principal office and place of business located at 50 Church Street, New York, New York. This respondent has been and is engaged in the business of selling and distributing crystal phosphate in commerce between and among the various states of the United States, causing said commodity to be shipped and transported from places of business in the States of New York and North Carolina, to purchasers thereof located in the various states of the United States.

PAR. 3. In the course and conduct of his business as aforesaid since June 19, 1936, respondent Gus B. Shelton, trading as G. B. Shelton Brokerage Company, has been and is making purchases of crystal phosphate in commerce from respondent The American Agricultural Chemical Company, for his own account, and in the course of said purchases, respondent Gus B. Shelton, trading as G. B. Shelton Brokerage Company, has been and is now receiving and accepting from respondent The American Agricultural Chemical Company, and The American Agricultural Chemical Company has been and now is making and granting to respondent Gus B. Shelton, trading as G. B. Shelton Brokerage Company, a five per cent cash deduction, and price allowances of fifty to seventy-five cents per hundredweight of crystal phosphate, in lieu of brokerage upon said purchases in commerce.

PAR. 4. The payment and granting of cash deductions of five per cent and price allowances of fifty to seventy-five cents per hundredweight of crystal phosphate in lieu of brokerage by respondent The American Agricultural Chemical Company upon sales of chemical phosphate by it to respondent Gus B. Shelton, trading as G. B. Shelton Brokerage Company, and the receipt and acceptance by respondent Gus B. Shelton, trading as G. B. Shelton Brokerage Company, of a five per cent cash deduction and price allowances of fifty to seventy-five cents per hundredweight of crystal phosphate, upon his own purchases in the manner and form hereinabove set forth, is in violation of the provisions of subsection (c) of section 2 of the Act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission, on this 8th day of September A. D. 1941, issues its complaint against said respondents.

NOTICE

Notice is hereby given you, Gus B. Shelton, an individual trading as G. B. Shelton Brokerage Company, and The American Agricultural Chemical Company, respondents herein, that the 17th day of October A. D. 1941, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the city of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding, the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission, may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 8th day of September, A. D., 1941.

By the Commission.

IN THE MATTER OF CITIES SERVICE COMPANY AND ITS SUBSIDIARY COMPANIES

ORDER POSTPONING DATE FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 15th day of September, A. D. 1941.

The Commission having on July 3, 1941 issued a Notice of and Order for Hearing in the above entitled proceedings directing that a hearing be held on August 18, 1941 at 10:00 A. M. in the offices of the Commission with reference to the allegations of the said Notice of and Order for Hearing; and Cities Service Company having requested that the date for the hearing be postponed for the reason that counsel for one of the respondents in these proceedings would be enabled to attend the said hearing without undue expense and inconvenience if the same were postponed as hereinafter provided; and

It appearing to the Commission that the request made by the said Cities Service Company is not unreasonable and may appropriately be granted;

It is ordered, That the hearing directed to be held in said order of July 3, 1941 be and the same hereby is postponed until September 24, 1941 at 10 o'clock in the forenoon for the purposes specified in the said Order of July 3, 1941.

FEDERAL REGISTER

VOLUME 6 NUMBER 183

Washington, Friday, September 19, 1941

The President

EXECUTIVE ORDER

AMENDING THE EXECUTIVE ORDER ESTABLISHING THE ECONOMIC DEFENSE BOARD

By virtue of the authority vested in me by the Constitution and statutes of the United States and in order to define further the functions and duties of the Economic Defense Board with respect to the unlimited national emergency as declared by the President on May 27, 1941,[1] and for the purpose of strengthening the international economic relations of the United States in the interest of national defense, it is hereby ordered as follows:

1. The Economic Defense Board, in addition to the responsibilities and duties described in paragraph 3 of Executive Order No. 8839[2] of July 30, 1941, is authorized and directed to discharge and perform the following responsibilities and duties, in furtherance of such policies and objectives as the President may from time to time determine:

a. Exercise and perform all powers and functions heretofore vested by any Proclamation, Executive Order or regulation in any officer or agency of the Government (1) under section 6 of the act of July 2, 1940, entitled "An Act To expedite the strengthening of the national defense" (Public No. 703, 76th Congress, Third Session), as extended by joint resolution of May 28, 1941 (Public No. 75, 77th Congress, First Session), and (2) under the act of October 10, 1940, entitled "An Act to authorize the President to requisition certain articles and materials for the use of the United States, and for other purposes" (Public No. 829, 76th Congress, Third Session), except the powers and functions vested in the Joint Army and Navy Munitions Board by sections 1 and 2 of Executive Order No. 8567[3] of October 15, 1940; and all such Proclamations, Executive Orders, and regulations are amended to the extent necessary to make this paragraph effective, but shall otherwise remain in full force and effect, and any of the provisions thereof heretofore applicable to any such officer or agency shall be applicable to the Economic Defense Board.

b. Obtain, develop, and determine overall estimates of materials and commodities required for export purposes in the interest of the economic defense of the Nation (exclusive of defense articles to be transferred to the Government of any country whose defense the President deems essential to the defense of the United States, as provided in Public No. 11, 77th Congress, First Session, entitled "An Act further to promote the defense of the United States and for other purposes" approved March 11, 1941); and advise the Supply Priorities and Allocations Board of such estimated requirements.

c. Advise the Office of Production Management as to the priorities required for the delivery of materials and commodities in carrying out economic defense programs.

d. Provide a central clearing service to which exporters, manufacturers, and foreign importers may submit proposals for the export of materials and commodities; and obtain clearance for such proposals from the several Federal agencies concerned with the control of exports and financial transactions incidental thereto.

2. The personnel, records, funds, and property (including office equipment) of the agencies and officers now exercising the powers and functions specified in paragraph 1 (a) above are hereby transferred to the Economic Defense Board.

3. The Chairman of the Economic Defense Board is authorized to discharge and perform the above described responsibilities and duties through the Executive Director of the Board.

MILITARY ORDER

By virtue of the authority vested in me as President of the United States and as Commander in Chief of the Army and Navy of the United States, I hereby assign Lieutenant Colonel William E. Chickering, United States Army, to duty with the Economic Defense Board, to assist the Chairman and Executive Director of said Board in the performance of certain functions relating to the administration of section 6 of Public No. 703, 76th Congress, Third Session, entitled "An Act To expedite the strengthening of the national defense," approved July 2, 1940, as amended, and of certain provisions of Public No. 829, 76th Congress, Third Session, entitled "An Act To authorize the President to requisition certain articles and materials for the use of the United States, and for other purposes," approved October 10, 1940, which functions are essentially military in character.

The Military Orders of July 2, 1940,[1] and December 19, 1940,[2] relating to the administration of section 6 of Public No. 703, 76th Congress, Third Session, approved July 2, 1940, are hereby revoked.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 239—FORMS, SECURITIES ACT OF 1933

AMENDMENT OF INSTRUCTIONS REGARDING PROSPECTUSES IN THE INSTRUCTION BOOK FOR FORM A-2 [3]

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, particularly sections 7, 10 and 19 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary to carry out the functions vested in it by the said Act, hereby amends the Instructions as to Prospectuses in the Instruction Book for Form A-2 by inserting after the Instructions as to Newspaper Prospectuses the following new instructions:

III. INSTRUCTIONS AS TO PROSPECTUSES FOR EMPLOYEES' SAVINGS, PROFIT SHARING OR PENSION PLANS

1. These instructions shall apply to prospectuses for shares of stock of an issuer in which funds of a savings, profit sharing, or pension plan for employees of the issuer are to be invested, if the prospectuses prepared in accordance herewith are sent or given only to employees of the issuer who have previously received a prospectus for registered interests or participations in the plan and for registered shares of stock of the issuer, and who have become members of the plan prior to receipt of a prospectus prepared in accordance herewith.

2. There may be omitted from any prospectus which is used as specified in instruction 1, above—

(a) All information contained in the registration statement which could be omitted pursuant to the Instructions as to Prospectuses Other Than Newspaper Prospectuses;

(b) All information contained in the registration statement in regard to the plan, other than financial statements, except a brief summary of the materially important developments in the plan and in the administration thereof since the close of the period for which such information was given in the previous prospectus;

(c) All financial statements of the plan for a fiscal year, or as of the end of a fiscal year, for which financial statements of the plan were included in the previous prospectus;

(d) All information contained in the registration statement in regard to the issuer of the underlying stock and its subsidiaries, other than financial statements, insofar as the same information was contained in the previous prospectus, so that the prospectus prepared in accordance herewith will contain only such information as may be necessary to bring up to date the information included in the previous prospectus;

(e) All financial statements of the issuer of the underlying stock and its subsidiaries for a fiscal year, or as of the end of a fiscal year, for which corresponding financial statements were included in the previous prospectus.

Effective September 18, 1941.

TITLE 24—HOUSING CREDIT

CHAPTER IV—HOME OWNERS' LOAN CORPORATION

[Administrative Order No. 533]

PART 405—RECONDITIONING SECTION

RECONDITIONING—GENERAL PROVISIONS

Section 405.01-8 is amended to read as follows:

§ 405.01-8 *Chattels.* When requested, the Reconditioning Section shall inspect and determine the value of any chattels used in connection with any property upon which the Corporation holds a mortgage or other lien or in connection with any property under the jurisdiction of the Property Management Division. The Reconditioning Supervisor shall make recommendations as to whether it is to the Corporation's interest to permit removal or to settle or acquire any lien upon or interest in any such chattel as provided in Chapter VI of the Manual.

The second paragraph of § 405.01-55 is amended to read as follows:

§ 405.01-55 *Supplementary advances.* * * *

An advance may be made to a home owner to supplement insurance or other proceeds received by the home owner for the reconditioning of the property and such advance shall be made in accordance with § 405.02 and the sections thereunder.

(Effective September 20, 1941)

(Above procedure promulgated by the General Manager and General Counsel pursuant to authority vested in them by the Federal Home Loan Bank Board acting pursuant to secs. 4 (a) and 4 (k) of Home Owners' Loan Act of 1933, 48 Stat. 129, 132, as amended by sections 1 and 13 of the Act of April 27, 1934, 48 Stat. 643 and 647: 12 U.S.C. 1463 (a), (k).)

[Administrative Order No. 532]

PART 405—RECONDITIONING SECTION

RECONDITIONING ADVANCES

Sections 405.02-1 to 405.02-28, inclusive, and §§ 405.03-2, 405.05-1 and 405.05-2 are revoked, and the following sections are adopted in lieu thereof:

§ 405.02-2 *Responsibility.* It is the responsibility of the Reconditioning Section to determine the nature, extent and appropriateness of the proposed reconditioning, and the architectural and structural soundness of the property and to direct and supervise reconditioning when an advance is authorized.

§ 405.02-3 *Application and report.* A reconditioning advance is commenced by a home owner filing an application, which, together with a report prepared by the Loan Service Division, shall contain a disclosure of all pertinent circumstances in support of the request for an advance.

§ 405.02-7 *Regional manager.* The Regional Manager shall consider each case on its own merits, taking into account, except where repairs are necessary to protect the Corporation's security, the past payment record of the home owner and the probable repayment of the advance.

The Regional Manager may authorize an advance to the home owner for reconditioning if he determines that such reconditioning is in the best interest of the Corporation in order to protect its security or to facilitate the collection of the indebtedness owing to the Corporation and if the estimated cost of the reconditioning does not exceed $1,000, exclusive of inspection fees, legal fees and expenses and other incidental expenses.

Any advance for reconditioning designed wholly or in part to promote the orderly liquidation of the assets of the Corporation regardless of the amount of the advance, shall be forwarded with the recommendation of the Regional Manager to the General Manager for review and decision.

§ 405.02-8 *Form R-4D.* In any case where Form R-4D is prepared after approval of the advance by the Regional Manager, and the amount recommended thereon exceeds the amount authorized, the case shall be resubmitted to the Regional Manager for consideration and approval of the additional amount.

§ 405.02-9 *Incidental expenses.* The Regional Manager may authorize the amount and payment of expenses for technical services, credit report and any other incidental expenses as may be necessary, exclusive of legal fees and expenses, in addition to the amount which he may authorize for reconditioning.

All funds advanced by the Corporation to the home owner for expenses shall be included in the accepted and approved form of the debt or lien instrument. If the advance is disallowed, the funds advanced by the Corporation for expenses shall be charged to the home owner's account pursuant to the provisions of Form R-7AB (529-A).

§ 405.02-10 *Repayment of advances.* An advance to a home owner for reconditioning shall be repaid "on demand" or "in monthly installments" as may be determined by the Regional Manager, who shall notify the Regional Accountant of the time and manner of the repayment plan. When the advance is to be repayable "in monthly installments," the total period of repayment shall not exceed the unexpired term of the Corporation's loan, or as extended, nor the statutory period of limitations and shall be fixed with reference to the estimated life of the reconditioning and the home owner's ability to repay.

§ 405.02-11 *Legal advice.* Ordinarily the case shall be submitted to the Legal Department for legal advice after authorization of the advance by the Regional Manager. However, in any special case where the Regional Manager requires it, such case may be submitted to the Legal Department for legal advice prior to consideration of the case by the Regional Manager.

Title examination is not required when the estimated cost of reconditioning is $500 or less. Title examination is required when the estimated cost of reconditioning is greater than $500 unless Regional Counsel waives title examination and certifies as his opinion that the advance will be secured as a lien under the Corporation's loan instrument and such lien will be prior to encumbrances, except taxes and assessments, which intervened or may intervene between the date of the Corporation's loan and the date of the additional lien to be obtained.

§ 405.02-13 *Purpose of advance.* An advance to a home owner for reconditioning may be authorized for any purpose within the purview of § 405.02, including an advance to enable the home owner to produce, retain or regain income from the property, an advance to meet compliance with municipal regulations, an advance for the paving of streets and sidewalks and the installation of sewers and similar improvements, an advance to enable the sale of the home owner's property to establish a more satisfactory account, an advance to place the property in a sound condition suitable for normal habitability or use, and an advance for any other purposes the General Manager or the Regional Manager determines within their respective authority is authorized under § 405.02.

§ 405.02-14 *Reconditioning authorized.* Upon approval of an advance, the case shall be referred to the Reconditioning Section for preparation of specifications, soliciting of competitive bids, awarding of contract, supervising the work during construction, certifying to its completion, and preparing vouchers for payment to contractors.

§ 405.02-15 *Intervening liens.* Where title examination is required and intervening liens are disclosed, the home owner shall effect subordination or discharge of all such liens, except liens for taxes and assessments, without expense to the Corporation. If the home owner is unable to effect subordination or release of such liens the Regional Manager shall be notified.

§ 405.02-16 *Bids.* Upon authorization of the advance, bids shall be solicited from qualified and approved contractors selected by the home owner and the contract shall be awarded to the lowest acceptable bidder. However, a contract may be awarded to a higher bidder if the home owner deposits with the Corporation the difference between the lowest bid and the bid accepted.

Contract and other forms. Before the reconditioning contract, Form R-4A, is awarded, the contractor shall execute Form R-4B, and the home owner shall execute Form R-4C. Upon execution of the security instruments by the home owner the Reconditioning Supervisor shall notify the contractor to proceed with the work and shall assign the case to an inspector. Upon award of the reconditioning contract, Form 646-A shall be prepared.

§ 405.02-17 *Contract by Corporation.* In any case wherein a home owner or

[2] 5 F.R. 5231.
[3] Affects Form A-2 tabulated in Part 239.

other party in interest or title is uncooperative, unavailable or there are other disabilities, legal or otherwise, the Regional Manager may waive the execution by such persons of any or all required forms when authorizing reconditioning and may award a contract in the name of the Corporation for such reconditioning, provided that the waiver of the execution of the security instruments shall be made only upon Regional Counsel's advice that the advance will be secured as a lien under the Corporation's loan instrument and will be prior, except as to taxes and assessments, over intervening and subsequent encumbrances.

§ 405.02–18 *Completion.* Upon completion of the reconditioning in a manner satisfactory to the home owner and the Corporation the case shall be submitted to the Legal Department, if required for review and approval of clearance of mechanics' and materialmen's liens, after preparation of all required forms.

§ 405.02–19 *In the event home owner disapproves.* In the event the home owner declines to approve the reconditioning, the Corporation shall, except as otherwise provided, make payment to the contractor only in the event the contractor has reduced his claim against the home owner to judgment.

In the event it is impracticable or impossible to obtain the home owner's approval of the reconditioning because of death, incompetency or other disabilities, legal or otherwise, and the cost of such reconditioning is included in and secured by the Corporation's mortgage or other approved lien instrument form executed by the home owner, the Regional Manager with the advice of the Regional Counsel may authorize payment to the contractor or direct any other appropriate action.

§ 405.02–20 *Home office.* All advances which exceed the Regional Manager's authority shall be forwarded to the Home Office for the review and approval of the General Manager. Each such case shall be submitted to the Chief, Reconditioning Section, and the Deputy General Manager in Charge of Loan Service, for their review and recommendation, and to the Legal Department for legal advice.

§ 405.02–21 *Unusual cases.* In any cases wherein it appears that an advance may not be authorized due to any of the following circumstances and the Regional Manager is of the opinion that it is to the best interests of the Corporation to grant an advance notwithstanding, the case may be submitted to the Home Office for the review and approval of the General Manager. Each such case shall be submitted to the Chief, Reconditioning Section, and the Deputy General Manager in Charge of Loan Service, for their review and recommendation, and to the Legal Department for advice:

(a) Where the home owner cannot effect subordination or release of liens, except taxes and assessments, which are prior to the lien obtained for the advance;

(b) Where it is impracticable to require the home owner to effect subordination or release of intervening liens;

(c) Where because of emergency or for other reasons it is impracticable to require title examination;

(d) Where it is impracticable or impossible to obtain the execution of the required security instrument by any or all parties in interest or title and the advance would not be secured as a lien under the Corporation's loan instrument.

In each case under Item #4 the file shall contain the opinion of the Regional Counsel as to the legal rights and remedies of the Corporation to establish and enforce a lien for such reconditioning as against any or all parties in interest or title;

(e) Where, in any case, an advance cannot be made with full compliance with procedural regulations, or where, in any case, the Regional Manager seeks the advice or the decision of the General Manager as to the eligibility of the home owner for an advance under § 405.02.

§ 405.02–22 *Vendee procedure.* When a vendee requests an advance for reconditioning of a property sold by the Corporation under an installment contract, the general procedure for making advances for reconditioning shall be observed insofar as applicable and feasible, and the prescribed forms shall be used with such adaptations or variations as may, in the opinion of the Regional Manager, with the advice of the Regional or State Counsel, be advisable in effecting such advances.

Legal aspects. If Counsel is of the opinion that the installment contract or other like instrument does not adequately secure the reconditioning advance, the vendee shall execute and deliver to the Corporation such additional evidence of debt and security as Regional Counsel may prescribe. In the event the cost of the reconditioning exceeds $500, and the Regional Counsel advises that title examination is necessary for the protection of the interests of the Corporation, such title examination shall be required.

§ 405.02–23 *Emergency cases.* In the event reconditioning of an emergency nature is required immediately to protect the Corporation's security, the State or Regional Manager shall refer the case to the Reconditioning Section with authorization to proceed with the reconditioning.

§ 405.02–24 *Authority of State manager.* The State Manager is authorized to make an advance for reconditioning in an emergency situation in an amount not to exceed $500 of the estimated cost of the reconditioning and is authorized to provide for expenses incidental thereto, exclusive of legal fees and expenses. Advances for reconditioning of any emergency nature which exceed the limitation of the State Manager's authority shall be approved by the Regional Manager within the limitations of his authority.

§ 405.02–25 *Approval.* Upon approval of an advance for reconditioning in an emergency, the case shall be processed in accordance with the routine procedure governing advances for reconditioning insofar as the same is applicable and feasible.

§ 405.02–26 *Unusual cases — award.* In the event the home owner or other parties are uncooperative, unavailable or there are other disabilities, legal or otherwise, the State or Regional Manager may cause a contract to be awarded on behalf of the Corporation under emergency conditions.

§ 405.02–27 *Abandoned properties.* In the event reconditioning is necessary to protect vacant, unoccupied or abandoned properties the case may be processed under the regulations governing reconditioning of an emergency nature.

§ 405.02–29 *Catastrophe.* The General Manager is authorized in an emergency to raise the limitations of authority of the State and Regional Manager for the purpose of reconditioning properties which have been damaged or destroyed by flood, earthquake, cyclone, or other catastrophe and is authorized to waive full compliance with the regulations insofar as a need exists. In each such situation the Chief, Reconditioning Section and the Deputy General Manager in Charge of Loan Service, shall make recommendation to the General Manager.

§ 405.02–30 *Home owners providing labor.* Whenever a home owner requests permission to provide the labor in connection with reconditioning, whether or not funds are advanced by the Corporation for such reconditioning, the Reconditioning Supervisor shall investigate and determine as to the qualifications and reliability of the person who is to perform the labor and make recommendations to the State or Regional Manager. If the State or Regional Manager determines to permit the home owner to provide the labor, a contingency allowance shall be included when an advance is authorized in connection therewith to assure the Corporation of satisfactory performance of the reconditioning by the home owner, and the State or Regional Manager may, on behalf of the Corporation, enter into a contract with the home owner on a form approved for the purpose. The home owner should, where practicable, be required to submit bids for all materials in an advance case.

Completion. The reconditioning shall be performed under the supervision of the Reconditioning Section. When the work has been completed to the satisfaction of the Reconditioning Section, and the home owner has satisfactorily complied with the provisions and covenants contained in the contract, the bills for materials and all costs other than labor shall be paid in compliance with the regular procedure for reconditioning; and the Reconditioning Section, through the State or Regional Manager, shall notify the Regional Accountant on Form R–18 of the amount of the unexpended portion of the advance which shall be credited to the home owner's account. The total cost of labor and materials shall not exceed the advance authorized. The Regional or State Manager, with the advice of the Regional or State Counsel, may, in his discretion when the circumstances justify, authorize payment of material bills prior to the final completion of the work.

Default. In the event the home owner fails or refuses to complete the reconditioning, he shall contract with persons acceptable to the Corporation to perform the remainder of the labor, which shall be paid for by the home owner from his personal funds, or when approved by the Regional or State Manager, from funds available in the advance; or the Regional or State Manager may contract with suitable persons to complete the work under such terms and conditions as the Regional or State Manager, with the advice of the Regional or State Counsel, shall deem to be for the best interest of the Corporation.

When any funds from the advance are used to pay for any portion of the labor, only the unexpended portion of the advance shall be credited to the home owner's account.

(Effective September 20, 1941)

(Above procedure promulgated by the General Manager and General Counsel pursuant to authority vested in them by the Federal Home Loan Bank Board acting pursuant to secs. 4 (a) and 4 (k) of Home Owners' Loan Act of 1933, 48 Stat. 129, 132, as amended by sections 1 and 13 of the Act of April 27, 1934, 48 Stat. 643 and 647: 12 U.S.C. 1463 (a), (k).)

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER II—CORPS OF ENGINEERS, WAR DEPARTMENT

PART 204—DANGER ZONE REGULATIONS[1]

Pursuant to the provisions of section 7 of the River and Harbor Act approved August 8, 1917 (40 Stat. 266; 33 U.S.C. 1), the following regulations are hereby prescribed to govern the use and navigation of the waters of the Atlantic Ocean between New River and Cape Fear, North Carolina, comprising firing ranges of the Marine Corps at New River and the Anti-Aircraft Firing Center at Hollyridge, North Carolina:

[1] § 204.55 is added.

§ 204.55. *Waters of the Atlantic Ocean; Firing sectors between New River and Cape Fear, North Carolina.*

THE DANGER ZONE

(a) The firing ranges include the waters within three sectors, located as follows:

SECTOR 1. The center of the sector is located on Hurst Beach, Onslow County, North Carolina at Latitude 34°34'15'' north and Longitude 77°16'10'' west. This sector extends over an arc of 135°, with a radius of 25,000 yards, bounded by limiting lines bearing N. 85° E. and S. 40° W. from said center.

SECTOR 2. The center of the sector is located on the outer bank opposite Sears Landing near Beacon No. 70 of the United States Intracoastal Waterway between Beaufort Harbor and Cape Fear River, North Carolina, at Latitude 34°25'40'' north and Longitude 77°32'30'' west. This sector extends over an arc of 136°, with a radius of 25,000 yards, bounded by limiting lines bearing N. 84° E. and S. 40° W. from said center.

SECTOR 3. The center of this sector is located near the center of old Fort Fisher, near Federal Point, North Carolina at Latitude 33°58'08'' north and Longitude 77°55'10'' west. This sector extends over an arc of 160°, with a radius of 25,000 yards, bounded by limiting lines bearing N. 30° E. and S. 10° W. from said center.

THE REGULATIONS

(b) (1) Sailing vessels or any watercraft having a speed of less than 5 miles per hour will keep clear of these sectors at all times after notices of firing have been given. Any vessel or other watercraft propelled by mechanical power at a speed greater than 5 miles per hour may enter the firing sectors without restriction except when the signals enumerated in subparagraphs (4) and (5) are being displayed. When the above signals are displayed, all vessels in the sectors will clear immediately and no vessel will enter the sectors until the signals indicate that firing has ceased.

(2) Firing over the range will take place during both daylight and nighttime hours, at irregular periods throughout the year.

(3) Two days in advance of the day when firing in any sector is scheduled to begin the Commanding General, Camp Davis, North Carolina, and/or the Commanding Officer of the Marine Base, Jacksonville, North Carolina, will warn the public of the contemplated firing through the public press, the Coast Guard, the Cape Fear Pilots Association at Southport, North Carolina, and the Pilots Association at Morehead City, North Carolina.

(4) A tower shall be erected near the shore in each sector, at least 50 feet in height. On days when there is firing in a sector, a red flag will be displayed on the respective tower. This flag will be displayed not later than 8:00 a. m. and will be removed when firing ceases for the day.

(5) During night firing red lights will be displayed on the respective tower and searchlights will be employed as barrier lights to enable safety observers to detect vessels which may attempt to enter the danger zone.

(6) These regulations shall be enforced by the Commanding General, Camp Davis, North Carolina, and/or the Commanding Officer, Marine Base, Jacksonville, North Carolina, or such responsible agent or agents as they may designate. (Sec. 7, River and Harbor Act, Aug. 8, 1917, 40 Stat. 266; 33 U.S.C. 1) [Regs. Aug. 28, 1941 (E.D. 7195 (Atlantic Ocean—N. Carolina)—2/5)]

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 7—RULES GOVERNING COASTAL AND MARINE RELAY SERVICES

The Commission on September 16, 1941, effective October 1, 1941, amended the above-entitled rules as follows:

Designated existing § 7.30 *Authorized emission* as paragraph (a) and added paragraphs (b) and (c) to read:

(b) A–2 or A–3 emission[8a] (amplitude modulation) may be used on any authorized operating frequency.[8b] Frequency modulation, corresponding to A–2 or A–3 emission[8c] may be used on any authorized operating frequency within the band 30,000 to 40,000 kilocycles only.

(c) When frequency modulation is used, the total frequency swing arising from modulation shall not exceed 75 per cent of the frequency separation band width. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i)—Sec. 303 (c), 48 Stat. 1082; 47 U.S.C. 303 (c))

Amended § 7.60 *Frequency tolerance* in the following respects:

• • • • •

Above 30,000 kc.	*Tolerances (percent)*
From 30,000 to 40,000 kc.:	
(a) For frequency modulation	0.01
(b) For all other types of modulation and for A–1 emission	.02
From 100,000 to 200,000 kc.:	
(a) For frequency modulation	.01
(b) For all other types of modulation and for A–1 emission	.04

[8a] See § 2.74, Part 2, General Rules and Regulations.
[8b] See § 2.14, Part 2, General Rules and Regulations.
[8c] See § 2.72, Part 2, General Rules and Regulations.

PART 8—RULES GOVERNING SHIP SERVICE

The Commission on September 16, 1941, effective October 1, 1941 amended the above-entitled rules as follows:

Designated existing § 8.68 *Authorized emission* as paragraph (a) and added paragraphs (b) and (c) to read:

(b) A-2 or A-3 emission[8a] (amplitude modulation) may be used on any authorized operating frequency.[8b] Frequency modulation, corresponding to A-2 or A-3 emission[8c] may be used on any authorized operating frequency within the band 30,000 to 40,000 kilocycles only.

(c) When frequency modulation is used, the total frequency swing arising from modulation shall not exceed 75 percent of the frequency separation band width. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i)—Sec. 303 (c), 48 Stat. 1082; 47 U.S.C. 303 (c).

Amended § 8.96 *Frequency tolerance* in the following respects:

* * * * *

Above 30,000 kc.	*Tolerances (percent)*
From 30,000 to 40,000 kc.:	
(a) For frequency modulation	0.01
(b) For all other types of modulation and for A-1 emission:	
(1) Ship stations when using frequencies other than 35,860 and 37,660	.03
(2) Ship stations when using 35,860 and 37,660 kc	.04
From 100,000 to 200,000 kc.:	
(a) For frequency modulation	.01
(b) For all other types of modulation and for A-1 emission	.05

(Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i)—Sec. 303 (c), 48 Stat. 1082; 47 U.S.C. 303 (c))

PART 10—RULES GOVERNING EMERGENCY RADIO SERVICES

The Commission on September 16, 1941, effective October 1, 1941, deleted §§ 10.61 and 10.62 and substituted the following in lieu thereof:

OPERATING SPECIFICATIONS[9]

§ 10.61 *Amplitude modulation*—(a) *Tolerance.*[9a] The frequency tolerance for stations employing amplitude modulation in the emergency radio services shall be as follows:

	Equipment authorized before Oct. 1, 1938	Equipment authorized after Oct. 1, 1938
	Percent	*Percent*
Fixed stations on frequencies below 30,000 kc	0.03	0.01
Land stations on frequencies below 30,000 kc	.04	.02
Portable and mobile stations on frequencies below 30,000 kc	.04	.02
Fixed and land stations on frequencies above 30,000 kc	.05	.02
Portable and mobile stations on frequencies above 30,000 kc	.05	.03
Portable and mobile stations of 1 watt power or less on frequencies above 30,000 kc	.1	.1

(b) *Modulation limits.* The transmitters of stations in the emergency services using A3 emission shall be modulated not less than 85 percent nor more than 100 percent on peaks. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

§ 10.62 *Frequency modulation.* Frequency modulation may be used in the emergency radio services on frequencies within the 30,000 to 40,000 kilocycles band provided:

(a) *Tolerance.* The carrier frequency[10a] shall be maintained within a tolerance of .01 per cent of the assigned frequency.

(b) *Modulation limits.* The total frequency swing arising from modulation shall not exceed 75 per cent of the frequency separation band width. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

PART 11—RULES GOVERNING MISCELLANEOUS RADIO SERVICES

The Commission on September 16, 1941, effective October 1, 1941, deleted § 11.51 and the title "Frequency Tolerance" and substituted the following in lieu thereof:

OPERATING SPECIFICATIONS

§ 11.51 *Amplitude modulation—Tolerance.*[7] The frequency tolerance for stations employing amplitude modulation in the miscellaneous radio services shall be as follows:

	Equipment authorized before Jan. 1, 1939	Equipment authorized after Jan. 1, 1939
	Percent	*Percent*
Fixed stations on frequencies below 6,000 kc	0.03	0.01
Land stations on frequencies below 6,000 kc	.04	.02
Mobile stations on frequencies below 6,000 kc	.04	.02
Fixed and land stations on frequencies above 30,000 kc	.05	.02
Portable and mobile stations on frequencies above 30,000 kc	.05	.03
Portable and mobile stations of 1 watt or less power on frequencies above 30,000 kc	.1	.1

(Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

Added the following new section to read:

§ 11.52 *Frequency modulation.* Frequency modulation may be used in the miscellaneous radio services on frequencies within the 30,000 to 40,000 kilocycle band provided:

(a) *Tolerance.* The carrier frequency[7a] shall be maintained within a tolerance of .01 per cent of the assigned frequency.

(b) *Modulation limits.* The total frequency swing arising from modulation shall not exceed 75 per cent of the frequency separation band width. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

[Contract No. W 535 ac-41]

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: GENERAL MOTORS CORPORATION, ALLISON DIVISION, INDIANAPOLIS, INDIANA

Contract[1] for: Maintenance Parts for * * * Engines.

Amount: $2,844,116.60.

Place: Matériel Division, Air Corps, U. S. Army, Wright Field, Dayton, Ohio.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to Procurement Authority AC 299 P 121-12 A 0021-13, the available balance of which is sufficient to cover cost of same.

[1] Approved by the Under Secretary of War August 13, 1941.

This contract, entered into this 1st day of August 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government * * * Maintenance parts for * * * engines for the consideration stated two million eight hundred forty four thousand one hundred sixteen dollars and sixty cents ($2,844,116.60) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940, and Section 9, Act of June 30, 1941.

FRANK W. BULLOCK,
Major, Signal Corps,
Assistant to the Director of Purchases and Contracts.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to Procurement Authority AC 299 P 114-30 A 0021-13, the available balance of which is sufficient to cover cost of same.

This contract, entered into this 31st day of July 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government * * * Airplanes, Spare Parts Therefor and Data for the consideration stated not to exceed two million seven hundred ninety-seven thousand, nine hundred forty-seven dollars ($2,797,947.00) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

[1] Approved by the Under Secretary of War August 8, 1941.

Partial payments will be made as the work progresses at the end of each calendar month or as soon thereafter as practicable on authenticated statements of expenditures of the Contractor approved by the Contracting Officer.

Advance payments. Advance payments may be made from time to time for the supplies called for, when the Secretary of War deems such action necessary in the interest of the National Defense; provided, however, that the total amount of money so advanced shall not exceed 30 percentum of the contract price of the articles called for, and that such advances, if made, shall be upon such terms and conditions and with such adequate security as the Secretary of War shall prescribe.

Price adjustment. The contract prices stated in this contract for airplanes and spare parts are subject to adjustments for changes in labor and material costs.

General. It is expressly agreed that quotas for labor will not be altered on account of delays in the completion of the airplanes and spare parts.

Title to property where partial payments are made. The title to all property upon which any partial payment is made prior to the completion of this contract, shall vest in the Government.

Fire insurance. The contractor agrees to insure against fire all property in its possession upon which a partial payment is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other partial payments, if any, theretofore made thereon, and further agrees to keep such property so insured, free of cost to the Government, until the same is delivered to the Government

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940 and Section 9, Act of June 30, 1941.

This contract, entered into this 31st day of July 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government * * * Airplanes, Spare parts therefor and data for the consideration stated not to exceed thirty million four hundred eighty-five thousand seventy dollars ($30,485,070.00) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Advance payments. Advance payments may be made from time to time for the supplies called for, when the Secretary of War deems such action necessary in the interest of the National Defense: *Provided, however,* That the total amount of money so advanced shall not exceed 30 percentum of the contract price of the articles called for, and that such advances, if made shall be upon such terms and conditions and with such adequate security as the Secretary of War shall prescribe.

Title to property where partial payments are made. The title to all property upon which any partial payment is made prior to the completion of this contract, shall vest in the Government.

Fire insurance. The Contractor agrees to insure against fire all property in its possession upon which a partial payment is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other partial payments, if any, theretofore made thereon, and further agrees to keep such property so insured, free of cost to the Government, until the same is delivered to the Government.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

Price adjustment. The contract prices stated in this contract for airplanes and spare parts are subject to adjustments for changes in labor and material costs.

General. It is expressly agreed that quotas for labor will not be altered on account of delays in the completion of the airplanes and spare parts.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940 and Section 9, Act of June 30, 1941.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B–5]

IN THE MATTER OF T. A. D. JONES AND CO., INC., REGISTERED DISTRIBUTOR, REGISTRATION NO. 4851, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act"), to determine

(a) whether or not the respondent in the above-entitled matter, T. A. D. Jones and Co., Inc., Registered Distributor, Registration No. 4851, whose address is 205 Church Street, New Haven, Connecticut, has violated any provision of the Act, the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors, and the distributor's agreement (the "Agreement") dated June 7, 1939, executed by the respondent pursuant to section 4 II (h) of the Act and subject to the Order of the National Bituminous Coal Commission, dated March 24, 1939, in General Docket 12, which was adopted as an Order of the Bituminous Coal Division on July 1, 1939, or any orders or regulations of the Division; and

(b) whether or not the registration should be revoked or suspended or other appropriate penalties be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. On or about November 11, 1940, and November 22, 1940, respectively, the respondent sold to the American Chain and Cable Company, Reading Pratt and Cady Division, Hartford, Connecticut, two carloads of run of mine coal containing approximately 48.65 net tons and 49.4 net tons, respectively, at $2.10 per net ton, whereas this coal, purchased by the respondent from either the Bradford Coal Company, Bradford Pit Mine, Mine Index No. 628, or from Frank W. Albert (Albert Stripping Mine) Albert Stripping Mine, Mine Index No. 1006, or both, had a "D" classification and was priced at $2.30 per net ton f. o. b. the mine in the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck, which sales were in violation or Rule 1 of Section IV of the Marketing Rules and Regulations, and Paragraph (b) of the Agreement of said registered distributor.

It is therefore ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on October 20, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the National Labor Relations Board, Washington, D. C.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendations of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent, and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention or otherwise, and all persons are cautioned to be guided accordingly.

Dated: September 16, 1941.

[General Docket No. 24]

IN THE MATTER OF PRESCRIBING RULES AND REGULATIONS TO FACILITATE THE LEVYING OF CODE ASSESSMENTS BY DISTRICT BOARDS AND ESTABLISHING A PROCEDURE FOR THE SUSPENSION OF CODE MEMBERSHIP FOR FAILURE TO PAY CODE ASSESSMENTS

NOTICE OF AND ORDER FOR HEARING

It appearing appropriate that there should be prescribed and promulgated Rules and Regulations to facilitate the levying of code assessments by the district boards and establishing a procedure for the suspension of code membership for failure to pay code assessments,

Therefore, pursuant to the provisions of the Bituminous Coal Act of 1937, particularly sections 2 (a) and 4 I (b) thereof, and other authority conferred by law,

It is ordered, That a hearing for such purpose be held on October 20, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Division, 734 15th Street N.W., Washington, D. C. On said day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held. At said hearing evidence will be received pertaining to the proposed Rules and Regulations, marked "Exhibit A," attached hereto, and made part of this Notice and Order, and pertaining to such other proposals, amendments, or other matters germane to the subject matter of these proceedings which may be made or offered at said hearing.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all persons who may have an interest in the subject matter thereof. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before October 18, 1941, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are further notified that the hearing in the above-entitled matter and any order, rules or regulations prescribed pursuant thereto may concern,

in addition to the specific proposals herein made, other matters germane to the subject matter hereof which may be raised by way of amendment, proposal or otherwise, or which may be necessary corollaries of said subject matter.

Dated: September 16, 1941.

[SEAL] H. A. GRAY,
Director.

EXHIBIT "A"

PROPOSED RULES AND REGULATIONS TO FACILITATE THE LEVYING OF CODE ASSESSMENTS BY DISTRICT BOARDS, AND ESTABLISHING PROCEDURE FOR THE SUSPENSION OF CODE MEMBERSHIP FOR FAILURE TO PAY CODE ASSESSMENTS

For the purpose of carrying out the provisions of the Bituminous Coal Act of 1937, with respect to the assessments of code members as provided by section 4, I (b) of said Act, and pursuant to the provisions of said Act, particularly sections 2 (a) and 4, I (b) thereof, and other authority conferred by law.

It is ordered, That the following Rules and Regulations be, and they are, hereby prescribed and promulgated:

1. Effective _____, 194__, any District Board finding that it has inadequate tonnage reports from any code member upon which to predicate its next assessment for the expense of administering the Code by such District Board, as provided by section 4, I (b) of the Act, may file a duly verified petition with the Division praying that the Division issue an Order directing such code member to file with the Division a report or statement of the amount of tonnage produced by him during the period or periods which the District Board proposes to use as the basis for its next code assessment. At the time of filing such petition with the Division, the District Board shall send, by registered mail, to the code member named therein a conformed copy of such petition.

2. Such petition shall set forth the name of the code member whose report is desired, the name and mine index number of the mine or mines of such code member, the production period upon which the next assessment will be based, a statement as to the efforts made by petitioner to obtain such information directly from the code member, and the reasons why such information was not so obtained.

3. Upon the filing of any such petition, the Division, if it does not have in its files the information requested, may issue an Order directing the designated code member to file with the Division, within 10 days from receipt of such Order, a report, in duplicate, of the tonnage produced by him during the designated period or periods upon which the next assessment of the District Board will be based. Upon receipt of such report, the Division will transmit copies thereof to the petitioner, and in cases where the Division has such data in its possession and no report has been required of the code member, the Division may submit the requested data to the petitioner.

4. Effective _____, 194__, any district board may also file a duly verified petition with the Division praying that the code membership of any code member, who has failed to pay any code assessment, duly levied by the Board, within 90 days from the due data of such assessment, be suspended in conformity with these Rules and Regulations. At the time of filing such petition with the Division, the petitioner shall send, by registered mail, to the code member named therein, a conformed copy of such petition, and file with the Division an affidavit showing such service.

5. The last above-described petition shall set forth the name of the code member alleged to be delinquent in the payment of his assessment, the tonnage upon and the period for which the said assessment was levied, the amount of the assessment, the date upon which Notice of Assessment was given to the code member, the date upon which the assessment was due and payable, the amount due to the district board from the code member on such assessment at the time of filing the petition, and such other information as the district board may deem pertinent, including the past history of such code member with respect to payment of prior assessments.

6. Within 15 days after receipt of the conformed copy of the District Board's petition, the respondent code member may, if he so desires, file a duly verified answer thereto with the Division. Said answer shall set forth the respondent's defense, if any, to the allegations of the District Board's petition, and, if he so desires, the respondent may therein request the Director to cause the matter to be set for hearing on the issue of whether or not the code member has in fact made payment of the assessment alleged by the District Board to be unpaid.

7. The failure to file an answer by the respondent within the time specified shall be deemed by the Division to be an admission that the averments set forth in the District Board's petition are true. If the respondent files an answer but requests no hearing, as herein provided, the Director shall dispose of the matter based upon the averments of the petition and answer. If a request for a hearing is made by the respondent, the Director shall cause the matter to be set down for hearing.

8. If it is found that the respondent code member is delinquent in the payment of assessments, the Director shall enter an appropriate order in the premises. Such order may, among other things, provide for the suspension of the code membership of the respondent code member and for a certification to the Commissioner of Internal Revenue that said respondent code member is not a code member in good standing, having failed to discharge his obligation under the code by failing to pay code assessments as provided by section 4, I (b) of the Bituminous Coal Act. Said order may also provide that such suspension shall continue in full force and effect until such time as the obligations imposed by said section 4, I (b) have been complied with.

9. If, at any time after filing of such petition whether before or after the issuance of an Order of the Director, the code member pays such assessment to the District Board, the District Board shall, within 5 days after such payment, file with the Division a verified petition or motion setting forth the facts concerning such payment in order that the Division may take such action as may be necessary and proper.

IN THE MATTER OF UNION COPPER LAND & MINING COMPANY, $25 PAR VALUE CAPITAL STOCK

ORDER SETTING HEARING ON APPLICATION TO STRIKE FROM LISTING AND REGISTRATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

The Boston Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934, as amended, and Rule X-12D2-1 (b) promulgated thereunder, having made application to strike from listing and registration the $25 Par Value Capital Stock of Union Copper Land & Mining Company; and

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10 a. m. on Tuesday, October 7, 1941, at the office of the Securities & Exchange Commission, 82 Devonshire Street, Boston, Massachusetts, and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Frank Kopelman, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

IN THE MATTER OF PENNSYLVANIA POWER & LIGHT COMPANY, NATIONAL POWER & LIGHT COMPANY, AND ELECTRIC BOND AND SHARE COMPANY

ORDER POSTPONING HEARING AND RETURN DATE OF ORDER TO SHOW CAUSE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 17th day of September, A.D. 1941.

The Commission having on July 25, 1941, issued its Notice and Order for Hearing and Order to Show Cause in the above entitled proceeding setting a hearing for August 12, 1941 at 10:00 A. M. and having further ordered the Respondents at that date to show cause why the Commission should not forthwith enter an order prohibiting the declaration or payment of further dividends on the common stock of Pennsylvania;

The Commission having on August 8, 1941 at the request of the Respondents issued an order postponing said hearing and return date to show cause until September 18, 1941, upon the assurances of the Respondents that no dividends will be declared or paid on the common stock of Pennsylvania until after the convening of the hearing in September and in no event earlier than October 10, 1941;

The Respondents having requested a further extension of time until at least October 2, 1941 on the grounds that they have not had and will not have within the time allowed, sufficient opportunity properly to prepare to meet these issues and having represented that Pennsylvania will not declare or pay any dividend on its common stock until after the convening of the hearing in October and in no event earlier than October 24, 1941 without further order of this Commission;

It is ordered, That the request of the Respondents for a postponement of the hearing previously ordered for September 18, 1941 be and hereby is *granted*, conditioned on the aforementioned assurances of the Respondents; and

It is further ordered, That the hearing in the above entitled proceeding shall be held on October 2, 1941 at the time and place stated in the Commission's Order dated July 25, 1941 and that in all other respects the hearing shall proceed as set forth in such Order of July 25, 1941.

IN THE MATTER OF PANHANDLE EASTERN PIPE LINE COMPANY AND COLUMBIA OIL & GASOLINE CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 15th day of September, A. D. 1941.

A declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935 having been filed by Panhandle Eastern Pipe Line Company, a subsidiary of both Columbia Gas & Electric Corporation, a registered holding company, and Columbia Oil & Gasoline Corporation; and

Columbia Oil & Gasoline Corporation, also a subsidiary company of Columbia Gas & Electric Corporation, having filed an application, and an amendment thereto, pursuant to Section 10 of the Act requesting that it be consolidated with the aforesaid declaration; and

Both the declaration and application as amended being concerned with an agreement, dated July 30, 1941, made between declarant and applicant, which provided, among other things, for an extension to and including January 1, 1942 of the time within which any shares of the entire outstanding Class A preferred stock of declarant owned beneficially by applicant and held of record by Gano Dunn, Trustee, may be redeemed by declarant without the payment of a premium of $10 per share, in consideration of the waiver by declarant of its right to redeem out of earnings, or by refunding or otherwise, on or before October 1, 1941, any of such shares, which agreement is subject to an order of this Commission permitting the declaration to become effective and the application as amended to be granted, on or before September 15, 1941.

Said declaration having been filed on August 20, 1941 and said application having been filed on September 3, 1941 and amended on September 5, 1941, and notice of such filings having been duly given in the form and manner prescribed in Rule U-23 promulgated under the Act, and the Commission not having received a request for a hearing with respect to the declaration and application, as amended, within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and

Both the declarant and applicant having respectively requested that the aforesaid declaration be permitted to become effective and application as amended be granted, on or before September 15, 1941; and

The Commission finding with respect to the aforesaid declaration that the requirements of section 7 are satisfied, and that with respect to such application no adverse findings are necessary under sections 10 (b) and 10 (c) (1) of the Act and deeming the proposed transaction to be appropriate in the public interest and in the interest of investors and consumers pursuant to section 12 (f) of the Act, and being satisfied that the effective date of such declaration and the date of granting such application as amended should be advanced; it being expressly understood, however, that the approval granted by this order extends only to the extension of time of the payment of a premium of $10 per share on the Class A Preferred Stock of the declarant and such approval shall not be deemed in any wise to be an approval of the payment of a premium on such stock and is without prejudice to any action the Commission may take by virtue of the pending proceedings before this Commission involved in Holding Company Act Release No. 2963 or to any order to be issued in such proceedings:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the Act and the rules promulgated thereunder and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration be and it is hereby permitted to become effective forthwith and the aforesaid application as amended be and it hereby is granted forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

EXECUTIVE ORDER

PRESCRIBING REGULATIONS PERTAINING TO THE ENTRY OF COFFEE INTO THE UNITED STATES FROM COUNTRIES SIGNATORIES OF THE INTER-AMERICAN COFFEE AGREEMENT

By virtue of the authority vested in me by section 2 of the joint resolution of Congress approved April 11, 1941 (Public Law 33, 77th Cong., 1st sess.) it is hereby ordered as follows:

1. No invoice of coffee produced in a country which is a signatory of the Inter-American Coffee Agreement shall be certified hereafter by a United States consular officer unless there shall be produced to the certifying officer an official document, required by Article VI of the Agreement, showing that the coffee is within the producing country's quota for exportation to United States customs territory.

2. Beginning October 1, 1941, coffee produced in a country which is a signatory of the Inter-American Coffee Agreement shall not be admitted to entry for consumption in the customs territory of the United States unless there shall be produced for each shipment of such coffee an invoice bearing a certificate of a United States consular officer that there has been presented to him an official document required by Article VI of the Agreement showing that such shipment is within the producing country's quota for exportation to United States customs territory; except that any such shipment may be so entered without the production of such an invoice if the shipment is valued at less than $100, or if there is given a bond conditioned for the production of such an invoice within six months from the date of entry, or if the coffee was shipped from the producing country under a through bill of lading to the United States prior to the date of this order.

TITLE 7—AGRICULTURE

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

PART 721—CORN

BY THE SECRETARY OF AGRICULTURE, A PROCLAMATION

Whereas, the Agricultural Adjustment Act of 1938, as amended, provides:

Sec. 322. (a) Whenever in any calendar year the Secretary determines from available statistics of the Department, including the August production estimate officially published by the Division of Crop and Livestock Estimates of the Bureau of Agricultural Economics of the Department, that the total supply of corn as of October 1 will exceed the normal supply thereof by more than 10 per centum, marketing quotas shall be in effect in the commercial corn-producing area for the crop of corn grown in such area in such calendar year, and shall remain in effect until terminated in accordance with the provisions of this title.

(b) The Secretary shall determine, on the basis of the estimated average yield of corn in such area for such crop, the acreage in such area which the Secretary determines would make available for the marketing year beginning October 1 a supply of corn (together with the estimated production of corn in the United States outside such area) equal to the normal supply. The percentage which the number of acres so determined is of the total number of acres of the acreage allotment under Section 328 shall be proclaimed by the Secretary. Such percentage is referred to herein as the "marketing percentage."

(c) The Secretary shall proclaim his determinations of facts under subsection (a) and his determination of the marketing per-

centage under subsection (b) not later than August 15. (52 Stat. 49, 7 U.S.C. 1322)

And, whereas, Public Resolution No. 34 (H. J. Res. 342, 76th Congress, First Session), approved July 26, 1939, provides:

* * * that notwithstanding the provisions of section 322 of the Agricultural Adjustment Act of 1938, as amended, the determinations under subsection (c) may be proclaimed at any time prior to September 15, * * *. (53 Stat. 1125, 7 U.S.C. Supp. V, 1322a)

And, whereas, the Agricultural Adjustment Act of 1938, as amended, contains in section 301 (b) thereof, the following definitions of terms here pertinent:

"Marketing year" means, in the case of the following commodities, the period beginning on the first and ending with the second date specified below:

Corn, October 1—September 30

* * * * * *

"Total supply" of corn * * * for any marketing year shall be the carry-over of the commodity for such marketing year plus the estimated production of the commodity in the United States during the calendar year in which such marketing year begins.

"Normal supply," in the case of corn * * * shall be a normal year's domestic consumption and exports of the commodity, plus 7 per centum in the case of corn, * * * of a normal year's domestic consumption and exports, as an allowance for a normal carry-over.

"Reserve supply level," in the case of corn, shall be a normal year's domestic consumption and exports of corn, plus 10 per centum of a normal year's domestic consumption and exports, to insure a supply adequate to meet domestic consumption and export needs in years of drought, flood, or other adverse conditions, as well as in years of plenty. (52 Stat. 38, 7 U.S.C. 1301)

And, whereas, said act further provides:

Sec. 304. The powers conferred under this Act shall not be used to discourage the production of supplies of foods and fibers sufficient to maintain normal domestic human consumption as determined by the Secretary from the records of domestic human consumption in the years 1920 to 1929, inclusive, taking into consideration increased population, quantities of any commodity that were forced into domestic consumption by decline in exports during such period, current trends in domestic consumption and exports of particular commodities, and the quantities of substitutes available for domestic consumption within any general class of food commodities. In carrying out the purposes of this Act it shall be the duty of the Secretary to give due regard to the maintenance of a continuous and stable supply of agricultural commodities from domestic production adequate to meet consumer demand at prices fair to both producers and consumers. (52 Stat. 45, 7 U.S.C. 1304)

And, whereas, said Act provides in section 301 (c), that the latest available statistics of the Federal Government shall be used by the Secretary of Agriculture in making the determinations required to be made by the Secretary under said act (52 Stat. 38, 7 U.S.C. 1301)

And, whereas, said act further provides:

Sec. 371 (b). If the Secretary has reason to believe that, because of a national emergency or because of a material increase in export demand, any national marketing quota for corn, wheat, cotton, rice, or tobacco should be increased or terminated, he shall cause an immediate investigation to be made to determine whether the increase or termination is necessary in order to effectuate the declared policy of this Act or to meet such emergency or increase in export demand. If, on the basis of such investigation, the Secretary finds that such increase or termination is necessary, he shall immediately proclaim such finding (and if he finds an increase is necessary, the amount of the increase found by him to be necessary) and thereupon such quota shall be increased, or shall terminate, as the case may be.

And, whereas, by proclamation, dated December 7, 1940, issued by Claude R. Wickard, Secretary of Agriculture, pur-

suant to section 327 of said act, the commercial corn-producing area for the calendar year 1941 was ascertained and proclaimed; and

Whereas by proclamation, dated December 7, 1940, issued by Claude R. Wickard, Secretary of Agriculture, pursuant to section 322 of said act, the acreage allotment of corn for the commercial corn-producing area for the calendar year 1941 was ascertained and proclaimed to be 37,300,000 acres.

Now, therefore, be it known that I, Grover B. Hill, Acting Secretary of Agriculture of the United States of America, acting under and pursuant to, and by virtue of, the authority vested in me by the Act of Congress, known as the Agricultural Adjustment Act of 1938, as amended, upon the basis of the latest available statistics of the Federal Government, do hereby determine and proclaim, under section 322 of said Act, as amended by said Public Resolution No. 34, approved July 26, 1939.

§ 721.305 *Determinations relating to corn marketing quotas for 1941.* (a) That the total supply of corn for the marketing year commencing October 1, 1941, is 3,174,000,000 bushels.

(b) That the normal supply of corn for the marketing year commencing October 1, 1941, is 2,792,000,000 bushels.

(c) That the reserve supply level of corn for the marketing year commencing October 1, 1941, is 2,870,000,000 bushels.

(d) That the total supply of corn, as of October 1, 1941, will exceed the normal supply thereof by more than 10 per centum. However, in view of the existing national emergency and the provisions of section 371 (b) of said act, marketing quotas will not be in effect with respect to the 1941 crop of corn.

Done at Washington, D. C., this 18th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

PART 721—CORN

PROCLAMATION OF COMMERCIAL CORN-PRODUCING AREA FOR THE YEAR 1942

Whereas section 327 of the Agricultural Adjustment Act of 1938, as amended, provides in part as follows:

Not later than February 1, the Secretary shall ascertain and proclaim the commercial corn-producing area.

And, whereas subsection (b) of section 301 of said Act provides in part as follows:

(4) (A) "Commercial corn-producing area" shall include all counties in which the average production of corn (excluding corn used as silage) during the ten calendar years immediately preceding the calendar year for which such area is determined, after adjustments for abnormal weather conditions, is four hundred and fifty bushels or more per farm and four bushels or more for each acre of farm land in the county.

(B) Whenever prior to February 1 of any calendar year the Secretary has reason to believe that any county which is not included in the commercial corn-producing area determined pursuant to the provisions of subparagraph (A), but which borders upon one of the counties in such area, or that any minor civil division in a county bordering on such area, is producing (excluding corn used for silage) an average of at least four hundred and fifty bushels of corn per farm and an average of at least four bushels for each acre of farm land in the county or in the minor civil division, as the case may be, he shall cause immediate investigation to be made to determine such fact. If, upon the basis of such investigation the Secretary finds that such county or minor civil division is likely to produce corn in such average amounts during such calendar year, he shall proclaim such determination, and, commencing with such calendar year, such county shall be included in the commercial corn-producing area.

And, whereas subsection (c) of section 301 of said Act provides:

The latest available statistics of the Federal Government shall be used by the Secretary in making the determinations required to be made by the Secretary under this Act.

And, whereas the Secretary of Agriculture, having had reason to believe that certain counties bordering on the commercial corn-producing area as determined under subparagraph (A) of section 301 (b) (4) of said Act, and that certain minor civil divisions in certain counties bordering on such area are producing (excluding corn used for silage) an average of at least 450 bushels of corn per farm and an average of at least 4 bushels for each acre of farm land in the county or in the minor civil division, as the case may be, has caused reasonable investigation to be made to determine such facts with respect to such counties and minor civil divisions and to determine which, if any, of such counties or minor civil divisions are likely to produce corn in such average amounts during the calendar year 1941;

Now, Therefore, be it known that I, Grover B. Hill, Acting Secretary of Agriculture of the United States of America, acting under and pursuant to, and by virtue of, the authority vested in me by the Act of Congress known as the Agricultural Adjustment Act of 1938, as amended, upon the basis of such investigation and the latest available statistics of the Federal Government, do hereby ascertain, determine, and proclaim under sections 301 and 327 of said Act:

§ 721.401 *Commercial corn-producing Area for the Year 1942.* That the commercial corn-producing area for the year 1942 embraces the following counties of the States specified pursuant to section 301 (b) (4) of said Act: [1]

PART 721—CORN

BY THE SECRETARY OF AGRICULTURE, A PROCLAMATION

Whereas section 328 of the Agricultural Adjustment Act of 1938, as amended, provides in part as follows:

The acreage allotment of corn for any calendar year shall be that acreage in the commercial corn-producing area, which, on the basis of the average yield for corn in such area during the ten calendar years immediately preceding such calendar year, adjusted for abnormal weather conditions and trends in yield, will produce an amount of corn in such area which the Secretary determines will, together with corn produced in the United States outside the commercial corn-producing area, make available a supply for the marketing year beginning in such calendar year, equal to the reserve supply level. The Secretary shall proclaim such acreage allotment not later than February 1 of the calendar year for which such acreage allotment was determined. * * *

And, whereas subsection (c) of section 301 of said Act provides as follows:

The latest available statistics of the Federal Government shall be used by the Secretary in making the determinations required to be made by the Secretary under this Act.

Now, therefore, be it known that I, Grover B. Hill, Acting Secretary of Agriculture of the United States of America, acting under and pursuant to, and by virtue of, the authority vested in me by the Act of Congress known as the Agricultural Adjustment Act of 1938, as amended, upon the basis of the latest available statistics of the Federal Government, do hereby ascertain, determine, and proclaim under section 328 of said Act:

§ 721.402 *Corn acreage allotment for the commercial corn-producing area for 1942.* That the acreage allotment of corn for the commercial corn-producing area for the calendar year 1942 shall be 37,580,000 acres. (52 Stat. 52.202)

Done at Washington, D. C., this 18th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

*§§ 78.33 to 78.37 issued under authority contained in 45 Stat. 500, 47 Stat. 158; 10 U.S.C. 1415a, 1415b.

†The regulations in §§ 78.33 to 78.37 are also contained in Cir. 188, W. D., Sept. 5, 1941. The particular paragraphs are shown in brackets at the end of sections.

§ 78.34 *Award of medals*—(a) *Limitation on number.* Not more than one Good Conduct Medal will be issued to any one enlisted man; but an enlisted man recommended for award of a Good Conduct Medal upon completion of any subsequent additional 3-year period of active Federal service will be awarded a clasp in lieu thereof.

(b) *Original supply.* Original issue of Good Conduct Medals, accompanying ribbons, lapel buttons, and clasps will be made gratuitously.

(c) *To whom furnished.* Good Conduct Medals and clasps are furnished only to—

(1) Enlisted men who have rendered the required service and are recommended therefor, or

(2) The next of kin of those deceased who shall have rendered the required service and have been recommended therefor. By next of kin is meant the first of the following who are living: Widow (if not remarried), eldest son, eldest daughter, father, mother, eldest brother, eldest sister, eldest grandchild.

(d) *By whom furnished, method of delivery.* (1) Conduct Medals and clasps are furnished by the quartermaster of the nearest military post or station upon application therefor submitted by the enlisted man's immediate commanding officer on W.D., A.G.O. Form No. 0713:

(i) *For persons in service.* To the company or similar unit commander for distribution to those under his command or control.

(ii) *For persons not in service.* Direct to them.

(2) In case an individual dies before delivery has been made to him of a Good Conduct Medal or clasp for which he has been recommended, the medal or clasp will be returned to the issuing quartermaster for cancelation or delivery to the next of kin as the case may be.*† [Pars. 5, 6, 7, 8]

§ 78.35 *Action to be taken in case of loss.* In case of loss of a Good Conduct Medal or clasp, the loser will at once make all reasonable efforts to recover it. If in the service he will also inform his immediate commanding officer, who will cause an investigation to be made with a view to determining the circumstances of loss and with a view to recovering the medal or clasp.*† [Par. 11]

§ 78.36 *Duplicates*—(a) *When furnished.* Under authority contained in the act of May 12, 1928 (45 Stat. 500; 10 U.S.C. 1415b), a duplicate of a Good Conduct Medal or clasp will be furnished in case the original has been lost, destroyed, or rendered unfit for use without fault or neglect on the part of the person to whom originally presented.

(1) *By gratuitous issue.* To persons in the military service.

(2) *By sale.* To all others.

(b) *How obtained*—(1) *Application for, when made.* In the cases of persons in the military service, and in other cases when the loss is the result of fire, tornado, earthquake, shipwreck, or similar catastrophe, application may be made immediately; otherwise, the application should not be made until after the lapse of 3 months.

(2) *To whom application addressed.* Applications should be addressed to The Adjutant General.

(3) *Form of application.* (i) If from a person in the military service, the application will be in the form of a letter.

(ii) If from a person not in the military service, it will be on a blank form furnished by The Adjutant General.

(4) *Matter to accompany application.* In any case the application will be supported by proof in the form of an affidavit setting forth the circumstances attending the loss or destruction, showing that such loss or destruction was without fault or neglect on the part of the applicant, and what efforts, if any, were made toward recovery.

(5) *How application forwarded.* (i) If the application is from a person in the military service, it will be forwarded through military channels to The Adjutant General together with recommendations as to issue of a duplicate.

(ii) If from a person not in the military service, it will be forwarded direct to The Adjutant General.

(c) *Purchase from authorized dealers.* If the applicant so desires, he may purchase a duplicate Good Conduct Medal or clasp from any of the individuals, firms, or corporations authorized under the provisions of §§ 7.1 to 7.9 of this title to sell or manufacture and sell service medals, etc., by exhibiting some official paper or document, such as a discharge certificate or true copy thereof, a letter from an officer of the War Department, or other official document, containing a definite proof of his authority to wear the Good Conduct Medal.*† [Pars. 12 and 13]

§ 78.37 *Exhibition purposes.* Upon approval by the Secretary of War, samples of Good Conduct Medals awarded by the War Department will be furnished at cost prices, plus transportation and packing charges (except to the War Department or a governmental agency), to museums, libraries, historical, numismatic, and military societies, or institutions of such a public nature as will insure an opportunity to the public to view the exhibits. Except for a War Department or a governmental agency exhibit, all sample Good Conduct Medals so furnished will be engraved at the expense of the purchaser with the words "For exhibition purposes only."*† [Par. 14]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF OZON CHEMICAL COMPANY, INC., ETC.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's medicinal preparation designated "Duncan's Ozon", or any other substantially similar preparation, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said product, which advertisements represent, directly or through inference, (1) that said preparation constitutes a cure or remedy for, or possesses any therapeutic value in the treatment of, sore throat, poison ivy, or athlete's foot; (2) that said preparation constitutes a cure or remedy for colds or coughs, or that it possesses any therapeutic value in the treatment of coughs in excess of such comfort as it may afford by reason of its expectorant properties; and (3) that said preparation is an effective preventive of sore throat or

coughs; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Ozon Chemical Company, Inc., etc., Docket 4421, September 5, 1941]

In the Matter of Ozon Chemical Company, Inc., a Corporation, Also Trading as Duncan Chemical Co.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 5th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission (no answer having been filed by respondent), testimony and other evidence taken before Robert S. Hall, trial examiner of the Commission theretofore duly designated by it, in support of and in opposition to the allegations of the complaint, report of the trial examiner upon the evidence, and brief in support of complaint (respondent not having filed brief and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Ozon Chemical Company, Inc., a corporation, also trading as Duncan Chemical Co., and its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of its medicinal preparation designated "Duncan's Ozon", or any preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference:

(a) That said preparation constitutes a cure or remedy for, or possesses any therapeutic value in the treatment of, sore throat, poison ivy, or athlete's foot;

(b) That said preparation constitutes a cure or remedy for colds or coughs, or that it possesses any therapeutic value in the treatment of coughs in excess of such comfort as it may afford by reason of its expectorant properties;

(c) That said preparation is an effective preventive of sore throat or coughs.

2. Disseminating or causing to be disseminated any advertisement by any means, for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec 45b) [Cease and desist order, W. Hillyer Ragsdale, Etc., Docket 4472, September 5, 1941]

In the Matter of W. Hillyer Ragsdale, Annie M. Ragsdale, Marshall D. Ragsdale, and Ida J. Ragsdale, Individually and Doing Business Under the Names and Styles of W. Hillyer Ragsdale, Inc., and Ragsdale Candies

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 5th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents and a stipulation entered into by and between counsel for the Commission and the respondents, wherein it was stipulated and agreed that a statement of facts thereupon read into and made a part of the record in this proceeding may be taken as the facts in this proceeding and in lieu of testimony in support of the charges stated in the complaint, or in opposition thereto, and that the Commission may proceed upon such statement of facts to make its report, stating its findings as to the facts and its conclusion based thereon and enter its order disposing of the proceeding without the presentation of argument or the filing of briefs or of a report upon the evidence by the Trial Examiner, and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

[1] 6 F.R. 2670.

It is ordered, That the respondents, W. Hillyer Ragsdale, Annie M. Ragsdale, Marshall D. Ragsdale, and Ida J. Ragsdale, individually and doing business under the names and styles of W. Hillyer Ragsdale, W. Hillyer Ragsdale, Inc., and Ragsdale Candies, or under any other trade name, their representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of courses of instruction for making candy or of supplies or materials intended for use in making candy, in commerce, as commerce is defined in the Federal Trade Commission Act, do forthwith cease and desist:

1. Representing that men and women who purchase respondents' outfits and instructions are afforded thereby an opportunity to enter the business of making and selling home-made candies; or that they will be enabled thereby and by respondents' help, to set themselves up in a profitable business; or that, through respondents' method of making and selling candy, such business can be operated successfully from or in the home; or that by the use of such method, or by reason of such outfits or instructions, or by the assistance given to purchasers by mail, or by the tools or equipment or supplies or raw materials furnished by respondents with their instructions, such purchasers will or should be successful in the candy business or will or should receive therefrom a steady income and profits.

2. Representing that the tools, equipment, supplies and materials furnished by the respondents include all the confectioners' tools, equipment, supplies and materials, except certain minor inexpensive items, that are used in modern home-made candy kitchens or that they are all that are required in the making of home-made candy and in the preparing of it for sale, except minor inexpensive items; or that respondents furnish sufficient tools, supplies and raw materials, except for minor inexpensive items, to make over $40 worth of candy, or enough candy to give the purchaser a good start in the candy business.

3. Representing that a large number of men and women who have purchased respondents' courses of instruction, tools and equipment have, by following their method of making and selling candy, achieved success in the candy business and made a steady income and profits making and selling candy either as a part-time or as a full-time business.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

introduced by respondent, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Continental Premium Mart, a corporation, its officers, representatives, agents and employees directly or through any corporate or other device in connection with the offering for sale, sale and distribution of novelty jewelry, fountain pens, bill folds, knives, wearing apparel, carnival supplies, lamps, premium novelties or any other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Selling or distributing any merchandise so packed and assembled that sales thereof are to be made or may be made by means of a lottery, gaming device or gift enterprise;

(2) Supplying to or placing in the hands of others, assortments of any merchandise, together with push or pull cards or any other device, which said push or pull cards or other device are to be used or may be used in selling or distributing said merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

(3) Supplying to or placing in the hands of others push or pull cards or other devices either with assortments of merchandise or separately which said push or pull cards or other devices are to be used or may be used in selling or distributing such merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

(4) Selling or otherwise distributing any merchandise by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the respondent shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1023]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7 FOR ALL SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices, for all shipments for the coals produced at the mines of certain code members in District No. 7; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, and applications to stay, terminate or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 3, 1941.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Limitation Order L–4 To Restrict the Production of Replacement Parts Used in the Repair of Passenger Automobiles and Light Trucks

Whereas the manufacture of replacement parts used in the repair of passenger automobiles and light trucks requires the utilization of large quantities of aluminum, chromium, copper, nickel, nickel steel, rubber, steel, tin, tungsten and other critical materials, and the national defense requirements have created a shortage of these materials for the combined needs of defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and for essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of such replacement parts is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 983.1 *General limitation order L–4*—(a) *Definitions.* For the purposes of this order:

(1) "Passenger Automobile" means any passenger vehicle, including station wagons and taxicabs, propelled by internal combustion engine, having a seating capacity of less than 15 persons.

(2) "Light Trucks" means a motor truck or truck tractor of rated capacity (as advertised by the producer prior to August 1, 1941) of less than 1½ tons.

(3) "Replacement Parts" means only the following functional parts (including components entering into such parts) used for the repair of light motor trucks or passenger automobiles: engine, clutch, transmission, propeller shaft, axles, brakes, wheels, hubs, drums, starting apparatus, spring suspension, brackets and shackles; also the exhaust, cooling, fuel and electrical systems, including generators, lights, reflectors and batteries; also gauges, speedometers, motors, fuses, flares, directional signals, rear-view mirrors, windshield wipers, control mechanisms, steering apparatus, driving gears. Replacement parts do not include parts entering into the production or assembly of new light motor trucks or passenger automobiles.

(4) "Producer" means any individual, partnership, association, corporation or other form of business enterprise, engaged in the manufacture of replacement parts (as herein defined) used in the repair of passenger automobiles or light trucks.

(b) *General restrictions.* During the period commencing September 15, 1941, and ending December 31, 1941:

(1) A Producer shall not manufacture more than 60% of that number of replacement parts (as herein defined) sold by him for replacement purposes during the period from January 1, 1941, to June 30, 1941.

(2) The determination of the number of replacement parts sold from January 1, 1941, to June 30, 1941, shall exclude, and the foregoing limitation upon the number of replacement parts which may be produced by any producer during the period September 15, 1941, to December 31, 1941, shall not apply to any such replacement parts produced under contracts or orders for delivery to or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(ii) The government of any of the following countries: the United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(iii) Any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act.)

(3) Each Producer must comply with such directions and instructions as may be issued from time to time by the Director of Priorities of the Office of Production Management with respect to the reduction or elimination of scarce materials in the production of replacement parts (as herein defined) used in the repair of passenger automobiles or light trucks.

(c) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(e) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(f) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(g) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may appeal to the Division of Priorities by addressing a letter to the Automotive Branch of the Division of Civilian Supply, Office of Production Management, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Effective date.* This Order shall take effect upon the date of the issuance thereof and shall continue in effect until revoked by the Director of Priorities, subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 18th day of September 1941.

DONALD M. NELSON,
Director of Priorities.

PART 983—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES AND LIGHT TRUCKS

Limited Preference Rating Order No. P–57 on Material Entering Into the Production of Replacement Parts for Passenger Automobiles and Light Trucks

§ 983.2 *Limited preference rating order P–57.* For the purpose of facilitating the acquisition of material for the production of replacement parts to be used in the repair of passenger automobiles and light trucks, a preference rating is hereby assigned to deliveries for such purposes upon the following terms:

(a) *Definitions.* For the purposes of this Order:

(1) "Passenger Automobile" means any passenger vehicle, including station wagons and taxicabs, propelled by internal combustion engine, having a seating capacity of less than 15 persons.

(2) "Light Trucks" means a motor truck or truck tractor of rated capacity (as advertised by the producer prior to August 1, 1941) of less than 1½ tons.

(3) "Replacement Parts" means only the following functional parts (including components entering into such parts) used for the repair of light motor trucks or passenger automobiles: engine, clutch, transmission, propeller shaft, axles, brakes, wheels, hubs, drums, starting apparatus, spring suspension, brackets and shackles; also the exhaust, cooling, fuel and electrical systems, including generators, lights, reflectors and batteries; also gauges, speedometers, motors, fuses, flares, directional signals, rear-view mirrors, windshield wipers, control mechanisms, steering apparatus, driving gears. Replacement parts do not include parts entering into the production or assembly of new light motor trucks or passenger automobiles.

(4) "Producer" means any individual, partnership, association, corporation or other form of business enterprise, engaged in the manufacture of replacement parts (as herein defined) used in the repair of passenger automobiles or light trucks.

(5) "Supplier" means any person with whom a contract or purchase order has been placed for delivery, to the Producer or to another Supplier, of material which

will be physically incorporated into the replacement parts.

(6) "Material" means any commodity, equipment, accessories, parts, assemblies or products of any kind.

(b) *Assignment of preference rating.* Subject to the terms of this Order, preference rating A–10 is hereby assigned:

(1) To deliveries to a Producer by his suppliers of materials required for the production by him of replacement parts: *Provided, however,* That no materials shall be obtained in quantity greater than required for his production as limited by Limitation Order No. L–4 or by any other order or direction of the Director of Priorities.

(2) To deliveries to any Supplier of material which he requires to make his rated deliveries to the Producer or to another Supplier: *Provided,* Such material will be physically incorporated in the replacement parts produced by the Producer.

(c) *Persons entitled to apply preference rating.* The Preference Rating hereby assigned may be applied by:

(1) A Producer;

(2) A Supplier, provided that he requires the material so purchased in order to make deliveries which have been duly rated in the manner specified in paragraph (d).

(d) *Application of preference rating.* (1) A Producer in order to apply the preference rating to a delivery of material to him must endorse the following statement on the original and all copies of the purchase order or contract for such material, signed by a responsible official duly designated for such purpose by such Producer:

CERTIFICATE OF PRODUCER APPLYING RATING

An A–10 preference rating is assigned to this purchase order pursuant to Limited Preference Rating Order P–57. This application of the rating is made by the Producer upon the conditions set forth in said Order, with which we are familiar.

Authorized signature for producer

Such endorsement shall constitute a certification to the Office of Production Management that such material is required to the extent ordered in order to produce the number of replacement parts within the limits authorized.

(2) A Supplier in order to apply the preference rating to a delivery of material to him must endorse the following statement on the original and all copies of the purchase order or contract for such material signed by a responsible official duly designated for such purpose by such Supplier:

CERTIFICATE OF SUPPLIER APPLYING RATING

An A–10 preference rating is assigned to this purchase order pursuant to Limited Preference Rating Order P–57. This application of the rating is made by the Supplier upon the conditions set forth in said Order, with which we are familiar.

Authorized signature for supplier

Such endorsement shall constitute a certification to the Office of Production Management that such material is required to the extent ordered in order to fill a purchase order placed by a Producer or Supplier duly rated in accordance herewith. Any such Supplier's purchase order or contract shall be restricted to material the delivery of which is rated in accordance herewith.

(3) A Producer or Supplier placing any such rated purchase orders or contracts and the supplier selling the material covered thereby, must each retain endorsed copies of such purchase orders or contracts segregated from all other purchase orders or contracts for a period of two years from the date thereof for inspection by authorized representatives of the Office of Production Management.

(e) *Restrictions on application of rating.* The preference rating hereby assigned shall not be applied:

(1) *By a producer* to obtain deliveries of materials in excess of the amount needed for the production of the replacement parts, taking into consideration existing inventories of the Producer, and subject to any limitation contained in Limitation Order L–4 or in any other Order or direction issued by the Director of Priorities. If a Producer has sufficient material to produce the authorized number of replacement parts and still have a practicable minimum working inventory, he shall not make use of the rating to obtain delivery of such material.

(2) *By a supplier* to obtain material in excess of the amount necessary to make rated deliveries, taking into consideration existing inventories of the Supplier. If a Supplier has sufficient material to enable him to make his rated deliveries and still have a practicable minimum working inventory, he shall not make use of the rating to obtain delivery of such materials.

(3) *By a producer or a supplier.* (i) Unless the material to be delivered cannot be obtained when required without such rating.

(ii) To obtain deliveries earlier than required.

(iii) To deliveries of materials on purchase orders placed after December 1, 1941.

(iv) To deliveries of materials on purchase orders calling for delivery after December 31, 1941.

(f) *False statements and penalties.* Any person who applies the preference rating hereby assigned in wilful violation of the terms and provisions of this Order, or wilfully falsifies records required to be kept or information to be furnished pursuant to this Order, or who obtains a delivery of material by means of a material and wilful misstatement will be prohibited from obtaining further deliveries of material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(g) *Reports.* Each Producer and Supplier who in any month applies the preference rating in the manner herein provided to any deliveries to him, shall, not later than the 15th day of the following month, file with the Automotive Branch, Civilian Supply Division, Office of Production Management, Washington, D. C., a report on form to be prescribed by the Director of Priorities, setting forth the number of items or amount of materials to which the preference rating has been assigned in the preceding month, the stock of such items and amount of such materials on hand, and the number or amount used in production by him during the period from January 1 through June 30, 1941; and such other reports as the Director of Priorities may require.

(h) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time in whole or in part or in its application to any Producer or any Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked. No additional applications of this rating to any other deliveries shall thereafter be made by any Producer or Supplier affected by said revocation or expiration.

(i) *Effective date.* This Order shall take effect on the 18th day of September, 1941, and unless sooner revoked shall expire on the 31st day of December 1941. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 18th day of September 1941.

	Price per lb., f. o. b. Chicago, freight equalized [1]	
	Trimmed	Untrimmed
Free of brand steers and cows	$0.15	$0.14½
Branded steers and cows	.14	.13½
Free of brand bulls	.11½	.11
Branded bulls	.10½	.10

[1] The term "F. O. B. Chicago, Freight Equalized" used in this Schedule has the meaning generally accepted in the industry, to wit: The maximum price F. O. B. Chicago, Freight Equalized, which a purchaser may pay under this Schedule shall not exceed the maximum price set forth above plus either (a) freight from Chicago to destination or (b) freight from shipping point to destination, whichever is less; except that on shipments by sellers from points located east of Chicago, Illinois, the maximum price is F. O. B. shipping point.

PREMIUM FOR HIDES OTHER THAN PACKER CLASSIFICATIONS SOLD ON A SELECTED BASIS

A seller who does not grade his hides according to packer specifications but allows a one cent per pound discount for No. 2's may charge a premium of one-half cent per pound over the maximum prices set forth above for hides other than packer classifications.

Tare allowance. A tare allowance of not less than 2% shall be allowed on all sales of hides other than packer classifications. (Executive Order No. 8734, 6 F.R. 1917)

PART 1333—TIN

AMENDMENT TO PRICE SCHEDULE NO. 17—PIG TIN

Section 1333.10 of Price Schedule No. 17 [1] is hereby amended to read as follows:

§ 1333.10 *Appendix A, maximum prices for pig tin*—(a) *Maximum prices for standard grades of pig tin.*

Grade	*Maximum price (per pound)*
A. 99.80% or higher percentage of purity, meeting specifications set forth in "Specifications and Proposals for Supplies, No. S-14", issued December 15, 1939, by the U. S. Treasury Department, Procurement Division, except that pig tin of this grade need not be free of scrap and remelted metal.	$0.52
B. 99.75% to 99.79% pure, inclusive; and 99.80% or higher percentage of purity which does not otherwise meet the specifications of Grade A	.51625
C. Cornish Refined	.51625
D. 99.00% to 99.74% pure, inclusive	.51125
E. Below 99% pure	[1] .51

[1] For tin content.

(b) *Differentials for freight rates.* The above maximum prices are, in the case of foreign pig tin, ex dock or store, Port of New York, and, in the case of domestic pig tin, ex producer's plant. The maximum prices of foreign pig tin which is imported through ports of entry other than the Port of New York shall be ex dock or store at the actual port of entry and shall be as much more or as much less than the above prices as the ocean freight from the point of shipment to the actual port of entry exceeds or is less than the ocean freight from such point of shipment to the port of New York. Foreign pig tin which is physically present at or is sold for shipment from a point other than the port at which it was entered, and domestic pig tin which is physically present at or is sold for shipment from a point other than the producer's plant, may be sold at prices, f. o. b. such point of physical presence or of shipment, which exceed the above maximum prices by no more than the domestic shipping charges which have actually been paid or must be paid in order to transport such pig tin to such point of physical presence or of shipment.

(c) *Differentials for sales in lots of less than five gross tons.*

For sales of pig tin in lots of:	*There may be added to the maximum price (cents per pound)*
2,240 to 11,199 pounds, inclusive	1
1,000 to 2,239 pounds, inclusive	1½
500 to 999 pounds, inclusive	2½
Under 500 pounds	3

(This amendment is issued pursuant to the authority contained in Executive Order 8734.)

Issued and effective this 19th day of September 1941.

PART 1340—FUEL

PRICE SCHEDULE NO. 27—ANTHRACITE

Order of Revocation

A Price Schedule fixing maximum prices for anthracite coal f. o. b. mine was issued September 11, 1941,[1] because the necessary data to justify a proposed increase to take effect on September 15, 1941, had not been presented to the Office of Price Administration. The information previously withheld has now been submitted.

Accordingly, under the authority vested in me by Executive Order 8734, it is directed that:

Price Schedule No. 27 (§§ 1340.71 to 1340.79, inclusive) is hereby revoked.

Issued this 18th day of September 1941.

This order of revocation is effective September 18, 1941.

PART 1345—COKE

PRICE SCHEDULE NO. 29—BY-PRODUCT FOUNDRY AND BY-PRODUCT BLAST FURNACE COKE

By-product foundry and by-product blast furnace coke are important elements in the manufacture of iron and steel. Maximum prices have been established for pig iron and iron and steel scrap, other important elements of iron and steel costs.

Prices of by-product foundry and by-product blast furnace coke are now from $1.00 to $1.25 per ton higher than a year ago. A further upward movement of coke prices would exert pressure upon the prices of iron and steel. The stabilization of present coke prices is important in the prevention of inflation.

After full investigation and conferences with representatives of the coke industry, it has been determined that the establishment of maximum prices for by-product foundry and blast furnace coke is essential and is in the interest of national defense and the public welfare.

Accordingly, under the authority vested in me by Executive Order 8734,[1] it is hereby directed that:

§ 1345.1 *Maximum prices for by-product foundry and by-product blast furnace coke.* On and after October 1, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer, by-product foundry or by-product blast furnace coke, and no person shall buy, offer to buy, or accept delivery of by-product foundry or by-product blast furnace coke at prices higher than the maximum prices set forth in Appendices A and B, incorporated herein as § § 1345.9 and 1345.10 respectively.*

*§§ 1345.1 to 1345.10, inclusive, issued pursuant to the authority contained in Executive Order 8734.

§ 1345.2 *Less than maximum prices.* Lower prices than those set forth in Appendices A and B may be charged, demanded, paid or offered.*

1345.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded either by direct or indirect methods in connection with a purchase, sale, delivery or transfer of by-product

[1] 6 F.R. 4076.

[1] 6 F.R. 4710.

[1] 6 F.R. 1917.

foundry or by-product blast furnace coke, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying agreement or other trade understanding, or otherwise.*

§ 1345.4 *Records and reports.* Every person making purchases or sales of by-product foundry or by-product blast furnace coke after October 1, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each kind or grade purchased or sold, and (b) the quantity (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1345.5 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, and (b) that the powers of the Government are fully exerted in order to protect the public interest and interests of those persons who comply with this Schedule. Persons who have evidence of any offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of by-product foundry or by-product blast furnace coke, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1345.6 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom.*

§ 1345.7 *Definition.* When used in this Schedule, the term "person" means an individual, partnership, association, corporation or other business entity.*

§ 1345.8 *Effective date of the schedule.* This Schedule shall become effective October 1, 1941.*

§ 1345.9 *Appendix A, Maximum prices for by-product foundry coke per net ton (2,000 lbs.)*—(a) *General provision.* The maximum delivered price for by-product foundry coke shall be the price F. O. B. cars at the governing oven plant, plus rail transportation and switching charges from that oven plant to the place of delivery. The term "governing oven plant" means that oven plant, the price at which, together with transportation charges, results in the lowest price at the place of delivery.

Location of oven plant:	*F. o. b. oven plant in cars (per net ton)*
Alabama	$8.50
Chicago, Illinois	11.50
Ashland, Kentucky	10.00
Detroit, Michigan	11.75
Kearny, New Jersey	12.15
Buffalo, New York	11.75
Ironton, Ohio	10.00
Painesville, Ohio	11.25
Portsmouth, Ohio	10.00
Erie, Pennsylvania	11.75
Philadelphia, Pennsylvania	11.75
Chattanooga, Tennessee	9.00
Fairmont, West Virginia	10.00
Milwaukee, Wisconsin	12.25

(b) *Exceptions*—(1) *New England area.* The maximum delivered price in the states of Connecticut, Rhode Island, Massachusetts, New Hampshire, Vermont, Maine, and in the adjoining areas of New York State which have customarily been included within the New England shipping area, shall be $13.75 per net ton, less $0.15 per net ton discount for cash ten days.

(2) The maximum delivered prices within the following switching districts are:

District	*Delivered price*
Chicago, Illinois	$12.25
St. Louis., Mo., & East St. Louis, Ill.	12.02
Indianapolis, Indiana	12.00
Terre Haute, Indiana	12.00
Detroit, Michigan	12.25
Buffalo, New York	12.50
Cincinnati, Ohio	11.75
Cleveland, Ohio	12.30
Erie, Pennsylvania	12.25
Philadelphia, Pennsylvania	12.38
St. Paul and Minneapolis, Minnesota	14.00

(3) *Exception for certain existing relationships.* Whenever shipment is made from an oven plant other than the governing oven plant and the seller customarily during the six months preceding September 15, 1941, has received from a purchaser a price in excess of the maximum delivered price otherwise established by this Schedule, such higher price may continue to be charged such purchaser. Each person using this exception (3) shall file with the Office of Price Administration, on or before September 27, 1941, a list of purchasers to whom this exception (3) applies and all prices received from such customer during such period. Sales or shipments to customers may not be made under this exception (3) after October 1, 1941, without the filing of such list of purchasers and prices.

(4) *Shipments to West Coast.* On shipments to the states of California, Oregon and Washington, the governing oven plant may be Chicago, Illinois; *Provided,* That, when shipment is from the oven plants listed in paragraph (a) of this Appendix, the maximum delivered price may not exceed the F. O. B. oven plant price at such oven plants plus transportation charges.

(5) *Shipments from Swedeland, Pennsylvania.* Whenever shipment is from Swedeland, Pennsylvania, the maximum delivered price shall be the price provided in paragraph (a) of this Appendix or the price provided in this exception (5), whichever is lower, except when exceptions (1), (2), (3) or (4) are applicable the prices provided in such exceptions may be charged.

When the railroad freight rate for by-product foundry coke from Swedeland, Pennsylvania to the place of delivery, including switching charges, is:

Freight rate per net ton	*The maximum price per net ton shall be*
$0.68 and less	[1] $12.38
$0.69 to $0.96 inclusive	12.40
$0.97 to $1.66 inclusive	12.45
$1.67 to $2.24 inclusive	12.70
$2.25 to $2.50 inclusive	12.80
$2.51 to $2.85 inclusive	12.95
$2.86 and over	[2] 10.35

[1] Delivered.

[2] F. o. b. oven plant, except that on deliveries to be made in the Cumberland Valley and Central Pennsylvania, the price shall be $10.00 per net ton, f. o. b. oven plant.

(6) *Delivery other than by railroad.* When delivery is by means other than railroad, the maximum delivered price shall be the price as computed in this Appendix but adjusted to provide the customary differential or charge in effect on September 18, 1941, for such means of delivery.*

§ 1345.10 Appendix B, *maximum prices for by-product blast furnace coke per net ton (2,000 lbs.)* The maximum price f. o. b. oven plant on by-product blast furnace coke which may be charged by any person at each oven plant, shall be $0.75 per net ton above the weighted average price f. o. b. oven plant of such coke delivered by such person from each oven plant during the first quarter of 1941; *Provided,* That this Appendix B shall not apply to sales or shipments made after the issuance of this Schedule at less than $6.00 per net ton f. o. b. oven plant. The weighted average price means the average of the prices for which such coke was sold during such period weighted by the tons of such coke sold at each price.

Every person who produces and sells by-product furnace coke shall file prices at which such coke was delivered, and the quantity delivered at each price during the first quarter of 1941. Such information shall be filed with the Office of Price Administration, Washington, D. C. on or before September 27, 1941.*

Issued this 18th day of September 1941.

PART 1347—PAPER AND PAPER PRODUCTS

PRICE SCHEDULE NO. 30—WASTE PAPER SOLD EAST OF THE ROCKY MOUNTAINS

The Office of Price Administration, being charged with the maintenance of price stability and the prevention of undue price rises and economic dislocations, has determined after an exhaustive investigation and after numerous conferences with representatives of all branches of the trade, that the establishment of maximum prices for wastepaper is essential in order to accomplish these purposes and is in the interest of national defense and national welfare, and that the maximum prices set forth herein are fair and reasonable.

The defense effort has placed an increasing burden upon the wastepaper supply since it is a basic raw material in the manufacture of containers for food and manufactured products. Additional demands upon the wastepaper supply are made by manufactures of almost all types of paper, the channels of trade through which wood pulp was imported having been shut off by the war. Inflationary price rises threaten, and immediate action to prevent disastrous price spiraling is essential.

For several months this Office has attempted to prevent unwarranted price increases through the medium of individual voluntary price agreements. The more responsible dealers and mills have evidenced a willingness to cooperate. This segment of the industry has been unable to keep prices within those established by the agreements, however, because of certain operators who have put high prices before national welfare, and have attempted to circumvent the price agreements.

This schedule is at present limited to sales and purchases of wastepaper East of the Rocky Mountains, since no inflationary price increases threaten the West Coast area.

Accordingly, under the authority vested in me by Executive Order No. 8734,[1] it is hereby directed that:

§ 1347.1 *Maximum prices for waste paper.* On and after October 1, 1941, regardless of the terms of any contract of sale or purchase or other commitment, in the area East of the Rocky Mountains no person shall sell, offer to sell, deliver or transfer any grade of waste paper, and no person shall buy, offer to buy, or accept delivery of any grade of waste paper at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1347.10.*

*§§ 1347.1 to 1347.10, inclusive, issued pursuant to the authority contained in Executive Order No. 8734.

§ 1347.2 *Less than maximum prices.* Lower prices than those set forth in Appendix A may, however, be charged, demanded, paid or offered.*

§ 1347.3 *Evasion.* The price limitations set forth in this Schedule shall not be evaded by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of waste paper, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

[1] 6 F.R. 1917.

§ 1347.4 *Records.* Every person making purchases or sales aggregating ten short tons or more of any or all grades of waste paper in any one month shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of each purchase or sale of waste paper made during such month and each month thereafter, showing the date thereof, the name of the buyer or of the seller, the prices paid or received, and the quantity and grade or grades so purchased or sold. Such records shall set forth separately the f. o. b. point of shipment price and the transportation charge.*

§ 1347.5 *Affirmation of compliance.* All persons who are required by § 1347.4 to keep records, shall transmit, on or before November 10, 1941, and on or before the tenth day of each month thereafter, an affirmation of compliance on Form 130:1 containing a sworn statement that during the month for which the record is kept all purchases and sales were made at prices in compliance with this Schedule or with any exception or modification thereof. Copies of Form 130:1 can be procured from the Office of Price Administration or, provided no change is made in the style and content of it and that it is reproduced on 8" x 10½" paper, may be prepared by persons required to submit affirmation of compliance hereunder.*

§ 1347.6 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions contained in this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments through calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of any or all of the grades of waste paper or of the hoarding or accumulation of unnecessary inventories thereof, are urged and requested to communicate with the Office of Price Administration.*

§ 1347.7 *Modification of the price schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom.*

§ 1347.8 *Definitions.* When used in this Schedule, or any modifications or exceptions thereto, the term:

(a) "Person" includes an individual, partnership, association, corporation, or other business entity.

(b) "Wastepaper" includes all kinds, and grades and types of wastepaper.

(c) "Consumer" means a purchaser, for its own consumption, of wastepaper, i. e. paper mill, paperboard mill, roofing mill, etc.

(d) "Producer" means any person who produces, collects, sorts, packs, offers for sale, sells, or exchanges any wastepaper.*

§ 1347.9 *Effective date.* This Schedule shall become effective on October 1, 1941.*

§ 1347.10 *Appendix A, maximum prices for waste paper.* All prices given below are per short ton, f. o. b. point of shipment.[1]

[1] All prices established by this Schedule shall be for waste paper loaded on freight cars, trucks or other means of conveyance at the point of shipment. The point of shipment is the point from which the waste paper is to be shipped to the consumer.

[2] *All prices listed represent the maximum prices for the respective grades of waste paper, the highest qualities of which are defined in the footnotes below. Other qualities of waste paper of the grades defined must be sold at or below the maximum prices established.*

The prices established in this Schedule are the maximum prices to be charged or paid, and no differentials or service charges are to be added. In the event that hardship will be inflicted on any person by virtue of the removal of differentials that were in effect prior to January 1, 1941, application for exception should be made in accordance with § 1347.7 hereof.

[3] "No. 1 Mixed Paper" shall consist of clean dry waste paper, free from objectionable papers and foreign materials; and packed in large machine compressed bales weighing 650 pounds or more.

[4] "Super-Mixed Paper" shall consist of No. 1 mixed paper which has been screened and dusted, and is composed of hard, bright stock. The process of screening and dusting shall be performed mechanically by a "tumbler" or similar device. Must be packed in large ma-

chine compressed bales weighing 650 pounds or more.

[6] "No. 1 Baled News" shall consist of clean, dry, sorted and repacked newspapers free from foreign materials, objectionable and mixed papers and packed in large machine compressed bales weighing 650 pounds or more.

[7] "Overissue News" shall consist of all-white, large size, over-run newspapers from a newspaper office (not over 60 days old) and may be packed in securely tied bundles, small or large bales.

[8] "Old Corrugated Containers" shall consist of used corrugated or solid fibre containers free from foreign materials, mixed and objectionable papers and packed in large machine compressed bales weighing 650 pounds or more.

[9] "Old Kraft Corrugated Containers" shall consist of used containers of 90% to 100% kraft content, clean and dry, free from foreign materials, objectionable and mixed paper and packed in large machine compressed bales weighing 650 pounds or more. If kraft content is less than 90%, the packing shall be designated "Old Corrugated Containers".

[9] "New Corrugated Cuttings" shall consist of new corrugated cuttings of jute and/or kraft from a corrugating plant, or solid fibre or corrugated container converting plant, and shall be free from foreign materials, mixed and objectionable papers. May be packed in small or large bales.

[10] "Boxboard Cuttings" shall consist of clean, dry cuttings from paperboard converting plants or other usera of paperboard, free from objectionable and mixed papers and foreign materials, packed in large machine compressed bales weighing 650 pounds or more.

[11] "White Blank News" shall consist of clean, dry, and white news cuttings or sheets, free from mixed and objectionable papers and foreign materials, and packed in large machine compressed bales weighing 650 pounds or more.

[12] "Extra Manilas" shall consist of clean, dry, unprinted manila paper of uniform natural manila color, free from yellow news blanks, paper towels, canary colored blanks, goldenrod and bogus stock, as well as mixed and objectionable papers and foreign materials, and packed in large machine compressed bales weighing 650 pounds or more.

[13] "New Manila Envelope Cuttings" shall consist of clean, dry, new manila cuttings or sheets from envelope factories free from printed stock of any kind, mixed or objectionable papers and foreign materials, and may be packed in small or large bales.

[14] "No. 1 Hard White Shavings" shall consist of clean, dry, bond or writing paper shavings, free from colors and tints, parchment and groundwood, and from mixed or objectionable papers and foreign materials. Must be packed in large machine compressed bales weighing 650 pounds or more.

[15] "Hard White Envelope Cuttings" shall consist of clean, dry, bond or writing paper shavings, free from all colors and tints, parchment and groundwood and from mixed or objectionable papers and foreign materials. May be packed in small or large bales or in securely tied packages.

[16] "No. 1 Soft White Shavings" shall consist of clean, dry, unprinted, all-white bookpaper shavings, free from all colors and tints, parchment, and groundwood as well as mixed and objectionable papers, and foreign materials, and containing not more than 20% coated white paper stock. TITLE 33—NAVIGATION AND NAVIGABLE WATERS

CHAPTER II—CORPS OF ENGINEERS, WAR DEPARTMENT

PART 203—BRIDGE REGULATIONS[1]

§ 203.173 *Reynolds Channel (Wreck Lead-Long Beach Channel); Highway Bridge between Island Park and Long Beach, Nassau County, New York.* (a) The owner, or the agency controlling the drawbridge, shall provide the appliances and the personnel necessary for the safe, prompt and efficient operation of the draw.

(b) Except as provided in paragraph (c) of this section, the draw shall be opened promptly when the signal hereinafter prescribed for the opening of the draw is received from an approaching vessel or other water craft which cannot pass under the closed draw.

(c) On Saturdays and Sundays from May 15, to September 30, inclusive, and on Memorial Day, Independence Day, and Labor Day, of each year, between the hours of 3:01 p. m. and 7:59 p. m. openings of the draw will be made, only if necessary, every half-hour on the hour and on the half-hour: *Provided*, That the draw shall be opened promptly at all times to vessels owned, controlled, or employed by the United States Government. The time specified is E. D. S. T. or E. S. T. whichever is in force.

(d) *Signals.*

(1) *Call signals for opening of draw.*

(i) *Sound signal.*

(*a*) *United States Government.* Four distinct blasts of a whistle, horn or megaphone, or four loud and distinct strokes of a bell.

(*b*) *For all other vessels.* Three distinct blasts of a whistle, horn or megaphone, or three loud and distinct strokes of a bell sounded within a reasonable hearing distance of the bridge.

(ii) *Visual signal.* To be used in conjunction with sound signals when conditions are such that sound signals may not be heard.

A white flag by day, a white light by night, swung in full circles at arm's length in full sight of the bridge and facing the draw.

(2) *Acknowledging signals.*

(i) *By bridge operator.*

(*a*) *Sound signals.* Draw to be opened immediately: Same as call signal.

Draw cannot be opened immediately, or if open must be closed immediately: Two long distinct blasts of a whistle, horn or megaphone or by two loud and distinct strokes of a bell, to be repeated at regular intervals until acknowledged by the vessel.

(*b*) *Visual signals.* Draw to be opened immediately: A white flag by day or a green light at night swung up and down vertically a number of times in full sight of the vessel.

Draw cannot be opened immediately or if open must be closed immediately: A red flag by day, a red light by night swung to and fro horizontally in full sight of the vessel, to be repeated until acknowledged by the vessel.

(ii) *By the vessel.* Vessels or other water craft having signaled for the opening of the draw and having received a signal that the draw cannot be opened immediately, or if open must be closed immediately, will acknowledge said signal by one long blast followed by a short blast, or by swinging to and fro horizontally a red flag by day or a red light by night.

(e) Automobiles, trucks, vehicles, vessels or other water craft shall not be stopped or manipulated in a manner hindering or delaying the operation of the draw, but all passage over the drawspan or through the draw opening shall be in a manner so as to expedite both land and water traffic.

(f) The owner of, or agency controlling, this bridge shall provide and keep in good legible condition two board gauges painted white, with black figures not less than 8 inches high, to indicate the headroom clearance under the closed drawspan at all stages of the tide. The gauges shall be so placed on the bridge that they will be plainly visible to the operator of the vessel approaching the bridge either up or downstream.

(g) This drawbridge shall not be required to open for craft carrying appurtenances unessential for navigation which extend above the normal superstructure. Military masts shall be considered as part of the normal superstructure.

NOTE: Upon request, the district engineer in charge of the locality will cause inspection to be made of the superstructure and appurtenances of any craft habitually frequenting these waterways, with a view to adjusting any difference of opinion in this matter between the vessel owner and the bridge owner.

(h) Copies of these regulations shall be conspicuously posted on both the upstream and downstream sides of the bridge in such manner as to permit their being easily read at any time. (Sec. 5, River and Harbor Act, Aug. 18, 1894, 28 Stat. 362; 33 U.S.C. 499) [Regs. Aug. 28, 1941 (E.D. 6371 (Nassau Co. (N. Y.)—Wreck Lead (Long Beach Channel)—6/7)]

Bituminous Coal Division.

[Docket No. A-1036]

PETITION OF DISTRICT BOARD NO. 3 FOR PERMISSION TO USE ADDITIONAL LOADING POINTS FOR RAIL SHIPMENTS FROM CERTAIN MINES IN DISTRICT NO. 3

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 21, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 16, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment of additional shipping or loading points for the following mines for all shipments except truck: Vivian Mine (Mine Index No. 188) of the Albright Coal Co.; Arnold Mine (Mine Index No. 639) of E. C. Arnold; Hunt Bros. Mine (Mine Index No. 213) of E. C. Arnold; Riley #2 Mine (Mine Index No. 206) of E. C. Arnold; Blaser Mine (Mine Index No. 198) of Blaser Fuel Co.; Liston Mine (Mine Index No. 190) of Brock, Mitchell and Reed; Cook Mine (Mine Index No. 558) of the Cook & Zinn Coal Co. (Donald Zinn); Delphi Mine (Mine Index No. 937) of T. L. Cordray; E-Z #2 Mine (Mine Index No. 192) of the E-Z Fuel Co.; Coombs Mine (Mine Index No. 614) of the Hall Coal Co.; Blackburn #2 Mine of Guy A. Hardesty; Morgan & Henderson Mine (Mine Index No. 687) of Henderson, Morgan & Haught; Henderson Mine of Rex Henderson; Beech Hill Mine (Mine Index No. 941) of O. W. Stevens & Son; Davis Fork Mine (Mine Index No. 928) of Mike Triplett; Saltwell Mine (Mine Index No. 185) of Carmer R. Warnick; and Winchester Mine (Mine Index No. 164) of the Winchester Coal Co.

PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES, FOR ALL SHIPMENTS EXCEPT TRUCK, FOR A MIXTURE OF THE COALS OF THE CADOGAN MINE (MINE INDEX NO. 76) OF THE ALLEGHENY RIVER MINING COMPANY WITH THE COALS OF CERTAIN OTHER MINES IN DISTRICT NO. 1

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 16, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the

facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 11, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment, for all shipments except truck, of price classification "H" for Size Groups 1, 2 and 3 and "J" for Size Groups 4 and 5 for coals of the following mines when mixed with coals produced at the Cadogan Mine (Mine Index No. 76) of the Allegheny River Mining Company and loaded over the Cadogan tipple: Freebrook No. 7 Mine (Mine Index No. 664) of the Freebrook Corp.; Loyal T. Henderson Mine (Mine Index No. 1491) of Loyal T. Henderson; Orpha Mine (Mine Index No. 353) of the James Coal Mng. Co.; Mohawk Mine (Mine Index No. 326) of the Mohawk Mng. Co.; and the Radaker Mine (Mine Index No. 1921) of C. C. Radaker.

[Docket No. A-863]

PETITION OF LEO PILATI, ET AL., CODE MEMBERS IN DISTRICT NO. 22, FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES FOR CERTAIN COALS PRODUCED AT THEIR MINES IN THAT DISTRICT

ORDER DISMISSING PETITION

An original petition was filed with this Division by Leo Pilati and other code members in District No. 22, requesting modification of the minimum prices for certain coals produced by them, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. District Boards Nos. 19 and 22 filed intervening petitions in opposition to the relief requested.

Neither the original petitioners nor the intervening petitioners appeared at the hearing duly scheduled in the matter for June 12, 1941, at Washington, D. C. However, pursuant to a motion filed by District Board No. 22 on June 11, 1941, the Acting Director by his Order dated July 23, 1941, reset the hearing for August 18, 1941, at a hearing room of the Division at Billings, Montana.

The original petitioners again failed to appear or offer evidence in support of their petition when the hearing convened at Billings, Montana. Thereupon, District Board No. 22 moved that the original petition be dismissed, with prejudice. The hearing was thereupon concluded, and the motion was referred by the trial examiner to the Director for determination.

Good cause therefor having been shown, and no objection thereto appearing,

It is hereby ordered, That the original petition filed in the above-entitled matter be, and it hereby is, dismissed, without prejudice.

Dated: September 17, 1941.

ORDER DISMISSING PETITION

Pursuant to due notice given, a formal hearing on the original petition filed in the above-entitled matter convened on August 6, 1941, at a hearing room of the Bituminous Coal Division in Fort Smith, Arkansas.

The original petitioner failed to appear or offer evidence at that hearing in support of its petition. District Board No. 14 which had filed an intervening petition in the matter in opposition to the relief requested in the original petition thereupon moved that the original petition be dismissed.

Good cause therefor having been shown, and no opposition thereto appearing,

It is hereby ordered, That the original petition filed in the above-entitled matter be and it hereby is, dismissed without prejudice.

[Project No. 1503]

IN THE MATTER OF STATE OF ARIZONA

ORDER POSTPONING DATE OF HEARING

SEPTEMBER 16, 1941.

It appearing to the Commission that:

(a) By order dated July 30, 1941, the Commission directed that public hearing on the application for license for Project No. 1503 and matters referred to in said order be held on September 22, 1941, at 9:45 o'clock a. m. in the Commission's Hearing Room, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C.;

(b) On August 16, 1941, the Comprehensive Development Committee of Fourteen of the Upper Basin, through its Chairman, filed a petition requesting that the date for said public hearing be continued until November 30, 1941, or if such postponement could not be granted, the date for said public hearing be continued until October 30, 1941;

The Commission *orders* that: The date of the public hearing on the matters set forth in its order of July 30, 1941, be and it is hereby postponed until December 1, 1941, on which date said hearing shall commence at 9:45 o'clock a. m. in the Hearing Room, Arizona Corporation Commission, Phoenix, Arizona.

[Docket No. G-214]

IN THE MATTER OF UNITED GAS PIPE LINE COMPANY

ORDER FIXING DATE OF HEARING

SEPTEMBER 16, 1941.

It appearing to the Commission that:

(a) On September 13, 1941, the United Gas Pipe Line Company, a Delaware corporation having its principal office in Shreveport, Louisiana, filed an application under oath for permission to remove and relocate a certain section of its main transmission pipe line known as the "Gulfport Lateral Line" consisting of approximately 63 miles of 12 inch pipe extending from a point on applicant's Benton-Mobile line near the intersection of said line with the common boundary line, between the counties of Greene and Perry, Mississippi, and ending at a point near the City of Gulfport, Mississippi, as fully described on a map attached to said application;

(b) Applicant states that the said Gulfport Lateral Line, which was constructed in the year 1930, is presently utilized by applicant solely for the purpose of transporting natural gas to two points located near the City of Gulfport, Mississippi, where it sells such gas to distributing companies for resale in Gulfport, Mississippi City, Biloxi, Pass Christian, Long Beach, Handsboro and Bay St. Louis in the State of Mississippi; and applicant states that at no time since the construction of the said Gulfport Lateral Line has gas been sold or delivered in the area traversed by the 60 mile portion of the said line proposed to be removed and relocated; and further, that "the area surrounding the location of said line, which applicant desires to remove and relocate, is sparsely settled farming and timber country," "and applicant knows of no prospective demand for natural gas service therefrom."

(c) Applicant proposes to continue supplying the said cities and towns (enumerated in paragraph (b)) with natural gas, without interruption of service, through a new section of transmission pipe line (varying in sizes from 12 inches to 16 inches in diameter) presently under construction and extending from a gas producing field at Lirette, Terrebonne Parish, Louisiana, in an easterly direction approximately 200 miles to a point near Mobile, Alabama, which will connect with the present Gulfport Lateral Line at a point approximately 2½ miles north of the City of Gulfport, Mississippi;

(d) Applicant states that the said new section of transmission pipe line is being constructed for the purpose of augmenting its present insufficient pipe line facilities for supplying fuel requirements to defense industries situated at and near Mobile, Alabama, and Pensacola, Florida; that, if construction of the said pipe line is not completed by the latter part of October 1941, defense industries that are to be served "may be curtailed as to their fuel requirements"; that applicant requires the pipe which it desires to remove from the said Gulfport Lateral Line for the completion of this new line, since it believes that even with a priority rating from the Office of Production Management it will be extremely difficult to get delivery of sufficient pipe to complete the project within the time limit above stated;

(e) Applicant prays that it be granted permission to remove and relocate approximately 60 miles of the said Gulfport Lateral Pipe Line and facilities, as above described, and that such removal and relocation be not held to be an abandonment of facilities within the meaning of section 7 (b) of the Natural Gas Act; or, in the alternative, applicant prays that this matter be set down for hearing at an early date;

(f) The said application and attached exhibits indicate that the proposed removal and relocation of said portion of the Gulfport Lateral Line may affect the supplying of fuel requirements to defense industries, and that a hearing in the matter should, therefore, be set at an early date;

The Commission *orders* that: A public hearing on said application be held on September 23, 1941, at 9:45 o'clock a. m., in the hearing room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue N.W., Washington, D. C.

[Docket No. G-215]

IN THE MATTER OF PANHANDLE EASTERN PIPE LINE COMPANY

ORDER FIXING DATE OF HEARING

SEPTEMBER 16, 1941.

The Panhandle Eastern Pipe Line Company (hereinafter referred to as "Applicant") by application filed September 15, 1941, applied for an order pursuant to section 7 (b) of the Natural Gas Act for authority to abandon certain

natural gas facilities subject to the jurisdiction of the Commission.

It appearing to the Commission from the averments of the application that:

(a) In the year 1930 or 1931 Applicant constructed an 8-inch gas pipe line from its existing main transmission line a distance of approximately 32 miles to a point at or near Mildred, Kansas, for the original sole purpose of supplying the fuel requirements of the Consolidated Cement Corporation's cement plant located near Mildred, Kansas;

(b) Upon completion of Applicant's said pipe line a contract dated March 5, 1931, and to remain in effect until August 26, 1941, was entered into between Applicant and John J. Griffin, a distributor of natural gas, to supply natural gas for resale in the community of Mildred, Kansas, and the town of Kincaid, Kansas;

(c) On March 25, 1931, John J. Griffin assigned to the Kansas Gas & Fuel Company all of his right, title and interest in and to the aforementioned contract;

(d) On May 1, 1940, Kansas Gas & Fuel Company applied to Applicant for service under its Therm Rate Schedules on file with this Commission, which application was accepted by the Applicant on May 18, 1940. The said Therm Rate Schedules superseded the contract of March 5, 1931, for the unexpired term thereof and provided that unless terminated at the end of said term they should extend for successive annual periods thereafter until terminated by notice of Kansas Gas & Fuel Company to the Applicant;

(e) Under the terms and conditions of the contract between the Applicant and the Consolidated Cement Corporation, the latter company purchased natural gas for its fuel requirements from Applicant for a period of approximately three weeks, at which time it permanently discontinued the operations of its plant and ceased taking gas under said contract. Subsequently the cement plant was dismantled and removed from the vicinity of Mildred, Kansas. Since the discontinuance of the cement plant the aforementioned 8-inch pipe line has not been used or useful except for the incidental supply of gas to the communities of Mildred and Kincaid, Kansas, as aforesaid;

(f) In June or July 1941, Kansas Gas & Fuel Company entered into a contractual arrangement for the supply of natural gas from The Commercial Gas Pipe Line Company, which produces natural gas in the State of Kansas and owns a system of natural gas pipe lines for the purpose of serving various communities in the general area of Kincaid and Mildred, Kansas;

(g) A 4-inch branch pipe line of The Commercial Gas Pipe Line Company is located at a distance approximately two miles northeast of the town of Kincaid, Kansas. Subsequent to the date upon which the arrangements aforesaid were entered into between Kansas Gas & Fuel Company and The Commercial Gas Pipe Line Company, a 2-inch connecting gas pipe line was constructed from a point on the said 4-inch branch line of The Commercial Gas Pipe Line Company to the town of Kincaid, Kansas;

(h) On or about September 1, 1941, the Kansas Gas & Fuel Company commenced to receive all of its gas requirements for resale in Kincaid and Mildred from The Commercial Gas Pipe Line Company and at the same time ceased taking any gas from the Applicant;

(i) Since on or about September 1, 1941, Applicant's aforementioned 8-inch gas pipe line from its main transmission line to a point just west of Kincaid, Kansas, has been disconnected and no person, firm, or corporation is now receiving natural gas from said line;

(j) Applicant desires to reclaim its said 8-inch gas pipe line, and upon reclamation thereof to transfer the pipe to its wholly owned subsidiary Illinois Natural Gas Company for use in the construction of a pipe line in the vicinity of Galesburg, Illinois, for the service of approximately 9,000 consumers;

The Commission orders:

That a public hearing be held in the Police Courtroom, Civic Auditorium, Emporia, Kansas, on September 24, 1941, at 9:45 a. m., for the purpose of determining whether or not the present or future public convenience or necessity will permit such abandonment.

By the Commission.

Secretary.

FEDERAL TRADE COMMISSION.

[Docket No. 4589]

IN THE MATTER OF C. H. ROBINSON COMPANY, A CORPORATION, AND NASH-FINCH COMPANY, A CORPORATION; RESPONDENTS

COMPLAINT

The Federal Trade Commission, having reason to believe that the parties respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, have violated and are now violating the provisions of sub-section (c) of section 2 of the Clayton Act (U.S.C. Title 15, Sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent, C. H. Robinson Company, is a corporation, organized and existing under and by virtue of the laws of the State of North Dakota, with its executive offices and principal place of business located at 430 Oak Grove Avenue, Minneapolis, Minnesota. This respondent engages in the produce brokerage business, acting as an intermediary in transactions of sale and purchase of fruits and vegetables, between numerous sellers and buyers. In the course of its business which extends throughout the United States, respondent maintains approximately twenty-seven branch offices.

PAR. 2. Respondent, Nash-Finch Company, is a corporation organized and existing under and by virtue of the laws of the state of Delaware, with its principal office and place of business located at 430 Oak Grove Avenue, Minneapolis, Minnesota.

This respondent is engaged in the wholesale grocery business in the western half of the United States, operating through approximately sixty branch places of business.

PAR. 3. Respondent Nash-Finch Company places orders for a substantial portion of the fruits and vegetables required by it in the ordinary conduct of its business with sellers who are, in most cases, located in states of the United States other than the State of Minnesota, through the produce brokerage firm of C. H. Robinson Company. As a result of the transmission and execution of said orders, as aforesaid, goods, wares and merchandise, particularly fruits and vegetables, are in the case of each such order and in a continuous succession of such orders, sold, transported and delivered by one or more of such sellers across state lines to Nash-Finch Company.

PAR. 4. The authorized capital stock of respondent C. H. Robinson Company is 2,000 shares, of a par value of $50.00 per share, of which 1,606 shares are issued and outstanding. The record owner of 1,601 shares of the outstanding capital stock is respondent Nash-Finch Company. The remaining five shares of outstanding capital stock are recorded one share each in the names of the five principal corporate officers of respondent C. H. Robinson Company.

The earnings and profits realized by respondent C. H. Robinson Company from the operation of its produce brokerage business amount to a substantial sum. These profits are distributed to stockholders from time to time by means of declared dividend payments. Respondent Nash-Finch Company shares in such profits and earnings by receiving and accepting dividend payments declared upon its ownership of capital stock of respondent C. H. Robinson Company.

PAR. 5. In the course and conduct of the buying and selling transactions hereinabove referred to, resulting in the delivery of goods, wares and merchandise, particularly fruits and vegetables, in interstate commerce from one or more sellers to respondent Nash-Finch Company, sellers have transmitted and paid, and do transmit and pay, to respondent, C. H. Robinson Company, brokerage fees or commissions, the same being a certain percentage of the sales price of such purchases, or a specified sum allowed on each carload, crate, basket, lug, or bag. Since June 19, 1936, sellers have paid brokerage fees and commissions to, and the same have been received by the C. H. Robinson Brokerage Company upon the purchases of Nash-Finch Company in the manner above described in substantial amounts.

PAR. 6. In all of the transactions of purchase and sale hereinabove referred to, the respondent C. H. Robinson Company has acted under the control and in fact for and on behalf of respondent Nash-Finch Company.

PAR. 7. The receipt and acceptance from sellers of brokerage fees and commissions by said respondent C. H. Robinson Company, upon the purchases of a buyer, such as respondent Nash-Finch Company, while respondent is under the control of or acting in fact for such purchaser, and the receipt and acceptance of brokerage, including the C. H. Robinson Company dividend payments, by respondent Nash-Finch Company, upon its own purchases in the manner and form hereinabove set forth, is in violation of the provisions of sub-section (c) of section 2 of the Act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission, on this 12th day of September, A. D. 1941, issues its complaint against said respondents.

NOTICE

Notice is hereby given you, C. H. Robinson Company, a corporation, and Nash-Finch Company, a corporation; respondents herein, that the 17th day of October, A. D. 1941, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission, may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed at Washington, D. C., this 12th day of September, A. D. 1941.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–402]

IN THE MATTER OF CITIES SERVICE POWER & LIGHT COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than September 29, 1941, at 4: 30 p. m., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The Company seeks authority, in excess of amounts permitted by Rules and previous authorization of the Commission, to expend not in excess of $100,000 in the acquisition of its outstanding preferred stock during the period of one year next ensuing after the date of the Commission's order in this matter. It is proposed that such acquisitions be made at such times and from time to time during said period as in the judg-

ment of the management of the Company may be desirable or appropriate. The acquisitions will be made in the open market either through brokers or dealers on securities exchanges or in the over-the-counter market, or at private sales, at the current market prices prevailing at the time of purchase; but no such acquisitions are to be made at a price exceeding the involuntary liquidating value thereof of $100 per share nor from any affiliated Company. No fees or commissions in connection with such acquisitions are to be paid by the Company other than the usual brokers or dealers commissions.

Cities Service Power & Light Company has, since January 1, 1941, acquired 1,586 shares of its preferred stock at a cost of $149,977.75.

The declaration or application recites that the company considers section 12 (c) of the Act and Rule U-42 of the Rules and Regulations thereunder as being applicable to such transactions.

Costs therefor, if any, will be paid by or charged to the account of the borrower whenever a mortgage on new security or a renewal mortgage is taken, except that where the new or renewal mortgage is not given to secure a new loan or advance and the borrower's Loan Agreement was executed on a copy of Form FSA-RR 15 printed previous to the revision of the Form dated March 15, 1940, the costs for such certificates may not be charged to the borrower. The regional director will issue detailed instructions as to the circumstances under which certificates of priority will be required and how they will be obtained. (i) Certificates of priority will be prepared on Form FSA-LE 87 or Form FSA-RR 87A, "Report of Lien Search" (depending upon the recommendation of the regional attorney as to which of the two Forms should be used), in an original and one copy covering all liens other than liens on real estate. The original will be retained by the RR supervisor and the copy will be forwarded to the regional office.

(ii) Certificates of priority should in all cases be executed by competent persons. It is preferable wherever possible, that they be prepared by competent FSA employees at no cost to the borrower. They may be obtained, however, through regular commercial channels if it is impracticable for FSA employees to perform such services and the amounts involved are not unreasonable. The maximum charges which may be considered reasonable for such services will be determined by the regional director for each state or area.

(6) In areas where local law gives the landlord a prior lien on crops and it is impossible to obtain a subordination from him the best lien obtainable will be taken. In those instances in which an obligation secured by a lien prior to that of the FSA (i) is about to mature or has matured, and the holder of such a lien desires to extend or renew the obligation, or (ii) where the refinancing of said obligation can be obtained from another lending agency or individual (provided said refinancing is determined by the regional director to be necessary in the furtherance of the rehabilitation of the borrower, and, *Provided further:* That the principal amount of the obligation to be secured by the lien in favor of the refinancing agency or individual does not exceed the unpaid principal balance plus accrued interest or other proper charges due under the existing prior lien at the time the subordination provided for herein becomes effective), a subordination agreement may be executed by the regional director to preserve the priority of such lien or of the lien which will be substituted therefor if the obligation is refinanced, providing the relative position of the FSA lien is maintained, and the repayment of the FSA loan is not thereby jeopardized. It is the policy of the FSA not to subordinate FSA liens, to either Federal or non-Federal agencies or individuals. In particular, except as

herein provided, it is contrary to FSA policy to subordinate FSA liens in order to permit borrowers to obtain credit from outside sources. As a general rule, it is considered that the rehabilitation of the borrower can best be achieved by providing all his credit needs from FSA funds during the period of his rehabilitation. Exceptions to the foregoing policy may be granted only upon written authority of the Director of the RR Division. After such authority has been given, the regional director may prepare and execute the subordination agreement.

(h) *Executing, recording and filing of securing documents.*

* * * * *

(3) Statutory fees for filing or recording mortgages or other legal instruments (including renewal mortgages or statements, or Form FSA–LE 126, "Affidavit of Extension and Renewal") incidental to loan transactions will in all cases be paid by or charged to the account of the borrower.

(4) RR supervisors will be expected to collect all necessary fees from the borrower in payment for recording, filing, or other similar action, at the time of delivery of the loan check or at the time of execution of new or renewal security. In each instance in which cash is accepted by the collecting official or other FSA personnel to be used to pay the filing fees or cost of recordation of security instruments, Form FSA–385, "Acknowledgement of Payment of Filing or Recording Fees", will be executed in duplicate. (Books of serially numbered "Acknowledgement" Forms will be issued to collecting officials from the regional office upon their request.) The original will be given to the borrower and the copy will be retained in the book. It is important that the collecting official or other personnel who accept custody of such fees make it clear to the borrower that the amount so accepted is not received by the Government as a credit on the borrower's loan indebtedness, but is accepted only for the purpose of paying the recordation or filing fees in behalf of the borrower. Collecting officials will obtain written receipt for disbursement of the fees collected either in the blank space at the bottom of the retained copy of the "Acknowledgement" Form, or on a separate receipt form issued by the county clerk or other official performing the service for which the fee was collected. If a separate receipt is obtained, it should be securely fastened to the book of copies of the "Acknowledgement" to be retained permanently in the county office. If the borrower is without financial resources, and the necessary fees cannot be collected from him in advance, the RR supervisor may pay such fees by means of Standard Form No. 1034, "Public Voucher for Purchases and Services Other than Personal". In cases where local recording officials or others will not or cannot accept Standard Form No. 1034 in payment of such fees, the RR supervisor, if specifically authorized in his "Letter of Authorization", may pay such fees in cash and obtain reimbursement by means of a separate Standard Form No. 1012, "Voucher for Per Diem and/or Reimbursement of Expenses Incident to Official Travel". Where payment of recording, filing, or other fees chargeable to the borrower is made by means of Standard Form No. 1034, or where the fee is paid in cash and reimbursement is sought through Standard Form No. 1012, the Voucher, in either case, must contain instructions that the amount of such fee be charged to the account of the borrower for whom the fee has been paid. Such claims for reimbursement must not be included on the same Voucher as claims for mileage and per diem reimbursements, and will be submitted in an original and three copies. Wherever possible, the RR supervisor must avoid paying recording and filing fees in cash and seeking reimbursement through Standard Form No. 1012 because of the additional cost incident to the transfer of such charges to the borrower's account when they are paid in this way. (54 Stat. 611, and Sec. Memo. 867, June 28, 1940, which extends the life of previous orders of the Secretary and makes them applicable under the Act; 50 Stat. 522, and Sec. Memo. 738, Sept. 30, 1937.)

TITLE 7—AGRICULTURE

CHAPTER III—BUREAU OF ENTOMOLOGY AND PLANT QUARANTINE

[B. E. P. Q.—Q. 71]

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—DUTCH ELM DISEASE QUARANTINE

Revision of Quarantine and Regulations Effective October 1, 1941

Introductory note. This revision of the quarantine and regulations extends the regulated areas to include parts of nine Pennsylvania counties and additional sections in Connecticut, New Jersey, and New York where the Dutch elm disease has been located, including parts of the following newly added counties: New London County, Conn., Burlington and Ocean Counties, N. J., and the New York counties of Albany, Broome, Chenango, Delaware, Greene, Otsego, and Sullivan. The town of Huntington, Suffolk County, N. Y., has been removed from the regulated area. The Chief of the Bureau of Entomology and Plant Quarantine, under authorization contained in the present revision of the quarantine notice, may modify, by making less stringent, the restrictions of the regulations.

Summary. The areas covered by these regulations comprise parts of Connecticut, New Jersey, New York, and Pennsylvania as designated in § 301.71–3.

These regulations prohibit the interstate movement from the regulated areas of all parts of elms of all species, except that elm lumber or products manufactured from or containing elm wood, if entirely free from bark, are exempt from restriction.

No restrictions are placed on the interstate movement wholly within the regulated area.

Shipments originating outside the regulated area may be moved through the regulated area only on through billing. Restricted articles trucked through the regulated area in summer must be covered.

Determination of the Secretary of Agriculture. The Secretary of Agriculture, having given the public hearing required by law and having determined that it was necessary to quarantine the States of Connecticut, New Jersey, and New York, to prevent the spread of the Dutch elm disease (*Ceratostomella ulmi* Buisman (*Graphium ulmi* Schwarz)), a dangerous plant disease not theretofore widely prevalent or distributed within and throughout the United States, on February 20, 1935, promulgated a revision of Notice of Quarantine § 301.71, Part 301, Chapter III, Title 7, Code of Federal Regulations, and the regulations supplemental thereto, governing the movement of elm plants or parts thereof of all species of the genus *Ulmus*, irrespective of whether nursery, forest, or privately grown, including (1) trees, plants, leaves, twigs, branches, bark, roots, trunks, cuttings, and scions of such plants; (2) logs or cordwood of such plants; and (3) lumber, crates, boxes, barrels, packing cases, and other containers manufactured in whole or in part from such plants (unless the wood was entirely free from bark), from any of the above-named States into or through any other State or Territory or District of the United States, §§ 301.71–1–6 inclusive, Part 301, Chapter III, Title 7, Code of Federal Regulations [B.E.P.Q.—Q. 71, effective on and after February 25, 1935]. The Secretary of Agriculture, having given a further public hearing in the matter, has determined that it is necessary to revise the quarantine and regulations for the purpose of extending the regulated areas owing to the existence of substantial infections of the Dutch elm disease in Pennsylvania and in additional sections of Connecticut, New Jersey, and New York, and to make other modifications.

Order of the Secretary of Agriculture. Pursuant to the authority conferred upon the Secretary of Agriculture by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U.S.C. 161), the subpart entitled "Dutch Elm Disease" of Part 301, Chapter III, Title 7, Code of Federal Regulations [B.E.P.Q.—Q.71] is hereby amended effective October 1, 1941, to read as follows:

SUBPART—DUTCH ELM DISEASE QUARANTINE

§ 301.71 *Notice of quarantine.* Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U.S.C. 161), the Secretary of Agriculture quarantines the States of Connecticut, New Jersey, New York, and Pennsylvania, to prevent the spread of the Dutch elm disease. Hereafter, elm plants or parts thereof of all species of the genus *Ulmus*, irrespective of whether nursery, forest, or privately grown, including (a) trees, plants, leaves, twigs, branches, bark, roots, trunks, cuttings, and scions of such plants; (b) logs or cordwood of such plants; and (c) lumber, crates, boxes, barrels, packing cases, and other containers manufactured in whole or in part from such plants (unless the wood is entirely free from bark) shall not be shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved from any of said quarantined States into or through any other State or Territory or District of the United States in manner or method or under conditions other than those prescribed in the regulations hereinafter made and amendments thereto: *Provided*, That the restrictions of this quarantine and of the regulations supplemental thereto may be limited to the areas in a quarantined State now, or which may hereafter be, designated by the Secretary of Agriculture as regulated areas when, in the judgment of the Secretary, the enforcement of the aforesaid regulations as to such regulated areas shall be adequate to prevent the spread of the Dutch elm disease: *Provided further*, That such limitations shall be conditioned upon the said State providing for and enforcing such control measures with respect to such regulated areas as, in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the spread of the Dutch elm disease therefrom to other parts of the State: *And provided further*, That certain articles classed as restricted herein may, because of the nature of their growth or production or their manufactured or processed condition, be exempted by administrative instructions issued by the Chief of the Bureau of Entomology and Plant Quarantine when, in his judgment, such articles are considered innocuous as carriers of infection: *And provided further*, That whenever, in any year, the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to the pest risk involved in the movement of one or more of the articles to which the regulations supplemental hereto apply, making it safe to modify, by making less stringent, the restrictions contained in any such regulations, he shall set forth and publish such finding in administrative instructions, specifying the manner in which the applicable regulation should be made less stringent, whereupon such modification shall become effective, for such period and for such regulated area or portion thereof as shall be specified in said administrative instructions, and every reasonable effort shall be made to give publicity to such administrative instructions throughout the affected areas.*

*§§ 301.71 to 301.71–5, inclusive, issued under the authority contained in sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161.

Regulations

§ 301.71–1 *Definitions.* For the purpose of these regulations the following words, names, and terms shall be construed, respectively to mean:

(a) *Dutch elm disease.* The plant disease known as the Dutch elm disease (*Ceratostomella ulmi* Buisman (*Graphium ulmi* Schwarz)), in any stage of development.

(b) *Quarantined area.* Any State quarantined by the Secretary of Agriculture to prevent the spread of the Dutch elm disease.

(c) *Regulated area.* Any area in a quarantined State which is now, or which may hereafter be, designated as such by the Secretary of Agriculture in accordance with the provisos of § 307.71, as revised.

(d) *Moved interstate.* Shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved from one State or Territory or District of the United States into or through any other State or Territory or District.

(e) *Inspector.* An inspector of the United States Department of Agriculture.*

§ 301.71–2 *Limitations of restrictions to regulated areas.* Conditioned upon the compliance on the part of the State concerned with the first and second provisos to § 301.71, the restrictions provided in these regulations on the interstate movement of plants and plant products and other articles enumerated in said § 301.71 will be limited to such movement from the areas in such State now or hereafter designated by the Secretary of Agriculture as regulated areas.*

§ 301.71–3 *Regulated areas.* In accordance with the first and second provisos to § 301.71, the Secretary of Agri-

culture designates as regulated areas for the purpose of these regulations the counties, townships, towns, and cities listed below, including all cities, towns, boroughs, or other political subdivisions within their limits:

Connecticut. Fairfield County; towns of Bethlehem, Bridgewater, Harwinton, Litchfield, Morris, New Milford, Roxbury, Thomaston, Torrington, Washington, Watertown, and Woodbury, in *Litchfield County;* all of *New Haven County* except the towns of Cheshire, Madison, Prospect, and Wolcott; and the town of Preston, in *New London County.*

New Jersey. Counties of Bergen, Essex, Hudson, Hunterdon, Mercer, Morris, Passaic, Somerset, Sussex, Union, and Warren; townships of Bordentown, Chesterfield, Mansfield, New Hanover, North Hanover, Pemberton, and Springfield, the city of Bordentown, and the boroughs of Fieldsboro and Pemberton, in *Burlington County;* all of *Middlesex County* except the townships of Cranbury and Monroe, and the boroughs of Helmetta, Jamesburg, and Spotswood; all of *Monmouth County* except the townships of Freehold, Millstone, Neptune, and Wall, and the boroughs of Avon-by-the-Sea, Belmar, Bradley Beach, Brielle, Freehold, Jersey Homestead, Manasquan, Neptune City, Sea Girt, South Belmar, Spring Lake, and Spring Lake Heights; and the township of Plumstead, in *Ocean County.*

New York. Counties of Bronx, Dutchess, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, and Westchester; town of Bethlehem, in *Albany County;* towns of Chenango, Colesville, Conklin, Fenton, Kirkwood, Sanford, and Windsor, in *Broome County;* towns of Afton, Bainbridge, Coventry, and Greene, in *Chenango County;* towns of Ancram, Claverack, Clermont, Copake, Gallatin, Germantown, Ghent, Livingston, and Taghkanic, in *Columbia County;* town of Deposit, in *Delaware County;* town of Catskill, in *Greene County;* town of Unadilla, in *Otsego County;* town of Mamakating, in *Sullivan County;* and all of *Ulster County* except the towns of Denning, Hardenbergh, Kingston, Olive, Shandaken, and Woodstock.

Pennsylvania. Township of Amity, in *Berks County;* all of *Bucks County* except the townships of Lower Southampton and Upper Southampton; townships of Lower Milford, Salisbury, and Upper Saucon, and the borough of Coopersburg, in *Lehigh County;* townships of Hanover, Pittston, and Plains, city of Wilkes-Barre, and the boroughs of Ashley, Edwardsville, Forty Fort, Kingston, Larksville, Plymouth, Sugar Notch, Warrier Run, and Wyoming, in *Luzerne County;* townships of Middle Smithfield, Smithfield, and Stroud, and the boroughs of Delaware Water Gap, East Stroudsburg, and Stroudsburg, in *Monroe County;* townships of Franconia, Hatfield, Lower Merion, Lower Moreland, Marlboro, New Hanover, Perkiomen, Salford, Upper Hanover, Upper Merion, West Norriton, and that portion of Whitemarsh Township northeast of Stenton Avenue, and the boroughs of Bridgeport, Bryn Athyn, East Greenville, Greenlane, Hatfield, Narberth Pennsburg, Red Hill, Souderton, West Conshohocken, and West Telford, in *Montgomery County;* townships of Bethlehem, Hanover, Lower Mount Bethel, Lower Saucon, Upper Mount Bethel, and Williams, the city of Easton, and the boroughs of Freemansburg, Glendon, Hellertown, Portland, West Easton, and Wilson, in *Northampton County;* ward 35, in the city of Philadelphia, in *Philadelphia County;* and the townships of Harmony and Jackson, and the borough of Lanesboro, in *Susquehanna County.*[*]

§ 301.71–4 *Control of movement of elm plants and elm products.* Elm plants or parts thereof of all species of the genus *Ulmus,* irrespective of whether nursery, forest, or privately grown, including (a) trees, plants, leaves, twigs, branches, bark, roots, trunks, cuttings and scions of such plants; (b) logs or cordwood of such plants; and (c) lumber, crates, boxes, barrels, packing cases, and other containers manufactured in whole or in part from such plants, if the wood is not free from bark, shall not be moved interstate from any regulated area to or through any point outside thereof.

Plants and plant products enumerated in this regulation may be moved interstate from an area not under regulation through a regulated area to a nonregulated area only when such movement is on through billing: *Provided,* That such movement by truck or other road vehicle may not be made during the period from April 1 to October 31, inclusive, of any 12-month period unless the restricted products contained therein while passing through any regulated area are covered or otherwise protected, to the satisfaction of an inspector, from contamination by insect vectors of the Dutch elm disease.[*]

§ 301.71–5 *Shipments for experimental and scientific purposes.* Articles subject to restriction in these regulations may be moved interstate for experimental or scientific purposes, on such conditions and under such safeguards as may be prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The container of articles so moved shall bear, securely attached to the outside thereof, an identifying tag from the Bureau of Entomology and Plant Quarantine showing compliance with such conditions.[*]

Done at Washington, D. C., this 20th day of September 1941.

Witness my hand and the seal of the United States Department of Agriculture.

CHAPTER VIII—SUGAR DIVISION OF THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

PART 821—SUGAR QUOTAS

RESCISSION OF ORDER ALLOTING THE 1941 SUGAR QUOTA FOR THE DOMESTIC BEET SUGAR AREA

Pursuant to the authority conferred upon the Secretary of Agriculture under the Sugar Act of 1937, as amended, and on the basis of information now before the Secretary of Agriculture, it is hereby found and determined that the allotment of the 1941 sugar quota for the domestic beet sugar area is no longer necessary to accomplish the purposes of the act, and the "Decision and Order of the Secretary of Agriculture Allotting the 1941 Sugar Quota for the Domestic Beet Sugar Area," issued May 9, 1941, together with all supplements thereto,[1] is hereby rescinded. (Sec. 205, 50 Stat. 906; 7 U.S.C. 1115; Sec. 504, 50 Stat. 915; 7 U.S.C. 1174)

In testimony whereof, I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the District of Columbia, city of Washington, this 20th day of September 1941.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

PART 821—SUGAR QUOTAS

SUGAR CONSUMPTION REQUIREMENTS AND QUOTAS FOR THE CALENDAR YEAR 1941

Pursuant to the authority conferred upon the Secretary of Agriculture under the Sugar Act of 1937, as amended, the following regulations are hereby prescribed, which shall have the force and effect of law and shall remain in force and effect until amended or superseded by regulations hereafter made by the Secretary of Agriculture:

§ 821.221 *Consumption requirements for 1941.* It is hereby determined, pursuant to section 201 of the Sugar Act of 1937, as amended (hereinafter referred to as the "act"), that a quantity of 9,002,976 short tons of sugar, raw value, is required as a consumption determination in order to make available the amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1941. (Sec. 201, 50 Stat. 904; 7 U.S.C. 1111)

§ 821.222 *Quotas for domestic areas and proration of deficits therein*—(a) *Revised quotas.* There are hereby established, pursuant to section 202 of the said act, for domestic sugar-producing areas, for the calendar year 1941, the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Domestic beet sugar	2,087,983
Mainland cane sugar	566,038
Hawaii	1,263,700
Puerto Rico	1,075,021
Virgin Islands	12,012

(b) *Deficit in quotas for the mainland cane sugar area and Hawaii.* It is hereby determined, pursuant to subsection (a) of section 204 of the said act, that, for the calendar year 1941, the mainland cane sugar area and Hawaii will be unable by the amounts of 121,038 and 270,178 short tons of sugar, raw value, respectively, to market the quotas established for those areas in paragraph (a) of this section.

(c) *Proration of deficits in quotas for the mainland cane sugar area and Hawaii.* An amount of sugar equal to the deficits determined in paragraph (b) of this section is hereby prorated, pursuant to subsection (a) of section 204 of the said act, as follows:

Area:	*Additional quotas in terms of short tons, raw value*
Domestic beet sugar	142,054
Puerto Rico	73,139
Virgin Islands	817
Cuba	175,206

(Sec. 202, 50 Stat. 905; 7 U.S.C. 1112; Sec. 204, 50 Stat. 905; 7 U.S.C. 1114)

§ 821.223 *Other quotas*—(a) *Revised quotas.* There are hereby established pursuant to section 202 of the said act, for foreign countries and the Commonwealth of the Philippine Islands, for the calendar year 1941, the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Commonwealth of the Philippine Islands	1,367,383
Cuba	2,575,255
Foreign countries other than Cuba	35,584

(b) *Deficit in quota for Commonwealth of Philippine Islands.* It is hereby determined, pursuant to subsection (a) of section 204 of the said act, that, for the calendar year 1941, the Commonwealth of the Philippine Islands will be unable by an amount of 809,440,000 pounds of sugar, raw value, to market the quota established for that area in paragraph (a) of this section. (Sec. 202, 50 Stat. 905; 7 U.S.C. 1112; Sec. 204, 50 Stat. 905; 7 U.S.C. 1114)

§ 821.224 *Proration of quota for foreign countries other than Cuba and Philippine deficit*—(a) *Revised prorations.* The quota for foreign countries other than Cuba is hereby prorated, pursuant to section 202 of the said act, among such countries, as follows:

Country:	*Prorations in pounds, raw value*
Argentina	20,829
Canada	806,198
China & Hongkong	411,689
Costa Rica	29,431
Dominican Republic	9,528,661

[1] 6 F.R. 2363, 3345, 4131, 4507.

for the calendar year 1941, the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Domestic beet sugar	2,087,983
Mainland cane sugar	566,038
Hawaii	1,263,700
Puerto Rico	1,075,021
Virgin Islands	12,012

(b) *Deficit in quotas for the mainland cane sugar area and Hawaii.* It is hereby determined, pursuant to subsection (a) of section 204 of the said act, that, for the calendar year 1941, the mainland cane sugar area and Hawaii will be unable by the amounts of 121,038 and 270,178 short tons of sugar, raw value, respectively, to market the quotas established for those areas in paragraph (a) of this section.

(c) *Proration of deficits in quotas for the mainland cane sugar area and Hawaii.* An amount of sugar equal to the deficits determined in paragraph (b) of this section is hereby prorated, pursuant to subsection (a) of section 204 of the said act, as follows:

Area:	*Additional quotas in terms of short tons, raw value*
Domestic beet sugar	142,054
Puerto Rico	73,139
Virgin Islands	817
Cuba	175,206

(Sec. 202, 50 Stat. 905; 7 U.S.C. 1112; Sec. 204, 50 Stat. 905; 7 U.S.C. 1114)

§ 821.223 *Other quotas*—(a) *Revised quotas.* There are hereby established pursuant to section 202 of the said act, for foreign countries and the Commonwealth of the Philippine Islands, for the calendar year 1941, the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Commonwealth of the Philippine Islands	1,367,383
Cuba	2,575,255
Foreign countries other than Cuba	35,584

(b) *Deficit in quota for Commonwealth of Philippine Islands.* It is hereby determined, pursuant to subsection (a) of section 204 of the said act, that, for the calendar year 1941, the Commonwealth of the Philippine Islands will be unable by an amount of 809,440,000 pounds of sugar, raw value, to market the quota established for that area in paragraph (a) of this section. TITLE 12—BANKS AND BANKING

CHAPTER II—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

PART 222—CONSUMER CREDIT [1]

Effective September 20, 1941, § 222.11 (c) (1)[2] is hereby amended to read as follows:

§ 222.11 *Supplement.*

* * * * *

(c) *Maximum credit value of automobiles.* * * *

(1) The maximum credit value of a new automobile shall be 66⅔ per cent on the bona fide cash purchase price of the automobile and accessories (including any sales taxes thereon and any bona fide delivery charges) but such maximum credit value shall in no event exceed 66⅔ per cent of the sum of the following items:

(i) The manufacturer's retail quotation at factory, or the equivalent of such quotation. (For the purposes of this section, this means the retail delivered price of the automobile with standard equipment at the factory, as advertised, or as suggested or recommended to dealers, by the manufacturer; or, in the case of a 1942 model for which such a price has not been so advertised or suggested or recommended, it means the price last so advertised or suggested or recommended for the corresponding 1941 model, increased or decreased by the percentage by which the manufacturer's wholesale price of the 1942 model is increased or decreased from the manufacturer's wholesale price of such 1941 model.)

(ii) Transportation charges from factory to point of delivery as suggested or recommended by the manufacturer for inclusion in the retail delivered price at that point, or in the absence of any such suggestion or recommendation then an amount substantially equal to the freight by rail from factory to that point;

(iii) Any Federal, State, or local taxes not included in the foregoing; and

(iv) Any bona fide charges for delivery or accessories not included in the foregoing items.

In case the automobile is sold for delivery at the factory, by a dealer in a given place to a resident of such place or its vicinity who actually intends to bring the automobile to such place or vicinity and use it there, an amount equal to the freight from the factory to such place may be included. (Sec. 5 (b), 40 Stat. 415, as amended by sec. 5, 40 Stat. 966; sec. 2, 48 Stat. 1, sec. 1, 54 Stat. 179; 12 U.S.C. 95 (a) and Sup., and Executive Order No. 8843, dated August 9, 1941 [3])

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 4478]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF BARD-PARKER COMPANY, INC., ET AL.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product.* Disseminating, etc., in connection with offer, etc., of "Bard-Parker Formaldehyde Germicide" chemical solution, or any other substantially similar preparation, any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said chemical solution, which advertisements represent, directly, indirectly, or through inference, that the said chemical solution Bard-Parker Formaldehyde Germicide is a sterilization medium for the preoperative preparation of surgical or dental instruments, or is a substitute for boiling or autoclaving of surgical or dental instruments, unless it is clearly and unequivocally stated in immediate connection with each such representation, in words of equal conspicuousness, that any instrument to be sterilized must remain continuously immersed in said chemical solution for not less than 18 hours, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b. [Cease and desist order, Bard-Parker Company, Inc., et al., Docket 4478, September 15, 1941]

In the Matter of Bard-Parker Company, Inc., a Corporation, and Parker, White and Heyl, Inc., a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 15th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, and a stipulation as to the facts entered into between the respondents herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondents herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondents, Bard-Parker Company, Inc., a corporation, and Parker, White and Heyl, Inc., a corporation, their officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of the chemical solution "Bard-Parker Formaldehyde Germicide", or any other preparation of substantially similar composition or possessing similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

(1) Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly, indirectly or through inference, that the said chemical solution Bard-Parker Formaldehyde Germicide: is a sterilization medium for the preoperative preparation of surgical or dental instruments, or is a substitute for boiling or autoclaving of surgical or dental instruments, unless it is clearly and unequivocally stated in immediate connection with each such representation, in words of equal conspicuousness, that any instrument to be sterilized must remain continuously immersed in said chemical solution for not less than 18 hours;

(2) Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce as "commerce" is defined in the Federal Trade Commission Act, of said chemical solution, Bard-Parker Formaldehyde Germicide, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF JERGENS-WOODBURY SALES CORPORATION

§ 3.6 (a10) *Advertising falsely or misleadingly—Comparative data or merits:*

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y10) *Advertising falsely or misleadingly—Scientific or other relevant facts.* In connection with offer, etc., in commerce, of respondent's soaps, cosmetic creams and face powders, or any substantially similar products, (1) representing that its facial powder will guard against or prevent skin blemishes or infection from germs, or that said powder will remain germ-free during use; (2) representing that its facial powder will spread farther than other competitive face powders of comparable quality; (3) representing that its cold cream will remain sterile, or that it will kill germs or prevent germ growth, infections or blemishes under ordinary conditions of use; and (4) representing in any manner whatever that its creams or soap have any added beneficial value upon the skin by reason of their vitamin content; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Jergens-Woodbury Sales Corporation, Docket 3438, September 10, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 10th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission the answer of respondent, testimony and other evidence taken before William C. Reeves and John J. Keenan, examiners of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, briefs filed herein, and oral arguments by William L. Pencke, counsel for the Commission, and by Jerome L. Isaacs, counsel for the respondent, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Jergens-Woodbury Sales Corporation, a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as commerce is defined in the Federal Trade Commission Act, of its soaps, cosmetic creams and face powders, or any products of substantially similar composition or possessing substantially similar properties, do forthwith cease and desist from:

1. Representing that its facial powder will guard against or prevent skin blemishes or infection from germs, or that said powder will remain germ-free during use;

2. Representing that its facial powder will spread farther than other competitive face powders of comparable quality;

3. Representing that its cold cream will remain sterile, or that said cream will kill germs or prevent germ growth, infections or blemishes under ordinary conditions of use;

4. Representing in any manner whatever that respondent's creams or soap have any added beneficial value upon the skin by reason of their vitamin content.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 29—LABOR

CHAPTER V—WAGE AND HOUR DIVISION

PART 522—REGULATIONS APPLICABLE TO THE EMPLOYMENT OF LEARNERS IN THE SINGLE PANTS, SHIRTS AND ALLIED GARMENTS AND WOMEN'S APPAREL INDUSTRIES

The following regulations (Part 522, §§ 522.160–522.178, regulations Applicable to the Employment of Learners in the Single Pants, Shirts and Allied Garments and Women's Apparel Industries) are hereby issued. These regulations repeal and supersede all regulations previously issued applicable to the employment of learners in the Single Pants, Shirts and Allied Garments and Women's Apparel Industries as defined in Administrative Order #83 [1] and #103,[2] and shall become effective upon my signing the original and upon the publication thereof in the FEDERAL REGISTER, and shall continue in force and effect until hereafter modified.

Signed at Washington, D. C., this 17th day of September 1941.

PHILIP B. FLEMING,
Administrator.

§ 522.160 *Conditions upon which special learner certificates may be granted.* Special certificates authorizing the employment of learners at subminimum wage rates in the apparel industries specified below may be issued by the Administrator or his authorized representative under the following terms when it appears that experienced workers are not available to an employer making application for a special certificate and that the issuance of a special certificate will not create unfair competitive labor cost advantages or impair or depress working standards established for experienced workers for work of a like or comparable character in the industry.*

*§§ 522.160 to 522.178, inclusive, issued under the authority contained in sec. 14, 52 Stat. 1068; 29 U.S.C., Sup., 214.

[1] 6 F.R. 897.
[2] 6 F.R. 2354.

§ 522.161 *Apparel industries or divisions thereof to which regulations apply.* These regulations shall apply to the Single Pants, Shirts, and Allied Garments Industry as defined in Administrative Order No. 83, dated February 8, 1941 and to the Women's Apparel Industry as defined in Administrative Order No. 103, dated May 6, 1941. Except as herein specified, the Apparel Learner Regulations dated September 4, 1940, shall remain in force and effect.*

§ 522.162 *Application on official forms.* An application must be made upon an official form, which will be furnished on request by the Wage and Hour Division. All information requested in such form must be furnished before an application may be acted upon. Any applicant may also submit any additional information which he believes to be pertinent.*

§ 522.163 *Posting notice of application in employers establishment.* At the time of filing an application, the applicant must post a notice thereof, on a form supplied by the Wage and Hour Division in a conspicuous place in the plant where he proposes to employ learners at wages lower than the minimum wage applicable under Section 6 of the Fair Labor Standards Act. Such notice must contain all the information required therein and shall remain posted until such time as the application shall have been acted upon by the Administrator or his authorized representative.*

§ 522.164 *Occupations for which no learning period at subminimum wage rates may be authorized.* No worker may be employed at a subminimum wage rate under a Special Learner Certificate in the following types of occupations: office; maintenance and service; purchase and sales; supervising; craft jobs such as custom dress maker; designing and pattern making; cutting, marking, spreading, and trimming in connection with cutting; and shipping and storage jobs such as time, receiving and shipping clerks.*

§ 522.165 *Occupations for which a learning period at subminimum wage rates may be authorized.* Learners may be employed at subminimum wage rates under a Special Learner Certificate in the occupations of machine operating (except cutting), pressing, hand sewing and finishing operations involving hand sewing, and in other miscellaneous occupations such as trimming, examining, cleaning, bundling, assembling, assorting, folding, clipping, boxing, and floor work, which are not excluded under § 522.164.*

§ 522.166 *Number or proportion of learners which may be authorized.* (a) The number of learners which may be employed under a Special Learner Certificate to meet the demands of normal labor turnover in a plant in any division of the apparel industry to which these regulations apply as enumerated in § 522.161, shall not exceed ten percent of the productive factory workers in such plant: *Provided, however,* That if the

total factory employment in a plant is less than 100, the certificate may authorize the employment of as many as ten learners.

(b) The number of learners which may be employed under a Special Learner Certificate by new plants or expanding plants shall be based upon what appears to be the need of such plants and shall be set forth in the certificate. A "new" plant for the purpose of these regulations is one which is newly established and being operated for the first time, or which has not been operated more than eight months and in which a substantial number of workers must be trained for operation on products of the plant. An "expanding" plant, for the purpose of these regulations, is one which is being expanded by the installation of additional mechanical equipment or other production facilities, by again placing into operation machinery which has been idle for an appreciable period or by adding an additional shift.*

§ 522.167 *Length of learning period*—(a) *Primary learning period.* (1) The maximum learning period which may be authorized in a Special Learner Certificate is 480 hours in the occupations of machine operating (except cutting), pressing, hand sewing or finishing operations involving hand sewing, and 160 hours in any other occupation authorized under § 522.165.

(2) A worker who has had 160 hours' experience in any occupation authorized under § 522.165, may not be employed as a learner at a subminimum wage rate in any 160-hour occupation or for longer than 320 hours in the occupations of machine operating (except cutting), pressing, and hand sewing or finishing operations involving hand sewing.

(b) *Retraining.* A retraining period of 160 hours at a subminimum wage rate may be authorized when a worker experienced in the occupations of machine operating, pressing, hand sewing or finishing operations involving hand sewing, transfers in the same occupation to a plant in another division of the apparel industry. No other retraining at a subminimum wage rate may be authorized under these regulations.

(c) All qualifying experience referred to in the above sections must have been within the past two years in the private apparel industry or in an establishment of a governmental agency which imposes production and employment standards comparable or superior to private industry.*

§ 522.168 *Wage rates to be paid learners*—(a) *Piece rates which must be paid to learners.* In establishments where experienced workers are paid on a piece rate basis, learners shall be paid the same piece rates that experienced workers engaged in the same occupation are paid and earnings shall be based on those piece rates if in excess of the subminimum rates established below.

(b) *During the primary learning period.* (1) A learner employed under a Special Learner Certificate in the occupations of machine operating (except cutting), pressing, hand sewing and finishing operations involving hand sewing, in all divisions of the industry to which these regulations are applicable except in the corset and allied garments division, shall be paid not less than 25 cents per hour for the first 320 hours and 32½ cents per hour for the next 160 hours of the maximum learning period of 480 hours authorized in § 522.167 (a) (1), and 25 cents per hour for the first 160 hours and 32½ cents per hour for the second 160 hours of the 320-hour learning period authorized in § 522.167 (a) (2). A learner employed under a Special Learner Certificate in the corset and allied garments division shall be paid not less than 30 cents per hour for the entire 480-hour learning period.

(2) A learner employed under a Special Learner Certificate in any occupation for which a learning period of 160 hours is authorized under §522.167 (a) (1) shall be paid not less than 30 cents per hour for the entire learning period.

(c) *During the retraining period.* An experienced worker employed during the retraining period of 160 hours permitted under § 522.167 (b) shall be paid not less than 30 cents per hour.*

§ 522.169 *Certificates applicable to individual plants.* No Special Learner Certificate shall be applicable to the employment of learners at more than one plant. Where one establishment occupies several buildings in the same community and the workers in these buildings are all engaged in the various processes entering into the chief products manufactured, said workers shall be regarded as employees of the same plant for the purpose of these regulations; otherwise, said workers shall be deemed to be employees of two or more plants.*

§ 522.170 *Duration of special certificates.* Special Learner Certificates authorizing the employment of learners to the numbers specified in § 522.166 (a) may be issued for a period of one year, unless sooner revoked because an adequate supply of experienced workers is available, or for other causes. Special Learner Certificates issued in accordance with the provisions of § 522.166 (b) shall be issued for a period not greater than that necessary to complete the training of the total number of additional learners required.*

§ 522.171 *Records to be kept for learners.* (a) Each worker employed as a learner under a Special Learner Certificate shall be designated as such on the payroll records kept by the employer. All learners shall be listed together in a separate group on the payroll records kept by the employer and for each learner the occupation in which employed shall be shown, in addition to other information required by the Record Keeping Regulations, Part 516.

(b) The employer shall obtain and keep in his records a statement from each learner employed under a Special Learner Certificate of his experience within the past two years in the apparel industry. This statement should contain dates of previous employment, occupations in which the learner was engaged and the type of product upon which the learner worked.*

§ 522.172 *Employment of experienced workers at subminimum wage rates prohibited.* The employment of experienced workers at subminimum wage rates under a Special Learner Certificate (except for the provision respecting retraining set forth in § 522.167 (b)) shall be a violation of its terms and an employer who hires an experienced worker as a learner is liable under § 522.174. For the purpose of these regulations, an experienced worker in the occupations of machine operating, pressing, hand sewing or finishing operations which involve hand sewing is a person who has had 480 hours' experience in the same occupation or 320 hours' experience in the same occupation and 160 hours' experience in any other of the occupations for which a learning period is authorized in § 522.167 (a). An experienced worker in any other occupation authorized in § 522.165 is a person who has had 160 hours' experience in any one of such occupations. The above experience must have been had within the past two years in the private apparel industry or in an establishment of a governmental agency which imposes production and employment standards comparable or superior to private industry.*

§ 522.173 *Employment of learners at subminimum wage rates prohibited when experienced workers are available.* The employment of a learner at a subminimum wage rate is prohibited when an experienced worker who is capable of equalling the performance of a worker of ordinary or minimum skill and experience is available to the plant for which a Special Learner Certificate has been issued. For the purpose of these regulations, an experienced worker is available when such worker is available within the area from which the employer customarily draws his labor supply or when such worker has in fact made himself available to an employer at his plant or place of employment and has signified a readiness to accept and to continue in employment at the plant in question.*

§ 522.174 *Cancellation of special learner certificates.* (a) Any Special Learner Certificate may be cancelled if it is found that it is not necessary to prevent a curtailment of opportunities for employment: *Provided, however,* That when experienced workers become available after a certificate has been issued, the certificate may be cancelled insofar as future employment is concerned, or may be allowed to continue in effect upon condition that the employer does not hire additional learners under it until experienced workers are not again available. In the absence of fraud or misrepresentation, learners already hired under a Special Learner Certificate may be retained under its terms if the learn-

ing period extends beyond the date on which the certificate has been cancelled.

(b) Any Special Learner Certificate shall be cancelled as of the date of issue if it is found that the certificate has been obtained by fraud or misrepresentation or that learners have been fraudulently employed thereunder in violation of the terms of the certificate. When a certificate has been obtained by fraud or misrepresentation, the employer shall be liable to the employees for wages established by the Act or the wage orders of the Administrator thereunder, as if no certificate had been issued.

(c) Any Special Learner Certificate shall be cancelled as of the first date of violation if it is found that any of its terms have been violated, except where the violation is deemed to be of minor nature by the Division, and the employer shall be liable to those employed under such certificate from the date of violation, for wages established by the Act and the wage orders of the Administrator issued thereunder, as if no certificate had been issued.*

§ 522.175 *Procedure for cancellation of special learner certificates.* (a) If it appears from a report and recommendation of a regional office that there is reasonable cause to cancel any Special Learner Certificate, the Hearings Branch shall notify the employer and other interested parties of the violations charged and of intent to cancel. Whereupon, all interested parties shall have fifteen days from receipt of notice to show cause orally or in writing why the certificate should or should not be cancelled upon the expiration of the period stated. After such hearing, the Administrator or his authorized representative shall issue an order confirming or cancelling the certificate. The employer and other interested parties shall be apprised of the action taken by the Administrator or his authorized representative.

(b) No order cancelling any Special Learner Certificate shall take effect until the expiration of the time allowed for the filing of a petition for review under § 522.176 and if a petition for review is filed thereunder, the effective date of the cancellation shall be postponed until final action is taken on such petition, *Provided, however,* That if the cancellation order is affirmed on review, the employer shall reimburse any person employed under the Special Certificate to the extent shown in § 522.174 (b) and (c).

(c) Notice of the cancellation of a Special Learner Certificate shall be published in the FEDERAL REGISTER.*

§ 522.176 *Application for reconsideration and petition for review.* (a) Any person aggrieved by an action of the Administrator or his authorized representative in denying, granting, confirming, cancelling, or revoking any Special Learner Certificate, may, within fifteen days after publication or other notification of the action (1) make application for reconsideration thereof by the Administrator or his authorized representative; or (2) file a petition for review of the decision by the Administrator or an authorized representative of the Administrator who has taken no part in the action which is the subject of review. Such petition must set forth grounds for the requested review.

(b) If an application for reconsideration is denied, any person aggrieved by such action, may, within fifteen days after publication or other notice thereof, file a petition for review.*

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-701]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 7 TO REDUCE THE PRICE CLASSIFICATIONS AND MINIMUM PRICES ESTABLISHED FOR THE COALS IN SIZE GROUPS 2, 3, AND 4 OF THE LILLYBROOK COAL COMPANY, MINE INDEX NO. 94, AND THE C. H. MEAD COAL COMPANY, MINE INDEX NO. 117

An original petition having been filed with the Bituminous Coal Division on February 25, 1941 by District Board 7, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting reductions in the classifications for certain coals of the Killarney Mine (Mine Index No. 94) of the Lillybrook Coal Company and the Nos. 2 and 3 Mine (Mine Index No. 117) of the C. H. Mead Coal Company, code members in District 7; and

A petition of intervention having been filed by the Buckeye Coal & Coke Company requesting reductions in the classifications established for certain coals of the Buckeye No. 3 Mine (Mine Index No. 35); and

A hearing having been held in this matter pursuant to an Order of the Director, on March 10, 1941, before a duly designated Examiner of the Bituminous Coal Division at a hearing room of the Division, Washington, D. C., at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard; and

Temporary relief pending final disposition of the original petition having been granted by Order of the Director dated March 14, 1941, 6 F.R. 1492; and

The preparation and filing of a report by the Examiner having been waived and the matter thereupon having been submitted to the Director; and

The Director having made Findings of Fact and Conclusions of Law and having rendered an opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That § 327.11 (*Low volatile coals: Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck be, and it hereby is amended by establishing for the coals produced at the Killarney Mine (Mine Index No. 94) of the Lillybrook Coal Company and the No. 2 and 3 Mine (Mine Index No. 117) of the C. H. Mead Coal Company and the Buckeye No. 3 Mine (Mine Index No. 35) of the Buckeye Coal & Coke Company, in Size Groups 2, 3, and 4, the effective price classifications "F", "E", and "D", respectively, in lieu of the permanent classifications presently effective.

It is further ordered, That the prayers contained in the original petition and the petitions of intervention herein, except as granted hereinabove, be and they hereby are denied.

Dated: September 19, 1941.

[SEAL] H. A. GRAY,
Director.

[Docket Nos. A-529, A-538, A-579, A-594]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER OF THE DIRECTOR GRANTING PERMANENT RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 FOR REDUCTION IN CLASSIFICATION IN SIZE GROUPS 18-21 OF COALS FROM THE DABNEY-MACBETH MINES OF HUTCHINSON COAL COMPANY; IN THE MATTER OF THE PETITION OF AMHERST COAL COMPANY, DISTRICT 8, FOR REVISION OF MINIMUM PRICES FOR COAL FROM ITS AMHERST NOS. 1 AND 2 MINES IN SIZE GROUPS 8-22, INCLUSIVE; IN THE MATTER OF THE PETITON OF THE CLEAN EAGLE COAL COMPANY, DISTRICT 8, FOR REDUCTION IN CLASSIFICATION OF THE COALS OF MINE INDEX 109 IN SIZE GROUPS 18-21 FROM "B" TO "D"; IN THE MATTER OF THE PETITION OF WEST VIRGINIA COAL & COKE CORP., DISTRICT 8, FOR REDUCTION IN CLASSIFICATION FROM "D" TO "E" OF SIZE GROUPS 18-21, MINE INDEX 181

Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, original petitions and petitions of intervention praying for affirmative relief having been filed in the above consolidated matters by District Board 8 and numerous code

member producers of District 8 as follows:

The original petition of District Board 8, Docket A–529 having been filed December 30, 1940, seeking a reduction in classification of coals in Size Groups 18 to 21 produced by Dabney and MacBeth Mines of Hutchinson Coal Company, from "D" to "E"; the intervening petition of Hutchinson Coal Company having asked that the reduction be to "F"; West Virginia Coal and Coke Corporation having intervened in support and having asked that any relief given Dabney and MacBeth Mines be accorded its Earling Mine;

The original petition of Amherst Coal Company, Docket A–538 having been filed on January 2, 1941, seeking reductions for coals of its Amherst No. 1 and Amherst No. 2 Mines as follows:

	Size group						
	8	9	10	11–14	15–17	18–21	22
Present Amherst No. 1 classification	H	F	H	D	D	F	K
Present Amherst No. 2 classification	G	E	G	B	B	E	K
Classification desired	H	F	H	D	D	H	L

The Lorado Coal Mining Company having intervened, requesting that the classification in Size Groups 18 to 21 for the coals of its Lorado No. 1 Mine (classified "F") and Lorado No. 2 Mine (classified "E") be reduced to "H"; Buffalo Eagle Mines, Inc., having intervened asking for coals of its Riley No. 1 and No. 2 Mines reductions to the classifications requested by Lorado;

The original petitions of Clean Eagle Coal Company, Docket A–579 having been filed on January 10, 1941, seeking a reduction from "B" to "D" in the classification of coals in Size Groups 18 to 21 produced at its Clean Eagle Mine; Mallory Coal Company having intervened, supporting the original petition, and asking a similar reduction for coals of its Mallory No. 2 and No. 3 Mines from "B" to "E" and of its Mallory No. 4 and No. 5 Mines from "B" to "D";

The original petition of West Virginia Coal and Coke Corporation, Docket A–594 having been filed January 15, 1941, praying for a reduction in classifications of coals produced at its Earling Mine in Size Groups 18 to 21 from "D" to "E";

Further intervening petitions asking general relief having been filed in one or more of the consolidated dockets by District Boards 2 and 8, Island Creek Coal Co., Mallory Coal Company, Amherst Coal Company, The Lorado Coal Mining Company and Buffalo Eagle Mines, Inc., Boone County Coal Corporation and Monitor Coal & Coke Company having filed written appearances;

Prior to the hearing, limited temporary relief having been granted to Hutchinson Coal Company and West Virginia Coal and Coke Corporation, and following the hearing to Hutchinson Coal Company, Amherst Coal Company, Clean Eagle Coal Co., Mallory Coal Company, and West Virginia Coal and Coke Corporation. On March 26, the Lorado Coal Mining Company having moved for an extension to March 31 of the time for filing of briefs, and having filed a brief on March 31, which was accepted by the Director. On May 13 and May 15, respectively, Lorado and West Virginia Coal and Coke Corporation having filed motions to rescind the temporary relief granted to Amherst Coal Company;

Pursuant to numerous orders, a consolidated hearing having been held on February 20, 1941, before a duly designated Examiner of the Division in a hearing room of the Division in Washington, D. C.; by written stipulations filed by all parties of record, preparation and issuance of the Examiner's report having been waived; the Director having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith.

Now, therefore, it is ordered as follows:

1. The motions of The Lorado Coal Mining Company and West Virginia Coal & Coke Corporation to rescind the temporary relief granted to Amherst Coal Company are hereby denied.

2. Effective fifteen (15) days from the date of this Order, § 328.11 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 8 for All Shipments Except Truck, High Volatile Section II, is hereby amended by reducing as indicated the effective minimum price classifications for the coals of the mines set forth below, in Size Groups 18 to 21, only, for shipment to all destinations (including shipment for Great Lakes cargo); and the classifications as amended are hereby esablished as the effective minimum price classifications of the respective coals.

Mine Index No.	Code member	Mine name	Size groups 18–21 change in classification
120	Hutchinson Coal Company	Dabney	D to E.
304	Hutchinson Coal Company	MacBeth	D to E.
15	Amherst Coal Company	Amherst No. 1	F to G.
16	Amherst Coal Company	Amherst No. 2	E to G.
109	Clean Eagle Coal Co	Clean Eagle	B to D.
312	Mallory Coal Company	No. 2	B to D.
313	Mallory Coal Company	No. 3	B to D.
314	Mallory Coal Company	No. 4	B to D.
315	Mallory Coal Company	No. 5	B to D.
181	West Virginia Coal & Coke Corporation	Earling	D to E.

All other and further relief prayed by these code member producers is hereby denied.

3. The prayers of the interveners, The Lorado Coal Mining Company and Buffalo Eagle Mines, Inc., any other prayers than those granted by this Order, and the relief contended for at the hearing by Boone County Coal Corporation and Monitor Coal & Coke Company are all severally denied.

4. Effective fifteen (15) days from the date of this Order, all temporary relief granted in Dockets A–529, A–538, A–579 and A–594, which in any wise conflicts with the final relief herein granted, and in particular the temporary relief granted to Hutchinson Coal Company by the Acting Director's Order of January 18, 1941, 6 F.R. 569, is hereby rescinded and terminated.

Dated: September 19, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

[Preference Rating Order No. P–55]

PART 956—MATERIAL ENTERING INTO THE CONSTRUCTION OF DEFENSE PROJECTS

Material Entering Into the Construction of Defense Housing Projects

§ 955.4 *Preference rating order P–55.* For the purpose of facilitating the acquisition of Material for the construction of the Defense Housing Project hereinafter described, a preference rating is hereby assigned to deliveries to the above-named Builder and to deliveries to his Suppliers upon the following terms:

(a) *Definitions.* (1) "Builder" means the specific person to whom this Order is addressed above.

(2) "Defense Housing Project" means the housing project described in the Builder's Application on Form PD–105,[1] No. ____, dated ____, as finally approved.

(3) "Supplier" means any person with whom a contract or purchase order has been placed for delivery, to the Builder or to another Supplier, of Defense Housing Material included in the Defense Housing Critical List which will enter into the construction of the Defense Housing Project.

(4) "Defense Housing Material" means any material included in the Defense Housing Critical List.

(b) *Assignment of preference rating.* Preference Rating ____ is hereby assigned:

(1) To deliveries to the Builder of those specific quantities and kinds of Defense Housing Material which have been duly recommended for rating on Form PD–105, No. ____, dated ____, as finally approved.

(2) To deliveries to a Supplier of Defense Housing Material, the delivery of which to the Builder has been authorized by this Order or which will be physically incorporated in Defense Housing Materials the delivery of which to the Builder has been thus authorized.

(c) *Persons entitled to apply preference rating.* The preference rating hereby assigned may be applied by:

(1) The Builder.

(2) Any Supplier who has been furnished with a signed copy of this Order in the manner specified in paragraph (e).

(d) *Application of preference rating—*(1) *Restrictions on the builder.* The builder may apply said preference rating only to those specific quantities and kinds of Defense Housing Material duly recommended for rating on Form PD–105, No. ____, dated ____, as finally approved. One copy of said Form PD–105, No. ____, dated ____, as finally approved, will be returned to the Builder. This Order will be cancelled immediately if the Builder is found to have applied the rating to deliveries in excess of his specific authorization.

(2) *Restrictions on supplier.* No Supplier may apply said rating:

(i) If the Defense Housing Material to be delivered can be secured when required without such preference rating;

(ii) To obtain deliveries greater in quantity or on dates earlier than required for the delivery on schedule of the rated Defense Housing Material entering into the construction of the Defense Housing Project;

(iii) To obtain deliveries of Material which will not be physically incorporated into the completed Defense Housing Project.

(e) *Application of preference rating.* The Builder or a Supplier, in order to apply the preference rating to deliveries of Defense Housing Material to him must serve upon each Supplier, with whom he has placed a contract or purchase order for material to the delivery of which he elects to apply the preference rating, a true copy of this Order signed by him, together with a copy of the Defense Housing Critical List. Such copy may be prepared by photostating, printing, mimeographing, typing or otherwise. After he has furnished one such copy to a particular Supplier, he need furnish no additional copies to that Supplier to cover any subsequent deliveries entering into the Defense Housing Project. A Builder or Supplier who has thus applied the rating shall identify subsequent purchase orders which are covered by the rating by endorsing upon every such purchase order and each copy thereof the number of this Order, the Builder's Serial Number thereof, and the preference rating hereby assigned, in the following form: "Purchase Order for Defense Housing Project, Preference Rating ____, under Preference Rating Order No. P–55, Builder's Serial No. ____." Such endorsement shall be signed by an authorized official of the Builder or Supplier, as the case may be, duly designated for such purpose by such Builder or Supplier. Such endorsement shall constitute a certification to the Office of Production Management that the Builder or Supplier is entitled to apply the preference rating to delivery of the material covered by such purchase order or contract.

(f) *Records, audits and reports.* (1) The Builder, and each Supplier who applies the preference rating hereby assigned, shall:

(i) Keep and preserve for a period of at least two years copies of all purchase orders or contracts for Defense Housing Material rated in accordance herewith. Such copies shall be kept segregated from records of any other purchase orders or contracts;

(ii) Submit to audit and inspection of the foregoing records by representatives designated by the Director of Priorities.

(iii) File such reports with the Office of Production Management in such form and at such times as the Director of Priorities may from time to time require.

(g) *False statements.* Any Person who wilfully falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited by the Director of Priorities from receiving further deliveries of any Material subject to allocation by the Director of Priorities, and the Director of Priorities may also take any other action deemed appropriate, including a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(h) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time as to the Builder or any Supplier. In the event of revocation, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by the Builder or Supplier affected by such revocation.

(i) *Effective date.* This Order shall shall take effect when countersigned by the District Manager, Priorities Field Service, Office of Production Management, and, unless sooner revoked, shall expire on the ____ day of ____, 194__. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596, as amended, Sept. 2, 1941; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 22d day of September 1941.

DONALD M. NELSON,

Contract for construction of Redstone Ordnance Plant.

Location: Huntsville, Alabama.

Fixed fee: $63,750.00.

Estimated construction cost exclusive of fixed fee: $4,606,000.00.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same. ORD 51230 PL 139 E P of E & S A0025-13, ORD 27081 A0141-02.

This contract, entered into this 22nd day of August, 1941.

Statement of work. The constructor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: The construction of a Chemical Shell Assembly Plant, together with the necessary buildings, temporary structures, utilities and appurtenances thereto at Huntsville, Alabama.

It is estimated that the construction cost of the work covered by this contract will be four million six hundred six thousand dollars ($4,606,000.00) exclusive of the Constructor's fee.

In consideration for his undertaking under this contract the Constructor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Constructor's equipment as provided in Article II.

(c) A fixed fee in the amount of sixty three thousand seven hundred fifty dollars ($63,750.00) which shall constitute complete compensation for the Constructor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, without notice to the sureties, if any, by a written order, issue additional instructions, require additional work or services, or direct the omission of work or services covered by this contract.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies for which the Constructor shall be entitled to be reimbursed under Article II, shall vest in the Government.

Payments—Reimbursement for cost. The Government will currently reimburse the Constructor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original of signed payrolls, for labor, the receipted invoices for materials, and such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for constructor's equipment. Rental as provided in Article II for such construction plant or parts thereof as the Constructor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed fee. Ninety percent (90%) of the fixed fee set out in Article I shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates submitted to and approved by the Contracting Officer.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Constructor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee.

Termination of contract by Government. The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Constructor.

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: CESSNA AIRCRAFT COMPANY, WICHITA, KANSAS

Contract[1] for: * * * Airplanes, Spare Parts and Data.

Amount: $12,043,865.47.

Place: Matériel Division, Air Corps, U. S. Army, Wright Field, Dayton, Ohio.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following Procurement Authorities, the available balances of which are sufficient to cover cost of same:

AC 32 P 12-30 A 0705-2, AC 18 P 82-30 A 0705-2.

This contract, entered into this 7th day of August 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government * * * Airplanes, spare parts and data for the consideration stated not to exceed twelve million forty-three thousand eight hundred sixty-five dollars and forty-seven cents ($12,043,865.47) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Partial payments will be made as the work progresses at the end of each calendar month or as soon thereafter as practicable on authenticated statements of expenditures of the Contractor approved by the Contracting Officer.

Advance payments. Advance payments may be made from time to time for the supplies called for, when the Secretary of War deems such action necessary in the interest of the National Defense.

Title to property where partial payments are made. The title to all property upon which any partial payment is made prior to the completion of this contract, shall vest in the Government.

Fire insurance. The Contractor agrees to insure against fire all property in its possession upon which a partial payment is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other partial payments, if any, theretofore made thereon, and further agrees to keep such property so insured, free of cost to the Government, until the same is delivered to the Government.

Price adjustment. The contract prices stated in this contract for airplanes, spare parts, and data are subject to adjustments for changes in labor and material costs.

General. It is expressly agreed that quotas for labor will not be altered on account of delays in the completion of the airplanes and spare parts.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940 and section 9, Act of June 30, 1941.

[Docket No. A-1033]

PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS IN SIZE GROUP 9 PRODUCED AT CERTAIN MINES IN PRODUCTION GROUP NO. 1 OF DISTRICT NO. 14

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division to be held on October 15, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 10, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 14 for revision of the effective price classifications and minimum prices for the coals in size group 9 produced at certain mines in Production Group No. 1 in District No. 14 and, more particularly, for an increase of 55¢ per net ton to $4.95 per net ton in the effective minimum price and for a corresponding revision by appropriate alphabetical symbol in the price classification for all coals in size group 9 now bearing the price classification of "B" and an effective minimum price of $4.40 per net ton and produced at mines of code members in Production Group No. 1.

Dated: September 20, 1941.

[Docket No. A-1000]

PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3

[Docket No. A-1000—Part II]

PETITION OF DISTRICT BOARD NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE SCOTCH HILL MINES NOS. 1 TO 35, INCLUSIVE, (MINE INDEX NOS. 240, 241 AND 252 TO 284, INCLUSIVE), IN DISTRICT NO. 3

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1000 PART II FROM DOCKET NO. A-1000, GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1000 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1000 PART II

The original petition in the above-entitled matter filed with this Division on August 6, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 3.

As indicated in a separate order issued in Docket No. A-1000, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except with respect to the establishment of permanent price classifications and minimum prices for the coals of the Scotch Hill Mines Nos. 1 to 35, inclusive, (Mine Index Nos. 240, 241, and 252 to 284, inclusive).

While it appears that temporary relief for the Scotch Hill Mines should be granted, as prayed for the petitioner, the Director is of the opinion that the original petitioner has not set forth sufficient facts to warrant the establishment of permanent price classifications and minimum prices for the coals of the Scotch Hill Mines without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1000 relating to the Scotch Hill Mines Nos. 1 to 35, inclu-

sive (Mine Index Nos. 240, 241, and 252 to 284, inclusive), be and the same hereby is severed from the remainder of Docket No. A–1000 and designated as Docket No. A–1000 part II.

It is further ordered, That a hearing in Docket No. A–1000 Part II under the applicable provisions of said Act and the rules of the Division be held on October 27, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 22, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 3 for the establishment of price classifications and minimum prices for the coals of the Scotch Hill Mines Nos. 1 to 35, inclusive, (Mine Index Nos. 240, 241 and 252 to 284, inclusive), in District No. 3, for rail and truck shipment to all market areas.

It is further ordered, That, commencing forthwith, temporary relief, pending final disposition of Docket No. A–1000 Part II, is hereby granted as follows:

ALPHABETICAL LISTING OF CODE MEMBERS HAVING RAILWAY LOADING FACILITIES, SHOWING PRICE CLASSIFICATION BY SIZE GROUP NUMBERS [1]

Mine Index No.	Code member	Mine name	Seam	Freight origin group No.	Size group Nos. 1	2	3	4	5	6	7	8	9	10

PETITION OF J. E. HATCHER, A CODE MEMBER IN DISTRICT NO. 17, FOR REDUCTION OF THE EFFECTIVE MINIMUM PRICE FOR THE SIZE GROUP 13 COALS OF MINE INDEX NO. 285 FOR TRUCK SHIPMENT TO THE SOUTHERN COLORADO POWER COMPANY AT PUEBLO, COLORADO

ORDER DENYING RELIEF

A petition having been filed with the Bituminous Coal Division on July 12, 1941, by J. E. Hatcher, a code member in District No. 17, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting a reduction in the minimum price established for coal in Size Group 13 produced at the Shamrock Mine (Mine Index No. 285) for shipment to the Southern Colorado Power Company in Pueblo, Colorado;

Pursuant to an Order of the Director dated July 21, 1941, a hearing having been held in this matter before a duly designated Examiner of the Bituminous Coal Division at a hearing room of the Division in Denver, Colorado, at which time all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact, Conclusions of Law and having entered an Opinion in this matter, which are filed herewith;

Now, therefore, it is ordered, That the prayer of the petition herein, requesting a reduction in the minimum price for the coal in Size Group 13 produced at the Shamrock Mine (Mine Index No. 285) for shipment by truck to the plant of the Southern Colorado Power Company, in Pueblo, Colorado, be and it hereby is denied:

[Docket No. 1599–FD]

IN THE MATTER OF ARCHIE LAWSON, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on February 26, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by the Bituminous Coal Producers' Board for District 15, complainant, alleging that Archie Lawson, a code member in District 15, defendant, wilfully violated the Bituminous Coal Code or Rules and Regulations thereunder, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violation of the Code and rules and regulations thereunder;

Pursuant to an appropriate order, and after due notice to all interested persons, a public hearing in this matter having been held on May 23, 1941, in Unionville, Missouri, before W. A. Shipman, a duly designated Examiner of the Division;

The Examiner, having made and entered his Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in this matter, dated August 18, 1941, recommending that the code membership of the defendant be revoked;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no exceptions or supporting briefs having been filed;

It having been determined that the Proposed Findings of Fact and Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is therefore ordered, That, the Proposed Findings of Fact and Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That, pursuant to section 5 (b) of the Act, the code membership of the defendant, Archie Lawson, is hereby revoked and cancelled;

And it is further ordered, That, prior to any reinstatement of the defendant, Archie Lawson, to membership in the Code the defendant shall pay to the United States a tax in the amount of $382.12 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: September 19, 1941.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective September 22, 1941.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 59-25]

IN THE MATTER OF THE UNITED CORPORATION, RESPONDENT

ORDER FOR HEARING ON RESPONDENT'S MOTION TO DISMISS PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of September, A. D. 1941.

The Commission, having, on July 28, 1941, issued its Notice of and Order instituting proceedings and setting date for hearing under sections 11 (b) (1) and 11 (b) (2) of the Public Utility Holding Company Act of 1935, with respect to the above-named Respondent; and

The Respondent, on September 15, 1941, having filed its answer wherein it prays that said proceedings under sections 11 (b) (1) and 11 (b) (2) of the Act be dismissed on several alleged grounds, including the following:

(1) The Respondent is not a part of any holding company system or any public utility system;

(2) There has been no determination as to compliance, with the requirements of sections 11 (b) (1) and 11 (b) (2) of the Act, of each of the holding company systems headed by each of the Respondent's subsidiaries;

(3) The Respondent has not received adequate notice of the proceeding under section 11 (b) (1) of the Act;

(4) Sections 11 (b) (1) and 11 (b) (2) of the Act are unconstitutional;

Wherefore it is ordered, That a hearing be held on October 2, 1941 at 10:00 o'clock in the forenoon of that day, in Room 1102 of the Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C. at which time the Commission will hear the Respondent as to its motion to dismiss the proceedings, on all the grounds alleged therein, and will consider, in the event that said motion is denied, the simplification of the issues, the facts and issues that appear to be without substantial basis of controversy, the order of the

presentation of evidence most conducive to orderly proceedings and such other matters as may aid in the disposition of the proceedings.

ORDER SETTING HEARING ON APPLICATIONS TO EXTEND UNLISTED TRADING PRIVILEGES

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 19th day of September, A. D. 1941.

The New York Curb Exchange, pursuant to section 12 (f) of the Securities Exchange Act of 1934 and Rule X-12F-1 promulgated thereunder, having made application to the Commission to extend unlisted trading privileges to the above-mentioned securities; and

The Commission deeming it necessary for the protection of investors that a hearing be held in this matter at which all interested persons be given an opportunity to be heard;

It is ordered, That the matter be set down for hearing at 10 a. m. on Tuesday, October 14, 1941, in Room 1101, Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C., and continue thereafter at such times and places as the Commission or its officer herein designated shall determine, and that general notice thereof be given; and

It is further ordered, That Willis E. Monty, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

REMOVAL OF CERTAIN RESTRICTIONS ON EXPORTATIONS OF ARMS TO CUBA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS, by a proclamation of the President issued on June 29, 1934, under a joint resolution of Congress approved by the President on January 31, 1922, it was declared that there existed in Cuba conditions of domestic violence which were or which might be promoted by the use of arms or munitions of war procured from the United States; and

WHEREAS, by virtue of the joint resolution and proclamation above-mentioned it became unlawful to export arms or munitions of war to Cuba except under such limitations and exceptions as should be prescribed:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby declare and proclaim that, as the conditions in Cuba which prompted the issuance of the proclamation of June 29, 1934, have ceased to exist, the said proclamation is hereby revoked.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 22nd day of September, in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3427]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF POND'S EXTRACT COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y10) *Advertising falsely or misleadingly—Scientific or other relevant facts.* In connection with offer, etc., in commerce, of respondent's cosmetic creams and lotions, or any substantially similar products, (1) representing in any manner whatever that respondent's creams or lotions have any added beneficial value by reason of their vitamin A content; (2) representing that its cold cream causes lines, wrinkles or blemishes to disappear from the skin, or that it prevents the formation of lines, wrinkles or blemishes in the skin; (3) representing that its cold cream has any appreciable effect upon the underskin, that it liberates the underskin, or leaves the underskin free to function; and (4) representing that dirt, make-up or other impurities below the surface of the skin may be softened, loosened, or lifted from the underskin through the use of respondent's cold cream; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Pond's Extract Company, Docket 3427, September 10, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 10th day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence taken before William C. Reeves and John J. Keenan, examiners of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, briefs filed herein, and oral arguments by William L. Pencke, counsel for the Commission and by Blake and Voorhees, counsel for the respondent, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Pond's Extract Company, a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as commerce is defined in the Federal Trade Commission Act, of its cosmetic creams and lotions, or any products of substantially similar composition or possessing substantially similar properties, do forthwith cease and desist from:

(1) Representing in any manner whatever that respondent's creams or lotions have any added beneficial value by reason of their vitamin A content;

(2) Representing that respondent's cold cream causes lines, wrinkles or blemishes to disappear from the skin, or that it prevents the formation of lines, wrinkles or blemishes in the skin;

(3) Representing that respondent's cold cream has any appreciable effect upon the underskin, that it liberates the underskin, or leaves the underskin free to function;

(4) Representing that dirt, makeup or other impurities below the surface of the skin may be softened, loosened, or lifted from the underskin through the use of respondent's cold cream.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF RENAUD SALES COMPANY, INC., ET AL.

§ 3.66 (k) *Misbranding or mislabeling—Source or origin—Place—Domestic product as imported:* § 3.96 (a) *Using misleading name—Goods—Source or origin—Place—Domestic product as imported.* In connection with offer, etc., in commerce, of perfumes and other products, and among other things, as in order set forth, using the terms "Paris", "Renaud Paris", "Renaud Paris 1817", "Made in France", or any other terms, words, symbols, or pictorial representations indicative of French or other foreign origin, on or in connection with products which are made or compounded in the United States, prohibited; subject to the provision, however, that the country or countries of origin of the various ingredients of any such product may be stated when immediately accompanied by a statement that such product is made or compounded in the United States. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Renaud Sales Company, Inc., et al., Docket 3500, September 16, 1941]

§ 3.66 (k) *Misbranding or mislabeling—Source or origin—Maker:* § 3.87 (c) *Simulating competitor or his product—Name, containers, or dress of competitor's product:* § 3.96 (a) *Using misleading name—Goods—Source or origin—Maker.* In connection with offer, etc., in commerce, of perfumes and other products, and among other things, as in order set forth, using the terms "Renaud Paris" or "Renaud Paris 1817" on or in connection with products not made or compounded by the Societe Anonyme Renaud Paris 1817; or using on or in connection with such products containers or labels simulating the containers or labels used on or in connection with products of the Societe Anonyme Renaud Paris 1817; or otherwise representing, importing or implying in any manner that products not made or compounded by the Societe Anonyme Renaud Paris 1817 are made or compounded by or are the products of that company: prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Renaud Sales Company, Inc., et al., Docket 3500, September 16, 1941]

In the Matter of Renaud Sales Company, Inc., a Corporation, Murray W. Morin, Irving Unterman, and Irving Lipschitz, Individually and as Officers of Renaud Sales Company, Inc.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 16th day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner and exceptions thereto, and brief in support of the complaint (respondents not having filed brief and oral argument not having been requested), and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondents Renaud Sales Company, Inc., a corporation, and respondents Murray W. Morin, Irving Unterman, and Irving Lipschitz, individually and as officers of the corporate respondent, their agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of perfumes and other products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist, directly or indirectly:

(1) From using the terms "Paris," "Renaud Paris," "Renaud Paris 1817," "Made in France," or any other terms, words, symbols, or pictorial representations indicative of French or other foreign origin, on or in connection with products which are made or compounded in the United States: *Provided, however,* That the country or countries of origin of the various ingredients of any such product may be stated when immediately accompanied with a statement that such product is made or compounded in the United States;

(2) From using the terms "Renaud Paris" or "Renaud Paris 1817" on or in connection with products not made or compounded by the Societe Anonyme Renaud Paris 1817; or using on or in connection with such products containers or labels simulating the containers or labels used on or in connection with products of the Societe Anonyme Renaud Paris 1817; or otherwise representing, importing, or implying in any manner that products not made or compounded by the Societe Anonyme Renaud Paris 1817 are made or compounded by or are the products of that company.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF SPENCER SYSTEM, ET AL.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., in commerce, of courses of instruction in the fabrication of foot supports and foot exercisers and in the treatment and correction of foot troubles, and among other things, as in order set forth, representing that respondents' course of instruction, or any substantially similar course of instruction, will equip any one with learning and proficiency adequate to (1) diagnose and determine whether or not foot troubles require surgical treatment; (2) effectively and successfully treat non-surgical foot troubles, regardless of origin or cause thereof; and (3) effectively and successfully treat substantially all cases of foot troubles, conditions, or diseases, including flat foot, distorted toes, weak feet, painful heel, aching, sweaty, or too dry feet, callouses, chilblains, foot neuralgia, hammer or Morton's toe, stretched ligaments, enlarged joints, and bunions; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Spencer System, et al., Docket 4350, September 12, 1941]

§ 3.6 (f) *Advertising falsely or misleadingly—Demand or business opportunities.* In connection with offer, etc., in commerce, of courses of instruction in the fabrication of foot supports and foot exercisers, and in the treatment and correction of foot troubles, and among other things, as in order set forth, representing that any purchaser who masters respondents' correspondence course is assured of a profitable business or will be able to obtain trade without solicitation, delay, or expense, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Spencer System, et al., Docket 4350, September 12, 1941]

In the Matter of Spencer System, a Massachusetts Trust, and John L. Shea, William J. Hagerty, Jean G. Mitchie, and Glenda S. Hills, Individually and as Trustees of Said Trust

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of September A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission and the answer of respondents, in which answer respondents admit all the material allegations of fact set forth in said complaint, except the allegations that Jean G. Mitchie and Glenna S. Hills are trustees of respondent Spencer System, and waive all intervening procedure and further hearing as to said facts; and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, Spencer System, a Masachusetts trust, its trustees, officers, agents, representatives, and employees, and John L. Shea and William J. Hagerty, individually and as trustees of said trust, and Jean G. Mitchie and Glenna S. Hills individually, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of courses of instruction in the fabrication of foot supports and foot exercises and in the treatment and correction of foot troubles, do forthwith cease and desist from directly or by implication:

(1) Representing that respondents' course of instruction, or any substantially similar course of instruction, will

(a) Diagnose and determine whether or not foot troubles require surgical treatment;

(b) Effectively and successfully treat non-surgical foot troubles, regardless of origin or cause thereof;

(c) Effectively and successfully treat substantially all cases of foot troubles, conditions, or diseases, including flat foot, distorted toes, weak feet, painful heel, aching, sweaty, or too dry feet, callouses, chilblains, foot neuralgia, hammer or Morton's toe, stretched ligaments, enlarged joints, and bunions;

(2) Representing that any purchaser who masters respondents' correspondence course is assured of a profitable business or will be able to obtain trade without solicitation, delay, or expense.

It is further ordered, That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF COPINOL COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* Disseminating, etc., in connection with offer, etc., of respondent's "Copinol" medicinal preparation, or any other substantially similar preparation, any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparation, which advertisements represent, directly or through inference, that said preparation (1) is a cure or remedy for head colds, catarrh-choked nose or throat, nasal catarrh or sinus congestion, or has any therapeutic value in the treatment of such conditions in excess of furnishing temporary relief to congested nasal mucous membranes, (2) will rid the nose and throat of, or will protect the nose from, germ-laden mucous, (3) will instantly clear the head, and (4) will afford relief to congested nasal passages more quickly and for a longer period of time than similar preparations; or which advertisements fail to reveal that respondent's medicinal preparation "Copinol" should not be used by persons suffering from heart trouble, high blood pressure, diabetes, or thyroid trouble, and that the use of said preparation over a long period of time is likely to produce prolonged nasal constriction resulting in tissue damage from anoxemia; prohibited; subject to the provision, however, that if the label of said preparation contains a warning of the potential dangers in the use of said preparation, as hereinabove set forth, such advertisements need contain only the cautionary statement: "Caution, use only as directed on the label." (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Copinol Company, Docket 4431, September 12, 1941]

In the Matter of Robert E. Overell, Individually and Trading Under the Style and Firm Name of Copinol Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of September, A. D 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, and a stipulation as to the facts entered into between the respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondent findings as to the facts and its conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent, Robert E. Overell, individually or trading under the name of Copinol Company, or trading under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his medicinal preparation designated "Copinol", or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference, that said preparation

(a) is a cure or remedy for head colds, catarrh-choked nose or throat, nasal catarrh or sinus congestion, or has any therapeutic value in the treatment of such conditions in excess of furnishing temporary relief to congested nasal mucous membranes;

(b) will rid the nose and throat of, or will protect the nose from, germ-laden mucous;

(c) will instantly clear the head;

(d) will afford relief to congested nasal passages more quickly and for a longer period of time than similar preparations;

2. Disseminating or causing to be disseminated any advertisements by means of the United States mails or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement fails to reveal that respondent's medicinal preparation "Copinol" should not be used by persons suffering from heart trouble, high blood pressure, diabetes, or thyroid trouble, and that the use of said preparation over a long period of time is likely to produce prolonged nasal constriction resulting in tissue damage from anoxemia: *Provided, however*, That if the label of said preparation contains a warning of the potential dangers in the use of said preparation, as hereinabove set forth, such advertisements need contain only the cautionary statement: "Caution, use only as directed on the label."

3. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which fails to comply with the requirements set forth in paragraph 2 hereof.

It is further ordered, That the respondent shall, within ten (10) days after service upon him of this order, file with the Commission an interim report in writing stating whether he intends to comply with this order, and, if so, the manner and form in which he intends to comply; and that, within sixty (60) days after the service upon him of this order, said respondent shall file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-854]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 1 FOR REVISION OF PRICE CLASSIFICATIONS AND EFFECTIVE MINIMUM PRICES FOR ALL SHIPMENTS FOR COALS IN SIZE GROUP 3 PRODUCED AT VIADUCT MINE (MINE INDEX NO. 570) OF THE VIADUCT COAL COMPANY, A CODE MEMBER IN DISTRICT 1

An original petition in this proceeding was filed with the Bituminous Coal Division by District Board 1 on May 3, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition prays for temporary and final orders revising the price classifications and effective minimum prices for all shipments for coals in Size Group 3 produced at the Viaduct Mine (Mine Index No. 570) of the Viaduct Coal Company, a code member in District 1. The petition requests that the price classifications for this mine be changed from "F" to "H" for Size Group 3 coals for rail shipment and a change in price from $2.25 to $2.10 per ton for the same size group for truck shipment. It also requests that the location of this mine be changed from Subdistrict 1 to Subdistrict 5 in District 1.

Pursuant to an appropriate order of the Director, and after due notice to interested persons, a hearing in this matter was held on July 15, 1941, before Joseph D. Dermody, a duly designated Examiner of the Division, Washington, D. C. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Only original petitioner appeared. The preparation and filing of a report by the Examiner were waived and the matter was thereupon submitted to the undersigned.

The evidence adduced at the hearing on this matter indicates that the Viaduct Coal Company operates the Viaduct Mine (Mine Index No. 570). The coals of this mine in Size Group 3 were originally classified by District Board 1 as "F" for rail shipment and assigned a price of $2.25 per ton for shipment by truck. It was listed as being in Subdistrict 1, operating in the A Seam. The mine produced only mine run coal; it has not operated since 1937.

According to the testimony of witness Geyer, an investigation of the location of this mine was made by District Board 1 on April 4, 1941. Field engineers went to the mine and determined the areas being operated by this Company and the location of the mine with respect to adjoining mines. The mine's opening was found to be located about 1 mile east of the Clarion-Jefferson County line, which is the common boundary line between Subdistricts 1 and 5 in District 1. The property worked appears to be well within the boundaries of Subdistrict 5.

Temporary relief in Docket No. A-356 was granted by Order of the Director, dated February 15, 1941, 6 F.R. 1040, whereby the size groups for mines in Subdistrict 1 of District 1 were reduced from 11 to 5. Temporary prices for this mine for truck shipments were established in the same docket for all size groups, with a price of $2.25 per ton for Size Group 3. The final Order of the Director in Docket No. A-356 made the reduction in size groups permanent and priced the truck coals the same as the rail coals of these size groups. Coals for the Viaduct Mine (Mine Index No. 570) for Size Group 3 were priced at $2.20 per ton.

The evidence further indicates that a mine operated by John Woodall, classified in Class H, with a $2.10 per ton price for Size Group 3 for truck shipments, is the closest mine to the Viaduct Mine. It appears that the coals of these two mines are substantially of like quality. The proposed relocation of the Viaduct Mine and the alleged quality of its coal appears to justify its reclassification from "F" to "H" for Size Group 3 for rail shipment and a change from a price of $2.25 to $2.10 per ton for coals in the same size group for truck shipment. Analogous coals of Subdistrict 5 are similarly classified and priced for rail and truck shipment.

In view of the foregoing circumstances, it is believed that a reasonable showing of necessity has been made for the granting of the relief requested. This relief will enable this producer to compete on a fair basis with other code members of District 1 for these prices conform to those established for comparable coals.

Upon the basis of the uncontroverted evidence I find and conclude: (1) That the classifications, minimum prices and seam designations shown in the schedules hereto attached for the coals specified therein are proper and should be established; that said classifications and minimum prices, changing the classifications and minimum prices established for the Viaduct Mine in Docket No. A-356, are in proper relation to those established for analogous and similar coals in Subdistrict 5 of District 1; and (2) that said amendment of the price schedule for District 1 is required in order to effectuate the purposes of section 4 II (a) and section 4 II (b) of the Act and to comply with the standards thereof.

Now, therefore, it is ordered, That commencing forthwith § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: September 2, 1941.

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 4; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter, except as hereinafter noted; and

It appearing that this action is necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 324.8 (*Numerical list of mines*) is amended by adding thereto Supplement R–II, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R–III, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–IV, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement R–V, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

District Board No. 2 filed a petition of intervention in the above-entitled matter, alleging in substance that the establishment of price classifications and minimum prices, as proposed in the original petition for the "Pittsburgh Coal Company Mine," (Mine Index No. 222) of the "Pittsburgh Coal Company (Ben Wertz)," would be prejudicial to Pittsburgh Coal Company, a code member in District No. 2, which presently operates mines in District No. 2 known generally as Pittsburgh Coal Company mines, and requesting that no price classifications and minimum prices be established for the coals of Mine Index No. 222. Price classifications and minimum prices are established herein for the coals of Mine Index No. 222 under the code member names of Ben Wertz, Henry Summers, George Youngflesh and Roy Whittlesey rather than under the name of the "Pittsburgh Coal Company." Accordingly, the aforesaid petition of District Board No. 2 is denied, without prejudice.

The original petition proposed the establishment of a minimum price of 295 cents per net ton for coals in Size Group No. 2 of Negley Coal Mine (Mine Index No. 223) of the Negley Coal Company (A. H. McMinn). Since a minimum price of 290 cents per net ton has been established for similar coals in Columbiana County in subdistrict No. 7 in District No. 4, a minimum price of 290 cents per net ton is established herein for the coals of Mine Index No. 223.

Certain errors appear in the original petition concerning the names of code members and mines and the assignment of freight origin group numbers. On the basis of facts shown in the official records of the Division these errors have been corrected as follows:

The Kaspar Mine (Mine Index No. 1300) of Albert Kaspar (Kaspar Coal Company) named in the original petition has been listed in Supplement R of this Order as the Kaspar Mine (Mine Index No. 2869) of the Kaspar Coal Company No. 2 (Herman Werry);

The Elza Mulford Mine (Mine Index No. 1265) of Elza Mulford named in the original petition has been listed in Supplement R of this Order as the Gallia Mine (Mine Index No. 1264) of the Mulford Coal Company (Dale Mulford);

The freight origin group number for Mine Index No. 1236 of Clark, Clark, Clifton and Beam (Burgin Beam) has been determined by using the shipping points of Hobson on the New York Central Railroad and Middleport on the Chesapeake and Ohio Railroad, since the original petition erroneously named Middleport as a point on the Baltimore & Ohio Railroad.

The original petition listed Salesville and Barnesville on the Baltimore & Ohio Railroad as the shipping points for the coals of the Mike Yanosik Mine (Mine Index No. 1922) of Mike Yanosik. Because these two points are located in different subdistricts, resulting in a differential in applicable freight rates, Salesville, the shipping point nearest this mine, has been used in assigning a freight origin group number for this mine.

Since it appears from the petition that the coals of Mine Index No. 1922 are similar in quality to those of the Morgan Mine (Mine Index No. 678) of John Morgan which coal is subject to Exception No. 4, § 324.1, in the Schedule of Effective Minimum Prices for District No. 4 For All Shipments Except Truck, this exception is also made applicable to the coals of Mine Index No. 1922.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 2, 1941.

[Docket No. A–1025]

PART 325—MINIMUM PRICE SCHEDULE, DISTRICT NO. 5

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 5 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT THE SWAN CREEK MINE (MINE INDEX NO. 104) OF THE SWAN CREEK MINING COMPANY, A CODE MEMBER IN DISTRICT NO. 5, FOR TRUCK SHIPMENTS

An orginal petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices, for truck shipments for the coals produced at the Swan Creek Mine (Mine Index No. 104) of the Swan Creek Mining Company, a code member in District No. 5; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 325.23 (*General prices; shipment by truck into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, and applications to stay, terminate or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 11, 1941.

[SEAL] H. A. GRAY,
Director.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

MEMORANDUM OPINION AND ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITIONS OF TRUAX-TRAER COAL COMPANY REQUESTING FREE ALONGSIDE PRICES ON SALES TO CHAMPION PAPER & FIBER COMPANY; THE CITY OF CINCINNATI AND THE BOARD OF EDUCATION OF THE CITY SCHOOL DISTRICT OF THE CITY OF CINCINNATI FOR AN ORDER ESTABLISHING FREE ALONGSIDE PRICES; THE COUNTY OF HAMILTON, OHIO, FOR THE ESTABLISHMENT OF FREE ALONGSIDE PRICES; CONSUMERS' COUNSEL FOR FREE ALONGSIDE PRICES FROM DISTRICTS 8, 9 AND 10 FOR THE OLD QUAKER COMPANY, LAWRENCEBURG, INDIANA; IN THE MATTER OF THE REVISION OF RIVER PRICES IN DISTRICT 8 FOR DELIVERY OF HIGH VOLATILE COAL TO JOSEPH E. SEAGRAM AND SONS, INC., LAWRENCEBURG, INDIANA; IN THE MATTER OF THE PETITIONS OF THE CONSUMERS' COUNSEL DIVISION SEEKING FREE ALONGSIDE PRICES FROM DISTRICTS 8, 9, AND 10 FOR JAMES WALSH AND COMPANY, INC., LAWRENCEBURG, INDIANA, IN MARKET AREA NO. 26; AND THE CONSUMERS' COUNSEL DIVISION SEEKING FREE ALONGSIDE PRICES FROM DISTRICTS 8 AND 9 FOR THE LAWRENCEBURG ROLLER MILLS COMPANY, LAWRENCEBURG, INDIANA, IN MARKET AREA NO. 26

This is a proceeding instituted upon the following original petitions filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937:

Docket No.	Petitioner	Petition filed on behalf of	Date of filing
A-89	Truax-Traer Coal Company (code member in District 8).	Champion Fibre Company	Oct. 5, 1940
A-289	City of Cincinnati, Ohio, and Board of Education of the City School District, Ohio.	Petitioners	Oct. 31, 1940
A-337	County of Hamilton, Ohio	Petitioner	Nov. 7, 1940
A-352	Consumers' Counsel Division	Old Quaker Company	Nov. 13, 1940
A-539	Consumers' Counsel Division	James Walsh and Company	Jan. 3, 1941
A-540	Consumers' Counsel Division	Lawrenceburg Roller Mills Company	Jan. 3, 1941

and upon an Order of the Director of the Division, entered December 31, 1940, 6 F.R. 53, providing for inquiry into the free alongside ("f. a. s.") prices effective for shipments of District 8 high volatile coals via river to Joseph E. Seagram and Sons, Inc., at Lawrenceburg, Indiana (Docket No. A-352a). In general, the original petitions request modification of the effective price schedules so as to grant to the consumers named the privilege of purchasing certain coals at the minimum f. a. s. prices in lieu of the presently applicable ex-river prices.

Pursuant to Orders and Notices of Hearing issued by the Director, and after due notice to all interested persons, a hearing was held in these matters before Floyd McGown, an Examiner of the Division, duly designated by the Director to conduct said hearing, on January 10, 11 and 23, 1941.

Thereafter, the Examiner submitted Proposed Findings of Fact and Conclusions of Law, dated June 16, 1941, and an opportunity was afforded to all parties to file exceptions thereto and supporting briefs.

The intervener Old Quaker Company tardily filed its Exceptions and Brief to the Proposed Findings of Fact and Conclusions of Law of the Examiner on July 10, 1941.[1] The exceptant makes no excuse for its failure to file its exceptions within the time provided therefor and gives no reason why it should be permitted to file late. However, no objection to the filing of the exceptions has been made and, while tardiness in such matters should be avoided, the exceptions will be received. Bituminous Coal Consumers' Counsel, tardily filed Exceptions and Supporting Brief to the Proposed Findings of Fact and Conclusions of Law of the Examiner on July 18, 1941, and on July 18, 1941, filed a motion to be permitted to file said Exceptions late. There was no objection to such motion, and it is hereby granted.

No other Exceptions or Briefs were filed.

The Old Quaker Company excepts to the failure of the Examiner to recommend that relief be made retroactive to October 1, 1940, the effective date of minimum prices. Consumers' Counsel excepts to the failure to provide retro-

active relief to the Old Quaker Company and to James Walsh and Company.

The Examiner found that no satisfactory showing had been made why retroactive relief was necessary and recommended that such relief be denied. I have examined the record and find no evidence to support the granting of retroactive relief. As the Examiner found, retroactive pricing makes for a disorderly price structure. It creates administrative difficulties, which may seriously affect the effectiveness of the Division's regulation. It leads to uncertainty in, and may breed disrespect of, the minimum price structure. Accordingly, such relief should not be granted except on a clear showing of the necessity therefor. I find that no such showing has been made in this record.

It should be noted that though the minimum prices established on October 1, 1940, were promulgated only after extensive hearings conducted by the Division (General Docket No. 15), and such parties as Seagram appeared and introduced evidence affecting its rights to purchase District 8 coals at f. a. s. prices, Old Quaker and Walsh did not appear. Having failed to offer evidence upon which the Examiner and Director could make an informed judgment, they cannot now be heard to complain that similar rights were not then accorded them.

On the basis of the foregoing and on the record, I find that the exceptions of the Old Quaker Company and the Bituminous Coal Consumers' Counsel are not well taken and should be denied, and that the Proposed Findings of Fact and the Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director.

Because at the hearing there arose some doubts concerning the conditions under which f. a. s. prices apply, it is believed that a clarification thereof may be helpful. It has always been recognized that f. a. s. prices apply only where shipments are made and deliveries received by the purchaser in barges. The weights that govern are the railroad weights at the mine.[1] Furthermore, in accordance with Price Instruction 9, consumers purchasing coal on an f. a. s. basis must assume all intervening costs subsequent to and including unloading from the barge. And, of course, f. a. s. prices apply only when the coal delivered to the consumer is the same coal which was loaded at the river loading facilities.

It is, therefore, ordered, That the exceptions filed herein be and they are hereby denied; and said Proposed Findings of Fact and Conclusions of Law of the Examiner be and they are hereby adopted as Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That § 328.13 (*Special prices*—(a) *Prices for river (free alongside deliveries) and ex-river shipments*—(iii) *Special cases*) in the Schedule of Effective Minimum Prices for District 8 for All Shipments Except Truck be and it is hereby amended to provide that any code member may sell high volatile coal at the free alongside prices to the following consumers, subject to the limitations indicated:

(a) Champion Paper & Fibre Company (for consumption at its plant located at Hamilton, Ohio).

(b) The City of Cincinnati, Ohio (for consumption within the city limits).

(c) The Board of Education of the City School District in the City of Cincinnati, Ohio (for consumption within the city limits).

(d) The County of Hamilton, Ohio (for consumption at the County Home, the Court House, and the Tuberculosis Hospital).

(e) Old Quaker Company (for consumption at its plant located at Lawrenceburg, Indiana).

(f) James Walsh & Company, Inc. (for consumption at its plant located at Lawrenceburg, Indiana).

(g) Lawrenceburg Roller Mills Company (for consumption at its plant located at Lawrenceburg, Indiana).

It is further ordered, That the provision in § 328.13 (*Special prices*—(a) *Prices for river (free alongside deliveries) and ex-river shipments*—(iii) *Special cases*) in the District 8 schedule that any code member may sell high volatile coals at the free alongside prices to Joseph E. Seagram & Sons, Inc. (for consumption at its plant located at Lawrenceburg, Indiana), be and it is continued in full force and effect.

It is further ordered, That, except as hereinabove provided, all prayers for relief be and they are hereby denied.

Dated: September 20, 1941.

Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER A—GENERAL PROVISIONS

[Regulation No. 3 Amended]

DEFINING THE STATUS OF THE DIVISION OF PRIORITIES OF THE OFFICE OF PRODUCTION MANAGEMENT AND PRESCRIBING THE DUTIES AND FUNCTIONS OF THE DIRECTOR THEREOF

Regulation No. 3 of the Office of Production Management, issued March 8, 1941, is hereby amended to read as follows:

Whereas by Executive Order No. 8629[1] and Executive Order No. 8875[2] the Office of Production Management has been created and charged with certain authority and duties with regard to defense and civilian supply, priorities and allocation, including the authority and duties hereinafter conferred upon the Director of Priorities; and

Whereas there has been established by said Executive Orders a Division of Priorities within the Office of Production Management in charge of a Director appointed by the Office of Production Management with the approval of the President;

Now therefore, by virtue of the authority vested in the Office of Production Management by said Executive Orders it is hereby provided that:

(a) The Director of the Division of Priorities, who shall be known as the Director of Priorities, shall perform the functions and exercise all the power, authority and discretion conferred on the President by section 2 (a) of the Act entitled "An Act to Expedite National Defense and for Other Purposes," approved June 28, 1940, and by Public No. 89, 77th Congress, First Session, entitled "An Act to Amend the Act Approved June 28, 1940, entitled 'An Act to Expedite National Defense, and for Other Purposes,' in order to extend the power to establish priorities and allocate material," approved May 31, 1941.

(b) The Director of Priorities shall have authority to propose action under section 9 of the Selective Training and Service Act of 1940, and all proposals for such action, whether originating with him or with any directors of any other division of the Office of Production Management or with any other official of the Government, shall be submitted by him, with his recommendation, to the Director General, the Associate Director General, the Secretary of War and the Secretary of the Navy, constituting the Council of the Office of Production Management, for such directions as they may give.

(c) The Director of Priorities shall review, clear, and approve for execution all requests or proposals originating from other Federal agencies, private industry, or other sources for priority action with respect to the procurement, production, transmission, or transportation of materials, articles, power, fuel, and other commodities; issue or provide for the issuance of all priority orders, warrants, certificates, or ratings with respect to the supply, production, transmission, or transportation of materials, articles, power, fuel, and other commodities; and, with reference to specific priority authorities vested by law in established departments and agencies of the Government, certify to

such departments and agencies, when he deems such action necessary to national defense, that preferential treatment is essential for certain materials, commodities, facilities or services. On ultimate military items, the Director of Priorities shall be guided by categories of military preferences, including the modification of existing categories, as set forth from time to time by the Army and Navy Munitions Board.

(d) The Director of Priorities shall, in consultation with the United States Maritime Commission, determine when, to what extent, and in what manner priorities shall be accorded to deliveries of material as provided in section 2 (a) (3) of Public No. 46, 77th Congress, First Session, entitled "An Act to Make Emergency Provision for Certain Activities of the United States Maritime Commission, and for Other Purposes," approved May 2, 1941. Deliveries of material shall take priority as provided in said Act in accordance with such determinations and the orders issued in pursuance thereof by the Director of Priorities.

(e) The Director of Priorities may establish such organization as he deems necessary to the adequate execution of the authority and duties vested in him, including the employment of personnel. He shall obtain the approval of the Director General of the Office of Production Management, acting in association with the Associate Director General, for the creation of the principal administrative subdivisions within the Division of Priorities.

(f) The Director of Priorities may exercise the powers, authorities or discretion conferred upon him through such officials of the Government, including the contracting and procurement officers and inspectors of the War and Navy Departments, and in such manner as he may determine, subject to such policies or regulations as may be adopted from time to time by the Office of Production Management, and subject to such policies or regulations as may be adopted from time to time by the Supply Priorities and Allocations Board.

(g) The Director of Priorities shall have authority to designate an Assistant or Deputy Director to serve as Acting Director of Priorities in the event of his absence or inability to act, subject to the approval of the Director General of the Office of Production Management acting in association with the Associate Director General.

(h) The Director of Priorities shall make such reports of his actions pursuant to this Regulation as may be required from time to time by the Office of Production Management.

(i) All existing rules, regulations, orders, directions and actions of the Director of Priorities are hereby ratified and confirmed and shall remain in full force and effect until they expire by their terms or are specifically repealed or amended.

SUBCHAPTER B—PRIORITIES DIVISION

PART 928—TO RESTRICT INVENTORY ACCUMULATION OF CERTAIN SPECIFIED MATERIALS

Termination of General Metals Order No. 1

Whereas, § 928.1 (Priorities Division, General Metals Order No. 1) as amended, imposes restrictions on the accumulation of inventories of certain specified materials, and

Whereas § 944.14 of Regulation No. 1 of the Priorities Division of the Office of Production Management imposes restrictions on the accumulation of inventories of any material whatever, similar to those imposed by said § 928.1, which restrictions render unnecessary the continuance of said § 928.1 (Priorities Division General Metals Order No. 1)

Now, therefore, it is ordered, That § 928.1 (Priorities Division, General Metals Order No. 1), as amended, is hereby terminated.

PART 978—UTILITIES

Maintenance, Repair and Supplies; Interpretation of Preference Rating Order P-46

The following official interpretation is hereby issued by the Director of Priorities with respect to § 978.1, Preference Rating Order P-46,[1] issued September 17, 1941.

Section 978.1 permits the application of the preference rating therein assigned to purchase orders of Material for maintenance, repair or operating supplies placed by a Producer prior to the effective date of such Preference Rating Order. The preference rating assigned may be applied to such purchase orders by filing with the Supplier of the Material a duplicate copy of the purchase order heretofore placed, endorsed in the manner specified in paragraph (d) of the Order.

Issued this 23d day of September, 1941.

SUBCHAPTER B—PRIORITIES DIVISION

[Preference Rating Order P-56, Amendment]

PART 982—MINES

Maintenance, Repair, and Supplies

Section 982.1 *Preference rating order P-56*[2] is hereby amended as follows:

Paragraph (a) (2) is amended to read as follows:

(a) *Definitions.*

* * * * *

(2) "Mine" means any plant actually engaged in the extraction by surface, open-pit or underground methods, or in the beneficiation, concentration or preparation for shipment of the products of mining activity. It does not include that form of mining known as "gold placer mining."

Paragraph (b) is amended to read as follows:

(b) *Certification of mines*—(1) *Domestic mines.* The agency designated by the Governor or other chief executive officer of each state, territory or possession of the United States shall furnish in duplicate to the Office of Production Management a certificate setting forth the names of the persons operating Mines within such state, territory or possession. The Office of Production Management will thereupon issue a Mine Serial Number, through such state agency, to each such person who may be approved by the Director of Priorities. Any person aggrieved by failure or refusal of a state agency to certify him as a Mine Operator may apply in writing to the Director of Priorities for issuance of a Mine Serial Number. The Director of Priorities may thereupon take such action as he deems appropriate.

(2) *Foreign mines.* The Director of Priorities may, in his discretion, issue a Mine Serial Number to a person operating a Mine outside the limits of the United States, its territories and possessions.

Paragraph (c) is amended to read as follows:

(c) *Assignment of preference ratings.* Subject to the terms of this Order, the following preference ratings are hereby assigned, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other Preference Rating Certificate or Order.

(1) A-1-a to deliveries to a Mine Operator of material essential for emergency repair of a Mine, as approved by the Office of Production Management pursuant to paragraph (e) (1).

(2) A-8 to deliveries to a Mine Operator of material required for emergency inventory or for operating supplies or for maintenance of a Mine.

(3) A-8 to deliveries to a Supplier.

(i) Of material required by a Mine Operator for maintenance, emergency repair, emergency inventory or operating supplies of a Mine, and

(ii) Of material to be physically incorporated in other material so required by a Mine Operator.

Paragraph (e) (2) is amended to read as follows:

(e) *Application of preference ratings.*

* * * * *

(2) A Mine Operator or a Supplier, in order to apply the A-8 preference rating assigned by paragraph (c) (2) and (3), must endorse the following statement on the original and all copies of each purchase order or contract for material, the delivery of which is entitled to such preference rating:

Purchase order for Materials for a Mine rated pursuant to Preference Rating Order P-56, Mine Serial No. ----- Rating A-8. This application of the rating is made pursuant to the terms and conditions of that Order, with which the undersigned is familiar.

(Name of Mine Operator or Supplier)

By:---
(Authorized Signature)

Such purchase order or contract so endorsed shall be delivered to the seller of such material. Such endorsement shall constitute a certification to the Office of Production Management that the Mine Operator or Supplier is entitled to apply such rating to such delivery pursuant to this Order. Such purchase order or contract must be in writing and shall not include any material the delivery of which is not rated pursuant to this Order.

Paragraph (n) is amended to read as follows:

(n) *Amendment of prior order.* The provisions of Preference Rating Order P-22 shall not apply to deliveries to which a preference rating is assigned by this Order.

This amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1304—IRON AND STEEL SCRAP

PRICE SCHEDULE NO. 4 AMENDED

§ 1304.16 *Appendix A, maximum prices for iron and steel scrap other than railroad scrap,* of Price Schedule No. 4[1] is hereby amended by striking out subparagraph (a) of paragraph II thereof and inserting in its stead the following:

(a) *For shipping points located within a basing point.* The price established above for the Basing Point in which the Shipping Point is located, is determined. There are then deducted from this price the actual costs involved in transporting scrap from the Shipping Point to the consumer's plant within the Basing Point which is nearest, in terms of transportation costs, to the Shipping Point; *except* that the Shipping Point Price within the Cincinnati Basing Point, for all grades other than No. 1 Cupola, Heavy Breakable Cast, Stove Plate, Machinery Cast, Cupola Size, No. 1 Machinery Cast, drop-broken, 150 lbs. & under, and Clean Auto Cast, shall in no case exceed the Basing Point Price of the specified grade, minus 80 cents. (E.O. 8734, 6 F.R. 1917)

§ 1304.17 *Appendix B, maximum prices for iron and steel scrap originating from railroads,* of Price Schedule No. 4 is hereby amended by adding thereto the following paragraph:

V

Maximum Prices for Scrap Rails and Rails for Rerolling Originating From Mines, Logging Roads, Etc.

A Shipping Point is the point from which the scrap is to be shipped to a consumer.

The Shipping Point Price is the price f. o. b. the Shipping Point.

The maximum Shipping Point Price of Scrap Rails and Rails for Rerolling originating from mines, logging roads, and similar sources shall be the price set forth in Paragraph I above for Scrap Rails and Rails for Rerolling at the Basing Point nearest, in terms of transportation charges, to the Shipping Point, minus the lowest established charge for transporting such rails from the Shipping Point to such Basing Point, except that the maximum Shipping Point Price need in no case be less than $13.50 per gross ton for Scrap Rails and $15.00 per gross ton for Rails for Rerolling. The maximum delivered price of such rails shall be the Shipping Point Price thus established, plus the lowest actual charge for transporting the rails from the Shipping Point to the consumer.[2] (E.O. 8734, 6 F.R. 1917)

Statement of work. The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work:

Rehabilitation of existing Quartermaster facilities including rebuilding and reconditioning present warehouses, utilities and appurtenances and the construction of necessary buildings, temporary structures, utilities and appurtenances thereto at Charleston, South Carolina, all as more generally described in Appendix "B" but limited to those buildings and structures for which an estimate is made in section 7, of Appendix "B".

It is estimated that the total cost of the construction work covered by this Article will be approximately four hundred twenty-six thousand, seven hundred and fifty dollars ($426,750.00), exclusive of the Contractor's fee.

In consideration for his undertaking under this contract the Contractor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Contractor's equipment as provided in Article II.

(c) A fixed-fee in the amount of twenty-three thousand two hundred and fifty dollars ($23,250.00) which shall constitute complete compensation for the Contractor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

[1] Approved by the Under Secretary of War June 14, 1941.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Article II, shall vest in the Government.

Payments—Reimbursement for cost. The Government will currently reimburse the Contractor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original signed pay rolls for labor, the original paid invoices for materials, or other original papers. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for contractor's equipment. Rental as provided in Article II for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed-fee. The fixed-fee prescribed in Article I shall be compensation in full for the services of the Contractor, including profit and all general overhead expenses. Ninety percent (90%) of said fixed-fee shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates made and approved by the Contracting Officer.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee.

Termination of contract by Government. Should the Contractor at any time refuse, neglect, or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the Government to cease work under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

The performance of optional work. The Government may at its option elect to have the Contractor perform the work and services hereinafter set forth in this Article:

Statement of optional work. The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work:

Rehabilitation of existing Quartermaster facilities including rebuilding and reconditioning present warehouses, utilities and appurtenances and the construction of necessary buildings, temporary structures, utilities and appurtenances thereto, all as more generally described in Appendix "B" but limited to those buildings and structures shown on page 6 thereof.

Estimated cost of optional work. It is estimated that the total cost of the optional construction work covered by this Article will be approximately Two Million, Three Hundred Five Thousand, Nine Hundred Forty-five dollars ($2,305,945.00) exclusive of the Contractor's fee.

Fixed-fee for optional work. In consideration for his undertaking under this Article the Contractor shall receive a fixed-fee in the amount of Eighty Seven Thousand, Five Hundred Fifty-five dollars ($87,555.00) which shall constitute complete compensation for the Contractor's services under this Article, including profit and all general overhead expenses.

This contract is authorized by the following law:

Bituminous Coal Division.

[Docket No. A-950]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR AN ALTERATION IN THE BOUNDARY LINES OF MARKET AREA 114 AND FOR A REDUCTION IN THE EFFECTIVE MINIMUM PRICES IN SIZE GROUPS 23-29, INCLUSIVE, FOR COALS PRODUCED IN DISTRICT NO. 9, FOR SHIPMENT TO CERTAIN DESTINATIONS IN THE NEWLY DEFINED MARKET AREA 114

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 21, 1941, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 14, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of the Bituminous Coal Consumers' Counsel for temporary and permanent order:

1. Redefining the boundaries of Market Area 114 as follows:

"Market Area 114: Tennessee, Nashville and Old Hickory and all points in the switching limits thereof; all points on the Nashville, Chattanooga and St. Louis railroad from Nashville to and including Hermitage; all points on the Tennessee Central railroad from Nashville to and including Stone River; all points on the Tennessee Central Railroad from Stone River to and including Old Hickory; all points on the Louisville & Nashville railroad to and including Madison (north of Nashville) and Mayton (south of Nashville)."

2. Amending the Schedule of Effective Minimum Prices for District No. 9 for All Shipments Except Truck by including on page 11 thereof the following notation:

"On shipments of coal in Size Groups 23-29, inclusive, to Maplewood, Madison, Mt. Olivet, Radnor and Mayton, in Mar-

ket Area 114, 10 cents may be deducted from the prices shown herein."

Dated: September 20, 1941.

PETITION OF DISTRICT BOARD NO. 1 FOR REVISION OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS OF CERTAIN MINES IN DISTRICT NO. 1

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provision of said Act and the rules of the Division be held on October 20, 1941, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston of any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 14, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 1 for the revision of price classifications and minimum prices of the coals of certain mines located in District No. 1 as follows:

For Truck Shipments

By changing the price classifications and reducing the minimum prices for certain sizes of coals of the following mines:

Behun Mine (Mine Index No. 1066), Michael W. Behun;

The Harvey Mine (Mine Index No. 2855), Arthur Harvey;

The Mack Mine (Mine Index No. 1687), Frank McMillen (Mack Coal Company);

The Roth Mine (Mine Index No. 2423), E. A. Roth (Roth Coal Mining Company);

The Freeport No. 1 Mine (Mine Index No. 1066), Thomas Dailey;

Grove Coal Company Mine (Mine Index No. 1455), Grove Coal Company;

By changing the price classifications and increasing the minimum prices for certain sizes of coals of The White No. 6 Mine (Mine Index No. 652), James A. White Coal Company;

For All Shipments Except Truck

By establishing an F classification, For All Shipments Except Truck, in Size Groups 3, 4, and 5 for a mixture of the coals of the White No. 1 Mine (Mine Index No. 651), the White No. 2 Mine (Mine Index No. 488), the White No. 3 Mine (Mine Index No. 2651), White No. 4 Mine (Mine Index No. 2981), the White No. 5 Mine (Mine Index No. 804), and the White No. 6 Mine (Mine Index No. 652) of the James A. White Coal Company;

By changing the minimum prices for certain sizes of coals of the following mines:

The Freeport No. 1 Mine (Mine Index No. 1066), Thomas Dailey;

Grove Coal Company Mine (Mine Index No. 1455), Grove Coal Company;

By changing the price classification and increasing the minimum price for certain sizes of coals of the White No. 6 Mine (Mine Index No. 652), James A. White Coal Company.

PETITION OF JAMES ARMSTRONG, ET AL., CODE MEMBERS IN SUBDISTRICT 7 OF DISTRICT 19 FOR REVISION OF THE NUMBER AND DESCRIPTION OF THE SIZE GROUPS AND REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS, FOR TRUCK SHIPMENT, PRODUCED AT THE MINES IN THAT SUBDISTRICT

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named parties;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on November 17, 1941, at 10 o'clock in the forenoon of that day, at the County Court House, Sheridan, Wyoming.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 12, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of James Armstrong, et al., code members in Subdistrict 7 of District No. 19, for revision of the number and description of the size groups and revision of the effective minimum prices for the coals, for truck shipment, produced at the mines in that Subdistrict; and, more particularly, for (1) a reduction from 13 to 7 in the number of and changes in the descriptions of the size groups, as set forth below, for those coals and (2) an increase in such prices for those coals produced at Mine Index Nos. 33, 104, 132, 143 and 160 to the following prices in cents per net ton f. o. b. the mines:

	Size group						
	1	2	3	4	5	6	7
	8" lump	1½" lump	8" x 3" egg	3" x 1½" nut	1½" x 1" pea	1½" x 0 slack	Mine run
Price	310	290	310	275	275	200	250

and (3), for those coals produced at the other mines in Subdistrict 7, an increase in such prices to establish for those coals a price differential of 15 cents per net ton below the prices hereinabove set forth.

Dated: September 22, 1941.

[Docket No. A-164]

PETITION OF THE MALLORY COAL COMPANY FOR A CHANGE IN THE PRICE OF MINE RUN (SIZE GROUP 27) COAL FOR SHIPMENT VIA TIDEWATER TO MARKET AREA 1 FOR WATER GAS, RETORT AND BY-PRODUCT USE

MEMORANDUM OPINION AND ORDER FOR AND NOTICE OF REOPENING OF HEARING

The original petition in this matter was filed on October 16, 1940, by Mallory Coal Company ("Mallory"), a code member in District 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act"), seeking a reduction from $2.10 to $1.80 per net ton in the effective minimum price f. o. b. the mine for coal in Size Group 27 (run-of-mine and resultants), produced at its mines Nos. 4 and 5, for tidewater shipment to Lowell Gas Light Company ("Lowell"), Lowell, Massachusetts, for water gas, retort and by-product use.

Intervening petitions were filed by District Boards 1, 2, 3, 7, 8, Pocahontas Fuel Company, et al (code members in District 7); Carbon Fuel Company and Amherst Coal Company and Logan County Coal Corporation, jointly, (code members in District 8); and Koppers Coal Company (a code member in Districts 7 and 8). Barrows & Company, Inc., a registered distributor, also filed a petition for intervention. Consumers' Counsel entered its appearance.

Informal conferences with respect to temporary relief were held on November 1 and December 11, 1940, and on January 29, 1941, pursuant to the Rules and Regulations governing Practice and Procedure in 4 II (d) Proceedings, and temporary relief granted by Orders of the Director, which reduced by 30 cents per net ton the effective minimum prices for tidewater shipments of Size Group 27 high volatile coals from Districts 7 and 8 to Lowell for retort gas use, limiting the quantities which might be shipped at that reduced price, as follows: The Order dated November 23, 1940, limited the temporary relief to shipments aggregating not more than 7,000 tons from all producers; the Order of December 17, 1940, limited the aggregate to an additional 7,000 tons; the Order of February 6, 1941, permitted an additional 9,000 tons to be shipped prior to February 28, 1941; and the Order of March 3, 1941, permitted a further 9,000 tons to be shipped prior to March 31, 1941.

On April 24, 1941, Mallory filed a Motion to extend the temporary relief to apply to shipments of an additional 7,500 tons made prior to June 15, 1941. However, on May 2, 1941, Mallory withdrew this motion.

Pursuant to Orders and notices of hearing issued by the Director, and after due notice to all interested persons, a public hearing was held in this matter before Travis Williams, a duly designated Examiner of the Division, on November 18–20, 1940. On May 17, 1941, the Examiner submitted Proposed Findings of Fact and Conclusions of Law, and an opportunity was then afforded to all parties to file exceptions thereto and supporting briefs.

The Examiner reported, in part, as follows (p. 8):

It must, of course, be recognized that one of the standards to be met by the effective minimum prices is the proper "competitive relationships between coal and other forms of fuel and energy." However, the prices must also comply with other standards of section 4 II (b), such as preserving the existing fair competitive opportunities of other coals. Hence, any reduction in the minimum prices necessary to meet the challenge of competitive fuels must be appraised in the light of the effect thereof upon the existing fair competitive opportunities of other coals in the same market, as well as in the light of other criteria prescribed by section 4 of the Act.

The record does not lend itself to an easy determination of these problems. The original petitioner based its case upon the theory that the consumer Lowell can and probably will convert to oil unless the price of the coal in question is reduced. District Boards 2 and 3, opposing this requested reduction, concentrated their case upon the effect which the relief sought would have on the price structure. Neither attempted directly to controvert the other.

After considering the testimony as to the effect of the price reduction requested by Mallory upon competitive coals, he said (p. 7):

It is obvious that granting the relief requested would permit Lowell to purchase coal at a price less than other plants using the same kind of coal for the same purpose. Consumer inequality is not desirable and generally brings in its train further complaints; it should therefore be averted, in the absence of overriding statutory considerations and policy. Petitioner, however, confined itself to the facts relating specifically to Lowell. No testimony was adduced to show whether the situation at Lowell is typical of competitive conditions throughout New England or whether they are exceptional. Under this theory the Division is required to take into account "competitive relationships between coal and other forms of fuel and energy" at specific plants. Thus, two plants within the same area might purchase the same coal at different minimum prices depending upon the actual cost of conversion at each plant. It is not inconceivable that there would be a different minimum price for sales to each plant in any given area. The situation thus created would be highly undesirable.

There are a number of plants in New England using coal for the manufacture of water gas, and in view of the testimony of the witnesses Magee,[1] Klumpp, and Buckley as to the effect of the relief requested in the entire price structure, it seems only proper that a consideration of the competitive relationships between coal and oil should have involved at least Market Areas 1 and 2. The Act requires the coordination of minimum prices for competing coals in "common consuming market areas," not at specific plants. It would more nearly accord with the spirit of the Act if a consideration of competitive relationships between coal and other forms of fuel were conducted on a market area basis.

I am, therefore, of the opinion that it may be advisable to reopen the hear-

[1] The witness Magee is Vice-President of Carbon Fuel Company.

ing in this matter to permit the introduction of evidence regarding the general situation as to competitive fuels in the entire market area. "Competitive relationships between coal and other forms of fuel and energy" not only at Lowell but at all consuming plants similarly situated should be considered if a properly coordinated and sound price structure is to be maintained.

Mallory has excepted to the Examiner's Findings in these and other respects, alleging that the Examiner failed to take account of the determinations made or related matters in General Docket No. 15, in which it is stated, "the broad competitive picture of Market Areas 1 and 2 was explored in great detail," that if any hearing be reopened it should be that in General Docket No. 15, and that the reopening of the hearing in this matter would unduly delay final disposition of the instant petition, bringing about the conversion which the petition sought to avert.

It does not seem, however, that the delay consequent to a reopening of this hearing will presently endanger the competitive status of Mallory's or other coals insofar as the Lowell plant is concerned. It should be noted that no temporary relief is now effective; apparently the Mallory coals are now moving to the Lowell plant at no less than the effective minimum prices. There is no indication that present marketing conditions will radically alter before the reopened hearing can be held and a final order issued in this matter.

The importance of fully exploring the effect of competitive fuels in the entire of Market Areas 1 and 2, and in handling that problem on a market area basis justifies the slight delay incidental to a resumption of the hearing.

Moreover, since the hearing in this matter was held on November 18–20, 1940, emergency conditions and the exigencies of the defense effort have somewhat altered the pace of the national economy, with probable effects on bituminous coal markets and on the matters involved in this proceeding. Particularly is it likely that transportation and distribution facilities for bituminous coals in the New England and the Eastern section of the United States have been somewhat affected.

Similarly the costs of competitive fuels and of converting for use of such fuels very likely have changed. Proper determination of the issues here involved with a view toward maintaining a sound price structure cannot be made without further inquiry into matters such as those noted above.

It is the opinion of the Director, therefore, that in accordance with the recommendation of the Examiner, this cause be reopened for the purpose of receiving evidence with respect to the competitive relationships between coal and other forms of fuel and energy in Market Areas 1 and 2, both insofar as the Lowell plant and other plants are concerned.

Upon the termination of the reopened hearing, the Examiner should submit a supplemental report, and Mallory and other parties be permitted to file supplemental exceptions thereto.

Now, therefore, it is ordered, That the hearing in the above-entitled matter be, and it hereby is, reopened generally for the purpose of receiving evidence directed to the question of the competitive relationships between coal and other forms of fuel and energy in Market Areas 1 and 2 with specific reference to any individual consumer plant or plants therein and with respect to such relationships generally.

It is further ordered, That the Examiner's Report and Mallory's exceptions thereto, now on file, stand as submitted and filed, and that, upon the close of the reopened hearing, the Examiner submit a supplemental report, Proposed Findings of Fact, Proposed Conclusions of Law, and recommendations of an appropriate Order, upon all the evidence and the record.

It is further ordered, That said hearing, as reopened, be held on October 15, 1941, at 10 o'clock a. m., at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the reopened hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein.

The matter concerned herewith is in regard to a petition of the Mallory Coal Company, a code member in District 8, for a reduction in the price of mine run coal (Size Group 27) produced at the Mallory Mines Nos. 4 and 5 when shipped to Lowell Gas Light Company, Lowell, Massachusetts, via tidewater for water gas, retort and by-product use, to $1.80 per net ton f. o. b. the mines.

[Docket No. A-657]

PETITION OF DISTRICT BOARD 6 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT No. 6

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

This is a proceeding instituted upon an original petition filed by District Board 6 requesting the establishment of price classifications and minimum prices, for all shipments, for the coals of certain mines in District No. 6.

By Order of March 17, 1941, price classifications and minimum prices were temporarily established, *inter alia*, for the coals of the Devenney #2 Mine (Mine Index No. 31) of the Wheeling Valley Coal Corporation for all shipments. A subsequent Order, dated July 18, 1941, rescinded the Order of March 17, 1941, in so far as it established price classifications and minimum prices for the coals of the Devenney #2 Mine (Mine Index No. 31) for river and ex-river shipments.

Thereupon the original petitioner filed a motion stating that the Devenney #2 Mine had river loading facilities; that during the effective period of the Order of March 17, 1941, Wheeling Valley Coal Corporation made commitments for the shipment by river of approximately 5,000 tons of coal from the Devenney #2 Mine; and that the Order of July 18, 1941, would seriously embarrass Wheeling Valley Coal Corporation. Petitioner thereupon requested the re-establishment of price classifications and minimum prices for river and ex-river shipments from the Devenney #2 Mine.

It is, therefore, ordered, That a reasonable showing of the necessity therefor having been made, pending final disposition of the above matter, temporary relief be and it is hereby granted as follows: Coals of the Devenney #2 Mine (Mine Index No. 31) of the Wheeling Valley Coal Corporation shall be subject to the price classifications and minimum prices established by the Order of March 17, 1941, for river and ex-river shipments. The temporary relief herein granted shall extend to coal for river and ex-river shipments in fulfillment of contracts or commitments entered into by Wheeling Valley Coal Corporation between March 17, 1941, and July 18, 1941, but in no event shall the aggregate of the tonnage so shipped be in excess of 5000 tons.

It is further ordered, That the Wheeling Valley Coal Corporation shall file forthwith with the Division in Washington, D. C., verified copies of all commitments or contracts entered into between March 17, 1941, and July 18, 1941, for the sale of coal, for river or ex-river shipment, from its Devenney #2 Mine. All invoices or credit memoranda for shipments made pursuant to this order shall be so marked, and in addition thereto Wheeling Valley Coal Corporation shall file with the Division in Washington, D. C., semimonthly reports showing the tonnage of each shipment made under this order, the shipping point, purchaser, destination, use, f. o. b. mine price, and any additional costs paid by the seller on behalf of the purchaser.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 13, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 8, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment of price classifications and minimum prices for river and ex-river shipments from the Devenney #2 Mine of the Wheeling Valley Coal Corporation, a code member in District No. 6.

Dated: September 20, 1941.

Agricultural Adjustment Administration.

[NER-500-A-1]

SPECIAL 1941 AGRICULTURAL CONSERVATION PROGRAMS FOR THE NORTHEAST REGION, SUPPLEMENT No. 1

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended, the Special 1941 Agricultural Conservation Programs for the Northeast Region[1] are amended as follows:

1. Item 4, subsection A, section I, is amended to read as follows:

Farm acreage allotments. A potato acreage allotment shall be determined for each farm for which the normal acreage of potatoes is determined to be three acres or more. No potato acreage allotment shall be less than 3 acres unless it is reduced because there was planted on the farm less than 80 percent of the farm's potato allotment.

Potato acreage allotments shall be determined on the basis of the acreage of potatoes customarily grown on the farm, as reflected in the average acreage during two or more of the years 1936 to 1940, production facilities, good soil management, tillable acreage on the farm, type of soil, and topography. Potato acreage allotments may be determined for farms on which potatoes will be produced in 1941 for the first time since 1936 on the basis of the potato-producing experience of the operator and such of the foregoing factors as are applicable. The potato acreage allotment for any farm shall compare with the potato acreage allotments for other farms in the same community which are similar with respect to such factors. The potato allotments determined for farms in a county shall not exceed their proportionate share of the county potato allotment.

2. Item 3, subsection B, section I is amended to read as follows:

Commercial vegetables means the planted acreage of annual vegetables or truck crops and the harvested acreage of perennial vegetables, of which any portion of the production is sold to persons not living on the farm, except (1) such crops grown in home gardens for use on the farm; (2) potatoes; (3) dried beans, cowpeas, blackeyed peas, bulbs and flowers, and watermelons; and (4) sweet potatoes, strawberries, and cantaloupes, except in areas designated by the Agricultural Adjustment Administration upon recommendation of the State committee: *Provided*, That all or any part of any vegetable acreage totally destroyed by flood, freeze, insects, or any other cause beyond the control of the operator, which is later replaced by other acreage planted to vegetables on the farm, may be considered as not having been planted; *Provided further*, That in determining the acreage of commercial vegetables in 1941, the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing shall not be considered as commercial vegetables.

3. Item 4, subsection B, section I, is amended to read as follows:

Payment: $1.30 for each acre in the commercial vegetable acreage allotment determined for the farm, or if the acreage of commercial vegetables plus the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing is less than 80 percent of the farm's commercial vegetable allotment, for an acreage equal to 125 percent of the acreage of commercial vegetables plus the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing unless the county committee finds that the acreage of commercial vegetables plus the acreage of tomatoes, corn, peas, snap beans, and lima beans grown for processing is less than 80 percent of such allotment because of flood or drought.

4. Item 7, subsection C, section I, is amended to read as follows:

Non-wheat-allotment farm means (a) any farm for which no wheat allotment was determined prior to September 1, 1940; (b) any farm notified of a usual acreage of wheat, but for which no written request was filed by the operator prior to September 1, 1940, to consider the farm a wheat allotment farm; (c) any farm for which the operator filed with the county committee prior to September 1, 1940, a written request to have the farm considered as a non-wheat allotment farm; (d) any farm, mistakenly classified as a wheat allotment farm, on which the acreage planted to wheat in excess of the farm wheat allotment was plowed or disked down, pastured, cut for hay or ensilage, or cut and left on the land not later than June 14, 1941, in New Jersey, June 20, 1941, in Pennsylvania, and July 1, 1941, in New York; and (e) any other farm, mistakenly classified as a wheat allotment farm, with a wheat acreage allotment of 15 acres or less and on which the acreage planted to wheat is more than 15 acres.

5. Item 8, subsection C, section I, is amended to read as follows:

Acreage planted to wheat means (a) any acreage of land devoted to seeded wheat (except when such crop is seeded

[1] 6 F.R. 1369.

in a mixture containing 25 percent or more by weight of rye, barley, or vetch), or (b) any acreage of land which is seeded to a mixture containing wheat designated under (a) above but on which the crops other than wheat fail to reach maturity and the wheat reaches maturity: *Provided*, That any acreage of land devoted to seeded wheat in excess of the acreage allotment on a non-wheat-allotment farm shall not be considered as planted to wheat if the acreage in excess of the allotment is plowed down, pastured, converted into ensilage, or cut for hay, or otherwise utilized for soil-building purposes by clipping and leaving on the land not later than June 14, 1941, in New Jersey; June 20, 1941, in Pennsylvania; and July 1, 1941, in New York.

6. Item 9, subsection C, section I, is amended to read as follows:

Payment: (Non-wheat-allotment farms on which the acreage planted to wheat on the farm does not exceed its wheat acreage allotment and wheat allotment farms) 8 cents per bushel of the program yield of wheat for the farm for each acre in its wheat allotment, or if the acreage planted to wheat is less than 80 percent of the farm's wheat allotment, for an acreage equal to 125 percent of the acreage of wheat unless the county committee finds that the acreage of wheat is less than 80 percent of such allotment because of flood or drought.

7. Item 2, subsection D, section I, is hereby deleted.

8. Item 2, subsection F, section II, is hereby amended to read as follows:

Windham and New London Counties, Connecticut. Each farm on which there are at least five bovine animal units may be furnished triple or 20% superphosphate and ground limestone in accordance with the following schedule for improving open pasture land at the rate of 2,000 pounds of ground limestone and 200 pounds of triple superphosphate or its equivalent per acre.

Animal units	Pasture improvement allowance		
	Superphosphate		Limestone
	Triple	20%	
	Pounds	*Pounds*	*Pounds*
5 to 9, inclusive	100	300	1,000
10 to 14, inclusive	200	500	2,000
15 to 19, inclusive	300	700	3,000
20 to 24, inclusive	400	900	4,000
25 to 29, inclusive	500	1,200	5,000
Etc.			

9. Item 2, subsection A, section III, is hereby amended to read as follows:

The deductions with respect to insufficient acreage of grasses or legumes in Nassau and Suffolk Counties shall be regarded as pro rata deductions with respect to the payments computed in connection with commercial vegetable, potato, and wheat acreage allotments. The deduction for failure to maintain soil-building practices carried out under previous programs shall be divided among the persons who the county committee determines were responsible for the failure to maintain the practices in the proportion that the county committee finds such persons were responsible.

Done at Washington, D. C. this 23rd day of September, 1941. Witness my hand and the seal of the Department of Agriculture.

FEDERAL POWER COMMISSION.

[Docket No. IT-5731]

IN THE MATTER OF THE OHIO PUBLIC SERVICE COMPANY AND THE TOLEDO EDISON COMPANY

ORDER TO SHOW CAUSE AND FIXING DATE OF HEARINGS

SEPTEMBER 20, 1941.

Commissioners: Leland Olds, Chairman, Basil Manly, John W. Scott and Clyde L. Seavey; Claude L. Draper not participating.

Upon application filed September 19, 1941, by The Ohio Power Company, requesting this Commission to take such action as it may deem appropriate looking toward the maintenance of interconnections between the transmission systems of The Ohio Power Company and the transmission systems of The Ohio Public Service Company and The Toledo Edison Company as provided in a certain contract between the parties, dated January 1, 1938;

It appearing to the Commission that:

(a) There is in effect a contract between The Ohio Power Company and The Ohio Public Service Company and The Toledo Edison Company, which contract is dated January 1, 1938, providing for the maintenance of interconnections between the electric transmission systems of the parties, for the sale and interchange of electric energy thereover, which contract is on file with the Commission and is designated The Ohio Power Company Rate Schedule FPG No. 15;

(b) Said contract is by its terms to be effective at least until December, 1942;

(c) Said contract imposes mutual obligations upon the parties thereto relating to the maintenance of service and is a contract relating to service embodied in a rate schedule duly filed with this Commission, in which no change shall be made except in the manner provided in section 205 (d) of the Federal Power Act;

(d) By letter dated September 12, 1941, The Ohio Public Service Company purported to advise The Ohio Power Company that at midnight on Saturday, September 20, 1941, The Ohio Public Service Company proposes to disconnect all switches by which its electric transmission lines are interconnected with those of The Ohio Power Company, said letter stating that the sole purpose of said disconnection is to bring about an immediate termination of another proceeding against The Ohio Public Service Company which is now being conducted before this Commission, entitled In the Matter of The Ohio Public Service Company, Docket No. IT-5563;

(e) On September 15, 1941, said letter of September 12, 1941, from The Ohio Public Service Company to The Ohio Power Company was read into the record of the hearing in Docket No. IT-5563;

(f) The proposed disconnection by The Ohio Public Service Company of its facilities and those of The Toledo Edison Company from those of The Ohio Power Company will constitute a change in a contract relating to service and may constitute a violation of section 205 (d) of the Federal Power Act unless made with the approval of this Commission;

(g) By letter of this Commission dated September 19, 1941, The Ohio Public Service Company was duly notified of the protest theretofore received from The Ohio Power Company and was directed not to sever the interconnections of its facilities from those of The Ohio Power Company pending the hearing provided for herein;

Wherefore, the Commission orders that:

(A) The Ohio Public Service Company and The Toledo Edison Company show cause if any there be at a public hearing to be held on October 7, 1941, at 9:45 a. m., in the hearing room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., why:

(i) They should not comply with the provisions of section 205 (d) of the Federal Power Act; and

(ii) The Commission should not issue an order under section 202 (b) of the Federal Power Act requiring them to maintain physical connection of their transmission facilities with the facilities of The Ohio Power Company and to exchange electric energy with said Company as provided in the aforesaid contract of January 1, 1938;

(B) Pending said hearing and the determination of the Commission thereon, Respondents shall not sever any of the interconnections between their facilities and those of The Ohio Power Company, provided for in the aforesaid Ohio Power Company Rate Schedule FPC No. 15;

(C) Interested state commissions may participate in said hearing, as provided in § 39.4 of the Rules of Practice and Regulations, under the Federal Power Act.

By the Commission.

The President

GENERAL PULASKI'S MEMORIAL DAY

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS in this grave crisis, when our precious liberties are gravely menaced by the spread of conquest and tyranny abroad, we may gratefully recall the efforts and sacrifices of those who helped establish this as a free nation; and

WHEREAS on October 11, 1779, at the siege of Savannah, Count Casimir Pulaski, valiant representative of a people that has for centuries displayed magnificent independence of spirit, gallantly gave his life for the cause of American independence; and

WHEREAS, in this connection, the Congress has enacted Public Law 41, approved April 24, 1941, which provides as follows:

> That the President of the United States of America is authorized to issue a proclamation calling upon officials of the Government to display the flag of the United States on all governmental buildings on October 11, 1941, and inviting the people of the United States to observe the day in schools and churches, or other suitable places, with appropriate ceremonies in commemoration of the death of General Casimir Pulaski.

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby proclaim October 11, 1941, as General Pulaski's Memorial Day, and I call upon officials of the Government to display the flag of the United States on all Government buildings on that day. I also invite the people of the United States to observe the day in schools and churches, or other suitable places, with appropriate ceremonies in commemoration of General Pulaski's death.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 22nd day of September, in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

TRANSFER OF LANDS FROM THE OUACHITA NATIONAL FOREST TO THE OZARK NATIONAL FOREST

ARKANSAS

By virtue of the authority vested in me by the act of June 4, 1897, 30 Stat. 11, 36 (U.S.C., title 16, sec. 473), and upon the recommendation of the Secretary of Agriculture, it is ordered that the following-described national-forest lands, in the State of Arkansas, be, and they are hereby, transferred from the Ouachita National Forest to the Ozark National Forest:

All lands of the Magazine Mountain Ranger District within the established boundaries of the Ouachita National Forest, Arkansas, as shown on the diagram made a part of Proclamation No. 2296 of August 30, 1938 (53 Stat., Pt. 3, 2465).

It is not intended by this order to give a national-forest status to any publicly-owned lands which have not heretofore had such status, or to remove any publicly-owned lands from a national-forest status.

Pursuant to the authority of section 3 of the Insecticide Act of 1910 (36 Stat. 331; 7 U.S.C. 127) we hereby make and publish the following rules and regulations for the enforcement of the Insecticide Act of 1910, to become effective on October 1, 1941.

These regulations shall supersede those previously promulgated and published as Part 180, Chapter I, Title 21, Code of Federal Regulations, which are hereby repealed.

DEFINITIONS

§ 161.1 *Meaning of words.* Words in the regulations in this part in the singular form shall be deemed to import the plural, and vice versa, as the case may demand.*

*§§ 161.1 to 161.20, inclusive, issued under the authority contained in sec. 3, 36 Stat. 331; 7 U.S.C. 127.

§ 161.2 *Terms defined.* For the purpose of the regulations in this part, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

(a) "Act" means the Insecticide Act of 1910 (36 Stat. 331; 7 U.S.C. 121–134).

(b) "Person" means an individual, corporation, partnership, or two or more persons having a joint or common interest.

(c) "Chief of Service" means the Chief or Acting Chief of Agricultural Marketing Service, United States Department of Agriculture.

(d) "Package" includes the carton, box, barrel, or other receptacle into which an insecticide or fungicide, paris green, or lead arsenate is placed for use, handling, removal, shipment, or conveyance; a single container of such article or articles or several containers packed together, including both the immediate container of the material and the box, carton, or other container (if any) in which it is enclosed or displayed.

(e) "Unbroken package and original unbroken package" means the original package delivered by the shipper to the carrier at the initial point of interstate shipment, and also the unit package as ordinarily displayed on the shelves of the retail dealer or distributor.

(f) "Label" includes any legend and descriptive matter or design printed, stenciled, stamped, seared, or impressed upon the article or its container or wrapper, and also includes any circular, pamphlet, or other descriptive matter packed with or accompanying the article at any time while such article is in interstate commerce, and such letters, circulars, pamphlets, and other descriptive matter to which reference is made, either on the label attached to the package or on the package itself, or any circular, pamphlet, or other descriptive matter accompanying the package in interstate commerce.

(g) "Insect" means any of the numerous small invertebrate animals generally having the body more or less obviously segmented, for the most part belonging to the class Insecta, comprising six-legged, usually winged forms, as, for example, beetles, bugs, bees, flies, and to other allied classes of arthropods whose members are wingless and usually have more than six legs, as, for example, spiders, mites, ticks, centipedes, and wood lice.

(h) "Fungi" means all nonchlorophyll-bearing plants of a lower order than mosses and liverworts (i. e., nonchlorophyll-bearing thallophytes), as, for example, rusts, smuts, mildews, molds, yeasts, and bacteria.

(i) "Official inspector" means any employee of the Agricultural Marketing Service or other authorized inspector or agent of the Department of Agriculture or of the Treasury Department.*

ADMINISTRATION

§ 161.3 *Authority.* The Chief of Service is charged with the administration of the provisions of the Act and the regulations in this part and is authorized to issue such instructions as he may deem proper and necessary.*

SAMPLES

§ 161.4 *Collection of samples.* Samples shall be collected only by official inspectors.*

§ 161.5 *Investigations.* Official inspectors shall make investigations to locate shipments of products which may be in violation of the law; visit manufacturers and distributors and, with their consent, obtain information concerning insecticides and fungicides marketed by such parties, and records of interstate shipments; consult shipping records, such as those kept by railroad, express, and trucking companies, and visit wholesale and retail establishments and other places to locate interstate shipments of insecticides and fungicides.*

§ 161.6 *Methods of examining samples.* The methods of examining samples shall be those adopted and published by the Association of Official Agricultural Chemists (where applicable), and such other methods as may be necessary to determine whether or not the product and its labeling are in compliance with the law. These methods may include chemical, microscopical, physical, and bacteriological methods, and tests in orchard, field, garden and greenhouse, on animals, in or about premises, in cages, in the laboratory, and in such other places as may be necessary.*

§ 161.7 *Hearings.* If, from the examination or analysis, a sample appears to be adulterated or misbranded within the meaning of the Act, notice in writing, setting forth the charges, shall be sent to the person who made, or offered to make, the shipment, and to any other interested person, giving him an opportunity to offer such explanation as he may desire, for consideration by the Department. Should any such person file, in addition to his reply in writing, a written request for an oral hearing, giving his reasons therefor, due consideration will be given to the question whether any useful purpose would be served by such a hearing.

No hearing will be granted prior to seizure action pursuant to section 10 of the Act.*

VIOLATIONS

§ 161.8 *Report of violations.* Requests for institution of prosecutions under sections 1 and 2 of the Act, and, where practicable, for proceedings under section 10 of the Act, will be made by the Secretary of Agriculture to the Attorney General. Where immediate action is necessary to secure the seizure of articles under section 10 and delay would result by reporting the facts to the Attorney General, the Secretary of Agriculture will communicate directly with the United States attorneys. In such cases, however, the Secretary of Agriculture will promptly furnish the Attorney General with a copy of the communication to the United States Attorney.*

§ 161.9 *Publication.* Publication shall be made of notices of judgment of the courts in cases arising under both the criminal sections (sections 1 and 2) and the seizure section (section 10) of the Act in the form of circulars, notices, or bulletins as the Chief of Service may direct.*

ABSTRACTION OF VALUABLE CONSTITUENTS

§ 161.10 *When wholly abstracted.* A valuable constituent will be considered as wholly abstracted from an article whenever the designation of the article imports its presence therein and the constituent has been wholly omitted therefrom, in the preparation of the article, or has been wholly removed from the completed article.*

§ 161.11 *When partly abstracted.* A valuable constituent will be considered as partly abstracted from an article whenever the designation of the article imports its presence therein and the constituent is not present in the usual or customary amount or in the amount indicated on the label.*

LABELING

§ 161.12 *Statements on label.* Statements on labels must conform to the following requirements:

(a) *To be in English language.* All words, statements, and other information required by the Act to appear on the label shall be in the English language.

(b) *Ingredient statement.* The ingredient statement, where required on the labels of insecticides and fungicides, shall: (1) be placed on that part of the label of each individual package or container (and also on the carton or outer container, if there is one) which is presented or displayed under customary conditions of purchase; (2) run parallel with other printed or reading matter on the label; (3) not be materially less conspicuous than any other word, statement, or information on the label; (4) be on a clear, contrasting background and not obscured by designs or vignettes, or crowded with other written, printed, or graphic matter; (5) give the specific names by which the ingredient is commonly known, other than a trade name or collective name, or, if it does not have such a name, its correct chemical name; (6) give equal prominence to the names of the ingredients where more than one is present; (7) give single values for the percentages of the ingredients and shall not use a sliding scale form of statement; and (8) show the term "Inert Ingredient" in type and position equally as conspicuous as the term "Active Ingredient" when both these terms are used.

(c) *Phenol coefficient statement.* If a label of a disinfectant bears a phenol coefficient statement it shall not be in a sliding scale form.

(d) *False and misleading statements.* The use of any false or misleading statement on any part of the label or labeling, given as the statement or opinion of an expert or other person or based on such statement or opinion, shall not be justified, nor may such statement be justified by any descriptive matter explaining the use of the false or misleading statement.

Any statement on the label or labeling, either directly or indirectly implying that the product is recommended or endorsed by any agency of the Federal Government, is considered misleading.*.

§ 161.13 *When labels are required.* Whenever, by the terms of the Act, information is required to be on the label of an insecticide or fungicide, a label must be placed on the article or its container in order that the statement can be made. The omission of a label will not excuse the absence of the required statement.*

§ 161.14 *Name and address of manufacturer*—(a) *True name and place.* The name of the manufacturer or producer or the place of manufacture need not be given upon the label, but, if given, it must be the true name and true place. The words "Packed for * * *," "Distributed by * * *," or some equivalent phrase, shall be added to the label in case the name which appears upon the label is not that of the actual manufacturer or producer.

(b) *When more than one place of manufacture.* When a person actually manufactures or produces an insecticide, fungicide, paris green, or lead arsenate in two or more places, the actual place of manufacture or production of each particular package need not be stated on the label except when, under the peculiar circumstances of the particular case, the mention of any such place to the exclusion of the others may mislead the public.

(c) *Geographical name.* The use of a geographical name on the label of an insecticide or fungicide will not be considered misbranding when, by reason of long usage, it has come to represent a generic term and indicates a style, type, or brand, or a specific substance rather than the place of manufacture, but in all such cases the place where any such article is manufactured or produced shall be stated on the principal label.*

GUARANTY

§ 161.15 *Guaranty against adulteration and misbranding.* The following provisions apply to the furnishing and use of the guaranty:

(a) *To dealer.* Any wholesaler, manufacturer, jobber, or other person residing in the United States may furnish to any person to whom he sells any insecticide, paris green, lead arsenate, or fungicide, a guaranty that such article is not adulterated or misbranded within the meaning of the Act.

(b) *Essential wording.* Each guaranty to afford protection shall be signed by, and shall contain the name and address of, the wholesaler, manufacturer, jobber, or other person residing in the United States who sold the article, and it shall be stated in the guaranty that such article or articles are not adulterated or misbranded within the meaning of the Act. The guaranty shall not appear on the labels or packages.

(c) *Holder not to be prosecuted.* No dealer in insecticides, paris greens, lead arsenates, or fungicides will be liable to prosecution if he can establish that the articles were sold under a guaranty given in compliance with the regulations in this part.•

IMPORTS

§ 161.16 *Declaration.* All invoices of insecticides, paris greens, lead arsenates, and fungicides imported into the United States shall be accompanied by a declaration of the shipper, made before a United States consular officer, as follows:

I, ----------, the undersigned,
(Name in full)
do hereby declare that I am the ----------
(Manufacturer
---------- of the merchandise herein men-
or shipper)
tioned, which consists of insecticides, paris greens, lead arsenates, or fungicides. None of this merchandise is falsely labeled in any respect, or dangerous to the health of the people of the United States, or forbidden entry into, or sale in, or restricted in sale in, the country in which it is made or from which it is exported. The merchandise was manufactured in ----------, by
(Country)
----------, and is exported from
(Name of manufacturer)
---------- consigned to ----------
(City) (City)
Dated at ---------- this ------
day of ----------, 19---.

•

§ 161.17 *Notice of shipments for importation.* The collector of customs shall notify the Agricultural Marketing Service of the United States Department of Agriculture of all shipments of insecticides and fungicides being imported into the United States and shall detain all such shipments until notified by the Agricultural Marketing Service that the shipment may be released.•

§ 161.18 *Drawing of samples of import shipments.* The collector of customs shall, on request of the Agricultural Marketing Service of the United States Department of Agriculture, draw samples of import shipments of insecticides and fungicides and deliver them together with a copy of the labeling and all accompanying circulars and advertising matter pertaining to the goods to the designated laboratory of the Agricultural Marketing Service.•

§ 161.19 *Bond for release of imports pending examination.* Consignments of insecticides, paris greens, lead arsenates, or fungicides, offered for importation into the United States may be detained pending examination to determine whether they are adulterated or misbranded, or they may be released to the consignee prior to such examination upon the execution on the appropriate form of a customs single-entry or term bond in such amount as is prescribed for such bonds in the customs regulations in force on the date of entry and containing a condition for the redelivery of the merchandise or any part thereof upon demand of the collector of customs at any time. The bond shall be filed with the collector of customs, who, in case of default, shall take appropriate action to effect the collection of liquidated damages as provided for in the bond.•

§ 161.20 *Procedure after examination.* (a) If, upon examination or analysis of a sample from an import consignment of insecticides, paris greens, lead arsenates, or fungicides, (1) it is found not to be adulterated or misbranded, the Agricultural Marketing Service shall notify the collector of customs that the shipment may be released; (2) but if the consignment is found to be adulterated or misbranded the owner or consignee shall be promptly notified by the Agricultural Marketing Service of the nature of the charge in order that he may be given an opportunity to show cause why the shipment should not be destroyed or refused entry.

(b) A reasonable time will be allowed the owner or consignee to submit evidence for consideration in connection with charges of adulteration or misbranding.

(c) If, after consideration of all of the evidence in the case, it still appears that the consignment may not be lawfully admitted into the United States, the Agricultural Marketing Service shall notify the collector of customs that the product is adulterated or misbranded under the Act and the Secretary of the Treasury (1) shall refuse delivery to the consignee and, under such regulations as the Secretary of the Treasury may prescribe, shall cause the destruction of any goods not exported by the consignee within three months from the date of notice of such refusal of entry, or (2) if the shipment has been released to the consignee on bond, action will be taken to enforce the terms of the bond.

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[ACP-1940-14]

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM

SUBPART B—1940

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1940 Agricultural Conservation Program,[1] as amended, is hereby further amended as follows:

Section 701.101 (f) (6) is hereby amended to read as follows:

§ 701.101 *Allotments, yields, productivity indexes, payments, and deductions.*

• • • • • •

(f) *Tobacco.*

• • • • • •

(6) *Deduction.* 8 cents per pound of the normal yield for the farm for each acre of tobacco harvested in excess of the applicable tobacco acreage allotment: *Provided,* That if an official notice of such excess tobacco acreage was not received by the farm operator prior to the completion of the harvesting of tobacco on the farm and such farm operator, with the approval of the county committee and the State committee, destroyed an amount of representative tobacco equivalent to the entire production of the excess acreage, such excess acreage will not be considered to have been harvested.

Section 701.101 (h) (10) (ii) is hereby amended to read as follows:

(h) *Wheat.*

• • • • • •

(10) *Deduction.*

• • • • • •

(ii) (Non-wheat-allotment farms) 50 cents per bushel of the normal yield for the farm for each acre of wheat harvested for grain or for any other purpose after reaching maturity in excess of its wheat acreage allotment or 10 acres, whichever is larger, in Area A; in excess of the usual acreage of wheat for the farm or 10 acres, whichever is larger, in Area B of the Western Region and in Area C; and in excess of the largest of (a) the usual acreage of wheat for the farm, (b) 10 acres, or (c) if no wheat is marketed from the farm, 3 acres per family on the farm in Area 3 of the East Central and Southern Regions.

Section 701.111 (b) is hereby amended by changing the period at the end of the first sentence thereof to a comma and adding the following:

§ 701.111 *Application for payment.*

• • • • • •

(b) *Time and manner of filing application and information required.* • • • except that applications for tenants and sharecroppers covering cropland owned by the United States may be submitted through the county office not later than December 31, 1941.

Section 701.115 (c) is hereby amended to read as follows:

§ 701.115 *Authority, availability of funds, and applicability.*

• • • • • •

(c) *Applicability.* The provisions of the 1940 program contained herein, except § 701.108, are not applicable to (1) Hawaii, Puerto Rico, and Alaska; (2) counties for which special agricultural conservation programs under said Act are approved for 1940 by the Secretary;[1] and (3) public domain of the United States, including land other than cropland owned by the United States and administered under the Taylor Grazing Act or by the Forest Service of the United States Department of Agriculture, and lands other than cropland in which the beneficial ownership is in the United States.

[ACP-1941-11]

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM

SUBPART C—1941

Pursuant to the authority vested in the Secretary of Agriculture under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended, the 1941 Agricultural Conservation Program[1] is amended as follows:

Section 701.201 (c) (8) is hereby amended to read as follows:

§ 701.201 *Allotments, yields, productivity indexes, payments, and deductions.*

• • • • • •

(c) *Peanuts.*

• • • • • •

(8) *Deduction.* $30.00 per ton of the normal yield for the farm for each acre of peanuts for market in excess of its peanut acreage allotment less the acreage, if any, by which the farm cotton acreage allotment (or an erroneously issued cotton allotment when such allotment is used for determining performance in accordance with § 701.210 (g)) exceeds the acreage planted to cotton on the farm, but not to exceed the maximum peanut payment computed for the farm unless the county committee with the approval of the State committee or the State committee determines that peanuts grown on an acreage in excess of the peanut acreage allotment were marketed for purposes other than crushing for oil: *Provided,* That nothing in this subparagraph shall be construed as reducing the acreage of excess peanuts upon which deduction is computed even though the amount of the deduction is reduced to the maximum computed peanut payment: *Provided further,* That no deduction will be made if the acreage of peanuts for market on the farm is one acre or less.

Section 701.209 is hereby amended by adding the following at the end thereof:

§ 701.209 *Conservation materials.*

• • • • • •

Such materials or services will be furnished to the producer by the Agricultural Adjustment Administration either directly or through the medium of a purchase order executed on a form prescribed by the Agricultural Adjustment Administration. Payment based on the purchase order will be made, in advance of determination of performance by the producer, to the vendor who, in filling the purchase order, furnished to the producer the approved conservation material or service, in accordance with such instructions and specifications issued by the Agricultural Adjustment Administration as are necessary to carry out this section, at not to exceed a fair price fixed in accordance with regulations prescribed by the Secretary. In the case of seed of Austrian winter peas and vetches, such fair price shall be fixed in accordance with the following regulation hereby prescribed by the Secretary.

The maximum prices which will be paid per hundredweight on seeds furnished in burlap bags under purchase orders will be as follows, and for seeds furnished in new cotton bags an additional 10 cents per bag:

	Plus transportation[1]
Austrian winter peas	$3.80
Common vetch	3.80
Willamette vetch	5.30
Hairy vetch	8.15

[1] Transportation allowed will be commercial freight rates from Oregon to county where sold to farmers under purchase order, basis 60,000 pound carloads. The sum stated above, plus the transportation based on commercial railway freight rates, constitutes the maximum price regardless of the actual method of shipment.

The maximum prices set forth above are for seeds of the following germination and purity standards, and lower grades will not be accepted on purchase orders unless the bag labels show that the seeds met those standards when they were tested in the producing area:

Austrian winter peas. Germination—90 percent or better (live seed, including hard seed); purity—98 percent or better.

Common vetch. Germination—90 percent or better (live seed, including hard seed); purity—95 percent or better common vetch, 98 percent or better all vetches.

Willamette vetch. Germination—90 percent or better (live seed, including hard seed); purity—95 percent or better Willamette vetch, 98 percent or better all vetches.

Hairy vetch. Germination—90 percent or better (live seed, including hard seed); purity—95 percent or better hairy vetch, 98 percent or better all vetches.

If laboratory tests required by the Agricultural Adjustment Administration show the seeds to be below the minimum standards of germination or purity set out above, deductions will be made on the following basis from the payments which would otherwise have been made to the vendors:

For a deficiency of 5 percent or less. 5 cents per hundredweight on peas, common vetch, and Willamette vetch, and 10 cents per hundredweight on hairy vetch, for each 1 percent deficiency in germination or purity. (Example: Test on peas shows germination 89 percent, purity 97 percent; deduction would be 10 cents per hundredweight.)

For any deficiency in excess of 5 percent. 10 cents per hundredweight on peas, common vetch, and Willamette vetch and 20 percent per hundredweight on hairy vetch, for each 1 percent of germination or purity. (Example: Test on peas shows germination 84 percent, purity 92 percent; deduction would be 70 cents per hundredweight.)

Section 701.215 (c) is hereby amended to read as follows:

§ 701.215 *Authority, availability of funds, and applicability.*

• • • • • •

(c) *Applicability.* The provisions of the 1941 program contained herein, except Sec. 701.206, are not applicable to (1) Hawaii, Puerto Rico, and Alaska; (2) counties for which special agricultural conservation programs under said Act are approved for 1941 by the Secretary; (3) any department or bureau of the United States Government and any corporation wholly owned by the United States; and (4) lands other than cropland owned by the United States which were acquired or reserved for conservation purposes or which are to be retained permanently under Government ownership. Lands other than cropland under (4) above include, but are not limited to, lands owned by the United States which are administered by the Forest Service or the Soil Conservation Service of the United States Department of Agriculture, or by the Division of Grazing or the Bureau of Biological Survey of the United States Department of the Interior.

The program is applicable to lands owned by corporations which are only partly owned by the United States, such as Federal Land Banks and Production Credit Associations.

The program is also applicable to land owned by the United States or by corporations wholly owned by the United States which is farmed by private persons if such land is to be temporarily under such Government or corporation ownership and was not acquired or reserved for conservation purposes. Such land shall include only that administered by the Farm Security Administration, the Reconstruction Finance Corporation, the Home Owners' Loan Corporation, or the Federal Farm Mortgage Corporation, unless the Agricultural Adjustment Administration finds that land administered by other agencies complies with all of the foregoing provisions for eligibility.

Done at Washington, D. C., this 23rd day of September 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Assistant Secretary of Agriculture.

TITLE 10—ARMY: WAR DEPARTMENT

CHAPTER III—CLAIMS AND ACCOUNTS

PART 36—CLAIMS AGAINST THE UNITED STATES [1]

EXPENSES OF ARREST AND RETURN TO MILITARY CONTROL OF ENLISTED MEN ABSENT WITHOUT LEAVE, DESERTERS, AND ESCAPED MILITARY PRISONERS

§ 36.30 *Arrest and detention of deserters and escaped military prisoners, and their return to military control*—(a) *Authority*—(1) *Of civil officers with respect to deserters.* It shall be lawful for any civil officer having authority under the laws of the United States, or of any State, Territory, District, or possession of the United States, to arrest offenders, summarily to arrest a deserter from the military service of the United States and deliver him into the custody of the military authorities of the United States. A. W. 106.

(2) *Of civilians with respect to deserters.* The statute conferring authority upon civil officers to apprehend and deliver deserters should not be construed as taking away the authority for their apprehension by a citizen under an order or direction of a military officer, but the legislation should be treated as providing an additional means of securing the arrest of deserters by conferring authority upon civil officers to apprehend them without military orders—leaving the former method still legal. Under this view, the arrest of a deserter by a citizen is legal if made pursuant to the order or request of proper authority, but not otherwise. Dig. Op. JAG, 1912, p. 401, par. III F.

(3) *Of civil officers or other civilians with respect to escaped military prisoners.* The provisions of the annual appropriation acts making an appropriation for the apprehension, securing, and delivery "of deserters, including escaped military prisoners" and the mention therein of payment "to any civil officer or citizen for such services" give civil officers and other civilians the same authority to arrest escaped military prisoners as they have to arrest deserters.

(b) *Procedure*—(1) *Inquiry.* Unless he has already received official information to that effect, a civilian who intends to arrest or who has arrested an alleged deserter or escaped military prisoner should at once communicate (preferably by telegraph) with the commanding officer of the post from which the alleged deserter is supposed to have deserted, or the prisoner to have escaped, stating that he intends to arrest or has arrested a certain person as a deserter or escaped military prisoner, whose name, grade, and organization (so far as known) he gives in his message, and inquiring whether that person is in fact a deserter or escaped military prisoner. If a civil officer or other civilian returns a person held by him to military control without receipt of official information as to his status, he runs the risk of receiving no payment for his services if the person held turns out to be one with respect to whom such payment may not properly be made.

(2) *Return to military control.* Upon receipt of official information that a person in his custody is a deserter liable to trial or an escaped military prisoner, the person holding such an offender (unless requested to detain him awaiting the arrival of a guard) should return him to the nearest military post. (R.S. 161; 5 U.S.C. 22; 47 Stat. 1575; 10 U.S.C. 1431) [Par. 24, AR 615–300, Aug. 14, 1940, as amended by C–1, Sept. 16, 1941]

§ 36.31 *Definitions*—(a) *Deserter.* A person who has deserted from a lawful enlistment, call, or draft, in or to the Army of the United States; whose trial is not barred by the thirty-ninth article of war; who has not been acquitted or convicted of such desertion, or pardoned; who has not been discharged from the enlistment, call, or draft from which he deserted; and who has not been dishonorably discharged from a subsequent enlistment, call, or draft.

(b) *Military prisoner.* A garrison prisoner, whether detained, arraigned, or sentenced; or a general prisoner.

(c) *Military post.* A military post, camp, or station at which facilities exist for the reception and custody of prisoners. It excludes troops in campaign, maneuvers, or on the march, unless the commanding officer of such troops thinks proper to receive a deserter or escaped military prisoner. It also excludes recruiting offices.*† [Par. 2]

*§ 36.31 to 36.35 issued under authority contained in 47 Stat. 1575; 10 U.S.C. 1431.

†The regulations in §§ 36.31 to 36.35 are also contained in AR 35–2620, Sept. 16, 1941. The particular paragraphs are shown in brackets at the end of sections.

§ 36.32 *Expenses of return of enlisted men absent without leave.* No payment of any kind will be made to a civil officer or other civilian for the apprehension, detention, or delivery of an enlisted man absent without leave, but the commanding officer of a post may in his discretion send a guard of a Government vehicle, or both, to a nearby point to return an enlisted man absent without leave to military control, or in his discretion and upon the request of the absentee may send him a transportation request for his return to the nearest military post.*† [Par. 3]

§ 36.33 *Payment for arrest and delivery of deserters and escaped military prisoners*—(a) *Services for which payment will be made*—(1) *Arrest.* Fifteen dollars will be paid to the civil officer or other person arresting a deserter (other than a Philippine Scout) or an escaped military prisoner (other than one who was a Philippine Scout immediately before becoming a prisoner) and turning him over to a guard sent for him. For the same services with respect to a deserter from the Philippine Scouts or an escaped military prisoner who immediately before becoming such was a Philippine Scout, $10 will be paid.

(2) *Arrest and delivery.* Twenty-five dollars will be paid to the civil officer or other person arresting a deserter (other than a Philippine Scout) or an escaped military prisoner (other than one who was a Philippine Scout immediately before becoming a prisoner) and delivering him at a military post. For the same services with respect to a deserter from the Philippine Scouts or an escaped military prisoner who immediately before becoming such was a Philippine Scout, $15 will be paid.

(b) *To whom paid.* The payment mentioned in subparagraph (1) or (2) of paragraph (a) of this section, as the case may be, will be made to the person or persons actually making the arrest of a deserter or an escaped military prisoner and the turnover or delivery of the person arrested. If two or more persons join in performing these services payment may be made to them jointly. Payment will be made whether the deserter or escaped military prisoner surrenders or is apprehended. Payment will not be made merely for information leading to an arrest, or for an arrest not followed by the return of the person arrested to military control.

(c) *By whom paid.* The payments mentioned in paragraph (a) of this section will be made by disbursing officers of the Finance Department, and will be in full satisfaction of all expenses of arresting, keeping, and delivering the deserter or escaped military prisoner.

(d) *Government officers and employees.* Officers and employees of the United States Government (as distinguished from those of a State, county, or city) may not legally be paid the payments mentioned in paragraph (a) of this section; but reimbursement may be made to them or to the department in which they are employed of actual expenses of arrest, detention, and return to military control of deserters liable to trial and of escaped military prisoners, not exceeding $25 in each case.*† [Par. 4]

§ 36.34 *Surrender on advice of attorney.* When an escaped military prisoner surrenders himself to military authorities upon advice of his attorney, the attorney is not entitled to reward offered for apprehension of such escaped military prisoner, his claim for such reward being incompatible with his duty to his client.*† [Par. 5]

§ 36.35 *Detective agencies.* The act of March 3, 1893 (27 Stat. 591; 5 U.S.C. 53; M.L., 1939, sec. 643), provides

That hereafter no employee of the Pinkerton Detective Agency, or similar agency, shall be employed in any Government service or by any officer of the District of Columbia.

A detective agency could not legally be employed to apprehend and deliver an escaped military prisoner so as to obligate the Government to pay therefor, but information having come to the agency that a certain person was an escaped military prisoner, the reimbursement of the actual expenses not exceeding $25 incurred in delivering him from the place found into the hands of the Army officers at the nearest post is not considered an "employment" within the prohibition of the act of March 3, 1893. See MS Comp. Gen., AD 7112, October 21, 1922.*† [Par. 6]

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3856]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF POSITIVE PRODUCTS COMPANY, ETC.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* Disseminating, etc., in connection with offer, etc., of respondent's medicinal preparations designated as "Triple X Relief Compound" and "Perio Pills", the latter also being known as "Reliable Perio Compound" and as "Perio Relief Compound", or any other substantially similar medicinal preparations, any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparations, which advertisements represent, directly or by implication, that said preparations constitute competent or effective remedies or treatments for delayed menstruation, or that they are harmless or safe for use; or which advertisement fails to reveal that the use of said preparations may cause gastrointestinal disturbances and severe toxic and circulatory conditions, and in the case of pregnancy, may produce violent poisonous effects upon the system; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Positive Products Company, etc., Docket 3856, September 17, 1941]

In the Matter of Earl Aronberg, an Individual Trading as Positive Products Company and Rex Products Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of and in opposition to the allegations of the complaint, report of the trial examiners upon the evidence and the exceptions thereto, briefs in support of and in opposition to the complaint, and oral argument; and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Earl Aronberg, individually and trading as Positive Products Company and as Rex Products Company, or trading under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his medicinal preparations designated as "Triple X Relief Compound" and "Perio Pills", the latter being known also as "Reliable Perio Compound" and as "Perio Relief Compound", or any preparations of substantially similar composition or possessing substantially similar properties, whether sold under the same names or under any other names, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement (a) by means of the United States mails or (b) by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that said preparations constitute competent or effective remedies or treatments for delayed menstruation; that said preparations are harmless or safe for use; or which advertisement fails to reveal that the use of said preparations may cause gastro-intestinal disturbances and severe toxic and circulatory conditions, and in the case of pregnancy, may produce violent poisonous effects upon the system;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparations, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which fails to reveal that the use of said preparations may cause gastrointestinal disturbances and severe toxic and circulatory conditions, and in the case of pregnancy, may produce violent poisonous effects upon the system.

It is further ordered, That the respondent shall, within ten (10) days after service upon him of this order, file with the Commission an interim report in writing, stating whether he intends to comply with this order and, if so, the manner and form in which he intends to comply; and that within sixty (60) days after service upon him of this order, said respondent shall file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF BRABANT NEEDLE COMPANY, INC.

§ 3.6 (a) *Advertising falsely or misleadingly—Business status, advantages or connections of advertiser—Producer status of dealer or seller—Manufacturer.* In connection with offer, etc., in commerce, of needles, needle threaders or other products, and among other things, as in order set forth, representing or implying that respondent owns, controls or operates a factory in which the needles which it offers for sale, sells and distributes are made, or representing or implying in any manner that needles or other products not manufactured by respondent are manufactured by it, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Brabant Needle Company, Inc., Docket 4212, September 17, 1941]

§ 3.69 (b) *Misrepresenting oneself and goods—Goods—Source or origin—Place—Imported product or parts as domestic:* § 3.71 (b) *Neglecting, unfairly or deceptively, to make material disclosure—Imported product or parts as domestic.* In connection with offer, etc., in commerce, of needles, needle threaders or other products, and among other things, as in order set forth, concealing, erasing or removing from imported needles, needle threaders or other products the legend "Germany", "Made in Germany", or other marking showing the country of origin of such products, prohibited; subject to the provision, however, that this shall not prevent such concealment, erasure or removal of the markings showing the country of origin of such products as is reasonably necessary in the packaging, assembling or other handling of such products, if the respondent affirmatively and clearly discloses on or in immediate connection with such products their German or other foreign origin. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Brabant Needle Company, Inc., Docket 4212, September 17, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the

complaint of the Commission, the answer of respondent, testimony and other evidence taken in support of the allegations of said complaint and in opposition thereto, before an examiner of the Commission theretofore duly designated by it, brief filed in support of the complaint (no brief having been filed by respondent and oral argument not having been requested), and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent, The Brabant Needle Company, Inc., a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the sale and distribution of needles, needle threaders, or other products in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing or implying that respondent owns, controls or operates a factory in which the needles which it offers for sale, sells and distributes are made, or representing or implying in any manner that needles or other products not manufactured by respondent are manufactured by it.

2. Concealing, erasing or removing from imported needles, needle threaders or other products the legend "Germany", "Made in Germany", or other marking showing the country of origin of such products: *Provided, however*, That this shall not prevent such concealment, erasure or removal of the markings showing the country of origin of such products as is reasonably necessary in the packaging, assembling or other handling of such products if the respondent affirmatively and clearly discloses on or in immediate connection with such products their German or other foreign origin.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By direction of the Commission.

TITLE 32—NATIONAL DEFENSE

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1301—MACHINE TOOLS

PRICE SCHEDULE NO. 1—SECOND-HAND MACHINE TOOLS

Price Schedule No. 1—Second-Hand Machine Tools issued February 17, 1941 is amended to read as follows:

Whereas the Office of Price Administration is charged with functions related to the maintenance of price stability and the prevention of undue price rises and price dislocations; and

Whereas in the second-hand machine tool trade, prices have risen in such fashion and to such extent since May, 1940, as compared with other basic commodities, and in particular as compared with new machine tools, as to result in price instability and dislocations injurious to the national defense; and

Whereas such price increases are not justified but represent, on the part of a few, the result of speculative activity, and withholding of sales and offers to sell in the prospect of further unwarranted price increases, amounting to profiteering and hoarding; and

Whereas the absence of any maximum price standards makes it difficult and in some cases impossible for the trade voluntarily to cooperate with the Government in maintaining price stability and in preventing excessive and speculative price increases; and

Whereas the establishment of such standards by the Government is necessary to facilitate such cooperation, and to prevent the kind of price policy which leads to a weakening of the defense effort through disastrous inflation, undue burdens upon the Government, economic dislocations, price spiraling, and profiteering, and the establishment of such standards is otherwise necessary in the public interest and in the interest of national defense; and

Whereas on the basis of information secured by independent investigation by this Office and by the Office of Production Management and information furnished through the cooperation of the trade, I find that the maximum prices set forth in Appendix A, incorporated herein as § 1301.7, constitute reasonable limitations on prices for second-hand machine tools.

Now, therefore, in order to facilitate cooperation with the Government in maintaining price stability and in preventing excessive and speculative price increases injurious to the defense program and to the public interest and welfare, it is directed that:

§ 1301.1 *Maximum prices for second-hand machine tools.* On and after March 1, 1941, prices for second-hand machine tools, exclusive of extras, shall not exceed the prices set forth in Appendix A, incorporated herein as § 1301.7 of this Schedule. No person shall sell, offer to sell, deliver or transfer, and no person shall buy, offer to buy, or accept delivery of second-hand machine tools at prices higher than those set forth in Appendix A. Lower prices may, however, be charged, demanded, paid, or offered. The price limitations set forth in Appendix A shall not be evaded by additional or extra charges for repair or reconditioning, commissions, or otherwise.*

§ 1301.2 *Records and reports.* Each dealer in second-hand machine tools shall file with the Office of Price Administration a report on each floor-type second-hand machine tool in his stock or purchased through him as agent, and a report on each second-hand machine tool sold or otherwise disposed of, by him or through him as agent.

(a) All reports on second-hand machine tools must be made on Form 100:1, copies of which may be had upon request to this Office. Form 100:1 may be reproduced by the dealer, or printed on the reverse side of regular stock sheets, provided that no change is made in the style and content of the report and that the report is on 8½ by 11 inch paper.

(b) Dealers shall file reports, not later than March 25, 1941, for each second-hand machine tool in stock as of March 15, 1941. A report for each second-hand machine tool added to stock after March 15, 1941, shall be filed not more than one week after the machine tool is purchased or otherwise acquired. *Failure to object to an offering price as disclosed by a report does not constitute approval of the price by this Office.*

(c) Reports for each second-hand machine tool sold or otherwise disposed of by or through a dealer after March 15, 1941, shall be filed by the dealer within one week after the transaction. Every report of sale or other disposition shall state the name and address of the purchaser. This information need be noted under item 17, Remarks, on only one of the sales reports. Requests for copies of invoices may be made by this Office at any time.

(d) When a second-hand machine tool is sold or otherwise disposed of within one week after acquisition and before the report of inventory or addition has been filed, such report of inventory or addition shall not be required. In such case, however, the report of sale or other disposition shall note that no previous report on the machine tool has been filed.

(e) For the purpose of reporting sales, the receipt of an order shall be reported as a sale. (If the order is later canceled, this Office is to be advised forthwith and the machine tool reported as added to inventory.)

(f) When a machine tool is disposed of by lease, or otherwise than by sale, a full statement of the transaction shall be made on the report.

(g) Inasmuch as prices, including commissions, may not exceed the ceiling prices, all offering or sale prices quoted in the report shall include commissions to be charged, or which have been charged, respectively.

(h) Where a dealer has acted as purchasing agent, he shall make a report on the second-hand machine tool as if it had been purchased and immediately sold by him (see paragraph (d) above), and shall report the amount paid by the purchaser, including any commission paid to him as purchasing agent.

(i) Dealers shall assign a separate inventory number to each second-hand machine tool handled by them and shall use this number in making reports hereunder. If a machine tool is held in joint ownership, the inventory report shall be made by the dealer who has possession of the machine tool, or if none of the owners has possession of it, by the dealer in whose name the machine tool was purchased. When the machine tool is sold, the dealer in whose name the sale is made shall report the sale, referring to the inventory number previously assigned to the machine tool.

(j) All reports shall be filed in duplicate, and signed by the dealer or by an officer of the dealer.

(k) Complete records shall be preserved by dealers on all second-hand machine tools purchased, sold, or otherwise handled or dealt in after March 15, 1941.

(l) Subject to the provisions of § 1301.5 below, all information filed or received pursuant to this Price Schedule No. 1 shall be treated as confidential, except that it may be transmitted to any other agency or department of the Government.

(m) Extras may be defined as supplementary equipment furnished by the manufacturer at an added cost. Second-hand extras are subject to the same maximum price percentage that is applicable to the basic second-hand machine tool to which the extras are added. All extras must be separately listed as required in Form 100:1.*

§ 1301.3 *Definitions.* When used in this Schedule:

(a) The term "person" includes an individual, corporation, association, partnership, or other business entity;

(b) The term "dealer" means a person in the business of buying and selling second-hand machine tools as a principle or in the business of buying or selling such tools as an agent or broker;

(c) The term "machine tool" includes all machines for the cutting, abrading, shaping, forming, and joining of metals;

(d) The term "second-hand" refers to machine tools which have previously been used or purchased for use;

(e) The term "stock", referring to second-hand machine tools, includes tools which are owned by the dealer in question, or on which he has obtained an option, or for which he has secured a selling agency.

(f) The term "rebuilt and guaranteed" applies only to a machine tool which (1) has been rebuilt or is in equivalent condition to a rebuilt machine tool and is invoiced as such (a rebuilt machine is one in which worn or missing parts have been replaced or reworked, and which has been tested under power so as to prove that it has a substantially equivalent performance to that of the machine when new); (2) has been tested under power so as to prove that it has a substantially equivalent performance to that of the machine when new; and (3) carries a binding guaranty of satisfactory performance for a period of not less than 30 days from date of shipment.*

§ 1301.4 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof.*

§ 1301.5 *Enforcement of the schedule.* In the event of refusal or failure to abide by the price limitations or other provisions contained in this Schedule, this Office will make every effort to assure (a) that the Congress and the public are fully informed of the instances of such profiteering or noncooperation; and (b) that the powers of the Government are fully exerted in order to protect the public interest in the maintenance of fair prices. Persons who have evidence of the demand or receipt of prices above the limitations set forth, or of speculation, manipulation of prices or hoarding are urged to communicate with the Office of Price Administration giving as complete description of the particular machine tools as may be practicable.*

§ 1301.6 *Effective date of the schedule.* This Schedule shall become effective immediately.*

§ 1301.7 *Appendix A, maximum prices for second-hand machine tools*

[Exclusive of extras]

Classification by—		Maximum price in terms of percentage of the March 1, 1941, price of equivalent new machine tool
Date of manufacture	Condition	
		Percent
1. Jan. 1, 1936, and after.	(a) Rebuilt and guaranteed.	95
	(b) Others	75
2. Jan. 1, 1930, to Dec. 31, 1935.	(a) Rebuilt and guaranteed.	90
	(b) Others	70
3. Jan. 1, 1920, to Dec. 31, 1929.	(a) Rebuilt and guaranteed.	80

	(b) Others	50

Explanatory Information

1. The date of manufacture can be determined from the serial number stamped on the machine by the manufacturer.

2. *As used above, the term "rebuilt and guaranteed" applies only to a machine tool which (1) has been rebuilt or is in equivalent condition to a rebuilt machine tool and is invoiced as such (a rebuilt machine is one in which worn or missing parts have been replaced or reworked, and which has been tested under power so as to prove that it has a substantially equivalent performance to that of the machine when new); (2) has been tested under power so as to prove that it has a substantially equivalent performance to that of the machine when new; and (3) carries a binding guaranty of satisfactory performance for a period of not less than 30 days from date of shipment.*

3. Machine tools formerly equipped with a cone drive are often now manufactured with a geared head. In such cases determine the price of an equivalent new machine tool by deducting 20 percent from the March 1, 1941 price of the new geared-head machine tool.*

PART 1312—LUMBER AND LUMBER PRODUCTS

AMENDMENT TO PRICE SCHEDULE NO. 13—DOUGLAS FIR PEELER LOGS AND DOUGLAS FIR PLYWOOD

Section 1312.2 of Price Schedule No. 13 [1] is hereby amended to read as follows:

§ 1312.2 *Maximum prices established for Douglas fir peeler logs.* From September 24, 1941 until October 24, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no sale or delivery, or offer of sale or delivery, of Douglas fir peeler logs shall be made to manufacturers of Douglas fir plywood at a price in excess of that received by the seller for a sale or delivery of Douglas fir peeler logs of the same grade and quality from January 1, 1941 to August 1, 1941 inclusive. In the event that no sale or delivery of the same grade or quality was made by such seller during such period, the maximum price shall be the market price for the same grade and quality in the district on August 1, 1941. In the event that a manufacturer of plywood has paid a certain price, within this ceiling, to one of his log suppliers, nothing herein shall prevent such manufacturer and any other log supplier from consummating a sale between them of logs of the same grade and quality in the same district at this price. The word "district" shall mean the district as commonly recognized on August 1, 1941. (Executive Order No. 8734, 6 F.R. 1917)

Issued this 24th day of September 1941. Effective September 24, 1941.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 31—ACETIC ACID

As a direct consequence of expanded economic activity induced by the national defense program the demand for acetic acid has risen sharply in the past

*§§ 1301.1 to 1301.7, inclusive, issued under the authority contained in Executive Order No. 8734, 6 F.R. 1917.

[1] 6 F.R. 3865.

few months. Acetic acid is essential in the manufacture of a large number of important products such as rayon yarn, film, plastics, transparent wrapping materials, lacquers, varnishes and white lead. The prices of all acetate solvents are based primarily upon the price of acetic acid.

Synthetic production of acetic acid accounts for the bulk of acetic acid consumed by this country. Most of the remainder, commonly referred to as "natural acetic acid", is produced by wood distillation at a cost often in excess of the cost of synthetic production. The tank car price of synthetic glacial acetic acid in the third quarter of 1941 was approximately 20% higher than in the second quarter. A further increase to 6½ cents per pound has recently been announced for the fourth quarter. The tank car price of natural acetic acid in terms of 100% acid content has increased in recent months from 5 cents to 7½ cents per pound and higher. Prices of other grades of acetic acid generally reflect the tank car prices for synthetic glacial and natural acetic acid in terms of 100% acid content and have increased correspondingly.

The Office of Price Administration has conferred with producers of both synthetic acetic acid and natural acetic acid. No justifiable reasons have been advanced for increasing the prices of synthetic acetic acid and natural acetic acid beyond 6¼ cents and 7¼ cents per pound respectively for tank cars. Increases in such prices would, therefore, be inflationary in character. Such inflationary movements in the prices of basic chemicals would tend to weaken the defense effort by causing dislocations, price spiraling and profiteering.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.201 *Maximum prices for acetic acid.* On and after September 29, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer, acetic acid in quantities of 3,000 pounds or more, and no person shall buy, offer to buy, or accept delivery of, acetic acid in quantities of 3,000 pounds or more from any person, at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.210.*

*§§ 1335.201 to 1335.210, inclusive, issued under the authority contained in Executive Order No. 8734, 6 F.R. 1917.

§ 1335.202 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid, or offered.*

§ 1335.203 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer, of acetic acid, or in connection with a purchase, sale, delivery or transfer, of any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1335.204 *Records and reports.* Every person making any purchase or sale of acetic acid in quantities of 3,000 pounds or more shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the prices paid or received, and the specifications and quantity including the size of the containers, of the acetic acid purchased or sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may. from time to time, require.*

§ 1335.205 *Affirmations of compliance.* On or before October 10, 1941, and on or before the 10th day of each month thereafter, every person who, during the preceding calendar month, has made any sale of acetic acid in quantities of 3,000 pounds or more, whether for immediate or future delivery, shall submit to the Office of Price Administration, an affirmation of compliance on Form 131.1 containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception or modification thereof. Copies of Form 131.1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1335.206 *Enforcement.* In the event of refusal or failure to abide by the price limitations, report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of the Government are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, and (c) that the procurement services of the Government are requested to refrain from purchasing acetic acid from those persons who fail to conform to this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of acetic acid or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.207 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom.*

§ 1335.208 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Acetic acid" means the various grades of acetic acid listed in Appendix A hereof.*

§ 1335.209 *Effective date of the schedule.* This Schedule shall become effective September 29, 1941.*

§ 1335.210 *Appendix A, maximum prices for acetic acid—(a) Acetic acid in tank cars.* The following maximum prices are established for glacial acetic acid (99.5% or over), and for weaker acetic acid of commercial grade in terms of 100% acid content:

	Per hundred pounds delivered [1]
Wood origin	$7.25
Other origin	6.25

[1] Freight in excess of 32 cents per hundred pounds may be charged to buyer.

Contract for construction of: A Replacement Training Center.

Location: Camp Barkeley, Abilene, Texas.

Fixed fee: $51,700.00.

Estimated construction cost, exclusive of fixed fee: $1,985,272.00.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same. QM 17737 C. B. U. & A. P–99 A–0540–12.

This Contract, entered into this 25th day of July 1941.

Statement of work. The constructor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: The construction of a Replacement training Center at Camp Barkeley, Abilene, Texas, including necessary buildings, temporary structures, utilities and appurtenances thereto.

It is estimated that the construction cost of the work covered by this contract will be one million nine hundred eighty five thousand two hundred seventy two dollars ($1,985,272.00) exclusive of the Constructor's fee.

In consideration for his undertaking under this contract the Constructor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Constructor's equipment as provided in Article II.

(c) A fixed fee in the amount of fifty one thousand seven hundred dollars ($51,700.00) which shall constitute complete compensation for the Constructor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, without notice to the sureties, if any, by a written order, issue additional instructions, require additional work or services, or direct the omission of work or services covered by this contract.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery equipment and supplies for which the Constructor shall be entitled to be reimbursed under Article II, shall vest in the Government.

Payments—Reimbursement for cost. The Government will currently reimburse the Constructor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original of signed payrolls, for labor, the receipted invoices for materials, and such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for constructor's equipment. Rental as provided in Article II for such construction plant or parts thereof as the Constructor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed fee. Ninety percent (90%) of the fixed fee set out in Article I shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates submitted to and approved by the Contracting Officer.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Constructor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee.

Termination of contract by Government. The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Constructor.

This Contract is authorized by the following law: Public No. 139—77th Congress, Approved June 30, 1941.

SUMMARY OF CONTRACT FOR CONSTRUCTION

CONTRACTOR: H. B. ZACHRY CO. AND J. E. MORGAN AND SONS, SAN ANTONIO, TEXAS

Contract for the construction of the Flexible Gunnery School.

Place: Harlingen, Texas.

Amount: $4,238,229.00 (approximate).

This contract, entered into this 14th day of July 1941.

Statement of work. The contractor shall furnish the materials, and perform the work for the construction of the Flexible Gunnery School at Harlingen, Texas for the consideration of $4,238,229.00 (approximate) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. The contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings and/or specifications of this contract and within the general scope thereof.

Delays—Damages. If the contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in article 1, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the contractor terminate his right to proceed with the work or such part of the work as to which there has been delay. If the Government does not terminate the right of the contractor to proceed, the contractor shall continue the work, in which event the actual damages for the delay will be impossible to determine and in lieu thereof the contractor shall pay to the Government as fixed, agreed, and liquidated damages for each calendar day of delay until the work is completed or accepted the amount as set forth in the specifications or accompanying papers and the contractor and his sureties shall be liable for the amount thereof.

Payments to contractors. Unless otherwise provided in the specifications, partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable, on estimates made and approved by the contracting officer. In preparing estimates the material delivered on the site and preparatory work done may be taken into consideration.

All material and work covered by partial payments made shall thereupon become the sole property of the Government.

Upon completion and acceptance of all work required hereunder, the amount due the contractor under this contract will be paid upon the presentation of a properly executed and duly certified voucher therefor.

This contract is authorized by the act of Fifth Supplemental National Defense Appropriation Act, 1941, approved April 5, 1941.

FRANK W. BULLOCK,
Lieut. Col., Signal Corps,
Assistant to the Director of
Purchases and Contracts.

[1] Approved by the Under Secretary of War August 16, 1941.

[1] Approved by the Under Secretary of War June 26, 1941.

This contract, entered into this 29th day of July 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government * * * Starter Assemblies, * * *, for the consideration stated seven million eight hundred thirty-three thousand eight hundred dollars in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Option. The Government is granted the right and option at any time within * * * days after date of approval of this contract to increase the quantity or quantities of the supplies called for to any quantity set forth herein.

The Government is granted the further right and option at any time during the life of this contract to increase the quantity or quantities of the supplies called for under the terms hereof at not more than the unit prices stipulated by any amount not exceeding * * * per cent of the entire contract price stipulated, said increase to be applied as to all or any item or items at the option of the Government.

Advance payments. Advance payments may be made from time to time for the supplies called for, when the Secretary of War deems such action necessary in the interest of the National Defense.

Price adjustment. The contract prices stated in this contract for Starter Assemblies are subject to adjustments for changes in labor and material costs.

General. It is expressly agreed that quotas for labor will not be altered on account of delays in the completion of the Starter Assemblies.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

Title to property where partial payments are made. The title to all property upon which any partial payment is made prior to the completion of this contract shall vest in the Government.

Fire insurance. The contractor agrees to insure against fire all property in its possession upon which a partial payment is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other partial payments, if any, theretofore made thereon, and further agrees to keep such property so insured, free of cost to the Government, until the same is delivered to the Government.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940 and sec. 9, Act of June 30, 1941.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-994]

PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 11 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR MINE INDEX NO. 67, DISTRICT NO. 11, BY PROVIDING REDUCTIONS IN MINE PRICES BASED UPON DIFFERENCES IN FREIGHT RATES AMONG DISTRICT NO. 11 MINES FOR SHIPMENT TO CERTAIN SPECIFIED DESTINATIONS IN MARKET AREAS 37 AND 38

ORDER GRANTING TEMPORARY RELIEF AND PROVIDING THAT FINAL DISPOSITION SHALL BE GOVERNED BY FINAL ORDER IN DOCKETS NOS. A-191 AND A-195

This proceeding in the above-entitled matter was instituted upon an original petition filed by District Board No. 11 pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. Petitioner requests the issuance of temporary and final orders permitting reductions in the effective minimum prices for the coals of Mine Index No. 67, of the Eel River Mining Company, a code member in District No. 11, for shipment to 11 specified destinations in Market Areas 37 and 38,[1] to

[1] The eleven destinations are as follows: Kansas and Paris (in Market Area 37); Arcola, Chesterville, Lovington, Mt. Auburn, Newman, Sidney, Tuscola, Urbana and Villa Grove (in Market Area 38). These are hereafter referred to as the eleven destinations.

the extent necessary to offset freight rate advantages enjoyed at those destinations by other mines in District No. 11 which produce similarly classified coals.

The subject matter of this proceeding, including the relief prayed for, was previously embraced in a broader proceeding, designated as Docket No. A–195, which was instituted by District Board No. 11 on behalf of all code members in District No. 11. Docket No. A–195 was consolidated into one proceeding with Docket No. A–191, instituted on the petition of Maumee Collieries Company, an individual code member in District No. 11, in which relief analogous in nature to that sought in the above-entitled matter was also prayed. Dockets Nos. A–191 and A–195 were heard on November 7, 8, and 9, 1940. Thereafter, upon the basis of the record made at the hearing, temporary relief, of the same nature here requested, was granted in Dockets Nos. A–191 and A–195 to two code members in District No. 11 which produce coal classified and priced the same as that produced at Mine Index No. 67.

Dockets Nos. A–191 and 195 are now pending before the Director upon exceptions to the Examiner's Report.

In its original petition in the above-entitled matter, District Board No. 11 adverts to the aforesaid temporary relief previously granted in Dockets Nos. A–191 and A–195, and alleges that by virtue of this circumstance, the coals produced at Mine Index No. 67 are at a competitive disadvantage at the destinations specified in the petition, to the detriment of the fair competitive opportunities for those coals.

In view of the foregoing circumstances, it appears to the Director that a reasonable showing of necessity has been made for the extension of the temporary relief prayed for; that an adequate showing of actual or impending injury has been made in the event that such relief is not granted; and that the granting of such relief will not prejudice other persons pending final disposition of the proceedings herein.

However, in view of the direct relationship between the issue here and the broader matters involved in Dockets Nos. A–191 and A–195, the final determination of which will dispose of the same issues raised by the original petition in the above-entitled matter, the temporary relief hereinafter granted should be made subject to such final order as may hereinafter be issued in Dockets Nos. A–191 and A–195. In this way Mine Index No. 67 will be placed at a competitive parity with other mines producing similarly classified coal for shipment to the destinations specified in the original petition in the above-entitled matter, as well as the others covered by the petition in Docket No. A–195.

Now, therefore, it is ordered, That temporary relief in the above-entitled matter, pending the final disposition thereof, be granted as follows: Commencing forthwith, the effective minimum prices for Mine Index No. 67, for all shipments except truck, may be reduced in the case of shipments to Kansas and Paris (in Market Area 37) and Arcola, Chesterville, Lovington, Mt. Auburn, Newman, Sidney, Tuscola, Urbana and Villa Grove (in Market Area 38), to the extent of the difference in the published freight rate for Mine Index No. 67 and the lowest published freight rate for any mine in Price Groups 15, 16 or 17 of District No. 11, to the same destination: *Provided, however*, That such reductions shall be limited to a maximum of 50 cents: *And provided, further*, That in case of any sales made at such destinations, at reduced prices pursuant to the temporary relief herein granted, all invoices, spot orders, credit or debit memoranda, and any other documents pertaining to such sales, which are required to be filed with this Division, shall indicate the amount of the reduction so made, the amount of the lowest published freight rate from Price Groups 15, 16 and 17 to the destinations in question, and the amount of the difference between that rate and the rate from Mine Index No. 67 to the same destination.

It is further ordered, That the temporary relief herein granted shall terminate 10 days from the date of the issuance of such final order as may be issued in Dockets Nos. A–191 and A–195, and that the proceedings in the above-entitled matter shall be finally determined by such final order as may be issued in Dockets Nos. A–191 and A–195.

Notice is hereby given that applications to stay, terminate or modify the temporary relief granted in this order may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: September 23, 1941.

ORDER CORRECTING ORDER OF DIRECTOR

The Director, on February 7, 1941, having issued a Memorandum Opinion and Order Concerning Limited Reopening of Hearing, Filing of Briefs and Other Related Matters in the Above-Entitled Proceedings;

Said Memorandum Opinion having contained the following paragraph:

On motion of the respective petitioners at the hearing, the Examiner ruled that the petition filed by Consolidated Coal Company in Docket No. A–14 should be withdrawn and that the petition filed by District Board No. 11 in Docket No. A–145 should be dismissed. I find that the Examiner's rulings were proper and, accordingly, the petition in Docket No. A–14 is deemed withdrawn, and that in Docket No. A–145 is dismissed.

It appearing that through inadvertence no order was made with reference to the withdrawal of the petition in Docket No. A–14 or the dismissal of the petition in Docket No. A–145;

Now, therefore, it is ordered, That the petition in Docket No. A–14 be and it hereby is deemed withdrawn.

It is further ordered, That the petition in Docket No. A–145 be and it hereby is dismissed.

EMPLOYMENT OF LEARNERS IN THE HAT INDUSTRY

NOTICE OF DETERMINATION

Whereas applications were made by the Berne Hat, Inc., Lilly Dache, Inc., Stylepark Hats, Inc., Texas Harvest Hat Company, and sundry other parties under section 14 of the Fair Labor Standards Act of 1938, and Regulations, Part 522, as amended (Regulations Applicable to the Employment of Learners Pursuant to Section 14 of the Fair Labor Standards Act—Title 29, Labor, Chapter V, Wage and Hour Division) issued by the Administrator thereunder for permission to employ learners in the millinery and hat industries at wages less than the applicable minimum wage specified in section 6 of the Act; and

Whereas pursuant to notice a public hearing was held on January 31 to February 2, 1940, inclusive, before Merle D. Vincent, duly authorized as presiding officer to conduct said hearing, to take testimony for the purpose of determining and to determine:

(a) What, if any, occupation or occupations in the millinery and hat industries require a learning period, and

(b) the factors which may have a bearing upon curtailment of opportunities for employment within the millinery and hat industries, and

(c) under what limitations as to wages, time, number, proportion, and length of service special certificates may be issued to employers in the millinery and hat industries for whatever occupation or occupations, if any, are found to require a learning period; and

Whereas on August 26, 1940, the Administrator issued regulations applicable to the employment of learners for the two branches of the millinery industry; and

Whereas sufficient additional evidence has been received on the above questions since the date of the said hearing to enable a finding to be made for the hat industry; and

Whereas the said Merle D. Vincent has found that "exemption for learners from the minimum wage rates now applicable to the hat industry is not necessary to prevent curtailment of opportunity for employment";

Now, therefore, notice is hereby given that there is no need for the issuance of regulations providing for the employment of learners at wage rates less than the applicable minima in the hat industry and that special learner certificates will not be issued to employers in this industry.

As used in this notice, the term hat industry means:

(a) The manufacture from any material of headwear for men or boys except caps and cloth hats.

(b) The manufacture of felt hat bodies from fur or wool for men's, boys', women's or children's hats.

(c) The manufacture or processing of hatters' furs.

Signed at Washington, D. C., this 16th day of September 1941.

PHILIP B. FLEMING,
Administrator.

IN THE MATTER OF MISSISSIPPI POWER COMPANY, THE COMMONWEALTH & SOUTHERN CORPORATION (DELAWARE)

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 23rd day of September, A. D. 1941.

The Commonwealth & Southern Corporation, a registered holding company, and Mississippi Power Company, a subsidiary company thereof, having filed applications and declarations, and amendments thereto, pursuant to sections 7, 10, and 12 of the Public Utility Holding Company Act of 1935, and Rules U-42, U-45, and U-50 promulgated thereunder, in regard to:

1. The issuance and sale by Mississippi Power Company to the successful bidder at competitive bidding of $8,927,000 principal amount First Mortgage Bonds, series due 1971, coupon rate as yet undetermined, but not to exceed 3½%;

2. Pending consummation of the issue and sale of the $8,927,000 principal amount First Mortgage Bonds or, as an alternative procedure thereto, the issuance and sale by Mississippi Power Company to the Reconstruction Finance Corporation of not more than $2,750,000 principal amount 4% First and Refunding Bonds maturing in 1951, at the principal amount thereof, such bonds to be issued and sold to the Reconstruction Finance Corporation from time to time as Mississippi Power Company requires funds for construction; any of such bonds which are issued, however, to be retired concurrently with any issuance of the new First Mortgage Bonds.

3. The making of an additional investment in the aggregate amount of $3,336,835 by The Commonwealth & Southern Corporation in the common stock of Mississippi Power Company without the issuance of additional shares by (a) a cash investment of $250,000; (b) the surrender to Mississippi Power Company, for cancellation, of $3,031,500 principal amount First and Refunding, 5% Series Bonds, due 1955 at cost to The Commonwealth & Southern Corporation of $3,020,606; and (c) the surrender to Mississippi Power Company, for cancellation, of 264 shares of $7 preferred stock and 483 shares of $6 preferred stock at aggregate cost to The Commonwealth & Southern Corporation of $66,229, being all of the bonds and preferred stock of Mississippi Power Company owned by The Commonwealth & Southern Corporation.

4. The making of various accounting entries and adjustments, as particularly described in the applications and declarations, as amended, and described in our Findings and Opinion filed herein.

Pursuant to the Commission's Rule U-50 of the General Rules and Regulations under the Act, Mississippi Power Company will publicly invite proposals for the purchase of the $8,927,000 principal amount First Mortgage Bonds, due 1971, the interest rate of said bonds to be determined in accordance with the provisions of the accepted bid.

A public hearing having been held after appropriate notice, and the Commission having considered the record in this matter and having made and filed its Findings and Opinion herein;

It is ordered, That said declarations, as amended, be and the same are hereby permitted to become effective forthwith, and that the applications, as amended, be and the same are hereby granted; subject, however, to the terms and conditions prescribed in Rule U-24 and to the following further conditions:

1. That Mississippi Power Company report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby; jurisdiction is hereby reserved for this purpose.

2. That Mississippi Power Company file with this Commission quarterly progress reports in reasonable detail stating the amount of construction completed and the expenditures made therefor, together with a statement describing any substantial modifications or variations in the proposed construction program as set forth in the applications and declarations; the first of said reports to be filed within thirty days after the close of the year 1941 and subsequent reports to be filed within thirty days following the close of each calendar quarter thereafter.

3. That Mississippi Power Company not declare or pay any dividends (other than dividends payable solely in its common stock) or make any other distribution, by purchase of shares or otherwise, upon any shares of its common stock, except out of net income earned subsequent to December 31, 1941, and available for distribution of dividends, and unless, upon such declaration, payment or other distribution, there shall remain in earned surplus account earned subsequent to December 31, 1941, an amount equivalent to dividends for a period of two years on the then outstanding preferred stock of the Company, plus an amount equivalent to the amount by which the aggregate of the charges to income since December 31, 1941 for repairs, maintenance and depreciation and for the amortization of plant adjustment accounts shall have been less than 16% of the gross operating revenues of the Company subsequent to December 31, 1941, after deducting from such gross operating revenues the amount spent subsequent to December 31, 1941 for electric energy, gas or steam purchased by it for resale.

It is further ordered, That the issuance and sale of the $2,750,000 principal amount of 4% First and Refunding Bonds, due 1951, to the Reconstruction Finance Corporation, upon the terms and conditions particularly described in the applications and declarations and described in our Findings and Opinion filed herein, be and hereby is exempted from the provisions of Rule U-50.

Jurisdiction is reserved to pass upon the changes which will be made in the indenture dated September 1, 1925 and the supplement thereto dated August 1, 1941, pursuant to the agreement of Mississippi Power Company, as contained in the applications and declarations, in event any of the $2,750,000 principal amount bonds due 1951 (issuable under said indenture and supplement) is issued.

By the Commission.

A public hearing having been held after appropriate notice, and the Commission having considered the record in this matter and having made and filed its Findings and Opinion herein;

It is ordered, That said declarations, as amended, be and the same are hereby permitted to become effective forthwith, and that the applications, as amended, be and the same are hereby granted; subject, however, to the terms and conditions prescribed in Rule U-24 and to the following further conditions:

1. That Gulf Power Company report to the Commission the results of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby: jurisdiction is hereby reserved for this purpose.

2. That Gulf Power Company file with this Commission quarterly progress reports in reasonable detail stating the amount of construction completed and the expenditures made therefor, together with a statement describing any substantial modifications or variations in the proposed construction program as set forth in the applications and declarations; the first of said reports to be filed within thirty days after the close of the year 1941 and subsequent reports to be filed within thirty days following the close of each calendar quarter thereafter.

3. That Gulf Power Company not declare or pay any dividends (other than dividends payable solely in its common stock) or make any other distribution, by purchase of shares or otherwise, upon any shares of its common stock, except out of net income earned subsequent to December 31, 1941, and available for distribution of dividends, and unless, upon such declaration, payment or other distribution, there shall remain in earned surplus account earned subsequent to December 31, 1941, an amount equivalent to dividends for a period of three years on the then outstanding preferred stock of the Company, plus an amount equivalent to the amount by which the aggregate of the charges to income since December 31, 1941 for repairs, maintenance and depreciation and for the amortization of plant adjustment accounts shall have been less than 16% of the gross operating revenues of the Company subsequent to December 31, 1941, after deducting from such gross operating revenues the amount spent subsequent to December 31, 1941 for electric energy, gas or steam purchased by it for resale.

It is further ordered, That the issuance and sale of the $3,100,000 principal amount 4% First and Refunding Bonds, due 1951, to the Reconstruction Finance Corporation, upon the terms and conditions more particularly described in the applications and declarations and described in our Findings and Opinion filed herein, be and hereby is exempted from the provisions of Rule U-50.

Jurisdiction is reserved to pass upon the changes which will be made in the indenture of April 2, 1928 and the supplement thereto dated August 1, 1941, pursuant to the agreement of Gulf Power Company, as contained in the applications and declarations, in event any of the $3,100,000 principal amount bonds (issuable under said indenture and supplement) is issued.

By the Commission.

CHAPTER III—BUREAU OF ENTOMOLOGY AND PLANT QUARANTINE

[B.E.P.Q. 472 revised [1]]

PART 301—DOMESTIC QUARANTINE NOTICES

MEXICAN FRUITFLY—TREATMENTS AUTHORIZED

Introductory note. This revision of circular B.E.P.Q. 472 has the twofold purpose of bringing the citations of authority into line with the current regulations of the Mexican fruitfly quarantine, and of providing authorization for the low-temperature method of sterilization for the Mexican fruitfly for those in the citrus-fruit industry in Texas who desire to employ that method. Of the two heat-treatment methods authorized in the previous issue of the circular, only one is in current use, and authorization for this treatment as specified below is therefore continued with no change in method, other than the recommendation that in the use of wax or paraffine, applications of such material be made only after sterilization.

§ 301.64–4a *Administrative instructions; treatment of grapefruit and oranges for the Mexican fruitfly.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by § 301.64–4 (e), Chapter III, Title 7, Code of Federal Regulations [regulation 4 of the regulations (third revision) supplemental to Notice of Quarantine No. 64, the Mexican fruitfly quarantine [2]], the methods of sterilization specified below are hereby authorized, effective September 25, 1941, as a condition of the issuance of permits for interstate movement of grapefruit and oranges.

(a) *Vapor-heat method.* Heating the fruit for a period of not less than 14 hours during which time the fruit shall be raised to a temperature of 110° F. at the approximate center of the fruit and shall be maintained at or above that temperature for the last 6 hours of such treatment.

While no specifications as to the exact methods and equipment for obtaining these conditions are prescribed, the air within the room shall be maintained at the temperature and under the humidity conditions required by the supervising inspector. Available information clearly indicates that by the application of dry heat the required temperatures cannot be reached without injury to the fruit. To prevent such injury it is necessary to maintain a very high humidity throughout the period of treatment. In the tests where successful performance was obtained, live steam as the source of heat was applied in such a way as to secure as nearly as possible a uniform distribution of steam-heated air so directed as not to discharge directly on the fruit. The air temperature ranged from 110° to 112° F. and the air was very moist. The fruit was held in field boxes stacked four boxes high and without special means of separating the boxes in each stack. The experiments indicate that the fruit should be sterilized after coloring, if this is necessary, and before packing for shipment, and then cooled down to a temperature around 45° F. as soon as possible after sterilizing. Wax or paraffine, either dry or in solution, should not be applied to this fruit before sterilization.

(b) *Low-temperature method.* (1) Cooling until the approximate center of the fruit reaches a temperature of 33° F. and holding the fruit at or below that temperature for a period of 18 days.

(2) Cooling until the approximate center of the fruit reaches a temperature of 34° F. and holding the fruit at or below that temperature for a period of 20 days.

(3) Cooling until the approximate center of the fruit reaches a temperature of 35° F. and holding the fruit at or below that temperature for a period of 22 days.

Such treatments as specified in paragraphs (a) and (b) above are authorized in sterilization or refrigeration plants in the regulated area which are approved by the Bureau of Entomology and Plant

Quarantine. The Bureau will approve only those plants which are adequately equipped to handle and sterilize the fruit. Such sterilization will be done under the supervision of inspectors of the Bureau. These inspectors should at all times be given access to fruit while in process of sterilization.

While the results of the experiments so far conducted have been successful, it should be emphasized that inexactness and carelessness in operation may result in injury to fruit. In authorizing the movement of fruit sterilized in accordance with the above requirements, it is understood that the Department does not accept responsibility for fruit injury.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Oxol Laboratories, Docket 4208, September 17, 1941]

In the Matter of W. S. McClymonds and G. L. McClymonds, Individuals Doing Business as Oxol Laboratories

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, and a stipulation as to the facts entered into between the respondents herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondents herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, W. S. McClymonds and G. L. McClymonds, individually and doing business as Oxol Laboratories, or trading under any other name, their representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of their product "Trox Tablets", or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

(1) Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference,

(a) That respondents' product "Trox Tablets" constitutes a cure or remedy for diseases and ailments of the kidneys or of the prostate gland, or constitutes a competent or effective treatment therefor;

(b) That respondents' product "Trox Tablets" possesses any therapeutic value in the treatment of diseases and ailments of the kidneys or of the prostate gland.

(2) Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said product, "Trox Tablets", which advertisement contains any of the representations prohibited in paragraph (1) hereof.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

AMENDING THE REGULATIONS SO AS TO PROVIDE FOR THE DISCLOSURE OF CERTAIN CONFIDENTIAL INFORMATION TO INVESTIGATORS REPRESENTING THE AMERICAN NATIONAL RED CROSS

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective immediately upon the filing hereof with the Division of the Federal Register, the Selective Service Regulations, Volume One, Section VIII, by deleting the present subparagraph *b* of Paragraph 165[1] and substituting therefor the following:

b. The records relating to dependency status shall not be confidential under the circumstances and to the extent following:

(1) The fact that dependency has been claimed and the names and addresses of the claimed dependents shall not be confidential and may be disclosed or furnished.

(2) Information as to dependents or home conditions of a registrant shall be furnished to a representative of the American National Red Cross who has been authorized by the Army, Navy, or Marine Corps to investigate the registrant's request for separation from active service or discharge from the armed forces. For the purpose of such investigation, information so given shall not be considered confidential as to the investigator. The investigator shall not be permitted to examine the registrant's file, but any information contained therein relating to his dependents or home conditions will be furnished orally during a consultation with members of the local board or their authorized representative.

Form No. 16, filed and completed in the Office of the Administrator of Export Control before September 20, 1941, and not granted or denied by the Administrator will be considered by the Commissioner of Patents.*

*§§ 3.1 to 3.15, inclusive, are issued under the authority contained in section 3 of the Act of July 1, 1940 (54 Stat. 710), as added by the Act of August 21, 1941, (Public Law 239—77th Congress, (35 U.S.C. 42))

§ 3.2 *Definitions.* The term "application", as used in the regulations in this part, includes applications, and any modifications, amendments, or supplements thereto or continuances thereof, and in the petition for license, includes the usual application for patent or for the registration of a utility model, industrial design, or model, or for a patent of addition, and also includes each and every communication, drawing, document, or paper containing technical information, whether or not in the English language, which shall furnish in whole or in part the basis of any such application or which shall assist, cause or authorize the filing of such an application in any foreign country.

The term "amendment", as used in the petition for license, is used in its usual sense and also includes each and every communication, document, or paper which relates to any foreign application for patent, or for the registration of a utility model, industrial design, or model, and contains any technical data or information whether or not in the English language which upon translation, if necessary, or other modification is intended to be used as an amendment or as a basis for preparing an amendment, argumentative letter or supplement of any kind to such foreign application already filed. If the supplement is in the form of an application, such, for example, as an application of addition to a foreign patent or application, it is not an amendment, and Form DL1 should be used.*

§ 3.3 *Invention not made in United States.* No license from the Commissioner of Patents is required if the invention was not made in the United States. Before filing an application or an amendment abroad relating to such an invention, however, it should be determined whether a license is required by any other Government agencies.*

§ 3.4 *Accompanying documents.* The application or the amendment sought to be exported or filed in a foreign country must accompany the petition. All documents enclosed which are in a foreign language must be accompanied by the original English text and a translator's affidavit to the effect that the foreign document is a true, faithful, and exact translation.*

§ 3.5 *No corresponding United States application.* If the application to be filed in a foreign country does not contain the disclosure of any United States application whatsoever, a complete and properly identified copy in English must be filed for use and record of the Patent Office.*

§ 3.6 *"New matter" in amendment.* If the amendment contains any matter or disclosure which is not in the original specification or in any of the amendments or the supplements already filed abroad, or already contained in printed publications, the petition must point out in detail all of this new matter.*

§ 3.7 *Copies of foreign applications.* Petitioner may be required to file verified copies of the foreign application to be amended, together with all amendments and supplements already filed in the foreign country.*

§ 3.8 *Affidavit.* The affidavit in the petition will be executed by applicant, his or his assignee's attorney or agent.*

§ 3.9 *Enclosures.* Necessary covering letters and other enclosures to accompany the application or amendment should be attached by clips to the petition. No responsibility can be assumed by the Government as to enclosures in the form of drafts, checks, or funds in any form. A list of all papers filed must be included in the petition.*

§ 3.10 *Envelope.* The petition must be accompanied by a strong, flat, unsealed envelope of sufficient size to enclose the application or amendment and all of the accompanying material. This envelope must be properly addressed to the consignee in the foreign country of destination.*

§ 3.11 *Informal petitions returned.* Each petition which is informal, incomplete, or not accompanied by required copies of applications, a proper affidavit or a suitable unsealed, properly addressed envelope will be returned with a check list indicating the deficiencies.*

§ 3.12 *License.* When the petition is countersigned by an authorized officer of the Licensing Division and impressed with the seal of the Patent Office it becomes a license.*

§ 3.13 *Alteration of license.* Any attempt to export any application or amendment differing in any manner from that licensed or any alteration of the license except by a duly authorized officer of the United States is punishable under appropriate acts of Congress.*

§ 3.14 *Licenses revocable.* All licenses are subject to revocation without notice and are not transferable.*

§ 315 *Application mailed, license presented at post office.* The application or amendment must be mailed at the designated post office within one year from the date of the license. The license must accompany the letter package containing the application or amendment and must be surrendered to the Postmaster for endorsement and forwarding to the Commissioner of Patents.*

[SEAL] CONWAY P. COE,
Commissioner.

Approved September 22, 1941.

WAYNE C. TAYLOR,
Acting Secretary of Commerce.

TITLE 43—PUBLIC LANDS: INTERIOR

CHAPTER I—GENERAL LAND OFFICE

[Circular 1494]

PART 192—OIL AND GAS PERMITS AND LEASES (APPENDIX)

ISSUANCE OF OIL AND GAS LEASES IN THE LANCE CREEK OIL FIELD, WYOMING

1. *Statutory Authority.* The act of Congress approved July 3, 1941 (Public No. 151), authorizes the Secretary of the Interior to issue leases under the provisions of section 19 of the act of February 25, 1920 (41 Stat. 437), except as otherwise provided in this act, covering certain described lands in the Lance Creek oil and gas field, Wyoming. A copy of the act is attached to these regulations.[1] The following rules and regulations are prescribed for the administration of the act:

2. *Application for leases.* Applications for leases must be made by the respective oil and gas operators in possession of the land on and prior to January 1, 1940, under placer mining claims initiated prior to October 16, 1918, and must be made under oath and the supporting documents and papers certified or under oath so far as practicable. The application, with all the accompanying papers, must be filed in the United States land office at Cheyenne, Wyoming, within six months from July 3, 1941. Each application should contain full information as to the facts upon which the applicant bases his claim to a lease, covering the following points and such additional matters as may, from the particular facts in the case, be material in the establishment of his claim under the law:

(a) Name of the applicant, post office address and citizenship. If the applicant is an individual, he must show whether he is native born or naturalized and, if naturalized, date of naturalization, court in which naturalized, and number of certificates if known; if a corporation, by certified copy of the articles of incorporation and a showing as to residence and citizenship of the stockholders.

(b) A duly certified abstract of title to the land brought up to January 1, 1940, and a relinquishment to the United States of all right, title and interest in and to the land. This relinquishment must be in the form of an unconditional quitclaim deed, duly executed and acknowledged, but not recorded, and when filed will be held for such action as the facts and the law in the case warrant and require.

(c) A description by legal subdivisions of section, township and range of all of the lands in the possession of the applicant within the area described in the act.

(d) A showing as to all conflicting claims or disputed claims, if any, to the lands or production therefrom, specifying the character and extent of any such claims.

[1] Filed with the original document.

(e) A statement showing aggregate expenditures prior to January 1, 1940, made by the applicant or his predecessors in interest of not less than $10,000, on or for the benefit of each claim upon which the application is based.

(f) A complete detailed statement by months of all production from the land from January 1, 1940, to end of the month preceding date of application, to be thereafter supplemented by like statements at the end of each month until lease issues, showing (1) grade and total quantity of oil and gas produced; (2) the amount sold or otherwise disposed of, to whom sold, and the selling price or other consideration received therefor; (3) a statement of the grade and amount of any and all such production held in storage at the end of the month preceding the date of application; and (4) the amount consumed for production purposes upon the land or unavoidably lost. The applicant must also furnish a complete detailed statement by months of production from the land prior to January 1, 1940, as herein required, except that the selling price required in item (2) need not be given, nor the statement required under item (3) hereof.

(g) A full showing of all interests held in the land or in the production therefrom, whether royalty, working or other interest, giving names and addresses of such holders, their citizenship, and percentage of interest held.

(h) A consent to permit the inspection of any and all books, records and accounts having any bearing on the data or information required by the application, and to furnish copies or abstracts of such books, records or accounts, on demand.

3. *Payment of royalty on past production.* (a) The application shall be accompanied by a certified check drawn to the order of the Treasurer of the United States, in the amount of four cents per barrel for all oil and one-fourth cent per thousand cubic feet for all gas produced from the claim prior to January 1, 1940, except oil or gas used for production purposes or unavoidably lost, in accordance with the statement required in paragraph (f). All such sums will be held by the Register in his account of unearned moneys to await instructions as to their disposition.

(b) When a lease is authorized the lease applicant shall pay royalty on all production subsequent to January 1, 1940, so long as royalty is paid in value, computed on the basis of the minimum valuation fixed in departmental decision of February 13, 1941 (A. 22858) of eight cents under the price per barrel regularly posted by the major purchasers of crude oil in the Mid-Continent area for crude oil of 40° A. P. I. gravity, or any modification of said order. Royalties accrued at the date lease is authorized shall be paid prior to execution of such lease.

4. *Publication of notice.* Immediately upon the filing of an application for lease, the Register will cause to be published at the expense of the applicant, in a newspaper designated by the Register, published in the vicinity of the land and most likely to give notice to the general public, notice of the application in substantially the following form:

DEPARTMENT OF THE INTERIOR
UNITED STATES LAND OFFICE
CHEYENNE, WYOMING,
_____ ----, 19----.

Notice is hereby given that _____ ----, of _____, has applied for an oil and gas lease under the act of July 3, 1941 (Public No. 151), for _____ section _____, township _____ of range _____ meridian, Niobrara County, State of Wyoming. Any and all such persons having adverse or conflicting claims to said land are hereby notified that a full statement, under oath, of such claim should be filed in this office showing a superior right to a lease under said act or a valid existing adverse or conflicting claim to the land or the minerals therein under the public land laws, on or before _____; otherwise such claim may be disregarded in granting the lease applied for.

_____ ----------,
Register.

The Register will fix a date in the notice on or before which adverse or conflicting claims may be asserted, which date should not be less than 30 days, nor more than 40 days after the date of first publication of the notice. Such notice will be published once each week for a period of five weeks, if in a weekly paper, or if in a daily paper, for a period of 30 days. The Register will post a copy of such notice in a conspicuous place in his office during the period of publication.

Upon receipt of satisfactory proof furnished by the applicant of such publication, but not earlier than the day following that set in the published notice on or before which adverse or conflicting claims may be filed, the Register will transmit by special letter all papers in the case, including any adverse or conflicting claims that may have been filed, together with proof of posting the notice in his office.

5. *Adverse or conflicting claims—Procedure.* In case of adverse or conflicting claims for leases, the Secretary of the Interior is clothed with authority to grant leases to one or more of the claimants as shall be deemed just. The following procedure for the consideration of adverse or conflicting claims is hereby prescribed:

(a) Such claimants must make a full showing stating the grounds upon which a superior right to a lease under this act is asserted.

(b) Upon receipt of the showing of an adverse claimant, the Commissioner of the General Land Office will consider the same. If, in his judgment, the adverse claimant has failed to make a prima facie case, showing that he is entitled to a lease under the provisions of the above act, his application will be rejected subject to appeal to the Secretary of the Interior. But, if the adverse claimant makes out a prima facie case, the Commissioner will take such course as may be advisable under the circumstances of each particular case to settle and adjust the rights of the respective parties and may, if deemed necessary, order a formal hearing to settle disputed questions of fact. In the absence of appeal to the Secretary of the Interior from the final order or decision of the Commissioner, the same shall be conclusive.

6. *Filing fees.* Applicants filing in accordance with the provisions of this act must pay a fee of $2.00 for each 160 acres or fraction thereof in such application, but such fee in no case shall be less than $10.00 and will be considered earned when paid.

7. *Form of lease.* The leases issued under this act will be in the form prescribed for leases granted under the act of August 21, 1935 (49 Stat. 674; 30 U.S.C. 185; 43 CFR 192.28), except that the royalty to the United States will be 12½ percentum of all the oil and gas produced, except oil or gas used for production purposes or unavoidably lost. Each lease will be dated January 1, 1940, and will be for a term of 10 years and so long thereafter as oil or gas is produced in paying quantities.

[SEAL] FRED W. JOHNSON,
Commissioner.

TITLE 50—WILDLIFE

CHAPTER I—FISH AND WILDLIFE SERVICE

SUBCHAPTER K—ALASKA WILDLIFE PROTECTION

PART 92—REGULATIONS OF THE ALASKA GAME COMMISSION RELATING TO GUIDES, POISONS, AND LICENSES

By virtue of the authority conferred upon the Alaska Game Commission by the act of January 13, 1925, entitled "An Act to establish an Alaska Game Commission to protect game animals, land fur-bearing animals, and birds in Alaska, and for other purposes," (43 Stat. 739, as amended February 14, 1931, 46 Stat. 1111; U. S. Code, title 48, secs. 192–211, and June 25, 1938, 52 Stat. 1169 (48 U. S. Code 192–211), the following regulations for the protection of game animals, land fur-bearing animals, and birds in Alaska are made and published, to take effect August 15, 1941:

§ 92.1 *Employment of guides by nonresidents and aliens.* Nonresidents of the Territory or aliens taking game animals for any purpose, or polar bears for sport or trophies, or going afield to photograph large brown or grizzly bears, except nonresident Federal officials engaged in wildlife investigations in Alaska exempted by special permit of the Commission, and officers and enlisted men in the Army, Navy and Coast Guard services, are required to employ and be accompanied by a guide registered with and licensed by the Commission; but no such guide shall accompany in the field more than one nonresident or alien, except husband and wife and minor child all of whom are in possession of the required hunting licenses.

In cases of actual emergency when a bear is attacking or is about to escape after being wounded, it shall be the duty of the guide to take such action as he deems necessary.* [Regulation A]

*§§ 92.1 to 92.4, inclusive, issued under the authority contained in 43 Stat. 739, 46 Stat. 1111, 52 Stat. 1169; 48 U.S.C. and Sup., 192–211.

§ 92.2 *Qualifications for guide licenses and issuance thereof.* Only resident citizens who have resided in the Territory for the 5 years immediately preceding application for registration and a guide license will be registered and licensed to act as guides for nonresidents and aliens taking game animals for any purpose, or polar bears for sport or trophies, or going afield to photograph large brown or grizzly bears.

The Alaska Game Commission will establish guide districts and maintain a register of such persons as are duly qualified and licensed to act as guides in such districts.

Applications for such registration and guide license shall be made on a form issued by the Commission and shall state applicant's citizenship and resident status, age, physical characteristics, permanent address, and district or districts in which he desires to operate, together with full information relative to his qualifications to act as guide, and shall be subscribed and sworn to by the applicant before an officer authorized to administer oaths.

Upon receipt of such application the Commission, through one of its members or such person as it shall designate, will arrange to determine, by such written and oral examinations and otherwise as it shall require, the qualifications of such applicant to act as a guide and his knowledge of the Alaska Game Law and regulations.

The member of the Commission or other person authorized to conduct such examination shall promptly file his report thereof with the Commission, together with his recommendation thereon, which report and recommendation shall be attached to the application and considered and determined at a regular or special meeting of the Commission.

If the Commission determines that the applicant does not possess sufficient field experience to qualify him to act as a principal guide but has all other qualifications, an assistant guide license may be issued to him, which shall authorize him to act as assistant to a principal guide.

In cases of emergency the Executive Officer of the Commission may, after investigation and satisfying himself of an applicant's qualifications, issue a special guide license to him upon payment of the required fee, authorizing him to guide the nonresident or alien hunter named in the application for such special license.

Extension or renewal of guiding privileges authorized by any guide license shall be made, in the discretion of the Commission, only upon examination and approval as hereinbefore provided.

A registered guide license must bear the signature of the Executive Officer of the Commission. Each license shall expire on June 30 next succeeding its issuance, shall be revocable at the discretion of the Commission, and shall not be transferable.

Each licensed guide shall submit to the Commission, immediately upon completion of a hunting or photographing trip, a report containing the name and address of the nonresident or alien for whom he acted as guide, period covered by his services, number and species of animals taken, wounded and not secured, numbers and localities of each species of big game animal observed on the trip and such other information as the Commission may require.* [Regulation B]

§ 92.3 *Designation and use of poison.* Pursuant to section 9 of the Alaska Game Law, the following substances are by the Commission designated poisons: Strychnine, arsenic, phosphorus, antimony, barium, the cyanides, corrosive sublimate, or any derivative or derivatives, compound or compounds thereof, which, by said section 9, are forbidden.

(a) To be used at any time to kill any game or wild fur-bearing animal or bird,

(b) To be put out where any game or wild fur-bearing animal or bird may come in contact with it,

(c) To be sold or given to any hunter or trapper, or

(d) To be possessed by any hunter or trapper.

Any person selling or otherwise disposing of any of the aforesaid poisons is required by said section 9 of the Alaska Game Law to keep a record in a special book showing the name and address of each person purchasing or otherwise procuring said poison, and the kind and amount thereof, such record to be, at all times, open to inspection by any wildlife agent or other officer authorized to enforce the Alaska Game Law and information thereof to be transmitted monthly to the Alaska Game Commission.* [Regulation C]

§ 92.4 *Resident trapping and hunting licenses.* No resident of the Territory over 16 years of age, except a native-born Indian or Eskimo, shall take game animals, land fur-bearing animals, or birds in the Territory without first having obtained a resident hunting license for game animals or birds or a trapping license for land fur-bearing animals, but a person who is the holder of such trapping license shall be entitled to the privilege of hunting game animals or birds during the respective open seasons without a hunting license.* [Regulation D]

On and after August 15, 1941, all former regulations of the Alaska Game Commission relative to guides, poisons, and resident hunting and trapping licenses shall be and are hereby revoked.

In testimony whereof, we have hereunto set our hands and caused the official seal of the Commission to be affixed in the City of Juneau, Territory of Alaska, this 10th day of August, 1941.

SUMMARY OF FIXED FEE CONSTRUCTION CONTRACT

CONTRACTOR: JOHN M'SHAIN, INC., 17TH AND SPRING GARDEN STREET, PHILADELPHIA, PENNSYLVANIA

Contract for: Construction of Quartermaster Storage Warehouse.

Location: Arlington, Virginia.

Fixed fee: $76,545.00.

Estimated construction cost exclusive of fixed fee: $1,663,455.00.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same:

QM 23020 C. B. U. & A. P99 A0540–N
QM 23021 C. B. U. & A. P99 O0540–N

This contract,[1] entered into this 1st day of July 1941.

Statement of work. The constructor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: The construction of a Quartermaster Storage Warehouse at Arlington, Virginia, including necessary buildings, temporary structures, utilities, and appurtenances thereto.

It is estimated that the construction cost of the work covered by this contract will be one million, six hundred sixty-three thousand, four hundred fifty-five Dollars ($1,663,455.00) exclusive of the Constructor's fee.

In consideration for his undertaking under this contract the Constructor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Constructor's equipment as provided in Article II.

(c) A fixed fee in the amount of seventy-six thousand, five hundred forty-five dollars ($76,545.00) which shall constitute complete compensation for the Constructor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, by a written order, issue additional instructions, require additional work or services, or direct the omission of work or services covered by this contract.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies for which the Constructor shall be entitled to be reimbursed under Article II, shall vest in the Government.

Payments—Reimbursement for cost. The Government will currently reimburse the Constructor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original signed payrolls, for labor, the receipted invoices for materials, and such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for constructor's equipment. Rental as provided in Article II for such construction plant or parts thereof as the Constructor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed fee. Ninety percent (90%) of the fixed fee set out in Article I shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates submitted to and approved by the Contracting Officer.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Constructor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee.

Termination of contract by Government. The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Constructor.

This contract is authorized by the following law: Public No. 703—76th Congress, Approved July 2, 1940.

This contract, entered into this 11th day of September, 1941.

TITLE I—*Design, Engineering and Construction*

ARTICLE I–A. *Description of new ordnance facility.* The new ordnance facility, hereinafter referred to as the "Plant", and designated as Oklahoma Ordnance Works, shall comprise a plant at or near Choteau, Oklahoma, upon a site to be furnished and made available by the Government, for the manufacture of nitrocellulose smokeless powder and diphenylamine.

ART. I–B. *Statement of work.* The Contractor shall, in the shortest reasonable time, furnish the labor, materials, tools, machinery, equipment, facilities, utilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work:

a. The construction (including the installation of equipment therein) of the Plant described in Article I–A hereof, in accordance with the approved plans and specifications provided for hereinafter.

b. The furnishing of all architectural and engineering services covering the design, preparation of drawings, plans and specifications, and field engineering and supervision necessary for the efficient execution and coordination of the construction (including the installation of equipment therein) of said Plant as provided for hereunder, which services together with other provisions pertaining thereto are more particularly described and hereinafter set forth in Article I–E.

The Contracting Officer may, at any time, without notice to the sureties, if any, by a written order, issue additional work or services, or direct the omission of work or services covered by this Title I.

ART. I–C. *Estimates.* It is estimated that the total cost of the work under

[1] Approved by the Under Secretary of War September 13, 1941.

this Title I will be approximately forty-five million forty-five thousand eight hundred dollars ($45,045,800), excluding the Contractor's fee and the procurement of production equipment provided for in Title II hereof.

ART. I–D. *Consideration.* As consideration for its undertaking under this Title I the Contractor shall receive the following:

a. Reimbursement for expenditures as provided in Title V.

b. Rental for Contractor's equipment as provided in Title V.

c. A fixed-fee in the amount of nine hundred thirty-six thousand six hundred seventy-eight dollars ($936,678.00) which shall constitute complete compensation for the Contractor's services, including profit and all general overhead of the Wilmington, Delaware office of the Contractor.

ART. I–E. *Character and extent of architectural and engineering services.* The Government shall furnish the Contractor such available schedules of preliminary data, layout sketches, and other available information respecting sites, topography, soil conditions, outside utilities and equipment, and shall make available to the Contractor such Government designs, drawings, specifications, details, standards, and safety practices as are on hand in the offices of the Chief of Ordnance and The Quartermaster General and applicable to the design, construction, and equipping of the said Plant.

TITLE II—*Procurement of Production Equipment*

ART. II–A. *Statement of work.* The Contractor shall, in the shortest reasonable time, determine the production equipment requirements for the Plant and shall, subject to the approval of the Contracting Officer, thereupon proceed to do all things necessary and incident to the procurement of the production equipment required.

ART. II–B. *Estimates.* It is estimated that the total cost under this Title II will be approximately thirteen million nine hundred fifty two thousand two hundred dollars ($13,952,200), exclusive of the Contractor's fee.

ART. II–C. *Consideration.* As consideration for its undertaking under this Title II the Contractor shall receive the following:

1. Reimbursement for expenditures as provided in Title V.

2. A fixed-fee in the amount of seventy-one thousand six hundred dollars ($71,600), which shall constitute complete compensation for the Contractor's services.

TITLE III—*Training of Key Personnel (Optional)*

ART. III–A. *Statement of work.* The obligation of the Contractor to proceed with the work under this Title III shall be conditioned upon receipt by the Contractor of notice in writing from the Contracting Officer so to do. Upon receipt by the Contractor of such notice, the Contractor shall hire or select the key personnel necessary for the operation of the Plant, and when such personnel is available shall proceed to train such personnel in the duties and functions of their respective positions, at the Contractor's plants, at ordnance establishments or elsewhere, in order that they will have obtained experience with the processes and operations involved in the Plant at any time when the Government shall exercise its option under section 1 of Article IV–A of Title IV.

ART. III–B. *Estimate.* It is estimated that the cost of the work under this Title III will be approximately two hundred eighty-six thousand five hundred sixty five dollars ($286,565.00), exclusive of the Contractor's fee.

ART. III–C. *Consideration.* As consideration for its undertaking under this Title III the Contractor shall receive the following:

1. Reimbursement for expenditures as provided in Title V.

2. A fixed-fee of one dollar ($1.00) which shall constitute complete compensation for the Contractor's services under this Title III, including profit.

TITLE IV—*Operation of Plant (Optional)*

ART. IV–A. *Statement of work.* 1. The obligation of the Contractor to proceed with the work under this Title IV shall be conditioned upon receipt by the Contractor of the notice provided for in section 1 of Article III–A of Title III hereof and receipt by the Contractor within ten (10) months after the date of approval of this contract of notice in writing from the Contracting Officer so to do. Immediately upon receipt by the Contractor of such notice, and concurrently with the performance of the work required of it under Titles I, II and III, hereof, the Contractor shall undertake all preparations necessary for the subsequent operation of the Plant, including the necessary training of personnel for such operation in addition to the key personnel trained pursuant to Title III hereof, and all other services incident to setting up an efficient and going operating force.

2. As each operating unit of the Plant is completed and ready for operation and the necessary preparation for operation and training of personnel has proceeded to a point where operation is practicable the Contractor shall so notify the Contracting Officer in writing and shall proceed to operate it as directed from time to time by the Contracting Officer.

3. Notwithstanding the fact that the construction and equipping of the Plant as a whole shall not have been completed, when all operating units thereof are completed and ready for operation, the Contractor shall so notify the Contracting Officer in writing, and from and after the date of said notice the Contractor shall operate said Plant for the production of * * * pounds of smokeless powder and * * * pounds of diphenylamine (including the quantities produced under section 2 of this Article IV–A).

4. Upon written notice to the Contractor not less than * * * days before the anticipated completion of the operation provided for in section 3 next above, the Government may, at its option, authorize the continued operation of the Plant for the manufacture of such additional smokeless powder and diphenylamine as the Government may desire and within the capacity of the Plant for an additional * * * months and the Contractor shall undertake such continued operation under the terms and conditions of this contract applicable to the operation of the Plant (including those relating to the fixed-fee).

ART. IV–B. *Estimates.* It is estimated that the cost of the work under this Title IV, exclusive of the cost of continued operation covered by the option therefor provided in Section 4 of Article IV–A hereof, and exclusive of the Contractor's fee will be as follows:

Estimated cost for manufacturing smokeless powder, * * * per pound;

Estimated cost for manufacturing diphenylamine, * * * per pound;

ART. IV–C. *Consideration.* As consideration for its undertaking under this Title IV the Contractor shall receive the following:

1. Reimbursement for expenditures as provided in Title V hereof.

2. The fixed-fees for operation provided in Sections 3 and 4 of Article IV–A hereof, as follows:

A fixed fee of * * * per pound of smokeless powder produced hereunder and accepted by the Government. A fixed-fee of * * * per pound of diphenylamine produced hereunder and accepted by the Government, which fees shall constitute complete compensation for Contractor's services.

TITLE V—*Cost of the Work and Payment Therefor*

ART. V–A. *Reimbursement for Contractor's expenditures.* 1. The Contractor shall be reimbursed in the manner hereinafter described for its actual expenditures in connection with the performance of the work under this contract, when approved or ratified by the Contracting Officer.

2. *Rental for Contractor's Equipment.* Rental shall be paid at the rates indicated in the "Contractor's Equipment Rental Schedule, War Department, Office of The Quartermaster General", for such plant or parts thereof as he may own and furnish as shown in the Office of The Quartermaster General.

ART. V–B. *Payments—Reimbursement for cost.* 1. a. The Government will currently reimburse the Contractor for expenditures made in accordance with Article V–A of this Title V, upon certification and delivery to and verification by the Contracting Officer of the original signed pay rolls for labor, the receipted invoices for materials, equipments, etc., or other evidence satisfactory to the Contracting Officer. Reimbursement will be made as promptly as possible, generally weekly, but may be made at more frequent intervals if the conditions so warrant. All payments made under this paragraph a of section 1 shall be subject to the provisions of Article V–C.

2. *Rental for contractor's equipment.* Rental as provided in section 2 of Article V-A of this Title V, for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed-fees. 3. a. The fixed-fee provided for in Article I–D of Title I shall be paid in partial payments, less ten percent (10%) of each such partial payment.

b. The fixed-fee provided for in Article II–C of Title II shall be paid in partial payments, less ten percent (10%) of each such partial payment as it accrues.

c. The fixed-fee of One Dollar ($1.00) provided for in Article III–C shall be paid upon the completion of the work provided therein.

d. 1. The fixed-fees per pound of smokeless powder and diphenylamine delivered to and accepted by the Government under the provisions of Article IV of Title IV, shall be paid to the Contractor by the Government promptly after the close of the calendar month in which such finished product is inspected and accepted.

Final payment. 5. Upon completion of the work under Titles I and II and its final acceptance in writing by the Contracting Officer, and again upon the completion of the work under Title IV, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Title V hereof, and of the fees.

ART. V–C. *Advances.* At any time, and from time to time, after the execution of this contract the Government, at the request of the Contractor, and subject to the approval of the Chief of Ordnance as to the necessity therefor, shall advance to the Contractor without payment of interest thereon by the Contractor, a sum or sums not in excess of thirty percent (30%) of the estimated cost of the work under this contract.

TITLE VI—*Termination*

ART. VI–A. *Termination by Government.* The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Contractor.

TITLE VII—*General*

ART. VII–B. *Changes.* In connection with the work under Titles II, III and IV, the Contracting Officer may at any time after consultation with the Contractor, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by such Titles II, III and IV.

ART. VII–C. *Title.* The title to all work, completed or in the course of construction, preparation or manufacture shall be in the Government. Likewise, upon delivery at the site of the work, at an approved storage site or other place approved by the Contracting Officer and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Title V hereof shall vest in the Government.

This contract is authorized by the following laws: The Act of July 2, 1940 (Public No. 703, 76th Congress), and the Act of June 30, 1941 (Public No. 139, 77th Congress).

Bituminous Coal Division.

[Docket No. A–1040]

PETITION OF BOVARD COAL CO., A CODE MEMBER IN DISTRICT NO. 1, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR ALL SHIPMENTS FOR COALS PRODUCED AT ITS RIMER MINE

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 23, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 18, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the establishment of the following price classifications and minimum prices for the coals of the Rimer Mine of Bovard Coal Company for all shipments except truck, to be made from Brady's Bend on the Western Allegheny Railroad: A classification of "G" in Size Groups 1 to 3, inclusive, and of "H" in Size Groups 4 and 5.

Dated: September 24, 1941.

[Docket No. A–738]

PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF AN ADDITIONAL PRICE CLASSIFICATION AND MINIMUM PRICE FOR THE WASHED 3/8" X 0 SCREENINGS PRODUCED IN DISTRICT NO. 15

ORDER REOPENING MATTER AND NOTICE OF AND ORDER FOR FURTHER HEARING

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was filed with the Division in the above-entitled matter by District Board No. 15. The petitioner requested therein the establishment of an additional size group and a minimum price for the washed 3/8" x 0 screenings produced in District No. 15.

On August 13, 1941, the Director entered findings of fact, conclusions of law, an opinion and an order denying the relief requested by the petitioner. District Board No. 15 has since filed a petition for reconsideration of the subject matter wherein it again requests the Director to grant the relief originally prayed for or, in the alternative, to reopen the matter in order that the petitioner may have a further hearing wherein it may submit

"additional expert testimony and expert opinion as to the actual necessity for the establishment of the size classification and price" requested.

The petitioner's attention is called to the Director's finding of fact that "no evidence was presented that . . . cement plants would actually be willing to buy such coals if a reduced price were applicable." The record also discloses generally but scant factual detail evidence tending to support the granting of the relief requested. In order that petitioner may have an opportunity to present such evidence at a further hearing in support of its original petition, if it can, the Director is of the opinion that the above-entitled matter should be reopened and set for further hearing.

It is ordered, That the above-entitled matter be reopened and that a further hearing therein under the applicable provisions of said Act and the rules of the Division be held on November 6, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions of law and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 31, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 15 for the establishment of an additional price classification and minimum price for the washed 3/8" x 0 screenings produced at the mines of code members in District No. 15, such price, subject to certain limitations as to its amount and to the use to which the screenings are devoted, to be 20 cents per net ton less than the minimum price applicable to washed 1¼" x 0 screenings (Size Group 13).

Dated: September 24, 1941.

AMENDMENT TO FIRST FORM RECLAMATION WITHDRAWAL

GREEN RIVER PROJECT, WYOMING

AUGUST 28, 1941.

The Secretary of the Interior.

SIR: By Departmental Order of July 8, 1941, certain lands described therein were withdrawn from public entry under first form withdrawal, as provided in section 3, Act of June 17, 1902 (32 Stat. 388) in connection with the Green River Project, Wyoming.

The said withdrawal of July 8, 1941, inadvertently described the NW¼SW¼ as the NW¼SE¼ Sec. 16, T. 22 N., R. 116 W., 6th P. M., Wyoming. It is therefore recommended that said order be amended to take effect as of July 8, 1941, to the extent of describing this tract as the NW¼SW¼ Sec. 16, T. 22 N., R. 116 W., 6th P. M., Wyoming.

Respectfully,

H. W. BASHORE, *Acting Commissioner.*

I concur: September 6, 1941.

ARCHIE D. RYAN, *Acting Director, Grazing Service.*

I concur: September 8, 1941.

FRED W. JOHNSON, *Commissioner of the General Land Office.*

SEPTEMBER 11, 1941.

The foregoing recommendation is hereby approved, as recommended, and the Commissioner of the General Land Office will cause the records of his office and the local land office to be noted accordingly.

ORLAND IRRIGATION PROJECT, CALIFORNIA

PUBLIC NOTICE OF ANNUAL WATER RENTAL CHARGES (ACT OF JUNE 17, 1902, 32 STAT., 388, AS AMENDED OR SUPPLEMENTED)

SEPTEMBER 8, 1941.

1. Announcement is hereby made that, pending the cancellation of water rights on lands now delinquent in the payment of charges due the United States and the transfer of said water rights to other lands in private ownership that can be served from the constructed canal system, or minor extensions, on the Orland project, California, water will be furnished during the irrigation season of 1942 upon approved applications for temporary water service for the irrigation of such other lands, upon a water rental basis, at the following rates and terms.

2. The minimum water rental charge for the lands to be irrigated under the provisions of this public notice shall be one dollar and sixty cents ($1.60) per irrigable acre, which charge will permit the delivery of not to exceed three acre feet of water per acre. Additional water will be furnished at the rate of forty cents ($0.40) per acre foot. The minimum charge defined above will be due and payable at the time that application for temporary water service is filed and no water will be delivered until the minimum charge has been paid in full. Charges for additional water at the rates above specified must be paid in advance of the delivery of additional water and no advance payments shall be accepted in sums of less than $10.00 which would permit the delivery of 25 acre feet at the rate specified.

3. All charges for water rental service are to be paid to the Bureau of Reclamation, Orland, California.

[Docket No. 6188]

IN RE APPLICATION OF POSTAL TELEGRAPH-CABLE COMPANY FOR AUTHORITY TO EXTEND ITS LINES BETWEEN MIAMI, FLORIDA, AND FLORIDA CITY, FLORIDA

NOTICE OF HEARING

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing to be held at the offices of the Commission, Washington, D. C., on October 23, 1941 at 10:00 o'clock a. m., E. S. T., for the following reasons:

1. To determine the nature and character of the service to be rendered over the proposed telegraph circuit, including the classifications of messages and the charges applicable thereto.

2. To determine whether the granting of the application would result in any unjust or unreasonable discrimination in charges, practices, classifications, regulations, facilities, or services or give any undue or unreasonable preference or advantage to any particular person, or class of persons, or locality, or subject any particular person, or class of persons or locality to any undue or unreasonable prejudice or disadvantage, in violation of section 202 (a) of the Communications Act of 1934, as amended.

3. To determine the amount of telegraph traffic to be derived from the operation of the proposed circuit.

4. To determine whether the telegraph service now rendered at Florida City, Florida; Princeton, Florida; Goulds, Florida and Peters, Florida is efficient, satisfactory and adequate; whether the service should be improved, augmented or expanded; whether the proposed extension would result in new or improved service; whether there is a need for the proposed circuit.

5. To determine whether or not the interest, service or revenue of any other carrier subject to the Communications Act of 1934, as amended, may be adversely affected and, if so the extent thereof.

6. To determine whether or not the granting of the application would result in the unnecessary duplication of telegraph facilities.

7. To determine whether the present or future public convenience and necessity require or will require the granting of the application.

Dated at Washington, D. C., September 23, 1941.

[File No. 59-26]

IN THE MATTER OF FLORIDA POWER & LIGHT COMPANY, AMERICAN POWER & LIGHT COMPANY, AND ELECTRIC BOND AND SHARE COMPANY

[File No. 70-403]

IN THE MATTER OF FLORIDA POWER & LIGHT COMPANY AND AMERICAN POWER & LIGHT COMPANY

NOTICE REGARDING FILING AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 23d day of September, A. D. 1941.

The Commission having on July 10, 1941 issued a Notice and Order for Hearing In the Matter of Florida Power & Light Company, American Power & Light Company, and Electric Bond and Share Company (File No. 59-26), under sections 11 (b) (2), 12 (b), 12 (c), 12 (f), and 15 (f) of the Public Utility Holding Company Act of 1935 and having by subsequent order dated August 8, 1941 postponed the date of hearing to September 22, 1941; and

Florida Power & Light Company and American Power & Light Company having on September 17, 1941 filed declarations or applications (or both) under the Public Utility Holding Company Act of 1935 and the rules and regulations thereunder, with respect to the following transactions:

1. Florida Power & Light Company (hereinafter referred to as "Florida") proposes to acquire for cancellation, through transfer and surrender by its parent, American Power & Light Company (hereinafter referred to as "American") the following securities:

$22,000,000 principal amount 6% gold debenture bonds, Series A due December 31, 1951 (entire issue);

$1,347,700[1] (13,477 shares $7 Preferred Stock, cumulative, no par value;

$1,000,000[1] (10,000 shares) $6 Preferred Stock, cumulative, no par value (entire issue); and

$2,000,000[1] (20,000 shares) Second Preferred Stock, $7 cumulative, no par value (entire issue). American proposes to waive all claims to accumulated dividends in arrears on this stock at the time of such acquisition, which amounted to $1,248,333.33 as of August 31, 1941.

2. Florida also proposes to acquire, without cost to it, and American proposes to transfer, the securities of Utilities Land Company (a Florida corporation which owns an ice plant and certain other real estate in Florida), all of which are now owned by American, and the right to receive $1,000 owed American by Utilities Land Company on an open account loan.

[1] Based on liquidating value of $100 per share.

3. It is further proposed that Florida will transfer to its capital surplus account $26,347,700, which is the aggregate principal amount or liquidating value of the securities of Florida to be transferred to it by American as stated above, and to make certain additional adjustments to plant and investment account and to capital surplus on account of the securities of Utilities Land Company to be received from American.

4. Florida further proposes to issue and sell (pursuant to the provisions of Rule U-50 under the Act) $45,000,000 principal amount of First Mortgage Bonds, $10,000,000 principal amount of Sinking Fund Debentures and 140,000 shares of Cumulative Preferred Stock. The proceeds from the sale of such securities will be applied to redeem within 40 days after the issuance and sale of the Bonds, Debentures, and Stock, Florida's presently outstanding First Mortgage Gold Bonds, 5% Series due 1954 ($52,000,000) and the 142,667 shares of Florida's $7 Preferred Stock, cumulative, no par value, presently outstanding with the public.

It appearing to the Commission that the aforementioned declarations or applications (or both) of Florida and American are related to, and present common questions of law and fact with, the issues set forth in the Commission's Notice and Order for Hearing, In the Matter of Florida Power & Light Company, et al. (File No. 59-26);

It is ordered, That a hearing be held with respect to said declarations or applications of Florida and American, and that such hearing be consolidated with the hearing ordered by the Commission to be held commencing September 22, 1941 in the proceeding entitled "In the Matter of Florida Power & Light Company, et al.," File No. 59-26, at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. At such consolidated hearing, cause shall be shown why the aforementioned declarations shall become effective.

It is further ordered, That notice with respect to the filing of the aforementioned applications and declarations (or both) and of the Order for Consolidated Hearing shall be given by the publication of this Notice and Order in the FEDERAL REGISTER and that any interested person desiring to be heard at such hearing shall so advise the Commission not later than October 2, 1941, stating the reasons for such request and the nature of his interest. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

IN THE MATTER OF LOUISVILLE GAS AND ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of September, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than October 6, 1941 at 4:45 p. m., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20(a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Louisville Gas and Electric Company, a Kentucky corporation which is a public-utility subsidiary of Louisville Gas and Electric Company, a Delaware corporation which is a registered holding company and also a subsidiary of Standard Gas and Electric Company and of Standard Power and Light Corporation, both registered holding companies, proposes to issue and sell 150,000 shares of its common stock by a direct offer and sale thereof to the public (with a provision for the allowance of a concession to any dealer or broker who is a member, in good standing, of the National Association of Securities Dealers, Inc. and who executes an agreement with the issuer relating to the distribution of the proposed issue; the issuer represents that it intends to advise each of its stockholders and each stockholder of Louisville Gas and Electric Company (Delaware) by mail of the offering and if requested will send any of such stockholders a prospectus); because the proposed issue of common stock will not be sold to or underwritten by investment bankers, the issuer has requested a finding pursuant to paragraph (5) of subdivision (a) of Rule U-50, that it need not comply with the provisions of subdivisions (b) and (c) of said Rule U-50 with respect thereto.

SEC. 533. DISTILLED SPIRITS.

* * * * * * *

(d) *Floor stocks tax.* Section 2800 of the Internal Revenue Code is amended by inserting at the end thereof the following new subsection:

"(i) *Floor stocks tax.*

"(1) Upon all distilled spirits upon which the internal-revenue tax imposed by law has been paid, and which on October 1, 1941, are held and intended for sale or for use in the manufacture or production of any article intended for sale, there shall be levied, assessed, collected, and paid a floor stocks tax of $1 (except that in the case of brandy, the rate shall be $1.25) on each proof-gallon, and a proportionate tax at a like rate on all fractional parts of such proof-gallon.

"(2) Every person required by this subsection to pay any floor stocks tax shall, on or before January 1, 1942, under such regulations as the Commissioner, with the approval of the Secretary, shall prescribe, make a return and pay such tax. Payment of the tax shown to be due may be extended to a date not later than August 1, 1942, upon the filing of a bond for payment thereof in such form and amount and with such surety or sureties as the Commissioner, with the approval of the Secretary, may prescribe.

"(3) All provisions of law, including penalties, applicable in respect of internal-revenue taxes on distilled spirits shall, insofar as applicable and not inconsistent with this subsection, be applicable in respect of the floor stocks tax imposed hereunder. For the purposes of this subsection the term "distilled spirits" shall include products produced in such manner that the person producing them is a rectifier within the meaning of section 3254 (g)."

SEC. 534. WINES.

* * * * * * *

(c) Subchapter F of Chapter 26 of the Internal Revenue Code is amended by inserting at the end thereof the following new section:

SEC. 3192. FLOOR STOCKS TAX ON WINES.

"(a) *Floor stocks tax.* Upon all wines upon which the internal-revenue tax imposed by law has been paid, and which on October 1, 1941, are held and intended for sale or for use in the manufacture or production of an article intended for sale, there shall be levied, assessed, collected, and paid a floor stocks tax at rates equal to the increases in rates of tax (over the defense tax rates) made applicable to such articles by section 534 of the Revenue Act of 1941.

"(b) *Returns.* Every person required by subsection (a) to pay any floor stocks tax shall, on or before January 1, 1942, under such regulations as the Commissioner, with the approval of the Secretary, shall prescribe, make a return and pay such tax. Payment of the tax shown to be due may be extended to a date not later than August 1, 1942, upon the filing of a bond for payment thereof in such form and amount and with such surety or sureties as the Commissioner, with the approval of the Secretary, may prescribe.

"(c) *Laws applicable.* All provisions of law, including penalties, applicable in respect of the taxes imposed by section 3030 (a) shall, insofar as applicable and not inconsistent with this subsection, be applicable with respect to the floor stocks tax imposed by subsection (a)."

Pursuant to the above sections of law, the following regulations are prescribed:

§ 171.9 *Distilled spirits.* (a) Each distiller, proprietor of an industrial alcohol plant, internal revenue bonded warehouse, alcohol bonded warehouse, or taxpaid bottling house, and each rectifier, wholesale dealer in liquors, retail dealer in liquors, manufacturer, or any other person, corporation, partnership or association holding on October 1, 1941, taxpaid distilled spirits, including alcohol and brandy, intended for sale or for use in the manufacture or production of any article intended for sale, shall before beginning business on that date prepare an inventory of all such taxpaid distilled spirits.

(b) The following kinds of distilled spirits, among others, are subject to the floor stocks tax of $1.00 a proof gallon if taxpaid prior to October 1, 1941, and which on that date are held and intended for sale or for use in the manufacture or production of any article intended for sale:

(1) Alcohol.
(2) Spirits—grain, spirits—cane and spirits—fruit.
(3) Whiskey, rum and gin.
(4) Vermouth containing distilled spirits of any kind.
(5) Cocktails containing distilled spirits of any kind.
(6) Liqueurs, cordials and similar compounds containing distilled spirits of any kind.
(7) Tequila, okolehao, et cetera.
(8) Distilled spirits of any kind, except brandy, held by any person for use in the manufacture of any article intended for sale, regardless of whether the article to be produced is in itself unfit for beverage purposes.

(c) Brandy is subject to a floor stocks tax of $1.25 a proof gallon if taxpaid prior to October 1, 1941, and which on that date is held and intended for sale or for use in the manufacture or production of any article intended for sale. The term "brandy" includes the following:

(1) Brandy.
(2) Blends of brandies.
(3) Alcoholic products labeled and intended for sale as "brandy."
(4) Brandy held by any person for use in the manufacture of any article intended for sale, regardless of whether the article to be produced is in itself unfit for beverage purposes.

(d) (1) The inventory of distilled spirits shall be prepared in duplicate on sheets of paper not larger than 10½ x 16 inches to be furnished by the taxpayer. The distilled spirits shall be listed separately by kinds, that is, there will be a separate listing of alcohol, whiskey, gin, rum, cordials, liqueurs, cocktails, et cetera.

(2) The inventory of brandy will be prepared, in duplicate, on a separate sheet or sheets of paper not larger than 10½x16 inches, and identified as the inventory of brandy.

(3) Each inventory will consist of two sections. The first section will cover bottled distilled spirits and will be divided into seven vertical columns which will be designated:

(i) Kind.
(ii) Number of Cases.
(iii) Size of Bottle.

(iv) Number of Bottles.
(v) Wine Gallons.
(vi) Proof of Spirits.
(vii) Proof Gallons.

Where distilled spirits in cases are in transit on October 1, 1941, the taxpayer will show, in addition to the foregoing, the serial numbers of the cases and the name of the bottler, plus the data required by paragraph 9.

(4) The second section will cover distilled spirits in packages (barrels or drums), tank cars, and in tanks. The serial number and kind of container, the name of the distiller, wine gallons, proof of the spirits, and proof gallons must be shown. Where such spirits are in transit on October 1, 1941, the taxpayer must also show the data required by paragraph 9.

Spirits in process of rectification, or in bottling or storage tanks, will be measured and proofed and the wine gallons, proof, and proof gallon content of each tank reported separately on the inventory. The number and kind of receptacle containing the spirits will also be shown.

§ 171.10 *Wines.* (a) Each proprietor of a bonded winery, bonded storeroom, or taxpaid bottling house, and each rectifier, wholesale or retail dealer in liquors (including wholesale or retail dealer in wines and wholesale or retail dealer in wines and malt liquors), manufacturer, or any other person, corporation, partnership or association holding on October 1, 1941, taxpaid wines intended for sale or for use in the manufacture or production of any article intended for sale, shall also before beginning business on that date prepare an inventory of all such taxpaid wines.

(b) The term "wines" shall include, among others, the following, which are subject to the floor stocks taxes indicated below if taxpaid prior to October 1, 1941, and which on that date are held and intended for sale or for use in the manufacture or production of any article intended for sale:

Kind	*Floor stocks tax (cents a gallon)*
(1) Still wines, including vermouth, and all artificial or imitation wines or compounds sold as still wine, containing:	
(i) Not more than 14 percent of alcohol by volume	2
(ii) More than 14 percent and not exceeding 21 percent of alcohol by volume	12
(iii) More than 21 percent and not exceeding 24 percent of alcohol by volume	35
(2) Champagne and sparkling wines, that is, effervescent wine charged with carbon dioxide resulting from secondary fermentation of the wine in bulk or in the bottle	[1] 4
(3) Artificially carbonated wine, that is, effervescent wine artificially charged with carbon dioxide	[1] 2

[1] Cents per each one-half pint or fraction thereof.

(c) The inventory of wines shall be prepared, in duplicate, on sheets of paper not larger than 10½ x 16 inches to be furnished by the taxpayer. The inventory will be divided into 5 parts for the separate listing of the 5 different tax classes as follows:

Part 1: Still wines containing not more than 14 per cent of alcohol
Part 2: Still wines containing more than 14 per cent but not exceeding 21 per cent of alcohol
Part 3: Still wines containing more than 21 per cent but not exceeding 24 per cent of alcohol
Part 4: Champagne and other sparkling wines
Part 5: Artificially carbonated wines

Each part will be divided into six vertical sections which will be designated:

(1) Kind of wine.
(2) Number of packages.
(3) Number of cases.
(4) Size of bottles.
(5) Number of bottles.
(6) Total gallons.

Where wines are in transit on October 1, 1941, the taxpayer will show, in addition to the foregoing, the serial numbers of the cases, packages, or tank car, the name of the producer or bottler, plus the data required by paragraph 9.

Wines in process of rectification, or in bottling or storage tanks, shall be measured and the wine gallons and alcoholic content of the contents of each tank reported separately on the inventory. The number and kind of receptacle containing the wine shall also be shown.

(d) The inventory of wines may be attached to and made a part of the inventory of distilled spirits if the person preparing the inventory of wines also holds distilled spirits subject to floor stocks tax.

§ 171.11 *Distilled spirits or wines on other premises or in transit.* The taxpayer shall show separately and clearly in the inventory:

(a) All taxpaid distilled spirits of any kind and wines not on the premises of the taxpayer on October 1, 1941, but owned by him and stored elsewhere, giving the address of the place or places of storage,

(b) All taxpaid distilled spirits of any kind and wines not on the premises of the taxpayer, but owned by him and in transit from him to other persons or to himself on October 1, 1941, giving the means of transportation and the name and address of the consignee, and

(c) All taxpaid distilled spirits of any kind and wines owned by him and in transit to him on October 1, 1941, giving the means of transportation and the name and address of the consignor.

§ 171.12 *Filing of return and payment of tax.* (a) Each taxpayer designated in paragraphs 1 and 5 shall make a return on Form 758 (Revised 1941), in triplicate, for each place where distilled spirits or wines are held, in accordance with the instructions thereon. The original and duplicate copies must be filed not later than January 1, 1942, with the Collector of Internal Revenue of the district in which the distilled spirits or wines are held. The original of the inventory must be attached to the duplicate copy of Form 758. The triplicate copy of the return and the duplicate copy of the inventory will be retained by the taxpayer at the location covered by the return. The filing of a blanket return with one Collector to cover a number of places in different collection districts will not be acceptable.

(b) The floor stocks tax shown by the return to be due shall be paid to the Collector of Internal Revenue at the time the return is filed, unless the date of payment of the tax is extended to a date not later than August 1, 1942, upon the filing, in accordance with the instructions thereon, of a bond on Form 723–A, in duplicate, in a penal sum of not less than the amount of the tax (including the delinquency penalty, if any), plus an amount equivalent to and not more than 10 per cent of the tax (including the delinquency penalty, if any).

[SEAL] GUY T. HELVERING,
Commissioner.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER A—GENERAL PROVISIONS

[Regulation No. 10]

ESTABLISHING A DIVISION OF MATERIALS IN THE OFFICE OF PRODUCTION MANAGEMENT AND PRESCRIBING ITS DUTIES AND FUNCTIONS

Whereas Executive Order No. 8629, dated January 7, 1941, as amended by Executive Order No. 8875,[1] dated August 28, 1941, in creating the Office of Production Management provided that in addition to certain specified functions, the Office of Production Management shall "perform such other functions as the President may from time to time assign or delegate to it;" and said Order provided that in addition to the Divisions of Production, Purchases, and Priorities, there shall be "such other operating divisions as the President may from time to time determine," and

Finding it essential in the interest of expediting the defense program with respect to the National emergency as declared by the President to exist on May 27, 1941,[2] to conduct within the Office of Production Management certain functions relating to material requirements and relations;

Now, therefore, subject to the approval of the President, it is *ordered* that:

1. There shall be within the Office of Production Management an operating division to be known as the Division of Materials, at the head of which shall be a Director of the Division of Materials appointed by the Office of Production Management with the approval of the President.

2. The Director of the Division of Materials shall plan and take all lawful steps necessary to assure an adequate supply and production of raw materials and industrial materials which enter into the production of products and articles needed for defense, including the development and expansion of facilities to produce such materials.

3. The Director of the Division of Materials is authorized to establish such organization for the Division as he may deem necessary to the adequate execution of his functions and responsibilities including the employment of personnel, but he shall obtain the approval of the Director General acting in association with the Associate Director General in the creation of the principal subdivisions of the Division.

4. The Director of the Division of Materials shall exercise the authorities, duties, and responsibilities assigned to him herein subject to the jurisdiction and control of the Director General acting in association with the Associate Director General, and he shall make such regular and special reports of his actions pursuant to this regulation as may be required by the Office of Production Management.

5. The Director of the Division of Materials shall have authority to designate an Assistant or Deputy Director to serve as Acting Director of the Division of Materials in his absence or inability to act, subject to the approval of the Director General acting in association with the Associate Director General.

6. Regulation No. 1 and all of the regulations of the Office of Production Management which may be inconsistent with this Regulation are hereby superseded and amended accordingly.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1304—IRON AND STEEL SCRAP

AMENDMENT OF PRICE SCHEDULE NO. 4—IRON AND STEEL SCRAP[1]

§ 1304.16 *Appendix A, maximum prices for iron and steel scrap other than railroad scrap*, of Price Schedule No. 4 is hereby amended:

By adding after subparagraph 3 in section (b) of paragraph II thereof the following subparagraph 4:

4. In the State of Florida and in all states west of the Mississippi River, *excepting Washington, Oregon, and California*, whenever the Shipping Point Price of No. 2 Heavy Melting Steel Scrap, as computed above falls below $12.00 per gross ton at any Shipping Point, the maximum Shipping Point Price thereof at such point shall be $12.00, and the maximum Shipping Point Prices for other grades of scrap at such point shall be computed by applying the price differentials established in paragraph I hereof for St. Louis, Missouri.

By striking out, at the end of paragraph III, the words, "to the consumer's plant.", and inserting in place thereof the following words: "to the consumer's plant, except as provided in paragraph VI herein."

Paragraph VI is amended to read as follows:

VI

Remote Scrap

(a) *Definitions.* When used in this paragraph:

1. Remote Scrap means all the kinds and grades of iron and steel scrap referred to in Appendix A and having a Shipping Point and a point of origin within the States of Montana, Idaho, Wyoming, Nevada, Arizona, New Mexico, Texas, Oklahoma, or Florida.

2. The Shipping Point of Remote Scrap is the point from which Remote Scrap is to be shipped, whether to consumer, dealer, broker, or other person or persons.

(b) *Maximum shipping point price of remote scrap.* The maximum Shipping Point Price of Remote Scrap shall be $12.00 for No. 2 Heavy Melting Steel Scrap and, for other grades of scrap, the maximum Shipping Point Price shall be computed by applying to the price of $12.00 for No. 2 Heavy Melting Steel Scrap the price differentials established in Paragraph I hereof for St. Louis.

(c) *Maximum delivered price of remote scrap.* The maximum price of Remote Scrap delivered to a consumer *wherever located* shall be the Shipping Point Price plus actual transportation charges from the Shipping Point to the consumer's plant as provided in paragraph III above, *except that*, whenever necessary to absorb transportation charges, the maximum delivered price may exceed the maximum delivered price set forth in paragraph III above by a maximum of $4.00. Thus the maximum delivered price for Remote Scrap shall be $5.00 above the prices set forth in paragraph I above, for the Basing Point nearest, in terms of established transportation charges, to the consumer's plant. The consumer, however, may not exceed the maximum delivered price provided in paragraph III above unless he conforms to the reporting requirements of subparagraph 1 below.

1. No sales or purchases of Remote Scrap may be completed under the provisions of this paragraph unless the consumer of such scrap shall file, with the Office of Price Administration, Washington, D. C., (i) within 10 days following the purchase thereof, a fully detailed statement under oath setting forth the name and address of the seller, the point of shipment of the scrap, the grade, quantity and price at Shipping Point, delivery price, the name of the carrier, and the transportation charges from the Shipping Point to the consumer's plant, *and* (ii) immediately upon delivery of such scrap, certified copies of all bills of lading covering the shipment of such scrap from the remote area to the consumer's plant. Only reports of purchases and bills of lading involving delivery of not less than one car of scrap need be filed.

2. Where Remote Scrap cannot be delivered to the consumer within the maximum delivered prices of Remote Scrap established in subparagraph (c) hereof, a consumer may apply to the Office of Price Administration, Washington, D. C., for permission to absorb the additional transportation charges necessary to secure such scrap. Applications by consumers must be fully detailed, including an affidavit setting forth the point of shipment of the scrap, the grade, quantity and price at Shipping Point, proposed delivery prices, the name of the carrier, and the transportation charges from the Shipping Point to the consumer's plant. The application should be accompanied by an affidavit from the consumer setting forth its need for, and

Only applications for purchases which would involve actual delivery of not less than one car of scrap per month from one Shipping Point to one consumer destination will be considered.

The approval of the Office of Price Administration shall be obtained before consumers may absorb the additional transportation charge necessary to secure such scrap.

(d) *Termination of remote scrap provisions.* The provisions of subparagraph 4 of paragraph II and this paragraph VI shall become inoperative and terminated on and after December 31, 1941. Deliveries under contracts entered into pursuant to these provisions shall be completed on or before December 31, 1941.

These amendments shall become effective on September 26, 1941. (Executive Order No. 8734, 6 F.R. 1917)

TITLE 36—PARKS AND FORESTS

CHAPTER II—FOREST SERVICE

PART 261—TRESPASS

NEVADA NATIONAL FOREST—MT. MORIAH, SCHELL CREEK, AND WHITE PINE DIVISIONS

Order for the Removal of Trespassing Horses, Mules, and Burros

Whereas a number of horses, mules, and burros are trespassing and grazing on land in the Mt. Moriah, Schell Creek, and White Pine Divisions, Nevada National Forest, in the State of Nevada; and

Whereas these horses, mules, and burros are consuming forage needed for domestic livestock, are causing extra expense to established permittees, and are injuring national forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the Act of June 4, 1897 (30 Stat. 35; 16 U.S.C. 551), and the Act of February 1, 1905 (33 Stat. 628, 16 U.S.C. 472), the following order for the occupancy, use, protection, and administration of land in the Mt. Moriah, Schell Creek, and White Pine Divisions, Nevada National Forest, is issued:

§ 261.50 *Temporary closure from livestock grazing.* (a) The Mt. Moriah and Schell Creek Divisions of the Nevada National Forest are hereby closed beginning October 10, 1941, and ending June 1, 1942, and the White Pine Division of the Nevada National Forest is closed for the period beginning October 31, 1941, and ending June 1, 1942, to the grazing of horses, mules, and burros, except those horses, mules, and burros that are lawfully grazing on or crossing land in such allotments pursuant to the regulations of the Secretary of Agriculture, or that are used in connection with operations authorized by such regulations, or that are used as riding, pack, or draft animals by persons traveling over such land.

(b) Officers of the United States Forest Service are hereby authorized to dispose of, in the most humane manner, all horses, mules, and burros found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such horses, mules, and burros shall be given by posting notices in public places or advertising in a newspaper of general circulation in the locality in which the Nevada National Forest is located.

Done at Washington, D. C., this 25th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

TITLE 41—PUBLIC CONTRACTS

CHAPTER II—DIVISION OF PUBLIC CONTRACTS

PART 202—MINIMUM WAGE DETERMINATIONS

IN THE MATTER OF AN AMENDMENT TO THE DETERMINATION OF THE PREVAILING MINIMUM WAGES IN THE STRUCTURAL CLAY PRODUCTS INDUSTRY

This matter is before me pursuant to section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35), entitled "An Act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes," otherwise known as the Walsh-Healey Public Contracts Act.

On August 28, 1941, the Assistant Administrator of the Division of Public Contracts issued a notice of opportunity to show cause why my decision dated December 27, 1940, In the Matter of the Determination of the Prevailing Minimum Wages in the Structural Clay Products Industry (6 F.R. 46) should not be amended by increasing the prevailing minimum wage for the States of Maryland, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Louisiana, Arkansas, Oklahoma, Texas, New Mexico, and the District of Columbia, as determined therein from 30 cents an hour to 34 cents an hour.

The proposed amendment was predicated upon evidence before the Department of Labor that substantially all members of the Structural Clay Products Industry are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that in consequence thereof, the Wage Order of the Administrator, Wage and Hour Division, issued pursuant to the provisions of the Fair Labor Standards Act of 1938 and effective September 1, 1941, establishing 34 cents an hour as the minimum wage rate under that Act in the Clay Products Industry (6 F.R. 4073) would have the effect of establishing 34 cents per hour as the prevailing minimum wage in the Structural Clay Products Industry for the States hereinbefore named, within the meaning of Section 1 (b) of the Walsh-Healey Public Contracts Act.

The notice of opportunity to show cause was sent to members of the industry who had shown an interest in the original proceeding, to trade unions, trade publications, and trade associations. Notice was also given to all interested parties through the national press and by publication in the FEDERAL REGISTER (6 F.R. 4497). No objection or protest to the proposed amendment has been filed.

Upon consideration of the foregoing and of all the facts and circumstances, I hereby determine:

§ 202.36 *Structural clay products industry.* The prevailing minimum wage for persons engaged in the performance of contracts with agencies of the United States, subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C., Sup., III 35), for the manufacture or supply of the products of the Structural Clay Products Industry, shall be 34 cents an hour or $13.60 per week of forty hours, arrived at either upon a time or piece work basis, in the States of Maryland, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Louisiana, Arkansas, Oklahoma, Texas, New Mexico, and the District of Columbia.

For the remaining States of the United States, the prevailing minimum wage for such persons shall be 40 cents an hour or $16.00 per week of forty hours, arrived at either upon a time or piece work basis, as provided in my original decision of December 27, 1940.

It is understood that the products of the Structural Clay Products Industry, the manufacture and supply of which are covered by this determination, shall be the same as those covered by my original decision of December 27, 1940, namely, common brick, face brick, (including glazed and enameled brick), salt glazed brick, manhole brick, structural clay tile, (including glazed tile), unglazed face tile, paving brick, and clay or shale granules.

This amended determination shall be effective and the minimum wages hereby established shall apply to all contracts subject to the aforesaid Act of June 30, 1936, bids for which are solicited or negotiations otherwise commenced on and after October 27, 1941.

Nothing in this amended determination shall affect such obligations for the payment of minimum wages as an employer may have under the Fair Labor Standards Act of 1938 or any wage order thereunder, or under any other law, or agreement, more favorable to employees than the requirements of this determination.

Until this amended determination becomes effective as provided in the preceding paragraph, my original decision of December 27, 1940, shall remain in full force and effect. (Sec. 1 (b), 49 Stat. 2036; 41 U.S.C., Sup. III, 35)

Dated: September 26, 1941.

FRANCES PERKINS,
The Secretary.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. 1870-FD]

IN THE MATTER OF THE APPLICATION OF NASHVILLE COAL COMPANY, INC., FOR PERMISSION TO RECEIVE DISTRIBUTORS' DISCOUNTS ON COAL PURCHASED AND RESOLD BY IT TO OLD HICKORY COAL AND ICE COMPANY AND JACKSON ICE AND COAL COMPANY

NOTICE OF AND ORDER FOR HEARING

The Nashville Coal Company, Inc., organized under the laws of Tennessee, with its principal office at Nashville, Tennessee, being registered with the Division as a distributor, No. 6756, filed its petition praying:

1. That the Division determine that the Old Hickory Coal and Ice Company and the Jackson Ice and Coal Company do not financially own or otherwise control petitioner;

2. That the Division determine that the ownership or control by mutual stockholders of the three corporations above mentioned is bona fide, is not established primarily to secure indirect price reductions and is not within the prohibitions of paragraphs 11 and 12 of section 4, Part II (1) of the Act;

3. That, on transactions made prior and subsequent to the requested determinations set forth in (1) and (2) above, the petitioner be permitted to accept and retain distributors' discounts on coal purchased and resold by it to the Old Hickory Coal and Ice Company and the Jackson Ice and Coal Company;

4. For such further and alternative relief as to the Director may appear just and equitable.

It is ordered, That a hearing on such matter be held on November 4, 1941, at 10:00 in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before November 1, 1941, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: September 25, 1941.

PETITION OF THE SHERIDAN-WYOMING COAL COMPANY, INC., A CODE MEMBER IN SUBDISTRICT 5 OF DISTRICT 19, FOR THE RECOGNITION OF A CERTAIN TIPPLE LOCATED AT KIRBY, WYOMING, AS THE NORMAL LOADING FACILITY OF THE MILLER MINE (MINE INDEX NO. 152) AND OSBORN MINE (MINE INDEX NO. 159) AND FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS, FOR TRUCK SHIPMENT, PRODUCED AT CERTAIN OTHER MINES IN THAT SUBDISTRICT

[Docket No. A-1005]

PETITION OF ACE OF SPADES COAL COMPANY ET AL., CODE MEMBERS IN SUBDISTRICT 5 OF DISTRICT 19, FOR THE RECOGNITION OF A CERTAIN TIPPLE LOCATED AT KIRBY, WYOMING, AS THE NORMAL LOADING FACILITY OF THE MILLER MINE (MINE INDEX NO. 152) AND OSBORN MINE (MINE INDEX NO. 159) AND FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS, FOR TRUCK SHIPMENT, PRODUCED AT CERTAIN OTHER MINES IN THAT SUBDISTRICT

ORDER OF CONSOLIDATION AND NOTICE OF AND ORDER FOR HEARING

Petitions, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named parties; and it appearing that those petitions present analogous issues;

It is ordered, That the above-entitled matters be, and they hereby are, consolidated for the purpose of hearing and for such other purposes as the officer designated to preside at such hearing may deem appropriate.

It is further ordered, That a hearing in the above-entitled matters under the applicable provisions of said Act and the rules of the Division be held on November 12, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division at the United States Post Office, Thermopolis, Wyoming.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matters. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to ad-

minister oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petitions is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 6, 1941.

All persons are hereby notified that the hearing in the above-entitled matters and any orders entered therein, may concern, in addition to the matters specifically alleged in the petitions, other matters necessarily incidental and related thereto, which may be raised by amendment to the petitions, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the petitions.

The matter concerned herewith is in regard to the petitions of the Sheridan-Wyoming Coal Company, Inc., and other code members in Subdistrict 5 of District 19, for the recognition of a certain tipple located at Kirby, Wyoming, as the normal loading facility of the Miller Mine (Mine Index No. 152) and the Osborn Mine (Mine Index No. 159) and for revision of the effective minimum prices for the coals, for truck shipment, produced at certain other mines in that Subdistrict; and, more particularly, for a reduction of 5 cents per net ton in the effective minimum prices, for truck shipment, for the coals produced at the Gebo Coal Mine (Mine Index No. 129), the Coal Draw Mine (Mine Index No. 180) and the Eagle Mine (Mine Index No. 124) and for a reduction of 15 cents per net ton in such prices for the coals produced at the mines of all other code members, except the Miller and Osborn Mines of the Sheridan-Wyoming Coal Company, Inc., in Subdistrict 5 of District 19.

Dated: September 25, 1941.

[Docket No. 1594-FD]

IN THE MATTER OF WALTERS COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by Bituminous Coal Producers Board for District 12, complainant, alleging wilful violation by Walters Coal Company, a code member in District 12, the defendant, of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Schedule of Effective Minimum Prices for District 12 for Truck Shipments and with intent to violate the same and in violation thereof, sold, for shipment by truck, between October 1, 1940 and March 5, 1941, 142.2 tons of screenings (Size Group 8) produced at defendant's mine (Mine Index No. 578) located near Hamilton, Iowa, at a price of $1.00 per ton f. o. b. the mine; the effective minimum price established for such coal being $1.60 per net ton f. o. b. the mine.

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on April 9, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa;

All parties having joined in waiving the preparation and filing of a report by the Examiner; and the record of the proceedings thereupon having been submitted to the undersigned for consideration;

The undersigned having made Findings of Fact, Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That the code membership of the defendant, Walters Coal Company, be and it is hereby revoked and canceled;

It is further ordered, That prior to any reinstatement of the defendant, Walters Coal Company, to membership in the Code, the defendant shall pay to the United States a tax in the amount of $88.73, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: September 24, 1941.

PETITION OF THE HENRY CLAY COAL MINING COMPANY, A CODE MEMBER IN DISTRICT NO. 3, FOR CHANGE IN LOADING POINTS

ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting permission to change temporarily the loading points of the Victor and Keener Mines, Mine Index Nos. 693 and 309, respectively, of The Henry Clay Coal Mining Company from Victor and Keener tipple to Ben Williams tipple, both located near Towson, West Virginia, owing to necessary repairs to the said Victor and Keener tipple; and

The Acting Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Acting Director deeming that his action is necessary in order to effectuate the purposes of the Act:

It is ordered, That, for a period not exceeding thirty (30) days from the date of this Order, temporary relief is granted as follows: Commencing forthwith, all shipments except truck from the Victor and Keener Mines, Mine Index Nos. 693 and 309, respectively, may be made from Ben Williams tipple, near Towson, West Virginia.[1]

It is further ordered, That applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: September 25, 1941.

ORDER POSTPONING DATE FOR HEARING AND EXTENDING TIME FOR INTERESTED PERSONS TO BE HEARD OR INTERVENE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 25th day of September A. D. 1941.

The Commission having on August 26, 1941 issued its Notice of and Order (Holding Company Act Release No. 2963) consolidating the proceedings of the above-captioned matters for hearing on September 16, 1941 at 10 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. and such Notice and Order having directed that any persons desiring to be heard or proposing to intervene in connection with these proceedings file with the Secretary of the Commission on or before September 8, 1941 a written statement relative thereto as provided by Rule XVII of the Commission's Rules of Practice; and

The Commission having granted a request by Columbia Gas & Electric Corporation and Columbia Oil & Gasoline Corporation for a postponement of such consolidated hearing to the 30th day of September, 1941 (Holding Company Act Release No. 2994); and

Columbia Gas & Electric Corporation having filed a request for a further postponement of such consolidated hearing to the 14th day of October, 1941 for the reason that said Respondent requires additional time to prepare for the hearing herein; and

The Commission having considered the request for further postponement of the hearing and being of the opinion that there is good and sufficient reason therefor and that the same is reasonable and should be granted.

It is therefore ordered, That the consolidated hearing in the above matters initially set for September 16, 1941 and postponed to September 30, 1941 be and the same is hereby further postponed to October 14, 1941 at 10 o'clock in the forenoon of that day at the same place and before the same officer of the Commission as specified in the Notice and Order dated August 25, 1941; on such date the hearing room clerk in Room 1102 will advise as to where the hearing will be held; and

It is further ordered, That the time within which persons desiring to be heard or proposing to intervene shall file a written statement relative thereto as provided by Rule XVII of the Commission's Rules of Practice be and the same hereby is further extended to the 7th day of October, 1941.

Notice of such postponement and extension of time within which application to be heard or to intervene may be filed is hereby given to Respondents and to any other person whose participation in such consolidated proceeding may be in the public interest or for the protection of investors and consumers.

IN THE MATTER OF STANDARD GAS AND ELECTRIC COMPANY AND SAN DIEGO GAS & ELECTRIC COMPANY

ORDER EXTENDING TIME FOR FILING NOTIFICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 25th day of September, A. D. 1941.

The Commission having made findings and entered an order herein on June 20, 1941, as amended on June 24, 1941, approving a plan filed by Standard Gas and Electric Company for disposition of 590,527 shares of common stock of San Diego Gas & Electric Company owned by it, on condition that Standard Gas and Electric Company notify the Commission in writing within 30 days of the date of said order as to the availability of the proceeds of the sale of said shares of common stock of San Diego Gas & Electric Company for the immediate reduction of the indebtedness of the said Standard Gas and Electric Company, and steps taken and proposed to be taken by the said Standard Gas and Electric Company in connection therewith;

And it appearing that because certain legal questions had arisen as to the meaning and intent of the provisions of the Supplemental Trust Agreement dated April 1, 1938 securing said indebtedness, with respect to the time at which the said Standard Gas and Electric Company might cause sums deposited with the Trustees for the various notes and debentures of said company, to be used for the retirement of said notes and debentures, the said Standard Gas and Electric Company on July 17, 1941 requested an extension of time to September 20, 1941; and it having filed its further petition on September 19, 1941 alleging that a final determination of such legal questions will be reached within the ensuing thirty (30) days and requesting a further extension to October 20, 1941 of the date fixed by said order of June 20, 1941;

It is ordered, That the date fixed by the order of this Commission entered on June 20, 1941 for the filing by Standard Gas and Electric Company with the Commission of notification as contemplated by said order, findings and opinion, and particularly as provided in condition numbered (2) of said order, be and the same is hereby extended to October 20, 1941.

IN THE MATTER OF FEDERAL WATER SERVICE CORPORATION, UTILITY OPERATORS COMPANY, AND FEDERAL WATER AND GAS CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of September, A. D. 1941.

Federal Water Service Corporation, Utility Operators Company and Federal Water and Gas Corporation having filed applications and declarations, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder with respect to a plan for the readjustment and simplification of the capital structure of Federal Water Service Corporation by means of and in connection with a merger between said corporations; and

A public hearing having been held after appropriate notice, and the Commission having considered the record and having made and filed its findings and opinion and its supplemental findings and opinion herein;

It is hereby ordered, That said applications, as amended, be and the same hereby are granted forthwith, and that said declarations, as amended, be and the same hereby are permitted to become effective forthwith, subject, however, to the following conditions:

(1) That the proposed merger agreement be adopted and the reorganization and merger effected prior to November 1, 1941.

(2) That within ten days after the consummation of the reorganization and merger the applicants and declarants shall certify to the Commission that the transactions have been carried out in accordance with the terms and conditions of and for the purposes represented by the applications and declarations now on file with the Commission.

(3) That profits from sales, within three years, of investments held by the reorganized corporation under completion of the reorganization be credited to capital surplus and that losses from such sales be charged to income or earned surplus unless upon application the Commission shall approve some other disposition of such profits and losses.

(4) That no charge shall be made to capital surplus unless (a) such charge has previously been authorized by appropriate resolution of declarant's board of directors, and (b) subsequent to such resolution of the board of directors, thirty days prior notice of the making of such charge be given to this Commission. The Commission reserves jurisdiction, on receipt of such notice, in and as part of the proceedings herein, after notice given within such thirty days and opportunity for hearing, to disapprove such charge on the basis of the record herein and any additional evidence that may be adduced by any interested party; and in the event that the Commission shall notify declarant to show cause why such charge should not be disapproved, the charge in question shall not be made until expressly authorized by order of this Commission.

(5) That the Commission reserves jurisdiction to entertain, at the request of the applicants and declarants or any of them, such further proceedings and such further action as may be appropriate regarding any step which may be taken to consummate the proposed reorganization and merger.

By the Commission.

IN THE MATTER OF CAMBRIDGE ELECTRIC LIGHT COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 25th day of September, A. D. 1941.

Cambridge Electric Light Company, a subsidiary of New England Gas and Electric Association, a registered holding company, having filed an application pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof, regarding an exemption from section 6 (a) of the said Act of the issue and sale of notes to the First National Bank of Boston in an aggregate sum not exceeding $500,000 in such amounts and at such times as funds are required for the payment of bills incurred in connection with construction for the period from January 1, 1941 to June 30, 1942, such notes to bear interest at a rate not exceeding 2½% per annum and to be dated as issued but in any event prior to June 30, 1942, and not maturing before June 30, 1944, nor after June 30, 1946; and

Said application having been filed on September 4, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the said application under section 6 (b) of the Act that the requirements of section 6 (b) have been satisfied;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be granted forthwith.

By the Commission, Commissioner Healy dissenting for the reasons stated in his memorandum of April 1, 1940.

IN THE MATTER OF NEW ENGLAND GAS AND ELECTRIC ASSOCIATION, NEW HAMPSHIRE GAS AND ELECTRIC COMPANY

ORDER GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 24th day of September, A. D. 1941.

New England Gas and Electric Association, a registered holding company, and New Hampshire Gas and Electric Company, its wholly-owned subsidiary, having filed applications pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 10 thereof and Rule U-50, regarding the following transaction:

Pursuant to authorization by the Public Service Commission of the State of New Hampshire, wherein New Hampshire Gas and Electric Company is organized and doing business, said company proposes to issue and sell the following securities:

$1,500,000 of additional common stock represented by 22,500 shares without par or nominal value, which stock New England Gas and Electric Association proposes to acquire in payment or refunding of $1,500,000 principal amount of 6% income notes due 1978 presently outstanding and held by said parent company; and

$1,000,000 principal amount of first mortgage 3½% bonds, Series B, due 1971—which bonds will be purchased, one-half by John Hancock Mutual Life Insurance Company and one-half by The Northwestern Mutual Life Insurance Company, at a price of 103.79% of the principal amount thereof plus accrued interest to date of delivery; and in connection with the purchase of the Series B bonds said two insurance companies, which are also the owners in equal amounts of all presently outstanding (to wit, $970,000 principal amount) Series A bonds due 1963 of said issuer, have agreed to modify the interest rate thereon from 4½% to 3½% per annum.

Fees and expenses in connection with the issue and sale of the common stock are estimated at $2,300; and fees and expenses in connection with the issue and sale of the Series B bonds and reduction in interest rate of the Series A bonds are estimated at $22,605, which includes a finder's fee of $10,000 to The First Boston Corporation, Boston, Massachusetts. The applicant has agreed that the Commission retain jurisdiction over the payment of the fee to The First Boston Corporation.

Net proceeds of the Series B bonds, to wit, $1,015,295, will be utilized by New Hampshire Gas and Electric Company to install additional generating capacity and other plant facilities.

Exemption from competitive bidding with respect to the issue and sale of said securities is requested by virtue of the exemption provisions contained in paragraph (a) (5) of Rule U-50; and

Said applications having been filed on July 22, 1941 and certain amendments having been filed thereto, the last of said amendments having been filed on September 24, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act and the

Commission not having received a request for a hearing with respect thereto within the period specified in said notice, or otherwise, and not having ordered a hearing thereon;

The Commission finding that the requirements of section 6 (b) are satisfied and that New Hampshire Gas and Electric Company is entitled to an exemption as requested with respect to the issue and sale of said securities, and also that such issue and sale should be exempted from competitive bidding by virtue of paragraph (a) (5) of Rule U-50; and

The Commission further finding, with respect to the application of New England Gas and Electric Association filed under section 10 of said Act, that no adverse finding is necessary under sections 10 (b) and 10 (c) (1) and that the transaction involved has the tendency required by section 10 (c) (2) thereof;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid applications, pursuant to sections 6 (b) and 10, and Rule U-50 be and hereby are granted forthwith.

It is further ordered, That jurisdiction be and hereby is retained over the fee of $10,000 to be paid to The First Boston Corporation and that such fee shall not be paid until further order of the Commission.

By the Commission, Commissioner Healy dissenting for the reasons stated in his memorandum of April 1, 1940.

MODIFICATION OF POSTAGE RATES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the interest of the public and the promotion of the cultural growth, education, and development of the American people make desirable the further continuation of the postage rates on books as prescribed by Proclamation No. 2309 [1] of October 31, 1938, for the period commencing November 1, 1938, and ending June 30, 1939, and renewed by Proclamation No. 2340 [2] of June 30, 1939, for the period commencing July 1, 1939, and ending June 30, 1941, and further renewed by Proclamation No. 2494 [3] of June 25, 1941, for the period commencing July 1, 1941, and ending September 30, 1941:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the authority vested in me by section 2 of the act of June 16, 1933, 48 Stat. 254, as amended by section 515 of title III of the act of May 10, 1934, 48 Stat. 760, Public Resolution 36, approved June 28, 1935, 49 Stat. 431, Public Resolution 48, approved June 29, 1937, 50 Stat. 358, section 1 of title I of the Revenue Act of 1939, approved June 29, 1939 (Public No. 155, 76th Congress, 1st Session), and the act of May 28, 1941, Public Law 84, do proclaim that the postage rate on books consisting wholly of reading matter and containing no advertising matter other than incidental announcements of books, when mailed under such regulations as the Postmaster General shall prescribe, shall, for the period commencing October 1, 1941, and ending June 30, 1942, continue to be one and one-half cents a pound or fraction thereof, irrespective of the zone of destination.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 26th day of September, in the year of our Lord, nineteen hundred and [SEAL] forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

banks with Federal Reserve banks.[1] Pursuant to the provisions of section 19 of the Federal Reserve Act and § 204.2 (a) of this part, the Board of Governors of the Federal Reserve System hereby prescribes the following reserve balances which each member bank of the Federal Reserve System is required to maintain on deposit with the Federal Reserve bank of its district:

6 per cent of its time deposits plus—

14 per cent of its net demand deposits if not in a reserve or central reserve city;

20 per cent of its net demand deposits if in a reserve city, except that if located in an outlying district of a reserve city or in territory added to such city by the extension of the city's corporate limits such bank may, upon the affirmative vote of five members of the Board of Governors of the Federal Reserve System, be permitted to maintain 14 per cent reserves against its net demand deposits;

26 per cent of its net demand deposits if located in a central reserve city, except that if located in an outlying district of a central reserve city or in territory added to such city by the extension of the city's corporate limits, such bank may, upon the affirmative vote of five members of the Board of Governors of the Federal Reserve System, be permitted to maintain 14 per cent reserves against its net demand deposits.

TITLE 14—CIVIL AVIATION

CHAPTER II—ADMINISTRATOR OF CIVIL AERONAUTICS, DEPARTMENT OF COMMERCE

PART 525—NOTICE OF CONSTRUCTION OR ALTERATION OF STRUCTURES ON OR NEAR CIVIL AIRWAYS

Acting pursuant to the authority vested in me by the Civil Aeronautics Act of 1938, as amended, particularly sections 308 and 1101 of said Act, and finding that this action is required to best effectuate the policies declared in, and the purposes of, said Act, and is desirable in the public interest, I hereby adopt the following regulations:

§ 525.1 *Notice required.* Any person who engages in the construction or alteration of any structure along or within 20 miles of a civil airway, in other than congested parts of cities, towns, or settlements, shall give notice thereof to the Administrator of Civil Aeronautics if the top or any part of such structure is, or may become, by reason of such construction or alteration (a) greater than 150 feet above ground level, or (b) greater than 100 feet above mean water level where the structure is, or will be, situated in or over navigable water. Like notice shall also be given to the Administrator of Civil Aeronautics if the top or any part of such structure is, or may become, by reason of such construction or alteration, greater than 5 feet above ground level, or above the mean water level where the structure is or will be situated in or over navigable water, for each 500 feet, or fraction thereof, of the distance that the structure is, or will be, situated from the nearest boundary of a landing area.*

*§§ 525.1 to 525.4, inclusive, issued under the authority contained in secs. 308, 1101, Civil Aeronautics Act of 1938, as amended.

§ 525.2 *Form of notice.* The notice of construction or alteration shall be submitted in duplicate on the form prescribed and furnished by the Administrator at least 30 days, but not more than 45 days, prior to the date on which such construction or alteration is to begin: *Provided,* That in case of an emergency requiring immediate construction or alteration such notice shall be given to the nearest representative of the Administrator in person, or by telephone or telegraph, and the executed form shall be submitted within 5 days thereafter.*

§ 525.3 *Definitions.* As used in the regulations in this part:

(a) "Congested parts of cities, towns or settlements" means (1) sections of those cities, towns or settlements which have a population of less than 100,000, where a structure after construction or alteration will be shielded by existing structures of a permanent and substantial character, each of which is equal to or greater than the height of the completed structure, and (2) sections of those cities which have a population of more than 100,000, where it is evident beyond all reasonable doubt that a structure will not interfere with safety in air commerce whether or not the structure is, or will become by reason of the construction or alteration, greater in height than that of surrounding structures of a permanent and substantial character.

(b) "Landing area" means any landing area, as defined in section 1 (22) of the Civil Aeronautics Act of 1938, as amended, and which is contained in the current list of landing areas issued by the Administrator on November 1 of each calendar year for the enforcement of the regulations in this part. *

(c) "Boundary of a landing area" means (1) the limits of that part of a landing area maintained for the use of land aircraft in taking off or landing, or (2) the limits of that part of the landing area suitable for water aircraft in taking off or landing, which limits are defined as being 2500 feet in all directions measured over open water from the principal ramp of the landing area or, if marked in accordance with standard practice, the limits so marked.

(d) "Structure", unless otherwise stated, means any form of construction of a permanent or temporary character, including any apparatus used in the construction, alteration, or repair of any such structure.

(e) "Alteration" means any change in a completed structure which (1) increases the height of the top or any part of the structure to, or above, the height specified in § 525.1, or (2) increases or decreases the height of the top or any part of the structure which is above the height specified in § 525.1.*

§ 525.4 *Effective date.* The regulations in this part shall become effective on November 1, 1941, and shall apply to the construction or alteration of any structure in progress on that date, except that in such cases the prescribed notice shall not be required until November 15, 1941. The regulations in this part shall apply immediately to any new landing areas contained in the list of landing areas published and issued by the Administrator on November 1 of each calendar year, except that, in the case of construction or alteration of any structure which is already in progress on that date, the prescribed notice shall not be required until 15 days after that date.*

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF DOMESART CORPORATION, ET AL.

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of candy or any other merchandise, (1) selling, etc., candy or any other merchandise so packed or assembled that sales thereof to the public are to be, or may be, made by means of a game of chance, gift enterprise or lottery scheme; (2) supplying, etc., others with push or pull cards, punchboards or other lottery devices, either with assortments of candy or other merchandise or separately, which said push or pull cards, punchboards, or other lottery devices are to be, or may be, used in selling and distributing said candy or other merchandise to the public; (3) selling, etc., such merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., Supp. IV, sec. 45b) [Cease and desist order, Domesart Corporation, et al., Docket 3620, September 17, 1941]

In the Matter of Domesart Corporation, a Corporation, and Joseph Zweigenthal and William M. Safrin, Individually and as Officers of Domesart Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, the testimony and other evidence introduced before duly appointed trial examiners of the Commission designated by it to serve in this proceeding in support of the allegations of the complaint, the trial examiner's report thereon, and brief filed on behalf of the Commission; and the Commission having made its findings as to the facts and its conclusion that respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent Domesart Corporation, a corporation, its officers, directors, representatives, agents and employees, directly or through any corporate or other device, and respondents Joseph Zweigenthal and William M. Safrin, individually and as officers of said respondent Corporation, in connection with the offering for sale, sale and distribution of candy or any other merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Selling or distributing candy or any other merchandise so packed or assembled that sales of such candy or other merchandise to the public are to be made, or may be made, by means of a game of chance, gift enterprise or lottery scheme;

(2) Supplying to, or placing in the hands of others, push or pull cards, punch boards or other lottery devices, either with assortments of candy or other merchandise or separately, which said push or pull cards, punch boards, or other lottery devices are to be used, or may be used, in selling and distributing said candy or other merchandise to the public;

(3) Selling or otherwise disposing of such merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered that the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

In the Matter of J. V. Cordes and Mrs. J. H. Cordes, Trading and Doing Business as Martha Beasley Associates

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, testimony and other evidence taken before William C. Reeves, trial examiner of the Commission theretofore duly designated by it, in support of and in opposition to the allegations of the complaint, report of the trial examiner upon the evidence, briefs in support of and in opposition to the complaint, and oral argument; and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, J. V. Cordes and Mrs. J. H. Cordes, individually and trading as Martha Beasley Associates, or trading under any other name, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of their medicinal preparations designated as "Martha Beasley's Compound Formula No. 2" and "Martha Beasley's Compound Formula No. 3", or any preparations of substantially similar composition or possessing substantially similar properties, whether sold under the same names or under any other names, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement (a) by means of the United States mails or (b) by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that said preparations constitute competent or effective treatments for delayed menstruation; that said preparations are recommended by physicians generally; that said preparations are safe for use; or which advertisement fails to reveal that the use of said preparations may cause gastro-intestinal disturbances and excessive congestion and hemorrhage of the pelvic organs, and in the case of pregnancy may cause uterine infection and blood poisoning;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparations, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which fails to reveal that the use of said preparations may cause gastro-intestinal disturbances and excessive congestion and hemorrhage of the pelvic organs, and in the case of pregnancy may cause uterine infection and blood poisoning.

It is further ordered, That the respondents shall, within ten (10) days after service upon them of this order, file with the Commission an interim report in writing, stating whether they intend to comply with this order and, if so, the manner and form in which they intend to comply; and that within sixty (60) days after service upon them of this order, said respondents shall file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

Jordan, Individually and as Chairman of the Board of Directors of Perfect Voice Institute; and Mary E. Murphy, Individually and as Secretary and Treasurer of Perfect Voice Institute

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of September, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of and in opposition to the allegations of the complaint, report of the trial examiner upon the evidence, and briefs in support of and in opposition to the complaint (oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, Perfect Voice Institute, a corporation, and its officers, and Eugene Feuchtinger, Walter A. Jordan and Mary E. Murphy, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of their course of instruction in the development of the human voice, do forthwith cease and desist from:

(1) Representing that the development and control of the muscles of the tongue has any beneficial effect upon the voice other than to make it louder or stronger;

(2) Representing that the use of respondents' course of instruction has any beneficial effect upon the voice other than to make it louder or stronger;

(3) Representing that by the use of respondents' course of instruction physical defects of the vocal organs may be corrected, or stammering overcome.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 21—FOOD AND DRUGS

CHAPTER I—FOOD AND DRUG ADMINISTRATION

[Docket No. FDC-7-E]

PART 18—MILK AND CREAM: DEFINITIONS AND STANDARDS OF IDENTITY; QUALITY AND FILL OF CONTAINER

IN THE MATTER OF THE DEFINITION AND STANDARD OF IDENTITY FOR DRIED SKIM MILK

Amendment of Order [1]

Whereas it was the judgment of the Federal Security Administrator, upon consideration of the evidence of record in the above-entitled proceeding, that promulgation of a regulation fixing and establishing a definition and standard of identity for the food commonly known as dried skim milk, powdered skim milk, skim milk powder, would promote honesty and fair dealing in the interest of consumers, for the reasons, among others, that such a regulation would ensure the marketing of that product under a name by which it is commonly known to the purchasers thereof; that it would ensure its manufacture from sweet skim milk of cows; and that it would prevent the inclusion of excess moisture in such food; and

Whereas, on the basis of such judgment, the Federal Security Administrator, by his order dated July 6, 1940, published in the FEDERAL REGISTER of July 12, 1940,[2] promulgated a regulation fixing and establishing a definition and standard of identity for such food pursuant to the provisions of section 401 of the Federal Food, Drug, and Cosmetic Act, but failed to state specifically that, in his judgment, such action would promote honesty and fair dealing in the interest of consumers; and

Whereas the Twin City Milk Producers Association, a corporation, filed its petition with the Circuit Court of Appeals of the United States for the Eighth Circuit for a judicial review of said order, contending, among other things, that said order was invalid because it did not show that said regulation was promulgated on the basis of, and for the purpose authorized by, the Federal Food, Drug, and Cosmetic Act; and

Whereas said court, by its order dated September 9, 1941, has remanded said administrative order to the Federal Security Administrator "for such finding as he is able and desires to make, as to the basis of his action in promulgating" said regulation;

Now, therefore, in compliance with the direction of said court, and on the basis of the evidence of record at said hearing, the paragraph immediately following "Finding 6" in said administrative order is hereby amended so as to read as follows:

On the basis of all the evidence of record and the foregoing findings of fact it is found and concluded that the regulation fixing and establishing a definition and standard of identity for dried skim milk hereinafter prescribed will promote honesty and fair dealing in the interest of consumers. Such regulation is, therefore, hereby promulgated pursuant to and by virtue of the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 401, 52 Stat. 1046; 21 U.S.C., Supp. V, 341; sec. 701, 52 Stat. 1055; 21 U.S.C., Supp. V, 371), the Reorganization Act of 1939 (53 Stat. 561 ff.; 5 U.S.C., Supp., V, 133 ff.), and Reorganization Plan No. IV (5 F.R. 2421).

PAUL V. MCNUTT,
Administrator.

Subpart A—Introductory

§ 319.0 *Scope of regulations.* The regulations in this part deal with:

(a) The special taxes imposed by Chapter 27, Subchapter A, Part VIII, of the Internal Revenue Code, on manufacturers and importers of, and dealers (including pawnbrokers) in, certain firearms, including machine guns and silencers or mufflers; and

(b) The stamp tax imposed by Chapter 25, Subchapter B, of the Internal Revenue Code, on transfers of such firearms.

The provisions of the Internal Revenue Code referred to follow the National Firearms Act approved June 26, 1934, as amended. In addition to these provisions of the Code, other provisions of the internal revenue laws are applicable to these taxes in accordance with the following section of the Code:

SEC. 2731. OTHER LAWS APPLICABLE.

All provisions of law (including those relating to special taxes, to the assessment, collection, remission, and refund of internal revenue taxes, to the engraving, issuance, sale, accountability, cancelation, and distribution of tax-paid stamps provided for in the internal-revenue laws, and to penalties) applicable with respect to the taxes imposed by sections 2550 of subchapter A of chapter 23 and 3220 of subchapter A of chapter 27, and all other provisions of the internal-revenue laws shall, insofar as not inconsistent with the provisions of this subchapter and Part VIII of subchapter A of chapter 27, be applicable with respect to the taxes imposed by section 2720 (a) of subchapter B of this chapter and section 3260 of subchapter A of chapter 27.

The statutory references are to the Internal Revenue Code (53 Stat., Part 1) unless otherwise stated.*

*§§ 319.0 to 319.50, inclusive, issued under the authority contained in section 2732 of the Internal Revenue Code, and follow the statutory provisions to which they, respectively, refer.

Subpart B—Definitions

SEC. 2733. DEFINITIONS.

That for the purposes of this subchapter and Part VIII of subchapter A of chapter 27—

(a) FIREARM.—The term "firearm" means a shotgun or rifle having a barrel of less than eighteen inches in length, or any other weapon, except a pistol or revolver, from which a shot is discharged by an explosive if such weapon is capable of being concealed on the person, or a machine gun, and includes a muffler or silencer for any firearm whether or not such firearm is included within the foregoing definition, but does not include any rifle which is within the foregoing provisions solely by reason of the length of its barrel if the caliber of such rifle is .22 or smaller and if its barrel is sixteen inches or more in length.

(b) MACHINE GUN.—The term "machine gun" means any weapon which shoots, or is designed to shoot, automatically or semi-automatically, more than one shot, without manual reloading, by a single function of the trigger.

(c) CONTINENTAL UNITED STATES.—The term "continental United States" means the States of the United States and the District of Columbia.

(d) IMPORTER.—The term "importer" means any person who imports or brings firearms into the continental United States for sale.

(e) MANUFACTURER.—The term "manufacturer" means any person who is engaged within the continental United States in the manufacture of firearms, or who otherwise produces therein any firearm for sale or disposition.

(f) DEALER.—The term "dealer" means any person not a manufacturer or importer engaged within the continental United States in the business of selling firearms. The term "dealer" shall include wholesalers, pawnbrokers, and dealers in used firearms.

(g) INTERSTATE COMMERCE.—The term "interstate commerce" means transportation from any State or Territory or District, or any insular possession of the United States (including the Philippine Islands), to any other State or to the District of Columbia.

(h) TO TRANSFER OR TRANSFERRED.—The term "to transfer" or "transferred" shall include to sell, assign, pledge, lease, loan, give away, or otherwise dispose of.

(i) PERSON.—The term "person" includes a partnership, company, association, or corporation, as well as a natural person.

SEC. 3797. DEFINITIONS.

(a) When used in this title, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof—

* * * * * *

(2) PARTNERSHIP AND PARTNER.—The term "partnership" includes a syndicate, group, pool, joint venture, or other unincorporated organization, through or by means of which any business, financial operation, or venture is carried on, and which is not, within the meaning of this title, a trust or estate or a corporation; and the term "partner" includes a member in such a syndicate, group, pool, joint venture, or organization.

(3) CORPORATION.—The term "corporation" includes associations, joint-stock companies, and insurance companies.

* * * * * *

(11) SECRETARY.—The term "Secretary" means the Secretary of the Treasury.

(12) COMMISSIONER.—The term "Commissioner" means the Commissioner of Internal Revenue.

(13) COLLECTOR.—The term "collector" means collector of internal revenue.

(14) TAXPAYER.—The term "taxpayer" means any person subject to a tax imposed by this title.

* * * * * *

(b) INCLUDES AND INCLUDING.—The terms "includes" and "including" when used in a definition contained in this title shall not be deemed to exclude other things otherwise within the meaning of the term defined.

* * * * * *

§ 319.1 *Meaning of terms.* As used in the regulations in this part:

(a) The terms defined in the above provisions of the Code shall have the meanings so assigned to them.

(b) The term "muffler" or "silencer" includes any device for silencing or diminishing the report of any portable weapon, such as a rifle, carbine, pistol, revolver, machine gun, submachine gun, shotgun, fowling piece, or other device from which a shot, bullet, or projectile may be discharged by an explosive, and is not limited to mufflers or silencers for "firearms" as defined.

(c) The term "insular possessions" includes the Panama Canal Zone, the Philippine Islands, the Virgin Islands, Guam, Puerto Rico, American Samoa, Wake, the Midway Islands, and Palmyra, but does not include the Territory of Hawaii.

(d) The term "importation" means the bringing of a "firearm" within the limits of the "continental United States" or of any Territory or "insular possession" of the United States, from a place outside thereof (whether such place be a foreign country or territory subject to the jurisdiction of the United States), with intent to unlade.*

Subpart C—Special Taxes

§ 319.2 *Scope of subpart.* Taxes are imposed at several rates on various occupations involving the production and marketing of firearms. These taxes are characterized as "special." This subpart deals with the computation, time and manner of payment, etc., of these taxes.*

SEC. 3271. PAYMENT OF TAX.

(a) CONDITION PRECEDENT TO DOING BUSINESS.—No person shall be engaged in or carry on any trade or business mentioned in this chapter until he has paid a special tax therefor in the manner provided in this chapter.

* * * * * *

SEC. 3260. TAX.

(a) RATE.—Upon first engaging in business, and thereafter on or before the 1st day of July of each year, every importer, manufacturer, and dealer in firearms shall pay a special tax at the following rates:

(1) IMPORTERS OR MANUFACTURERS.—Importers or manufacturers, $500 a year;

(2) DEALERS OTHER THAN PAWNBROKERS.—Dealers, other than pawnbrokers, $200 a year;

(3) PAWNBROKERS.—Pawnbrokers, $300 a year:

Provided, That manufacturers and dealers in guns with two attached barrels from which only a single discharge can be made from either barrel without manual reloading shall pay the following taxes: Manufacturers, $25 per year; dealers, $1 per year.

(b) COMPUTATION OF TAX.—Where the tax is payable on the 1st day of July in any year it shall be computed for one year; where the tax is payable on any other day it shall be computed proportionately from the 1st day of the month in which the liability to the tax accrued to the 1st day of July following.

SEC. 3261. REGISTRATION.

(a) IMPORTERS, MANUFACTURERES, AND DEALERS.—Upon first engaging in business, and thereafter on or before the 1st day of July of each year, every importer, manufacturer, and dealer in firearms shall register with the collector of internal revenue for each district in which such business is to be carried on his name or style, principal place of business, and places of business in such district.

* * * * * *

SEC. 3. EFFECTIVE DATE. (Enacting provisions, Internal Revenue Code.)

Except as otherwise provided herein, this act shall take effect on the day following the date of its enactment.

§ 319.3. *Effective date of special taxes.* The special taxes on importers and manufacturers, dealers other than pawnbrokers, and pawnbrokers, became effective under the National Firearms Act on July 26, 1934. The provisions of the National Firearms Act were superseded, effective February 11, 1939, by provisions of the Internal Revenue Code.*

§ 319.4 *Geographical scope of tax.* The special taxes imposed by the provisions of law quoted are applicable only to persons engaged in business within the

States of the United States and the District of Columbia. Liability to the special taxes is therefore not incurred by persons doing business in the Territories of Alaska and Hawaii, or the insular possessions.*

§ 319.5 *Rates of tax.* The special taxes are as follows:

	Per year
Class 1. Importers or manufacturers of "firearms" as defined (see section 319.1 (a)), except manufacturers in class 2	$500
Class 2. Persons who manufacture only guns within the definition of "firearms" (see section 326 (a), as amended), from which only a single discharge can be made from either barrel without manual reloading	25
Class 3. Pawnbrokers, except those in class 5	300
Class 4. Dealers, other than pawnbrokers, except those in class 5	200
Class 5. Dealers, (including pawnbrokers) dealing only in guns within the definition of "firearms" (see section 326 (a), as amended), from which only a single discharge can be made from either barrel without manual reloading	1

The tax year begins July 1 and ends June 30. Persons commencing business between August 1 and June 30 (both dates inclusive) of any tax year must pay a proportionate part of the annual tax. Persons in business for only a portion of a month are liable to tax for the entire month. For example, a person commencing business October 21 must pay tax for nine months, or three-fourths of the yearly rate.*

§ 319.6 *Registry, return, and payment of tax.* Every person first engaging in any business mentioned herein must, prior to commencing business, separately for each place of business, register and file return on Form 11–A (Firearms) with, and pay the tax to, the collector for the district in which such place is located. Thereafter, such person must register, file return, and pay the tax on or before the 1st day of July of each year. The collector will furnish the proper form, which must be filled out, subscribed, and attested as indicated therein. Each return must show an individual's full name. A person doing business under a style or trade name must give his own name, followed by his style or trade name. In the case of a copartnership, association, firm, or company, other than a corporation, its style or trade name must be given, also the name of each member and his place of residence. In the case of a corporation, the name and title of each officer and his place of residence must be shown. The exact type of business, whether manufacturer, importer, pawnbroker, or dealer other than pawnbroker, and the period for which special tax is due, must be stated.*

[Sec. 3271. Payment of Tax.]

(c) How Paid.—

(1) Stamp.—All special taxes imposed by law, * * * shall be paid by stamps denoting the tax.

Sec. 3273. Stamps.

(a) Supply.—The Commissioner is required to procure appropriate stamps for the payment of all special taxes imposed by law, * * *

Sec. 3659. Receipts for Taxes.

(a) In General.—Every collector and deputy collector shall give receipts for all sums collected by him, excepting only when the same are in payment for stamps sold and delivered; but no collector or deputy collector shall issue a receipt in lieu of a stamp representing a tax.

* * * * *

§ 319.7 *Tax payment evidenced by special tax stamp.* Upon receipt of a return on Form 11–A (Firearms), accompanied by remittance of the full amount due, the collector will issue a special tax stamp as evidence of payment of the special tax. Such payment must be made in the form of cash, certified check, or post office money order.

Collectors will distinctly write or print the taxpayer's registered name (see § 319.6), and the address of the particular place of business designated by street and number, on the stamp before it is delivered or mailed to the taxpayer. Special tax stamps will be transmitted by ordinary mail, unless it is desired that they be transmitted by registered mail, in which case 15 cents additional to pay registry fee should be remitted with the return.

Immediately upon issuance of a special tax stamp each collector should forward to the Bureau a statement showing the name and address of the taxpayer, the kind and serial number of the special tax stamp issued, the taxable period covered thereby, and the amount of tax paid.

Collectors and their deputies are forbidden to issue receipts in lieu of stamps representing the payment of special taxes.*

[Sec. 3273. Stamps.]

(b) Posting.—Every person engaged in any business, avocation, or employment, who is thereby made liable to a special tax, shall place and keep conspicuously in his establishment or place of business all stamps denoting the payment of said special tax.

Sec. 3274. Pen. ties Relating to Posting of Special Tax Stamp.

Any person who shall, through negligence, fail to place and keep stamps denoting the payment of the special tax as provided in section 3273(b) shall be liable to a penalty equal to the special tax for which his business rendered him liable, and the costs of prosecution; but in no case shall said penalty be less than $10. And where the failure to comply with the provisions of section 3273(b) shall be through willful neglect or refusal, then the penalty shall be double the amount above prescribed: *Provided*, That nothing in this section shall in any way affect the liability of any person for exercising or carrying on any trade, business, or profession, or doing any act for the exercising, carrying on, or doing of which a special tax is imposed by law, without the payment thereof.

§ 319.8 *Special tax stamp to be posted.* Every special tax stamp issued to a taxpayer must be kept posted conspicuously on the premises where the business is operated. One who fails so to post a stamp thereby incurs liability to a penalty, equal and in addition to the tax, plus the costs of prosecution; but in no case shall the penalty (not including the costs of prosecution) be less than $10. Where the failure is willful the penalty is doubled. This liability is additional to any and all liability otherwise incurred. (See § 319.10)*

§ 319.9 *Certificates in lieu of stamps lost or destroyed.* When a special tax stamp has been lost or destroyed, such fact should be reported to the collector at once for the purpose of obtaining from him a certificate of payment. Such certificate will be on Form 785, and must be posted in place of the stamp; otherwise liability as above indicated for failure to post the stamp will be incurred. (See § 319.8.)*

Sec. 3278. Liability in Case of Business in More Than One Location.

The payment of the special tax imposed shall not exempt from an additional special tax the person carrying on a trade or business in any other place than that stated in the collector's register; but nothing herein contained shall require a special tax for the storage of goods, wares, or merchandise in other places than the place of business, nor, except as provided in this chapter for the sale by manufacturers or producers of their own goods, wares, and merchandise, at the place of production or manufacture, and at their principal office or place of business, provided no goods, wares, or merchandise shall be kept except as samples at said office or place of business.

§ 319.10 *Several places of business.* Generally a taxpayer must pay as many special taxes as he has places of business. However, a manufacturer upon a single payment of special tax may sell products of his own manufacture at both the place of manufacture and his principal office or place of business, provided no products, except samples, are kept at said office or place of business. Removal of a business to a new location creates a new liability unless the change of location is registered with the collector, as provided in § 319.16.*

Sec. 3279. Liability in Case of Different Businesses of Same Ownership and Location.

Whenever more than one of the pursuits or occupations described in this chapter are carried on in the same place by the same person at the same time, except as otherwise provided in this chapter the tax shall be paid for each according to the rates severally prescribed.

§ 319.11 *Dual occupations incur dual liability.* In any case where more than one taxable business is carried on by the same person at the same location at the same time, special tax in respect to each must be paid.*

Sec. 3277. Liability of Partners.

Any number of persons doing business in copartnership at any one place shall be required to pay but one special tax.

§ 319.12 *Partnership liability.* Any number of persons doing business in copartnership at any one location shall be required to pay but one special tax. The firm name is the only name required on a special tax stamp issued to a partnership.*

Sec. 3820. Liability in Case of Death or Change of Location.

(a) Requirements.—When any person who has paid the special tax for any trade or business dies, his wife or child, or executors or administrators or other legal representatives, may occupy the house or premises, and in like manner carry on, for the residue of the term for which the tax is paid, the same trade or business as the deceased before carried on, in the same house and upon the same premises, without the payment of any additional tax. And when any person removes from the house or premises for which any trade or business was taxed to any other place, he may carry on the trade or business specified in the collector's register at the place to which he removes, without the payment of any additional tax: *Provided*, That all cases of death, change, or removal, as aforesaid, with the name of the successor to any person deceased, or of the person making such change or removal, shall be registered with the collector, under regulations to be prescribed by the Commissioner.

* * * * *

§ 319.13 *Change of ownership*—(a) *Changes through death.* Whenever any person who has paid special tax dies, the surviving spouse or child, or executors or administrators, or other legal representatives, may carry on such business for the remainder of the term for which tax has been paid without any additional payment, subject to the conditions hereinafter stated. If the surviving spouse or child, or executors or administrators, or other legal representatives of the deceased taxpayer continue the business, such person must within 30 days after the date of the death of the taxpayer execute a new Form 11–A (Firearms). The return thus executed must show the name of the original taxpayer, together with all other data required. (As to liability in case of failure to register, see § 319.16.)

(b) *Changes from other causes.* A receiver or referee in bankruptcy may continue the business under the stamp issued to the taxpayer at the place and for the period for which the tax was paid. An assignee for the benefit of creditors may continue business under his assignor's special tax stamp without incurring additional special tax liability. In such cases the change must be registered with the collector in a manner similar to that required by paragraph (a).

(c) *Changes in firm.* When one or more members of a firm or partnership withdraw, the business may be continued by the remaining partner or partners under the same special tax stamp for the remainder of the period for which the stamp was issued to the old firm. The change shall, however, be registered in the same manner as required in paragraph (a). Where new partners are taken into a firm, the new firm so constituted may not carry on business under the special tax stamp of the old firm. The new firm must make return and pay its own special tax reckoned from the 1st day of the month in which it began business, even though the name of such firm be the same as that of the old. Where the members of a partnership which has paid special tax form a corporation to continue the business, a new special tax stamp must be taken out in the name of the corporation.

(d) *Change in corporation.* A corporation may, upon application to the collector, change its name without creating a new special tax liability, if the stamp is forwarded to the collector for proper notation within 30 days. An increase in the capital stock of the corporation does not create a new special tax liability if the laws of the State under which it is incorporated permit such increase without the formation of a new corporation. A stockholder in a corporation who after its dissolution continues the business incurs new special tax liability.*

§ 319.14 *Change of business location*—(a) *Procedure by taxpayer.* Whenever a special-tax payer removes his business to a location other than specified in his last special tax return (see § 319.6), he shall, within 30 days after the date of removal, register the change of location with the collector of the district within which the old place of business is located, by filing another return, Form 11–A (Firearms), and designated "removal registry," setting forth the time of removal. The taxpayer's special tax stamp must accompany the return for notation by the collector of the change of location. As to liability in case of failure to register a change of location within 30 days, see § 319.16.

(b) *Procedure by collector: Removal within district.* When registration is made by a special-tax payer in the manner specified in paragraph (a), of the removal of his business to a new location in the same district, the collector will enter on his Record 10 (see § 319.19) the place to which such removal was made and the date of the removal. The same information shall also be entered plainly on the face of the special tax stamp, which will be returned to the taxpayer, by the collector, for posting.

(c) *Procedure by collector: Removal to another district.* In case of removal to another collection district, the collector will note the transfer on his Record 10, stating the location to which the business was removed, and shall then transmit the special tax stamp to the collector for the district to which said business was removed. The latter will make an entry on his Record 10 as in the case of original registration in his district, correct the location shown on the stamp, and note also thereon his name, title, date, and district, and then forward the stamp to the taxpayer.*

Sec. 3634. Extension of Time for Filing Returns.

If the failure to file a return (other than a return of income tax) or list at the time prescribed by law or by regulation made under authority of law is due to sickness or absence, the collector may allow such further time, not exceeding thirty days, for making and filing the return or list as he deems proper.

[Sec. 3612. Returns Executed by Commissioner or Collector.]

(d) Additions to Tax.—

(1) Failure to File Return.—In case of any failure to make and file a return or list within the time prescribed by law, or prescribed by the Commissioner or the collector in pursuance of law, the Commissioner shall add to the tax 25 per centum of its amount except that when a return is filed after such time and it is shown that the failure to file it was due to a reasonable cause and not to willful neglect, no such addition shall be made to the tax: *Provided*, That in the case of a failure to make and file a return required by law, within the time prescribed by law or prescribed by the Commissioner in pursuance of law, if the last date so prescribed for filing the return is after August 30, 1935, then there shall be added to the tax, in lieu of such 25 per centum: 5 per centum if the failure is for not more than 30 days, with an additional 5 per centum for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per centum in the aggregate.

(2) Fraud.—In case a false or fraudulent return or list is willfully made, the Commissioner shall add to the tax 50 per centum of its amount.

* * * * *

(e) Collection of Additions to Tax.—The amount added to any tax under paragraphs (1) and (2) of subsection (d) shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, falsity, or fraud, in which case the amount so added shall be collected in the same manner as the tax.

Sec. 3263. Unlawful Acts in Case of Failure to Register and Pay Special Tax.

(a) Importation, Manufacture or Dealing in Firearms.—It shall be unlawful for any person required to register under the provisions of section 3261 to import, manufacture, or deal in firearms without having registered and paid the tax imposed by section 3260.

* * * * *

Sec. 2729. Penalties.

Any person who violates or fails to comply with any of the requirements of this subchapter and Part VIII of subchapter A of chapter 27 shall, upon conviction, be fined not more than $2,000 or be imprisoned for not more than five years, or both, in the discretion of the court.

§ 319.15 *Penalty for failure to pay special tax.* Persons carrying on a business within the scope of section 3260 without payment of special tax within the time prescribed (see § 319.6) are liable, in addition to the amount of the tax and other penalties, to fine and imprisonment as provided in section 2729.*

§ 319.16 *Liability for failure to register change or removal.* Any person succeeding to and carrying on a business for which special tax has been paid and any tax payer removing his business, with respect to which special tax has been paid, to a place other than that for which tax was paid, without registering such change or removal within 30 days thereafter, will be liable to the additional tax and penalty prescribed in section 3612 (d) for failure to make return (see § 319.17), as well as to fine and imprisonment for carrying on business without payment of special tax. (See § 319.15.)*

§ 319.17 *Penalties for delinquency and fraudulent return.* In case of failure to file a return within the prescribed time, a certain percentage of the amount of the tax is added to the tax unless the return is later filed and failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to willful neglect. The amount to be added to the tax is 5 per cent if the failure is for not more than 30 days,

with an additional 5 per cent for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per cent in the aggregate.

If a false or fraudulent return is filed, the taxpayer is liable to an additional amount equal to 50 per cent of the total tax. If a person liable to tax for an entire year falsely states in his return that he is liable for a portion only of the year, the return is false not only as to the portion of the year not covered but as to the portion falsely represented as the actual period of liability.*

SEC. 3276. APPLICATION OF STATE LAWS.

The payment of any tax imposed by the internal revenue laws for carrying on any trade or business shall not be held to exempt any person from any penalty or punishment provided by the laws of any State for carrying on the same within such State, or in any manner to authorize the commencement or continuance of such trade or business contrary to the laws of such State or in places prohibited by municipal law; nor shall the payment of any such tax be held to prohibit any State from placing a duty or tax on the same trade or business, for State or other purposes.

§ 319.18 *State regulations.* Special tax stamps are merely receipts for the tax. Payment of tax under Federal law confers no privilege to act contrary to State law. One to whom a special tax stamp has been issued may still be punishable under a State law prohibiting or controlling the manufacture or transfer of firearms. On the other hand, compliance with State law confers no immunity under Federal law. Persons who engage in the manufacture, or transfer, of firearms, in violation of the law of a State, are nevertheless required to pay special tax as imposed under the internal revenue laws of the United States.*

SEC. 3275. LIST OF SPECIAL TAXPAYERS FOR PUBLIC INSPECTION.

(a) IN COLLECTOR'S OFFICE.—Each collector shall, under regulations of the Commissioner, place and keep conspicuously in his office, for public inspection, an alphabetical list of the names of all persons who shall have paid special taxes within his district, and shall state thereon the time, place, and business for which such special taxes have been paid, and upon application of any prosecuting officer of any State, county, or municipality, he shall furnish a certified copy thereof, as of a public record, for which a fee of $1 for each one hundred words or fraction thereof in the copy or copies so requested, may be charged.

* * * * *

§ 319.19 *Public record of special-tax payers.* The list required by section 3275 above shall be kept on Record 10 (see § 319.14), and may be inspected in the collector's office at reasonable and proper times.*

Subpart D—Transfer Tax

§ 319.20 *Scope of subpart.* A tax is imposed on transfers of firearms from one person to another with certain exceptions, and is payable by the affixing of stamps to order forms. This subpart deals with the rate of tax, the use of order forms, and exemption from tax.*

SEC. 3. EFFECTIVE DATE. (Enacting provisions, Internal Revenue Code.)

Except as otherwise provided herein, this act shall take effect on the day following the date of its enactment.

§ 319.21 *Effective date.* The tax on the transfer of firearms became effective under the National Firearms Act on July 26, 1934. The applicable provisions of the National Firearms Act were superseded, effective February 11, 1939, by provisions of the Internal Revenue Code.*

SEC. 2720. TAX.

(a) RATE.—There shall be levied, collected, and paid upon firearms transferred in the continental United States a tax at the rate of $200 for each firearm: *Provided*, That the transfer tax on any gun with two attached barrels, twelve inches or more in length, from which only a single discharge can be made from either barrel without manual reloading, shall be at the rate of $1. The tax imposed by this section shall be in addition to any import duty imposed on such firearm.

(b) BY WHOM PAID.—Such tax shall be paid by the transferor.

(c) HOW PAID.—

(1) STAMPS.—Payment of the tax herein provided shall be represented by appropriate stamps to be provided by the Commissioner, with the approval of the Secretary.

* * * * *

SEC. 2722. STAMPS.

(a) AFFIXING.—The stamps provided for in section 2720 (c) (1) shall be affixed to the order for such firearm, hereinafter provided for.

* * * * *

§ 319.22 *Scope of tax.* Except as otherwise provided (see §§ 319.28 and 319.29), each transfer of a firearm within the continental United States is subject to tax to be represented by an adhesive stamp bearing the words "Firearms Act" to be affixed to the order for the firearm. (See §§ 319.25 and 319.42.)*

§ 319.23 *Rate of tax.* The transfer tax to be levied, collected, and paid with respect to all articles within the term "firearm" (see § 319.1 (a)) transferred in the continental United States is at the rate of $200 for each firearm, except that the rate of tax is $1 upon the transfer of any gun with two attached barrels, 12 inches or more but less than 18 (16 in the case of rifles of .22 caliber or less) inches in length, from which only a single discharge can be made from either barrel without manual reloading. In every case the tax shall be paid by the transferor.*

§ 319.24 *Transfer tax in addition to import duty.* The transfer tax imposed by section 2720 (a) is in addition to any import duty. (See § 319.33.)*

SEC. 2723. ORDER FORMS.

(a) GENERAL REQUIREMENTS.—It shall be unlawful for any person to transfer a firearm except in pursuance of a written order from the person seeking to obtain such article, on an application form issued in blank in duplicate for that purpose by the Commissioner. Such order shall identify the applicant by such means of identification as may be prescribed by regulations under this subchapter and Part VIII of subchapter A of chapter 27: *Provided*, That if the applicant is an individual, such identification shall include fingerprints and a photograph thereof.

(b) CONTENTS OF ORDER FORM.—Every person so transferring a firearm shall set forth in each copy of such order the manufacturer's number or other mark identifying such firearm, and shall forward a copy of such order to the Commissioner. The original thereof with stamps affixed, shall be returned to the applicant.

(c) PRIOR TRANSFERS.—No person shall transfer a firearm which has previously been transferred on or after July 26, 1934, unless such person, in addition to complying with subsection (b), transfers therewith the stamp-affixed order provided for in this section for each such prior transfer, in compliance with such regulations as may be prescribed under this subchapter for proof of payment of all taxes on such firearms.

* * * * *

(e) SUPPLY.—The Commissioner, with the approval of the Secretary, shall cause suitable forms to be prepared for the purposes of subsection (a), and shall cause the same to be distributed to collectors of internal revenue.

§ 319.25 *Written order required for transfer of firearm.* Except as otherwise provided, every person seeking to obtain a firearm must make an application in duplicate to the transferor on order Form 4 (Firearms). The application shall show (a) the name and address of the applicant, and, if the applicant is other than a natural person, the name and address of the principal officer or authorized representative thereof; and (b) the place where the firearm will usually be kept.

If the applicant is an individual, he shall attach to each copy of the application an individual photograph of himself taken within 90 days prior to the date of such application, affix his fingerprints, and furnish such other data as Form 4 (Firearms) requires. The fingerprints must be clear for accurate classification and should be taken before someone properly equipped to take them. The application must be supported by a certificate of the local chief of police, sheriff of the county, United States attorney, United States marshal, or such other person whose certificate may in a particular case be acceptable to the Commissioner, that he is satisfied that the fingerprints and photograph appearing on the application are those of the applicant and that the firearm is intended by the applicant for lawful purposes.

The transferor must furnish the information called for on the form relating to the serial number, model, trade name, and other marks identifying the firearm.

The application for transfer (order Form 4, (Firearms)) must be forwarded, in duplicate, by the transferor direct to the Commissioner of Internal Revenue, Washington, D. C. A "Firearms Act" stamp of the proper denomination ($200 or $1) must be affixed to the original order form and properly canceled (see § 319.26) prior to forwarding. The Commissioner, if satisfied that the forms have been correctly prepared, and that the original bears the required stamp, properly canceled, will return the original to the transferor for delivery to the applicant, and will retain the duplicate. No order forms will be approved if the fingerprints are smudged. Upon receipt of the approved order form, the transferor may deliver the firearm to the applicant, together with the original order form with the "Firearms Act" stamp attached thereto.

Where a firearm transferred on or after July 26, 1934, is to be subsequently transferred, a new order form covering such proposed transfer must, when filed with the Commissioner, be accompanied

by the previously approved order form for each prior transfer. Such order forms will be returned by the Commissioner to the present transferor for delivery to the applicant.

In the event that an order form is executed and stamp affixed without the transfer of the firearm being made, the transferor may file a claim on Form 843 (see § 319.48) for redemption of the stamp.*

SEC. 1816. CANCELLATION.

(a) GENERAL RULE.—Whenever an adhesive stamp is used for denoting any tax imposed by this chapter, except as hereinafter provided, the person using or affixing the same shall write or stamp or cause to be written or stamped thereupon the initials of his or its name and the date upon which the same is attached or used, so that the same may not again be used: *Provided*, That the Commissioner may prescribe such other method for the cancellation of such stamps as he may deem expedient.

* * * * *

§ 319.26 *Cancellation.* The person affixing a "Firearms Act" stamp shall cancel it by writing or stamping thereon, in ink, his initials, and the day, month, and year, or shall, by cutting with a machine or punch, affix his initials and the date as aforesaid, in such manner as to render it unfit for reuse. The cancellation shall not so deface the stamp as to prevent its denomination and genuineness from being readily determined.*

§ 319.27 *Stolen or lost firearms or documents* — (a) *Firearms.* Whenever any firearm is stolen or lost, the person losing possession thereof shall, immediately upon discovery of such theft or loss, make a report under oath to the Commissioner of Internal Revenue, Washington, D. C., showing the following:

(1) Name and address of the person in whose name the firearm is registered, (2) kind of firearm, (3) serial number, (4) model, (5) caliber, (6) manufacturer of firearm, (7) date and place of theft or loss, and (8) complete facts and circumstances surrounding such theft or loss.

(b) *Documents.* When any order form, certificate of registry, exemption certificate, or other document evidencing possession of a firearm is stolen, lost, or destroyed, the person losing possession shall immediately upon discovery of the theft, loss, or destruction report the matter to the Commissioner of Internal Revenue, Washington, D. C. The report shall be under oath showing in detail the circumstances of the theft, loss, or destruction and shall include all known facts which may serve to identify the document. Upon receipt of the report, the Commissioner shall make such investigation as appears appropriate and may issue a duplicate document upon such conditions as the circumstances warrant.*

[SEC. 2723. ORDER FORMS.]

(d) EXEMPTION IN CASE OF REGISTERED IMPORTERS, MANUFACTURERS, AND DEALERS.—Importers, manufacturers, and dealers who have registered and paid the tax as provided for in Part VIII of subchapter A of chapter 27 shall not be required to conform to the provisions of this section with respect to transactions in firearms with dealers or manufacturers if such dealers or manufacturers have registered and have paid such tax, but shall keep such records and make such reports regarding such transactions as may be prescribed by regulations under this subchapter and Part VIII of subchapter A of chapter 27.

§ 319.28 *Special-tax payers.* The transfer tax and the requirements as to use of order forms (see § 319.25) are not applicable where importers, manufacturers, and dealers who have registered and paid special tax transfer to other manufacturers or dealers who have registered and paid special tax. However, such importers, manufacturers, and dealers must keep the records required by § 319.38, and make the returns required by § 319.39.

Before a tax-free transfer is made, the transferor must satisfy himself that the transferee is a registered special-tax payer. If not fully satisfied, he should communicate with the collector of the district in which the transferee is located. Where tax-free transfers to unauthorized persons are made, tax and penal liability will be incurred.*

SEC. 2721. EXEMPTIONS.

(a) TRANSFERS EXEMPT.—This subchapter and Part VIII of subchapter A of chapter 27 shall not apply to the transfer of firearms (1) to the United States Government, any State, Territory, or possession of the United States, or to any political subdivision thereof, or to the District of Columbia; (2) to any peace officer or any Federal officer designated by regulations of the Commissioner; (3) to the transfer of any firearm which is unserviceable and which is transferred as a curiosity or ornament.

(b) NOTICE OF EXEMPTION.—If the transfer of a firearm is exempted as provided in subsection (a), the person transferring such firearm shall notify the Commissioner of the name and address of the applicant, the number or other mark identifying such firearm, and the date of its transfer, and shall file with the Commissioner such documents in proof thereof as the Commissioner may by regulations prescribe.

* * * * *

§ 319.29 *Peace officers and Federal officers.* The following are hereby designated as officers entitled to receive firearms without order forms (see § 319.25): Sheriffs, chiefs of police, commissioners of police, superintendents or other chief officers of State police units, including State highway patrols, and directors of public safety. Additional officers may be designated by the Commissioner from time to time as in his judgment seems proper. Order forms are not required for procurement of firearms by Federal law enforcement agencies. A peace officer or Federal officer obtaining firearms for official use should do so through or in the name of the organization with which he is connected.

Transfers under section 2721 (a) may be made prior to forwarding Form 5 (Firearms) to the Commissioner, but see § 319.30.*

§ 319.30 *Application for exemption.* Where a transfer is claimed to be exempt from tax under section 2721 (a) (see § 319.29) an application for exemption must be immediately executed by the transferor in duplicate on Form 5 (Firearms) and the original forwarded to the Commissioner of Internal Revenue, Washington, D. C., the duplicate being retained by the transferor. The application must be supported by the evidence required thereby and any additional evidence relied upon by the transferor or which may be required by the Commissioner.

Before a tax-free transfer is made, the transferor should satisfy himself of the exempt status of the transferee and the bona fides of the transaction. If not fully satisfied, he should communicate with the Commissioner and report all the circumstances and await the Commissioner's advice before making the transfer.

If transfers to unauthorized persons, or transfers otherwise unwarranted, are made, tax and penal liability will be incurred.*

Subpart E—Registration and Identification of Firearms

[SEC. 3261. REGISTRATION.]

(b) PERSONS IN GENERAL.—Every person possessing a firearm shall register, with the collector of the district in which he resides, the number or other mark identifying such firearm, together with his name, address, place where such firearm is usually kept, and place of business or employment, and, if such person is other than a natural person, the name and home address of an executive officer thereof: *Provided*, That no person shall be required to register under this subsection with respect to any firearm acquired after July 26, 1934, and in conformity with the provisions of this part and subchapter B of chapter 25.

§ 319.31 *Registration of firearms.* Under section 3261 (b), every person having in the continental United States a firearm (a) possessed by him on July 26, 1934 (the effective date of the National Firearms Act), not already registered, or (b) acquired since that date not in conformity with the provisions of Part VIII, Subchapter A, Chapter 27, and Subchapter B, Chapter 25, of the Internal Revenue Code, must register such firearm on Form 1 (Firearms), in duplicate, with the collector for the district in which such person resides. The duplicate form, after proper endorsement, will be returned to the registrant by the collector and the original forwarded to the Commissioner.*

SEC. 2725. IDENTIFICATION OF FIREARMS.

Each manufacturer and importer of a firearm shall identify it with a number or other identification mark approved by the Commissioner, such number or mark to be stamped or otherwise placed thereon in a manner approved by the Commissioner.

§ 319.32 *Identification of firearms.* Each manufacturer and importer of a firearm shall identify it by stamping, or otherwise conspicuously placing or causing to be stamped or placed thereon, in a manner not susceptible of being readily obliterated or altered, the name and location of the manufacturer or importer; and the serial number, caliber, and model of the firearm. None of the data indicated may be omitted except with the approval of the Commissioner.*

Subpart F—Importation and Exportation

SEC. 2728. IMPORTATION.

No firearm shall be imported or brought into the United States or any territory under its control or jurisdiction (including the Philippine Islands), except that, under regulations prescribed by the Secretary, any fire-

arm may be so imported or brought in when (1) the purpose thereof is shown to be lawful and (2) such firearm is unique or of a type which cannot be obtained within the United States or such territory.

§ 319.33 *Importation.* The burden of proof is affirmatively on the importer of firearms into the continental United States to show to the satisfaction of the Secretary, prior to importation (see § 319.1 (d)), that the firearm is to be lawfully used and is unique or of a type unobtainable in the United States. One desiring to import firearms into the continental United States shall file application in duplicate on Form 6 (Firearms) with the Commissioner of Internal Revenue. The application shall show the intended port or place of importation and describe the articles intended for importation accurately and in detail, including, as far as practicable, the data indicated by § 319.32. The reasons for the proposed importation and the purposes for which the articles are intended must be clearly shown. To justify importation it must be satisfactorily demonstrated that the desired articles are unique or of a type unobtainable without importation. If uniqueness is claimed, it must be specifically indicated in what particulars the articles are unique. If the application is based on alleged unobtainability, the differences between the desired articles and other articles of the same general character obtainable without importation must be clearly shown. The applicant will be notified of the approval or disapproval of the application. If it is approved, the certificate will be returned to the applicant to be filed with the collector of customs at the port of importation. Collectors of customs will not permit imported firearms to be entered or removed from customs custody, except for exportation, unless covered by an approved application.

Importation into Territories and possessions of the United States will be under the control of the governing authorities of such Territories and possessions. (See § 319.36.)

An importer in the continental United States is subject to tax upon the subsequent transfer of a firearm, and to the requirements as to forms and records, the same as a domestic manufacturer. The transfer tax on a transfer by the importer is additional to any duty upon the importation of a firearm.*

SEC. 2727. EXPORTATION.

Under such rules and regulations as the Commissioner, with the approval of the Secretary, may prescribe, and upon proof of the exportation of any firearm to any foreign country (whether exported as part of another article or not) with respect to which the transfer tax under section 2720 has been paid by the manufacturer, the Commissioner shall refund to the manufacturer the amount of the tax so paid, or, if the manufacturer waives all claim for the amount to be refunded, the refund shall be made to the exporter.

§ 319.34 *Exemption from tax.* One desiring to export a firearm free of transfer tax must file with the Commissioner an application for exemption certificate in duplicate on Form 5 (Firearms). The application shall be supported by a certified copy of a written order or contract of sale showing that the firearm is to be shipped to a foreign destination, and such other satisfactory evidence of intended exportation as may be required by the Commissioner. Where there is no order or contract of sale a statement of the circumstances which establish the right of exemption from transfer tax shall be included.

Where it is desired that a transfer to the exporter shall be tax free the transferor shall likewise file an application for a certificate of exemption supported by evidence that the transfer will start the firearm in course of exportation.

If the application is approved, the Commissioner will execute the exemption certificate and return the duplicate to the applicant. Shipment shall not be made without payment of transfer tax until the approved certificate is received.

Issuance of the certificate will suspend assertion of tax liability for a period of six months from the date of issuance. Within this 6-month period there must be furnished to the Commissioner satisfactory evidence of exportation consisting of (a) a copy of the export bill of lading, or (b) a certificate by the agent or representative of the export carrier showing actual exportation of the article; and (c) a certificate of landing signed by a customs officer of the foreign country to which the article is exported, or (d) where such foreign country has no customs administration, a sworn statement of the foreign consignee covering the receipt of the article. Issuance of exemption certificates and furnishing of the required evidence will relieve from liability the actual exporter and one selling to the exporter for export. Where satisfactory evidence of actual exportation is not furnished within the stated period the tax will be assessed.

The procedure indicated will not be necessary in the case of transfers for export between registered taxpayers.*

§ 319.35 *Refunds.* Where, after payment of tax by the manufacturer, a firearm is exported, a claim for refund on Form 843 may be submitted.

If a manufacturer waives all claim for refund of tax paid on a firearm which is exported, refund may be made to the exporter. A claim for refund by an exporter of tax paid by a manufacturer should be accompanied by waiver of the manufacturer and proof of tax payment by the latter.*

§ 319.36 *Territories and insular possessions.* Transfers of firearms to persons in the Territories and insular possessions of the United States are exempt from transfer tax, provided title in cases involving change of title (and custody or control, in cases not involving change of title) does not pass to the transferee or his agent in the continental United States. However, such exempt transactions must be covered by approved exemption certificates and supporting documents corresponding to those required in the case of firearms exported to foreign countries, except that the Commissioner may vary the requirements herein set forth in accordance with the requirements of the governing authority of a Territory or insular possession. Exemption certificates covering shipments to Territories and insular possessions will not be approved without compliance with the requirements of the governing authorities thereof.

In the case of a nontaxable consignment to a person in a Territory or possession of the United States, the exemption extends only to such consignment and not to prior transfers. A transfer to the person making such consignment is taxable.*

Subpart G—Administrative Provisions

§ 319.37 *Scope of subpart.* This subpart deals with records and returns, distribution and sale of stamps, assessment of tax, and other miscellaneous matters.*

Records and Returns

SEC. 2724. BOOKS, RECORDS, AND RETURNS.

Importers, manufacturers, and dealers shall keep such books and records and render such returns in relation to the transactions in firearms specified in this subchapter and Part VIII of subchapter A of chapter 27 as the Commissioner, with the approval of the Secretary, may by regulations require.

§ 319.38 *Records.* Every manufacturer, importer, and dealer (including pawnbroker) shall make and keep at his place of business a record showing (a) the manufacture, receipt, transfer, or other disposition of all firearms taxable under the Code, (b) the date of such manufacture, receipt, transfer, or disposition, (c) the number, model, and trade name or other mark identifying each firearm, and (d) the name and address of the person to whom any firearm is transferred, or otherwise conveyed.

This record must be preserved for a period of at least four years from the date of disposition of the firearm, and be at all times readily accessible for inspection.*

§ 319.39 *Returns.* Immediately upon the manufacture, receipt, transfer, or other disposition of any firearm every manufacturer, importer, dealer other than pawnbroker, and pawnbroker, shall execute an accurate return under oath on either Form 2 (Firearms) or Form 3 (Firearms), in triplicate, setting forth the information called for in § 319.38, above. All transactions occurring during a single day may be included in one return filed at the close of that business day. These returns shall be filed in duplicate with the collector of the district wherein the business of the person making the return is located. The original will be forwarded to the Commissioner, and the duplicate retained by the collector. The triplicate will be retained by the person making the return for a period of four years and be at all times readily accessible for inspection.

Return forms will be supplied by collectors of internal revenue upon application.*

Examination of Books and Witnesses, Etc.

SEC. 3614. EXAMINATION OF BOOKS AND WITNESSES.

(a) TO DETERMINE LIABILITY OF THE TAXPAYER.—The Commissioner, for the purpose of ascertaining the correctness of any return or for the purpose of making a return where none has been made, is authorized, by any officer or employee of the Bureau of Internal Revenue, including the field service, designated by him for that purpose, to examine any books, papers, records, or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or of any officer or employee of such person, or the attendance of any other person having knowledge in the premises, and may take his testimony with reference to the matter required by law to be included in such return, with power to administer oaths to such person or persons.

* * * * *

SEC. 3615. SUMMONS FROM COLLECTOR TO PRODUCE BOOKS AND GIVE TESTIMONY.

(a) GENERAL AUTHORITY.—It shall be lawful for the collector, subject to the provisions of this section to summon any person to appear before him and produce books at a time and place named in the summons, and to give testimony or answer interrogatories, under oath, respecting any objects or income liable to tax or the returns thereof. The collector may summon any person residing or found within the State or Territory in which his district lies; and when the person intended to be summoned does not reside and can not be found within such State or Territory, he may enter any collection district where such person may be found and there make the examination herein authorized. And to this end he may there exercise all the authority which he might lawfully exercise in the district for which he was commissioned.

* * * * *

SEC. 3612. RETURNS EXECUTED BY COMMISSIONER OR COLLECTOR.

(a) AUTHORITY OF COLLECTOR.—If any person fails to make and file a return or list at the time prescribed by law or by regulation made under authority of law, or makes, willfully or otherwise, a false or fraudulent return or list, the collector or deputy collector shall make the return or list from his own knowledge and from such information as he can obtain through testimony or otherwise.

(b) AUTHORITY OF COMMISSIONER.—In any such case the Commissioner may, from his own knowledge and from such information as he can obtain through testimony or otherwise—

(1) TO MAKE RETURN.—Make a return, or

(2) TO AMEND COLLECTOR'S RETURN.—Amend any return made by a collector or deputy collector.

(c) LEGAL STATUS OF RETURNS.—Any return or list so made and subscribed by the Commissioner, or by a collector or deputy collector and approved by the Commissioner, shall be prima facie good and sufficient for all legal purposes.

* * * * *

§ 319.40 *Failure to make returns; substitute returns.* (a) If any person required by the regulations in this part to make returns shall fail or refuse to make any such return within the time prescribed by these regulations or designated by the Commissioner, then the return shall be made by an internal revenue officer upon inspection of the books, but the making of such return by an internal revenue officer shall not relieve the person from any default or penalty incurred by reason of failure to make such return.

(b) Any officer designated by the Commissioner shall have authority to examine the books, papers, and records kept pursuant to the regulations in this part, and may require the production of any books, records, papers, or statements of account necessary to determine any liability to the tax or the observance of the provisions of the regulations in this part.

(c) Any person failing to keep records or make returns is liable to fine and imprisonment as provided in section 2729, *supra*.

(d) Any person assisting in the preparation of fraudulent returns is liable to fine and imprisonment as provided in section 3793 (b), (1), *infra*.*

[SEC. 2720. TAX.]

(c) HOW PAID.—

(1) STAMPS.—Payment of the tax herein provided shall be represented by appropriate stamps to be provided by the Commissioner, with the approval of the Secretary.

[SEC. 3271. PAYMENT OF TAX.]

(c) HOW PAID.—

(1) STAMP.—All special taxes imposed by law, including the tax on stills or worms, shall be paid by stamps denoting the tax.

Distribution and Sale of Stamps

§ 319.41 *Orders for stamps.* (a) Each order for stamps to be used under the regulations in this part shall be made in writing to the collector or duly authorized deputy collector in the internal revenue district in which the stamps are to be used, showing the date of the order, the number of Firearms stamps applied for, and the name and address of the purchaser, and shall be signed in ink by the purchaser.

(b) The collector shall preserve the orders for stamps sold by him for at least four years.*

§ 319.42 *Stamps authorized.* $1 and $200 adhesive stamps bearing the words "Firearms Act" have been prepared and distributed, and only such stamps shall be used for the payment of the transfer tax.*

§ 319.43 *Reuse of stamps prohibited.* A stamp once affixed to one instrument can not lawfully be removed and affixed to another.*

SEC. 3640. ASSESSMENT AUTHORITY.

The Commissioner is authorized and required to make the inquiries, determinations, and assessments of all taxes and penalties imposed by this title, or accruing under any former internal revenue law, where such taxes have not been duly paid by stamp at the time and in the manner provided by law.

Assessment and Collection of Tax

§ 319.44 *Assessment of taxes not paid by stamp.* In cases where the transfer tax has not been paid and the taxpayer refuses to execute Form 4 (Firearms) and affix the stamp, the transfer tax shall be reported for assessment. When an assessment is paid a receipt on Form 1 will be issued. In those instances where stamps are purchased and affixed to the order, receipt on Form 1 will not be issued. (See § 319.25.)

Special tax which the taxpayer refuses or fails to pay may likewise be reported for assessment.*

SEC. 3655. NOTICE AND DEMAND FOR TAX.

(a) DELIVERY.—Where it is not otherwise provided, the collector shall in person or by deputy, within ten days after receiving any list of taxes from the Commissioner, give notice to each person liable to pay any taxes stated therein, to be left at his dwelling or usual place of business, or to be sent by mail, stating the amount of such taxes and demanding payment thereof.

(b) ADDITION TO TAX FOR NONPAYMENT.—If such person does not pay the taxes, within ten days after the service or the sending by mail of such notice, it shall be the duty of the collector or his deputy to collect said taxes with a penalty of 5 per centum additional upon the amount of taxes, and interest at the rate of 6 per centum per annum from the date of such notice to the date of payment; except that in the case of income, estate or gift taxes, such penalties shall not apply and the interest for nonpayment of tax shall be such as is specifically provided by law with respect to such taxes.

* * * * *

SEC. 3670. PROPERTY SUBJECT TO LIEN.

If any person liable to pay any tax neglects or refuses to pay the same after demand, the amount (including any interest, penalty, additional amount, or addition to such tax, together with any costs that may accrue in addition thereto) shall be a lien in favor of the United States upon all property and rights to property, whether real or personal, belonging to such person.

SEC. 3690. AUTHORITY TO DISTRAIN.

If any person liable to pay any taxes neglects or refuses to pay the same within ten days after notice and demand, it shall be lawful for the collector or his deputy to collect the said taxes, with such interest and other additional amounts as are required by law, by distraint and sale, in the manner provided in this subchapter, of the goods, chattels, or effects, including stocks, securities, bank accounts, and evidences of debt, of the person delinquent as aforesaid.

§ 319.45 *Notice and demand for tax: Penalty and interest.* Where assessment is made, and payment is not made within 10 days after the issuance of the first notice and demand (Form 17), there will accrue under section 3655, a 5 per cent penalty and interest at the rate of 6 per cent per annum computed upon the entire assessment from the date of issuance of Form 17 until date of payment. Where assessment is settled by partial payments, interest is computed at the above-prescribed rates from the date of the first 10-day notice through the date of first payment and on the balance from the next succeeding day to the date of the next payment until the assessment is paid in full.

If a claim for abatement is filed with the collector within 10 days after the date of the issuance of the first notice and demand, the 5 per cent penalty does not attach. If the assessment is not paid within 10 days after receipt of notice of rejection of the claim, the 5 per cent penalty applies. The filing of the claim does not stay the collection of interest, which continues to run for the full period that intervenes between the date of the first notice and demand and the date of payment.*

SEC. 3660. JEOPARDY ASSESSMENT.

(a) If the Commissioner believes that the collection of any tax (other than income tax, estate tax, and gift tax) under any provision of the internal-revenue laws will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax (together with all interest and penalties the assessment of which is provided for by law). Such tax, penalties, and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the collector for the payment thereof. Upon failure or refusal to pay such tax, penalty, and interest, collection thereof by distraint shall be lawful without regard to the period prescribed in section 3690.

(b) The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of the amount collection of which is stayed, at the time at which, but for this section, such amount would be due.

§ 319.46 *Jeopardy assessment.* Whenever, in the opinion of the collector, it becomes necessary to protect the interests of the Government by effecting immediate collection of tax, the matter shall be promptly reported to the Commissioner by telegram or letter showing the reasons therefor. The communication must state the full name and address of the person involved, the kind and amount of tax due, and the period involved, so that the Commissioner can immediately assess the tax, together with all penalties and interest due. Such tax, penalties, and interest will, upon assessment, become immediately due and payable, and the collector shall, without delay, issue a notice and demand for payment thereof in full.

The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount with respect to which the stay is desired, and with such sureties as the collector deems necessary, conditioned upon the payment of the amount, collection of which is stayed, at the time at which such amount would normally be due.

Upon refusal to pay, or failure to pay or give bond, the collector shall proceed immediately to collect the tax, penalty, and interest, by distraint, without regard to the 10-day period after notice and demand prescribed in section 3690. (See § 319.45.) *

Redemption of or Allowance for Stamps

SEC. 3304. REDEMPTION OF STAMPS.

(a) AUTHORIZATION. — The Commissioner, subject to regulations prescribed by the Secretary, may, upon receipt of satisfactory evidence of the facts, make allowance for or redeem such of the stamps, issued under authority of law, to denote the payment of any internal revenue tax, as may have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the owner may have no use, or which through mistake may have been improperly or unnecessarily used, or where the rates or duties represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected.

(b) METHOD AND CONDITIONS OF ALLOWANCE.—Such allowance or redemption may be made, either by giving other stamps in lieu of the stamps so allowed for or redeemed, or by refunding the amount or value to the owner thereof, deducting therefrom, in case of repayment, the percentage, if any, allowed to the purchaser thereof; but no allowance or redemption shall be made in any case until the stamps so spoiled or rendered useless shall have been returned to the Commissioner, or until satisfactory proof has been made showing the reason why the same can not be returned; or, if so required by the said Commissioner, when the person presenting the same can not satisfactorily trace the history of said stamps from their issuance to the presentation of his claim as aforesaid.

(c) TIME FOR FILING CLAIMS.—No claim for the redemption of or allowance for stamps shall be allowed unless presented within four years after the purchase of such stamps from the Government.

(d) FINALITY OF COMMISSIONER'S DECISIONS.—The finding of facts in and the decision of the Commissioner upon the merits of any claim presented under or authorized by this section shall, in the absence of fraud or mistake in mathematical calculation, be final and not subject to revision by any accounting officer.

• • • • •

§ 319.47 *Stamps rendered useless, affixed in error, or for which the owner has no use.* Where a purchaser receives stamps from the Government which have been rendered useless by gumming or sticking together, they may be exchanged by a collector for other stamps of exactly the same quantity and denomination. Amounts paid for stamps rendered useless by gumming or sticking together after receipt by the purchaser, or used in excess, or on instruments not actually effective, or on instruments not subject to tax, or for which the owner has no use, may be refunded, upon claim properly presented to the collector.*

§ 319.48 *Claims.* All claims for the redemption of or allowance for stamps must be presented to the collector on Form 843 within four years after the purchase of said stamps from the Government. In filing a claim for the redemption of or allowance for stamps, the stamps involved should be submitted therewith, or if it is impracticable to remove the stamps from the instruments to which they are attached, they should be presented to a deputy collector or other internal revenue representative, who shall write on the face of the stamps the words "Claim for refund filed" and attach to the claim a statement showing that such indorsement has been made. In any case where the actual date of purchase of the stamps from the Government can not be given, it must be definitely shown in the claim whether they were so purchased from the Government within four years prior to the date of filing of the claim.*

Refunds

SEC. 3770 (AS AMENDED BY SECTION 508 (b), SECOND REVENUE ACT OF 1940). AUTHORITY TO MAKE ABATEMENTS, CREDITS, AND REFUNDS.

(a) TO TAXPAYERS.—

(1) ASSESSMENTS AND COLLECTIONS GENERALLY.—Except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, the Commissioner, subject to regulations prescribed by the Secretary, is authorized to remit, refund, and pay back all taxes erroneously or illegally assessed or collected, all penalties collected without authority, and all taxes that appear to be unjustly assessed or excessive in amount, or in any manner wrongfully collected.

(2) ASSESSMENTS AND COLLECTIONS AFTER LIMITATION PERIOD.—Any tax (or any interest, penalty, additional amount, or addition to such tax) assessed or paid after the expiration of the period of limitation properly applicable thereto shall be considered an overpayment and shall be credited or refunded to the taxpayer if claim therefor is filed within the period of limitation for filing such claim.

(3) DATE OF ALLOWANCE.—Where the Commissioner has signed a schedule of overassessments in respect of any internal revenue tax imposed by this title, the Revenue Act of 1932, or any prior revenue Act, the date on which he first signed such schedule (if after May 28, 1928) shall be considered as the date of allowance of refund or credit in respect of such tax.

• • • • •

SEC. 3313. PERIOD OF LIMITATION UPON REFUNDS AND CREDITS.

All claims for the refunding or crediting of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty alleged to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected must, except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, be presented to the Commissioner within four years next after the payment of such tax, penalty, or sum. The amount of the refund (in the case of taxes other than income, war-profits, excess-profits, estate, and gift taxes) shall not exceed the portion of the tax, penalty, or sum paid during the four years immediately preceding the filing of the claim, or if no claim was filed, then during the four years immediately preceding the allowance of the refund.

§ 319.49 *Refunds.* As indicated hereinbefore, the transfer tax is ordinarily paid by the purchase and affixing of stamps, while special tax stamps are issued in payment of special taxes. However, in exceptional cases, such taxes may be paid pursuant to assessment. (See § 319.44.) Claims for refund of amounts so paid must be presented to the collector on Form 843 within four years next after payment of the taxes.*

Violations, Fines, Penalties, Searches, Seizures, and Forfeitures

SEC. 2729. PENALTIES.

Any person who violates or fails to comply with any of the requirements of this subchapter and Part VIII of subchapter A of chapter 27 shall, upon conviction, be fined not more than $2,000 or be imprisoned for not more than five years, or both, in the discretion of the court.

SEC. 1823. FRAUDS RELATING TO STAMPS.

Whoever—

(c) REUSE OF STAMPS.—

(1) PREPARING FOR REUSE.—Willfully removes, or alters the cancellation or defacing marks of, or otherwise prepares, any adhesive stamp, with intent to use, or cause the same to be used, after it has already been used;

(2) TRAFFICKING.—Knowingly or willfully buys, sells, offers for sale, or gives away, any such washed or restored stamp to any person for use, or knowingly uses the same; or

(3) POSSESSION.—Knowingly and without lawful excuse (the burden of proof of such excuse being on the accused) has in possession any washed, restored, or altered stamp, which has been removed from any vellum, parchment, paper, instrument, writing, package, or article;

shall, upon conviction, be punished by a fine of not more than $1,000, or by imprisonment

for not more than five years, or both, and any such reused, canceled, or counterfeit stamp and the vellum, parchment, document, paper, package, or article upon which it is placed or impressed shall be forfeited to the United States.

SEC. 2723. ORDER FORMS.

(a) GENERAL REQUIREMENTS.—It shall be unlawful for any person to transfer a firearm except in pursuance of a written order from the person seeking to obtain such article, on an application form issued in blank in duplicate for that purpose by the Commissioner. Such order shall identify the applicant by such means of identification as may be prescribed by regulations under this subchapter and Part VIII of subchapter A of chapter 27: *Provided*, That, if the applicant is an individual, such identification shall include fingerprints and a photograph thereof.

(b) CONTENTS OF ORDER FORM.—Every person so transferring a firearm shall set forth in each copy of such order the manufacturer's number or other mark identifying such firearm, and shall forward a copy of such order to the Commissioner. The original thereof with stamps affixed, shall be returned to the applicant.

(c) PRIOR TRANSFERS.—No person shall transfer a firearm which has previously been transferred on or after July 26, 1934, unless such person, in addition to complying with subsection (b), transfers therewith the stamp-affixed order provided for in this section for each such prior transfer, in compliance with such regulations as may be prescribed under this subchapter for proof of payment of all taxes on such firearms.

• • • • •

SEC. 3720. SEIZURE OF FORFEITABLE PROPERTY

(a) PROPERTY SUBJECT TO SEIZURE AND FORFEITURE.—

(1) MANUFACTURED ARTICLES.—All goods, wares, merchandise, articles, or objects, on which taxes are imposed, which shall be found in the possession, or custody, or within the control of any person, for the purpose of being sold or removed by him in fraud of the internal revenue laws, or with design to avoid payment of said taxes, may be seized, and shall be forfeited to the United States.

(2) RAW MATERIALS.—All raw materials found in the possession of any person intending to manufacture the same into articles of a kind subject to tax for the purpose of fraudulently selling such manufactured articles, or with design to evade the payment of said tax, may also be seized, and shall be forfeited as aforesaid.

(3) EQUIPMENT.—All tools, implements, instruments, and personal property whatsoever, in the place or building, or within any yard or incloeure where such articles or raw materials are found, may also be seized, and shall be forfeited as aforesaid.

(b) AUTHORITY TO MAKE SEIZURES.—

(1) COLLECTORS AND DEPUTY COLLECTORS.—Such property may be seized by the collector or deputy collector of the proper district, or by such other collector or deputy collector as may be specially authorized by the Commission for that purpose.

(2) OTHER INTERNAL REVENUE OFFICERS.—Any officer of internal revenue may be specially authorized by the Commissioner to seize any property which may by law be subject to seizure, and for that purpose such officer shall have all the power conferred by law upon collectors; and such special authority shall be limited in respect of time, place, and kind and class of property, as the Commissioner may specify.

• • • • •

[SEC. 3793 PENALTIES AND FORFEITURES.]

(b) FRAUDULENT RETURNS, AFFIDAVITS, AND CLAIMS.—

(1) ASSISTANCE IN PREPARATION OR PRESENTATION.—Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under, the internal revenue laws, of a false or fraudulent return, affidavit, claim, or document, shall (whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document) be guilty of a felony, and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

• • • • •

SEC. 3320. POSSESSION WITH INTENT TO SELL IN FRAUD OF LAW OR TO EVADE TAX.

(a) PENALTY.—Every person who shall have in his custody or possession any goods, wares, merchandise, articles, or objects on which taxes are imposed by law, for the purpose of selling the same in fraud of the internal revenue laws, or with design to avoid payment of the taxes imposed thereon, shall be liable to a penalty of $500 or not less than double the amount of taxes fraudulently attempted to be evaded.

• • • • •

SEC. 3321. REMOVAL OR CONCEALMENT WITH INTENT TO DEFRAUD THE REVENUE.

(a) PENALTY.—Every person who removes, deposits, or conceals, or is concerned in removing, depositing, or concealing any goods or commodities for or in respect whereof any tax is or shall be imposed, with intent to defraud the United States of such tax or any part thereof, shall be liable to a fine of not more than $5,000 or be imprisoned for not more than 3 years, or both.

(b) FORFEITURE.—

(1) GOODS.—Whenever any goods or commodities for or in respect whereof any tax is or shall be imposed, or any materials, utensils, or vessels proper or intended to be made use of for or in the making of such goods or commodities are removed, or are deposited or concealed in any place, with intent to defraud the United States of such tax, or any part thereof, all such goods and commodities, and all such materials, utensils, and vessels, respectively, shall be forfeited.

(2) PACKAGES.—In every such case all the casks, vessels, cases, or other packages whatsoever, containing, or which shall have contained, such goods or commodities, respectively, shall be forfeited.

(3) CONVEYANCES.—Every vessel, boat, cart, carriage, or other conveyance whatsoever, and all horses or other animals, and all things used in the removal or for the deposit or concealment thereof, respectively, shall be forfeited.

• • • • •

SEC. 3322. FORFEITURE OF PACKAGES CONTAINING FORFEITED GOODS.

In every case where any goods or commodities are forfeited under any internal revenue law, all casks, vessels, cases, or other packages whatsoever, containing, or which shall have contained such goods or commodities, respectively, shall be forfeited.

SEC. 1602. SEARCH WARRANTS.

The several judges of the district courts of the United States, and the United States commissioners, may, within their respective jurisdictions, issue a search warrant, authorizing any internal revenue officer to search any premises within the same, if such officer makes oath in writing that he has reason to believe, and does believe, that a fraud upon the revenue has been or is being committed upon or by the use of the said premises.

SEC. 2726. UNLAWFUL ACTS.

(a) POSSESSING FIREARMS UNLAWFULLY TRANSFERRED.—It shall be unlawful for any person to receive or possess any firearm which has at any time been transferred in violation of sections 2720, 2721 (b), 2722, 2723, 2727, and 2731 of this subchapter.

(b) REMOVING OR CHANGING IDENTIFICATION MARKS.—It shall be unlawful for anyone to obliterate, remove, change, or alter the number or other identification mark required by section 2725. Whenever on trial for a violation of this subsection the defendant is shown to have or to have had possession of any firearm upon which such number or mark shall have been obliterated, removed, changed, or altered, such possession shall be deemed sufficient evidence to authorize conviction, unless the defendant explains such possession to the satisfaction of the jury.

(c) IMPORTING FIREARMS ILLEGALLY.—It shall be unlawful (1) fraudulently or knowingly to import or bring any firearm into the United States or any territory under its control or jurisdiction (including the Philippine Islands), in violation of the provisions of this subchapter and Part VIII of subchapter A of chapter 27; or (2) knowingly to assist in so doing; or (3) to receive, conceal, buy, sell, or in any manner facilitate the transportation, concealment, or sale of any such firearm after being imported or brought in, knowing the same to have been imported or brought in contrary to law. Whenever on trial for a violation of this section the defendant is shown to have or to have had possession of such firearm, such possession shall be deemed sufficient evidence to authorize conviction unless the defendant explains such possession to the satisfaction of the jury.

SEC. 2730. FORFEITURES.

(a) LAWS APPLICABLE.—Any firearm which has at any time been transferred in violation of the provisions of this subchapter and Part VIII of subchapter A of chapter 27 shall be subject to seizure and forfeiture, and (except as provided in subsection (b)) all the provisions of internal-revenue laws relating to searches, seizures, and forfeiture of unstamped articles are extended to and made to apply to the articles taxed under this subchapter, and the persons to whom this subchapter and Part VIII of subchapter A of chapter 27 applies.

(b) DISPOSAL.—In the case of the forfeiture of any firearm by reason of a violation of this subchapter and Part VIII of subchapter A of chapter 27: No notice of public sale shall be required; no such firearm shall be sold at public sale; if such firearm is in the possession of any officer of the United States except the Secretary, such officer shall deliver the firearm to the Secretary; and the Secretary may order such firearm destroyed or may sell such firearm to any State, Territory, or possession (including the Philippine Islands), or political subdivision thereof, or the District of Columbia, or retain it for the use of the Treasury Department or transfer it without charge to any Executive department or independent establishment of the Government for use by it.

[SEC. 3261. REGISTRATION.]

(c) PRESUMPTION OF POSSESSION.—Whenever on trial for a violation of section 2726 (a) hereof the defendant is shown to have or to have had possession of such firearm at any time after September 24, 1934, without having registered as required by subsection (b), such possession shall create a presumption that such firearm came into the possession of the defendant subsequent to July 26, 1934, but this presumption shall not be conclusive.

SEC. 3263. UNLAWFUL ACTS IN CASE OF FAILURE TO REGISTER AND PAY SPECIAL TAX.

TITLE 29—LABOR

CHAPTER IV—CHILDREN'S BUREAU

[Regulation No. 23]

PART 402—ACCEPTANCE OF STATE CERTIFICATES

By virtue of and pursuant to the authority conferred by section 3 (l) of the Fair Labor Standards Act of 1938 (Act of June 25, 1938, ch. 676, 52 Stat. 1060, U. S. Code, title 29, sec. 201), § 402.1, part 402, title 29 of the Codification of Federal Regulations is hereby amended for the purpose of extending until June 30, 1942 the designation of Puerto Rico as a State in which State age, employment or working certificates or permits shall have the same force and effect as Federal certificates of age under the Fair Labor Standards Act of 1938, so that the said section shall read as follows:

§ 402.1 *Designation of States.* Pursuant to the provisions of § 401.5,[1] I hereby designate the following States as States in which State age, employment, or working certificates or permits shall have the same force and effect as Federal certificates of age under the Fair Labor Standards Act of 1938:

Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Dakota, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

This designation shall be effective from July 1, 1941, until June 30, 1942, unless this regulation is amended or repealed by regulation hereafter made and published by the Chief of the Children's Bureau.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1077]

PART 324—MINIMUM PRICE SCHEDULE DISTRICT NO. 4

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF CRESCENT VALLEY MINING CORPORATION, A CODE MEMBER IN DISTRICT NO. 4, FOR THE ESTABLISHMENT OF TEMPORARY AND PERMANENT MINIMUM PRICES FOR SHIPMENTS BY RAIL FROM MINE INDEX NO. 210, DISTRICT NO. 4, VIA BALTIMORE AND OHIO RAILROAD

The original petition in the above-entitled matter filed with this Division on September 24, 1941, prays for the issuance of temporary and final orders establishing minimum prices for rail shipments from Mine Index No. 210, District No. 4, via the Baltimore and Ohio Railroad.

In support of this petition, it is alleged: Petitioner purchased Mine Index No. 210 on or about July 1, 1941, in the belief that minimum prices had already been established for this mine for rail shipment via the Baltimore and Ohio Railroad, and accordingly proceeded to erect a tipple on the right of way of that Railroad. Only after it had entered into contracts with the Canadian National Railways and the International Nickel Company did the petitioner discover that the minimum prices previously established for rail shipments from Mine Index No. 210, in Docket No. A-937, were applicable for shipments via the Wheeling and Lake Erie Railroad only. Upon learning this fact, petitioner was disabled from filiing the contracts in question under the effective minimum prices, as no tipple was available for shipment via the Wheeling and Lake Erie Railroad. In consequence, Mine Index No. 210 is presently shut down. Temporary relief is urgent because petitioner's contract with International Nickel Company calls for shipments via the Great Lakes, and the close of the lake navigation season is impending. Any further delay in starting the movement of coal on this contract will disable petitioner from securing cars from the mines to the water ports. In order to meet this contract, petitioner must, by October 1, 1941, be in a position to ship 1,000 tons per day, or 50,000 tons before close of the lake navigation season. Coal under contract with the Canadian National Railways is needed by the purchaser to fill out its stock piles. Petitioner is now in default on this contract.

Petitioner further alleges: The minimum prices now sought by petitioner are the same as those previously established for Mine Index No. 210 via the Wheeling and Lake Erie Railroad. Applicable freight rates from Mine Index No. 210 are the same whether the coal is shipped via the Baltimore and Ohio Railroad or the Wheeling and Lake Erie Railroad. It is impossible for the petitioner to erect a tipple on the Wheeling and Lake Erie Railroad in time to meet its obligations under its contracts with the International Nickel Company and the Canadian National Railways. Erection of a tipple on the Wheeling and Lake Erie Railroad is not presently contemplated.

In view of the foregoing circumstances, the Director is of the opinion that a reasonable showing of the necessity for the temporary relief requested has been made; that an adequate showing has been made of actual or impending injury in the event that temporary relief is not granted; and that the granting of temporary relief will not unduly prejudice other interested parties pending final disposition of this proceeding.

Now, therefore, it is ordered, That temporary relief pending the final disposition of the petition herein be and the same is hereby granted as follows:

Commencing forthwith, Mine Index No. 210, of District No. 4, is included in Freight Origin Group 12, as defined in § 324.7 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 4, for All Shipments Except Truck, and supplements thereto, instead of in Freight Origin Group 18; and the price classifications and minimum prices heretofore established for Mine Index No. 210, in Docket No. A-937, for all shipments except truck, by Order of July 21, 1941, 6 F.R. 3913, 3914 and 3915, are applicable for shipments originating on the Baltimore and Ohio Railroad, from Crescent, Ohio; and the minimum prices heretofore established in Docket No. A-937 for the sale of railroad fuel to the Wheeling and Lake Erie Railroad are applicable for sale to the Baltimore and Ohio Railroad: *Provided, however,* That the price classifications and minimum prices heretofore established for Mine Index No. 210, in Docket No. A-937, for all shipments except truck, originating on the Wheeling and Lake Erie Railroad, and for the sale of railroad fuel to the Wheeling and Lake Erie Railroad, shall no longer be applicable, but shall be deemed to be superseded by the prices established herein.

The prices heretofore established for Mine Index No. 210 for truck shipments in Docket No. A-937, shall remain in full force and effect.

Notice is hereby given that applications to stay, terminate or modify the temporary relief granted herein may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: September 25, 1941.

Director.

[Docket No. A-7]

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 11 FOR RELIEF IN RESPECT TO OFF-LINE RAILROAD FUEL PRICES FOR CERTAIN CODE MEMBERS IN DISTRICT 11, AND RELATED MATTERS

A petition in this matter having been filed with the Bituminous Coal Division by District Board 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting that certain freight absorptions be permitted on shipments of coals from certain off-line mines in District 11 for use as railroad locomotive fuel;

By Order of the Director, dated February 28, 1941, 6 F.R. 1233, final relief following a hearing, having been granted to Bobolink Mine (Mine Index No. 11) and Saxton Mine (Mine Index No. 75), and the proceeding continued in so far as it related to request for revision of effective minimum prices for coals of the Enos Mine (Mine Index No. 36) of Enos Coal Mining Company, the Globe Mine (Mine Index No. 41) of Ayrshire Patoka Collieries Corporation, the 20th Century Mine (Mine Index No. 92) of 20th Century Coal Corporation, and the Winslow Mine (Mine Index No. 97) of Winslow Coal Corporation for shipment via the Algers, Winslow and Western Railway to the Southern Railway for use as locomotive fuel;

A further hearing upon the continued issues having been held on May 22, 1941, pursuant to Orders and notice, before D. C. McCurtain, a duly designated Examiner of the Division in a hearing room thereof in Washington, D. C., at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard, and appearances being entered by Consumers' Counsel Division, District Board 11 and Sunlight Coal Company;

The parties to this proceeding having waived the preparation and filing of an Examiner's Report and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact, and Conclusions of Law and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That commencing forthwith, the relief prayed for in the original petition be and it hereby is granted to the extent that § 331.10 (*Special prices: Railroad locomotive fuel*) in the Schedule of Effective Minimum Prices for District No. 11 For All Shipments Except Truck is hereby amended as follows:

Prices f. o. b. mines for shipment to railroads, as indicated, for locomotive fuel only

Mine index No.	Size dimensions	Name of railroad	Prices f. o. b. mine
36	Mine Run [1]	Southern	164
41	Mine Run [1]	Southern	164
92	Mine Run [1]	Southern	164
97	Mine Run [1]	Southern	164

[1] Sizes in Size Groups 1 to 8, inclusive, may be applied at the option of the code member, on orders for railroad locomotive fuel specifying Nut (3 x 5/16), Modified Mine Run, Mine Run, or Resultant Mine Run (6 x 0).

And it is further ordered, That the relief prayed in the original and intervening petitions and requested at the hearing, except as granted above or in the Order of the Director dated February 28, 1941, is hereby denied.

Dated September 25, 1941.

[SEAL] H. A. GRAY,
Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 980—RAYON YARN

Supplementary Order M-37-a to Conserve the Supply and Direct the Distribution of Rayon Yarn

Whereas, because of National Defense requirements drastic restrictions have been placed upon deliveries and processing of raw silk, and such restrictions have operated to create a shortage of rayon yarn; and

Whereas, the total output of the rayon yarn industry is at present insufficient to meet the total of defense needs and existing civilian demand, plus this new civilian demand caused by the substitution of rayon yarn for silk; and

Whereas, because of such shortage of rayon yarn, it is necessary and appropriate in the public interest and to promote the National Defense to allocate such rayon yarn in the manner and to the extent in this Order provided;

Now therefore, it is hereby ordered that:

§ 980.2 *Supplementary order M-37-a—*(a) *Applicability of priorities regulation No. 1.*[1] All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941, shall be deemed a part of this Order, except insofar as they are inconsistent herewith.

(b) *Additional definitions.* For the purposes of this order

(1) "Rayon yarn" means continuous filament rayon yarn made by the viscose, cuprammonium, or acetate process.

(2) "Fine rayon yarn" means rayon yarn of 300 deniers or finer.

(3) "Reserved yarn" means fine rayon yarn set aside pursuant to the provisions of this Order.

(4) "Producer" means and includes any person who produces rayon yarn.

(5) "Manufacturer" means a manufacturer consuming silk or rayon yarn and includes a jobber or converter.

(6) "Basic monthly poundage" means a poundage in terms of 100 denier rayon yarn amounting to ¾ of the monthly average number of pounds of raw silk consumed by the manufacturer during the first six months of the year 1941. If the manufacturer consumed thrown, rather than raw, silk, the poundage of thrown

[1] 6 F.R. 4489.

[1] Section 5, Child Labor Regulation No. 1, "Certificates of Age," issued October 14, 1938, pursuant to the authority conferred by sections 3 (l) and 11 (b) of the Fair Labor Standards Act of 1938, published in 3 F.R. 2487; republished in 4 F.R. 1361.

silk shall, for the purposes of this definition, be converted to the poundage of raw silk from which it was processed. In applying the above definition to a jobber, the poundage consumed shall refer to the poundage sold by such jobber.

(7) "The equivalent of the basic monthly poundage" means a poundage calculated as follows: Divide the basic monthly poundage by 100 and multiply the result by the denier desired, but in no event by more than 200.

(c) *Directions with respect to residual supply*—(1) *Viscose and cuprammonium yarn.* (i) On and after October 1, 1941, each producer of viscose or cuprammonium yarn shall, after providing for defense orders in accordance with the provisions of Priorities Regulation No. 1, each day set aside, to the extent that he possesses active spindles capable of producing fine viscose or cuprammonium yarn, an amount of such yarn equal to the production of 9 per cent of the total number of the active spindles producing viscose or cuprammonium yarn of any denier, excluding from such total the number of spindles the production from which is equivalent to that required for defense orders. The yarn thus set aside shall be selected in varfous denier sizes in the same proportion as the fine rayon yarn produced by the producer in September 1941. Nothing in the preceding sentence shall be deemed to prevent any producer from setting aside a greater proportion of the finer deniers. He shall also continue to set aside, to be distributed as specified by this Order, all viscose or cuprammonium yarn which has not been disposed of or specifically allocated by the Director of Priorities prior to the effective date of this Order, but which was originally set aside pursuant to the provisions of the program issued by the Office of Price Administration and Civilian Supply on August 2, 1941, as thereafter modified from time to time, or pursuant to the provisions of General Preference Order No. M–37.

(ii) The yarn so set aside shall be disposed of as follows:

(*a*) An amount of yarn equal to the producton of 0.9 per cent of the total number of spindles referred to in paragraph (c) (1) (i) above, shall be reserved and held by the producer for disposition according to specific allocations to be issued by the Director of Priorities.

(*b*) An amount of yarn equal to the production of 0.45 per cent of the total number of spindles referred to in paragraph (c) (1) (i) above, shall, subject to the limitations of sub-paragraph (4) below, be made available, immediately and without further Government action, to manufacturers for manufacture of products other than hosiery, to replace their former consumption of silk.

(*c*) An amount of yarn equal to the production of 7.65 per cent of the total number of spindles referred to in paragraph (c) (1) (i) above, shall, subject to the limitations of sub-paragraph (4) below, be made available, immediately and without further Government action, to manufacturers for manufacture of hosiery to replace their former consumption of silk.

(*d*) Yarn referred to in the last sentence of paragraph (c) (1) (i) shall, subject to the limitations of sub-paragraph (4) below, be disposed of in the proportions and for the purposes set forth in paragraph (c) (1) (ii) of General Preference Order No. M–37, issued September 12, 1941.

(2) *Acetate yarn.* (i) On and after October 1, 1941, each producer of acetate yarn shall, after providing for defense orders in accordance with the provisions of Priorities Regulation No. 1, each day set aside, to the extent that he possesses active spindles capable of producing fine acetate yarn, an amount of such yarn equal to the production of 5 per cent of the total number of the active spindles producing acetate yarn of any denier, excluding from such total the number of spindles the production from which is equivalent to that required for defense orders. The yarn thus set aside shall be selected in various denier sizes in the same proportion as the fine rayon yarn produced by the producer in September 1941. Nothing in the preceding sentence shall be deemed to prevent any producer from setting aside a greater proportion of the finer deniers. He shall also continue to set aside, to be distributed as specified by this Order, all acetate yarn which has not been disposed of or specifically allocated by the Director of Priorities prior to the effective date of this Order, but which was originally set aside pursuant to the provisions of the program issued by the Office of Price Administration and Civilian Supply on August 2, 1941, as thereafter modified from time to time, or pursuant to the provisions of General Preference Order No. M–37.

(ii) The yarn so set aside shall be disposed of as follows:

(*a*) An amount of yarn equal to the production of 0.5 per cent of the total number of spindles referred to in paragraph (c) (2) (i) above, shall be reserved and held by the producer for disposition according to specific allocations to be issued by the Director of Priorities.

(*b*) An amount of yarn equal to the production of 0.5 per cent of the total number of spindles referred to in paragraph (c) (2) (i) above, shall, subject to the limitations of sub-paragraph (4) below, be made available, immediately and without further Government action, to manufacturers, for manufacture of hosiery, to replace their former consumption of silk.

(*c*) An amount of yarn equal to the production of 4.0 per cent of the total number of spindles referred to in paragraph (c) (2) (i) above, shall, subject to the limitations of sub-paragraph (4) below, be made available, immediately and without further Government action, to manufacturers for manufacture of products other than hosiery, to replace their former consumption of silk.

(*d*) Yarn referred to in the last sentence of paragraph (c) (2) (i) shall, subject to the limitations of sub-paragraph (4) below, be disposed of in the proportions and for the purposes set forth in paragraph (c) (2) (ii) of General Preference Order No. M–37, issued September 12, 1941.

(3) Any allocation made by the Director of Priorities pursuant to paragraph (c) (1) (ii) (*a*) or (c) (2) (ii) (*a*) above will be evidenced by an order, the original and two signed duplicates of which will be forwarded to the purchaser applying for relief. The purchaser shall forward the two duplicates to the producer or jobber holding the yarn which has been allocated, together with the purchaser's order therefor. The purchaser's order shall be accepted except under circumstances in which Defense Orders may be rejected pursuant to § 944.2 of Priorities Regulation No. 1. If a purchaser's order is rejected, the provisions of § 944.3 of Priorities Regulation No. 1 shall apply as if such order were a Defense Order. If, for any reason, the producer or jobber is unwilling to sell and deliver the yarn pursuant to the allocation order, he shall immediately notify the Director of Priorities, by a letter addressed to the Silk Substitution Section, stating the reasons for his unwillingness.

(4) No producer or jobber shall deliver fine rayon yarn set aside pursuant to subparagraph (1) or (2) above (hereinafter called "reserved yarn") to or for the account of any manufacturer unless:

(i) Such delivery has been specifically authorized by the Director of Priorities; or

(ii) Such producer or jobber has first received from such manufacturer a certificate in a form to be prescribed by the Director of Priorities, accompanied by such duplicates or copies thereof as the Director of Priorities may prescribe: *Provided*, That delivery shall not be made in such latter case, if the producer or jobber knows or has reason to know that the yarn to be delivered is in the aggregate in excess of the equivalent of such manufacturer's basic monthly poundage, or, together with stocks on hand, will increase such manufacturer's inventory of reserved yarn in the aggregate to above such equivalent. The producer or jobber shall be entitled to rely upon any facts stated in such a certificate in the absence of actual knowledge or reason for knowledge to the contrary.

(5) In making sales or deliveries pursuant to paragraph (c) (1) (ii) (*b*) and (c) and (c) (2) (ii) (*b*) and (c) above, no producer or jobber shall discriminate among persons eligible to purchase such yarn in favor of former customers for rayon yarn.

(6) After providing for all deliveries under defense orders, and after setting aside the amounts of fine rayon yarn specified in sub-paragraphs (1) and (2) above, each producer may sell and deliver rayon yarn without limitation, subject only to § 944.14 of Priorities Regulation No. 1.

(7) No manufacturer shall accept delivery of reserved yarn unless such delivery is authorized as provided in sub-paragraph (4) above.

(8) No manufacturer shall order, purchase, or receive from all sources for delivery in any one calendar month an amount of reserved yarn in excess of the equivalent of his basic monthly poundage.

(9) No manufacturer shall own, control, or otherwise hold as inventory at any time an amount of reserved yarn in excess of the equivalent of his basic monthly poundage. For the purpose of this provision, inventory shall include all reserved rayon yarn owned, controlled, or otherwise held by the manufacturer, up to the time that it is placed on the knitting machine, loom, or other fabricating machine.

(10) No reserved yarn shall be resold in yarn form by a manufacturer, except upon the specific authorization by the Director of Priorities. The exchanging of yarn by a manufacturer shall be deemed reselling. Notwithstanding the foregoing, a jobber may resell reserved yarn in yarn form, but with respect to such resale he shall, unless the Director of Priorities specifically authorizes otherwise, be subject to the restrictions of subparagraphs (4) and (5) above applicable to a producer, and resales shall be made for only the purposes for which such yarn was originally set aside by the producer.

(11) Any manufacturer who accepts an unauthorized delivery of reserved yarn, or who otherwise violates the provisions of this Order, or who makes a material and wilful misstatement in a certificate or in any other statement required herein, may be prohibited by the Director of Priorities from obtaining further deliveries of reserved yarn.

(12) All rayon yarn set aside pursuant to the provisions of the program issued by the Office of Price Administration and Civilian Supply on August 2, 1941, as thereafter modified from time to time, and all rayon yarn set aside pursuant to the provisions of General Preference Order No. M–37, which has not been disposed of or specifically allocated by the Director of Priorities prior to November 1, 1941, shall thereupon be immediately available for sale to any purchaser without restriction, subject only to § 944.14 of Priorities Regulation No. 1. All rayon yarn set aside from the production of any one month pursuant to the provisions of this Order which has not been disposed of or specifically allocated by the Director of Priorities prior to the end of the month succeeding such month, shall thereupon be immediately available for sale to any purchaser without restriction, subject only to § 944.14 of Priorities Regulation No. 1.

(d) *Doubtful cases.* Whenever there is reasonable doubt as to the eligibility of any person to receive reserved yarn hereunder, the matter should be referred for determination to the Director of Priorities, by a letter addressed to the Silk Substitution Section, stating all pertinent facts.

(e) *Appeals for relief from hardship.* Any person affected by this Order, who considers that exceptional and unreasonable hardship has been imposed upon him thereby, may appeal to the Director of Priorities, by a letter or telegram, setting forth the pertinent facts, addressed to the Silk Substitution Section. In every case where any such appeal requests delivery of rayon yarn set aside for specific allocation by the Director of Priorities, it should be accompanied by a statement on a Form or Forms to be prescribed by the Director of Priorities, setting forth the information called for therein.

(f) *Reports and records.* (1) Each producer and jobber shall file with the Silk Substitution Section for forwarding to the Director of Priorities, at the time to be specified thereon, reports on Forms to be prescribed by the Director of Priorities, setting forth the information called for therein.

(2) All producers and jobbers operating under this Order shall keep and preserve such records as will clearly and adequately show their methods and rates of operation hereunder. Such information shall include a complete file of invoices covering the delivery of any and all yarn under this Order.

(3) Each producer and jobber shall promptly forward to an agency hereafter to be designated by the Director of Priorities one duplicate of every certificate furnished by a purchaser pursuant to paragraph (c) (4) (ii) hereof and one duplicate of every allocation order furnished by a purchaser pursuant to paragraph (c) (3), endorsed as follows: "Supplied by our order No. ----------, filling in the number of such supply order; together with a copy of the producer's or jobber's letter accepting the purchaser's order. He shall also preserve and keep available for inspection by the Government, during reasonable business hours, the original or a signed duplicate of every such certificate.

(g) *Effective date.* This Order shall take effect upon October 1, 1941, and shall expire at midnight on December 31, 1941, unless sooner terminated by direction of the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596 as amended, Sept. 2, 1941; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

TITLE 46—SHIPPING

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

SUBCHAPTER K—SEAMEN

[Order No. 152]

PART 138—RULES AND REGULATIONS FOR ISSUANCE OF CERTIFICATES AND CONTINUOUS DISCHARGE BOOKS

An Order Reducing the Percentage of Qualified Able Seamen Required on Certain Vessels[1]

SEPTEMBER 27, 1941.

Pursuant to the Act of September 24, 1941 (Public Law 255, 77th Congress, 1st Session), I have caused an investigation to be made and I find that qualified able seamen as required by section 13 of the Act of March 4, 1915, as amended (46 U.S.C., Supp. 672), are not available in sufficient numbers to man the vessels subject to said section.

Therefore, it is ordered, That able seamen examined and rated able seamen under section 13 of the Act of March 4, 1915, as amended (46 U.S.C., Supp. 672), after having served on deck twelve months at sea or on the Great Lakes, may compose not more than one-half of the number of able seamen required by said section in the deck crew of such vessels.

This order shall be effective during the emergency declared by the President on May 27, 1941, to exist, unless sooner revoked or modified, but in no event shall this order be effective after June 30, 1943. (Act of Sept. 24, 1941; Public Law 255, 77th Congress, 1st session)

Acting Secretary of Commerce.

SUMMARY OF COST-PLUS-A-FIXED-FEE CONSTRUCTION CONTRACT

CONTRACTORS: CAGE BROTHERS AND F. M. REEVES & SONS, INC., JOINT CONTRACTORS AND COADVENTURERS OF AUSTIN, TEXAS

Fixed-fee: $84,141.00.

Contract for: construction of an Advanced Twin Engine and Bombardier School, including the necessary temporary buildings, temporary structures, utilities, runways, fences, and appurtenances thereto.

Place: Vicinity of Midland, Texas.

Estimated construction cost exclusive of fee: $3,236,200.00.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same: Eng. 1243 P 99 A–0540–N Eng 1177 P 99 A–0540–12.

This Contract,[1] entered into this 9th day of July 1941.

ARTICLE I. *Statement of work.* The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery, equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: Construction of Advanced Twin Engine and Bombardier School near Midland, Texas.

It is estimated that the construction cost of the work covered by this contract will be three million two hundred thirty-six thousand two hundred dollars ($3,236,200.00) exclusive of the Contractor's fee.

In consideration for his undertaking under this contract the Contractor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Contractor's equipment as provided in Article II.

(c) A fixed fee in the amount of eighty-four thousand one hundred forty-one dollars ($84,141.00) which shall constitute complete compensation for the Contractor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Article II, shall vest in the Government.

ART. III. *Payments—Reimbursement for cost.* The Government will currently reimburse the Contractor for expenditures made in accordance with article II upon certification to and verification by the Contracting Officer of the original signed pay rolls for labor, the original paid invoices for materials, or other original papers. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for contractor's equipment. Rental as provided in article II for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed-fee. The fixed-fee prescribed in article I shall be compensation in full for the services of the Contractor, including profit and all general overhead expenses: Ninety percent (90%) of said fixed-fee shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates made and approved by the Contracting Officer.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee, less any sum that may be necessary to settle any unsettled claims for labor or material, or any claim the Government may have against the Contractor.

ART. VI. *Termination of contract by Government.* Should the Contractor at any time refuse, neglect, or fail to prosecute the work with promptness and diligence or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the Government to cease work under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

This contract is authorized by the following laws: section 1 (a) of the Act of July 2, 1940 (Public No. 703, 76th Congress) as amended by section 9 of the Act approved June 30, 1941 (Public No. 139, 77th Congress).

SUMMARY OF CHANGE ORDER [1] TO CONTRACT FOR SUPPLIES

CONTRACTOR: CURTISS-WRIGHT CORPORATION, AIRPLANE DIVISION, ST. LOUIS PLANT, ROBERTSON, MISSOURI

Change No. 1 to Contract No. W 535 ac–19174, dated May 16, 1941, published FEDERAL REGISTER July 22, 1941.

Subject: Additional Airplanes and Spare Parts.

Affecting: Contract W 535 ac–19174.

[1] Approved by the Under Secretary of War August 13, 1941.

The Government hereby elects to exercise its right and option contained in Article 44 of Contract W 535 ac–19174 to increase the number of airplanes and spare parts to be furnished under the terms of Article 1 of said contract and it is mutually understood and agreed by the parties hereto that so many of the provisions of the contract as are affected by said increases are changed as set forth hereinbelow:

(a) The lot quantity of Airplanes, * * *, called for under the terms of Article 1 of Contract W 535 ac–19174, is hereby increased from * * * to * * *.

As a result of exercising the foregoing option, the contract consideration is hereby increased as follows:

Total estimated cost for * * * additional airplanes	$24,143,160.00
Fixed fee cost	1,448,589.60

(b) The lot quantity of spare parts called for under the terms of Article 1 of Contract W 535 ac–19174, is hereby increased to a total not in excess of * * *.

As a result of exercising the foregoing option, the contract consideration is hereby increased as follows:

Total estimated cost for * * * additional airplanes	$2,414,316.00
Fixed fee cost	144,858.96
Total estimated cost to the contractor of the additional airplanes and spare parts called for under the terms of this change order	26,557,476.00
Total estimated fixed fee	1,593,448.56
Total estimated additional cost and fixed fee	28,150,924.56

Option to change to a fixed price. After the Contractor has manufactured and delivered * * * airplanes originally called for under the terms of Contract W 535 ac–19174, or at such other time as may be mutually agreed upon by the parties hereto, the parties hereto shall, at the written request of either party given to the other, enter into negotiations to determine whether or not it is possible to reach an agreement, on the basis of the experience then available or on the basis of other pertinent knowledge or information, as to a definite fixed price to be paid by the Government to the Contractor for each of the airplanes and spare parts called for under the terms of said contract, as amended, in lieu of the cost plus a fixed fee originally provided for under the terms of the contract. In the event that such an agreement be reached and reduced to writing, it shall provide that the fixed price per unit for each of the airplanes and spare parts called for shall apply, not only to units thereafter to be delivered under the terms of the contract as amended by this Change Order, but shall likewise apply to units theretofore delivered, for which proper adjustment shall be made.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in and are chargeable to Procurement Authorities:

AC 32 P 12–30 A 0705–2	$25,591,749.60
AC 18 P 82–30 A 0705–2	2,559,174.96
Total debit (estimated)	28,150,924.56

the available balances of which are sufficient to cover cost of same.

Estimated cost of project: $1,476,673.00.

The supplies and services to be obtained by this instrument are authorized by, are

[1] 6 F.R. 4014.

for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same: Eng-927 P 99 A-0540.068-N.

This contract,[1] entered into this 21st day of June 1941.

ARTICLE I. *Statement of work.* The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: Construction of an airfield and housing facilities consisting of grading, drainage, paving of runways, taxi-strips, and parking apron, fencing and the necessary utilities at De Ridder Airport, De Ridder, La.

It is estimated that the total cost of the construction work covered by this contract will be approximately one million one hundred sixty thousand one hundred seventy three dollars ($1,160,173.00) exclusive of the Contractor's fee.

In consideration for his undertaking under this contract the Contractor shall receive the following:

(a) Reimbursement for expenditures as provided in Article II.

(b) Rental for Contractor's equipment as provided in Article II.

(c) A fixed fee in the amount of thirty thousand dollars ($30,000.00) which shall constitute complete compensation for the Contractor's services, including profit and all general overhead expenses.

The Contracting Officer may, at any time, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

The title to all work, completed or in the course of construction, shall be in the Government. Likewise, upon delivery at the site of the work or at an approved storage site and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery equipment and supplies, for which the Contractor shall be entitled to be reimbursed under article II, shall vest in the Government.

ART. III. *Payments—Reimbursement for cost.* The Government will currently reimburse the Contractor for expenditures made in accordance with article II upon certification to and verification by the Contracting Officer of the original signed pay rolls for labor, the original paid invoices for materials, or other original papers. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

Rental for contractor's equipment. Rental as provided in article II for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

Payment of the fixed-fee. The fixed-fee prescribed in article I shall be compensation in full for the services of the Contractor, including profit and all general overhead expenses. Ninety percent (90%) of said fixed-fee shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates made and approved by the Contracting Officer. Upon completion of the work and its final acceptance, any unpaid balance of the fee shall be paid to the Contractor.

Final payment. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Article II hereof, and of the fee, less any sum that may be necessary to settle any unsettled claims for labor or material, or any claim the Government may have against the Contractor.

ART. VI. *Termination of contract by Government.* Should the Contractor at any time refuse, neglect, or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the interest of the Government to cease work under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

This contract is authorized by the following law: Public No. 703, 76th Congress, approved July 2, 1940.

FRANK W. BULLOCK,
Lieut. Col., Signal Corps.
Assistant to the Director of Purchases and Contracts.

[Docket No. A-949]

PETITION OF DISTRICT BOARD NO. 13 REQUESTING THAT THE PHRASE "PRICES F. O. B. MINES FOR SHIPMENT BY RAILROAD, APPLICABLE TO ALL COAL SOLD FOR STEAMSHIP VESSEL FUEL" APPEARING ON PAGE 38 OF THE SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 13, FOR ALL SHIPMENTS EXCEPT TRUCK, BE REVISED TO READ "PRICES F. O. B. MINES FOR SHIPMENT BY RAILROAD FOR STEAMSHIP VESSEL FUEL—APPLICABLE ONLY WHEN DELIVERED TO TIPPLE FOR SEAGOING VESSELS AND NOT APPLICABLE TO RIVER OR HARBOR VESSELS OR FERRIES"

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 30, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is suported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 25, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 13 requesting that the phrase "Prices f. o. b. mines for shipment by railroad, applicable to all coal sold for steamship vessel fuel" appearing on page 38 of the Schedule of Effective Minimum Prices for District No. 13, for All Shipments Except Truck, be revised to read "Prices f. o. b. mines for shipment by railroad for steamship vessel fuel—applicable only when delivered to tipple for seagoing vessels and not applicable to river or harbor vessels or ferries."[1]

[Docket No. A-983]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR THE ESTABLISHMENT OF MAXIMUM PRICES FOR ALL COALS

MEMORANDUM OPINION AND ORDER GRANTING MOTION TO AMEND AND DENYING REQUEST FOR ORAL ARGUMENT

On July 23, 1941, the Bituminous Coal Consumers' Counsel filed a petition with the Bituminous Coal Division requesting the expeditious establishment of maximum prices for all coals. The hearing in this matter was convened on September 9 before C. R. Larrabee, a duly designated Examiner of the Division. Numerous parties intervened and appeared at the hearing.

On September 24, 1941, in the course of the hearing, the Bituminous Coal Consumers' Counsel filed a motion to amend its original petition in several respects, set forth below.[1] Numerous parties stated that they had no objection to the motion being granted. Only National Association of Hothouse Vegetable Growers, et al., a party to this proceeding, opposed the motion. The Examiner referred the motion, together with the transcript of the proceedings containing the motion and the argument, to the undersigned. The National Association of Hothouse Vegetable Growers requested that they be permitted to submit oral argument to the Director in opposition to the granting of the motion to amend.

The undersigned has read and considered the record relating to the motion herein and the statement in opposition thereto made by the Hothouse Growers Association. It appears to the director that no satisfactory reason has been advanced against the granting of the motion and that the granting of the motion will not prejudice any of the parties. Consideration having been given to the statement made against the motion, it appears that no purpose would be served by allowing oral argument thereon.

Now, therefore, it is ordered, That the request of the National Association of Hothouse Vegetable Growers, et al., to be permitted to make oral argument is denied.

It is further ordered, That the motion of the Bituminous Coal Consumers' Counsel be and it hereby is granted and its original petition be and it hereby is amended to read as follows:

A. Paragraph II of said petition is amended to read as follows:

Your petitioner is informed and believes that prices being charged for bituminous coal in certain markets are excessive and oppressive of consumers.

B. Paragraph IV, by striking out the following sentence which appears on page 2 of the petition (starting on the eighth line from the bottom of the page):

In the face of overwhelmingly favorable popular response to this appeal by millions of patriotic citizens, many bituminous coal producers have taken advantage of the stimulated demand for coal by increasing their prices to unwarranted figures.

C. Further amending Paragraph IV by changing the word "such" to the word "unwarranted," so that as amended the last complete sentence in Paragraph IV reads as follows:

Unwarranted price increases threaten to weaken the effectiveness of the summer buying program, and, if allowed to continue, would have the effect of permitting coal producers to reap unreasonable profits from popular cooperation in a program important to our National Defense effort.

D. Paragraph V is stricken and deleted.

Dated: September 25, 1941.

[SEAL] H. A. GRAY,
Director.

[F. R. Doc. 41-7241; Filed, September 29, 1941; 9:51 a. m.]

[1] The original petition filed in this matter also requested an increase in the effective minimum prices heretofore established for the coal produced at the Sulphur Springs Mine (Mine Index No. 616) of the Jones Coal and Clay Company for shipment by rail. On the petition of District Board No. 13 filed on July 21, 1941, the original petition was amended by deleting therefrom all matters in connection with prices for the coals produced at the said mine.

[1] The Amendments proposed are as follows:

(1) Amend paragraph 2, which now reads: "Your petitioner is informed by many letters from consumers throughout the country and from other sources, and believes, that prices being charged for bituminous coal in many markets are excessive and oppressive of consumers, such prices in many instances approaching the proportions of profiteering."

to read:

"Your petitioner is informed and believes that prices being charged for bituminous coal in certain markets are excessive and oppressive of consumers."

The other Amendments proposed are:

(1) To amend Paragraph 4 of his original petition by striking out the following sentence which appears on page 2 of the petition: "In the face of overwhelmingly favorable popular response to this appeal by millions of patriotic citizens, many bituminous coal producers have taken advantage of the stimulated demand for coal by increasing their prices to unwarranted figures."

(2) By striking out the word "such" which is the first word of the last complete sentence in Paragraph IV and substituting therefor the word "unwarranted."

(3) By striking Paragraph V of the petition in its entirety.

NOTICE OF HEARING ON MINIMUM WAGE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 36 FOR THE WOOLEN INDUSTRY

Whereas the Administrator of the Wage and Hour Division of the United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, on August 27, 1941, by Administrative Order No. 126, appointed Industry Committee No. 36 for the Woolen Industry, composed of an equal number of representatives of the public, employers in the industry and employees in the industry, such representatives having been appointed with due regard to the geographical regions in which the industry is carried on; and

Whereas, Industry Committee No. 36, on September 24, 1941, recommended a minimum wage rate for the Woolen Industry and duly adopted a report containing such recommendation and reasons therefor and filed such report with the Administrator on September 24, 1941, pursuant to section 8 (d) of the Act and § 511.19 of the Regulations issued under the Act; and

Whereas the Administrator is required by section 8 (d) of the Act, after due notice to interested persons and giving them an opportunity to be heard, to approve and carry into effect by order the recommendation of Industry Committee No. 36 if he finds that the recommendation is made in accordance with law and is supported by the evidence adduced at the hearing before him, and taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of section 8 of the Act; and, if he finds otherwise, to disapprove such recommendation;

Now, therefore, notice is hereby given that:

I. The recommendation of Industry Committee No. 36 is as follows:

Every employer shall pay not less than 40 cents per hour to each of his employees who is engaged in commerce or in the production of goods for commerce in the Woolen Industry as defined in Administrative Order No. 126, dated August 27, 1941.

II. The definition of the Woolen Industry as set forth in Administrative Order No. 126, issued August 27, 1941, is as follows:

(a) The manufacturing or processing of all yarns (other than carpet yarns) spun entirely from wool or animal fiber (other than silk); and all processes preparatory thereto.

(b) The manufacturing, dyeing or other finishing of fabrics and blankets (other than carpets, rugs and pile fabrics) woven from yarns spun entirely of wool or animal fiber (other than silk).

(c) The manufacturing, dyeing, or other finishing of fulled suitings, coatings, topcoatings, and overcoatings knit from yarns spun entirely of wool or animal fiber (other than silk).

(d) The picking of rags and clips made entirely from wool or animal fiber (other than silk), and the garnetting of wool or animal fiber (other than silk) from rags, clips, or mill waste; and other processes related thereto.

(e) The manufacturing of batting, wadding or filling made entirely of wool or animal fiber (other than silk).

(f) The manufacturing or processing of all yarns (other than carpet yarns) spun from wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber; except the manufacturing or processing on systems other than the woolen system of yarns containing not more than 45 percent by weight of wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber.

(g) The manufacturing, dyeing or other finishing of the products enumerated in clauses (b), (c), (d), and (e) from wool or animal fiber (other than silk) in combination with cotton, silk, flax, jute or any synthetic fiber; except products containing not more than 25 percent by weight of wool or animal fiber (other than silk) with a margin of tolerance of 2 percent to meet the exigencies of manufacture.

IV. A public hearing will be held on October 15, 1941, before Major Robert N. Campbell, Presiding Officer, at 10:00 A. M. in Room 3229 of the United States Department of Labor Building in Washington, D. C., for the purpose of taking evidence on the following question:

Whether the recommendation of Industry Committee No. 36 shall be approved or disapproved; and

V. Any interested person, supporting or opposing the recommendation of Industry Committee No. 36, may appear at the aforesaid hearing to offer evidence, either on his own behalf or on behalf of any other person; *Provided*, That not later than October 11, 1941, any such person shall file with the Administrator at Washington, D. C., a notice of his intent to appear which shall contain the following information:

1. The name and address of the person appearing.

2. If such person is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

3. Whether such person proposes to appear for or against the recommendation of Industry Committee No. 36.

4. The approximate length of time requested for his presentation.

Such notice may be mailed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., and shall be deemed filed upon receipt thereof.

VI. Any person interested in supporting or opposing the recommendation of Industry Committee No. 36 may secure further information concerning the aforesaid hearing by inquiry directed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., or by consulting with attorneys representing the Administrator who will be available for that purpose at the offices of the Wage and Hour Division in Washington, D. C.

VII. Copies of the following documents relating to the Woolen Industry will be made available upon request for inspection by any interested person who intends to appear at the aforesaid hearing:

United States Department of Labor, Wage and Hour Division, Research and Statistics Branch, *Woolen and Worsted Industry*, September, 1941.

United States Department of Labor, Bureau of Labor Statistics, *The Bureau of Labor Statistics' New Index of Cost of Living*. March 15, 1940. Serial No. R–1156.

United States Department of Labor, Bureau of Labor Statistics, *Monthly Labor Review*, July, 1939, *Differences in Living Costs in Northern and Southern Cities*. Serial No. R–963.

United States Department of Labor, Bureau of Labor Statistics, *Changes in Cost of Living, December 15, 1940*. Serial No. R–1254.

VIII. The hearing will be conducted in accordance with the following rules, subject, however, to such subsequent modifications by the Administrator or the presiding officer as are deemed appropriate:

1. The hearings shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request addressed to the Administrator, Wage and Hour Division, Department of Labor, Washington, D. C.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice he will not be permitted to offer evidence at any other time except by special permission of the presiding officer.

3. At the discretion of the presiding officer the hearing may be continued from day to day, or adjourned to a later date, or to a different place, by announcement thereof at the hearing by the presiding officer, or by other appropriate notice.

4. At any stage of the hearing, the presiding officer may call for further evidence upon any matter. After the presiding officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place fixed for such taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the presiding officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof, and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the presiding officer. When evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the presiding officer the original document together with two copies of those portions of the document intended to be put in evidence. Upon presentation of such copies in proper form the copies will be received in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in the courts of law or equity shall not be controlling.

11. The presiding officer may, at his discretion, permit any person appearing in the proceedings to cross-examine any witness offered by another person in so far as is practicable, and to object to the admission or exclusion of evidence by the presiding officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but this record shall not include argument thereon except as ordered by the presiding officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the presiding officer.

12. Before the close of the hearing, the presiding officer shall receive written requests from persons appearing in the proceeding for permission to make oral arguments before the Administrator upon the matter in issue. These requests will be forwarded to the Administrator by the presiding officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceedings, and shall designate the time and place at which the oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearing, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing the presiding officer shall forthwith file a complete record of the proceedings with the Administrator. The presiding officer shall not file an intermediate report unless so directed by the Administrator. If a report is filed, it shall be advisory only and have no binding effect upon the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at Washington, D. C. this 29th day of September 1941.

CERTIFICATION TO THE INDUSTRIAL COMMISSION OF THE STATE OF WISCONSIN PURSUANT TO SECTION 1602 OF THE INTERNAL REVENUE CODE

The Industrial Commission of the State of Wisconsin having duly submitted to the Social Security Board, pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, as amended, the Wisconsin Unemployment Reserves and Compensation Act, as amended, and

The Social Security Board having considered the provisions of said Act to determine whether or not reduced rates of contributions are allowable thereunder under conditions fulfilling the requirements of section 1602 of the Internal Revenue Code.

The Board hereby finds that:

(1) The said Act provides for the maintenance of reserve accounts as defined in section 1602 (c) (1) of the Internal Revenue Code, and

(2) Reduced rates of contributions under said Act to such reserve accounts are allowable only in accordance with the provisions of section 1602 (a) (3) of the Internal Revenue Code, as effective January 1, 1942.

Pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, the Board hereby directs that the foregoing findings be certified to the Industrial Commissioner of the State of Wisconsin: *Provided*, That said findings shall not be construed to be applicable with respect to reduced rates of contributions permitted under § 108.15 of said Act to so-called "special accounts" maintained for governmental units.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–406]

IN THE MATTER OF CENTRAL ILLINOIS PUBLIC SERVICE COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of September, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than October 15, 1941 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Central Illinois Public Service Company, a subsidiary of The Middle West Corporation, a registered holding company, proposes, pursuant to authorization of the Illinois Commerce Commission, to issue and sell (a) $38,000,000 principal amount of its First Mortgage Bonds, Series A, due October 1, 1971, and (b) $9,000,000 principal amount of unsecured notes due serially April 1, 1942–October 1, 1951. The Company proposes to apply the proceeds from the sale of these securities, together with other moneys of the Company to the extent required, to the redemption of $38,000,000 principal amount of outstanding First Mortgage Bonds, Series A, 3¾%, due December 1, 1968, of the Company, and to the redemption (or payment at maturity) of $9,000,000 principal amount of outstanding Serial Debentures, 3½% and 4%, of the Company, due serially December 1, 1941–December 1, 1948. The interest rates on the bonds and the unsecured notes proposed to be issued will be supplied by amendment. The proposed notes will not be sold publicly.

It is contemplated that a public offering of the Bonds will be made by underwriters after compliance with the provisions of Rule U-50.

By the Commission.

IN THE MATTER OF NEW ENGLAND GAS AND ELECTRIC ASSOCIATION AND NEW HAMPSHIRE GAS AND ELECTRIC COMPANY

NOTICE OF AND ORDER FOR HEARING WITH RESPECT TO CERTAIN PROPOSED FEES

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 27th day of September, A. D. 1941.

The Commission by order dated September 24, 1941, having granted applications, pursuant to Rule U-50 and sections 6 (b) and 10 of the Public Utility Holding Company Act of 1935, filed by New England Gas and Electric Association, a registered holding company, and its subsidiary, New Hampshire Gas and Electric Company, regarding the issue and sale by New Hampshire Gas and Electric Company of $1,500,000 additional Common Stock and $1,000,000 principal amount of First Mortgage 3½% Bonds, Series B, due 1971; and

The Commission in the said order of September 24, 1941, with the consent of the applicants, having reserved jurisdiction over a fee in the amount of $10,000 proposed to be paid to The First Boston Corporation, Boston, Massachusetts, for services rendered in connection with the above transaction, to determine whether such fee is or is not reasonable, and whether such fee should or should not be paid;

It is ordered, That a hearing be held on such matter on October 15, 1941, at 10:00 o'clock in the forenoon of that day, in the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., for the purpose of determining whether such fee is or is not reasonable, and whether such fee should or should not be paid. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That notice of said hearing be and hereby is given to New England Gas and Electric Association, New Hampshire Gas and Electric Company, and The First Boston Corporation and to any other person whose participation in such proceedings may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party in said proceedings shall file a notice to that effect with this Commission on or before October 10, 1941.

IN THE MATTER OF NORTHWESTERN WISCONSIN ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 27th day of September, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested party may, not later than October 15, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reason for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application which is on file in the office of said Commission for a statement of the transactions therein proposed, which are summarized below:

Northwestern Wisconsin Electric Company, a subsidiary company of American Utilities Service Corporation, a registered holding company, proposes to issue 1,056 shares of its common stock having a par value of $100 per share and to deliver such common stock to said American Utilities Service Corporation as a stock dividend; to issue $75,000 principal amount of its First Mortgage 3¾% Sinking Fund Bonds, Series B, to be dated as of May 1, 1939, and to mature May 1, 1954, and to sell such bonds to Northwestern National Life Insurance Company, of Minneapolis, Minnesota, at the principal amount thereof plus accrued interest; and to change the interest rate on its presently outstanding First Mortgage 5% Sinking Fund Bonds, Series A, dated as of May 1, 1939, due May 1, 1954, from 5% per annum to 3¾% per annum, and to change the call price provisions with respect to such Series A Bonds, such changes to be by agreement with said Northwestern National Life Insurance Company as the holder of all of such Series A Bonds outstanding.

It is stated that the foregoing transactions have been expressly authorized by the Public Service Commission of the State of Wisconsin, the State Commission of the State in which applicant and declarant is organized and does business. It is further stated that the proceeds of the Series B Bonds are to be used for meeting the company's construction requirements or for the purpose of reimbursing its treasury for construction expenditures heretofore made.

The acquisition of such common stock by American Utilities Service Corporation is the subject of an application already on file with the Commission (File No. 70–375).

IN THE MATTER OF THE UNITED GAS IMPROVEMENT COMPANY AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

ORDER DENYING PETITION FOR REHEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of September, A. D. 1941.

The Commission having on July 30, 1941, issued its Findings and Opinion and Order in the above-entitled matter directing The United Gas Improvement Company to sever its relationship with certain companies named therein;

Respondents having filed with the Commission a Petition for Rehearing of the matters covered by said Order and having averred that the sole purpose in presenting the Petition was to protect their right to appeal from the aforesaid Order if they decide to do so; and

The Commission having reviewed said Order of July 30, 1941, and having carefully considered the subject matter of Respondents' Petition for Rehearing in connection therewith and it appearing that the Petition does not set forth any new facts or raise any new material contentions or other grounds not fully considered by the Commission prior to the entry of said Order on the basis of which the Commission should grant a rehearing with respect thereto;

It is ordered, That said Petition for Rehearing be and the same hereby is denied.

It is further ordered, That said Order of July 30, 1941, is hereby reaffirmed and made effective as of the date hereof.

[File No. 4-40]

IN THE MATTER OF NATURAL GAS PIPELINE COMPANY OF AMERICA AND CITIES SERVICE COMPANY, RESPONDENTS

MEMORANDUM OPINION AND ORDER ON MOTION TO DISMISS PROCEEDING AND WITHDRAW NOTICE SUSPENDING EXEMPTION.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 25th day of September, A. D. 1941.

Cities Service Company registered as a holding company under the Public Utility Holding Company Act of 1935 on January 29, 1941. Prior to that time the Commission had promulgated Rule U-3D-15[1] under which subsidiaries of Cities Service Company engaged in the petroleum business, or in any business accessory thereto, the real estate business, or in the production or transportation of natural gas would enjoy certain exemptions from the terms and provisions of the Act, this exemption according to the terms of the rule being subject to withdrawal upon appropriate notice.

Prior to the registration of Cities Service Company, hereinafter referred to, and during the latter part of 1940, Natural Gas Pipeline Company of America, a subsidiary of Cities Service Company, engaged in the transportation of natural gas, commenced a project involving the looping of its lines for which cash advances were made by its parent companies.

Subsequent to the registration by Cities Service Company and acting under and in reliance upon the exemption provided by Rule U-3D-15, Natural Gas Pipeline Company of America began negotiations regarding the sale of $30,000,000 principal amount of first mortgage bonds to six banks and two insurance companies, to reimburse these outlays, and to provide funds for the completion of the aforementioned project.

On August 25, 1941 we issued an Order for Hearing with respect to the withdrawal of the exemption provided by Rule U-3D-15. The Order was issued pursuant to the revocation provisions contained in that rule and also pursuant to Rule U-100[2] and contained a Notice suspending the exemption pursuant to paragraph (b) of that rule.

On September 24, 1941, Cities Service Company, one of the respondents, filed a Motion to dismiss this proceeding and requested that the Notice and Order be vacated. Argument was heard at the time the Motion was filed. The Motion was made on the grounds, among others, that delay would jeopardize the financing program and that no public interest involved was not adequately protected.

It now appears that the proposed financing by Natural Gas Pipeline Company of America has proceeded practically to the point of consummation in reliance upon the exemption granted by the rule hereinabove referred to and that delay incident to the proceedings would jeopardize such financing and the completion of the construction program now under way. The Commission is likewise aware that the outstanding securities of this company which may be affected by the proposed financing are held entirely by several parent companies and that the transaction is proposed with the full knowledge and consent of all security holders directly concerned. The Commission is of the opinion that while the proceeding was properly instituted, nevertheless in view of all the circumstances, particularly those immediately referred to above, that it would be inequitable at this time to revoke the exemption.

We therefore find that the Motion should be granted and

It is so ordered.

By the Commission.

[1] The Rule reads as follows:

RULE U-3D-15. *Exemption for Subsidiaries of Registered Holding Companies Engaged in Certain Non-Utility Businesses and for Registered Holding Companies as to Transactions with such Subsidiaries.* (a) If at the time of registration of any holding company, subsidiaries of such holding company are substantially engaged or interested through subsidiaries in any branch of the petroleum business or in any business accessory thereto, in the real estate business, or in the production or transportation of natural gas, any subsidiary of such registered holding company which is so engaged or interested and is not a public utility or holding company shall be exempt from all duties, obligations and liabilities imposed upon it as such subsidiary by the Act and Rules, except those imposed by the following sections of the Act and Rules thereunder:

(1) Section 6 (c) and section 8.

(2) Section 9 (a) and section 10 insofar as they relate to (a) the acquisition of utility assets, (b) the acquisition of an interest in any business other than a business in which such subsidiary company is substantially engaged or interested through subsidiaries, (c) the acquisition of securities (other than securities acquired from customers in the ordinary course of business) issued by a person not substantially engaged in one of the above described businesses in which such subsidiary company is also substantially engaged or interested through subsidiaries, or (d) the acquisition of securities issued by a public utility or holding company.

(3) Section 11 (b).

(4) Any order of the Commission under section 12 of the Act; any Rule under section 12 of the Act which may be applicable to the lending or in any manner extending of credit to or indemnifying any company which is a public utility or holding company or applicable to the declaration of dividends; section 12 (h) and section 12 (i).

(5) Section 13 insofar as applicable to any transaction with any associate companies not of the class entitled to an exemption under this paragraph (a); and any order of the Commission under section 15 of the Act.

(6) Sections 16 and 17.

(7) Any of the administrative sections of the Act (sections 18-29), which may become applicable in connection with any of the matters excluded under items 1-6 inclusive above from the exemption under this paragraph (a).

(b) Any such holding company shall be exempt as such from section 9 (a) of the Act, with respect to the acquisition of securities issued to it by any subsidiary company under the exemption provided by paragraph (a) of this Rule, and from any Rule of the Commission under section 12 (b) or 12 (f) of the Act, with respect to any other transaction with any such subsidiary: *Provided, however,* That the total aggregate investment of such holding company as existing at the date of its registration in all subsidiaries of the class entitled to exemption under paragraph (a) of this rule shall not be increased by reason of any acquisitions or transactions permitted under this paragraph (b).

(c) *Availability and duration of exemption.* The exemptions granted to holding companies by this rule shall only be available to any holding company which registers after the effective date of this rule. The exemptions granted to subsidiary companies by this rule shall only be available to (1) any company which was not a subsidiary of any registered holding company on such date; and (2) any company which was a subsidiary of a registered holding company on such date but was then except from any obligation imposed on it as a subsidiary of such registered holding company by reason of the pendency of an application filed in good faith pursuant to section 2 (a) (8) of the Act. At any time after three months from the date of such registration such exemption may be terminated and this Rule repealed or modified, in whole or in part, as to any such holding company or any of its subsidiaries upon thirty days' prior notice to such holding company, if the Commission deems the further continuance of such exemption or this Rule to be detrimental to the public interest or the interest of investors or consumers.

[2] Rule U-100 is as follows:

RULE U-100. *Orders Granting or Withdrawing Exemptions.* (a) *Orders granting exemption from rules.* Any transaction subject to the requirements of any rule promulgated under the Act may be exempted therefrom by the Commission upon application, or upon its own motion provided an application for approval of such transaction or a declaration with respect thereto is pending, if it appears to the Commission that such requirements as applied to such transaction are not necessary or appropriate in the public interest or for the protection of investors or consumers.

(b) *Orders withdrawing exemption.* Any unexecuted transaction which is within the exemption provided in any rule from the requirements of any provision of the Act or of the rules, may nevertheless be subjected thereto by order, after notice and opportunity for hearing, if it appears to the Commission that the withdrawal of such exemption as applied to such transaction would be appropriate in the public interest or the interest of investors or consumers. The Commission may by such notice suspend the applicability of any such exemption to any transaction pending final determination.

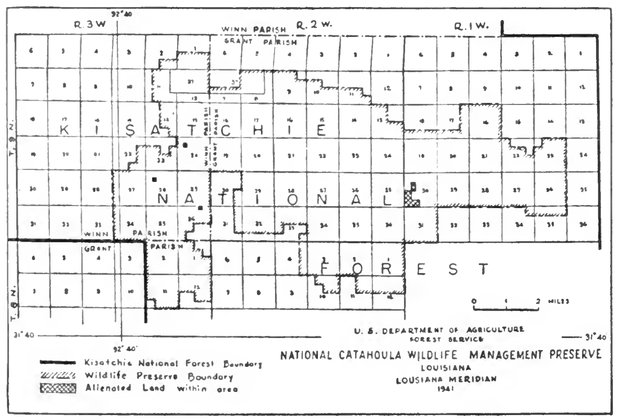
NATIONAL CATAHOULA WILDLIFE MANAGEMENT PRESERVE, LOUISIANA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA



A PROCLAMATION

WHEREAS it appears that the designation and setting aside of the areas in the State of Louisiana, hereinafter indicated, for the protection of game animals, birds and fish will promote the public good:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the power vested in me by the act of Congress approved August 11, 1916 (39 Stat. 446, 476; 16 U.S.C. 683), do proclaim that there are hereby designated and set aside for the protection of game animals, birds and fish, all lands of the United States within the Kisatchie National Forest in the State of Louisiana purchased under the provisions of the act of March 1, 1911 (36 Stat. 961; 16 U.S.C. 480, 500, 513–519, 521), and the acts supplemental thereto and amendatory thereof, as shown on the diagram forming a part hereof, to be known as the National Catahoula Wildlife Management Preserve.

All persons are hereby informed that it is unlawful to hunt, catch, trap, willfully disturb, or kill any kind of game animal, game or nongame bird, or fish, or to take the eggs of any such bird, on any lands herein designated or in or on the waters thereof, except under such general rules and regulations as may be prescribed from time to time by the Secretary of Agriculture.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

EXECUTIVE ORDER

TRANSFER OF JURISDICTION OVER CERTAIN LANDS FROM THE SECRETARY OF AGRICULTURE TO THE SECRETARY OF THE NAVY

INDIANA

WHEREAS certain lands within the area shown on the diagram attached hereto have been acquired or are in the process of acquisition under the authority of Title II of the National Industrial Recovery Act, approved June 16, 1933 (48 Stat. 200), the Emergency Relief Appropriation Act of 1935, approved April 8, 1935 (49 Stat. 115), and Title III of the Bankhead-Jones Farm Tenant Act, approved July 22, 1937 (50 Stat. 522, 525), in connection with the Martin County and White River Land Utilization Projects of the Department of Agriculture, in Indiana; and

WHEREAS by Executive Order No. 7908[1] of June 9, 1938, all the right, title, and interest of the United States in those lands acquired or in process of acquisition under the authority of the aforesaid National Industrial Recovery Act and the Emergency Relief Appropriation Act of 1935 were transferred to the Secretary of Agriculture for use, administration, and disposition in accordance with the provisions of Title III of the aforesaid Bankhead-Jones Farm Tenant Act, and the

[1] 3 F.R. 1389.

related provisions of Title IV thereof; and immediately upon the acquisition of the legal title to those lands now in the process of acquisition under the authority of said acts, said order, under the terms thereof, will become applicable to all the additional right, title, and interest thereby acquired by the United States; and

WHEREAS it appears that the use of such lands by the Navy Department for national defense purposes would best carry out the purposes of the land-conservation and land-utilization program for which such lands were acquired, and would be in the public interest:

NOW, THEREFORE, by virtue of and pursuant to the authority vested in me by section 32 of Title III of the said Bankhead-Jones Farm Tenant Act, and upon recommendation of the Secretary of Agriculture, it is ordered that the lands acquired or in the process of acquisition by the United States within the area delineated on the diagram attached hereto and made a part hereof, together with the improvements thereon, be, and they are hereby, transferred from the Secretary of Agriculture to the Secretary of the Navy for national defense purposes: *Provided, however,* That the Secretary of Agriculture shall retain such jurisdiction over the lands now in the process of acquisition by the United States as may be necessary to enable him to complete their acquisition.

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

PART 927—MILK IN THE NEW YORK METROPOLITAN AREA

ORDER OF THE SECRETARY OF AGRICULTURE MAKING EFFECTIVE AMENDMENT NO. 3 [1] TO THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE NEW YORK METROPOLITAN MILK MARKETING AREA [2]

The Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, on August 29, 1941, amendment No. 3 to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, said amendment No. 3 to become effective at such time as the Secretary might subsequently declare.

The requirements of section 8c (9) of such act have been complied with.

Pursuant to the powers conferred upon the Secretary of Agriculture by said act, it is hereby declared that said amendment No. 3 to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, as further amended by amendments No. 1 and No. 2, shall be effective on and after 12:01 a. m., e. d. s. t., October 1, 1941, and it is hereby ordered that such handling of milk produced for sale in the New York metropolitan milk marketing area as is in the current of interstate commerce or as directly burdens, obstructs, or affects interstate commerce shall, from such effective date, be in compliance with the terms and conditions of the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, as amended by amendment No. 1, amendment No. 2, and amendment No. 3.

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, and that the notice herewith given is reasonable under the circumstances.

Done at Washington, D. C., this 29th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 230—GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

AMENDMENT DEFINING TERMS USED IN FORMS FOR REGISTRATION UNDER THE ACT

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, as amended, particularly sections 7, 10, and 19 (a) thereof (Sec. 7, 48 Stat. 78; Sec. 10, 48 Stat. 81; Sec. 206, 48 Stat. 907; Sec. 19, 48 Stat. 85; Sec. 209, 48 Stat. 908; 15 U.S.C. 77g, 77j, and 77s), and deeming such action necessary and appropriate in the public interest and for the protection of investors, and necessary to carry out the provisions of the Act, hereby takes the following action:

Section 230.455 [Rule 455] of the General Rules and Regulations under the Act is amended by adding thereto the following definitions:

§ 230.455 *Definition of terms used in the forms for registration.*

* * * * *

(q) *Promoter.* The term "promoter" includes:

(1) Any person who, acting alone or in conjunction with one or more other persons, directly or indirectly takes initiative in founding and organizing the business or enterprise of an issuer;

(2) Any person who, in connection with the founding and organizing of the business or enterprise of an issuer, directly or indirectly receives in consideration of services or property, or both services and property, ten percent or more or any class of securities of the issuer or ten percent or more of the proceeds from the sale of any class of securities. However, a person who receives such securities or proceeds either solely as underwriting commissions or solely in consideration of property shall not be deemed a promoter within the meaning of this paragraph if such person does not otherwise take part in founding and organizing the enterprise.

(r) *Succession.* The term "succession" means the direct acquisition of the assets comprising a going business, whether by merger, consolidation, purchase, or other direct transfer. The term does not include the acquisition of control of a business unless followed by the direct acquisition of its assets. The terms "succeed" and "successor" have meanings correlative to the foregoing.

Effective September 29, 1941.

§ 320.2 *Effective period.* The taxes imposed under Chapter 19 of the Internal Revenue Code are applicable to articles sold or leased on and after October 1, 1941.*

Liability for Tax

§ 320.3 *Liability for tax.* Every person who sells at retail any article covered by the regulations in this part, or leases such article, is liable for tax whether such sale or lease is made directly or through an agent.*

§ 320.4 *When tax attaches.* In general the tax attaches when the title to the article sold passes from the retailer to a purchaser.

When title passes is dependent upon the intention of the parties as gathered from the contract of sale and the attendant circumstances. In the absence of expressed intention, the legal rules of presumption followed in the jurisdiction where the sale is made govern in determining when title passes. Generally, title passes upon delivery of the article to the purchaser or to a carrier for the purchaser.

In the case of a sale on credit, it is immaterial whether or not the purchase price is actually collected.

Where an article is consigned to any person for sale at retail and the consignor maintains control over the terms and prices for which the article may be sold by the consignee, the consignor is considered to be the "person who sells at retail" when the consignee sells the taxable article.

Where an article is consigned to any person for sale at retail and the consignor maintains no control over the terms and prices for which the article may be sold at retail by the consignee, such consignee is considered the "person who sells at retail" when such article is sold by him.

In the case of an installment sale, where title does not pass until a future date, a conditional sale, or a lease, a proportionate part of the tax attaches on each payment. See § 320.10.*

[SEC. 2403. RETUEN AND PAYMENT OF RETAILERS' EXCISE TAXES.]

(c) In determining, for the purposes of this chapter, the price for which an article

is sold, there shall be included any charge for coverings and containers of whatever nature, and any charge incident to placing the article in condition packed ready for shipment, but there shall be excluded the amount of tax imposed by this chapter, whether or not stated as a separate charge. A transportation, delivery, insurance, installation, or other charge (not required by the foregoing sentence to be included) shall be excluded from the price only if the amount thereof is established to the satisfaction of the Commissioner, in accordance with the regulations. There shall also be excluded, if stated as a separate charge, the amount of any retail sales tax imposed by any State or Territory or political subdivision of the foregoing, or the District of Columbia, whether the liability for such tax is imposed on the vendor or vendee.

§ 320.5 *Basis of tax on sales generally.* The tax is imposed on the sale by the retailer of any of the articles enumerated in the regulations in this part. The provisions of law quoted above embody the rules for determining the sale price, which is the basis of the tax. In general, this should be the retailer's actual price at the point of distribution or sale. In determining the sale price, for tax purposes, there shall be included any charge incident to placing the article in condition packed ready for shipment. There shall be excluded (a) the amount of the tax, whether or not billed as a separate item, and (b) (subject to the provisions of § 320.8) transportation, delivery, insurance, installation, or other charges (not required by the preceding sentence to be included). There may also be excluded the amount of any retail sales tax imposed by any State or Territory or political subdivision of the foregoing, or the District of Columbia, whether the liability for such tax is imposed on the vendor or vendee, but such amount shall be excluded only if stated as a separate charge (and in the exact amount of tax) on the invoice, bill, or other memorandum of sale rendered to the purchaser.

Where articles are sold on credit, the tax is to be returned and paid to the collector of internal revenue during the month succeeding that in which the sales are made, even though the price may not be paid to the retailer until a later date.

The sale price of any article covered by the regulations in this part may be payable in whole or in part in property. Thus, where a dealer accepts an article in trade as partial or full payment for the purchase price of any taxable article, the amount allowed for the article accepted in trade but not less than the fair market value thereof, must be included in the determination of the tax due on such sale. If the article accepted in such a "trade-in" transaction is one covered by the regulations in this part, the resale thereof will be subject to the tax.

The giving of a premium in consideration of the return of wrappers, labels, coupons, trading stamps, or other scrip, delivered or sold in connection with the sale of a commodity, constitutes a taxable transaction, and the person so giving the premium is considered to be one who sells at retail.*

§ 320.6 *Charges for coverings, containers, etc., generally.* Any charges for coverings, containers, etc., incident to placing an article in condition packed ready for shipment shall be included as a part of the sale price for the purpose of computing the tax. Therefore, the amount paid for the article and its covering or container is the basis for computing the tax even though a separate charge for such covering or container is billed on the invoice.*

§ 320.7 *Exclusion of tax.*—(a) *Federal tax.* The tax imposed by Chapter 19 of the Internal Revenue Code on the retailer's sale of an article is by statute not a part of the taxable price of the article. Where the Federal tax is billed as a separate item, the amount thereof should be excluded in determining the sale price upon which the tax is to be computed. Where the Federal tax is not billed as a separate item, it will be presumed that the amount of the tax is included in the price charged for the article, and such amount will be excluded by an appropriate computation in determining the taxable sale price.

Thus, where an article is sold for $100 and an additional sum of $10 is billed as tax, it is clear that $100 is the taxable sale price and $10 the amount of tax due thereon at the prescribed rate of 10 per cent. Where the article is sold for $100 with no separate billing or indication of the amount of the tax, it will be presumed that the tax is included in the $100, and the tax computed accordingly on the basis of a sales price exclusive of the tax. Since the rate of tax is 10 per cent, the billed price of $100 represents the taxable sales price (100 per cent) plus the tax due thereon (10 per cent), or 110 per cent. Since 10 per cent is $\frac{1}{11}$ of 110 per cent, the tax may be computed on the basis of a sales price exclusive of the tax by taking $\frac{1}{11}$ of the billed price.

(b) *State and local taxes.* A retail sales tax imposed by a State, or Territory, or political subdivision of the foregoing, or by the District of Columbia, may be excluded from the taxable price of an article only when billed as a separate item; if not so billed, the amount of such tax must be included in the taxable sales price.

This exclusion relates to State or local taxes imposed with respect to the sale of the article, regardless of whether the vendor or vendee is liable for payment of the tax. However, it does not include other levies, as for example, a State income tax payable by a retailer upon the net profits derived from his operations.

Where the amount of any State or local retail sales tax is excluded from the taxable sales price of an article, the taxpayer must retain a copy of the invoice, bill, or other memorandum of sale rendered the purchaser or other evidence satisfactory to the Commissioner to show that the amount of the retail sales tax so excluded was stated as a separate charge.*

§ 320.8 *Exclusion of charges for transportation, delivery, etc., generally.* Charges for transportation, delivery, insurance, installation, and other charges actually incurred in connection with the delivery of an article to a purchaser pursuant to a bona fide sale, are to be excluded in computing the tax.*

§ 320.9 *Discounts and adjustments, generally.* Readjustments in sale price (such as allowable discounts, rebates, bonuses, etc.) can not be anticipated. The tax must be based upon the original price unless the readjustments have actually been made prior to the close of the month in which the tax upon the sale is returned. However, if the price upon which the tax was computed is subsequently readjusted, a proper credit may be taken against the tax due on a subsequent return, or an appropriate claim for refund may be filed. (See § 320.66.)

Commissions to agents, or allowances, payments, or adjustments made to persons other than the retailer's vendee are not deductible from the sale price under any conditions for purposes of computing the tax.*

SEC. 2405. LEASES, CONDITIONAL SALES, ETC.

In the case of (a) a lease, (b) a contract for the sale of an article wherein it is provided that the price shall be paid by installments and title to the article sold does not pass until a future date notwithsanding partial payment by installments, or (c) a conditional sale, there shall be paid upon each payment with respect to the article that portion of the total tax which is proportionate to the portion of the total amount to be paid represented by such payment. No tax shall be imposed under this chapter on the sale of any article taxable under section 2400 or section 2401 if with respect to such article the lease, contract for sale, or conditional sale was made, delivery thereunder was made, and a part of the consideration was paid, before October 1, 1941.

§ 320.10 *Basis of tax on leases, installment sales, and conditional sales.* Special provision is made in the law for computing taxes due in the case of leases of articles and installment and so-called conditional sales. The term "lease" means a continuous right to the possession or use of a particular article for a period of time. It does not include the use of an article merely as occasion demands, but the contract must give the lessee the right to possess or use the article, without interruption, for a period of time.

Where articles are leased by the retailer, or sold under an installment-payment contract with title reserved, or under a conditional-sale contract with payments to be made in installments, a proportionate part of the total tax shall be paid upon each payment made with respect to the article. Such taxes are to be returned and paid to the collector during the month following that in which such payment is made.

In the case of articles taxable under sections 2400 relating to jewelry, etc., and 2401 relating to furs, the tax does not apply to payments where (1) the lease, or installment sale, or conditional sale contract, (2) delivery of the article under the contract, *and* (3) payment of a part of the consideration, were made prior to October 1, 1941.*

SUBPART C—GENERAL EXEMPTIONS

Sales to States, etc.

SEC. 2406. TAX-FREE SALES.

Under regulations prescribed by the Commissioner with the approval of the Secretary, no tax under this chapter shall be imposed with respect to the sale of any article—

(a) for the exclusive use of the United States, any State, Territory of the United States, or any political subdivision of the foregoing, or the District of Columbia;

* * * * * *

§ 320.20 *Sales to States or political subdivisions thereof and to the United States.* No tax attaches to articles sold by the retailer direct to the United States, any State, Territory of the United States, or any political subdivision of the foregoing, or the District of Columbia, for its exclusive use, provided the exempt character of the sale is established as required by the regulations in this part.

To establish the right to exemption from tax where the sale of an article is made by the retailer direct to the United States, any State, Territory of the United States, or any political subdivision of the foregoing, or the District of Columbia, for its exclusive use, it is necessary that (a) the retailer have definite knowledge prior to or at the time of sale, that the article is purchased for such use, and (b) he obtain from an authorized officer of the United States, the State, Territory of the United States, political subdivision, or District of Columbia, as the case may be, and retain in his possession a properly executed exemption certificate in the form prescribed by this section.

Where the certificate is obtained subsequent to the sale but prior to the time the retailer is required to file a return covering taxes due for the month during which the sale was made he should include the tax on such sale in his return for that month, in the item "Total tax due," but may deduct an amount equivalent to the tax applicable to such sale and pay the net tax resulting, making appropriate explanation either on the face of the return or on a rider attached thereto. If the certificate is not so obtained, the retailer must include the tax on such sale in his return for the month in which the sale was made. However, if the certificate is later obtained a claim for refund of tax paid may be filed on Form 843, or a credit taken upon a subsequent return, but such action must be taken within the 4-year period of limitation prescribed by section 3313.

The certificate required by this section must include an agreement that if the articles covered thereby are used otherwise than for the *exclusive use* of the United States, the State, Territory, political subdivision, or the District of Columbia, as the case may be, or if any of such articles are resold to employees or others, a responsible officer of the United States, State, Territory, or political subdivision, or the District of Columbia, as the case may be, will report and pay the tax on such sales to the collector for the district in which the sale is made.

The certificate required by this section shall be in substantially the following form:

EXEMPTION CERTIFICATE

(For use by United States, States, Territories, or political subdivisions thereof, or the District of Columbia.)

----------, 19--.
(Date.)

The undersigned hereby certifies that he is ----------
(Title of Officer.)

of ----------
(United States, State, Territory, or political subdivision, or District of Columbia.)

---------- and that he is authorized to execute this certificate and that the article or articles specified in the accompanying order or on the reverse side hereof, are purchased from---------- for the exclusive use of ----------
(Name of company.) (Governmental unit.)

of ---------- (United States, State, Territory, or political subdivision, or District of Columbia.)

It is understood that the exemption from tax in the case of sales of articles under this exemption certificate to the United States, States, etc., is limited to the sale of articles purchased for their *exclusive use*, and it is agreed that if articles purchased tax free under this exemption certificate are used otherwise or are sold to employees or others, such fact will be reported and tax paid by me to the collector of internal revenue for the district in which the sale was made. It is also understood that the fraudulent use of this certificate to secure exemption will subject the undersigned and all guilty parties to a fine of not more than $10,000, or to imprisonment for not more than five years, or both, together with costs of prosecution.

---------- (Signature.)
(Title of officer.)

If it is impracticable to furnish a separate certificate for each order or contract, a certificate covering all orders between given dates (such period not to exceed a month) will be acceptable. Such certificates and proper records of invoices, orders, etc., relative to tax-free sales must be retained as provided in § 320.62. If, upon inspection, it is discovered that a retailer's records with respect to any sale claimed to be tax free do not contain a proper certificate, as outlined above, with supporting invoices and such other evidence as may be necessary to establish the exempt character of the sale, tax shall be payable by the retailer on such sale.

The articles covered by the exemption certificate must be fully identified as to nature, quantity, and date of sale.*

Exports, and Shipments to Possessions of the United States

[SEC. 2406. TAX-FREE SALES.]

[Under regulations prescribed by the Commissioner with the approval of the Secretary, no tax under this chapter shall be imposed with respect to the sale of any article.]

(b) for export, or for shipment to a possession of the United States, and in due course so exported or shipped.

§ 320.21 *Sales for export.* To exempt from tax a sale for export it is necessary that two conditions be met, namely, (a) that the article be identified as having been sold *by the retailer* for export and (b) that it be exported in due course.

In order to establish exemption from tax in the case of the sale of a taxable article for export it is necessary that the retailer maintain adequate records and have in his possession documentary evidence showing that the article was so sold.*

§ 320.22 *Shipments to possessions of the United States.* The same provisions as relate to sales for export and proof of exportation will apply to sales for shipment to a possession of the United States if the articles are in due course so shipped. (See §§ 320.1 and 320.21.)

This exemption does not apply with respect to sales of articles for shipment to the Territories of Alaska and Hawaii for the reason that these Territories are by a statutory definition included in the term "United States." (See section 3797 (a) (9).).*

SUBPART D—TAX ON JEWELRY, ETC.

SEC. 2400. TAX ON JEWELRY, ETC.

There is hereby imposed upon the following articles sold at retail a tax equivalent to 10 per centum of the price for which so sold: All articles commonly or commercially known as jewelry, whether real or imitation; pearls, precious and semiprecious stones, and imitations thereof; articles made of, or ornamented, mounted or fitted with, precious metals or imitations thereof; watches and clocks and cases and movements therefor; gold, gold-plated, silver, silver-plated or sterling flatware or hollow ware; opera glasses; lorgnettes; marine glasses; field glasses; and binoculars. The tax imposed by this section shall not apply to any article used for religious purposes, to surgical instruments, or to frames or mountings for spectacles or eyeglasses, or to a fountain pen if the only parts of the pen which consist of precious metals are essential parts not used for ornamental purposes.

§ 320.30 *Scope of tax.* The tax attaches to the sale by the retailer of articles:

(a) All articles commonly or commercially known as jewelry, whether real or imitation;

(b) Pearls, precious and semi-precious stones and imitations thereof;

(c) All other articles made of, ornamented, mounted or fitted with, precious metals or imitations thereof;

(d) Articles specifically mentioned in the Code, such as watches, clocks, cases and movements therefor; gold, gold-plated, silver, silver-plated or sterling flatware or hollow ware; opera glasses; lorgnettes; marine glasses; field glasses; and binoculars.*

§ 320.31 *Jewelry.* Jewelry in general includes articles designed to be worn on the person or apparel for the purpose of adornment and which in accordance with custom or ordinary usage are worn so as to be displayed, such as rings, chains, brooches, bracelets, cuff buttons, necklaces, earrings, beads, etc. The tax is imposed on the sale of any of such articles at retail, regardless of the substance of which made and without reference to their utilitarian value or purpose, unless for a purpose specifically exempted by law. The term "jewelry"

ordinarily does not include articles designed to be carried in the hand or hung over the arm, such as canes, bags and purses. Likewise, many things designed to be carried in the hand or worn concealed about the person, such as vanity cases, mesh bags, cigarette cases, eyeglass cases, and pencils, do not fall within the category of jewelry, as defined above, but such articles are taxable under this section of the Code when made of, or ornamented, mounted or fitted with, precious metals or imitations thereof (see § 320.33). It is immaterial under the Code whether the jewelry is real or imitation.*

§ 320.32 *Pearls, precious and semi-precious stones, and imitations thereof.* The tax is imposed on the sale at retail of all pearls and precious or semi-precious stones, regardless of whether such pearls, precious or semi-precious stones are real or imitations, cut or uncut, whether drilled, mounted, or matched, and whether temporarily or permanently strung and whether with or without clasps. Beads are subject to the tax as jewelry if the beads are strung ready for use. The sale of loose beads is not subject to the tax unless such beads are pearls, precious or semi-precious stones, or imitations thereof.*

§ 320.33 *Articles made of, or ornamented, mounted or fitted with, precious metals or imitations thereof.* The tax is imposed on the sale at retail of any article, as distinguished from those articles commonly or commercially known as jewelry as described in § 320.31, which are made of, or ornamented, mounted or fitted with, precious metals or imitations thereof. The term "precious metals" includes platinum, gold, silver, and other metals of similar or greater value. The term "imitations thereof" includes platings and alloys of such metals. Any article, for example, photograph frames, book ends, ash trays, vanity cases, mesh bags, cigarette cases, etc., glassware, china, pottery, and like articles, which is ornamented with gold, silver, or other precious metals or imitations thereof, is subject to the tax.

Purses, handbags, etc., with frames, snaps, catches, buckles, or clips, etc., made of, ornamented, mounted or fitted with, precious metals or imitations thereof are taxable even though such fittings serve a utilitarian purpose.

Examples of other articles which become subject to the tax when ornamented, mounted or fitted with, precious metals or imitations thereof are umbrellas, walking sticks, cigarette lighters, shoe buckles, etc. If the only parts of a fountain pen which consists of precious metals are essential parts not used for ornamental purposes such a fountain pen is not subject to the tax. However, if a fountain pen is otherwise ornamented, mounted or fitted with, precious metals or imitations thereof it will be subject to tax when sold by the retailer.*

§ 320.34 *Watches and clocks.* The tax is imposed on the sale at retail of watches and clocks or cases and movements therefor. The term "watches and clocks" includes all time measuring devices whether actuated by weights, springs or electrical energy.*

§ 320.35 *Gold, gold-plated, silver, silver-plated or sterling flatware or hollow ware.* The tax is imposed on the sale at retail of any gold, gold-plated, silver, silver-plated or sterling flatware or hollow ware. The terms "flatware or hollow ware" includes all articles commonly or commercially known and sold as such in the trade. Any gold, gold-plated, silver, silver-plated, or sterling article which is not so known or sold in the trade as flatware or hollow ware, is subject to the tax as an article made of, ornamented, mounted or fitted with precious metals or imitations thereof.*

§ 320.36 *Opera glasses, lorgnettes, marine glasses, etc.* The tax is imposed on the sale at retail of opera glasses, lorgnettes, marine glasses, field glasses, or binoculars. These articles are specifically enumerated in the Code and the terms used are held to include only those which are portable instruments. Articles known as marine glasses, field glasses, and similar optical instruments which by reason of their size or weight are ordinarily mounted upon tripods or other bases, are not subject to the provisions of section 2400. Such articles are taxable under section 3406 (a) (9) relating to optical equipment, as added by section 551 of the Revenue Act of 1941.*

§ 320.37 *Exemptions.* Under the specific provisions of the Code the tax does not attach to the sale of surgical instruments, or frames or mountings for spectacles or eyeglasses, or to articles used for religious purposes even though made of, or ornamented, mounted or fitted with, precious metals or imitations thereof.

The phrase "articles used for religious purposes" means articles of a description ordinarily taxable but which are commonly used in religious devotion. However, an article commonly used for non-religious purposes may be sold tax free if purchased from the retailer for use exclusively for religious purposes.

In order for a retailer to establish his right to exemption from tax in the case of a sale of an article for religious purposes such retailer must have in his possession an affidavit from the consumer certifying that the article was purchased solely for such purposes.

In the case of fitted toilet cases, etc., taxable under section 3406 (a) (2), relating to luggage, as added by section 551 of the Revenue Act of 1941, the toilet case will not be subject to the tax when sold by the retailer. However, the retailer will be held liable for the tax on the sale of any items of jewelry within the scope of this section which are contained therein. The tax on such items is to be based on the usual price for which they are sold by retailers to consumers. The toilet cases will be subject to tax under section 3406 (a) (2) when sold by the manufacturer.*

§ 320.38 *Rate of tax.* The tax is payable by the retailer at the rate of 10 per cent of the price for which such articles are sold as determined under §§ 320.5 to 320.10 inclusive and under § 320.64.*

SUBPART E—TAX ON FURS

SEC. 2401. TAX ON FURS.

There is hereby imposed upon the following articles sold at retail a tax equivalent to 10 per centum of the price for which so sold: Articles made of fur on the hide or pelt, and articles of which such fur is the component material of chief value.

§ 320.40 *Scope of tax.* The tax attaches to the sale by the retailer of certain articles classified as follows:

(a) Articles made of fur on the hide or pelt; and

(b) Articles of which such fur is the component material of chief value.

The tax does not apply to sales of raw fur.

The tax is not confined to the sale of fur articles used as wearing apparel but applies to sales of any fur article suitable for any use, such as fur rugs, fur robes, etc.

The tax applies to the sale of any article made of fur on the hide or pelt, or of any article where the component material of chief value of such article is fur on the hide or pelt.

The component material of chief value of any article, for the purpose of these regulations, is that component material which is not exceeded in value by any other *single* component.

Where fur is a component material of an article and exemption with respect to the sale of such article is claimed on the ground that fur is not the component material of chief value, the retailer must maintain adequate records or have in his possession proper documentary evidence to establish to the satisfaction of the Commissioner that the fur is not the component material of chief value. In the absence of such documentary evidence the tax must be paid with respect to the sale of such article at retail.*

§ 320.41 *Rate of tax.* The tax is payable by the retailer at the rate of 10 per cent of the price for which the articles are sold as determined under §§ 320.5 to 320.10 inclusive and under § 320.64.*

SUBPART F—TOILET PREPARATIONS, ETC.

SEC. 2402. TAX ON TOILET PREPARATIONS.

(a) *Tax.* There is hereby imposed upon the following articles sold at retail a tax equivalent to 10 per centum of the price for which so sold: Perfumes, essences, extracts, toilet waters, cosmetics, petroleum jellies, hair oils, pomades, hair dressings, hair restoratives, hair dyes, aromatic cachous, toilet powders, and any similar substance, article, or preparation, by whatsoever name known or distinguished; any of the above which are used or applied or intended to be used or applied for toilet purposes.

* * * * *

§ 320.50 *Scope of tax.* The tax attaches to the sale by the retailer of the articles enumerated in section 2402 and similar articles commonly or commercially known as toilet articles, which are used or applied, or intended to be used or applied, for toilet purposes. Any article advertised or held out for toilet purposes, or for any purpose for which the articles enumerated in the law are customarily used, will be subject to the tax regardless of the name by which it may be known or distinguished. The tax attaches to the sale by the retailer of any preparation which is used or applied or intended to be used or applied for toilet purposes or used in connection with the bath or care of the body, or applied to the clothing as a perfume or to the body as a toilet article. The fact that any particular product, preparation, or substance coming within the scope of this law may have, or be held out to have, a medicinal, stimulating, remedial, or curative value does not exempt it from the tax, if it is used, or held out for use, as an adjunct to the toilet or for toilet purposes.

Shampoo oils and liquids of the so-called "soapless" variety are taxable as toilet preparations. Witch hazel; bay rum; bath crystals and salts; deodorants for personal use; hair and scalp lotions for treatment of falling hair, dandruff, etc.; foot powders; face creams and lotions; hand lotions; lipsticks; rouges, face powders; eyebrow and eyelash mascara; eye shadow creams; eau de cologne; brilliantine and hair oils; baby oils and baby powders; oils, creams, etc., for the prevention of sunburn; rose water and glycerine; breath sweetening pellets other than chewing gum or candy; sachets; stain removers for use in removing ink, berry and other stains from the body; nail lacquers, cuticle removers and softeners, polish removers, etc.; depilatories; eye washes; after shaving lotions; theatrical make-up; hair bleaches and dyes; permanent waving solutions; toilet pumice; styptics; pore cleansers; and suntan oils, are examples of the type of article taxable under this section but the exclusion from this list of an article otherwise within the scope of the articles enumerated in section 2402 will not operate to exclude such article from the taxable class.

In the case of fitted toilet cases, etc., taxable under section 3406 (a) (2) relating to luggage, as added by section 551 of the Revenue Act of 1941, the toilet case will not be subject to the tax when sold by the retailer. However, the retailer will be held liable for the tax on the sale of any toilet preparations contained therein, such tax to be based on the usual price for which such articles are sold by the retailer. The toilet cases will be subject to the tax imposed by section 3406 (a) (2) when sold by the manufacturer, producer or importer.*

§ 320.51 *Rate of Tax.* The tax is payable by the retailer at the rate of 10 percent of the price for which the articles are sold as determined under §§ 320.5 to 320.10, inclusive and under § 320.64.*

[SEC. 2402. TAX ON TOILET PREPARATIONS.]

(b) *Beauty parlors, etc.* For the purposes of subsection (a) the sale of any article described in subsection (a) to any person operating a barber shop, beauty parlor, or similar establishment shall be considered a sale at retail; resale by such person shall be subject to tax as a sale at retail, but there shall be credited against the tax payable by such person with respect to such resale the amount of tax paid on the sale to such person.

§ 320.52 *Sales to beauty parlors, etc.* Any person who sells toilet preparations taxable under section 2402 (a) to another person operating a barber shop, beauty parlor or similar establishment shall be deemed to have sold such articles at retail and must make a return and pay tax on all such sales as provided in § 320.60. In any case where the operator of the barber shop, beauty parlor or similar establishment resells the articles at retail, such operator will be liable for the tax imposed by section 2402 (a) on the resale. However, in determining the tax to be paid by the operator a credit may be taken in the amount of the tax paid by the operator's vendor under section 2402 (a). (See § 320.65.)*

SUBPART G—MISCELLANEOUS PROVISIONS

Administrative Provisions, Monthly Returns and Payment of Tax

SEC. 2403. RETURN AND PAYMENT OF RETAILERS' EXCISE TAXES.

(a) Every person who sells at retail any article taxable under this chapter shall make monthly returns under oath in duplicate and pay the taxes imposed by this chapter to the collector for the district in which is located his principal place of business or, if he has no principal place of business in the United States, then to the collector at Baltimore, Maryland. Such returns shall contain such information and be made at such times and in such manner as the Commissioner, with the approval of the Secretary, may by regulations prescribe.

(b) The tax shall, without assessment by the Commissioner or notice from the collector, be due and payable to the collector at the time so fixed for filing the return. If the tax is not paid when due, there shall be added as part of the tax interest at the rate of 6 per centum per annum from the time when the tax became due until paid.

* * * * *

Applicability of Administrative Provisions

SEC. 2408. APPLICABILITY OF ADMINISTRATIVE PROVISIONS.

All provisions of law (including penalties) applicable in respect of the taxes imposed by section 2700 shall, insofar as applicable and not inconsistent with this chapter, be applicable in respect of the taxes imposed by this chapter.

SEC. 2711. OTHER LAWS APPLICABLE.

All administrative, special, or stamp provisions of law, including the law relating to the assessment of taxes, so far as applicable, shall be extended to and made a part of this subchapter.

Records, Statements, and Special Returns

SEC. 2709. RECORDS, STATEMENTS, AND RETURNS.

Every person liable to any tax imposed by this subchapter, or for the collection thereof, shall keep such records, render under oath such statements, make such returns, and comply with such rules and regulations, as the Commissioner, with the approval of the Secretary, may from time to time prescribe.

SEC. 3603. NOTICE REQUIRING RECORDS, STATEMENTS, AND SPECIAL RETURNS.

Whenever in the judgment of the Commissioner necessary he may require any person, by notice served upon him, to make a return, render under oath such statements, or keep such records as the Commissioner deems sufficient to show whether or not such person is liable to tax.

SEC. 3632. AUTHORITY TO ADMINISTER OATHS, TAKE TESTIMONY, AND CERTIFY.

(a) *Internal Revenue Personnel.*—(1) *Persons in charge of administration of internal revenue laws generally.* Every collector, deputy collector, internal revenue agent, and internal revenue officer assigned to duty under an internal revenue agent, is authorized to administer oaths and to take evidence touching any part of the administration of the internal revenue laws with which he is charged, or where such oaths and evidence are authorized by law or regulation authorized by law to be taken.

(2) *Persons in charge of exports and drawbacks.* Every collector of internal revenue and every superintendent of exports and drawbacks is authorized to administer such oaths and to certify to such papers as may be necessary under any regulation prescribed under the authority of the internal revenue laws.

(b) *Others.* Any oath or affirmation required or authorized by any internal revenue law or by any regulations made under authority thereof may be administered by any person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered, or by any consular officer of the United States. This subsection shall not be construed as an exclusive enumeration of the persons who may administer such oaths or affirmations.

SEC. 3830. WITNESSING OF RETURNS IN LIEU OF OATH. The Commissioner, with the approval of the Secretary, may by regulation prescribe that any return required by any internal revenue law (except returns required under income or estate tax laws) to be under oath may, if the amount of the tax covered thereby is not in excess of $10, be signed or acknowledged before two witnesses instead of under oath.

Examination of Books and Witnesses

SEC. 3614. EXAMINATION OF BOOKS AND WITNESSES. (a) *To determine liability of the taxpayer.* The Commissioner, for the purpose of ascertaining the correctness of any return or for the purpose of making a return where none has been made, is authorized, by any officer or employee of the Bureau of Internal Revenue, including the field service, designated by him for that purpose, to examine any books, papers, records, or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or of any officer or employee of such person, or the attendance of any other person having knowledge in the premises, and may take his testimony with reference to the matter required by law to be included in such return, with power to administer oaths to such person or persons.

* * * * *

SEC. 3612. RETURNS EXECUTED BY COMMISSIONER OR COLLECTOR.

(a) *Authority of collector.* If any person fails to make and file a return or list at the time prescribed by law or by regulation made under authority of law, or makes, willfully or otherwise, a false or fraudulent return or list, the collector or deputy collector shall make the return or list from his own knowledge and from such information as he can obtain through testimony or otherwise.

(b) *Authority of Commissioner.* In any such case the Commissioner may, from his own knowledge and from such information as he can obtain through testimony or otherwise—

(1) *To make return.* Make a return, or

(2) *To amend collector's return.* Amend any return made by a collector or deputy collector.

(c) *Legal status of return.* Any return or list so made and subscribed by the Commissioner, or by a collector or deputy col-

lector and approved by the Commissioner, shall be prima facie good and sufficient for all legal purposes.

* * * * *

§ 320.60 *Returns.* Each person required to report a tax on the sale of any of the articles covered by the regulations in this part must make a return on Form 728A in accordance with the instructions thereon. The return must be made in duplicate under oath for each calendar month and must be verified before an officer duly authorized to administer oaths. If the amount of the tax is $10 or less, the return may be signed or acknowledged before two witnesses instead of under oath. Such return, together with the tax, must be filed with the collector of the district in which is located the principal place of business of the taxpayer (or, if he has no principal place of business in the United States, with the collector at Baltimore, Md.), on or before the last day of the month following that for which it is made.

When the last day of the month in which the return is due falls on Sunday or a legal holiday the return may be filed with the collector of internal revenue, or his authorized representative on the next secular or business day. A return must be forwarded to the collector for each month whether or not any liability has been incurred for that month. If a retailer ceases business the last return should be marked "Final return".*

§ 320.61 *Payment of taxes.* All taxes are due and payable to the collector of internal revenue, without assessment by the Commissioner or notice from the collector, at the time fixed for filing the return. If the tax is not paid when due there shall be added as part of the tax interest at the rate of 6 per cent per annum from the time the tax became due to the actual date of payment or assessment, whichever is prior. For provisions with respect to interest generally, including interest on assessments, see § 320.67.*

§ 320.62 *Records.* Every person required to file a return and pay tax on the sale of an article at retail, shall keep on file at his principal place of business, or some other convenient or safe location, accurate records and accounts of all transactions. Evidence with respect to sales at retail for export, or shipment to a possession of the United States, and sales at retail to States or political subdivisions thereof, upon which no tax is due, must be maintained. (See §§ 320.20, 320.21, and 320.22.)

The records shall contain sufficient information to enable the Commissioner to determine whether the correct amount of tax has been paid. Such records shall at all times be open for inspection by internal-revenue officers, and shall be maintained for a period of at least four years from the date the tax became due or, in the case of tax-free sales, for a period of at least four years from the last day of the month following the month in which the sale was made.*

Jeopardy Assessments

SEC. 3660. JEOPARDY ASSESSMENT.

(a) If the Commissioner believes that the collection of any tax (other than income tax, estate tax, and gift tax) under any provision of the internal-revenue laws will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax (together with all interest and penalties the assessment of which is provided for by law). Such tax, penalties, and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the collector for the payment thereof. Upon failure or refusal to pay such tax, penalty, and interest, collection thereof by distraint shall be lawful without regard to the period prescribed in section 3690.

(b) The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of the amount collection of which is stayed, at the time at which, but for this section, such amount would be due.

§ 320.63 *Jeopardy assessment.* Whenever in the opinion of the collector it becomes necessary to protect the interests of the Government by requiring an immediate return and collection of the tax, the matter shall be promptly reported to the Commissioner by telegram or letter showing the reasons therefor. The communication must state the full name and address of the person involved, the kind and amount of taxes due and the period involved, so that the Commissioner can immediately assess the tax together with all penalties and interest due. Such tax, penalties, and interest will, upon assessment, become immediately due and payable, and the collector shall, without delay, issue a notice and demand for payment thereof in full.

If a taxpayer is not actually in default in filing returns or in paying any tax under the internal-revenue laws, the collection of the whole or any part of the amount of such jeopardy assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount with respect to which the stay is desired, and with such sureties as the collector deems necessary, conditioned upon the payment of the amount, collection of which is stayed, at the time at which such amount would normally be due.

Upon refusal to pay, or failure to pay or give bond, the collector shall proceed immediately to collect the tax, penalty, and interest by distraint, without regard to the 10-day period after notice and demand prescribed in § 3690.*

Credits and Refunds

SEC. 3770. AUTHORITY TO MAKE ABATEMENTS, CREDITS, AND REFUNDS.

(a) *To taxpayers.*—(1) *Assessments and collections generally.* Except as otherwise provided by law in the case of income, estate, and gift taxes, the Commissioner, subject to regulations prescribed by the Secretary, is authorized to remit, refund, and pay back all taxes erroneously or illegally assessed or collected, all penalties collected without authority, and all taxes that appear to be unjustly assessed or excessive in amount, or in any manner wrongfully collected.

(2) *Assessments and collections after limitation period.* Any tax (or any interest, penalty, additional amount, or addition to such tax) assessed or paid after the expiration of the period of limitation properly applicable thereto shall be considered an overpayment and shall be credited or refunded to the taxpayer if claim therefor is filed within the period of limitation for filing such claim.

(3) *Date of allowance.* Where the Commissioner has signed a schedule of overassessments in respect of any internal revenue tax imposed by this title, the Revenue Act of 1932, or any prior revenue act, the date on which he first signed such schedule (if after May 28, 1928) shall be considered as the date of allowance of refund or credit in respect of such tax.

SEC. 3313. PERIOD OF LIMITATION UPON REFUNDS AND CREDITS.

All claims for the refunding or crediting of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty alleged to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected must, except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, be presented to the Commissioner within four years next after the payment of such tax, penalty, or sum. The amount of the refund (in the case of taxes other than income, war-profits, excess-profits, estate, and gift taxes shall not exceed the portion of the tax, penalty, or sum paid during the four years immediately preceding the filing of the claim, or if no claim was filed, then during the four years immediately preceding the allowance of the refund.

SEC. 3771. INTEREST ON OVERPAYMENTS.

(a) *Rate.* Interest shall be allowed and paid upon any overpayment in respect of any internal revenue tax at the rate of 6 per centum per annum.

(b) *Period.* Such interest shall be allowed and paid as follows:

(1) *Credits.* In the case of a credit, from the date of the overpayment to the due date of the amount against which the credit is taken, but if the amount against which the credit is taken, but if the amount against which the credit is taken is an additional assessment of a tax imposed by the Revenue Act of 1921, 42 Stat. 22, or any subsequent Revenue Act, then to the date of the assessment of that amount.

(2) *Refunds.* In the case of a refund, from the date of the overpayment to a date preceding the date of the refund check by not more than thirty days, such date to be determined by the Commissioner, whether or not such refund check is accepted by the taxpayer after tender of such check to the taxpayer. The acceptance of such check shall be without prejudice to any right of the taxpayer to claim any additional ove payment and interest thereon.

(c) *Additional assessment defined.* As used in this section the term "additional assessment" means a further assessment for a tax of the same character previously paid in part, and includes the assessment of a deficiency of any income or estate tax imposed by the Revenue Act of 1924, 43 Stat. 233, or by any subsequent Revenue Act.

SEC. 3772. SUITS FOR REFUND. (a) *Limitations.*—(1) *Claim.* No suit or proceeding shall be maintained in any court for the recovery of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty claimed to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected until a claim for refund or credit has been duly filed with the Commissioner, according to the provisions of law in that regard, and the regulations of the Secretary established in pursuance thereof.

(2) *Time.* No such suit or proceeding shall be begun before the expiration of six months from the date of filing such claim unless the Commissioner renders a decision thereon within that time, nor after the expiration of two years from the date of mailing by registered mail by the Commissioner to the taxpayer of a notice of the disallowance of the part of the claim to which such suit or proceeding relates.

(3) *Reconsideration after mailing of notice.* Any consideration, reconsideration, or action by the Commissioner with respect to such claim following the mailing of a notice by registered mail of disallowance shall not operate to extend the period within which suit may be begun. This paragraph shall not operate (A) to bar a suit or proceeding in respect of a claim reopened prior to June 22, 1936, if such suit or proceeding was not barred under the law in effect prior to that date, or (B) to prevent the suspension of the statute of limitations for filing suit under section 3774 (b) (2).

(b) *Protest or duress.* Such suit or proceeding may be maintained, whether or not such tax, penalty, or sum has been paid under protest or duress.

* * * * *

SEC. 3774. REFUNDS AFTER PERIODS OF LIMITATION.

A refund of any portion of an internal revenue tax (or any interest, penalty, additional amount, or addition to such tax) shall be considered erroneous—

(a) *Expiration of period for filing claim.* If made after the expiration of the period of limitation for filing claim therefor, unless within such period claim was filed; or

(b) *Disallowance of claim and expiration of period for filing suit.* In the case of a claim filed within the proper time and disallowed by the Commissioner if the refund was made after the expiration of the period of limitation for filing suit, unless—

(1) within such period suit was begun by the taxpayer, or

(2) within such period, the taxpayer and the Commissioner agreed in writing to suspend the running of the statute of limitations for filing suit from the date of the agreement to the date of final decision in one or more named cases then pending before the Board of Tax Appeals or the courts. If such agreement has been entered into, the running of such statute of limitations shall be suspended in accordance with the terms of the agreement.

* * * * *

SEC. 3775. CREDITS AFTER PERIODS OF LIMITATION.

(a) *Period against United States.* Any credit against a liability in respect of any taxable year shall be void if any payment in respect of such liability would be considered an overpayment under section 3770 (a) (2).

(b) *Period against taxpayer.* A credit of an overpayment in respect of any tax shall be void if a refund of such overpayment would be considered erroneous under section 3774.

SEC. 2407. CREDIT AND REFUNDS.

(a) A credit against tax under this chapter, or a refund, may be allowed with respect to an article, when the price on which the tax was based is readjusted by reason of return or repossession of the article, or by a bona fide discount, rebate, or allowance, in the amount of that part of the tax proportionate to the part of the price which is refunded or credited.

(b) No overpayment of tax under this chapter shall be credited or refunded, in pursuance of a court decision or otherwise, unless the person who paid the tax establishes, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, (1) that he has not included the tax in the price of the article with respect to which it was imposed, or collected the amount of tax from the purchaser, or (2) that he has repaid the amount of the tax to the purchaser of the article, or unless he files with the Commissioner written consent of such purchaser to the allowance of the credit or refund.

[SEC. 2402. TAX ON TOILET PREPARATIONS.]

(b) *Beauty parlors, etc.* For the purposes of subsection (a) the sale of any article described in subsection (a) to any person operating a barber shop, beauty parlor, or similar establishment shall be considered a sale at retail; resale by such person shall be subject to tax as a sale at retail, but there shall be credited against the tax payable by such person with respect to such resale the amount of tax paid on the sale to such person.

§ 320.64 *Returned goods; price adjustments.* A retailer may be allowed a credit or refund of tax under section 2407 (a) with respect to any article where the price on which the tax was based is readjusted by reason of return or repossession of the article, or by a bona fide discount, rebate, or allowance. The allowable credit or refund is limited in amount to that part of the tax which is proportionate to the part of the sale price refunded or credited by the retailer to the purchaser.

A credit or refund of tax is not allowable with respect to an article returned as a "trade-in" in the purchase of another article. In such case, there is no adjustment within the meaning of section 2407 (a) of the price at which the first article was sold. Instead, the sale of the second article is a separate and distinct transaction in which the first article is merely applied in part payment of the purchase price. Accordingly, the full amount of the tax due upon the sale of the second article is payable without any allowance or offset for the tax paid on the sale of the first article. (See § 320.5)

The application of the credit or refund allowable under section 2407 (a) is illustrated by the following examples:

Example 1. If because of a defect, or a failure under a warranty, or some other like reason, an article is returned to the retailer from whom originally purchased and the entire purchase price, including tax, is credited or refunded to the purchaser, the retailer may claim a credit or refund of the full amount of the tax originally paid by him on the sale of such article.

Example 2. If the article mentioned in the first example is not returned but instead the retailer makes an adjustment by crediting or refunding a percentage, such as 25 per cent of the purchase price, including tax, to the purchaser, the retailer may claim a credit or refund of such percentage, that is, 25 per cent of the tax originally paid by him on the sale of the article.

For provisions relating to credits and refund generally, see § 320.66.*

§ 320.65 *Beauty parlors, etc.* Whenever any person operating a barber shop, beauty parlor, or similar establishment becomes liable for tax under section 2402 (a) by reason of his resale of toilet preparations purchased by him tax paid under such section, a credit against the tax due on the resale may be allowed in the amount of the tax paid by the operator's vendor under section 2402 (a). In no case shall the amount of the credit exceed the amount of tax due from the operator.*

§ 320.66 *Credits and refunds generally.* (a) If a person overpays the tax due he may either file a claim for refund on Form 843 or take credit for such overpayment against the tax due the Government on a subsequent monthly return. A complete statement of the facts involving the overpayment must be attached either to the claim or to the return on which the credit is claimed.

(b) Every claim for refund must be supported by evidence showing (1) the name and address of the person who paid to the United States the tax of which refund is claimed, (2) the date of payment, and (3) the amount of such tax. A credit taken on a return must be supported by evidence of the same character. If it is impossible to furnish such evidence at the time when the credit is taken, a statement to that effect must be submitted with the return in which the credit is taken. The evidence supporting such credit must be filed with the collector within 30 days after the date on which the return is filed. If the required evidence is not so filed within that period, the amount of the credit will be disallowed and assessment of the tax resulting from the disallowance will be made on the current assessment list.

(c) No credit or refund shall be allowed whether in pursuance of a court decision or otherwise unless the taxpayer files a sworn statement explaining satisfactorily the reason for claiming the credit or refund and establishing (1) that he has not included the tax in the price of the article with respect to which it was imposed, or collected the amount of tax from the vendee, or (2) that he has either repaid the amount of tax to the purchaser of the article or has secured the written consent of such purchaser to the allowance of the credit or refund. In the latter case the written consent of the purchaser must accompany the sworn statement filed with the credit or refund claim. For the purpose of the tax the "purchaser" is a person who purchases an article for consumption and not for resale. The statement supporting the credit or refund claim must also show whether any previous claim for credit or refund covering the amount involved, or any part thereof, has been filed with the collector or Commissioner.

A complete and detailed record of each overpayment must be kept by the taxpayer for a period of at least four years from the date any credit is taken or refund is claimed.*

SEC. 3760. CLOSING AGREEMENTS.

(a) *Authorization.* The Commissioner (or any officer or employee of the Bureau of Internal Revenue, including the field service, authorized in writing by the Commissioner) is authorized to enter into an agreement in writing with any person relating to the liability of such person (or of the person or estate for whom he acts) in respect of any internal revenue tax for any taxable period.

(b) *Finality.* If such agreement is approved by the Secretary, the Under Secretary, or an Assistant Secretary, within such time as may be stated in such agreement, or later agreed to, such agreement shall be final and conclusive, and, except upon a showing of

fraud or malfeasance, or misrepresentation of a material fact—

(1) The case shall not be reopened as to the matters agreed upon or the agreement modified, by any officer, employee, or agent of the United States, and

(2) In any suit, action, or proceeding, such agreement, or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance therewith, shall not be annulled, modified, set aside, or disregarded.

Penalties and Interest

[SEC. 2403. RETURN AND PAYMENT OF RETAILERS' EXCISE TAXES.]

(b) * * * If the tax is not paid when due, there shall be added as part of the tax interest at the rate of 6 per centum per annum from the time when the tax became due until paid.

SEC. 2408. APPLICABILITY OF ADMINISTRATIVE PROVISIONS.

All provisions of law (including penalties) applicable in respect of the taxes imposed by section 2700 shall, insofar as applicable and not inconsistent with this chapter, be applicable in respect of the taxes imposed by this chapter.

SEC. 2711. OTHER LAWS APPLICABLE.

All administrative, special, or stamp provisions of law, including the law relating to the assessment of taxes, so far as applicable, shall be extended to and made a part of this subchapter.

[SEC. 3612. RETURNS EXECUTED BY COMMISSIONER OR COLLECTOR.]

(d) *Additions to tax*—(1) *Failure to file return.*—In case of any failure to make and file a return or list within the time prescribed by law, or prescribed by the Commissioner or the collector in pursuance of law, the Commissioner shall add to the tax 25 per centum of its amount, except that when a return is filed after such time and it is shown that the failure to file it was due to a reasonable cause and not to willful neglect, no such addition shall be made to the tax: *Provided*, That in the case of a failure to make and file a return required by law, within the time prescribed by law or prescribed by the Commissioner in pursuance of law, if the last date so prescribed for filing the return is after August 30, 1935, then there shall be added to the tax, in lieu of such 25 per centum; 5 per centum if the failure is for not more than 30 days, within additional 5 per centum for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per centum in the aggregate.

(2) *Fraud.* In case a false or fraudulent return or list is willfully made, the Commissioner shall add to the tax 50 per centum of its amount.

* * * * *

(e) Collections of additions to tax.—The amount added to any tax under paragraphs (1) and (2) of subsection (d) shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, falsity, or fraud, in which case the amount so added shall be collected in the same manner as the tax.

SEC. 3655. NOTICE AND DEMAND FOR TAX.

(a) *Delivery.*—Where it is not otherwise provided, the collector shall in person or by deputy, within ten days after receiving any list of taxes from the Commissioner, give notice to each person liable to pay any taxes stated therein, to be left at his dwelling or usual place of business, or to be sent by mail, stating the amount of such taxes and demanding payment thereof.

(b) *Addition to tax for nonpayment.*—If such person does not pay the taxes, within ten days after the service or the sending by mail of such notice, it shall be the duty of the collector or his deputy to collect the said taxes with a penalty of 5 per centum additional upon the amount of taxes, and interest at the rate of 6 per centum per annum from the date of such notice to the date of payment; except that in the case of income, estate or gift taxes, such penalties shall not apply and the interest for nonpayment of tax shall be such as is specifically provided by law with respect to such taxes.

§ 320.67 *Penalties and interest.* In the case of failure to file a return within the prescribed time, a certain percentage of the amount of the tax is added to the tax unless the return is later filed and failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to willful neglect. The amount to be added to the tax is 5 per cent if the failure is for not more than 30 days, with an additional 5 per cent for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per cent in the aggregate.

Failure to pay tax within the time fixed for filing returns causes interest to accrue automatically, without assessment of the tax by the Commissioner or notice to the taxpayer, to the actual date of payment or assessment, whichever is prior. The due date of the tax for the purpose of computing interest is the last day of the month within which the return is required to be filed and the tax paid.

Where assessment is made, and payment is not made within 10 days after the issuance of the first notice and demand (Form 17), there will accrue, under section 3655, a 5 per cent penalty and interest at the rate of 6 per cent per annum computed upon the entire assessment from the date of issuance of Form 17 until date of payment. Where assessment is settled by partial payments, interest is computed at the above-prescribed rates from the date of the first 10-day notice through the date of first payment and on the balance from the next succeeding day to the date of the next payment until the assessment is paid in full.

If a claim for abatement is filed with the collector within 10 days after the date of the issuance of the first notice and demand, the 5 per cent penalty does not attach. If the assessment is not paid within 10 days after receipt of notice of rejection of the claim, the 5 per cent penalty applies. The filing of the claim does not stay the collection of interest, which continues to run for the full period that intervenes between the date of the first notice and demand and the date of payment.

If a false or fraudulent return is willfully made, the penalty under section 3612 (d) and (e) is 50 per cent of the total tax due for the entire period involved, *including any tax previously paid.*

Any person who willfully fails to pay any tax due, file return, or keep records, or who attempts in any manner to evade or defeat the tax, or who fraudulently uses any exemption certificate authorized by these regulations, is subject to a fine of $10,000, or imprisonment, or both, with costs of prosecution, and is also liable to a penalty equal to the amount of the tax not paid. These penalties apply to an officer or employee who, as such officer or employee, is under a duty to perform the act in respect of which the violation occurs, as well as to a person who fails or refuses to perform any of the duties imposed by the Code, i. e., pay the tax, make return, keep records, supply information, etc.

An internal-revenue officer discovering in the course of his duty information leading him to suspect a possible violation of any law with the enforcement of which he is not directly concerned should immediately report the matter to the Commissioner, who is authorized to communicate with the proper department involved.*

SEC. 2707. PENALTIES.

(a) Any person who willfully fails to pay, collect, or truthfully account for and pay over the tax imposed by section 2700 (a), or willfully attempts in any manner to evade or defeat any such tax or the payment thereof, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax evaded, or not paid, collected, or acounted for and paid over, to be assessed and collected in the same manner as taxes are assessed and collected. No penalty shall be assessed under this subsection for any offense for which a penalty may be assessed under authority of section 3612.

(b) Any person required under this subchapter to pay any tax, or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information, for the purposes of the computation, assessment, or collection of any tax imposed by this subchapter who willfully fails to pay such tax, make such returns, keep such records, or supply such information, at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than one year, or both, together with the costs of prosecution.

(c) Any person required under this subchapter to collect, account for any pay over any tax imposed by this subchapter, who willfully fails to collect or truthfully account for and pay over such tax, and any person who willfully attempts in any manner to evade or defeat any tax imposed by this subchapter or the payment thereof, shall, in addition to other penalties provided by law, be guilty of a felony and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(d) The term "person" as used in this section includes an officer or employee of a corporation, or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

SEC. 3710. SURRENDER OF PROPERTY SUBJECT TO DISTRAINT.

(a) *Requirement.* Any person in possession of property, or rights to property, subject to distraint, upon which a levy has been made, shall, upon demand by the collector or deputy collector making such levy, surrender such property or rights to such collector or deputy, unless such property or right is, at the time of such demand, subject to an attachment or execution under any judicial process.

(b) *Penalty for violation.* Any person who fails or refuses to so surrender any of such property or rights shall be liable in his own person and estate to the United States in a sum equal to the value of the property or rights not so surrendered, but not exceeding the amount of the taxes (including penalties and interest) for the collection of which such levy has been made, together with costs and interest from the date of such levy.

(c) *Person defined.* The term "person" as used in this section includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

[SEC. 3793. PENALTIES AND FORFEITURES.]

(b) *Fraudulent returns, affidavits, and claims*—(1) *Assistance in preparation or presentation.* Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under, the internal revenue laws, of a false or fraudulent return, affidavit, claim, or document, shall (whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document) be guilty of a felony, and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(2) *Persons defined.* The term "person" as used in this subsection includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

SEC. 4047. PENALTIES.

(a) Disclosure of information by officers and employees of the United States—(1) *Operations of manufacturer or producer.* It shall be unlawful for any collector, deputy collector, agent, clerk, or other officer or employee of the United States to divulge or to make known in any manner whatever not provided by law to any person the operations, style of work, or apparatus of any manufacturer or producer visited by him in the discharge of his official duties; and any offense against the foregoing provision shall be a misdemeanor and be punished by a fine not exceeding $1,000 or by imprisonment not exceeding one year, or both, at the discretion of the court; and the offender shall be dismissed from office or discharged from employment. The provisions of this paragraph shall apply to internal revenue agents as fully as to internal revenue officers.

Section 35, Criminal Code of the United States, as amended by the act approved April 4, 1938 (52 Stat., 197).

(A) Whoever shall make or cause to be made or present or cause to be presented, for payment or approval, to or by any person or officer in the civil, military, or naval service of the United States, or any department thereof, or any corporation in which the United States of America is a stockholder, any claim upon or against the Government of the United States, or any department or officer thereof, or any corporation in which the United States of America is a stockholder, knowing such claim to be false, fictitious, or fraudulent; or whoever shall knowingly and willfully falsify or conceal or cover up by any trick, scheme, or device a material fact, or make or cause to be made any false or fraudulent statements or representations, or make or use or cause to be made or used any false bill, receipt, voucher, roll, account, claim, certificate, affidavit, or deposition, knowing the same to contain any fraudulent or fictitious statement or entry in any matter within the jurisdiction of any department or agency of the United States or of any corporation in which the United States of America is a stockholder; or whoever shall enter into any agreement, combination, or conspiracy to defraud the Government of the United States, or any department or officer thereof, or any corporation in which the United States of America is a stockholder, by obtaining or aiding to obtain the payment or allowance of any false or fraudulent claim; * * * shall be fined not more than $10,000 or imprisoned not more than ten years, or both.

Misrepresentation of Tax

SEC. 3325. PENALTIES FOR FALSE STATEMENTS TO PURCHASERS REGARDING TAX.

Whoever in connection with the sale or lease, or offer for sale or lease, of any article, or for the purpose of making such sale or lease, makes any statement, written or oral, (1) intended or calculated to lead any person to believe that any part of the price at which such article is sold or leased, or offered for sale or lease, consists of a tax imposed under the authority of the United States, or (2) ascribing a particular part of such price to a tax imposed under the authority of the United States, knowing that such statement is false or that the tax is not so great as the portion of such price ascribed to such tax, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than $1,000 or by imprisonment not exceeding one year, or both.

SEC. 2409. PENALTY FOR REPRESENTATION THAT TAX IS NOT PASSED ON.

Whoever in connection with the sale or lease, or offer for sale or lease, of any article taxable under this chapter, makes any statement, written or oral, in advertisement or otherwise, intended or calculated to lead any person to believe that the price of the article does not include the tax imposed by this chapter, shall on conviction thereof be punished by a fine of not more than $1,000.

Fractional Part of Cent

SEC. 3658. FRACTIONAL PARTS OF A CENT.

In the payment of any tax under this title not payable by stamp a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to 1 cent.

Authority for Regulations

SEC. 2410. RULES AND REGULATIONS.

The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this chapter.

§ 320.68 *Promulgation of regulations.* In pursuance of the provisions of the law, the foregoing regulations are made and promulgated.*

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-939]

PART 337—MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

ORDER CORRECTING COPIES OF THE ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 17 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT CERTAIN MINES IN DISTRICT NO. 17

An Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued in the above-entitled matter on August 4, 1941, 6 F. R. 4072; and

It appearing that although the original Order was correct the printed copies thereof show the minimum price for the coals of the Mountain View Mine (Mine Index No. 486) in Size Group 2, for truck shipment, to be 494 cents per ton, whereas the correct minimum price for the coals of the Mountain View Mine in Size Group 2 for truck shipment is 495 cents per ton:

Now, therefore, it is ordered, That the copies of the Order Granting Temporary Relief and Conditionally Providing for Final Relief, dated August 4, 1941, Supplement T [§ 337.21 (*General prices in cents per net ton for shipment into all market areas*)], be, and the same hereby are corrected to the extent that the minimum price of 494 cents per ton, shown therein for the coals of the Mountain View Mine (Mine Index No. 486) in Size Group 2 for truck shipment, is changed to the minimum price of 495 cents per ton.

Dated: September 29, 1941.

By virtue of and pursuant to the authority vested in the National Youth Administrator by the Labor-Federal Security Appropriation Act, 1942, approved July 1, 1941, the following revised rules and regulations applicable to the out-of-school work program of the National Youth Administration are prescribed:

§ 402.1 *Definitions*— (a) *Programs.* The term "out-of-school work program," as used herein, shall mean the program of work projects and area office projects prosecuted by the National Youth Administration. The term "regular program" shall mean the program of projects financed from funds appropriated to the National Youth Administration by the Labor-Federal Security Appropriation Act, 1942, under the heading "National Youth Administration." The term "defense program" shall mean the program of projects financed from funds appropriated to the National Youth Administration by the Labor-Federal Security Appropriation Act, 1942, under the heading "Youth Work Defense Program (National Defense)."

(b) *Projects.* The term "projects," as used herein, shall mean units of work approved for prosecution by the National Youth Administration and financed in whole or in part from funds appropriated to the National Youth Administration. The term "work projects"' shall mean projects established to provide work experience for needy youth. The term "area office projects" shall mean projects established to assume the expenses of general supervision of work projects prosecuted in designated areas within the several states. The term "resident projects" shall mean work projects, operated under either the regular program or the defense program, which involve the maintenance of youth in resident facilities under the supervision of the National Youth Administration. The term "full-time resident projects" shall mean resident projects at which employees normally are in continuous residence during their period of assignment. The term "part-time resident projects" shall mean resident projects to which two or more shifts of youth employees are assigned for periods of fifteen days per shift per pay roll month during their period of assignment. The term "non-resident projects" shall mean work projects which do not involve the maintenance of youth in resident facilities under the supervision of the National Youth Administration.

(c) *Youth employees.* The term "youth employees," as used herein, shall mean young persons, determined to be in need, engaged upon projects, and paid from funds authorized for the operation of such projects. The term "resident youth employees" shall mean youth employees engaged upon resident projects. The term "full-time resident employees" shall mean youth employees engaged upon full-time resident projects. The term "part-time resident employees" shall mean youth employees engaged upon part-time resident projects. The term "non-resident youth employees" shall mean youth employees engaged upon non-resident projects.

(d) *Supervisory employees.* The term "supervisory employees," as used herein, shall mean persons in supervisory positions engaged upon projects and paid by means of pay roll payments from funds authorized for the operation of such projects. The term "project supervisory employees" shall mean supervisory employees paid upon a per diem, monthly or annual salary basis to perform specified services in connection with individual work projects. The term "area supervisory employees" shall mean supervisory employees employed on area office projects and paid upon a per diem or annual salary basis.

(e) *State youth administrator.* The term "State Youth Administrator," as used herein, shall mean the person designated to administer the programs of the National Youth Administration in each of the several states except New York State, in the District of Columbia, and in each territory in which the program is operated. In New York State, the term "State Youth Administrator" shall mean (1) the person designated to administer the programs of the National Youth Administration in New York City and Nassau and Suffolk Counties, and (2) the person designated to administer the programs of the National Youth Administration in the remainder of the state.*

*§§ 402.1 to 402.21, inclusive, issued under the authority contained in the Labor-Federal Security Appropriation Act, 1942, Public No. 146, 77th Cong., 1st sess., approved July 1, 1941.

§ 402.2 *Hours of work for non-resident youth employees.* Except for such projects, portions of projects, or areas as may be exempted by the National Youth Administrator, or his authorized representative, the several state youth administrators, or their authorized representatives, shall establish hours of work for non-resident projects under the regular and defense programs within a minimum of 80 hours per month and a maximum of 8 hours per day and 160 hours per month. The several state youth administrators may act as the authorized representatives of the National Youth Administrator in granting exemptions:

(a) Due to emergencies involving the public welfare, the protection of work already done on a project, or other emergency circumstances which make project operations for the established number of hours impractical; and

(b) To permit youth employees to make up time lost due to conditions which in the judgment of the state youth administrator warrant authorizing youth employees to make up lost time.*

§ 402.3 *Earnings schedule applicable to non-resident youth employees.* The schedule of monthly earnings hereinafter prescribed shall be applicable to non-resident youth employees, except in the case of:

(a) Such projects, portions of projects, or areas as may be exempted by the National Youth Administrator, or his authorized representative; and

(b) Emergency circumstances or making up lost time as provided in § 402.2.

Schedule of monthly earnings for non-resident youth employees

[1] Region I: Alaska, California, Connecticut, Illinois, Indiana, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York City, New York State, Ohio, Oregon, Pennsylvania, Rhode Island Vermont, Washington, Wisconsin.
[2] Region II: Arizona, Colorado, Delaware, District of Columbia, Idaho, Iowa, Kansas, Kentucky, Maryland, Montana, Missouri, Nebraska, Nevada, New Mexico, North Carolina, North Dakota, Oklahoma, South Dakota, Texas, Utah, Virginia, West Virginia, Wyoming.
[3] Region III: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Tennessee.

•

§ 402.4 *Authorized adjustments in earnings schedule.* The several state youth administrators are authorized to make adjustments of not to exceed fifty cents upward or downward in the foregoing schedule of monthly earnings for non-resident youth employees in order to avoid the computation of fractional payments of less than one cent or the assignment of hours of work which would involve partial hours during any monthly pay period.*

§ 402.5 *Deductions for meals.* The several state youth administrators are authorized to make deductions from the monthly earnings of non-resident youth employees who are furnished noonday or other meals by the National Youth Administration, provided the deduction rate does not exceed fifteen cents per employee for each meal which is furnished.*

§ 402.6 *Proportion of workers in each wage class.* Except where exemptions are issued by the National Youth Administrator or his authorized representative, at least 95% of the non-resident youth employees on the regular program within each state shall be paid in accordance with the schedule of earnings prescribed in § 402.3 for Wage Class B. Conversely, not more than 5% of the non-resident youth employees on the regular program within each state shall be paid in accordance with the schedule of earnings prescribed for Wage Class A.*

§ 402.7 *Basis of payment of resident youth employees.* Except for such projects or portions of projects as the National Youth Administrator, or his authorized representative, may hereafter exempt, the earnings rate shall be $30 per pay roll month for full-time resident youth employees, and $20 per pay roll month for part-time resident youth employees, with an appropriate charge for subsistence, including items such as lodging, food, sanitation, water and bathing facilities, medical and dental care, including hospitalization, essential clothing, personal laundry service, and other sundry items: *Provided*, That such subsistence charges shall be established on a basis which will permit a net payment of not less than $8 nor more than $12 per pay roll month to each resident employee.

Deductions for voluntary absence from duty shall be made only when youth employees are voluntarily absent during periods when they are scheduled to work. For full-time resident youth employees, such deductions shall be made in the amount of one-thirtieth of the monthly wage for each full day of voluntary absence. The minimum deduction for any fraction of a day shall be one-fourth the deduction for a full day, and all deductions for voluntary absence during various portions of a day shall be made in multiples of one-fourth. No wage deduction shall be made against any resident youth employee for any day or days upon which the employee is not required to work.

Work schedules for youth employees on resident projects under the regular and defense programs shall be established by the state youth administrator, or his authorized representative, within the following limits:

(a) *Part-time resident projects.* Within a minimum of 80 hours per month and a maximum of 8 hours per day and 120 per month;

(b) *Full-time resident projects.* Within a minimum of 80 hours per month and a maximum of 8 hours per day and 160 per month.*

§ 402.8 *State youth administrator's orders.* Each state youth administrator is authorized and directed to issue state youth administrator's orders as follows:

(a) Wage Orders which constitute schedules of monthly earnings and assigned hours of work for each class of youth employee assigned to non-resident projects. Supplemental schedules may be issued as required to cover special determinations for individual projects, portions of projects, or for specified local areas;

(b) Subsistence Orders which designate non-resident projects at which meals are furnished to youth employees on a pay roll deduction basis and which establish the deduction rates applicable to such projects; and

(c) Subsistence Orders which specify the items of subsistence that may be furnished at designated resident projects and which establish the deduction rates applicable thereto.*

§ 402.9 *Earnings of project supervisory employees.* Rates of pay for project supervisory employees shall be established by the state youth administrator in accordance with the rates customarily paid for work of a similar nature in the same locality. Such employees shall be compensated for their services on a per diem, monthly, or annual salary basis, subject to the following conditions:

(a) Project supervisory employees, who are required to work for periods of less than 100 hours per pay roll month, or for indefinite periods per pay roll month, shall be compensated upon a per diem basis of payment and paid for their actual days, or fractions of days, of service.

(b) Project supervisory employees, who are required to work for definite schedules of not less than 100 hours per pay roll month shall be compensated for their services upon a monthly salary basis. For such employees, deductions for voluntary absence from duty shall be made in the amount of one-thirtieth of the monthly salary for each day of voluntary absence. However, no deduction shall be made for any day or days upon which the employee is not required to work. The minimum deduction for voluntary absence from duty during any fraction of a day shall be one-fourth the deduction made for absence during a full day, and all deductions for voluntary absence during various portions of a day shall be made in multiples of one-fourth.

(c) Project supervisory employees who are required to work not less than 39 hours per week may be compensated for their services on an annual salary basis and, if appointed and compensated on this basis, shall be subject to the leave regulations prescribed for civil employees of the Federal Government.*

§ 402.10 *Earnings of area supervisory employees.* Area supervisory employees shall be compensated on a per diem or annual salary basis, in accordance with rates established by the state youth administrator.

(a) Area supervisory employees who are required to work for periods of less than 100 hours per month, or for indefinite periods per month, shall be compensated upon a per diem basis of payment and paid for their actual days, or fractions of days of service.

(b) Area supervisory employees who are required to work not less than 39 hours per week shall be compensated upon an annual salary basis and shall be subject to the leave regulations prescribed for civil employees of the Federal Government.*

§ 402.11 *Disability or death compensation and benefits.* The provisions of the Act of February 15, 1934 (48 Stat. 351), as amended, relating to disability or death compensation and benefits, shall apply to employees under the out-of-school work program of the National Youth Administration.*

§ 402.12 *Assignment of wages.* Wages paid by the Federal Government may not be pledged or assigned, and any purported pledge or assignment shall be null and void.*

§ 402.13 *Determination of need.* The determination that youth employees are needy may be made directly by the state youth administration or by other agencies requested by the state youth administrator to make such determinations. A youth shall be considered as needy if he is:

(a) A member of a family whose income is insufficient to provide the basic requirements of all members of the family, including the youth member, regardless of whether the family is receiving or eligible for any form of public assistance; or

(b) Without family connections and his income is insufficient to provide his basic requirements.*

§ 402.14 *Age limits.* Except for such exemptions as the National Youth Administrator, or his authorized representative, may issue to permit the employment of youth who are 16 years of age on the regular program of the National Youth Administration, no person under the age of 17 years and no person whose age is 25 years or more, except supervisory employees, may be employed upon projects financed from funds appropriated to the National Youth Administration.*

§ 402.15 *Capacity to perform work.* No person shall be employed or retained in employment if his work habits are such or his work record shows that he is incapable of performing satisfactorily the work to which he may be assigned, and no one whose physical condition is such as to make his employment dangerous to his health or safety, or to the health or safety of others, may be employed on a project. This section shall not be construed to operate against the employment of physically handicapped persons, otherwise employable, where such persons may be assigned safely to work which they can ably perform.*

§ 402.16 *Employment affidavit and oath of allegiance.* Each youth or supervisory employee, whether compensated or uncompensated for his services, shall be required to execute the following employment affidavit and oath of allegiance prior to his entrance on duty.

I, A B, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion, and that I will well and faithfully discharge the duties of the office (or employment) on which I am about to enter (or which I now occupy). So help me God. I further depose and say that I am a citizen of the United States and that I do not advocate, nor am I a member of any political party or organization that advocates, the overthrow of the Government of the United States by force or violence.

•

§ 402.17 *Administration of oaths and affidavits.* The National Youth Administrator hereby designates employees holding the following positions in the several state youth administrations to administer the employment affidavit and oath of allegiance required by § 402.16 above, and such affidavits and other sworn statements as are required in connection with claims for injury compensation:

(a) State Youth Administrator.
(b) Deputy Administrator.
(c) State Personnel Officer.
(d) State Director of Youth Personnel.
(e) State Director of Finance and Statistics.
(f) Area Director.
(g) Area Youth Personnel Officer.
(h) Area Finance Officer.
(i) Project Timekeeper.

The several state youth administrators, who are the authorized representatives of the National Youth Administrator within their states, are hereby authorized to designate such additional compensated or uncompensated employees as may be required for the purpose. No fee shall be charged for oaths administered by designated employees of the National Youth Administration.*

§ 402.18 *Acceptance of private employment.* Youth employees shall be expected to accept bona fide offers of public or private employment provided that:

(a) The employee is capable of performing such work;

(b) The wage for such employment is not less than the prevailing wage for such work in the community;

(c) Such employment is not in conflict with established union relationships; and

(d) Such employment provides reasonable working conditions.

No youth employee who refuses a bona fide offer of private employment under the conditions provided in this section shall be retained in employment for the period such private employment would be available. However, a worker shall be entitled to resumption of his previous employment status if he is still in need and if he has lost his private employment through no fault of his own. Youth awaiting assignment who refuse to accept private employment shall be ineligible for employment on any project for the period during which the private employment would be available.*

§ 402.19 *Assignment, classification, transfer and termination.* The state youth administrator, or his authorized representative, shall be responsible for the assignment, classification, transfer and termination of youth employees paid from funds appropriated to the National Youth Administration.*

§ 402.20 *Illegal activities.* Under the Labor-Federal Security Appropriation Act, 1942, the activities listed below are punishable as felonies. No person shall be eligible for further employment with the National Youth Administration if he knowingly and with intent to defraud the United States:

(a) Makes any false statement in connection with any application for any project;

(b) Diverts, attempts to divert, or assists in diverting, for the benefit of any persons not entitled thereto, any funds, services or real or personal property of the National Youth Administration;

(c) Deprives, attempts to deprive, or assists in depriving any person of any of the benefits to which he may be entitled under the appropriation by means of fraud, force, threat, intimidation, boycott, or discrimination on account of race, religion, political affiliation, or membership in a labor organization.*

§ 402.21 *Effective date.* The rules and regulations in this part shall become effective at the beginning of pay roll periods on and after October 1, 1941, and shall supersede the provisions of Administrative Order No. 13[1], dated July 1, 1941, which shall be rescinded upon the effective date of this order.*

PARTIAL REDEMPTION, BEFORE MATURITY, OF 2¾ PERCENT MUTUAL MORTGAGE INSURANCE FUND DEBENTURES, SERIES B

SIXTH CALL

SEPTEMBER 27, 1941.

To holders of 2¾ percent mutual mortgage insurance fund debentures, series B:

I. *Notice of sixth call for partial redemption before maturity, of 2¾ percent mutual mortgage insurance fund debentures, series B.* The Federal Housing Administrator, with the approval of the Secretary of the Treasury, has issued the following notice of call for partial redemption and offer to purchase with respect to 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B[1]:

Pursuant to the authority conferred by the National Housing Act (48 Stat. 1246; U.S.C., title 12, sec. 1701 et seq.) as amended, public notice is hereby given that 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B, of the denominations and serial numbers designated below, are hereby called for redemption, at par and accrued interest, on January 1, 1942, on which date interest on such debentures shall cease:

Denomination:	*Serial Nos. (all numbers inclusive)*
$50	839 to 1160
$100	3113 to 4048
$500	1191 to 1403
$1,000	4000 to 4099
$5,000	248 to 328
$10,000	31 to 39

The debentures first issued, as determined by the serial numbers, were selected for redemption by the Federal Housing Administrator, with the approval of the Secretary of the Treasury.

No transfers or denominational exchanges in debentures covered by the foregoing call will be made on the books maintained by the Treasury Department on or after October 1, 1941. This does not affect the right of the holder of a debenture to sell and assign the debenture on or after October 1, 1941, and provision will be made for the payment of final interest due January 1, 1942, with the principal thereof to the actual owner, as shown by the assignments thereon.

The Federal Housing Administrator hereby offers to purchase any debentures included in this call at any time from October 1 to December 31, 1941, inclusive, at par and accrued interest, to date of purchase.

Instructions for the presentation and surrender of debentures for redemption on or after January 1, 1942, or for purchase prior to that date will be given by the Secretary of the Treasury.

II. *Transactions in sixth-called debentures.* 1. The debentures included in the foregoing notice of call for partial redemption on January 1, 1942, are hereby designated sixth-called 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B, and are hereinafter referred to as sixth-called debentures.

2. Transfers and denominational exchanges in sixth-called debentures will terminate at the close of business on September 30, 1941.

III. *Redemption or purchase.* 1. Holders of sixth-called debentures will be entitled to have such debentures redeemed and paid at par on January 1, 1942, with interest in full to that date, at the rate of $13.75 per $1,000. Interest on sixth-called debentures will cease on January 1, 1942.

2. Holders of sixth-called debentures have the privilege of presenting such debentures at any time from October 1 to December 31, 1941, inclusive, for purchase at par and accrued interest, at the rate of $.074728 per $1,000 per day from July 1, 1941, to date of purchase.

IV. *Rules and regulations governing redemption and purchase.* 1. The United States Treasury Department is the agent of the Federal Housing Administrator for the redemption and purchase of sixth-called debentures. In accordance with regulations adopted by the Federal Housing Administrator and approved by the Secretary of the Treasury, the assignment, redemption, and purchase of sixth-called debentures will be governed by the general regulations of the Treasury Department with respect to United States bonds and notes, so far as applicable, except as otherwise provided herein.

2. Sixth-called debentures presented for redemption on January 1, 1942, or for purchase from October 1 to December 31, 1941, inclusive, must be assigned by the registered payee or assignee thereof or by their duly constituted representatives in the form indicated in paragraph 3 hereof, and should thereafter be presented and surrendered to any Federal Reserve Bank or to the Division of Loans and Currency, Treasury Department, Washington, D. C., accompanied by appropriate written advice. (Use Form PD 1717 attached hereto.[2]) The debentures must be delivered at the expense and risk of the holders. (See paragraph 8 of this section.) In all cases checks in payment of principal and final interest will be mailed to the address given in the form of advice accompanying the debentures when surrendered.

3. If the registered payee or an assignee holding under proper assignment from the registered payee desires that payment be made to him, the debentures should be assigned by such payee or assignee or by a duly constituted representative to "The Federal Housing Administrator for redemption" or to "The Federal Housing Administrator for purchase," according to whether the debentures are to be presented for redemption on January 1, 1942, or for purchase prior to that date. If it is desired for any reason that payment be made to some other person without intermediate assignment, the debentures should be assigned to "The Federal Housing Administrator for redemption (or purchase) for the account of _____," inserting the name and address of the person to whom payment is to be made.

4. An assignment in blank or other assignment having similar effect will be recognized, but in that event payment will be made to the person surrendering the debenture for redemption or purchase since, under such an assignment, the debenture becomes in effect payable to bearer. Assignments in blank or assignments having similar effect should be avoided, if possible, in order not to lose the protection afforded by registration.

5. Final interest on any sixth-called debentures, whether purchased prior to, or redeemed on or after January 1, 1942, will be paid with the principal in accordance with the assignments on the debentures surrendered.

6. All assignments must be made on the debentures themselves unless otherwise directed by the Treasury Department. Detached assignments will be recognized and accepted in any particular case in which the use of detached assignments is specifically authorized by the Treasury Department. Any assignment not made upon the debenture is considered a detached assignment.

7. A sixth-called debenture registered in the name of, or assigned to, a corporation, will be paid to such corporation on or after January 1, 1942, upon an appropriate assignment for that purpose executed on behalf of the corporation by a duly authorized officer thereof. An assignment so executed and duly attested in accordance with Treasury Department regulations will ordinarily be accepted without proof of the officer's authority. In all cases coming under this provision payment will be made only by check drawn to the order of the corporation. Proof of the authority of the officer assigning on behalf of a corporation will be required, in accordance with the general regulations of the Treasury Department, in the case of assignments for purchase prior to January 1, 1942, and in case of assignments for redemption on or after January 1, 1942, for the account of any person other than the corporation.

8. Debentures presented for redemption or purchase under this circular must be delivered to a Federal Reserve Bank or to the Division of Loans and Currency, Treasury Department, Washington, D. C., at the expense and risk of the holder. Debentures bearing restricted assignments may be forwarded by registered mail, but debentures bearing unrestricted assignments should be forwarded by registered mail insured or by express prepaid.

9. In order to facilitate the redemption of sixth-called debentures on January 1, 1942, any such debenture may be presented and surrendered in the manner herein prescribed in advance of that date but not before December 1, 1941. Such early presentation by holders will insure prompt payment of principal and interest when due.

V. *General provisions.* 1. Any further information which may be desired regarding the redemption of sixth-called debentures under this circular may be obtained from any Federal Reserve Bank or from the Division of Loans and Currency, Treasury Department, Washington, D. C., where copies of the Treasury Department's regulations governing assignments may be obtained.

2. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to perform any necessary acts under this circular. The Secretary of the Treasury may at any time or from time to time prescribe supplemental and amendatory rules and regulations governing the matters covered by this circular, which will be communicated promptly to the registered owners of sixth-called debentures.

Acting Secretary of the Treasury.

Bituminous Coal Division.

[Docket No. A-983]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR THE ESTABLISHMENT OF MAXIMUM PRICES FOR ALL COALS

ORDER CONCERNING CERTAIN ORAL MOTIONS FOR PRODUCTION OF DATA

On September 22, 1941, at the hearing in the above-entitled matter, certain motions were made orally on behalf of District Boards 3 and 7 and Pond Creek Pocahontas Company, a code member in District 7. District Board 7 requested that if the data underlying Exhibits 20 to 25, introduced in evidence at the hearing, were made available, similar data for all mines in District 7 should also be made available. Pond Creek Pocahontas Company requested that no underlying data be disclosed for the mines in District 7, selected for the purposes of preparing these exhibits, but that if such data were to be disclosed, similar data for all mines in District 7 also be disclosed. District Board 3 requested the disclosure of similar data for all mines in District 3.

The spot order and contract data filed in the statistical bureaus for the month of July, which these movants request be produced, cannot be made available without undue interference with the efficient administration of the Division. Moreover, the Director finds no necessity for the disclosure of such data for all mines in Districts 3 and 7. The data underlying the tabulation of spot orders and contract prices of selected producers in Districts 1–13, which constitutes Exhibit 20, are in possession of the Division and will be made available in accordance with the Statement of the Director of September 23, 1941, during the pendency of this hearing, upon written application to the Director by any party to the proceeding.

Now, therefore, it is ordered, That in so far as they request data referred to in the Statement of the Director of September 23, 1941, the motions on behalf of District Boards 3 and 7 and Pond Creek Pocahontas Company, be and they are hereby granted, subject, however, to the provisions of that Statement, and that in all other respects said motions be and they are hereby denied.

Dated: September 27, 1941.

DEPARTMENT OF AGRICULTURE.

Surplus Marketing Administration.

DETERMINATION OF THE SECRETARY OF AGRICULTURE, APPROVED BY THE PRESIDENT OF THE UNITED STATES, WITH RESPECT TO THE ISSUANCE OF AMENDMENT NO. 3[1] TO THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE NEW YORK METROPOLITAN MILK MARKETING AREA[2]

The Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, on March 30, 1940, and, on April 25, 1940, made effective, as of May 1, 1940, the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, and made effective, as of July 1, 1941, amendment No. 2 to said order, as amended.

There being reason to believe that amendments to said order, as amended, would tend to effectuate the declared policy of the act, notice was given, on the 25th day of July 1941, of a hearing which was held on August 1 and 2, 1941, in New York City, on August 5 and 6, 1941, in Watertown, New York, and on August 7 and 8, 1941, in Albany, New York; and at said times and places a public hearing was conducted at which all interested parties were afforded an opportunity to be heard on the proposed amendments to said order, as amended.

After said hearing the Secretary issued, on August 29, 1941, amendment No. 3 to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, and as further amended by amendment No. 1 and amendment No. 2.

After said hearing and after the tentative approval on September 5, 1941, of a marketing agreement regulating the handling of milk in the same area in the same manner as the order, as amended, as amended by said amendment No. 1, said amendment No. 2, and said amendment No. 3, handlers of more than fifty (50) percent of the volume of milk covered by the said order, as amended, and as amended by said amendment No. 1, said amendment No. 2, and said amendment No. 3 which is produced for sale in the New York metropolitan milk marketing area, refused or failed to sign such tentatively approved marketing agreement relating to milk.

Pursuant to the powers conferred upon the Secretary of Agriculture by said act, it is hereby determined:

1. That the refusal or failure of said handlers to sign said tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act;

2. That the issuance of amendment No. 3 to the order, as amended, and as amended by said amendment No. 1 and said amendment No. 2, is the only practical means, pursuant to such policy, of advancing the interest of producers of milk which is produced for sale in said area; and

3. That the issuance of amendment No. 3 to the order, as amended, and as amended by said amendment No. 1 and said amendment No. 2, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of April 1941, said month having been determined to be a representative period, were engaged in the production of milk for sale in said area.

In witness whereof, Claude R. Wickard, Secretary of Agriculture of the United States, has executed this determination and has hereunto set his hand and caused the official seal of the Department of

DEPARTMENT OF LABOR.

Wage and Hour Division.

NOTICE OF HEARING ON THE MINIMUM WAGE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 32 FOR THE KNITTED OUTERWEAR INDUSTRY; AND THE PROHIBITION, RESTRICTION, OR REGULATION OF HOME WORK IN THE INDUSTRY

Whereas the Administrator of the Wage and Hour Division of the United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, on July 8, 1941, by Administrative Order No. 115, appointed Industry Committee No. 32 for the Knitted Outerwear Industry, composed of an equal number of representatives of the public, employers in the Industry and employees in the Industry, such representatives having been appointed with due regard to the geographical regions in which the Industry is carried on; and

Whereas Industry Committee No. 32, on August 19, 1941, unanimously recommended a minimum wage rate for the Knitted Outerwear Industry and duly adopted a report containing such recommendation and reasons therefor, and filed such report with the Administrator on August 20, 1941, pursuant to section 8 (d) of the Act and § 511.19 of the Regulations, issued under the Act; and

Whereas the Administrator is required by section 8 (d) of the Act, after due notice to interested persons and giving them an opportunity to be heard, to approve and carry into effect by order the recommendation of Industry Committee No. 32 if he finds that such recommendation is made in accordance with law and is supported by the evidence adduced at the hearing before him and taking into consideration the same factors as are required to be considered by the Industry Committee, will carry out the purposes of Section 8 of the Act; and, if he finds otherwise, to disapprove such recommendation; and

Whereas section 8 (f) of the Act provides that wage orders "shall contain such terms and conditions as the Administrator finds necessary to carry out the purposes of such orders, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage rates established therein;" and,

Whereas there are employees employed in homes in the production of knitted outerwear for commerce.

Now, therefore, notice is hereby given that:

I. The recommendation of Industry Committee No. 32 is as follows:

Every employer shall pay not less than 40 cents per hour to each of his employees who is engaged in commerce or in the production of goods for commerce in the Knitted Outerwear Industry as defined in Administrative Order No. 115, dated July 8, 1941.

II. The definition of the Knitted Outerwear Industry as set forth in Administrative Order No. 115, issued July 8, 1941, is as follows:

The knitting from any yarn or mixture of yarns and the further manufacturing, dyeing or other finishing of knitted garments, knitted garment sections, or knitted garment accessories for use as external apparel or covering which are partially or completely manufactured in the same establishment as that where the knitting process is performed; and the manufacture of bathing suits from any purchased fabric; provided that the manufacturing, dyeing or other finishing of the following shall not be included:

(a) Knitted fabric, as distinguished from garment sections or garments, for sale as such.

(b) Fulled suitings, coatings, topcoatings, and overcoatings.

(c) Garments or garment accessories made from purchased fabric; except bathing suits.

(d) Gloves or mittens,

(e) Hosiery.

(f) Knitted garments or garment accessories for use as underwear, sleeping wear, or negligees.

(g) Fleece-lined garments made from knitted fabric containing cotton only or containing any mixture of cotton and not more than 25 percent, by weight, of wool or animal fiber other than silk.

(h) Knitted shirts of cotton or any synthetic fiber or any mixture of such fibers which have been knit on machinery of 10-cut or finer, provided that this exception shall not be construed to exclude from the knitted outerwear industry the manufacturing, dyeing or other finishing of knitted shirts made in the same establishment as that where the knitting process is performed, if such shirts are made wholly or in part of fibers other than those specified in this clause, or if such shirts of any fiber are knit on machinery coarser than 10-cut.

The definition of the Knitted Outerwear Industry covers all occupations in the Industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however,* That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

III. The full text of the report and recommendation of Industry Committee No. 32 is and will be available for inspection by any person between the hours of 9:00 a. m. and 4:30 p. m. at the following offices of the United States Department of Labor, Wage and Hour Division:

VI. Any person interested in supporting or opposing the recommendation of Industry Committee No. 32 may secure further information concerning the aforesaid hearing by inquiry directed to the Administrator, Wage and Hour Division, United States Department of Labor, Washington, D. C., or by consulting with attorneys representing the Administrator who will be available for that purpose at the offices of the Wage and Hour Division in Washington, D. C.

VII. Copies of the following documents relating to the Knitted Outerwear Industry will be made available upon request for inspection by any interested person who intends to appear at the aforesaid hearing:

Report entitled, *Knitted Outerwear Industry,* prepared by Research and Statistics Branch, Wage and Hour Division, U. S. Department of Labor, August 1941.

Bulletin, Serial No. R. 963, reprint from the *Monthly Labor Review,* July 1939, entitled, *Differences in Living Costs in Northern and Southern Cities.*

Bulletin, Serial No. R. 1298, entitled, *Changes in Cost of Living,* dated March 15, 1941, prepared by the Bureau of Labor Statistics, U. S. Department of Labor.

Release, entitled *Estimated Intercity Differences in Costs of Living, March 15, 1941,* prepared by the Bureau of Labor Statistics, U. S. Department of Labor.

VIII. The hearing will be conducted in accordance with the following rules, subject, however, to such subsequent modifications by the Administrator or the Presiding Officer as are deemed appropriate:

1. The hearings shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request made to the official reporter of the Wage and Hour Division, United States Department of Labor, Washington, D. C.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice he will not be permitted to offer evidence at any other time except by special permission of the presiding officer.

3. At the discretion of the presiding officer the hearing may be continued from day to day, or adjourned to a later date, or to a different place by announcement thereof at the hearing by the presiding officer, or by other appropriate notice.

4. At any stage of the hearing, the presiding officer may call for further evidence upon any matter. After the presiding officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place fixed for such taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the presiding officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof; and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the presiding officer. When evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the presiding officer the original document together with two copies of those portions of the document intended to be put in evidence. Upon presentation of such copies in proper form the copies will be received in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in the courts of law or equity shall not be controlling.

11. The presiding officer may, at his discretion, permit any person appearing in the proceeding to cross-examine any witness offered by another person in so far as is practicable, and to object to the admission or exclusion of evidence by the presiding officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but this record shall not include argument thereon except as ordered by the presiding officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the presiding officer.

12. Before the close of the hearing, the presiding officer shall receive written requests from persons appearing in the

proceeding for permission to make oral arguments before the Administrator upon the matter in issue. These requests will be forwarded to the Administrator by the presiding officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceedings, and shall designate the time and place at which oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearing, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing, the presiding officer shall forthwith file a complete record of the proceedings with the Administrator. The presiding officer shall not file an intermediate report unless so directed by the Administrator. If a report is filed, it shall be advisory only and have no binding effect upon the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 29th day of September 1941.

BAIRD SNYDER III,
Acting Administrator.

FEDERAL LOAN AGENCY.

Federal Housing Administration.

NOTICE OF CALL FOR PARTIAL REDEMPTION, BEFORE MATURITY OF 2¾ PERCENT MUTUAL MORTGAGE INSURANCE FUND DEBENTURES, SERIES B

SEPTEMBER 24, 1941.

To holders of 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B.

Pursuant to the authority conferred by the National Housing Act (48 Stat. 1246; U.S.C., title 12, Sec. 1701 et seq.) as amended, public notice is hereby given that 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B, of the denominations and serial numbers designated below, are hereby called for redemption, at par and accrued interest, on January 1, 1942, on which date interest on such debentures shall cease:

Denomination:	Serial Nos. (*all numbers inclusive*)
$50	839 to 1160
$100	3113 to 4048
$500	1191 to 1403
$1,000	4000 to 4999
$5,000	248 to 328
$10,000	31 to 39

The debentures first issued, as determined by the serial numbers, were selected for redemption by the Federal Housing Administrator, with the approval of the Secretary of the Treasury.

No transfers or denominational exchanges in debentures covered by the foregoing call will be made on the books maintained by the Treasury Department on or after October 1, 1941. This does not affect the right of the holder of a debenture to sell and assign the debenture on or after October 1, 1941, and provision will be made for the payment of final interest due January 1, 1942, with the principal thereof to the actual owner, as shown by the assignments thereon.

The Federal Housing Administrator hereby offers to purchase any debentures included in this call at any time from October 1 to December 31, 1941, inclusive, at par and accrued interest, to date of purchase.

Instructions for the presentation and surrender of debentures for redemption on or after January 1, 1942, or for purchase prior to that date will be given by the Secretary of the Treasury.

ABNER H. FERGUSON,
Administrator.

Approved: September 27, 1941.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-408]

IN THE MATTER OF PHILADELPHIA ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 29th day of September, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than October 15, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transaction therein proposed, which is summarized below:

Philadelphia Electric Company, a subsidiary of The United Gas Improvement Company, a registered holding company, proposes to issue and sell, at a price to be determined by competitive bidding, $20,000,000 principal amount of 2¾% First and Refunding Mortgage Bonds, maturing December 1, 1971. The net proceeds from the sale of the bonds proposed to be issued will be applied, in the amount of $20,000,000, to pay the principal amount of presently outstanding 1½% Promissory Notes payable to banks and maturing December 3, 1941. The balance, if any, of the net proceeds will be added to the general cash funds of the company.

The third sentence of section 6 (b) of the Act and Rule U-50 are designated as applicable to the proposed transactions.

IN THE MATTER OF PROCEEDING UNDER SECTION 19 (a) (2) OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, TO DETERMINE WHETHER THE REGISTRATION OF NEW SUTHERLAND DIVIDE MINING COMPANY COMMON CAPITAL STOCK, 10¢ PAR VALUE, ASSESSABLE, SHOULD BE SUSPENDED OR WITHDRAWN

ORDER FOR HEARING AND DESIGNATING OFFICER TO TAKE TESTIMONY

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 29th day of September, A. D. 1941.

I

It appearing to the Commission:

That New Sutherland Divide Mining Company, a corporation organized under the laws of the State of Nevada, is the issuer of Common Capital Stock, 10¢ Par Value, Assessable; and

That said New Sutherland Divide Mining Company registered such security on the San Francisco Mining Exchange, a national securities exchange, by filing on or about April 6, 1936, an application on Form 10 with the Exchange and with the Commission pursuant to section 12 (b) and (c) of the Securities Exchange Act of 1934, as amended, and pursuant to Rule X-12B-1, as amended, promulgated by the Commission thereunder, which registration became effective June 1, 1936, and has remained in effect to and including the date hereof; and

It further appearing to the Commission:

That Rule X-13A-1, promulgated pursuant to section 13 of the Securities Exchange Act of 1934, as amended, did and does require that an annual report

for each issuer of a security registered on a national securities exchange shall be filed on the appropriate form prescribed therefor; and

That Rule X-13A-2, promulgated pursuant to section 13, of the Securities Exchange Act of 1934, as amended, did and does prescribe Form 10-K as the annual report form to be used for annual reports of all corporations except those for which another form is specified, and that no other form was or is specified for use by the said New Sutherland Divide Mining Company; and

That Item 8 of Form 10-K and the Instruction Book for Form 10-K, promulgated pursuant to section 13 of the Securities Exchange Act of 1934, require that certified financial statements of the registrant for the period under report be filed as a part of such annual report to be filed on said Form 10-K; and

II

The Commission having reasonable cause to believe that the said New Sutherland Divide Mining Company has failed to comply with the provisions of section 13 of the Securities Exchange Act of 1934, as amended, the Rules and Regulations, Form 10-K and the Instructions thereto, promulgated by the Commission thereunder, in that no certified financial statements have been filed for the fiscal year ended December 31, 1940, as required by Item 8 of Form 10-K and the Instructions thereto and the Rules and Regulations of the Commission within the time prescribed for filing; and

III

It being the opinion of the Commission that the hearing herein ordered to be held is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Securities Exchange Act of 1934, as amended;

It is ordered, Pursuant to section 19 (a) (2) of said Act, that a public hearing be held to determine whether New Sutherland Divide Mining Company has failed to comply with section 13 of the Securities Exchange Act of 1934, as amended, and the Rules, Regulations and Forms promulgated by the Commission thereunder, in the respects set forth above; and if so, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months or to withdraw the registration of the Common Capital Stock, 10¢ Par Value, Assessable, of said New Sutherland Divide Mining Company on said San Francisco Mining Exchange;

It is further ordered, Pursuant to the provisions of section 21 (b) of the Securities Exchange Act of 1934, as amended, that for the purpose of such hearing, John G. Clarkson, an officer of the Commission, is hereby designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take testimony and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law;

It is further ordered, That the taking of testimony in this hearing begin on the 21st day of October at 10:00 A. M. at the Regional Office of the Securities and Exchange Commission, 625 Market Street, San Francisco, California, and continue thereafter at such time and place as the officer hereinbefore designated may determine.

By the Commission.

IN THE MATTER OF CITIES SERVICE POWER & LIGHT COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of September, A. D. 1941.

The above named person having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-42 thereunder, regarding the expenditure by the Company of not to exceed $100,000, in addition to amounts permitted by Rules and prior authorization of the Commission, in the acquisition of its outstanding preferred stock during the period beginning with the date of this order and ending one year from such date, the acquisitions to be made at such times and from time to time during said period as in the judgment of the Management of the Company may be desirable or appropriate and to be made in the open market either through brokers or dealers on securities exchanges or in the over-the-counter market, or at private sales, at the current market prices prevailing at the time of purchase; but no such acquisitions to be made at a price exceeding the involuntary liquidating value thereof of $100 per share nor from any affiliated Company; and

Said declaration having been filed on September 15, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and the above named party having requested that said declaration, as filed, become effective forthwith; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit the said declaration, pursuant to Rule U-42, to become effective, and being satisfied that the effective date of such declaration should be advanced:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration, be, and hereby is, permitted to become effective forthwith.

By the Commission.

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENTS TO RULES RELATING TO THE REGISTRATION OF UNISSUED SECURITIES FOR "WHEN ISSUED" DEALING ON NATIONAL SECURITIES EXCHANGES

The Securities and Exchange Commission acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, as amended, particularly sections 12 (d) and 23 (a) thereof, and deeming it necessary or appropriate in the public interest or for the protection of investors so to do hereby amends §§ 240.12d3-1 to 240.12d3-9 [Regulation X-12D3] as follows:

I. By adding after § 240.12d3-9, § 240.12d3-10. The text of § 240.12d3-10 reads as follows:

§ 240.12d3-10 *Registration of an unissued security, other than a warrant, to be issued pursuant to a plan of reorganization in connection with a receivership proceeding or bankruptcy proceeding under section 77 of the Bankruptcy Act, of a carrier required to make annual reports under section 20 of the Interstate Commerce Act, as amended.* (a) Notwithstanding the provisions of § 240.12d3-4 [Rule X-12D3-4], an unissued security, other than a warrant, to be issued pursuant to a Plan of Reorganization, confirmed by a court of competent jurisdiction in a receivership proceeding or a bankruptcy proceeding under section 77 of the Bankruptcy Act,[1] of a carrier required to make annual reports under section 20 of the Interstate Commerce Act, as amended,[2] may be registered for "when issued" dealing on a national securities exchange, provided that:

(1) The reorganization managers, if any, or other person entrusted with the duty of consummating the Plan of Reorganization has filed a written statement with such exchange (and a duplicate signed original with the Commission) advising that:

(i) The Plan of Reorganization has been finally confirmed or otherwise finally approved by order of the court in which the receivership or bankruptcy proceeding is pending and that the time during which an appeal may be taken from such order has expired and that no such appeal is pending; and

(ii) Prior to the date when such unissued security is made available for delivery, application will be made for listing and for registration of such unissued security pursuant to section 12 (b) and (c) of the Act (Sec. 12, 48 Stat. 892; 15 U.S.C. 781) on such exchange or on another exchange in the same city.

(2) Such unissued security is the subject of a right to subscribe to or otherwise acquire such unissued security granted to the holders of a security which is admitted to dealing on a national securities exchange.

(3) A registration statement under the Securities Act of 1933, as amended (48 Stat. 74; 15 U.S.C. 77a), is in effect as to such unissued security, if such registration is required.

(4) If such unissued security is the subject of a warrant evidencing a right to subscribe to or otherwise acquire such unissued security, such warrant shall ex-

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-357]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

MEMORANDUM OPINION AND ORDER OF THE DIRECTOR APPROVING AND ADOPTING WITH AMENDMENT PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW, AND RECOMMENDATIONS OF THE EXAMINER AND GRANTING FINAL RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 and Order No. 303 of the Bituminous Coal Division, having been duly filed with the Division by District Board 1 on November 14, 1940, proposing and seeking the establishment of price classifications and minimum prices for the coals of certain mines not theretofore classified and priced; and

Temporary relief, pending final disposition of this proceeding, having been granted by Order of the Director dated November 28, 1940, establishing temporary effective minimum prices set forth in two schedules designated "Temporary Supplement," annexed to and made a part of said Order; and

A hearing having been held before Charles O. Fowler, an Examiner of the Division, at a hearing room of the Division, 734 Fifteenth Street NW., Washington, D. C., on December 12, 1940; and

The Examiner having made proposed Findings of Fact and Conclusions of Law in this matter, dated February 24, 1941, recommending that the temporary prices established by the Order dated November 28, 1940, 5 F.R. 4830, 4831, be made permanent; and

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed; and

The Director having determined that the Kenny's #2 Mine (Mine Index No. 676) of Frank J. Kenny is located in District 2 and was inadvertently included in this proceeding as being located in District 1; that the Moshannon #6 Mine (Mine Index No. 2602) of Bernard A. Murawski was included in Docket A-654, and classified and priced therein for both rail and truck shipments; that the Bridge Mine (Mine Index No. 2873) of F. J. Wilson was included in Docket A-356 and classified and priced therein for truck shipment; that no price classifications or minimum prices should be established in this proceedings for the Kenny's #2, Moshannon #6 or Bridge Mine; and that the Proposed Findings of Fact and Conclusions of Law of the Examiner should be amended accordingly; and

The Director having determined that the proposed Findings of Fact and the Conclusions of Law of the Examiner in this matter, as herein amended, should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director and that the price classifications and minimum prices listed in Supplements R and T annexed hereto should be established for the coals produced at the mines therein shown;

It is ordered, That the said proposed Findings of Fact and Conclusions of Law of the Examiner, as herein amended, be, and the same are hereby, approved and adopted as the Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: September 2, 1941.

PART 326—MINIMUM PRICE SCHEDULE, DISTRICT NO. 6

ORDER GRANTING PERMANENT RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 6 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 6 NOT HERETOFORE CLASSIFIED AND PRICED

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Bituminous Coal Division by District Board 6 requesting price classifications and minimum prices for all shipments except truck for certain mines in District 6 theretofore classified for rail shipment, and also requesting price classifications and minimum prices for coals of several mines not theretofore classified for any movement;

Temporary relief pending the final disposition of this proceeding having been granted in part by an Order dated March 28, 1941, 6 F.R. 1723, establishing minimum f. o. b. mine prices on truck shipments for certain mines which had not theretofore been classified in any way;

A hearing having been held in this matter before D. C. McCurtain, a duly designated Examiner of the Division in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard; and

The preparation of an Examiner's report in this matter having been waived by the parties herein;

It is ordered, That § 326.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 326.6 (*Numerical list of mines*) is amended by adding thereto Supplement R–II, and § 326.23 (*General prices; for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: September 5, 1941.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 8, 1941.

[Docket No. A-988]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS PRODUCED IN DISTRICT NO. 8

An original petition, pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for coals produced by certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the matter hereinafter set forth; and

No petitions of intervention having been filed with this Division in the above-entitled matter; and

It appearing that this action is necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Petitioner in proposing price classifications and minimum prices for the coals of the Boone and McReynolds #1 and #2 Mines (Mine Index Nos. 791 and 792) for rail shipment designates such mines as being contained in Freight Origin Group No. 50 whereas according to the records of this Division these mines are contained in Freight Origin Group No. 10. For this reason Mine Index Nos. 791 and 792, as set forth in the attached schedule marked "Supplement R," have been placed in Freight Origin Group No. 10.

Petitioner in proposing minimum prices for the coals of certain mines in Knott County, Kentucky, for truck shipment, designates the producing mines as being located in Subdistrict 1 of District No. 8 whereas according to the records of this Division all truck mines in Knott County, Kentucky, are contained in Subdistrict 3 of District No. 8. For this reason the attached schedule marked "Supplement T" designates those Knott County Mines contained therein as being in Subdistrict 3 of District No. 8.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 2, 1941.

[SEAL] H. A. GRAY, *Director*.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 8

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 328, Minimum Price Schedule for District No. 8 and supplements thereto.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 90, 91, AND 92 NOT HERETOFORE CLASSIFIED AND PRICED, AND IN THE MATTER OF THE PETITIONS OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED

This consolidated proceeding was instituted by three petitions filed by the Bituminous Coal Producers' Board for District No. 9, ("District Board") with the Bituminous Coal Division, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937. In its petitions the Board in substance proposed price classifications and minimum prices for the coals of certain mines in District No. 9 not theretofore so classified and priced, and prayed that orders be issued by the Director, granting relief, both temporary and final, in the matters.

On December 8, 1940, 5 F.R. 4962, the Director issued an Order in Docket No. A-396, and on December 13, 1940, 5 F.R. 5136, issued an Order in Dockets Nos. A-401 and A-424, granting, with some exceptions,[1] the temporary relief requested by the Board, pending final disposition of the petitions, and temporarily establishing the price classifications and minimum prices proposed by the Board, in the manner set forth in the Temporary Supplements annexed to and made a part of said Orders. No petitions of intervention were filed. Thereafter, on December 18, 1940, the Director issued an Order consolidating Dockets Nos. A-396, A-401, and A-424[2] for the purpose of hearing.

Pursuant to notice to all interested parties, a consolidated hearing was held on January 22, 1941, before Floyd McGown, the duly designated Trial Examiner. The Division and the Board were represented by counsel and participated in the hearing. Full opportunity to be heard, to examine and cross-examine witnesses, and to introduce evidence bearing on the issues was afforded all parties.

The uncontroverted evidence introduced at the hearing shows, and the Director therefore finds, that the proposed price classifications and minimum prices recommended by the Board in its original petitions, as subsequently modified and embodied in the Temporary Supplement annexed to and made a part of the Order of the Director, dated December 8, 1940, in Docket No. A-396, and in the Temporary Supplements annexed to and made a part of the Order of the Director, dated December 13, 1940, in Dockets Nos. A-401 and A-424, were approved by the Classification and Marketing Committee of the Board after due notice to all interested parties and after consideration of all available information; that such classifications and minimum prices are in conformity with the effective minimum prices of analogous and comparable coals classified and priced in General Docket No. 15; and that the proposed prices do not adversely affect the existing intra-district and inter-district coordination. Therefore, I find and conclude that such classifications and prices should be established as the permanent classifications and prices.

Now, therefore, it is ordered, That § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplements R-I and R-II, and § 329.24 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part thereof.

Dated: September 8, 1941.

[SEAL] H. A. GRAY, *Director.*

[1] These exceptions consisted of certain producers for whose mines price classifications and minimum prices were proposed by the Board, but for which price classifications and minimum prices had already been established.

[2] This Order also consolidated a matter entitled Docket No. A-286. Subsequently, however, this matter was dismissed without prejudice, by Order of the Director dated January 15, 1941, upon a motion filed by the original petitioner in the matter.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER OF CONSOLIDATION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTERS OF THE PETITIONS OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9, FOR RAIL SHIPMENT

Original petitions having been duly filed with this Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9, for rail shipment; and

It appearing to the Director that the above-entitled matters raise similar and related issues; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with this Division in the above-entitled matters; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters be, and the same hereby are, consolidated.

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 5, 1941.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9, FOR RAIL SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9, for rail shipment; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith § 329.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 8, 1941.

[Docket Nos. A-248, A-370, A-407]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 10 NOT HERETOFORE CLASSIFIED AND PRICED

These are matters instituted by original petitions duly filed with the Bituminous Coal Division on October 28, 1940 (Docket A-248); on November 16, 1940 (Docket A-370); and, on November 25, 1940 (Docket A-407) pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 10, proposing and seeking the establishment of price classifications and minimum prices for the coals of certain mines not theretofore classified and priced.

The original petitions prayed for the issuance of temporary and final orders, pending final disposition of the petitions. By Orders of the Director, dated November 6, 1940 (Docket A-248), 5 F.R. 4487, 4488, 4489; December 7, 1940 (Docket A-370), 5 F.R. 4875; and, December 13, 1940 (Docket A-407), 5 F.R. 5158, temporary relief was granted, pending final disposition of the original petitions establishing temporary price classifications and minimum prices for the coals in question in general conformance to the petitioner's proposals.

Pursuant to the Orders of November 6, December 7, 10 and 20, 1940, a hearing in these matters[1] was duly held on December 20–21, 1940, before Thurlow G. Lewis, a duly designated Examiner of the Division at a hearing room thereof in Springfield, Illinois. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. No intervening petitions were filed and no objection to the relief requested was made at the hearing. By agreement of all parties present, the preparation and filing of the Examiner's report was waived, and the record was thereupon transmitted to the undersigned.

Uncontroverted testimony was introduced by J. R. Henderson, a representative of District Board 10, that investigation had proven that the price classifications and effective minimum prices temporarily established by the Director are correct and in conformance with the standards of the Act.

On March 24, 1941, a motion was filed by District Board 10, setting forth that additional information indicates that the classifications and effective minimum prices requested for the Buck Road Mine (Mine Index No. 1327) for truck shipment were incorrect and should be corrected as set forth in the attached schedules.

The Director accordingly finds and concludes that the establishment of such classifications and effective minimum prices as set forth in the attached Supplements effectuates the purposes of sections 4 II (a) and 4 II (b) of Bituminous Coal Act of 1937 and that the prices as set forth comply with all the standards thereof.

Now therefore, it is ordered, That commencing forthwith § 330.4 (*Price groups*) is amended by adding thereto Supplements R–I and R–II, § 330.10 (*Special Prices*—(a) *Railroad locomotive fuel prices*) is amended by adding thereto Supplement R–III, and § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplements T–I and T–II, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: September 3, 1941.

[Docket No. A–883]

PART 333—MINIMUM PRICE SCHEDULE, DISTRICT NO. 13

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 13 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS OF CERTAIN MINES IN DISTRICT 13

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by District Board 13, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests a revision in the effective minimum prices established for the coals of certain code member producers in District 13.

Pursuant to an Order of the Director, and after notice to all interested persons, a hearing was held in this matter on July 22, 1941, before Charles S. Mitchell, a duly designated Examiner of the Bituminous Coal Division, at a hearing room of the Division, Washington, D. C.[1] All interested persons were afforded an opportunity to be present and participate fully in the hearing. Only petitioner appeared at the hearing. The preparation and filing of a report by the Examiner were waived and the record thereupon was submitted to the undersigned who has considered the record in this matter.

The petition of District Board 13 herein requests a revision in the effective minimum prices established for certain coals produced at eight relatively small mines in District 13. These mines do not have rail connections and the coals they produce for rail shipment are transported to the railroads by truck.

The evidence shows that when minimum prices were originally proposed for the coals of Mine Index Nos. 20, 568, 683, 624, and 1164, the District Board either did not have accurate information as to the exact geographical location of the mines or made certain clerical errors in its proposal; that as a result, minimum prices were established which are not in proper coordination with the minimum prices established for other competing coals. It appears from the evidence that the prices requested by the petitioner for the coals of these mines will effect the proper coordination.

An informal request was made at the hearing by the witness for the District Board to have the relief extended to certain sizes of coal produced at some of the above-mentioned mines, for which price changes were not requested in the original petition. The record shows, however, that the producers which would be affected by such changes were not formally notified in advance that such a request would be made at the hearing, and for that reason, I find that the relief should be granted only to the extent prayed for in the original petition.

With respect to the prices shown in the schedule herein for the coals of the Sheelor No. 1 Mine and the Nickel Plate No. 2 Mine, a witness for the District Board testified that these two mines are producing in the Nickel Plate Seam, but that their coals are sold in competition with coals produced in the same vicinity from the Pratt Seam; that the price originally established for the coals of the two mines in question were 20 cents per ton lower than the prices established for the coals produced from the Pratt Seam. The witness stated that after the District Board had given further consideration to these prices it felt that they were improperly coordinated with the Pratt Seam coals; that they should be revised so as to be only 5 cents per ton lower in Size Groups 13 and 23, and 10 cents per ton lower in Size Group 1, than the prices established for the Pratt Seam coals in those size groups.[1] The prices proposed herein will effect those differentials. The witness stated that the smaller sizes produced at the Sheelor No. 1 Mine and at the Nickel Plate #2 Mine, though soft and friable, contain less ash than the Pratt Seam coals. He stated that the lump sizes produced at the two mines in question are harder and better suited for the domestic market than those sizes produced from the Pratt Seam, although the latter coals contain less ash. It was the opinion of the witness that these factors, as well as the competitive history of the coals, require the establishment of the prices requested. The witness stated that neither of the producers have objected to the establishment of those prices.

The petition also requests that there be deleted from the District 13 Price Schedule, the prices of $2.80 and $2.70 established for the coal in Size Groups 17 and 18 produced at the Freeman Mine (Mine Index No. 249) of the Freeman Coal Company. It states that these coals are properly priced in the schedule at $2.85 and $2.75 respectively, for Size Groups 17 and 18. The records of the Division disclose that the latter prices are the only ones now effective for those coals, and I, therefore, find that this request in the petition must be denied.

Upon the basis of all the evidence, I find and conclude: (1) that the minimum price shown in the schedule hereto attached for the coals specified therein are proper and should be established; that said prices are properly coordinated with the prices established for comparable coals in District 13, and will preserve fair competitive opportunities for the producers affected thereby; and (2) that such amendment of the price schedule for District 13 is required in order to effectuate the purposes of section 4 II (a) and 4 II (b) of the Act and to comply with the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 333.6 (*General prices*) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That the requests of the petitioner in all other respects be and they hereby are denied.

Dated: September 2, 1941.

[SEAL] H. A. GRAY,
Director.

[1] By Order of the Acting Director dated July 12, 1941, the hearing originally scheduled for July 16, 1941, was postponed to July 22, 1941.

[1] The Order of November 26, 1940, 5 F.R. 4828, granting temporary relief in Docket A–171 increased the prices established for the Nicket Plate #2 Mine coals to the same level as the prices established for the Pratt Seam coals.

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for rail shipment and for truck shipment for the coals produced at the mines of certain code members in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 324.24 (*General prices for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, and applications to stay, terminate or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: September 6, 1941.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 927—PRIMARY NICKEL

General Preference Order No. M-6-a To Conserve the Supply and Direct the Distribution of Primary Nickel

Whereas the national defense requirements have created a shortage of nickel, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to continue to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 927.2 *General preference order M-6-a*—(a) *Definitions.* For the purposes of—this Order:

(1) "Nickel" means any primary metallic nickel either alloyed or unalloyed or nickel matte of any description.

(2) "Producer" means any person who produces nickel as above defined.

(3) "Distributor" means any person who procures nickel either by importing or from domestic sources for resale without change in form, whether or not such person receives title to or physical delivery of the material, and includes selling agents, warehousemen, and brokers.

(b) *Regulations incorporated.* Except as otherwise specifically provided herein, all of the provisions and definitions of Priorities regulation No. 1,[1] issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(c) *Assignment of preference rating to certain defense orders.* Deliveries of Nickel under all Defense Orders (as defined in Regulation No. 1) to which a preference rating of A-10 or higher has not been specifically assigned are hereby assigned a preference rating of A-10.

(d) *Restrictions on deliveries.*—(1) *Forms.* Any person seeking delivery of Nickel from a producer or distributor shall file with the Division of Priorities and with the producer or distributor in the manner indicated thereon not later than the 20th day of the month next preceding the month in which delivery is specified, Form PD-27 heretofore prescribed by the Division of Priorities, or such other form or forms as may be prescribed by said Division from time to time. The Director of Priorities may in his discretion from time to time issue specific directions exempting particular customers or classes of customers from the provisions of this paragraph (d) (1) on the basis of the limited character of their requirements for nickel.

(2) *Allocations.* No deliveries of nickel may be made by any producer or distributor except as specifically authorized by the Director of Priorities. The Director of Priorities will from time to time allocate the supply of nickel among persons seeking delivery thereof, and specifically direct the manner and quantities in which deliveries may be made. Such allocations and directions will be made primarily to insure satisfaction of defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director of Priorities may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(e) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of nickel, or of any other material subject to allocation, or he may be subjected to any other or further action as the Director may deem appropriate.

(f) *Revocation of general preference order M-6.* General Preference Order M-6,[1] issued by the Director of Priorities May 15, 1941, is hereby revoked.

(g) *Effective date.* This order shall take effect immediately upon its issuance, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 31st day of March 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596, as amended September 2, 1941; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session).

Issued this 30th day of September 1941.

DONALD M. NELSON,
Director of Priorities.

PART 932—CORK AND PRODUCTS AND MATERIALS OF WHICH CORK IS A COMPONENT

General Preference Order No. M-8-a To Direct the Use and Distribution of Cork and Products and Materials of Which Cork Is a Component

Whereas it is found that the present and increasing future demand for raw cork in the United States and the uncertainty of future shipments from abroad continue seriously to threaten the requirements of the National Defense Program for cork and products and materials of which cork is a component, and it is further found that the fulfilment of requirements for the defense of the United States will result in a shortage in the supply of raw cork and products and materials of which cork is a component for defense, and private account, and it is further found that this situation imperils the obtaining of priority for deliveries of such materials under present and future Army and Navy contracts and orders and related subcontracts and suborders unless the total present and future supply be conserved and the present and future use and distribution directed, and it is further found that the best interests of the national defense require the exercise of the power conferred upon me to direct and insure such priority;

It is ordered, That:

§ 932.2 *General preference order M-8-a*—(a) For the purposes of this Order:

(1) The term "cork" is hereby defined as unmanufactured cork in all forms, including cork wood, bark, waste, shavings, and refugo.

(2) The term "supplier" is hereby defined as any individual, firm, corporation, or association in the United States which engages in the importation, sale, manufacture, or processing of cork.

(b) *Regulation No. 1 incorporated.* Except as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1[1] issued by the Director of Priorities on August 27, 1941 (§§ 944.1-944.21) as amended from time to time, are hereby included as a part of this Order with the same effect as if specifically set forth herein.

(c) *Reserve established.* On and after October 1, 1941, each supplier is hereby directed to set aside his entire stock of cork and all finished and semi-finished products and materials of which cork is a component, as a reserve, for the fulfilment of present and future Defense Orders and such other orders and uses as may be authorized, from time to time, by the Director of Priorities. No deliveries or withdrawals shall be made from this reserve either for customers of such supplier or for purposes of manufacture or processing by such supplier except pursuant to specific directions heretofore or hereafter issued by the Director of Priorities. Not later than November 1 for the Month of November, 1941 and thereafter prior to the first day of each subsequent calendar month, the Director of Priorities will issue to each supplier specific directions covering deliveries by such supplier of cork and products and materials of which cork is a component which may be made by such supplier to his customers during such month, and further directing the kinds and quantities of material which may be manufactured or processed by such supplier from stocks on hand. The use, process to final product, and deliveries by such supplier shall be made as directed in such monthly allocation schedules.

(d) *Reports.* Each supplier shall certify and furnish to the Division of Priorities on or before the twentieth (20th) day of each calendar month hereafter all the information required by Schedules 1 and 2 of Form PD-29. Each supplier shall also, not later than the tenth (10th) day of each calendar month hereafter, certify and furnish to the Division of Priorities all the information required by Schedules 3 and 4 of Form PD-29.

(e) *Special limitations.* (1) Notwithstanding any general authorization for the processing or delivery of insulation board granted in any monthly allocation schedule, no supplier shall process or deliver insulation board, other than insulation board to be processed or delivered under Defense Orders or insulation board to be used for the preservation of food, except under express direction of the Director of Priorities.

(2) Notwithstanding any general authorization for the processing or delivery of finished crowns granted in any monthly allocations schedule, deliveries of finished crowns to any customer of a supplier shall be limited during each month to such quantities thereof as may be necessary to meet such customer's production of crowned bottle goods for the next succeeding month, after normal use has been made of his inventory of crowns on hand, except under express direction of the Director of Priorities.

(f) *Effective date.* This order shall take effect on the first day of October 1941; and unless sooner terminated by direction of the Director of Priorities shall expire on the 31st day of March, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596, as amended, Sept. 2, 1941; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

PART 933—COPPER

Supplementary Order No. M-9-b to Conserve the Supply and Direct the Distribution of Copper Scrap and Copper Base Alloy Scrap

Whereas, the national defense requirements have created a shortage of copper, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution of Scrap material whose principal ingredient is Copper or Copper Base Alloy;

Now therefore, it is hereby ordered that:

§ 933.3 *Supplementary order No. M-9-b*—(a) *Definitions.* For the purposes of the Supplementary Order:

(1) "Scrap" means all Copper or Copper Base Alloy materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescense, failure or other reason.

(2) "Copper" means Copper metal which has been refined by any process of electrolysis or fire refining to a grade and in a form (cathodes, wire bars, ingot bars, ingots, cakes, billets, wedge bars or other refined shapes) suitable for fabrication.

(3) "Copper base alloy" means any alloy in the composition of which the percentage of Copper metal by weight equals or exceeds the percentage of all other metals.

(4) "Brass mill scrap" means that Scrap which is a waste or by-product of industrial fabrication of products produced by Brass Mills.

(5) "Brass mill" means one which rolls, draws or extrudes castings made in its own plant of Coper or Copper Base Alloys, or one which rolls, draws or extrudes refinery shapes of Copper or Copper Base Alloys; it does not include a Mill which re-rolls, re-draws or re-extrudes products produced from refinery shapes or castings of Copper or Copper Base Alloys.

(6) "Secondary copper" means Copper or Copper Base Alloy produced as a raw material by any process of melting Scrap.

(7) "Dealer" means any person regularly engaged in the business of buying and selling Scrap.

(8) "Foundry" means any person who melts and casts Copper and Copper Base Alloys into shapes and forms suitable for use without reforming.

(b) Deliveries of Scrap shall hereafter be made solely in accordance with the following directions:

(1) No Person shall deliver Brass Mill Scrap except to a Dealer or to a Brass Mill; no Dealer who receives delivery of Brass Mill Scrap shall in turn deliver such Scrap to any melter thereof other than a Brass Mill.

(2) No Person shall deliver Scrap other than Brass Mill Scrap except (i) to Dealers, or (ii) in cases where a preference rating of A–10 or higher has been assigned with respect to such delivery. Provided, however, between the date of this Order and November 1, 1941, a Foundry may purchase or receive delivery of Scrap to an amount in tonnage which shall not exceed the amount consumed by such Foundry during the same period of 1940. Each Foundry which between the date of this Order and November 1, 1941, purchases or receives delivery of Scrap, shall, on or before November 5, 1941, file with the Copper Branch of the Office of Production Management a report on Form PD–109, setting forth the amount of Scrap purchased or received during the period and the amount consumed during the same period of 1940.

(3) No Dealer shall hereafter melt Scrap, including Scrap on hand at the date of this Order, unless specifically authorized by the Director of Priorities.

(4) No Dealer shall hereafter accept delivery of Scrap unless (i) such Dealer shall during the preceding 60 days have sold or otherwise disposed of Scrap to an amount at least equal in weight to the Scrap Inventory of such Dealer on the date of such acceptance of delivery of Scrap, and (ii) such Dealer shall have filed with the Office of Production Management such reports as may from time to time be required by the Office of Production Management.

(c) *Toll agreement.* No Person shall hereafter deliver Scrap and no Person shall accept same for converting, remelting or other processing under any existing or future toll agreement, conversion agreement or other form of agreement by which title remains vested in the Person delivering the Scrap or which agreement is contingent upon repurchase of processed material in any quantities equivalent or otherwise, by the Person delivering the Scrap, unless and until such an agreement shall have been approved by the Director of Priorities. Any Person desiring to have such an agreement approved must file with the Copper Branch of the Office of Production Management a statement setting forth the names of the parties to such agreement, the material involved as to kind and grade, the form of the same, the estimated tonnage involved, the estimated rate of delivery, the length of time such agreement or other similar agreement has been in force, the duration of the agreement, the purpose for which the processed material is to be used, and any other pertinent data that would justify such approval.

(d) *Use of material.* Any Person who obtains delivery of Scrap in accordance with the terms of this Order shall use such Scrap, or an equivalent amount thereof, for the purpose for which the preference rating was assigned or for which the delivery was authorized.

(e) *Restriction on acceptance of castings or secondary copper.* No Person shall hereafter knowingly accept delivery of Secondary Copper or castings made therefrom, which have been obtained by melting and processing Scrap delivered to the melter or processor contrary to the provisions of this Order.

(f) *Priority control.* All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this Order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(g) *Remelting by railroads and utilities.* Nothing herein contained shall prevent a railroad or public utility company whose customary practice has been to remelt or process within its own plants, and for its own use Scrap created by its own operations or obsolescense, from continuing to do so in the manner and to the extent of its previous practice.

(h) *Application for rating.* Any Person desiring to obtain a preference rating of A–10 with respect to deliveries to him of Scrap in order to enable him to fill a particular order should make application on the usual Form PD–1, and any Person desiring to obtain a preference rating of A–10 with respect to all deliveries of Scrap to him over a period of time should make aplication by writing to the Copper Branch, Office of Production Management.

(i) *Specific directions.* The Director of Priorities may from time to time issue specific directions to any person as to the source, destination, or amount of Scrap to be delivered or acquired by such person.

(j) This order may be revoked or modified by the Director of Priorities at any time; shall take effect immediately, and, unless previously terminated, shall expire on the 31st day of December 1941. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 30th day of September 1941.

[Interpretation No. 4 of Preference Rating Order No. P–46]

PART 978—UTILITIES

Maintenance, Repair and Supplies

The following official interpretation is hereby issued by the Director of Priorities with respect to § 978.1, *Preference Rating Order No. P–46*,[1] issued September 17, 1941.

Section 978.1 permits the application of the preference rating therein assigned to deliveries of Material to Producers engaged in the depletion of natural gas pools, provided the gas produced therefrom is directly or indirectly for general use by the public. Section 978.1 does not permit the application of the preference rating therein assigned to deliveries of Material to Producers engaged in the discovery or development of natural gas pools.

Issued this 30th day of September 1941.

DONALD M. NELSON,
Director of Priorities.

PART 989—MECHANICAL REFRIGERATORS

Limitation Order L–5 to Restrict the Production of Domestic Mechanical Refrigerators

Pursuant to power vested in the Director of Priorities by Regulation No. 3 Amended,[2] dated September 2, 1941, and approved by the President of the United States September 12, 1941.

It is hereby ordered, That

§ 989.1 *General limitation order L–5*—(a) *Definitions.* For the purposes of this order:

(1) "Domestic Mechanical Refrigerator" means any refrigerator for household use which operates either by compression or by absorption.

(2) "Factory Sales" means sales of Domestic Mechanical Refrigerators from factory or branches to distributors, dealers or consumers.

(3) "Class 'A' Manufacturers" means those manufacturers of Domestic Mechanical Refrigerators the monthly average of whose Factory Sales for the twelve months ending June 30, 1941, including both domestic sales and exports, was 16,000 such units or more.

(4) "Class 'B' Manufacturers" means those manufacturers of Domestic Mechanical Refrigerators, the monthly average of whose Factory Sales for the twelve months ending June 30, 1941, including both domestic sales and exports, was greater than 5,000 such units but less than 16,000 such units.

(5) "Class 'C' Manufacturers" means those manufacturers of Domestic Mechanical Refrigerators, the monthly average of whose Factory Sales for the twelve months ending June 30, 1941, including both domestic sales and exports, was 5,000 such units or less.

(b) *General restriction.* During the five months period from August 1 to December 31, 1941, inclusive:

(1) No Class "A" Manufacturer shall produce more Domestic Mechanical Refrigerators than the greater of the following two limits: (i) 50,400 of such Refrigerators, or (ii) five times 55% of the monthly average of his Factory Sales of such Refrigerators for the twelve months ending June 30, 1941.

(2) No Class "B" Manufacturer shall produce more Domestic Mechanical Refrigerators than the greater of the following two limits: (i) 17,750 such Refrigerators, or (ii) five times 63% of the monthly average of his Factory Sales of such Refrigerators for the twelve months ending June 30, 1941.

(3) No Class "C" Manufacturer shall produce more Domestic Mechanical Refrigerators than five times 71% of the monthly average of his Factory Sales of such Refrigerators for the twelve months ending June 30, 1941.

(c) *Avoidance of excessive inventories.* Manufacturers of Domestic Mechanical Refrigerators shall not accumulate inventories of raw materials, semiprocessed materials, finished parts, or assembled Refrigerators in quantities in excess of minimum practicable working inventories.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each Manufacturer to whom this Order applies shall on the 15th day of October, 1941, and on the 15th day of every month thereafter, file with the Electrical Appliance and Consumers' Durable Goods Branch of the Division of Civilian Supply of the Office of Production Management, a report of inventories of Domestic Mechanical Refrigerators and materials entering into the production of the same, in such form as shall be prescribed by the Office of Production Management. Such report shall also include a statement of the number of mechanical refrigerators produced by such manufacturer during the preceding two months, by models. Each manufacturer to whom this Order applies shall also execute and file with the Office of Production Management such other reports and questionnaires as said Office shall from time to time request.

(g) *Provision for companies under common ownership.* For the purposes of this Order, a manufacturer's classification into Class "A", "B" or "C" shall depend upon the monthly average of Factory Sales by that manufacturer, including in the total of such sales all Factory Sales made by subsidiaries, affiliates, or by other companies or enterprises under common ownership or control.

(h) *Violations or false statements.* Any person who violates this order, or who wilfully falsifies any records which he is required to keep by the terms of this order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Effective date.* This Order shall take effect upon the date of the issuance thereof and shall continue in effect until revoked by the Director of Priorities subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; OPM Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 9629, Jan. 7, 1941, 6 F.R. 191; E.O. 8629, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 30th day of September 1941.

DONALD M. NELSON,
Director of Priorities.

PART 994—MOTOR FUEL

Limitation Order L–8 To Limit the Distribution of Motor Fuel in the Atlantic Coast Area

Whereas shortages in the availability of transportation facilities for the distribution of petroleum and petroleum products in the Atlantic Coast Area have created a shortage in these materials for defense, private account and export; and

Whereas further shortages of petroleum products for essential transportation, power and heating purposes are threatened unless immediate steps are taken to curtail consumption of motor fuel; and

Whereas the Petroleum Coordinator for National Defense has recommended a plan for the curtailment and equitable distribution of motor fuel in the Atlantic Coast Area;

Now, therefore, it is hereby ordered, That:

§ 994.1 *General limitation order L–8*—(a) *Definitions.* For the purposes of this Order:

(1) "Person" means any individual, partnership, association, corporation or other form of enterprise.

(2) "Motor Fuel" means liquid fuel used for the propulsion of motor vehicles or motor boats and shall include any liquid fuel as to which Federal gasoline taxes apply except liquid fuel used for the propulsion of aircraft.

(3) "Primary Supplier" includes any person who produces any Motor Fuel in the Atlantic Coast Area, or imports, from any point outside the Atlantic Coast Area, any Motor Fuel, into such Area; *Provided however*, That the term shall not include that part of any person's business included in the definitions of "Secondary Supplier" and "Service Station" *and, provided further*, That the term shall not include importation of Motor Fuel by a consumer.

(4) "Secondary Supplier" includes any person who receives Motor Fuel from any Primary Supplier or other Secondary Supplier for delivery to others: *Provided however*, That the term shall not include that part of any Secondary Supplier's business included in the definition of "Service Station" and shall not include a transporter of Motor Fuel to the extent that he is engaged merely in such transportation for others.

(5) "Service Station" means any place of business or part thereof, where Motor Fuel is delivered into the fuel tanks of motor vehicles or motor boats.

(6) "Delivered" and "Deliveries" shall not include deliveries by Primary Suppliers or Secondary Suppliers directly to Federal state or local governments or deliveries by Primary Suppliers to Secondary Suppliers for direct delivery to Federal, state or local governments.

(7) "Supplement A Percentage" means the percentage figure for any state or the District of Columbia for any month, to be applied to the average monthly amount of Motor Fuel delivered during the Base Period, as set forth in Supplement A.

(8) "Supplement B Percentage" means the percentage of deliveries for the corresponding month of the preceding year, as set forth in Supplement B.

(9) "Atlantic Coast Area" means Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida east of the Apalachicola River, and the District of Columbia.

(10) "State", when applied to Florida, means Florida east of the Apalachicola River.

(11) "Base Period" means the months of May, June and July, 1941, inclusive.

(b) *Limitations on delivery of motor fuel.* (1) No Primary or Secondary Supplier shall, directly or indirectly, deliver or cause to be delivered, Motor Fuel from any point within the Atlantic Coast Area to any point in the United States outside the Atlantic Coast area.

[1] 6 F.R. 4784.
[2] 6 F.R. 4865.

(2) No Primary Supplier shall, directly or indirectly, deliver or cause to be delivered, in any month, in any single state, or the District of Columbia, for distribution or consumption within said state or the District of Columbia, more than the quantity of Motor Fuel represented by the Supplement A Percentage, for such month, of the average monthly amount of Motor Fuel delivered by him in said State, or the District of Columbia, during the Base Period; *Provided however*, That in each state, or the District of Columbia, in each month, Primary Suppliers whose permissible deliveries based upon Supplement A Percentage calculations exceed delivery requirements based upon Supplement B Percentage calculations shall deliver such excess, by means of sale, loan, or exchange, to Primary Suppliers whose delivery requirements based upon Supplement B Percentage calculations exceed permissible deliveries based upon Supplement A Percentage calculations. Such sales, loans and exchanges may be made, however, as between Primary Suppliers on the basis of the whole Atlantic Coast Area, rather than by physical deliveries within each particular state.

(3) No Primary or Secondary Supplier shall, directly or indirectly, deliver or cause to be delivered, in any month, in any State, or the District of Columbia, to any Secondary Supplier, Service Station or consumer of Motor Fuel, more than the quantity of Motor Fuel represented by the Supplement B Percentage, for such month, of the amount of Motor Fuel received by such Secondary Supplier, Service Station, or consumer of Motor Fuel during the corresponding month of the year preceding: *Provided, however*.

(i) The quantities delivered by any Primary or Secondary Supplier to any Secondary Supplier, Service Station, or consumer of Motor Fuel, may vary from the quantity represented by the Supplement B Percentage, for such month, of the amount of Motor Fuel received by such Secondary Supplier, Service Station, or consumer of Motor Fuel during the corresponding month of the year preceding in the following instance: To any Secondary Supplier, Service Station or consumer of Motor Fuel whose requirements in the current month are, or receipts in the corresponding month of the year preceding were affected by exceptional conditions, such as, but not limited to, subnormal or abnormal deliveries in the corresponding month of the year preceding, or unusual expansion or contraction of business of such Secondary Supplier, Service Station or consumer since the corresponding month of the preceding year. In such event Primary or Secondary Suppliers delivering Motor Fuel shall adjust quantities delivered to Secondary Suppliers, Service Stations, or consumers of Motor Fuel, upward or downward, as the case may be, to meet such exceptional conditions. A report of adjustments under this subparagraph (i), and the reasons therefor, shall be made, in duplicate, within ten days of each such adjustment, to the Office of the Petroleum Coordinator for National Defense, Department of Interior Building, Washington, D. C., which shall transmit such report, together with its recommendation thereon, to the Director of Priorities, Office of Production Management, for subsequent approval or disapproval. Primary or Secondary Suppliers making such adjustments shall not be penalized for deliveries made under any adjustments made in good faith but subsequently disapproved by the Director of Priorities, but a suitable correction for any such erroneous adjustment may be required during a subsequent month by Order of the Director of Priorities; and

(ii) The quantities delivered by any Primary or Secondary Supplier to any consumer of Motor Fuel (or to a Secondary Supplier for delivery to any consumer of Motor Fuel) may vary from the quantity represented by the Supplement B Percentage, for such month, of the amount of Motor Fuel delivered to such consumer (or to a Secondary Supplier for delivery to any consumer of Motor Fuel) during the corresponding month of the year preceding, in accordance with subdivisions (*a*) and (*b*) below:

(*a*) For any of the following uses, deliveries shall be made of all minimum necessary requirements, upon presentation of appropriate evidence to the delivering Supplier that such Motor Fuel is in fact to be so used;

The operation of motor vehicles operating pursuant to certificates of convenience and necessity issued in accordance with any Federal, State or local laws;

The operation of motor vehicles on construction projects which have received a project rating of A–10 or higher from the Office of Production Management;

The operation of agricultural machinery and equipment and motor vehicles used for agricultural purposes. Appropriate evidence of such use may include proof that such Motor Fuel is subject to any exemption from, or refund of, the state tax levied upon Motor Fuel, or on the privilege of selling such Motor Fuel.

(*b*) To any consumer, deliveries shall be made of the minimum quantity necessary for the operation of commercial vehicles, so classified by law, and actually used for the transportation of defense products or of materials or equipment necessary for the production of defense products. A report of adjustments under this subparagraph (ii) (*b*) shall be made, in duplicate, within ten days of each such adjustment to the Office of the Petroleum Coordinator for National Defense, Department of Interior Building, Washington, D. C., which shall transmit such report, together with its recommendation thereon, to the Director of Priorities, Office of Production Management, for subsequent approval or disapproval. Primary or Secondary Suppliers making such adjustments shall not be penalized for deliveries made under any adjustments made in good faith but subsequently disapproved by the Director of Priorities, but a suitable correction for any such erroneous adjustment may be required during a subsequent month by Order of the Director of Priorities.

(4) Subject to the provisions of paragraph (b) (3) hereof, every Secondary Supplier, Service Station or consumer shall be entitled to receive from Primary or Secondary Suppliers, in any month, that quantity, and no more than such quantity, of Motor Fuel represented by the Supplement B Percentage for such month of the amount of Motor Fuel delivered to him by Primary or Secondary Suppliers during the corresponding month of the year preceding. Such quantity shall be delivered, if demanded by such Secondary Supplier, Service Station or consumer, by the supplier or suppliers who delivered Motor Fuel to him during the month of September, 1941, in shares proportionate to their respective deliveries to him during such month of September, 1941. If a different Primary or Secondary Supplier shall commence deliveries to a Secondary Supplier, Service Station or consumer subsequent to September 30, 1941, such different Primary or Secondary Supplier shall be the Primary or Secondary Supplier from whom such Secondary Supplier, Service Station or consumer shall thereafter have the right to demand his appropriate quantity based upon Supplement B Percentage calculations. The right of any Secondary Supplier or consumer to demand deliveries in accordance with this subparagraph (4) shall be limited as provided in paragraph (b) (5).

(5) In the case of any Secondary Supplier or consumer who has received deliveries during the nine months, ending September 30, 1941, from more than one supplier pursuant to no regular delivery schedule, any such delivering supplier shall be obligated, upon demand, only to deliver that proportion of the quantity of Motor Fuel deliverable pursuant to Supplement B Percentage calculations which the deliveries of such supplier during such nine month period bear to the total deliveries to such Secondary Supplier or consumer from all delivering suppliers during such period.

(6) Permissible adjustments of, and variations from, the quantities delivered, based upon Supplement B Percentages, herein provided for, shall not be construed to permit any Primary Supplier to deliver, in any month, in any state or the District of Columbia, quantities of Motor Fuel in excess of the quantities of Motor Fuel represented by the appropriate Supplement A Percentage of the sum total of the average monthly amount of Motor Fuel delivered by him in said state or the District of Columbia during the Base Period, except as to such quantities of Motor Fuel as may be received by a Primary Supplier pursuant to loan, exchange or purchase, as hereinabove provided in paragraph (b) (2), hereof.

(c) *Methods of distribution.* All Primary or Secondary Suppliers shall, to the extent practicable, make deliveries in such manner as to distribute such deliveries evenly throughout each month; and all persons maintaining or operating Service Stations shall, to the extent practicable, make deliveries in such manner as to distribute such deliveries evenly throughout each day. On or before November 10, 1941, and on the tenth day of each month following, each Primary or Secondary Supplier shall file with the Office of the Petroleum Coordinator for National Defense a certification, on a form to be prescribed therefor by the Director of Priorities, that he has complied with the provisions of this paragraph during the preceding calendar month.

(d) *Preferences for certain uses by service stations.* In making deliveries of Motor Fuel, persons maintaining or operating Service Stations shall give preference to deliveries of Motor Fuel to be used, not in excess of the minimum necessary requirements, for the following purposes:

(1) The operation of vehicles and boats necessary for the public health or safety, including ambulances and vehicles operated by physicians.

(2) The operation of vehicles and boats owned or operated by Federal, State or local governments.

In making deliveries of Motor Fuel, all Primary and Secondary Suppliers and persons maintaining or operating Service Stations shall give preference to all other uses of such fuel over deliveries to be used in the operation of pleasure boats.

(e) *Reports.* All Primary Suppliers shall file the following reports with the Office of the Petroleum Coordinator for National Defense, and with the Fuel Section of the Division of Civilian Supply, Office of Production Management:

(1) By October 10, 1941, the amount of Motor Fuel delivered in each of the months of the Base Period in each state, and in the District of Columbia.

(2) Beginning with deliveries for the month of October, by the twentieth day following the end of each month, the amount of Motor Fuel delivered in each state and in the District of Columbia during the preceding month. Such reports shall state, separately, direct deliveries:

(i) To Federal, state and local governments,

(ii) To Secondary Suppliers for direct delivery to Federal, state and local governments, and

(iii) To Secondary Suppliers, Service Stations and consumers, for each of the adjustments provided in subparagraphs (i), (ii) (*a*) and (ii) (*b*) of paragraph (b) (3) hereof, separately for each class of adjustments.

In addition to the individual reports required in paragraph (b) (3) (i) and paragraph (b) (3) (ii) (*b*), and the certification required in paragraph (c) hereof, all Primary and Secondary Suppliers shall make such reports as may be requested by the Office of Production Management from time to time.

(f) *Records.* All Primary and Secondary Suppliers affected by this Order shall keep and preserve, for a period of not less than two years, accurate and complete records of deliveries of Motor Fuel, the dates of actual deliveries, and the parties and states, (or the District of Columbia) involved in each delivery. All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(g) *Scope of program.* This Order shall be applicable to deliveries in the Atlantic Coast Area, but shall not apply to direct deliveries to the Federal, State and local governments by Primary or Secondary Suppliers, or deliveries by Primary Suppliers to Secondary Suppliers for direct delivery to the Federal, State and local governments.

(h) *Appeal.* Any Primary Supplier, Secondary Supplier, Service Station or other person receiving Motor Fuel directly from a Primary or Secondary Supplier affected by this Order, who, after he has sought an adjustment from his Supplier pursuant to paragraph (b) (3) or (b) (4) hereof, still considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may file an appeal, by addressing a letter, in duplicate, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief, to the Petroleum Coordinator for National Defense, Department of Interior Building, Washington, D. C., who shall transmit such appeal, together with his recommendations thereon to the Director of Priorities, Office of Production Management. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Publication of percentages.* Supplement A Percentages and Supplement B Percentages applicable to any month will be issued from month to month by supplement to this Order, and the percentages for any month will be published on or before the twenty-sixth day of the month preceding.

(j) *Conflicting orders, plans and programs.* This Order supersedes all previously existing Orders, plans or programs, and interpretations thereof, including the Civilian Allocation Program issued August 15, 1941, by the Office of Price Administration and Civilian Supply.

(k) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or who otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(l) *Effective date.* This Order shall take effect on the 1st day of October, 1941, and shall continue in effect until revoked by the Director of Priorities subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

Issued this 30th day of September, 1941.

DONALD M. NELSON,
Director of Priorities.

Supplement A percentage and Supplement B percentage for October, 1941

States	Supplement A percentage for October, 1941	Supplement B percentage for October, 1941
Maine	84.96	93.00
New Hampshire	88.70	93.50
Vermont	93.03	96.00
Massachusetts	90.37	95.00
Rhode Island	90.27	100.50

South Carolina	88.44	95.50
Georgia	90.60	93.50
Florida, east of the Apalachicola River	86.12	97.50

The effect of the application of the Supplement A Percentages and Supplement B Percentages is as follows:

1. In the entire Atlantic Coast Area, in each month, the deliveries of motor fuel by Primary Suppliers will be curtailed to approximately 90% of the average month for the period May to July, 1941, inclusive.

2. Over a complete cycle, if this Order continues for that period, each state included in the Atlantic Coast Area will receive the same proportion of total consumption in the Atlantic Coast Area as it received in a previous normal year, as adjusted for secular and seasonal trends since that date.

3. The proportions received by the various states in any month differ to allow for varying seasonal requirements from state to state, from month to month, during a year.

4. The total motor fuel deliverable based upon Supplement B Percentage calculation is estimated, in each state, to equal the total motor fuel deliverable, in each state, based upon Supplement A Percentage calculations. The purpose of the Supplement B Percentages is to account for the varying seasonal requirements of various purchasers and consumers within each state. Variations in percentages from state to state are required to recognize different rates of expansion in requirements among the states since the same month of the preceding year.

1347.60 Effective date.
1347.61 Appendix A.
1347.62 Appendix B.

The Office of Price Administration, being charged with the maintenance of price stability and the prevention of undue price rises, has determined that the establishment of maximum prices for paperboard is essential in order to accomplish these purposes and is in the interest of national defense and national welfare, and that the maximum prices set forth herein are fair and reasonable. The determination of these prices comes after exhaustive investigations and numerous conferences with representatives of all branches of the paperboard trade.

Paperboard, and the boxes and containers manufactured therefrom, have become essential to the prosecution of the defense effort. The Office of Price Administration, through voluntary agreements and the establishment of price schedules for wastepaper and other commodities, has been exerting its efforts to prevent undue price rises in those raw materials which go to make up paperboard. The price rises which are threatening in the paperboard industry are, therefore, unwarranted. Because of the countless uses for paperboard, the effect of an inflationary price would be to create a dangerous price spiral and, therefore, immediate action is necessary.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1347.51 *Maximum prices for paperboard.* On and after October 1, 1941, regardless of the terms of any contract of sale or purchase or other commitment, in the area East of the Rocky Mountains, no person shall sell, offer to sell, deliver or transfer any grade of paperboard, and no person shall buy, offer to buy, or accept delivery of any grade of paperboard at prices higher than the maximum prices set forth in Appendices A and B hereof, incorporated herein as §§ 1347.61 and 1347.62, respectively.*

*§§ 1347.51 to 1347.62, inclusive, issued under the authority contained in Executive Order No. 8734, 6 F.R. 1917.

§ 1347.52 *Less than maximum prices.* Lower prices than those set forth in Appendices A and B may, however, be charged, demanded, paid, or offered.*

§ 1347.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of paperboard, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1347.54 *Records.* Every person making purchases or sales aggregating ten tons or more of any or all grades of paperboard in any one month shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each purchase or sale of paperboard made during such month and each month thereafter showing the date thereof, the name of the buyer or of the seller, the prices paid or received, the quantity and grade or grades so purchased or sold.*

§ 1347.55 *Reports.* Every producer of any or all grades of paperboard shall, in addition to keeping records as required above, submit such reports as the Office of Price Administration may from time to time require.*

§ 1347.56 *Affirmation of compliance.* All persons who are required by § 1347.54 to keep records, shall transmit, on or before November 10, 1941, and on or before the tenth day of each month thereafter, an affirmation of compliance on Form 132:1 containing a sworn statement that during the month for which the record is kept all purchases and sales were made at prices in compliance with this Schedule or with any exception or modification thereof. Copies of Form 132:1 can be procured from the Office of Price Administration or, provided no change is made in the style and content of it and that it is reproduced on 8" by 10½" paper, may be prepared by persons required to submit affirmation of compliance hereunder.*

§ 1347.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record or report requirements, or other provisions contained in this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of the Government, both State and Federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments through calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of any or all of the grades of paperboard or of the hoarding or accumulation of unnecessary inventories thereof, are urged and requested to communicate with the Office of Price Administration.*

§ 1347.58 *Modification of the price schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom. Such applications must include all relevant facts in detail and must be verified by the individual making the application or by an officer or partner of the business entity making the application.*

§ 1347.59 *Definitions.* When used in this Schedule, or any modifications or exceptions thereto, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Paperboard" means all kinds, grades, types, calipers, colors, and patterns of paperboard.

(c) "Producer" means any person who manufactures from any raw material any type, grade or caliper of paperboard for any use whatever.

(d) "Gage list" means those lists set forth in United States Department of Commerce Simplified Practice Recommendation R44-36 entitled "Box Board Thicknesses."*

§ 1347.60 *Effective date.* This Schedule shall become effective on October 1, 1941.*

[1] Except No. 3 Gage List.

[2] Exception to Quantity Differentials—Where a single buyer places a single or multiple order for paperboard of a single grade, thickness, type, and color, and where the sizes ordered and quantities demanded are such as to fill the trim of the seller's paper making machine and where the only cutting involved can be done by the slitter and chopper knives as the paperboard leaves the machine, the combined weight of such orders made simultaneously shall be used as the basis for the application of the quantity differential set forth herein.

A "+" sign before a figure establishes it as the maximum amount that may be added to the base price in the sale or purchse of the kind and grade of paperboard in whose column the figure appears. Smaller amounts may be added. A "−" sign before a figure establishes it as the minimum amount that must be subtracted from the base price in the sale or purchase of the kind and grade of paperboard in whose column the figure appears. Larger amounts may be subtracted.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

RECOMMENDATION

Whereas the President of the United States on May 28, 1941 (6 F.R. 2760) designated me Petroleum Coordinator for National Defense and made it my responsibility and duty, as his representative:

1. To obtain currently from the States and their agencies, from the petroleum and allied industries, from the officers and agencies of your Department, and from other appropriate Federal departments and agencies information as to (a) the military and civilian needs for petroleum and petroleum products, (b) the factors affecting the continuous, ready availability of petroleum and petroleum products for those needs, and (c) any action proposed which will affect such availability of petroleum and petroleum products.

2. To make specific recommendations * * * to insure the maintenance of a ready and adequate supply of petroleum and petroleum products.

and

Whereas, I find on the basis of information obtained from the appropriate government agencies and from the petroleum industry, that

1. The daily average shipment of petroleum and petroleum products from the Gulf Coast to the Atlantic Seaboard has declined substantially and that further declines are anticipated,

2. Existing supplementary transportation facilities can make up only a part of the deficiency and certain contemplated new transportation facilities will not be ready until 1942,

3. The trend of consumption of petroleum products in this area is upward,

4. As a result of these factors, the usual seasonal increase in stocks of petroleum and petroleum products to meet the heavy winter demand is well below the normal rate, and the stocks of industrial fuel oils, domestic heating oils, motor fuel and crude petroleum will not be adequate to meet essential demands this winter unless there is an immediate and drastic reduction in current consumption,

and

Whereas I find that, as a result of the foregoing, the rationing of petroleum products may become necessary unless the consumption of motor fuel be voluntarily reduced by 33⅓ percent in the Atlantic Coast area,

Now, Therefore, I do strongly urge that the use and consumption of motor fuel in the States of Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Maryland, Delaware, Virginia, North Carolina, South Carolina, Georgia and Florida, and the District of

Columbia, immediately and until further notice be voluntarily curtailed by 33⅓ percent by all except those engaged in National Defense activities or services essential to health and safety.

HAROLD L. ICKES,
Petroleum Coordinator for National Defense.

SEPTEMBER 26, 1941

[F. R. Doc. 41-7268; Filed, September 29, 1941; 4:07 p. m.]

RECOMMENDATION No. 2

To the Asiatic Petroleum Corporation, the Standard Oil Company (New Jersey), the Texas Company, and Trinidad Leaseholds, Limited, and their respective subsidiary companies:

Whereas because of the scarcity of available tanker tonnage, an acute shortage of petroleum products is imminent in the Caribbean area and particularly on the Island of Puerto Rico; and

Whereas heretofore it has been customary to draw a substantial part of the supplies of petroleum products for this area from continental United States; and

Whereas the average time required for a round trip by tanker between the Gulf Coast and Puerto Rico has been approximately 19 days, while a round trip between Aruba, or Curacao, and Puerto Rico has been approximately only 8.6 days; and

Whereas it is necessary to take all possible steps during the existing emergency to conserve tanker tonnage;

Now therefore, in accordance with the provisions of the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) The aforesaid companies and their respective subsidiary corporations, including but not limited to the Shell Oil Company of Puerto Rico, Limited, West Indian Oil Company of Puerto Rico, The Texas Company (Puerto Rico), Inc., and Pyramid Products Company, discontinue all movements by tanker of gasolines, kerosenes, gas oils, diesel oils, and fuel oils, from any point in the continental United States to all islands in the Caribbean area except Cuba, and that these islands be supplied with the foregoing products from refineries so located as to reduce to an absolute minimum the tanker tonnage required for transportation;

(2) The barge, terminal, and storage facilities of all of the aforesaid companies in the Carribbean area be utilized in such a way and without regard to the individual ownership of such facilities, so as to reduce to an absolute minimum idle time in port and the splitting of cargoes between two or more ports of discharge;

(3) The aforesaid companies arrange for the exchange or loan of products among themselves whenever and to whatever extent may be necessary to facilitate the reduction of the tanker tonnage required to transport the required petroleum products to the aforesaid Caribbean area;

(4) Meetings of representatives of the aforesaid companies be held from time to time for the sole purpose of working out the physical and contractual details and arrangements necessary to carry into effect the foregoing recommendations.

RECOMMENDATION No. 3

To all persons, in the Atlantic Coast area, responsible for the operation of commercial vehicles except those operated in national defense activities or services essential to health and safety:

Whereas the Atlantic Coast area is confronted with an impending shortage of gasoline, fuel oils, and other petroleum products due to the inadequacy of available tanker transportation service from Gulf Coast ports; and

Whereas such shortage will, unless abated, have serious adverse effects on the progress of the national defense effort and will result in enforced inconvenience and discomfiture to the public generally; and

Whereas immediate steps are necessary to render such a shortage less acute, one of the possible steps being voluntary curtailment of the use of motor fuel;

Now therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) All owners or operators responsible for the management of commercial vehicles:

(a) Eliminate bulk and wholesale deliveries on Saturdays;

(b) Limit retail deliveries to not more than one each day;

(c) Reduce the deliveries of perishables to as few each day as possible;

(d) Eliminate special deliveries;

(e) By adequate publicity, urge customers to cooperate by carrying small packages instead of requesting deliveries.

(2) Individuals and groups responsible for the operation of commercial vehicles, or representatives of such groups, meet from time to time for the sole purpose of working out the necessary arrangements for carrying into effect the foregoing recommendations.

This recommendation is effective July 9, 1941, and is applicable in the States of Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, and the District of Columbia.

RECOMMENDATION No. 4

To all dealers in, and suppliers of, motor fuels in the Atlantic Coast area:

Whereas the inadequacy of available tanker capacity for the transportation of petroleum and petroleum products from Gulf Coast ports to the Atlantic Coast area is causing an increasingly dangerous shortage of gasoline, fuel oils, and other petroleum products in the Atlantic Coast area; and

Whereas such shortage will, unless abated, have serious adverse effects on the progress of the national defense effort and will become increasingly detrimental to the public interest generally; and

Whereas such shortage requires that immediate remedial steps be taken, one of which is curtailment of the use of motor fuels; and

Whereas economies in marketing practices are necessary in order to avoid undue increases in the price of motor fuels by reason of the necessity of employing more costly alternative means of transportation and prospective decreases in the volume of sales; and

Whereas limitation of the daily periods of operation of facilities for supplying motor fuels directly to motor vehicles provides one means of curtailing the use of motor fuels and of offsetting higher costs of transportation, distribution, and marketing; and

Whereas the foregoing necessary curtailment and economies should be accomplished in so far as possible without interference with essential services;

Now, therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) That all persons, natural or artificial, employed at or maintaining any place of business where motor fuel is sold and delivered into the fuel tanks of motor vehicles, cease to operate, between the hours of 7:00 p. m. of each day and 7:00 a. m. of the ensuing day, any of the physical equipment utilized for such delivery of motor fuel at such place of business: *Provided*, That this recommendation shall not apply to the operation of facilities used exclusively after the hour of 7:00 p. m. and before 7:00 a. m. in supplying motor fuel to commercial vehicles so classified pursuant to law, nor to the sale and delivery of motor fuel into the tank of any motor

vehicle in the event of an emergency involving public health or safety.

(2) That all persons, natural or artificial, engaged directly or indirectly in supplying any of the aforesaid places of business give this recommendation the widest possible publicity, solicit the cooperation of all of those employed at or maintaining the aforesaid places of business in the observance of this recommendation, and in the event of any continued and deliberate failure to observe this recommendation, take such action, including the refusal to make further deliveries of motor fuel as may be appropriate under all of the attendant facts and circumstances.

This recommendation is effective August 3, 1941, at 7 p. m. refers to daylight saving time where appropriate, and is applicable throughout the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, North Carolina, South Carolina, Georgia, the Peninsula of Florida, and the District of Columbia, and to all marketing areas in or east of the Appalachian Mountains in the States of New York, Pennsylvania, Virginia and West Virginia, and such additional marketing areas in said States where any substantial part of the motor fuel supplied is either produced in any of said States, or shipped into such areas from any point east of such areas.

RECOMMENDATION NO. 5

To the General Committee, the Refining Committee, the Transportation Committee, and the Marketing Committee of District One, and to all suppliers of petroleum or petroleum products in said District:

Whereas, the withdrawal, for national defense purposes, of tankers heretofore used in the transportation of petroleum and petroleum products from Gulf Coast ports to the Atlantic Coast area is causing an increasingly dangerous shortage of gasoline, fuel oils, and other petroleum products in the Atlantic Coast area and such shortage, unless abated, will have serious adverse effects on the progress of national defense efforts and on the public generally; and

Whereas, in order to alleviate this shortage it is necessary that other and more costly additional means of transportation be employed; and

Whereas, it is necessary to distribute the burden of such higher cost transportation in such a way as to equalize the burden among suppliers and to prevent increases in the cost of petroleum products to consumers;

Now, therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) The General, Refining, Transportation, and Marketing Committees for District One hold joint or separate meetings from time to time, as the chairmen may desire, to investigate and analyze any facts related to the problem of alleviating the shortage of petroleum products in District One and in such connection the aforesaid committees direct such inquiries or questionnaires to such companies or persons as may be necessary or appropriate.

(2) The said committees encourage by communication with companies and persons the use of barges, tank cars, pipe lines, and trucks as a substitute for the cheaper transportation eliminated by the withdrawal of tankers.

(3) The said committees devise, as a general plan, ways and means whereby those suppliers with substantial stocks or with available cheaper means of transportation may assist those with lower stocks or with higher transportation costs so as to spread the burden of higher transportation costs more widely and more equitably throughout the industry and to avoid undue increases in costs to consumers: *Provided*, That all requests for specific action to accomplish the purposes of this paragraph shall be made in writing and first approved by the Chief Counsel of the Office of Petroleum Coordinator for National Defense.

Acting Petroleum Coordinator for National Defense.

RECOMMENDATION NO. 6

To all persons supplying motor fuel to resellers or consumers of such motor fuel:

Whereas, in order to alleviate the threatened shortage in the Atlantic Coast area of petroleum products for essential transportation, power and heating purposes the Office of Price Administration and Civilian Supply has issued a civilian allocation program for motor fuel in the Atlantic Coast area, and

Whereas, such program provides that:

No supplier of motor fuel shall directly or indirectly deliver or cause to be delivered in any month to resellers and consumers of such motor fuel more than 90 percent of the amount delivered by him to resellers and consumers during the month of July, 1941.

and

Whereas, such program provides that in making deliveries of motor fuel preference shall be given to deliveries to be used for certain categories of vehicles, and

Whereas, the proportion to total deliveries of the deliveries to be used for such vehicles varies among the several suppliers, and

Whereas, the program provides in § 1340.6 that deliveries of motor fuel obtained by loan, exchange, purchase or sale between suppliers or persons operating or maintaining service stations are excluded from such 90 percent limitation where made for the purpose and with the effect of enabling such suppliers and persons to equalize between themselves the percentage of curtailment which each is required to impose upon different classes of trade, and

Whereas, such loans, exchanges, purchases and sales should be made between suppliers or persons operating or maintaining service stations in order that each class of trade, including other suppliers, service stations, and consumers receive as nearly as possible a proportionate share of the total supply permitted to be made available.

Now, therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) All suppliers shall loan, exchange, purchase or sell sufficient quantities of motor fuel to equalize as between themselves, the percentage of curtailment which each is required to impose upon different classes of trade, including other suppliers, service stations and consumers, such equalization, however, to be such that the sum total of all motor fuel supplied to the Atlantic Coast area shall not exceed that permitted in the aforesaid Civilian Allocation Program.

(2) For the purpose of accomplishing such equalization, the District Marketing Committee of District One shall estimate the percentage of the available supply necessary to fill the requirements for preferred deliveries as defined in § 1340.3 of the aforesaid Civilian Allocation Program, in order to ascertain a uniform percentage of curtailment necessary for all non-preferred deliveries to and by service stations and to consumers by suppliers.

(3) The uniform percentage of curtailment thus ascertained shall be adopted by all suppliers in making non-preferred deliveries to service stations and consumers, and differences, if any, between the sum total of any particular supplier's preferred and non-preferred deliveries above or below the curtailment in deliveries required of each supplier by § 1340.1 of the aforesaid Civilian Allocation Program, shall be adjusted as provided in Section 1 of this Recommendation and § 1340.6 of the aforesaid Civilian Allocation Program.

(4) Appropriate meetings of any suppliers operating in the Atlantic Coast area shall be held from time to time for the purpose of working out the physical and contractual details and arrange-

ments necessary to carry into effect the foregoing recommendations.

This Recommendation shall be applicable in the same area as provided in the aforesaid Civilian Allocation Program, and the terms herein used shall have the same meaning as provided in the definition of terms in said program.

Amendment

Pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, paragraph numbered (3) of Recommendation No. 6, dated August 18, 1941, is hereby amended to read as follows:

(3) The uniform percentages of curtailment thus ascertained, after approval in writing by the Chief Counsel, Office of Petroleum Coordinator for National Defense, shall be adopted by all suppliers in making non-preferred deliveries to service stations and consumers, and differences, if any, between the sum total of any particular supplier's preferred and non-preferred deliveries above or below the curtailment in deliveries required of each supplier by § 1340.1 of the aforesaid Civilian Allocation Program, shall be adjusted as provided in section 1 of this Recommendation and § 1340.6 of the aforesaid Civilian Allocation Program.

RECOMMENDATION No. 7

PROCEDURE BETWEEN THE OFFICE OF THE PETROLEUM COORDINATOR FOR NATIONAL DEFENSE AND THE GENERAL AND FUNCTIONAL DISTRICT COMMITTEES AND THE DISTRICT DIRECTORS OF THE COORDINATOR

In accordance with the provisions of the President's letter of May 28, 1941, establishing the Office of the Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice the procedure between the Office of the Petroleum Coordinator for National Defense and the general and functional district committees and the district directors of the Coordinator be as follows:

I. Communication Between Industry Committees and Coordinator's Organization

From the Office of the Coordinator to the Committees

1. The Director of each division in Washington will communicate directly with the Chairman of the Industry Committee concerned with his phase of industry operation, sending copies of his communication to the Chairman of the General Committee for his information, and to the appropriate District Director.

2. All communications of a general character will be directed to the Chairman of the General Committee by the Coordinator or the Deputy Coordinator, sending a copy to the Senior District Director.

3. Communications of a special nature may be directed by the Coordinator or the Deputy Coordinator to the Chairmen of the functional committees, sending copies to the General Chairman and the appropriate District Director.

From the Committees to the Office of the Coordinator

1. The Chairman of each functional committee will communicate directly with the Director in Washington concerned with his phase of industry operation, sending copies of his communication to the Deputy Coordinator and to the appropriate District Director.

2. All communications of a general character will be directed to the Coordinator or the Deputy Coordinator by the Chairman of the General Committee, sending copies to the Senior District Director.

3. Communications of a special nature may be directed by the Chairmen of the functional committees to the Coordinator or the Deputy Coordinator, sending copies to the General Chairman and the appropriate District Director.

II. Committee Meetings

1. The committees may establish their meeting places at such locations as meet the convenience of the members.

2. In addition to regular meetings as determined by the committees, special meetings may be called at any time by the committee chairmen.

3. The committees may appoint temporary subcommittees for investigation and report on specific problems. Such subcommittees will be dissolved upon conclusion of their particular study.

4. The limited size of the committees may have precluded adequate representation for certain areas and for related groups and interests. From time to time it may therefore become necessary to establish standing subcommittees to provide such representation. Recommendations for the establishment of all standing subcommittees, and of members to serve thereon, shall be made to the Coordinator or the Deputy Coordinator.

5. Joint meetings may be held by two or more committees in the same district, and inter-district meetings may be arranged with the approval of the Coordinator or the Deputy Coordinator.

6. Minutes shall be kept of the meetings of all committees. These shall be distributed to the Coordinator's Organization as follows:

Minutes of the General Committee meetings:

Two copies to the Deputy Coordinator in Washington, one addressed to the attention of the Chief Counsel.

One copy to the Senior District Director.

Minutes of the functional committee meetings:

Three copies to the Deputy Coordinator in Washington, one addressed to the attention of the Director of the appropriate Division and one to the attention of the Chief Counsel.

One copy to the appropriate District Director.

Functional committees shall receive copies of the minutes of the other functional committees in the same district, and the General Chairman shall receive copies of the minutes of all committees in his district. If the General Chairman considers that a committee in another district should have a copy of any particular minutes because of their reference to problems of interest to the other committee, he may send such minutes to the General Chairman of the other district.

The report of all temporary subcommittees shall be incorporated in the minutes of the meetings of the regular committees. Standing subcommittees shall keep minutes, and these shall be distributed to the Coordinator's organization by the Chairman of the committee to which they report.

III. Procedure With Respect to Action by Industry Committees

The committees are expected to advise and suggest ways and means of meeting any of the problems relating to the coordination of the petroleum industry for national defense, as indicated by the President of the United States in his letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense. Consideration of such problems shall be undertaken either upon submission by the Office of Petroleum Coordinator for National Defense or after such problems have been raised by any of the committees on their own motion.

Each chairman and each member of all committees are specifically referred to the letter of the Coordinator addressed to the Attorney General of the United States under date of June 16, 1941, and are hereby advised, in accordance with that letter, "that they are not authorized to initiate group action as respects any matter which might violate either the letter or the spirit of the Anti-Trust laws." The industry should engage in no concert of action which might be deemed a violation of the antitrust laws without first receiving a formal recommendation duly signed by the Coordinator or the Deputy Coordinator. As indicated by the Attorney General's letters of April 29 to the Office of Production Management, and June 18, 1941, to the Secretary of the Interior, concerted action in response to such a formal recommendation or direction is not a violation

of the anti-trust laws, and this because it clearly lacks the elements of conspiracy or combination by private interests with an intent to restrain trade or commerce.

The procedure to be followed by District Committees in all cases where industry action is deemed necessary or appropriate is as follows:

1. A careful survey of each problem and the facts bearing on such problem shall be made by the appropriate industry committee or such subcommittee as may be designated, and consultation shall be had with the appropriate governmental representatives of the Coordinator. In this connection any committee is authorized:

(a) to direct such inquiries and questionnaires to such companies or persons as may be necessary or appropriate;

(b) to ask and receive expert assistance from any company or person;

(c) to afford any interested or affected persons, particularly consumers, an opportunity to present their views;

(d) to compile and analyze facts, figures, or other data.

2. Whatever specific plan or proposal shall seem necessary or appropriate shall be reduced to writing, together with a statement of facts and reasons, and submitted to the Deputy Coordinator, Department of the Interior, Washington, D. C., with copies to the General District Chairman and to the District counsel for the coordinator.

3. The General District Chairman shall forward his comments on the proposal or plan to the Deputy Coordinator as quickly as possible and it shall be the duty of the District counsel likewise to review the plan or proposal and to make a report to the Chief Counsel of the Office of Petroleum Coordinator for National Defense immediately.

4. When plans or proposals are received by the Deputy Coordinator they will be reviewed immediately and, with such modifications as he may deem necessary, embodied in a formal recommendation which will first be submitted to the Department of Justice in accordance with the procedure set forth in the correspondence between the Petroleum Coordinator for National Defense and the Attorney General.

5. Following submission of the proposed formal recommendation to the Department of Justice, it will be signed by the Coordinator or the Deputy Coordinator and published and forwarded to the proper parties, including the appropriate committees, together with copies of the response of the Department of Justice.

It is contemplated that most of the recommendations issued will continue in effect until further notice but the committees are expected at any time to submit for the consideration of the Deputy Coordinator necessary changes, extensions, or modifications. All submissions should be specific.

IV. Public Information

The functions of Industry Committees are in the public interest and are well able to undergo public examination. The public relations of each committee starts with this assumption. Committees should be prepared to report accurately to the public on policies and programs adopted by the Coordinator. When the public understands these policies it will support them, but it cannot support them if they are not explained. Committees, therefore, are invited to report to the public on adopted programs by such means as they may select. To avoid conflict and confusion, statements should be issued only through the committee chairman, all to be cleared through the General District Chairman.

No good could be served the public, and confusion would be bred, if committees were to undertake public advocation or discussion of yet unadopted policies or actions. Committees therefore should confine their statements to adopted policies and actions, and should avoid speculation and prophecy. Policies and programs undertaken by the Coordinator's office are designed for the public welfare and are not partisan or political. Discussion of policy and action therefore should be kept on the level of fact.

Problems of public relations always may be taken up with the office of the Deputy Coordinator. Correspondence on this subject should be addressed to him.

V. Miscellaneous

1. Committee members do not serve as representatives of any company, association, or special interests but serve as representatives of the petroleum industry. They have been appointed because of their special knowledge and experience in some field of the petroleum industry.

2. Members of functional committees will elect Vice Chairmen. When the General Chairman is to be absent from any general committee meeting, he will in advance designate some member of the general committee to serve in his place for that particular meeting.

3. Committees may designate members to meet with outside groups and organizations in the discussion of problems relating to the coordination of the petroleum industry for national defense.

4. Official correspondence with committee members shall be addressed to them in their capacities as members, and sent to their business addresses in care of the companies with which they may be affiliated.

5. Committee chairmen and members shall segregate all correspondence, and other records relating to the committees' activities.

6. Correspondence on all matters relating to the committees' activities shall be written on stationery printed in conformity with the sample form attached.

7. Committees in one district may submit matters for the consideration of committees in another district, sending copies to the General Chairmen of both districts and to the Deputy Coordinator.

8. Any company, individual, or organization shall have the right to present for committee consideration, any suggestions, complaints, or other matters relating to the coordination of the petroleum industry for national defense.

9. Any committee member who feels that the committee fails to give appropriate consideration to his views or proposals may make his viewpoint a part of the record by submitting a written statement, in triplicate, sending one copy to the committee, for incorporation in the minutes, one copy to the appropriate District Director of the Coordinator, and one copy to the Coordinator or the Deputy Coordinator.

RECOMMENDATION No. 8

To all persons engaged directly or indirectly in the production or manufacture of aviation gasoline or in producing or manufacturing gasoline containing blending agents of a petroleum origin:

Whereas a completely adequate supply of 100 octane aviation gasoline must be kept continuously available at all times to meet any possible demands of the defense program; and

Whereas at the present time an enlarged supply of 100 octane aviation gasoline must be assured to meet the demands of the army and navy air forces; and

Whereas assurance of such enlarged supply requires that blending agents of a petroleum origin be fully utilized in the production and manufacture of such gasoline:

Now, therefore Pursuant to the President's letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately, and until further notice:

All persons, natural or artificial, engaged directly or indirectly in the production or manufacture of aviation gasoline or in the production or manufacture of gasolines containing blending agents of a petroleum origin, such as but not limited to, Iso-octanes, including alkylates, hot acid octanes, and hydrocodimers, Iso-pentanes, and Neo-hexanes, cease to use such blending agents ex-

cept for the production and manufacture of 100 octane aviation gasoline or such other aviation gasolines as may hereafter be recommended by the Office of the Petroleum Coordinator.

RECOMMENDATION No. 9

To the Petroleum Supply Committee for Latin America and to the Anglo-Mexican Petroleum Corporation, The Atlantic Refining Company, Socony-Vacuum Oil Company, Standard Oil Company (New Jersey), The Texas Corporation, and their various subsidiary companies:

Whereas the diversion of a part of the American tanker fleet for national defense purposes has resulted in a shortage of petroleum tanker tonnage in the Western Hemisphere; and

Whereas many of the Republics of South and Central America depend for their supplies of petroleum and petroleum products upon tanker transportation; and

Whereas most of the tankers available for such service are under the control of the United States of America; and

Whereas it is the policy of the United States of America that the other American Republics shall not sustain an unfair or disproportionate curtailment of petroleum supplies but, on the contrary, shall share equally with the comparable areas of the United States such curtailment as may be necessary; and

Whereas the Petroleum Coordinator for National Defense has appointed a Petroleum Supply Committee for Latin America to advise and consult with the Coordinator and the Deputy Coordinator, and with local representatives to be designated, on matters relating to the proper coordination for national defense of the activities of the petroleum industry, as set forth in the President's letter of May 28, with respect to the supplying of petroleum and petroleum products to Latin America on such fair and equitable basis as will maintain maximum efficiency and result in supplies to such countries on a basis comparable with supplies to the seaboard areas of the United States;

Now, therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

(1) The aforesaid companies and their various subsidiary companies devise and submit to the Chief Counsel of the Office of the Petroleum Coordinator for National Defense, and, after its approval in writing by said Chief Counsel, put into effect a plan to release or procure and so allocate among themselves and among the national and local companies which distribute petroleum products in the other American Republics, sufficient tanker space which, when added to or subtracted from that space otherwise available to such national and local companies, shall result in a curtailment of deliveries of petroleum products, to each such Republic and to each company distributing petroleum products in each such Republic, approximately equal to that necessary at seaboard points in the United States where a shortage of tanker transportation facilities results in curtailment of deliveries of petroleum or its products.

(2) The aforesaid companies so utilize available tankers to haul petroleum and petroleum products from the points of supply nearest the markets to be served and in such a manner as to avoid multiple port loading and discharging, cross hauling, and unnecessary ballast voyages.

(3) For the purpose of carrying out this recommendation the barge, terminal and storage facilities of all of the aforesaid companies be utilized in such a way and without regard to individual ownership of such facilities as to reduce to an absolute minimum idle time in port and the splitting of cargoes between two or more ports of discharge.

(4) The aforesaid companies arrange for the exchange or loan of products among themselves whenever and to whatever extent may be necessary to facilitate the reduction of the tanker tonnage required to transport the required petroleum products to the aforesaid American Republics.

(5) The Petroleum Supply Committee for Latin America and the aforesaid companies consult with the State Department and the United States missions in the various American Republics on matters of policy, particularly matters affecting relations with the Latin American governments or companies, and cooperate with such local committees as may be appointed in each of the countries concerned in order to coordinate their local activities with the governmental policies of each such country.

(6) Meetings of the Petroleum Supply Committee for Latin America and meetings of representatives of the aforesaid companies may be held from time to time for the purpose of working out the physical and contractual details and arrangements necessary to carry into effect the foregoing recommendations.

(7) The Petroleum Supply Committee for Latin America and the aforesaid companies shall coordinate their activities under this recommendation with the policies of the Tanker Control Board established by the Petroleum Coordinator for National Defense.

RECOMMENDATION No. 10

To all persons engaged in marketing petroleum products in the Atlantic Coast area:

Whereas the inadequacy of available tanker transportation facilities threatens the Atlantic Coast area with a shortage of petroleum and petroleum products; and

Whereas because of this threatened shortage it has become increasingly difficult for the small, nonintegrated, spot and noncontract marketers of petroleum products to obtain supplies of petroleum products in this area; and

Whereas the Office of Petroleum Coordinator for National Defense has adopted the policy of asking that the petroleum industry operate in such a way that all marketers of petroleum products may secure their proportionate share, without discrimination, of the sum total of whatever petroleum products are made available in the Atlantic Coast area, or other areas of threatened shortage;

Now, therefore, pursuant to the President's letter of May 28 establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that:

(1) All spot, noncontract, or other buyers of petroleum products who are engaged in the Atlantic Coast area in the business of reselling such products and who are experiencing difficulty in procuring supplies, file promptly with the Director of Marketing, Office of Petroleum Coordinator for National Defense, Washington, D. C., and with the Chairman of the Marketing Committee for District No. 1, a tabulation giving the following information:

(a) Purchases, including name or names of the person or company from whom purchased, of the petroleum product or products with respect to which procurement difficulties are being experienced, broken down by months for the period January 1940–August 1941, inclusive.

(b) Sales of the petroleum product or products with respect to which procurement difficulties are being experienced, broken down by months for the period January 1940–August 1941, inclusive.

(c) Stocks on hand, or inventories, of the petroleum product or products with respect to which procurement difficulties are being experienced, at the end of each month for the period January 1940–August 1941, inclusive.

(d) A statement setting forth in detail whatever difficulties such buyer is actually experiencing in securing such buyer's proportionate share of the sum total of whatever petroleum products are made available in the Atlantic Coast area.

Acting Petroleum Coordinator, for National Defense.

PART 204—DANGER ZONE REGULATIONS[1]

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U.S.C. 1), the aerial gunnery and bombing range defined in § 204.81 Danger Zone Regulations, is hereby redefined, the title of the section and description of the danger zone being amended as follows:

§ 204.81 *Waters of Atlantic Ocean; Savannah Air Base, aerial gunnery range between Wassaw Island-Doboy Island, Ga.*

THE DANGER ZONE

(a) The range includes the waters in an area 10 miles wide by 40 miles long and about 5 miles distant from the easterly shore lines of Wassaw, Ossabaw, St. Catherine, Sapelo, and Doboy Islands, Georgia, bounded by lines as follows: Beginning at the northeasterly corner of the area Lat. 31° 50' N., Long. 80° 55' W., about 5 miles offshore from Ossabaw Island; thence S. 65°27'48'' E. 10 miles; thence S. 24°32'12'' W., 40 miles, thence N. 65°27'48'' W., 10 miles, to a point about 5 miles offshore from Doboy Island; thence N. 24°32'12'' E., 40 miles, to the point of beginning. The military operations which will be carried on in the range consist of aerial gunnery firing against airplane-towed targets from weapons mounted in airplanes flying at varying altitudes, and the dropping of practice aerial bombs from airplanes on points situated within the area. [Circular No. 1496]

PART 251—AIRPORTS AND AVIATION FIELDS

REGULATIONS GOVERNING THE LEASING OF PUBLIC LANDS FOR AIRPORTS AND AVIATION FIELDS

The Act of August 16, 1941 (Public Law No. 205), amended section 1 of the Act of Congress, approved May 24, 1928 (45 Stat. 728; 49 U.S.C. 211-214), so as to increase the area which may be leased for use as public aviation fields from 640 acres to 2,560 acres. In order to show such change, Circular No. 1161, dated August 22, 1928, (52 L.D. 476), and part 251 of Title 43 of the Code of Federal Regulations, based thereon, are hereby amended as indicated below.

§251.1 *Statutory authority.* The Act of May 24, 1928, (45 Stat. 728; 49 U.S.C. 211-214), as amended by the Act of August 16, 1941 (Public Law No. 205), authorizes the Secretary of the Interior in his discretion and under such regulations as he may prescribe, to lease for use as a public airport, any contiguous, unreserved and unappropriated public lands, not to exceed 2,560 acres in area. It also authorizes him to grant permission for the establishment of beacon lights and other air navigation facilities, except terminal airports, upon unreserved and unappropriated public lands and to withdraw such lands for such purposes. (Sec. 1, 45 Stat. 728; 49 U.S.C. 211)

Sections 251.2 (*Lands which may be leased*) and 251.15 (*Segregation of land by application for lease; airport withdrawals which may be made by the Secretary of the Interior*) of Title 43 are each amended by striking out the figures "640" contained therein and inserting in lieu thereof the figure "2,560".

AMENDED PETITION OF THE WILMORE FUEL COMPANY FOR TEMPORARY RELIEF UNDER SECTION 4 II (d) FOR PERMISSION TO SUBSTITUTE MANUALLY BROKEN DOWN RUN OF MINE COAL FOR SLACK COAL SIZES, IN PLACE OF MECHANICAL SCREENED SLACKS, FOR SHIPMENT VIA TIDEWATER TO CONSOLIDATED EDISON COMPANY OF NEW YORK, NEW YORK, NEW YORK

SUPPLEMENTAL MEMORANDUM OPINION AND ORDER TERMINATING TEMPORARY RELIEF AND DISMISSING PETITION

On February 27, 1941, an Order of the Director granted temporary relief to the original petitioner, Wilmore Fuel Company, a Code member in District 1, permitting the petitioner to deliver for a period of not more than 30 days thereafter, not more than 10,000 tons of its mine run coal from its Mack No. 2 Mine to Consolidated Edison Company of New York for use at the Company's 14th Street Plant at a minimum f. o. b. mine price of $2.05 per ton: *Provided,* That petitioner file statements of all deliveries made thereunder with the Division in Washington, D. C.;

On March 28, 1941, an Order of the Director extended until April 26, 1941, or the completion of the installation of certain crushing equipment, whichever was sooner, the temporary relief granted to petitioner in the Order dated February 27, 1941, for not more than 10,000 tons additional of mine run coal from its Mack No. 2 Mine to Consolidated Edison Company of New York for use at its 14th Street Plant at a minimum f. o. b. mine price of $2.05 per ton: *Provided,* That petitioner file statements of all deliveries made thereunder with the Division in Washington, D. C.;

Now, therefore, it is ordered, That the extended temporary relief be terminated and cancelled as of April 26, 1941, or the completion of the installation of the crushing equipment, whichever was sooner, and that the amended petition be dismissed.

PETITION OF THE CONSUMERS' COUNSEL DIVISION FOR A REVISION OF THE SEASONAL DISCOUNT SCHEDULES FOR DISTRICTS NOS. 4, 7, 8, 10 AND 13, AND OTHER DISTRICTS FOR THE SUMMER SEASON OF 1941

ORDER OF THE DIRECTOR ADOPTING RECOMMENDATIONS OF THE EXAMINER AND DENYING RELIEF

This proceeding having been instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by the Consumers' Counsel Division of the Department of the Interior requesting revision of the schedules of effective minimum prices for all districts in which seasonal discounts may be allowed so as to permit producers to allow until July 1, 1941, the maximum discounts presently provided in each district, to allow discounts amounting to 80% of such maxima in July, 60% of such maxima in August and 20% of such maxima in September;

Intervening petitions having been filed by District Boards 1, 2, 3, 4, 6, 7, 8, 10, 11 and 12, and by Carter Coal Company, a code member in District 7;

Temporary relief having been denied by an Order of the Director;

Pursuant to an Order of the Director a hearing having been held in this matter before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard.

W. A. Cuff, Trial Examiner, having filed with the Director on August 27, 1941, his Report, Proposed Findings of Fact, Conclusions of Law and Recommendations in which it is recommended that the petition herein be denied;

No exceptions having been filed with the Division to the Examiner's recommendations;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Conclusions of Law of the Examiner in this matter be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That the relief requested by the petition in this proceeding should be and it is hereby denied.

IN THE MATTER OF CORYELL COAL COMPANY, (FRANK CORYELL), DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER, AND CEASE AND DESIST ORDER

A complaint, pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on February 25, 1941, by Domestic Coal Company (George C. Watson), a code member producer in District 17, the complainant, against Coryell Coal Company, (Frank Coryell), defendant, a code member in District 17, requesting that defendant's code membership be cancelled and revoked or that the Division, in its discretion, direct the defendant to cease and desist from violation of the Code and rules and regulations thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, in Denver, Colorado, on June 2, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact and Conclusions of Law and Recommendations in the above proceedings, dated August 21, 1941, and having recommended that an order be entered directing the defendant to cease and desist from violating the Act, the Code, the Schedule of Effective Minimum Prices for District 17 for All Shipments and the Marketing Rules and Regulations;

An opportunity having been afforded to the parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

The Director having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director;

Now, therefore, it is ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the Director;

It is further ordered, That the defendant, Frank Coryell, individually, and doing business as the Coryell Coal Company, his representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum price therefor, and from violating the Bituminous Coal Act, the Coal Code, the Schedule of Effective Minimum Prices for District 17 for All Shipments and the Marketing Rules and Regulations.

It is further ordered, That the Division may upon the failure of the defendant herein to comply with this Order forthwith apply to the Circuit Court of Appeals of the United States within any circuit where defendant carries on business, or the United States Circuit Court of Appeals for the District of Columbia for the enforcement hereof or take any other appropriate action.

IN THE MATTER OF LITTLE JOHN COAL COMPANY, DEFENDANT

ORDER GRANTING MOTION TO WITHDRAW BILL OF PARTICULARS AND DENYING MOTION TO CHANGE DATE OF HEARING

The defendant having heretofore filed on August 14, 1941 a Motion for a Bill

of Particulars in the above-entitled matter and having thereafter filed a Motion on September 5, 1941, to withdraw its Motion for a Bill of Particulars and further for Reconsideration of the Order of the Director, dated September 3, 1941, postponing the hearing herein from September 29, 1941 to October 27, 1941 at the same time and place and rescheduling said hearing for September 29, 1941; and

It appearing to the Director that good cause has been shown for the granting of the Motion to withdraw said Motion for a Bill of Particulars; and

It further appearing to the Director that a date of hearing herein prior to October 27, 1941 will not be feasible.

Now, therefore, it is ordered, That the Motion to withdraw the Motion for a Bill of Particulars is granted and the Motion to reconsider and change the date of the hearing in the above-entitled matter, as provided in said order of September 3, 1941, is denied.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that the Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective October 2, 1941.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-405]

IN THE MATTER OF LOUISVILLE GAS & ELECTRIC COMPANY (KENTUCKY)

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of September A. D. 1941.

A declaration or application (or both) having been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named person or persons, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise as provided by Rule U-23 under said Act; and

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application (or both) and that said declaration shall not become effective or said application be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on October 6, 1941, at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application or declaration particular attention will be directed at said hearing to the following matters and questions:

(1) Whether said application, regarding the issuance of 150,000 shares of common stock of Louisville Gas & Electric Company (Kentucky) at prices to be supplied by amendment, considered as an application pursuant to section 6 (b) of said Act, should be approved; or considered as a declaration pursuant to sections 6 (a) (1) and 7 of said Act, should be permitted to become effective; and

(2) Whether the Commission should make a finding pursuant to Rule U-50 (a) (5) exempting the proposed issuance and sale from the competitive bidding requirements of Rule U-50 (b), application for such a finding having been made and the applicant having set forth in said application that it proposes to market said shares of common stock by a direct offer to the public, with provision for the allowance of a concession to dealers or brokers who are members in good standing of the National Association of Securities Dealers, Inc. and who execute an agreement with the company relating to the distribution of the common stock.

IN THE MATTER OF PENNSYLVANIA POWER & LIGHT COMPANY, NATIONAL POWER & LIGHT COMPANY, AND ELECTRIC BOND AND SHARE COMPANY

ORDER POSTPONING HEARING AND RETURN DATE OF ORDER TO SHOW CAUSE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 30th day of September, A. D. 1941.

The Commission having on July 25, 1941 issued its Notice and Order for Hearing and Order to Show Cause in the above entitled proceeding setting a hearing for August 12, 1941 at 10:00 A. M. and having further ordered the Respondents at that date to show cause why the Commission should not forthwith enter an order prohibiting the declaration or payment of further dividends on the common stock of Pennsylvania;

The Commission having on August 8, 1941 and September 17, 1941 at the request of the Respondents issued orders postponing said hearing and return date to show cause until October 2, 1941, upon the assurances of the Respondents that no dividends will be declared or paid on the Common stock of Pennsylvania until after the convening of the hearing in October and in no event earlier than October 24, 1941;

The Respondents having requested a further extension of time until at least October 13, 1941, on the grounds that they have not had and will not have within the time allowed, sufficient opportunity properly to prepare to meet these issues and having represented that Pennsylvania will not declare or pay any dividend on its common stock until after the convening of the hearing in October and in no event earlier than November 3, 1941 without further order of this Commission:

It is ordered, That the request of the Respondents for a postponement of the hearing previously ordered for October 2, 1941 be and hereby is granted, conditioned on the aforementioned assurances of the Respondents; and

It is further ordered, That the hearing in the above entitled proceeding shall be held on October 13, 1941 at the time and place stated in the Commission's Order dated July 25, 1941 and that in all other respects the hearing shall proceed as set forth in such Order of July 25, 1941.

CHAPTER VIII—SUGAR DIVISION OF THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FAIR AND REASONABLE WAGE RATES FOR HARVESTING SUGARCANE IN THE MAINLAND CANE SUGAR AREA BETWEEN SEPTEMBER 1, 1941, AND JUNE 30, 1942

Whereas section 301 (b) of the Sugar Act of 1937, as amended, provides the following as one of the conditions for payment to producers of sugar beets and sugarcane:

That all persons employed on the farm in the production, cultivation, or harvesting of sugar beets or sugarcane with respect to which an application for payment is made shall have been paid in full for all such work, and shall have been paid wages therefor at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing; and in making such determinations the Secretary shall take into consideration the standards therefor formerly established by him under the Agricultural Adjustment Act, as amended, and the differences in conditions among various producing areas: *Provided, however,* That a payment which would be payable except for the foregoing provisions of this subsection may be made, as the Secretary may determine, in such manner that the laborer will receive an amount, insofar as such payment will suffice, equal to the amount of the accrued unpaid wages for such work, and that the producer will receive the remainder, if any, of such payment.

and

Whereas The Secretary of Agriculture has held a number of public hearings in the mainland cane sugar area for the purpose of receiving evidence likely to be of assistance to him in determining fair and reasonable wage rates for persons employed in the harvesting of sugarcane during the period from September 1, 1941, to June 30, 1942:

Now, therefore, I, Grover B. Hill, Acting Secretary of Agriculture, after investigation and due consideration of the evidence obtained at the aforesaid hearing and all other information before me, do hereby make the following determination:

§ 802.24h *Fair and reasonable wage rates for persons employed in the harvesting of sugarcane in the mainland cane sugar area between September 1, 1941, and June 30, 1942.* The requirements of section 301 (b) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to the harvesting of sugarcane in the mainland cane sugar area during the period from September 1, 1941, to June 30, 1942, if all persons employed on the farm during that period in the harvesting of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates not less than the following:

Louisiana

(a) *Time rates.* (1) For cutting, topping, and stripping sugarcane: Adult male workers, not less than $1.65 per 9-hour day or 18.5 cents per hour; adult female workers, not less than $1.30 per 9-hour day or 14.5 cents per hour.

(5) The following operations connected with mechanical loading: Grabmen, spotters, and ropemen, not less than $2.00 per 9-hour day or 22.5 cents per hour; pilers, not less than $1.75 per 9-hour day or 19.5 cents per hour; scrappers, not less than $1.65 per 9-hour day or 18.5 cents per hour.

(6) Other operations connected with mechanical loading and mechanical harvesting not specified above: Not less than $1.65 per 9-hour day or 18.5 cents per hour.

(7) Other harvesting operations not specifically provided for herein: Adult male workers, not less than $1.40 per 9-hour day or 15.5 cents per hour; adult female workers, not less than $1.10 per 9-hour day or 12.5 cents per hour.

(f) *Rates for harvesting operations performed by children.* (1) (i) For children between the ages of 14 and 16 years, the rate per day of 8 hours (maximum hours per day for such children) shall be not less than three-fourths of the rates established above for adult male workers for a 9-hour day. For a working day shorter than 8 hours, the rate shall be in proportion.

(ii) The piece rates for children between the ages of 14 and 16 years shall be the same as those established above for adults (except that such children shall not be so employed or permitted to work for more than 8 hours per day).

(2) *Provided, however,* (i) That the piece rate for a particular harvesting operation calculated on a basis other than prescribed in this determination shall be such as to provide earnings per 9-hour day or per hour of not less than the daily or hourly rates specified above for such operation;

(ii) That for a working day longer or shorter than 9 hours, the applicable time rate for a particular harvesting operation shall be the hourly rate specified above for such operation;

(iii) That the producer shall furnish to the laborer without charge the customary perquisites, such as a habitable house, a suitable garden plot with facilities for its cultivation, pasturage for livestock, medical attention, and similar incidentals;

(iv) That the producer shall not, through any subterfuge or device whatsoever, reduce the wage rates to laborers below those determined above; and

(v) That nothing in this determination shall be construed to mean that a producer may qualify for a payment under the act who has not paid in full the amount agreed upon between the producer and laborer. (Sec. 301, 50 Stat. 909; 7 U.S.C. 1131)

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF PROPORTIONATE SHARES FOR FARMS IN THE TERRITORY OF HAWAII FOR THE 1941 CROP, PURSUANT TO THE SUGAR ACT OF 1937, AS AMENDED

Whereas section 302 of the Sugar Act of 1937, as amended, provides in part as follows:

(a) The amount of sugar or liquid sugar with respect to which payment may be made shall be the amount of sugar or liquid sugar commercially recoverable, as determined by the Secretary, from the sugar beets or sugarcane grown on the farm and marketed (or processed by the producer) not in excess of the proportionate share for the farm, as determined by the Secretary, of the quantity of sugar beets or sugarcane for the extraction of sugar or liquid sugar required to be processed to enable the producing area in which the crop of sugar beets or sugarcane is grown to meet the quota (and provide a normal carryover inventory) estimated by the Secretary for such area for the calendar year during which the larger part of the sugar or liquid sugar from such crop normally would be marketed.

(b) In determining the proportionate shares with respect to a farm, the Secretary may take into consideration the past production on the farm of sugar beets and sugarcane marketed (or processed) for the extraction of sugar or liquid sugar and the ability to produce such sugar beets or sugarcane, and the Secretary shall, insofar as practicable, protect the interests of new producers and small producers and the interests of producers who are cash tenants, share-tenants, adherent planters, or share-croppers.

Now, therefore, I, Grover B. Hill, Acting Secretary of Agriculture, do hereby make the following determination:

§ 802.36d *Proportionate shares for farms in the Territory of Hawaii for the 1941 crop*—(a) *Proportionate share for any farm.* The proportionate share for any farm in the Territory of Hawaii for the 1941 crop shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown on such farm and marketed (or processed by the producer) for the extraction of sugar during the calendar year 1941.

(b) *Adherent planter protection.* The provisions of this determination shall be subject to the condition that no changes in the planter-plantation sugarcane production relationship or reduction in the number of planters shall have been made under programs carried out pursuant to the Act except such as are considered justified and approved by the Director of the Division of Special Programs of the Agricultural Adjustment Administration. (Sec. 302, 50 Stat. 910; 7 U.S.C., Supp. V, 1132)

Done at Washington, D. C., this 1st day of October 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary.

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

[O-13-2]

PART 913—MILK IN THE GREATER KANSAS CITY MARKETING AREA

Sec.
913.0 Findings.
913.1 Definitions.
913.2 Market administrator.
913.3 Classification of milk.
913.4 Minimum prices.
913.5 Reports of handlers
913.6 Application of provisions.
913.7 Determination of uniform prices to producers.
913.8 Base ratings.

913.10 Marketing services.
913.11 Expense of administration.
913.12 Effective time, suspension, or termination of order, as amended.

Harry L. Brown, Acting Secretary of Agriculture of the United States of America, issued, effective September 1, 1939, Order No. 13, as amended,[1] regulating the handling of milk in the Kansas City, Missouri, marketing area.

H. A. Wallace, Secretary of Agriculture, tentatively approved, on July 26, 1939, a marketing agreement, as amended, regulating the handling of milk in the Kansas City, Missouri, marketing area.

There being reason to believe that amendments to said tentatively approved marketing agreement, as amended, and said order, as amended, would tend to effectuate the declared policy of said act, notice was given May 8, 1931, of a hearing which was held in Kansas City, Missouri, on the 14th, 15th, and 16th days of May 1941, which hearing was reopened beginning July 7, 1941, at Kansas City, Missouri, at which times and place all interested parties were afforded an opportunity to be heard upon a proposal to amend the tentatively approved marketing agreement, as amended, and the order, as amended.

[1] 4 F.R. 1722, 3759.

It is found upon the evidence introduced at the last above-mentioned hearings, such findings being in addition to the findings made upon the evidence introduced at the original hearings on the order and on amendments to the order, and being in addition to the other findings and determinations made prior to or at the time of the original issuance of the order and of amendments thereto (which findings are hereby ratified and affirmed save only as such findings are in conflict with the findings hereinafter set forth):

§ 913.0 *Findings.* (a) That the enlargement of the area included in the marketing area within which handlers are subject to the order is reasonable and necessary;

(b) That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sec. 2 and 8e, 50 Stat. 246; 7 U.S.C. 602, 608e are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk and that the minimum prices set forth in this order, as amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above the levels which are declared in the act to be the policy of Congress to establish;

(c) That the order, as amended, regulates the handling of milk in the same manner as a marketing agreement upon which a hearing has been held; and

(d) That the issuance of this order, as amended, and all of its terms and conditions, tends to effectuate the declared policy of the act.

It is hereby ordered that such handling of milk in the Greater Kansas City marketing area as is in the current of interstate commerce or as directly, burdens, obstructs, or affects interstate commerce shall from the effective date hereof, be in compliance with the following terms and conditions.*

* §§ 913.0 to 913.12, inclusive, issued under the authority contained in 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U.S.C. and Sup., 601 et seq.

§ 913.1 *Definitions.* The following terms shall have the following meanings:

(a) The term "Greater Kansas City marketing area" hereinafter called the "marketing area," means all the territory in: Jackson County, Missouri; that part of Clay County, Missouri, south of highway 92, beginning at the Platte and Clay County line, east to the west section line of section 26 in Washington township, north to the north section line of said section 26, east to the Clay and Ray County line; Lee, Waldron, May, and Pettis townships in Platte County, Missouri; Wyandotte County, Kansas; Shawnee and Mission townships in Johnson County, Kansas; Delaware, Leavenworth, and that part of Kickapoo and High Prairie townships east of the 95th principal meridian in Leavenworth County, Kansas.

(b) The term "person" means any individual, partnership, corporation, association, or any other business unit.

(c) The term "producer" means any person, who, in conformity with the health regulations applicable to milk sold for consumption as milk or cream in the marketing area, produces milk which is received in bulk by a handler, other than himself, at such handler's plant. The term "producer" shall include any person, who, in conformity with the above-mentioned regulations, produces milk which a cooperative association causes to be delivered to a plant of a handler or to a plant from which no milk is disposed of as Class I milk or as Class II milk in the marketing area and for which such cooperative association collects payment.

(d) The term "handler" means any person, who, on his own behalf or on behalf of others, disposes of as Class I milk or Class II milk in the marketing area all or a portion of the milk purchased or received in bulk by him at his plant from (1) producers, (2) his own production, and (3) other handlers. The term "handler" shall include any cooperative association with respect to the milk of any producer which such cooperative association causes to be delivered to a plant of a handler or to a plant from which no milk is disposed of as Class I milk or as Class II milk in the marketing area and for which such cooperative association collects payment.

(e) The term "market administrator" means the person designated pursuant to § 913.2 as the agency for the adminstration hereof.

(f) The term "delivery period" means the current marketing period from the first to, and including, the last day of each month.

(g) The term "base" means the quantity of milk calculated for each producer pursuant to § 913.8.

(h) The term "cooperative association" means any cooperative association of producers which the Secretary determines (1) to have its entire activities under the control of its members, and (2) to have and to be exercising full authority in the sale of milk of its members.

(i) The term "act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937.

(j) The term "Secretary" means the Secretary of Agriculture of the United States.*

§ 913.2 *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall:

(1) Administer the terms and provisions hereof; and

(2) Report to the Secretary complaints of violation of the provisions hereof.

(c) *Duties.* The market administrator shall:

(1) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary.

(2) Pay, out of the funds provided by § 913.11, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office.

(3) Keep such books and records as will clearly reflect the transactions provided for herein, and surrender the same to his successor or to such other person as the Secretary may designate.

(4) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 10 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to § 913.5 or (ii) made payments pursuant to § 913.9.

(5) Promptly verify the information contained in the reports submitted by handlers.*

§ 913.3 *Classification of milk*—(a) *Basis of classification.* All milk purchased or received by each handler shall be classified by the market administrator in the classes set forth in paragraph (b) of this section.

(b) *Classes of utilization.* The classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk disposed of in the form of milk containing more than 1 percent butterfat, irrespective of whether under the legal standard for milk and unaccounted for milk in excess of 3 percent of the total receipts from producers, except such milk as is classified as Class II milk and as Class III milk pursuant to subparagraphs (2) and (3) of this paragraph.

(2) Class II milk shall be all milk, except skim milk, used to produce cream, which is disposed of in the form of cream, other than for use in products specified in subparagraph (3) of this paragraph, flavored milk, creamed cottage cheese, creamed buttermilk, products sold or disposed of in the form of cream testing less than 18 percent butterfat, aerated cream, and eggnog.

(3) Class III milk shall be all milk: used to produce butter, cheese (other than creamed cottage cheese), evaporated milk, condensed milk, ice cream and powdered whole milk; used for starter churning, wholesale baking and candy making purposes; accounted for

as salvage from products where the recovery of fat is impossible; not accounted for but not in excess of 3 percent of the total receipts of milk from producers.

(c) *Interhandler and nonhandler sales.* (1) All milk sold or disposed of by a handler who purchases or receives milk from producers, to another handler or to a person who distributes milk or manufactures milk products, shall be classified as Class I milk: *Provided,* That, if such milk, except for milk disposed of by such handler to another handler who purchases or receives no milk from producers, is reported as having been utilized as Class II milk or Class III milk, by the person who received it or by the disposing handler, such milk shall be classified accordingly, subject to verification by the market administrator.

(2) All milk or cream in bulk sold or disposed of by a handler who purchases or receives no milk from producers to another handler who purchases or receives milk from producers shall be classified as Class III milk.*

§ 913.4 *Minimum prices.*—(a) *Class prices.* Except as set forth in paragraph (b) of this section, each handler shall pay producers, at the time and in the manner set forth in § 913.9, for milk purchased or received from them not less than the following prices:

(1) *Class I milk.* $2.55 per hundredweight during delivery periods prior to May 1, 1942, and $2.20 per hundredweight during delivery periods thereafter: *Provided,* That with respect to Class I milk disposed of under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief—$2.10 per hundredweight during delivery periods prior to May 1, 1942, and $1.95 per hundredweight during delivery periods thereafter.

(2) *Class II milk.* $2.30 per hundredweight during delivery periods prior to May 1, 1942, and $2.05 per hundredweight during delivery periods thereafter.

(3) *Class III milk.* The price per hundredweight which shall be calculated by the market administrator as follows: multiply by 3.8 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received and add 25 percent: *Provided,* That when the market administrator ascertains the average price established by the Meyer Sanitary Milk Company at its plant at Valley Falls, Kansas, the Franklin Ice Cream Company at its plant at Tonganoxie, Kansas, and the Milk Producers' Marketing Company at its plant at Kansas City, Kansas, or their successors, for ungraded milk of 3.8 percent butterfat content received during such delivery period and used for manufacturing purposes to be higher, then such ascertained price shall be used in lieu of the price determined by the above formula.

(b) *Sales outside the marketing area.* (1) Except as provided in subparagraph (2) of this paragraph, the prices to be paid by a handler for Class I milk and Class II milk sold or disposed of outside the marketing area, in lieu of the prices otherwise applicable pursuant to this section, shall be such prices as the market administrator ascertains are being paid for milk of equivalent use in the market where such milk is sold or disposed of: *Provided,* That in no event shall the prices for Class I milk and Class II milk sold or disposed of outside the marketing area be less than the Class III price plus 50 cents per hundredweight during delivery periods prior to May 1, 1942, or less than the Class III price plus 25 cents per hundredweight during delivery periods thereafter.

(2) The prices to be paid by a handler for Class I milk and Class II milk sold or disposed of outside the marketing area for which no prices can be ascertained on the basis provided in subparagraph (1) of this paragraph, including Class I milk and Class II milk sold or disposed of to Government institutions and establishments on the basis of bids or to a market whose dealers supply Government institutions and establishments on a basis of bids, shall be the prices for Class I milk and Class II milk set forth in paragraph (a) of this section.*

§ 913.5 *Reports of handlers.*—(a) *Periodic reports.* On or before the 7th day after the end of each delivery period, each handler who purchased or received milk from producers shall with respect to milk or cream which was purchased, received, or produced by such handler during such delivery period, report to the market administrator in the detail and form prescribed by the market administrator, as follows:

(1) The receipts at each plant of milk from each producer, including receipts from such handler's own production, the butterfat content and the number of days on which milk was received from each producer.

(2) The quantity of milk received from each producer in excess of his respective base.

(3) The receipts of milk and cream from handlers who purchase or receive milk from producers and the butterfat content.

(4) The receipts of milk and cream from any other source including receipts of milk and cream completely processed and packaged for distribution to consumers from handlers who purchase or receive no milk from producers and the butterfat content.

(5) The respective quantities of milk which were sold, distributed or used, including sales to other handlers for the purpose of classification pursuant to § 913.3.

(6) The name and address of each producer from whom milk had not been received during the previous delivery period.

(7) The sales of milk and Class II products outside the marketing area, listing the market or area in which such milk and such Class II products were sold or disposed of, the date of such sale or disposition, and the plant from which such milk was supplied.

(8) Such other information with respect to the above as the market administrator may request.

(b) *Reports of payments to producers.* On or before the 20th day after the end of each delivery period, upon the request of the market administrator, each handler who purchased or received milk from producers shall submit to the market administrator his producer pay roll for such delivery period, which shall show for each producer: (1) the daily and total pounds of milk delivered and the average butterfat content thereof, and (2) the net amount of such handler's payments to such producer with the prices, deductions, and charges involved.

(c) *Reports of handlers who receive no milk from producers.* Handlers who purchase or receive no milk from producers shall report to the market administrator at such time and in such manner as the market administrator may require.

(d) *Verification of reports.* Each handler shall make available to the market administrator or his agent (1) all records and facilities necessary for the verification of the information contained in the reports submitted and in the accounting for the usage of all receipts in accordance with the classification of milk as set forth in § 913.3 and (2) those facilities which are necessary for weighing, sampling, and testing of the milk of each producer.*

§ 913.6 *Application of provisions.* (a) No provisions hereof, except § 913.5 (c) and (d), shall apply to a handler who purchases or receives no milk from producers and who sells or delivers no milk in bulk to other handlers.

(b) All milk sold or disposed of completely processed and packaged for distribution to consumers by a handler who purchases or receives no milk from producers to another handler who purchases or receives milk from producers shall be classified as Class I milk up to the amount of such milk actually sold in the original package by the purchasing handler as bottled Class I milk; and all cream sold or disposed of completely processed and packaged for distribution to consumers by a handler who purchases or receives no milk from producers to another handler who purchases or receives milk from producers shall be classified as Class II milk up to the amount of such cream actually sold in the original package by the purchasing handler as bottled Class II milk.

(e) With respect to each handler, who, during the delivery period, disposed of no milk as Class III milk and received from producers milk having an average butterfat content higher than that disposed of as Class I milk or as (3.8 percent

milk equivalent of) Class II milk by such handler, the market administrator shall (1) determine the hundredweight of milk received from producers; (2) determine the hundredweight of milk disposed of as Class I milk and as (3.8 percent milk equivalent of) Class II milk; (3) if the hundredweight of milk determined in subparagraph (2) of this paragraph exceeds the hundredweight of milk determined in subparagraph (1) of this paragraph, multiply such difference in the hundredweights of milk by the difference between the Class II price and an amount obtained by multiplying by 38 the butterfat differential as provided in § 913.9 (c); and (4) add such amount to the sum obtained for such handler pursuant to § 913.7 (a).

(d) With respect to each handler who receives milk of his own production and also purchases or receives milk from producers, the market administrator, before making the computations in accordance with § 913.7, shall (1) exclude the milk purchased or received by him in each class from other handlers, (2) exclude pro rata from his remaining Class I milk and Class II milk up to but not exceeding 90 percent of the quantity of milk received from his own production, and (3) exclude from his remaining Class III milk the balance of the milk received from his own production: *Provided*, That in computing the value of milk for such handler pursuant to § 913.7, the market administrator shall not use a quantity of Class I milk and Class II milk in excess of the total quantity of milk received from producers by such handler.*

§ 913.7 *Determination of uniform prices to producers*—(a) *Computation of value of milk for each handler*. For each delivery period the market administrator shall compute, subject to the provisions of § 913.6, the value of milk of producers disposed of by each handler who purchased or received milk from producers by (1) multiplying the quantity of such milk in each class by the price applicable pursuant to § 913.4, and (2) adding together the resulting value in each class: *Provided*, That if any handler has received milk from any producer at his plant approved by an applicable health authority for the receiving of milk to be disposed of as milk or cream in the marketing area and located outside the marketing area but more than 30 miles by the shortest highway route from such handler's plant approved by an applicable health authority for the receiving of milk to be sold or disposed of as milk or cream in the marketing area and located within the marketing area, the market administrator shall: (1) determine the difference between 105 percent of such handler's total Class I milk and Class II milk received from producers and the total quantity of milk received from producers by such handler at his plant located within the marketing area during the delivery period of the next preceding calendar year when such difference was the greatest; (2) divide such difference by the number of days in such delivery period; and (3) deduct, with respect to a quantity of milk (but not in excess of the total quantity of milk received from producers by such handlers at such plant located outside the marketing area) equal to the figure computed pursuant to (2) of this proviso multiplied by the number of days in the delivery period, up to but not exceeding the amount specified for the distance of such plant from such handler's plant located within the marketing area, as follows: not more than 45 miles, 17 cents per hundredweight; for each additional 10 miles or fraction thereof up to 75 miles, an additional 1½ cents per hundredweight; and for each additional 10 miles or fraction thereof beyond 75 miles, an additional ½ cent per hundredweight: *Provided further*, That if any handler has received milk from producers at more than one such plant located outside the marketing area, at one of which such plants no facilities for processing or separating milk are maintained and has received no milk from producers at his plant located within the marketing area, the market administrator shall deduct, with respect to a quantity of milk, if received, equal to 105 percent of such handler's total Class I milk and Class II milk received from producers, up to but not exceeding the amount specified for the distance of such plant from such handler's plant located within the marketing area, as follows: not more than 45 miles, 17 cents per hundredweight; for each additional 10 miles or fraction thereof up to 75 miles, an additional 1½ cents per hundredweight; and for each additional 10 miles or fraction thereof beyond 75 miles, an additional ½ cent per hundredweight, such deductions shall first be made on the milk received from producers at such plant located outside the marketing area where no facilities for processing or separating milk are maintained: *Provided further*, That if such milk received at such plant located outside the marketing area is sold or disposed of to another handler who purchases or receives milk from producers, such milk shall be classified by the market administrator at the lowest class usage of such purchasing handler: *And provided further*, That if the shortest highway distance between such handler's plant located outside the marketing area and his plant located within the marketing area is lessened through a relocation of highways, to less than 30 miles, the location differential which applies on the effective date of this order, as amended, shall continue to apply.

(b) *Computation and announcement of the uniform prices*. The market administrator shall compute and announce the uniform price per hundredweight of milk received during each delivery period, in the following manner:

(1) For delivery periods from the effective date hereof to and including December 31, 1941:

(i) Combine into one total the respective values of milk, computed pursuant to paragraph (a) of this section, for each handler who made the reports prescribed by § 913.5 and who made the payments prescribed by § 913.9;

(ii) Add the amount of the adjustments to be made pursuant to § 913.9 (d);

(iii) Add the cash balance in his hands from payments made by handlers during the delivery period next preceding but one, to meet the obligations arising out of § 913.9 (g);

(iv) Divide by the total hundredweight of milk which is included in these computations;

(v) Subtract not less than 4 cents nor more than 5 cents per hundredweight of milk for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payments by handlers. This result shall be known as the uniform price for such delivery period for the milk of producers containing 3.8 percent butterfat; and

(vi) On or before the 10th day after the end of such delivery period, mail to all such handlers and publicly announce (*a*) such of these computations as do not disclose information confidential pursuant to the act; (*b*) the blended price per hundredweight which is the result of these computations; (c) the Class III price; and (*d*) the butterfat differential computed pursuant to § 913.9 (c).

(2) For delivery periods subsequent to December 31, 1941, subject to subparagraph (3) of this paragraph:

(i) Combine into one total the respective values of milk, computed pursuant to paragraph (a) of this section for each handler who made the reports prescribed by § 913.5 and who made the payments prescribed by § 913.9;

(ii) Add the amount of the adjustments to be made pursuant to § 913.9 (d);

(iii) Subtract the total amount to be paid pursuant to § 913.9 (a) (2) (ii);

(iv) Add the cash balance in his hands, from payments made by handlers during the delivery period next preceding but one, to meet the obligations arising out of § 913.9 (g);

(v) Divide by the total hundredweight of milk which is not in excess of the delivered bases of producers and which is included in these computations;

(vi) Subtract not less than 4 cents nor more than 5 cents per hundredweight of milk for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payments by handlers. This result shall be known as the uniform price for base milk containing 3.8 percent butterfat received from producers during such delivery period; and

(vii) On or before the 10th day after the end of such delivery period, mail to all such handlers and publicly announce (*a*) such of these computations as do not disclose information confidential pursuant to the act; (*b*) the blended price

per hundredweight which is the result of these computations; (c) the Class III price; and (*d*) the butterfat differential computed pursuant to § 913.9 (c).

(3) For each delivery period subsequent to December 31, 1941, during which the market administrator determines the total daily deliveries of milk to be less than 105 percent of the total daily average Class I milk and Class II milk received from producers by handlers during the next preceding delivery period, the uniform price for all milk received from producers shall be computed pursuant to subparagraph (1) of this paragraph, and the market administrator, upon such determination, shall mail notice of such change in the method of computation of the uniform price to all producers.•

§ 913.8 *Base ratings*—(a) *Determination of base.* For each delivery period subsequent to December 31, 1941, the base of each producer shall be a quantity of milk calculated by the market administrator in the following manner: multiply the applicable figure computed pursuant to subparagraph (1), (2), (3), or (4) of paragraph (b) of this section adjusted by paragraph (c) of this section by the number of days during such delivery period on which milk was received from such producer.

(b) *Determination of daily base.* (1) Effective for the calendar quarter beginning January 1, 1942, the daily base of each producer shall be computed by the market administrator from reports submitted by the handlers pursuant to § 913.5 or from the best information available in the following manner:

(i) Determine for each producer who was regularly delivering milk to a handler on December 1, 1941, the average daily deliveries of milk to a handler, for the period from the effective date hereof or the date on which deliveries began, to and including December 31, 1941;

(ii) Add together in one sum all the daily average amounts computed pursuant to subdivision (i) of this subparagraph;

(iii) Determine from reports filed by handlers, who purchased or received milk from producers, pursuant to § 913.5, the average daily Class I milk and Class II milk, received from such producers and disposed of in the marketing area by such handlers during the 4th calendar quarter of the next preceding calendar year and add to such daily average an amount equal to 15 percent thereof;

(iv) Divide the amount determined pursuant to subdivision (iii) of this subparagraph by the sum determined pursuant to subdivision (ii) of this subparagraph; and

(v) Multiply the daily average amount for each producer determined in subdivision (i) of this subparagraph by the percentage figure computed pursuant to subdivision (iv) of this subparagraph. This result shall be known as the producer's daily base.

(2) Effective for each calendar quarter subsequent to March 31, 1942, subject to subparagraphs (3) and (4) of this paragraph and to paragraph (c) of this section, the daily base of each producer shall be computed by the market administrator from reports submitted by the handlers pursuant to § 913.5 or from the best information available in the following manner: divide the total pounds of milk received from each producer not in excess of his base during the next preceding calendar quarter by the number of days in such quarter and take such a percentage of the result as will make the total of all figures so determined equal to 115 percent of the total daily average Class I milk and Class II milk received from such producers and disposed of within the marketing area by such handlers during the 4th calendar quarter of the next preceding calendar year. This result shall be known as the producer's daily base: *Provided,* That in case a producer is prevented by an applicable health authority, through quarantine or degrading, from delivering milk and such producer furnishes a written statement to that effect from such applicable health authority to the market administrator, the market administrator shall deduct the number of days (but not more than 30 days in any one calendar quarter) involved by such ruling of the applicable health authority from the figure representing the number of days in the calendar quarter in the determination of such producer's daily base: *Provided further,* That in case a producer, as the result of official testing for tuberculosis or Bang's disease or testing for mastitis by a recognized veterinarian loses 20 percent or more of the cows in his herd and furnishes the market administrator with satisfactory documentary evidence of such loss, such producer shall be permitted 3 months in which to replace such cows lost through such testing and the market administrator shall credit such producer with the delivery of his established base in the determination of such producer's daily base: *Provided further,* That in case the milk of a producer cannot be delivered because weather conditions of an unusual and exceptional character prevent the regular operation of estabished trucking facilities for such delivery of the milk of the producer to the plant of the handler, the market administrator shall deduct the number of days involved by such conditions from the figure repreenting the number of days in the calendar quarter in the determination of such producer's daily base: *And provided further,* That for any delivery period when the total receipts of milk from producers are equal to or in excess of 115 percent of the total Class I milk and Class II milk received from producers and disposed of within the marketing area by handlers, the market administrator shall credit each producer with the delivery of his established base in the determination of such producers' daily bases.

(3) In case a handler who distributes within the marketing area milk of his own production disposes of all or a part of his delivery routes to a handler who purchases or receives milk from producers and who becomes a producer, the daily base of such producer shall be computed by the market administrator in the following manner: determine the average daily Class I milk and Class II milk produced and disposed of, during the three months next preceding the date of the disposal of such delivery routes, on such delivery routes of such handler, which purchasing and selling handler jointly report as involved in the deal, subject to verification by the market administrator. This figure shall be known as the producer's daily base and shall be effective from the date of the first delivery of milk of his own production in bulk to a handler by such producer through the first complete calendar quarter and thereafter shall be superseded by a daily base determined pursuant to subparagraph (2) of this paragraph.

(4) In the case of a producer for whom no base is effective, the daily base of such producer shall be computed by the market administrator in the following manner: (i) For each of the first 3 delivery periods subsequent to December 31, 1941, during which milk was purchased or received by a handler at his plant from such producer, determine for such producer the average daily delivery of milk during such delivery period to a handler and multiply by 50 percent. The resulting figure for each such delivery period shall be considered as such producer's daily base for such delivery period; (ii) determine for such producer the average daily deliveries of milk to a handler, for the 3 such delivery periods and multiply by the percentage that total reported base milk deliveries were to reported total deliveries of milk by all daily base-holding producers during such 3 delivery periods. This figure shall be known as the producer's daily base, effective immediately following the third such delivery period and continuing through the first complete calendar quarter and thereafter shall be superseded by a daily base determined pursuant to subparagraph (2) of this paragraph.

(c) *Base rules.* (1) Any producer who ceases to deliver milk to a handler for a period of more than 30 consecutive days shall forfeit his base. In the event such producer thereafter commences to deliver milk to a handler, he shall receive a daily base computed in the manner provided in paragraph (b) (4) of this section.

(2) In case a producer sells or delivers to a handler milk not of his own production as being milk of his own production, the base of such producer shall be forfeited at the beginning of the delivery period during which such milk was delivered and all milk sold or delivered to a handler by such producer during such delivery period shall be considered as excess over base. Thereafter such producer shall receive a daily base computed in the manner provided in paragraph (b) (4) of this section.

(3) If, on or before the 5th day after the transfer of a herd producing base milk, there is recorded with the market administrator an affidavit stating that such herd has been transferred listing the ear tag numbers of the animals so transferred and specifying the date of such transfer, signed jointly before a notary public by the seller and the purchaser of such herd and if, within 10 days after such affidavit is recorded with the market administrator, no written protest containing information that such transfer was contrary to the terms of this subparagraph is filed with the market administrator, the base of such producer may be transferred but only as one unit to the purchaser of such herd; if, upon investigation, the market administrator finds the terms of this subparagraph have been violated, the base of such producer shall be forfeited. No base, once transferred, shall again be transferred within 6 months of the date of the prior transfer except in case of the death of a producer.

(4) A landlord who rents on a crop-share basis shall be entitled to the entire daily base to the exclusion of the tenant if the landlord owns the entire herd. Likewise, the tenant who rents on a crop-share basis shall be entitled to the entire daily base to the exclusion of the landlord if the tenant owns the entire herd. If the cattle are jointly owned by tenant and landlord, the daily base shall be divided between the joint owners according to the ownership of the cattle, if and when such joint owners terminate the tenant and landlord relationship.

(5) A producer, whether landlord or tenant of a farm, may retain his base when moving his entire herd of cows from one farm to another farm: *Provided*, That at the beginning of a tenant and landlord relationship the allotted base of each tenant and landlord shall be a combined base and may be divided only if such relationship is terminated.*

§ 913.9 *Payments for milk*—(a) *Time and method of payment.* On or before the 12th day after the end of each delivery period, each handler shall make payment, after deducting the amount of the payment made pursuant to paragraph (b) of this section, for not less than the total value of milk of producers received by such handler during such delivery period, computed according to § 913.7 and subject to the differentials set forth in paragraphs (c) and (d), respectively, of this section as follows:

(1) For delivery periods from the effective date hereof, to and including December 31, 1941;

(i) To producers, at the uniform price per hundredweight computed pursuant to § 913.7 (b) (1), for the total quantity of milk received from such producers.

(2) For delivery periods subsequent to December 31, 1941, subject to subparagraph (3) of this paragraph:

(i) To producers, at the uniform price per hundredweight computed pursuant to § 913.7 (b) (2), for that quantity of milk received from producers, not in excess of their respective bases; and

(ii) To producers, at the Class III price, for that quantity of milk received from such producers in excess of their respective bases.

(3) For each delivery period subsequent to December 31, 1941, during which the market administrator determines the total daily deliveries of milk to be less than 105 percent of the total daily average Class I milk and Class II milk received from producers by handlers during the next preceding delivery period, the method of payment shall be pursuant to subparagraph (1) of this paragraph.

(b) *Half delivery period payments.* On or before the 25th day of each delivery period, each handler shall make payment to each producer for the approximate value of the milk of such producer which, during the first 15 days of such delivery period, was received by such handler.

(c) *Butterfat differential.* If, during the delivery period, any handler has purchased or received from any producer milk having an average butterfat content other than 3.8 percent, such handler, in making the payments prescribed in paragraph (a) of this section, shall add to the prices per hundredweight for such producer for each one-tenth of 1 percent of average butterfat content in milk above 3.8 percent not less than, or shall deduct from such prices for such producer for each one-tenth of 1 percent of average butterfat content in milk below 3.8 percent not more than, an amount computed as follows: add 4 cents to the average price of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, and divide the resulting sum by 10.

(d) *Location differentials.* In making payments pursuant to paragraphs (a) (1), (a) (2), and (a) (3) of this section for milk received from producers at plants approved by any applicable health authority for the receiving of milk to be sold or disposed of as milk or cream in the marketing area and located outside the marketing area but more than 30 miles by the shortest highway route from such handler's plant approved by an applicable health authority for the receiving of milk to be sold or disposed of as milk or cream in the marketing area and located within the marketing area, each handler shall deduct, with respect to all milk received from such producers, the amount per hundredweight specified for the distance of such plant located outside the marketing area from such handler's plant located within the marketing area as follows: not more than 45 miles, 17 cents per hundredweight; for each additional 10 miles or fraction thereof up to 75 miles, an additional 1½ cents per hundredweight; and for each additional 10 miles or fraction thereof beyond 75 miles, an additional ½ cent per hundredweight: *Provided*, That if the shortest highway distance between such handler's plant located outside the marketing area and his plant located in the marketing area is lessened through a relocation of highways to less than 30 miles, the location differential which applies on the effective date of this order, as amended, shall continue to apply.

(e) *Additional payments.* Any handler may make payment to producers in addition to the payments to be made pursuant to paragraph (a) of this section: *Provided*, That such additional payments shall be uniform as among all producers for milk of the same grade and quality.

(f) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to paragraphs (g) and (i) of this section and out of which he shall make all payments to handlers pursuant to paragraphs (h) and (i) of this section.

(g) *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator, for payment to producers through the producer-settlement fund, the amount by which the total utilization value of the milk of producers received by such handler during the delivery period is greater than the sum obtained by multiplying the hundredweight of such milk of producers by the appropriate prices required to be paid producers by handlers pursuant to subparagraphs (1), (2), and (3) of paragraph (a) of this section and adding together the resulting amounts.

(h) *Payments out of producer-settlement fund.* On or before the 12th day after the end of each delivery period, the market administrator shall pay to each handler, for payment to producers, the amount, if any, by which the total utilization value of the milk of producers received by such handler during the delivery period is less than the sum obtained by multiplying the hundredweight of such milk of producers by the appropriate prices required to be paid producers by handlers pursuant to subparagraphs (1), (2), and (3) of paragraph (a) of this section, and adding together the resulting amounts. If, at such time, the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 12th day after the end of each delivery period, has not received the balance of such reduced payment from the market administrator shall be deemed to be in violation of paragraph (a) of this section if he reduces his payments to producers by not more than the amount of the reduction in payment from the pro-

ducer-settlement fund. Nothing in this paragraph shall abrogate the right of a cooperative association to make payment to its member producers in accordance with the payment plan of such cooperative association.

(i) *Adjustment of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors made in payments to the producer-settlement fund pursuant to paragraph (g) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to paragraph (h) of this section, the market administrator shall, within 5 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of less that is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following such disclosure.*

§ 913.10 *Marketing services*—(a) *Deductions for marketing services.* Except as set forth in paragraph (b) of this section, each handler shall deduct 3 cents per hundredweight from the payments made to each producer pursuant to § 913.9 (a) (1), (a) (2), and (a) (3), with respect to all milk of such producer purchased or received by such handler during the delivery period, and shall pay such deductions to the market administrator on or before the 12th day after the end of such delivery period. Such moneys shall be expended by the market administrator for market information to, and for the verification of weights, sampling, and testing of milk received from, said producers.

(b) *Producers' cooperative associations.* In the case of producers for whom a cooperative association, which the Secretary determines to be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," is actually performing the services set forth in paragraph (a) of this section, each handler shall make the deductions from the payments to be made pursuant to § 913.9 (a) (1), (a) (2), and (a) (3), which are authorized by such producers, and, on or before the 12th day after the end of each delivery period, pay over such deductions to the associations of which such producers are members.*

§ 913.11 *Expense of administration*—(a) *Payments by handlers.* As his pro rata share of the expense of the administration hereof, each handler who purchased or received milk from producers, with respect to all milk received from producers during the delivery period, shall pay to the market administrator, on or before the 12th day after the end of such delivery period, an amount not exceeding 2 cents per hundredweight, which amount shall be determined by the market administrator, subject to review by the Secretary.

(b) *Suits by the market administrator.* The market administrator may maintain a suit in his own name against any handler for the collection of such handler's prorata share of expenses set forth in this section.*

§ 913.12 *Effective time, suspension, or termination of order, as amended.*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated pursuant to paragraph (b) of this section.

(b) *Suspension or termination of order, as amended.* The Secretary may suspend or terminate this order, as amended, or any provision hereof, whenever he finds that this order, as amended, or any provision hereof, obstructs, or does not tend to effectuate the declared policy of the act. This order, as amended, shall terminate, in any event, whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* If upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

The market administrator, or such other person as the Secretary may designate, shall (1) continue in such capacity until removed by the Secretary, (2) from time to time account for all receipts and disbursements and, when so directed by the Secretary, deliver all funds or property on hand together with the books and records of the market administrator, or such person, to such person as the Secretary may direct, and (3) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate, shall liquidate, if so directed by the Secretary, the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.*

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, and that the notice herewith given is reasonable under the circumstances.

Done at Washington, D. C. this 1st day of October 1941, to become effective on and after the 2nd day of October 1941. Witness my hand and the official seal of the Department of Agriculture.

PART 935—MILK IN THE OMAHA-COUNCIL BLUFFS MARKETING AREA[1]

H. A. Wallace, Secretary of Agriculture of the United States of America, issued, effective April 5, 1939, Order No. 35,[2] regulating the handling of milk in the Omaha-Council Bluffs marketing area, and Grover B. Hill, Acting Secretary of Agriculture, issued, effective March 2, 1941, amendment No. 1 to said order.[3]

Claude R. Wickard, Secretary of Agriculture, tentatively approved, on January 25, 1941, the marketing agreement, as amended, regulating the handling of milk in the Omaha-Council Bluffs marketing area.

There being reason to believe that the issuance of an amendment to said tentatively approved marketing agreement, as amended, and to said order, as amended, would tend to effectuate the declared policy of the act, notice was given of a hearing which was held in Omaha, Nebraska, beginning on July 9, 1941, on a proposal to amend the tentatively approved marketing agreement, as amended, and the order, as amended, regulating the handling of milk in the Omaha-Council Bluffs marketing area, at which time and place all interested parties were afforded an opportunity to be heard upon such proposals.

It is found (§ 935.0) upon the evidence introduced at the last above-mentioned public hearing, such findings being in addition to the findings made upon the evidence introduced at the original hearings on the order and on amendment No. 1 to the order, and being in addition to the other findings made prior to or

[1] Amendment to §§ 935.0, 935.4, and 935.8 issued under the authority contained in 48 Stat. 31, 670, 675; 49 Stat. 750. (1935); 50 Stat. 246 (1937), 7 U.S.C. and Sup., 601 et seq.
[2] 4 F.R. 1408.
[3] 6 F.R. 1189.

at the time of the original issuance of the order and of amendment No. 1 to the order (which findings are hereby ratified and affirmed save only as such findings are in conflict with the findings hereinafter set forth):

§ 935.0 *Findings.* (a) That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sections 2 and 8e, 50 Stat. 246; 7 U.S.C. 602, 608e, are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk and that the minimum prices set forth in this amendment to said order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above the levels which are declared in the act to be the policy of Congress to establish;

(b) That the order, as amended, regulates the handling of milk in the same manner as a marketing agreement, as amended, upon which a hearing has been held; and

(c) That the issuance of this amendment No. 2 to the order and all of its terms and conditions, tends to effectuate the declared policy of the act.

It is hereby ordered, That the order, as amended, regulating the handling of milk in the Omaha-Council Bluffs marketing area, be and it hereby is amended as follows:

1. Delete § 935.4 (a) (1) and substitute therefor the following:

(1) *Class I milk.* $2.65 per hundredweight during delivery periods prior to May 1, 1942, and $2.25 per hundredweight during delivery periods thereafter: *Provided*, That with respect to Class I milk disposed of by a handler under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be $2.18 per hundredweight during delivery periods prior to May 1, 1942, and $1.80 per hundredweight during delivery periods thereafter.

2. Delete § 935.4 (a) (2) and substitute therefor the following:

(2) *Class II milk.* $2.00 per hundredweight during delivery periods prior to May 1, 1942, and $1.80 per hundredweight during delivery periods thereafter: *Provided*, That in no event shall the Class II price be less than the Class III price plus 20 cents.

3. Delete in § 935.4 (a) (3) the phrase "25 cents" and substitute therefor the phrase "35 cents" during the delivery periods prior to May 1, 1942, and "25 cents" during the delivery periods thereafter.

4. Amend § 935.4 (b) to read as follows:

(1) Except as provided in subparagraph (2) of this paragraph, the price to be paid by a handler for Class I milk disposed of outside the marketing area, in lieu of the price otherwise applicable pursuant to this section, shall be such price as the market administrator ascertains is being paid for milk of equivalent use in the market where such milk is disposed of: *Provided*, That in no event shall the price for Class I milk sold outside the marketing area be less than the average price of the milk in the marketing area.

(2) The price for Class I milk disposed of outside the marketing area for which no price can be ascertained on the basis provided in subparagraph (1) of this paragraph, including Class I milk disposed of to Government institutions and establishments on the basis of bids, shall be the price for Class I milk set forth in paragraph (a) of this section.

5. Delete in § 935.8 (f) in the last full line, the phrase "34.9 cents" and substitute therefor the phrase "or more but less than 35 cents"; delete the final phrase "more than 34.9 cents" and substitute therefor the phrase "35 cents or more."

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in the General Regulations, Series A. No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, and that the notice herewith given is reasonable under the circumstances.

Done at Washington, D. C., this 1st day of October, 1941, to become effective on and after the 2d day of October, 1941. Witness my hand and the official seal of the Department of Agriculture.

PART 948—MILK IN THE SIOUX CITY, IOWA, MARKETING AREA [1]

H. A. Wallace, Secretary of Agriculture of the United States of America, issued, effective April 16, 1940, Order No. 48 [2] regulating the handling of milk in the Sioux City, Iowa, marketing area.

H. A. Wallace, Secretary of Agriculture, tentatively approved, on March 7, 1940, the marketing agreement regulating the handling of milk in the Sioux City, Iowa, marketing area.

There being reason to believe that the issuance of an amendment to said tentatively approved marketing agreement and to said order would tend to effectuate the declared policy of the act, notice was given of a hearing which was held in Sioux City, Iowa, beginning July 11, 1941, at which time and place all interested parties were afforded an opportunity to be heard upon a proposal to amend the tentatively approved marketing agreement and the order.

It is found (§ 948.0) upon the evidence introduced at the last above-mentioned public hearing, such findings being in addition to the findings made upon the evidence introduced at the original hearing on the order, and being in addition to the other findings made prior to or at the time of the original issuance of the order (which findings are hereby ratified and affirmed save only as such findings are in conflict with the findings hereinafter set forth):

§ 948.0 *Findings.* (a) That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to secs. 2 and 8e, 50 Stat. 246; 7 U.S.C. 602, 608e, are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk and that the minimum prices set forth in this amendment to said order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above the levels which are declared in the act to be the policy of Congress to establish;

(b) That the order regulates the handling of milk in the same manner as a marketing agreement upon which a hearing has been held; and

(c) That the issuance of this amendment No. 1 to the order, and all of its terms and conditions, tends to effectuate the declared policy of the act.

It is hereby ordered, That the order regulating the handling of milk in the Sioux City, Iowa, marketing area be, and it hereby is, amended as follows:

1. Delete § 948.4 (a) (1) and substitute therefor the following:

(1) *Class I milk.* $2.60 per hundredweight during delivery periods prior to May 1, 1942, and $2.20 per hundredweight during delivery periods thereafter: *Provided*, That with respect to Class I milk disposed of by a handler under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be $2.15 per hundredweight during delivery periods prior to May 1, 1942, and $1.73 per hundredweight during delivery periods thereafter.

2. Delete § 948.4 (a) (2) and substitute therefor the following:

(2) *Class II milk.* $2.05 per hundredweight during delivery periods prior to May 1, 1942, and $1.70 per hundredweight during delivery periods thereafter: *Provided*, That in no event shall

[1] Amendment to §§ 948.0 and 948.4 issued under the authority contained in 48 Stat. 31, 670, 675 (1933); 49 Stat. 750 (1935); 50 Stat. 246 (1937); 7 U.S.C. and Sup., 601 et seq.

[2] 5 F.R. 1311.

the Class II price be less than the Class III price set forth prior to the proviso in subparagraph (3) of this paragraph, plus 25 cents.

3. Amend § 948.4 (b) to read as follows:

(1) Except as provided in subparagraph (2) of this paragraph, the price to be paid by a handler for Class I milk sold or disposed of outside the marketing area, in lieu of the price otherwise applicable pursuant to this section, shall be such price as the market administrator ascertains is being paid for milk of equivalent use in the market where such milk is sold or disposed of: *Provided*, That in no event shall the price for Class I milk sold or disposed of outside the marketing area be less than the average price of milk in the marketing area for the delivery period during which such milk is sold or disposed of.

(2) The price for Class I milk sold or disposed of outside the marketing area for which no price can be ascertained on the basis provided in subparagraph (1) of this paragraph, including Class I milk sold or disposed of to Government institutions and establishments on the basis of bids, shall be the price for Class I milk set forth in paragraph (a) of this section.

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, and that the notice herewith given is reasonable under the circumstances.

Done at Washington, D. C. this 1st day of October 1941, to become effective on and after the 2d day of October 1941. Witness my hand and the official seal of the Department of Agriculture.

§ 01.1 *Airworthiness certificates.*

§ 01.10 *Application.* Application for an airworthiness certificate may be made by the registered owner of any aircraft registered as an aircraft of the United States upon the applicable form prescribed and furnished by the Administrator.

§ 01.11 *Requirements for issuance.* Prior to the issuance of an airworthiness certificate, the subject aircraft shall be inspected by a duly authorized representative for the Administrator to determine whether it is in condition for safe operation and complies with the airworthiness requirements specified in the Civil Air Regulations: *Provided*, That an airworthiness certificate may be issued for an aircraft for which no such certificate has previously been issued and which has been manufactured under a type certificate or under a type and a production certificate if the applicant for such certificate, upon request, presents to a duly authorized representative for the Administrator a Statement of Conformity properly executed by the manufacturer of the aircraft on a form prescribed and furnished by the Administrator, and if the aircraft satisfactorily passes an inspection made to determine whether such aircraft is in condition for safe operation: *Provided further*, That an aircraft manufactured under a type certificate only shall undergo, and an aircraft manufactured under a type and a production certificate may be required to undergo, an inspection to determine whether such aircraft conforms to the type certificate under which it is manufactured.

§ 01.12 *Aircraft operation record requirements.* An aircraft for which an airworthiness certificate is currently in effect, hereinafter referred to in these regulations as a certificated aircraft, shall not be operated unless there is attached to such airworthiness certificate the appropriate Aircraft Operation Record prescribed and issued by the Administrator, nor shall such aircraft be operated other than in accordance with the limitations for safe operations prescribed and set forth by the Administrator in such record. An aircraft for which an airworthiness or experimental certificate is in effect on the effective date of this section may be operated without an Aircraft Operation Record until expiration, cancellation, or revocation of any such certificate.

§ 01.13 *Duration.* An airworthiness certificate shall be of 60 days' duration and, unless the holder thereof is otherwise notified by the Administrator within such period, shall continue in effect indefinitely thereafter, unless suspended, revoked, or cancelled, except that it shall immediately expire (1) at the end of a specifically designated period [1] after the date of issuance of the certificate or after the date of the last endorsement thereof, whichever is later, if the holder of such certificate fails to secure within such period an examination or inspection by an authorized inspector for the Administrator, or (2) at any time an authorized inspector of the Administrator shall refuse to endorse such certificate after examination or inspection.

§ 01.14 *Transferability.* An airworthiness certificate and the attached currently effective Aircraft Operation Record, upon transfer of ownership, shall remain with the aircraft for which they were issued.*

* §§ 01.1 to 01.3, inclusive, issued under the authority contained in secs. 205 (a), 603 (c), 52 Stat. 984, 1009; 49 U. S. C. 425 (a), 553 (c).

§ 01.2 *Airworthiness certificate rules.*

§ 01.20 *Display.* An airworthiness certificate shall be carried at all times in the aircraft for which such certificate has been issued, and shall be presented upon the request of any duly authorized representative for the Administrator or Board, or any state or municipal official charged with enforcing local laws or regulations involving Federal compliance.

§ 01.21 *Cancellation.* An airworthiness certificate may be cancelled upon the written request of the registered owner of the aircraft.

§ 01.22 *Surrender.* Upon the cancellation, suspension, revocation or expiration of an aircraft airworthiness certificate the owner of the aircraft shall, upon request, surrender such certificate to any officer or employee of the Administrator.

§ 01.23 *Inspection.* An inspector of the Administrator shall be permitted at any time and place to make such inspections as may be deemed necessary to determine compliance with the requirements of this Part of the Civil Air Regulations.

§ 01.24 *Maintenance of certificated aircraft.* A certificated aircraft shall not be operated unless maintained in condition for safe operation.

§ 01.25 *Periodic inspection.* A certificated aircraft shall not be operated unless, within the 100 hours of flight time last preceding such operation such air-

[1] A statement of duration in substantially the form of § 01.13 will appear on all airworthiness certificates. The above reference to a "specifically designated period" means the period which will be designated on each airworthiness certificate. Under ordinary circumstances an airworthiness certificate will have to be endorsed each year.

craft shall have been given a periodic inspection. Such inspection shall be made by a person to whom there has been issued a currently effective and appropriate mechanic certificate, and shall be made in accordance with the Periodic Aircraft Inspection Report form prescribed and furnished by the Administrator: *Provided*, That in the case of aircraft operated in scheduled air transportation service, such inspection shall be made in accordance with a form acceptable to the Administrator. The results of such inspection shall be entered in the aircraft log-book and on the Periodic Aircraft Inspection Report form over the signature and certificate number of the person making the same.

§ 01.26 *Other inspections.* In all cases, except inspections following repairs or alterations to certificated aircraft, the registered owner shall be responsible for having such aircraft given a periodic inspection, by a person to whom there has been issued a currently effective and appropriate mechanic certificate, within a reasonable time prior to presentation for inspection by a duly authorized representative of the Administrator. In cases of inspections following repairs or alterations of aircraft, such representative may require such inspection of the aircraft as he deems necessary, by a person to whom there has been issued a currently effective and appropriate mechanic certificate.

§ 01.27 *Log-books.* The registered owner of a certificated aircraft shall be responsible for the maintenance and, upon request, the presentation to a duly authorized representative of the Administrator or Board, of a log-book for the aircraft and a log-book for each engine installed therein. Such log-books shall be current, accurate, legible, and permanent records. The aircraft log-book shall contain an operating history of the aircraft which shall include, but shall not be limited to, flight time of the aircraft, reports of periodic or other inspections, minor repairs, and minor alterations of the aircraft structure and propellers. Each engine log-book shall contain an operating history of the aircraft engine to which it pertains, which shall include, but shall not be limited to, the running time of the engine in flight, reports of inspections, minor repairs, and minor alterations of the aircraft engine. Log-book entries may be replaced in the case of scheduled air carrier aircraft, aircraft engines, and propellers, by a suitable system of recording the information required in this section.*

§ 01.3 *Accidents.*

§ 01.30 *Report and notification of accidents.* A written report shall be made without delay to the Civil Aeronautics Board at its nearest branch office of every accident involving a civil aircraft which occurs within the United States[2] and every accident involving a certificated aircraft of the United States, without regard to where it occurs. Such report shall be made upon an accident report form furnished by the Civil Aeronautics Board. In addition, the Civil Aeronautics Board, or the Administrator of Civil Aeronautics, shall be notified immediately in person or by cable, telegraph, telephone, or radio, of the occurrence of any air carrier accident, or accident resulting in serious or fatal injury to any person, or accident known or believed to have resulted from a structural failure in flight. This requirement of immediate notification shall apply to every such accident involving civil aircraft which occurs within the United States and every such accident involving air carrier aircraft without regard to where it occurs. The pilot in command of a non-air carrier aircraft involved in the accident shall make the report and notification of the accident as required by this section unless he is incapacitated, in which event the operator[3] of the aircraft shall make such report and notification. The operator of an air carrier aircraft involved in an accident shall make such report and notification.

§ 01.31 *Removal.* (a) No aircraft or part thereof, involved in an air carrier accident or in an accident resulting in serious or fatal injury to any person, or accident known or believed to have resulted from structural failure in flight shall be moved or disturbed, except:

(1) When necessary for giving assistance to persons injured or trapped in the wreckage;

(2) When necessary in the interest of public safety;

(3) When specific permission shall have been granted by an officer or employee of the Civil Aeronautics Board or of the Administrator of Civil Aeronautics;

(4) When prompt movement of the aircraft is necessary to protect it from further serious damage and it is impossible to secure immediate communication with any person authorized in (3) to direct the removal.

(b) Any movement of the aircraft or any part thereof under subsections (a) (1), (a) (2), or (a) (4) shall be so accomplished as to entail the minimum possible disturbance of the material concerned until such time as further or permanent disposition may be directed by the person in charge of the investigation of the accident for the Civil Aeronautics Board. In the event of any movement of the aircraft under subsection (a) (4), or under subsection (a) (2), except when the danger to public safety is such as to permit of no delay whatever, the movement of the aircraft shall be preceded by the making of a record, as complete and accurate as possible under the circumstances, of the original position and condition of the wreckage.

(c) The requirements of this section shall be applicable with respect to all accidents as described in subsection (a) hereof, which occur within the continental United States (including Alaska) and with respect to all air carrier accidents without regard to where they occur.

§ 01.32 *Preservation of wreckage.* An aircraft, aircraft engine, propeller or appliance, or any part or parts thereof, shall, when directed by the Civil Aeronautics Board or any authorized representative thereof, be preserved and removed to such place or places as directed for purposes of safekeeping, inspection, testing, or any other purpose consistent with the powers and duties granted the Civil Aeronautics Board under section 702 (a) of the Civil Aeronautics Act of 1938, as amended. This requirement shall be applicable with respect to any civil aircraft involved in an accident occurring within the United States and to any certificated aircraft of the United States involved in an accident wherever it occurs.*

PART 61—SCHEDULED AIR CARRIER RULES

SPECIAL REGULATION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 30th day of September 1941.

It appearing that: § 61.7209 of the Civil Air Regulations, which, in effect, forbids the banking of air carrier aircraft immediately after take-off until a minimum altitude of 500 feet has been attained, often requires air carrier aircraft taking off from the Washington National Airport to operate over congested areas of Washington, D. C. and its vicinity and also, in certain cases, to operate in close proximity to the airspace reservation established for a portion of the District of Columbia by Executive Order No. 8378;[1]

The Board finds that: Its action is in the public interest and in the interest of safety of air transportation;

Now, therefore, the Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601, and 604 of said Act, makes and promulgates the following special regulation:

"Notwithstanding the provisions of § 61.7209 of the Civil Air Regulations, air carrier aircraft operated in scheduled air transportation taking off from the Washington National Airport may be banked when an altitude not lower than 300 feet has been attained and the aircraft has passed over the boundaries of the Washington National Airport."

PETITION OF THE LUCKY STRIKE MINING COMPANY, A CODE MEMBER IN DISTRICT NO. 11, FOR A REVISION OF THE EFFECTIVE MINIMUM PRICES OF THE COALS OF THE LUCKY STRIKE MINE (MINE INDEX NO. 57) FOR TRUCK SHIPMENTS TO MARKET AREA 34

This is a proceeding instituted upon an original petition filed with the Bituminous Coal Division by Frank T. Jones, an individual doing business under the name and style of Lucky Strike Mining Company, a code member in District No. 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests permission to absorb all costs of transportation on coal produced at the Lucky Strike Mine (Mine Index No. 57) and shipped to the tipple in Evansville, Indiana, in excess of 25 cents per ton, on all truck shipments to Market Area 34.

Pursuant to Orders of the Director and after due notice to all interested persons, a hearing in this matter was held in Evansville, Indiana, on May 13, 1941, before D. C. McCurtain, a duly designated examiner of the Division. The Examiner, on August 18, 1941 submitted his Report, Proposed Findings of Fact and Conclusions of Law and recommended that the relief requested herein be granted. An opportunity was afforded to all parties to file exceptions thereto and supporting briefs. No exceptions or supporting briefs have been filed.

The Director has determined that the proposed Findings of Fact and Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director.

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Conclusions of Law of the Examiner be, and the same hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That § 331.21 (*Price instructions and exceptions*) in the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments be amended by adding the following Price Exception:

On all shipments from the Lucky Strike Mine (Mine Index No. 57) to its tipple located at Evansville, Indiana, all costs of transportation in excess of 25 cents per ton may be absorbed by the Lucky Strike Mining Company for all shipments to Market Area 34.

It is further ordered, That the prayer for relief contained in the petition herein be, and it hereby is granted to the extent set forth above, and in all other respects denied.

Dated: September 30, 1941.

PART 340—MINIMUM PRICE SCHEDULE, DISTRICT NO. 20

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW OF THE EXAMINER; AND GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 20 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED

An original petition in this matter having been filed with the Bituminous Coal Division by District Board 20, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, seeking the establishment of price classifications and minimum prices for the coals of certain mines in District No. 20;

After due consideration, no pleadings in opposition having been filed with the Division, by Order of the Director dated December 16, 1940, 5 F.R. 5176, temporary prices having been established, pending final disposition of the petition;

Pursuant to orders entered herein and after due notice to all interested parties, a public hearing having been held in this matter before a duly designated Examiner of the Division on January 27, 1941;

The Examiner having submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated August 27, 1941, and an opportunity having been afforded all parties to file exceptions thereto; no such exceptions or supporting briefs have been filed;

The Director having determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director;

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner in this matter be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the Director; and

It is further ordered, That § 340.4 (*Code member price index*) and § 340.21 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 20 for All Shipments, be amended as follows:

security therefor. The aggregate amount of stock to be maintained at any one time, taken at maturity values, shall not exceed 50% of the issuing agents' capital and surplus or guaranty fund or reserve for capital purposes or $500,000, whichever is the smaller amount; however, the Secretary of the Treasury, directly or through the Federal Reserve Bank of the district as fiscal agent, reserves the right to regulate the amount of stock which may be obtained or maintained by any issuing agent without the pledge of collateral security, including temporary increases over the limits expressed in this paragraph, whenever circumstances make such action necessary or desirable.

(d) *Security not required; others.* Notwithstanding the provisions of paragraphs (a) and (b) hereof, any designated issuing agent which is, and continues to be, insured by the Federal Savings & Loan Insurance Corporation, or any other acceptable State Insurance Corporation, System or Fund, the members of which are subject to Federal or State supervision, examination and liquidation, which files an Application—Trust Agreement on Form 384–A with the Federal Reserve Bank of the district in which it is located may apply for Defense Savings Bond stock, Series E, sufficient to meet its requirements without the pledge of collateral security therefor. The aggregate amount of stock to be maintained at any one time, taken at maturity values, shall not exceed 50% of the issuing agents' capital and surplus or guaranty fund or reserve for capital purposes, or other similar fund or funds, or $50,000, whichever is the smaller amount; however, the Secretary of the Treasury, directly or through the Federal Reserve Bank of the district as fiscal agent, reserves the right to regulate the amount of stock which may be obtained or maintained by any issuing agent without the pledge of collateral security, including temporary increase over the limits expressed in this paragraph, whenever circumstances make such action necessary or desirable.

(e) *Certification of qualification.* Upon approval of the Application and Pledge Agreement, Form 384, or the Application-Trust Agreement, Form 384–A, the Federal Reserve Bank will issue a certificate of qualification to the issuing agent on Form No. 385 or 385–A. The Federal Reserve Bank, as fiscal agent of the United States, may certify, in whole or in part, the qualification applied for. If the qualification applied for is not certified, appropriate notice thereof will be transmitted to the issuing agent making application.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1309—COPPER AND COPPER ALLOYS

AMENDMENT TO PRICE SCHEDULE NO. 12—BRASS MILL SCRAP

Price Schedule No. 12, Brass Mill Scrap,[2] is hereby amended by substituting the words "Office of Price Administration" for the words "Office of Price Administration and Civilian Supply" wherever they appear in the Schedule and by amending §§ 1309.15, 1309.18, and 1309.19 to read as follows:

§ 1309.15 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions contained in this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments through calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits, and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions thereof, or of speculation or manipulation of prices of any or all of the grades of brass mill scrap or of the hoarding or accumulation of unnecessary inventories thereof, are urged and requested to communicate with the Office of Price Administration. (Executive Orders 8734, 8875, 6 F.R. 1917, 4483)

§ 1309.18 *Definitions.* When used in this Schedule, the term:

(a) "Person" includes an individual, partnership, association, corporation, or other business entity.

(b) "Brass mill scrap" means the kinds and grades of nonferrous scrap materials which are a by-product of the fabrication of materials produced by brass mills. (Executive Orders 8734, 8875, 6 F.R. 1917, 4483)

§ 1309.19 *Appendix A, maximum prices.* Maximum prices herein set forth are for the principal kinds or grades of brass mill scrap. All other kinds or grades of brass mill scrap which are not specified, except cupro-nickel alloy scrap, should be sold at the normal differentials from such principal kinds or grades. Cupro-nickel alloy scrap shall be sold in accordance with the provisions of Price Schedule No. 8 which establishes maximum prices for scrap and secondary materials containing nickel.

The maximum prices are established for scrap which is clean, dry and free from foreign materials and which meets generally accepted maximum standards in the trade. Scrap which fails to meet such standards should be sold at normal differentials below the established maximum prices.

Kind or grade of scrap	Maximum prices (per pound, f. o. b. point of shipment)		
	Heavy scrap	Rod ends	Turnings
BRASS	*Cents*	*Cents*	*Cents*
Commercial bronze:			
Containing 95% or more copper	9½	9¼	8¾
Containing minimum of 90% up to 95% copper	9⅜	9⅛	8⅜
Red brass: Containing minimum of 80% copper	9⅛	8⅞	8⅜
Best quality brass:			
Containing minimum of 71% up to 80% copper	8¾	8½	----------
			Rod turnings
Yellow Brass	8⅝	8⅜	7⅞
Copper	10¼	10¼	9½
NICKEL SILVER			*Turnings*
5% nickel	9¼	9	4⅝
10% nickel	10⅛	9⅞	5 1/16
15% nickel	10⅞	10⅝	5 1/16

	Cents per pound
Quantity differentials:	
Premiums on shipments of:	
15,000 pounds or more at one time	⅝
40,000 pounds or more at one time	1

[1] 6 F.R. 4784.
[2] 6 F.R. 3594.

The maximum prices set forth above apply on shipments in lots of less than 15,000 pounds. However, as indicated above, on shipments in lots of 15,000 pounds *at one time*, a maximum of 5/8¢ per pound may be added to such prices. On shipments in lots of 40,000 pounds or more *at one time* a maximum of 1¢ per pound may be added to such prices. A lot of 15,000 pounds for the purposes of this Schedule, may be made up of any kind or grade of heavy scrap, or of any kind or grade of turnings and rod ends, but heavy scrap may not be mixed with either turnings or rod ends or both, to make up a lot of 15,000 pounds. A lot of 40,000 pounds or more for the purposes of this Schedule, may be made up of any kind or grade of brass mill scrap.

If delivery is made by truck, a shipment in lots of 15,000 pounds or 40,000 pounds or more as the case may be, will be considered to have been made "at one time", for the purposes of this Schedule, if such lot is delivered to the buyer within two days after the first shipment of the lot is so delivered. (Executive Order 8734, 8875, 6 F.R. 1917, 4483)

These amendments shall become effective October 3, 1941. Issued this 1st day of October 1941.

LEON HENDERSON,
Administrator.

Bituminous Coal Division.

[Docket No. 1601–FD]

IN THE MATTER OF PEEWEE COAL COMPANY, A REGISTERED DISTRIBUTOR, REGISTRATION NO. 7218, DEFENDANT

ORDER ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER AND SUSPENDING REGISTRATION

This proceeding having been instituted by the Bituminous Coal Division, pursuant to the provisions of the Bituminous Coal Act of 1937, in order to investigate and determine whether the Peewee Coal Company, a registered distributor (Registration No. 7218), of Bussey, Iowa, had violated certain provisions of the Rules and Regulations for the Registration of Distributors promulgated pursuant to section 4 II (h) of the Act;

An investigation having been made; an Examiner designated for hearing pursuant to an Order dated March 7, 1941;

A hearing having been held in this matter on April 8, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof, in Des Moines, Iowa, pursuant to the Order of March 7, 1941, at which an appearance was entered for the defendant; and all interested parties having been afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The Examiner having filed his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations in this matter on August 30, 1941, in which it was recommended that the registration of defendant as a registered distributor be suspended for a period of six months;

An opportunity having been afforded to all parties to file exception thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

It having been determined that the Proposed Findings of Fact and Conclusions of Law of the Examiner should be adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Conclusions of the Examiner be, and they hereby are approved and adopted as the Findings of Fact and Conclusions of the undersigned; and

It is further ordered, That the registration of the defendant Peewee Coal Company, a registered distributor, (Registration No. 7218); be and it is hereby suspended for a period of six (6) months beginning with the date of this Order: *Provided, however,* That as a condition to reinstatement, in accordance with § 304.15 of the Distributors Rules, the defendant submit, at least five days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the said six month period said defendant has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to receive by virtue of the registration: *And provided further,* That the defendant be required to return to the producers all improperly collected discounts and that a statement by defendant that such refunds have been made shall be required to be included in the affidavit.

Dated: September 30, 1941.

[Docket No. 504–FD]

IN THE MATTER OF THE APPLICATION OF KENTUCKY COAL AGENCY, INC., FOR PROVISIONAL APPROVAL AS A MARKETING AGENCY; AND IN RE THE MODIFICATION AND AMENDMENT OF THE ORDER GRANTING APPLICANT PROVISIONAL APPROVAL OF THE MARKETING AGENCY

ORDER REOPENING HEARING AND CONSOLIDATING MATTERS FOR FURTHER HEARING

By an Order of the National Bituminous Coal Commission (predecessor of the Bituminous Coal Division) dated November 29, 1938, the Kentucky Coal Agency was granted provisional approval as a marketing agency, pursuant to Order No. 6 issued by the said National Bituminous Coal Commission on June 21, 1937.

An application for approval of a supplemental contract of the said agency relating to subagent commissions was filed with the Division on August 21, 1940. A hearing thereon was held on September 30, 1940. Pursuant to waiver of the parties, the matters involved in the said application were referred directly to the Director for determination. No decision has been rendered with respect to the application.

By an Order dated July 28, 1941, the Bituminous Coal Division required that the said agency show cause at a public hearing set for September 17, 1941, why the aforesaid order of provisional approval dated November 29, 1938, should not be further amended and modified in certain specified respects. By an Order dated September 13, 1941, the said hearing was postponed to September 30, 1941.

It appears that the issues involved with respect to the application for approval of the aforesaid supplemental contract are similar and closely related to certain of the issues involved in the aforesaid Order to Show Cause dated July 28, 1941.

Upon consideration of the premises,

Now, therefore, it is ordered, That the aforesaid hearing in Docket No. 504–FD held on September 30, 1940, with respect to approval of a supplemental contract of the said agency be and it hereby is reopened for further hearing.

It is further ordered, That the proceedings in Docket No. 504–FD with respect to the aforesaid application for approval of the said supplemental contract be and they hereby are consolidated with the proceedings in the same docket with regard to the aforesaid Order to Show Cause dated July 28, 1941, for purpose of hearing and for such other purposes as the officer designated to preside at the hearing may deem advisable.

Dated: September 30, 1941.

IN THE MATTER OF RYAN & BENSON FUEL CORPORATION, REGISTERED DISTRIBUTOR, REGISTRATION NO. 7951, RESPONDENT

ORDER AMENDING NOTICE OF AND ORDER FOR HEARING AND POSTPONING HEARING

The Bituminous Coal Division having issued a Notice of and Order for Hearing dated September 12, 1941, in the above-entitled matter to determine whether or not the Ryan & Benson Fuel Corporation, Registered Distributor, has violated certain provisions of the Act, the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors and its Agreement as Distributor executed April 14, 1939, and whether or not the registration of said Distributor should be revoked or suspended or other appropriate penalties be imposed, and for said purposes having given notice of information in the possession of the Division and additional information having come into possession of the Division; the respondent having requested postponement of the hearing in the above-entitled matter and having shown good cause therefor; and the respondent by consent dated September 26, 1941, the original of which is on file with the Division, having consented to the making and entry of this Order;

It is ordered, That the hearing in the above-entitled matter be postponed to 10 o'clock a. m., October 15, 1941, at a hearing room of the Bituminous Coal Division, Washington, D. C.

It is further ordered, That paragraphs numbered 2, 3 and 4 of the Notice of and Order for Hearing dated September 12, 1941, in the above-entitled matter be and they hereby are amended to read as follows:

2. During the period from October 1, 1940 to September 26, 1941, both dates inclusive, the respondent purchased various sizes of coal in substantial quantities, and secured, accepted, and retained distributor's discounts thereon from code member producers, which coal he resold to the Ryan & Benson Coal Corporation, a retailer of Baltimore, Maryland, under whose control, financially or otherwise, said respondent was, in violation of paragraph (d) of the Agreement, and § 304.19 (c) of the Rules and Regulations for Registration of Distributors.

3. The transactions referred to in paragraph 2 hereof rendered no service of value to said code member vendors, the resales to the Ryan & Benson Coal Corporation having been entered into primarily for the purpose of unjustly enriching the respondent, and the acceptance of such discounts as a distributor was in violation of paragraph (g) of the Agreement.

4. The respondent, in his application for registration with the Bituminous Coal Division as a distributor of bituminous coal dated April 14, 1939, as described in paragraph 1 hereof, failed to state as required on pages 5 and 6 thereof, the financial relations with the Ryan & Benson Coal Corporation, and the failure to state that material fact was in violation of paragraph (f) of the Distributor's Agreement, and contrary to Section 304.11 (c) (6) of the Rules and Regulations for Registration of Distributors.

It is further ordered, That the time of the respondent to file its answer herein is hereby extended to October 10, 1941.

Dated: September 30, 1941.

[Docket No. A–751]

IN THE MATTER OF THE MINIMUM PRICES IN THE SALE OF LOCOMOTIVE FUEL BY THE SUNLIGHT COAL COMPANY, DISTRICT NO. 11, TO THE CHICAGO, INDIANAPOLIS, AND LOUISVILLE RAILROAD COMPANY, AND REQUEST FOR PRELIMINARY AND PERMANENT RELIEF

MEMORANDUM OPINION APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND ORDER DENYING RELIEF AND DENYING REQUEST FOR ORAL ARGUMENT

This is a proceeding instituted upon an original petition filed with the Bituminous Coal Division on March 17, 1941, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937, by the Sunlight Coal Company, a code member in District 11, owner of the Sunlight No. 11 Mine (Mine Index No. 87) operating in the Indiana Standard 5th Vein, Booneville Subdistrict of District 11. The petition requests that the Sunlight Coal Company be permitted to absorb 32.6 cents per ton from the presently established minimum f. o. b. mine price of $1.90 per ton on sales of locomotive fuel from the Sunlight Mine to the Chicago, Indianapolis and Louisville Railway Company (hereinafter referred to as C. I. & L. R. R.), thus permitting the Sunlight Mine to have an effective minimum price of $1.574 per ton for sale of locomotive fuel to the said railroad.

Pursuant to Orders of the Director dated March 27, 1941, and April 14, 1941, and after notice to all interested persons, a hearing was held in this matter on May 23, 1941, before D. C. McCurtain, a duly designated examiner of the Division, at a hearing room thereof in Washington, D. C.

A petition of intervention was filed by District Board 11. Appearances were entered on behalf of the original petitioner, District Board 11, and the Consumers' Counsel Division. Briefs were filed by each of these parties.

On August 14, 1941, Examiner D. C. McCurtain filed his Report in this matter in which he recommended that the relief requested herein be denied. The Examiner found that the petitioner had not presented sufficient evidence to warrant a departure from the policy established in General Docket 15 that no adjustments of off-line sales should be permitted "except where necessary to protect existing sales tonnage and to maintain existing fair competitive opportunities." Since Sunlight had never sold locomotive fuel to the railroad involved, it does not fall within such policy. The Sunlight Mine utilizes its trunk line carrier which uses large tonnages of railroad fuel for a market for its coals. The Examiner thought it quite evident that if the relief requested herein should be granted, every mine on every other trunk line in Indiana could request, and in principle would be entitled to off-line fuel prices to every other trunk line carrier, thus resulting in a loss in realization for the entire District 11 and a complete disruption of the pattern of price established in the Schedules.

On August 29, 1941, petitioner filed exceptions to Examiner McCurtain's Proposed Findings of Fact and Proposed Conclusions of Law and Recommendations and requested the opportunity to present oral argument. Exception was taken to the Findings that the petitioner neither comes within the above-mentioned policy covering off-line prices established in General Docket 15, nor has it presented sufficient evidence to warrant a departure from such policy. Petitioner submits that although it never sold railroad fuel to the C. I. & L. R. R., with certain exceptions not pertinent here, nevertheless the *right* to make the absorption of 32.6 cents per ton was an "existing fair competitive opportunity" within the meaning of the Act. Petitioner further submits that there is no evidence in the record that such absorption would constitute a sale of locomotive fuel below cost or that petitioner would not make a profit thereon. Petitioner contends that unless it be granted permission to exercise its *right*, the competitive situation on the sale of off-line railroad fuel to trunk railroads would be frozen as of the date of the establishment of minimum prices. Such an interpretation it is stated would logically lead to the exclusion from such market of new mines. Petitioner further contends that Examiner McCurtain's distinctions between this matter and that involving off-line shipments of mines on the A. W. & W. R. R. in Docket No. A–7 is unfounded since the record indicates that mines on the A. W. & W. R. R. never sold to the Southern Railroad except in times of emergency.[1]

I have carefully considered the entire record in the light of exceptions of the petitioner, and have concluded that the Findings of Fact and Conclusions of Law promised by the Examiner should be adopted in their entirety. The record indicates that the Sunlight Mine never sold railroad fuel, except as in times of emergency to the C. I. & L. R. R., nor does it indicate any necessity for such sales to preserve "existing fair competitive opportunities." The act does not deny to new mines the right to obtain business on a competitive level wtih established mines.[2] Indeed, since the dynamic nature of the bituminous coal industry precludes "freezing" of competitive situations, Congress has provided that petitions may be filed under the provisions of section 4 II (d) of the Act requesting opportunity to present affirmative evidence of necessity for the establishment of or change in minimum prices. However, such petitions must indicate a real necessity for relief. Otherwise, the delicate coordination of minimum prices set up after exhaustive hearings in General Docket 15 would be upset by attempts to invade markets which are not natural markets and thereby encourage uneconomical movements of coal.

As petitioner admits, it could have made any absorption under open competition when quoting a price on its coal to the C. I. & L. R. R. in order to compete with other producers for that business, yet despite that fact, it was unable to prevail upon the purchasing agents of the C. I. & L. R. R. with any degree of success to purchase its coals. Nor has petitioner shown any change in such conditions. The evidence indicates that the C. I. & L. R. R. has been able to and can secure all of its fuel requirements from its on-line mines. And, there is no evidence that the Sunlight Mine cannot sell all of its railroad fuel to its own trunk line carrier.

Granting of the relief requested here would result in the disruption of the "existing fair competitive opportunities" of the mines located on the C. I. & L. R. R. The relatively fixed and stable market for locomotive fuel is of extreme importance to the continued operation of the mines located on trunk line carriers. This should be disrupted only when a clear need therefor is shown.

Now therefore it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of Examiner McCurtain be, and the same hereby are approved and adopted as Findings of Fact and Conclusions of Law of the Director;

It is further ordered, That the prayer for relief herein be, and it hereby is, denied;

It is further ordered, That the request for oral argument herein be, and the same hereby is denied.

Dated: September 30, 1941.

PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 20 FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES FOR COALS PRODUCED IN DISTRICT NO. 20 FOR SHIPMENT INTO MARKET AREAS 200 AND 201

ORDER DENYING RELIEF

A petition having been filed with the Bituminous Coal Division by District Board 20, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting a revision in the Schedule of Effective Minimum Prices of District 20 for All Shipments establishing the same minimum f. o. b. mine prices for coals shipped by rail from Subdistrict 1 to Market Areas 200 and 201 as are applicable to Market Areas 202 and 203;

Temporary relief pending the final disposition of this matter having been granted by Order of the Director;

Pursuant to an Order of the Director, and after due notice to all interested persons, a hearing having been held in this matter before a duly designated Examiner of the Division at a hearing room thereof in Salt Lake City, Utah, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

The parties to this proceeding having waived the preparation and filing of an Examiner's report and the matter thereupon having been submitted to the undersigned for determination;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That the prayers for relief contained in the petition of District Board 20 filed herein should be and they are hereby denied and the temporary relief hereto granted is terminated.

Dated: September 30, 1941.

Surplus Marketing Administration.

DETERMINATION WITH RESPECT TO THE ISSUANCE OF ORDER NO. 13, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE GREATER KANSAS CITY MARKETING AREA [1]

Harry E. Brown, Acting Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, effective September 1, 1939, Order No. 13, as amended,[2] regulating the handling of milk in the Kansas City, Missouri, marketing area.

H. A. Wallace, Secretary of Agriculture, tentatively approved, on July 26, 1939, a marketing agreement, as amended, regulating the handling of milk in the Kansas City, Missouri, marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Kansas City, Missouri, marketing area would tend to effectuate the declared policy of said act, notice was given, on May 8, 1941, of a public hearing which was held in Kansas City, Missouri, on the 14th, 15th, and 16th days of May, 1941, which hearing was reopened beginning July 7, 1941, at Kansas City, Missouri, on certain proposals to amend such marketing agreement, as amended, and such order, as amended, and at such times and place all interested parties were afforded an opportunity to be heard on the proposals to amend such marketing agreement, as amended, and such order, as amended.

After such hearings and after the tentative approval on September 12, 1941, of a marketing agreement, as amended, regulating the handling of milk in the Greater Kansas City marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the Greater Kansas City marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

It is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, that:

1. The refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. The issuance of the proposed Order No. 13, as amended, is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the Greater Kansas City marketing area; and

3. The issuance of the proposed Order No. 13, as amended, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of May 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

Done at Washington, D. C., this 27th day of September 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

DETERMINATION WITH RESPECT TO THE ISSUANCE OF AMENDMENT NO. 2 TO ORDER NO. 35, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE OMAHA-COUNCIL BLUFFS MARKETING AREA [1]

Henry A. Wallace, Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, effective April 5, 1939, Order No. 35,[3] regulating the handling of milk in the Omaha-Council Bluffs marketing area.

Grover B. Hill, Acting Secretary of Agriculture, issued, effective March 2, 1941, Amendment No. 1 to said order.[3]

Henry A. Wallace, Secretary of Agriculture, tentatively approved, on March 10, 1939, a marketing agreement regulating the handling of milk in the Omaha-Council Bluffs marketing area.

Claude R. Wickard, Secretary of Agriculture, tentatively approved, on January 25, 1941, a marketing agreement, as amended, regulating the handling of milk in the Omaha-Council Bluffs marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Omaha-Council Bluffs marketing area would tend to effectuate the declared policy of said act, notice was given, on July 2, 1941, of a public hearing which was held in Omaha, Nebraska, beginning on July 9, 1941, on certain proposals to amend such marketing agreement, as amended, and such order, as amended, and at such time and place all interested parties were afforded an opportunity to be heard on the proposals to amend such marketing agreement, as amended, and such order, as amended.

After such hearing and after the tentative approval on September 5, 1941, of a marketing agreement, as amended, regulating the handling of milk in the Omaha Council-Bluffs marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the Omaha Council-Bluffs marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

It is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, that:

1. The refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. The issuance of Amendment No. 2 to Order No. 35, as amended, is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the Omaha Council-Bluffs marketing area; and

3. The issuance of Amendment No. 2 to Order No. 35, as amended, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of May 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

DETERMINATION WITH RESPECT TO THE ISSUANCE OF AMENDMENT NO. 1, TO ORDER NO. 48, REGULATING THE HANDLING OF MILK IN THE SIOUX CITY, IOWA, MARKETING AREA.[1]

Henry A. Wallace, Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, issued, effective April 16, 1940, Order No. 48,[2] regulating the handling of milk in the Sioux City, Iowa, marketing area.

Henry A. Wallace, Secretary of Agriculture, tentatively approved on March 7, 1940, a marketing agreement regulating the handling of milk in the Sioux City, Iowa, marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement and to the order regulating the handling of milk in the Sioux City, Iowa, marketing area would tend to effectuate the declared policy of said act, notice was given, on July 2, 1941, of a public hearing which was held in Sioux City, Iowa, beginning on July 11, 1941, on certain proposals to amend such marketing agreement and such order and at such time and place all interested parties were afforded an opportunity to be heard on the proposals to amend such marketing agreement and such order.

After such hearing and after the tentative approval on September 6, 1941, of a marketing agreement, as amended, regulating the handling of milk in the Sioux City, Iowa, marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the Sioux City, Iowa, marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

It is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, that:

1. The refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. The issuance of Amendment No. 1 to Order No. 48 is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the Sioux City, Iowa, marketing area; and

3. The issuance of Amendment No. 1 to Order No. 48 is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of May 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 5006]

AMENDED NOTICE RELATIVE TO CUYAHOGA VALLEY BROADCASTING COMPANY (NEW)

Application dated August 13, 1937, for construction permit; class of service, broadcast; class of station, broadcast; location, Cleveland, Ohio; operating assignment specified: Frequency, 1,270 kc. (1,300 kc. NARBA); power, 1 kw.; hours of operation, daytime.

Upon further examination of the above-entitled application the Commission has *amended* the issues on which the hearing will be based, consolidated the matter with the application of Lake Shore Broadcasting Corp., Cleveland, Ohio (Docket No. 6172), as shown below:

1. To determine the qualifications of the applicant, its officers, directors, and stockholders to construct and operate the proposed station.

2. To obtain full information with respect to the relationships between M. F. Rubin and the licensees of Stations WJW and WMAN.

3. To determine the areas and populations now receiving interference-free primary service from Stations WJW and WMAN which would receive similar service from the station proposed herein.

4. To determine the type and character of the program service which applicant may be expected to render, and the extent to which such service is now being rendered by any other station or stations serving the proposed service area in whole or in part.

5. To determine the populations and areas which will gain interference-free primary service from the operation of the station proposed herein and what other broadcast service is available to these areas and populations.

6. To determine whether public interest, convenience and necessity would be served by the granting of this application, the application of Lake Shore Broadcasting Corporation (Docket No. 6172), or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Cuyahoga Valley Broadcasting Co., % W. I. Booth, 1017 Euclid Avenue, Cleveland, Ohio.

Application dated September 22, 1939, for construction permit, class of service, broadcast; class of station, broadcast; location, Abilene, Texas; operating assignment specified: Frequency, 1,470 kc.; power, 1 kw.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing, to be consolidated with applications of Delta Broadcasting Company, Inc. (WQBC), Docket No. 6166, and H. C. Cockburn, trading as San Jacinto Broadcasting Company (New) Docket No. 6168, for the following reasons:

1. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by Section 307 (b) of the Communications Act of 1934, as amended.

2. To determine the extent of any interference which would result from the simultaneous operation of Station WMBD and Station KRBC as proposed.

3. To determine the areas and populations which would be deprived of interference-free primary service from Station WMBD should Station KRBC operate as proposed, and what other broadcast services are available to these areas and populations.

4. To determine the areas and populations which may be expected to gain interference-free primary service from the operation of Station KRBC as proposed and what other broadcast services are available to these areas and populations.

5. To determine the extent and effect of any interference which would be involved as a result of simultaneous operation of Station KRBC as proposed, and Station WQBC as proposed in Docket No. 6166 and a station proposed for Houston, Texas in Docket No. 6168.

6. To determine whether in view of the facts adduced under the foregoing issues and the issues relating to the applications of Delta Broadcasting Company, Incorporated, (WQBC), Docket No. 6166, and H. C. Cockburn, trading as San Jacinto Broadcasting Company, Docket No. 6168, public interest, convenience and necessity will be served by the granting of the instant application and said applications of Delta Broadcasting Company, Incorporated, and H. C. Cockburn, trading as San Jacinto Broadcasting Company, or any of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

NOTICE RELATIVE TO LAKE SHORE BROADCASTING CORP. (NEW)

Application dated July 25, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Cleveland, Ohio; operating assignment specified: Frequency, 1300 kc.; power, 5 kw. (DA—night & day); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with the application of Cuyahoga Valley Broadcasting Company, Cleveland, Ohio (Docket No. 5006), for the following reasons:

1. To determine the qualifications of the applicant, its officers, directors and stockholder, to construct and operate the proposed station.

2. To determine the type and character of the program service which applicant may be expected to render if granted a permit to construct the proposed station.

3. To determine whether the proposed directional antenna array would afford adequate protection to the services of Stations WOOD, WASH, and WFBR, particularly in view of the distances between said stations and the proposed station.

4. To determine the extent of any interference which would result from the simultaneous operation of the station proposed herein and Stations WOOD, WASH and WFBR.

5. To determine the areas and populations which may be expected to lose interference-free primary service, particularly from Stations WOOD, WASH and WFBR as a result of the operation of the proposed station and what other broadcast service is available to these areas and populations.

6. To determine whether the proposed station would provide interference-free primary service to the metropolitan district of Cleveland as contemplated by the Standards of Good Engineering Practice.

7. To determine whether (a) the operation of the proposed station at the selected transmitter site would be consistent with the Standards of Good Engineering Practice, particularly as to the

population residing within the "blanket area" (250 mv/m contour), and, (b) the proposed antenna array would constitute a hazard to air navigation.

8. To determine the populations and areas which will gain interference-free primary service from the operation of the station proposed herein and what other broadcast services are available to these areas and populations.

9. To determine whether (a) the granting of this application would be consistent with the Standards of Good Engineering Practice, and (b) the authorization requested herein is the best available assignment.

10. To determine whether the granting of the application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by the provisions of section 307 (b) of the Communications Act of 1934, as amended.

11. To determine whether public interest, convenience or necessity would be served by the granting of this application, the application of Cuyahoga Valley Broadcasting Company (Docket 5006), or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Lake Shore Broadcasting Corporation, % Stanton Addams, Agent, 201 National City Bank Bldg., Cleveland, Ohio.

Dated at Washington, D. C., September 29, 1941.

[Docket No. FDC-33]

IN THE MATTER OF A DEFINITION AND STANDARD OF IDENTITY FOR EACH OF THE FOLLOWING FOODS: MACARONI; SPAGHETTI; VERMICELLI; MACARONI PRODUCT; NOODLES, EGG NOODLES; NOODLE PRODUCT, EGG NOODLE PRODUCT, EGG MACARONI PRODUCT; AND RELATED FOODS

POSTPONEMENT OF HEARING AND AMENDMENT OF NOTICE OF HEARING

The public hearing announced for the purpose of receiving evidence upon the basis of which regulations may be promulgated fixing and establishing a definition and standard of identity for macaroni and related foods, including those named in the caption hereof, scheduled to commence on October 6, 1941, pursuant to the order of Presiding Officer Alanson W. Willcox postponing the opening thereof from September 29 (6 F.R. 4481, 6 F.R. 4893), is further postponed hereby so that the hearing will be held commencing at 10 o'clock in the morning of November 3, 1941, in Room 1039, South Building, Independence Avenue, between 12th and 14th Streets SW., Washington, D. C.

Proposals, which are for the purpose of giving notice of the subject matter to be considered and giving direction to the hearing, are set forth below. Interested persons are notified that the hearing is a fact finding proceeding after which it will be determined, in accordance with the Act, whether definitions and standards of identity should be established for the foods referred to herein and what the provisions of any such definitions and standards should be. It is not to be inferred, from the fact that proposals are made, that they represent the views of the Federal Security Agency, or that the evidence to be adduced by the Agency will support each such proposal.

Such proposals are that there be established definitions and standards of identity for the following foods: macaroni; spaghetti; vermicelli; macaroni product; noodles, egg noodles; and noodle product, egg noodle product, egg macaroni product; and all other foods composed of the same ingredients and prepared in the same general manner as any one of such named foods. Further proposals are that definitions and standards of identity be established for other foods of the same class as the foregoing foods, to which have been added, in the process of preparation, in such significant amounts as to characterize such other foods, such ingredients as vitamins and minerals, whole wheat flour, soy bean flours, gluten flour, milk, and vegetables.

There are set forth below definitions and standards of identity for the foods macaroni; spaghetti; vermicelli; macaroni product; noodles, egg noodles; and noodle product, egg noodle product, egg macaroni product, which are suggestive of the type which may be adopted. It is suggested that such definitions and standards of identity as may be established for other foods to which this notice relates name such foods (for example, spinach macaroni; spinach spaghetti; spinach vermicelli; spinach macaroni product; spinach noodles, spinach egg noodles; spinach noodle product, spinach egg noodle product, spinach egg macaroni product) and conform, as nearly as may be, to the definitions and standards of identity suggested below.

§ 16.000 *Macaroni; identity.* (a) Macaroni is the food prepared from dough made from semolina, durum flour, farina, or flour, or any combination of two or more of these, with water and with or without salt as seasoning, by forming the dough into units and drying the units. Such food contains not less than _____ percent (to be fixed within the range of 87 percent to 89 percent) of total solids as determined by the method prescribed in "Official and Tentative Methods of Analysis of the Association of Official Agricultural Chemists", Fifth Edition, 1940, page 235, under "Vacuum Oven Method—Official".

(b) Macaroni is in units which are tube shaped and are not more than 0.25 inch in outside diameter.

§ 16.001 *Spaghetti; identity.* Spaghetti is the food which conforms to the requirements for macaroni prescribed by section 16.000 (a), and is in units which are cord-shaped (not tubular) and are more than 0.06 inch, but not more than 0.11 inch, in diameter.

§ 16.002 *Vermicelli; identity.* Vermicelli is the food which conforms to the requirements for macaroni prescribed by § 16.000 (a), and is in units which are cord-shaped (not tubular) and are not more than 0.06 inch in diameter.

§ 16.003 *Macaroni product; identity.* Macaroni product is the food which conforms to the requirements for macaroni prescribed by § 16.000 (a), and is in units which are of such shape and size that they do not conform to the shape and size of units prescribed for macaroni by § 16.000 (b), or for spaghetti as prescribed by § 16.001, or for vermicelli as prescribed by § 16.002.

§ 16.010 *Noodles, egg noodles; identity.* Noodles, egg noodles, is the food prepared from dough made from semolina, durum flour, farina, or flour, or any combination of two or more of these with liquid eggs, frozen eggs, dried eggs, egg yolks, frozen yolks, or dried yolks, or any combination of two or more of these, with or without water, by forming the dough into ribbon-shaped units and drying the units. The dough may be seasoned with salt. Noodles contain not less than ____ percent (to be fixed within the range of 87 percent to 89 percent) of total solids as determined by the method prescribed in "Official and Tentative Methods of Analysis of the Association of Official Agricultural Chemists", Fifth Edition, 1940, page 235, under "Vacuum Oven Method—Official." The total solids of noodles contain not less than ____ percent (to be fixed within the range of 5.5 percent to 6.5 percent) of egg solids.

§ 16.011 *Noodle product, egg noodle product, egg macaroni product; identity.* Noodle product, egg noodle product, egg macaroni product, is the food which conforms to the definition and standard of identity prescribed for noodles by § 16.010, except that it is in units which are not ribbon-shaped.

All interested persons are invited to attend the hearing, either in person or by representative, and to offer evidence relevant and material to the subject matter of the proposals.

Alanson W. Willcox hereby is designated as presiding officer to conduct the postponed hearing, in the place of the Administrator, with full authority to administer oaths and affirmations and to do all other things appropriate to the conduct of the hearing.

The hearing will be conducted in accordance with the rules of practice provided for such hearings, as published in the FEDERAL REGISTER for June 26, 1940 (5 F.R. 2379–2381);

In lieu of personal appearance, interested persons may offer affidavits by delivering the same to the presiding officer at Room 2242, South Building, Independence Avenue, between 12th and 14th Streets SW., Washington, D. C., not later than the day of the opening of the hearing. Such affidavits must be submitted in quintuplicate, and, if relevant and material, may be received and made a part of the record at the hearing, but the Administrator will consider the lack of opportunity for cross-examination in determining the weight to be given to statements made in affidavits. Every interested person will be permitted to examine the affidavits offered and to file counter-affidavits with the presiding officer.

Federal Security Administrator.

CHAPTER III—CLAIMS AND ACCOUNTS

PART 35—PAYMENT OF BILLS AND ACCOUNTS [1]

§ 35.1 *Certification, general*—(a) *By creditor.* A voucher for funds disbursed will be made out in full before being certified by a public creditor. The original voucher must be signed and certified to in the space provided in the voucher form by the creditor or by his duly authorized agent, except that if a payee submits for payment an invoice or bill on which is shown the required certificate or certificates duly signed (see paragraph (b) below), such invoice or bill may be accepted if it constitutes a valid claim against the Government, and will be fastened securely to the voucher in lieu of stating the invoice or bill in detail on the voucher form and securing the payee's certificate thereon.

(b) *Vendor's certificate.* "I certfy that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards, and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amounts billed." *See MS. Comp. Gen. A-51607, A-49009, August 15, 1941.*

(c) *Form in which vendor's certificate will be furnished.* The prescribed certificate may be printed, stamped, typed, or written on vendor's bill of sale or invoice and must be signed (in original only) by the vendor or its duly authorized representative. (See MS. Comp. Gen. A-51607, August 26, 1937, and A-51607, A-49009, August 15, 1941.) In cases where it is physicaly impossible to include the additional certificate on the face of the voucher or invoice, the certificate will be placed on the reverse of the voucher or invoice. Additional (separate) sheets for, duplicates, or copies of certifications only will not be acecpted by the General Accounting Office. (See MS. Comp. Gen: A-51607, A-49009, April 2, 1938.) Under no conditions should the certificate on Government vouchers or on invoice forms to be attached to such vouchers be signed in blank or at any time prior to the submission of the voucher or invoice but only after delivery or performance by the claimant. To do so may result in the submission of a false claim against the Government for which the person signing the certificate may be held liable under the law. *See MS. Comp. Gen. A-51607, A-49009, April 2, 1938, June 2, 1938, and August 15, 1941.*

NOTE.—The Comptroller General of the United States in his letter, A-51607, A-49009, August 15, 1941, stated that in order to avoid unnecessary delay and confusion in the payment of vouchers otherwise properly prepared it appeared desirable that until such time as vendors and contractors have had ample opportunity to become acquainted with the above-prescribed certificate, the various Government agencies and the General Accounting Office accept certifications that have heretofore been approved.

(d) *Zones to be stated on vouchers covering payments for gasoline under TPS contracts.* The zone in which delivery was made will be stated on vouchers covering payments for gasoline under TPS contracts, where such zone deliveries are specified in such contracts and noted on purchase orders or other procuring instruments. TITLE 14—CIVIL AVIATION

CHAPTER II—ADMINISTRATOR OF CIVIL AERONAUTICS

PART 501—AIRCRAFT REGISTRATION CERTIFICATES

SEPTEMBER 12, 1941.

Acting pursuant to the authority vested in me by the Civil Aeronautics Act of 1938, as amended, particularly sections 308 and 501 of said Act, and finding that this action is required to best effectuate the policies declared in, and the purposes of, said Act, and is desirable in the public interest, I hereby:

1. Strike Part 01 of the Civil Air Regulations as it relates to the registration of aircraft and aircraft registration certificates.

2. Adopt the following regulations:

Sec.
501.1 Application.
501.2 Duration.
501.3 Transferability.
501.4 Display.
501.5 Invalidation.
501.6 Surrender.

§ 501.1 *Application.* Application for the registration of an aircraft shall be made upon the applicable form prescribed and furnished by the Administrator, and shall be accompanied by proper documentary evidence of the ap-

plicant's ownership of the aircraft sought to be registered.*

*§§ 501.1 to 501.6, inclusive, issued under the authority contained in secs. 308, 501, 52 Stat. 986, 1005; 49 U.S.C., Sup., 458, 521.

§ 501.2 *Duration.* The registration and certificate issued pursuant thereto shall be of sixty days' duration and, unless the holder thereof is otherwise notified by the administrator within such period, shall continue in effect indefinitely thereafter except that it shall immediately expire upon the date (1) the aircraft is registered under the laws of any foreign country, (2) the registration of the aircraft is cancelled at the written request of the owner, (3) the aircraft is totally destroyed or scrapped, or (4) the ownership of the aircraft is transferred, unless on the date the registered owner transfers ownership of such aircraft he endorses the registration certificate in the manner provided thereon and the purchaser makes application for the registration of the aircraft in his name.*

§ 501.3 *Transferability.* A registration certificate is not transferable except that upon the transfer of ownership of an aircraft registered as a civil aircraft of the United States, the registration and certificate issued pursuant thereto may be transferred to the purchaser upon the following conditions:

(a) The purchaser is a citizen of the United States as defined in section 1 (13) of the Civil Aeronautics Act of 1938, as amended;

(b) On the date the registered owner transfers ownership of such aircraft he shall endorse the registration certificate in the manner provided thereon and deliver such certificate to the purchaser; and

(c) On the date of transfer, an application for registration of the aircraft in the name of the purchaser is either mailed to the Administrator or delivered directly to an inspector of the Administrator.*

§ 501.4 *Display.* A registration certificate shall be carried at all times in the aircraft and shall be presented upon the request of any duly authorized representative for the Administrator or any state or municipal official charged with enforcing local laws or regulations involving Federal compliance.*

§ 501.5 *Invalidation.* Any registration of an aircraft by the Administrator shall be null and void if at the time of registration (a) the aircraft was registered under the laws of any foreign country; or (b) the person registered as owner was not the true and lawful owner of the aircraft; or (c) the person registered as owner was not a citizen of the United States as defined in section 1 (13) of the Civil Aeronautics Act of 1938, as amended, or the interest of such person in the aircraft was created by any transaction not entered into in good faith but for the purpose of avoiding, with or without the knowledge of the registered owner, the provision of the Civil Aeronautics Act of 1938, as amended, prohibiting the registration of an aircraft in the name of a person not a citizen of the United States.*

§ 501.6 *Surrender.* Upon the suspension, revocation, expiration or invalidation of a registration certificate, the owner of the aircraft shall, upon request, surrender such certificate to any officer or employee of the Administrator.*

These regulations shall become effective at 12:01 A. M., the 1st day of November, 1941.

DONALD H. CONNOLLY,
Administrator of Civil Aeronautics.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 22nd day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the substitute answer of the respondent, in which answer respondent admits all the material allegations of said complaint with the exception of the illustration therein set forth regarding specific price discriminations and states that it waives all intervening procedure and further hearing as to said facts, and a stipulation of facts filed herein, and the Commission being of the opinion that said respondent has violated the provisions of section 2 (a) of the Clayton Act, as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, sec. 13), and having made its findings as to the facts and its conclusion, which findings as to the facts and its conclusion are hereby made a part hereof:

It is ordered, That the respondent, Federal Yeast Corporation, its officers, directors, representatives, agents and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of bakers' yeast in commerce, as "commerce" is defined in the Clayton Act, do forthwith Cease and Desist:

From the discriminations in price as found in Paragraphs Four, Five and Seven of the findings of fact or otherwise discriminating in price between different purchasers of bakers' yeast of like grade and quality where the effect of such discriminations may be substan-

tially to lessen competition or to injure, destroy or prevent competition with respondent or any such purchaser unless the differential in price in any such discrimination makes only due allowance for differences in the cost of manufacture, sale, or delivery resulting from differing methods or quantities in which such commodities are to such purchasers sold or delivered.

It is further ordered, That the respondent, Federal Yeast Corporation, shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist hereinbefore set forth.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF FOOD DISPLAY MACHINE CORPORATION ET AL.

§ 3.6 (f) *Advertising falsely or misleadingly—Demand or business opportunities:* § 3.6 (g) *Advertising falsely or misleadingly—Earnings:* § 3.72 (c) *Offering deceptive inducements to purchase—Earnings.* In connection with offer, etc., in commerce, or respondents' potato chip machines, corn chip machines and doughnut machines, (1) representing that amazing earnings or profits may be made or fortunes acquired through the operation of respondents' machines; (2) representing as possible or maximum earnings or profits which may be made during any specified period through the use of their machines, any amounts in excess of those which have actually been earned during such specified period by users of their machines under normal conditions in due course of business; and (3) representing as usual or customary earnings or profits which may be made during any specified period through the use of their machines, any amounts in excess of the average, usual and customary amounts which have actually been earned by users of their machines under normal conditions in due course of business; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Food Display Machine Corporation et al., Docket 4122, September 23, 1941]

In the Matter of Food Display Machine Corporation, a Corporation; and A. H. Kulikowski (Referred to in the Complaint as M. J. Kulikowski), Mrs. A. H. Kulikowski (Referred to in the Complaint as Mrs. M. J. Kulikowski), and George H. Hardt, Individuals.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence taken before William C. Reeves, trial examiner of the Commission theretofore duly designated by it, in support of and in opposition to the allegations of the complaint, report of the trial examiner upon the evidence, and exceptions thereto, and briefs in support of and in opposition to the complaint (oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that certain of the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondents Food Display Machine Corporation, a corporation, its officers, and A. H. Kulikowski and George H. Hardt, trading under the names King Korn Company, King K Company and Brown Bobby Company, or trading under any other name or names, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of respondents' potato chip machines, corn chip machines and doughnut machines in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Representing that amazing earnings or profits may be made or fortunes acquired through the operation of respondents' machines;

(2) Representing as possible or maximum earnings or profits which may be made during any specified period through the use of respondents' machines, any amounts in excess of those which have actually been earned during such specified period by users of respondents' machines under normal conditions in due course of business;

(3) Representing as usual or customary earnings or profits which may be made during any specified period through the use of respondents' machines, any amounts in excess of the average, usual and customary amounts which have actually been earned by users of respondents' machines under normal conditions in due course of business.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That this proceeding be, and it hereby is, dismissed as to respondent Mrs. A. H. Kulikowski.

By the Commission.

In the Matter of Leona Johnson and Aubrey M. Graff, Individually and Trading as Radio Distributors

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 22d day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, testimony and other evidence before W. W. Sheppard, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence and briefs filed herein, and the Commission having made its findings as to the facts and its conclusion that said respondent Leona Johnson, individually and trading as Radio Distributors, has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Leona Johnson, individually and trading as Radio Distributors, her representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of radios and other articles of merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Supplying or placing in the hands of others, push cards or other devices which are to be used or may be used in the sale or distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme;

(2) Shipping, mailing, or transporting to members of the purchasing public push cards or other devices which are to be used or may be used in the sale or distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme;

(3) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the complaint be dismissed as to the respondent Aubrey M. Graff.

It is further ordered, That the respondent shall, within sixty (60) days after service upon her of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which she has complied with this order.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly — Results.* Disseminating, etc., in connection with offer, etc., of any medicated bandage sold and distributed by respondent under the trade name "A B C Gauzband", or under any other trade name or designation, any advertisements in newspapers, etc., by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, of its said product, which advertisements represent, directly or by implication, that its said product possesses antiseptic and germicidal properties sufficient to inhibit the growth of, or to destroy, all types of bacteria; or which advertisements represent, directly or indirectly, that said product is a self-sterilizing agent, or that it remains sterile after it has been removed from the container; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, American Bandage Corporation, Docket 4354, September 22, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 22nd day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, evidence introduced before a duly appointed trial examiner of the Commission designated by it to serve in this proceeding, the report of the trial examiner thereon, the stipulation as to the facts entered into between the attorney for the Commission and the attorney for respondent, and brief filed on behalf of the Commission; and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, American Bandage Corporation, a corporation, its officers, directors, agents, representatives and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of any medicated bandage sold and distributed by it under the trade name "A B C Gauzband", or under any other trade name or designation, do forthwith cease and desist from, directly or indirectly:

(1) Disseminating, or causing to be disseminated, any advertisement in newspapers, periodicals, circulars, leaflets, pamphlets, or otherwise, by means of the United States Mails, or by any means, in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that its said product possesses antiseptic and germicidal properties sufficient to inhibit the growth of, or to destroy, all types of bacteria, or which represents, directly or indirectly, that said product is a self-sterilizing agent, or that it remains sterile after it has been removed from the container.

(2) Disseminating, or causing to be disseminated, any advertisement in newspapers, periodicals, circulars, leaflets, pamphlets, or otherwise, by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's said product, which advertisement contains any of the representations prohibited in Paragraph One hereof.

It is further ordered, That respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

Sterline's Korana Powder", and the individual preparations of which aforesaid "Hay Fever Treatment" and "Asthma Treatment" are composed, or in connection with offer, etc., of any other substantially similar preparation or combination of preparations, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said "Hay Fever Treatment" or said "Asthma Treatment", or of the individual medicinal preparations of which each is composed, which advertisements represent, directly, indirectly or through inference, (1) that respondent Sterline's "Hay Fever Treatment", or the medicinal preparation "W. K. Sterline's Compound" (a) is a cure or remedy for, or possesses any therapeutic value whatever in the treatment of persons suffering from, Hay Fever, or (b) possesses any properties which will be effective in fortifying the system against, or enable one to avoid, Hay Fever, or (c) will check sneezing and discharging from the nose; and (2) that respondent Sterline's "Asthma Treatment", or the medicinal preparations "W. K. Sterline's Compound", "W. K. Sterline's Elixir" or "W. K. Sterline's Korana Powder", separately, jointly or when used in any combination of the one with the other, (a) is a cure or remedy for, or possesses any therapeutic value in the treatment of, asthma in excess of affording mild temporary relief from the paroxysms usually associated with asthma, or (b) will prevent the return of asthma or restore one to health, or (c) possesses any therapeutic value in the treatment of bronchitis, when bronchitis is associated with asthma, in excess of that furnished by a mild expectorant; and (3) that respondent Sterline's medicinal preparation "W. K. Sterline's Elixir" possesses any therapeutic value in the treatment of bronchitis in excess of that furnished by a mild expectorant, whether bronchitis is associated with asthma or not; or which advertisements of the medicinal preparation "W. K. Sterline's Compound" fail to reveal that said preparation should not be used by persons suffering from active or latent tuberculosis, and that use of said preparation over a long period of time is likely to cause mental derangement; prohibited, subject to the provision, however, that if the label of said "W. K. Sterline's Compound" contains a warning of the potential dangers existing in the said medicinal preparation as hereinabove set forth, such advertisements need contain only the cautionary statement: Caution, Use Only as Directed on the Label. In the Matter of W. K. Sterline, an Individual, and Mumm, Romer, Robbins & Pearson, Inc., a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of September, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, and a stipulation as to the facts entered into between the respondents herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondents findings as to the facts and its conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent W. K. Sterline, his agents, representatives and employees, and that respondent Mumm, Romer, Robbins & Pearson, Inc., its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of W. K. Sterline's "Hay Fever Treatment", consisting of the medicinal preparation "W. K. Sterline's Compound" and W. K. Sterline's "Asthma Treatment", consisting of the medicinal preparations, "W. K. Sterline's Compound", "W. K. Sterline's Elixir" and "W. K. Sterline's Korana Powder", and the individual preparations of which the aforesaid "Hay Fever Treatment" and the aforesaid "Asthma Treatment" are composed, or in connection with the offering for sale, sale or distribution of any other preparation or combination of preparations, consisting of substantially similar composition or possessing substantially similar properties, whether represented as a treatment or treatments and under whatever name or names designated, do forthwith cease and desist from, directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents directly, indirectly or through inference:

A. That respondent W. K. Sterline's "Hay Fever Treatment", or the medicinal preparation "W. K. Sterline's Compound"

(a) is a cure or remedy for, or possesses any therapeutic value whatever in the treatment of persons suffering from, Hay Fever; or

(b) possesses any properties which will be effective in fortifying the system against, or enable one to avoid, Hay Fever; or

(c) will check sneezing and discharging from the nose; and

B. That respondent W. K. Sterline's "Asthma Treatment", or the medicinal preparations "W. K. Sterline's Compound," "W. K. Sterline's Elixir" or "W. K. Sterline's Korana Powder", separately, jointly or when used in any combination of the one with the other:

(a) is a cure or remedy for, or possesses any therapeutic value in the treatment of, asthma in excess of affording mild temporary relief from the paroxysms usually associated with asthma; or

[1] 6 F.R. 2774.

(b) will prevent the return of asthma or restore one to health; or

(c) possesses any therapeutic value in the treatment of bronchitis, when bronchitis is associated with asthma, in excess of that furnished by a mild expectorant;

C. That respondent W. K. Sterline's medicinal preparation "W. K. Sterline's Elixir" possesses any therapeutic value in the treatment of bronchitis in excess of that furnished by a mild expectorant, whether bronchitis is associated with asthma or not;

2. Disseminating or causing to be disseminated any advertisement of the medicinal preparation "W. K. Sterline's Compound" by means of United States mail or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which fails to reveal that said medicinal preparation should not be used by persons suffering from active or latent tuberculosis and that use of said preparation over a long period of time is likely to cause mental derangement; *Provided, however,* That if the label of said preparation contains a warning of the potential dangers existing in the said medicinal preparation as hereinabove set forth, such advertisements need contain only the cautionary statement: Caution, Use Only As Directed on the Label.

3. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of W. K. Sterline's "Hay Fever Treatment" or of W. K. Sterline's "Asthma Treatment", or of the individual medicinal preparations of which each treatment is composed, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which fails to comply with the requirements set forth in paragraph 2 hereof.

It is further ordered, That the respondents shall, within ten (10) days after service upon them of this order, file with the Commission an interim report in writing stating whether they intend to comply with this order, and, if so, the manner and form in which they intend to comply; and that, within sixty (60) days after service upon them of this order, said respondents shall file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF STERLING APPLIANCE COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.7 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondent's Sterling Short Wave Diathermy device, or any other substantially similar device, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said device, which advertisements represent, directly or through inference, that respondent's device, when used by the unskilled lay public, constitutes a scientific, safe, harmless and effective means or method for the relief, cure or treatment of rheumatism, arthritis, neuritis, bursitis, lumbago, sciatica, neuralgia, sinus trouble and colds, painful menstruation, female disorders, ulcers or innumerable other ailments, or for the alleviation of pain resulting therefrom; or which advertisements fail to reveal that the unsupervised use of said device by persons not skilled in the diagnosis, analysis, and methods of treatment of disease may result in serious and irreparable injury to health; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Sterling Appliance Company, Docket 4542, September 23, 1941]

In the Matter of Nolan B. Stadley, an Individual, Trading as Sterling Appliance Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of September, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of the respondent, in which answer the respondent admits all the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Nolan B. Stadley, an individual, trading as Sterling Appliance Company, or trading under any other name or names, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his device advertised as Sterling Short Wave Diathermy, or any other device of substantially similar construction, whether sold under the same name or any other name or names, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference, that respondent's device when used by the unskilled lay public constitutes a scientific, safe, harmless and effective means or method for the relief, cure or treatment of:

Rheumatism, arthritis, neuritis, bursitis, lumbago, sciatica, neuralgia, sinus trouble and colds, painful menstruation, female disorders, ulcers or innumerable other ailments, or for the alleviation of pain resulting therefrom;

or which advertisement fails to reveal that the unsupervised use of said device by persons not skilled in the diagnosis, analysis, and methods of treatment of disease may result in serious and irreparable injury to health;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined by the Federal Trade Commission Act, of said device, which advertisement contains any of the representations prohibited in paragraph 1 hereof; or which advertisement fails to reveal that the unsupervised use of said device by persons not skilled in the diagnosis, analysis, and methods of treatment of disease may result in serious and irreparable injury to health.

It is further ordered, That the respondend shall, within ten (10) days after service upon him of this order file with the Commission an interim report in writing stating whether he intends to comply with this order, and, if so, the manner and form in which he intends to comply, and that within sixty (60) days after service upon him of this order, said respondent shall file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER C—MISCELLANEOUS EXCISE TAXES

[T. D. 5073]

PART 178—PRODUCTION, FORTIFICATION, TAX PAYMENT, ETC., OF WINE

Withdrawal of Wines, Free of Tax, for Supplies of Certain Vessels and Aircraft (Amending Regulations No. 7)

Section 3 of the Act of July 22, 1941 (Public Law 187—77th Congress) provides in part as follows:

That section 309 (a) of the Tariff Act of 1930, as amended, be further amended by inserting after the words "internal revenue tax" a comma and the words "or from any

internal revenue bonded warehouse, from any brewery, or from any winery premises or bonded premises for the storage of wine, free of internal revenue tax."

Pursuant to the above provisions of law and sections 3170 and 3176, Internal Revenue Code, Part 178, Title 26, Code of Federal Regulations, [Paragraph 143, Regulations No. 7, as amended] is hereby amended to read as follows:

§ 178.143 *Removals free of tax to American possessions and for supplies of vessels and aircraft* (a) The provisions of the regulations in this part, and the forms prescribed, in respect to the removal of wines, free of tax for exportation to foreign countries, apply to like removals and shipments to the Philippine Islands, Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Panama Canal Zone. Hawaii and Alaska are territories of the United States, and all shipments of domestic wines thereto must be tax-paid before withdrawal from bonded wineries or other bonded premises, unless transferred in bond to a bonded winery or storeroom located in one of those Territories.

(b) *Withdrawals for supplies of certain vessels and aircraft.* The provisions of the regulations in this part, in respect to the removal of wines, free of tax for exportation to foreign countries, are extended to withdrawals of wines for lading as supplies upon the following vessels or aircraft:

(1) Vessels of war, in ports of the United States, of any nation which may reciprocate such privilege toward the vessels of war of the United States in its ports;

(2) Vessels employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions;

(3) Aircraft registered in the United States and actually engaged in foreign trade or trade between the United States and any of its possessions; and

(4) Aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, where such trade by foreign aircraft is permitted, and where the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States.

Application to withdraw wine free of tax for supplies of vessels and aircraft must be made on Form 711, modified appropriately. Wine which is to be withdrawn from bonded wineries or bonded storerooms free of tax for use as supplies on vessels and aircraft must be covered by a bond, Form 186. Such bond will be executed in the same manner as bonds for wine withdrawn free of tax for exportation, but must be accompanied by consent of surety, Form 1533, specifically stipulating that the terms thereof will cover wine withdrawn for use as supplies on vessels and aircraft. Exporters who have on file bonds on Form 186, covering the exportation of wine, and who desire to withdraw wine free of tax from a bonded winery or bonded storeroom for use as supplies on vessels and aircraft, may file a consent of surety containing a similar stipulation, provided that such bonds are of a sufficient penal sum. Wine so withdrawn shall not be unladen at any port or place in the United States or in any of its possessions. [T.D. 5072, Amending Regulations 10]

PART 185—WAREHOUSING OF DISTILLED SPIRITS

1. Section 3 of the Act of July 22, 1941 (Public Law 187—77th Congress), reads in part as follows:

That section 309 (a) of the Tariff Act of 1930, as amended, be further amended by inserting after the words "internal revenue tax" a comma and the words "or from any internal revenue bonded warehouse, from any brewery, or from any winery premises or bonded premises for the storage of wine, free of internal revenue tax."

That section 2907 of the Internal Revenue Code be repealed.

2. Pursuant to the foregoing provisions of law, and sections 2905, 3170 and 3176 of the Internal Revenue Code, Regulations 10 are hereby amended in these respects:

3. Section 185.395 (b) and § 185.401 are revoked.

4. Sections 185.382 and 185.395 (a) are amended to read as follows:

§ 185.382 *Inspection of bottled spirits.* The inspector at the port of export will in every instance carefully inspect cases containing spirits for the purpose of ascertaining whether the cases bear evidence of tampering or have sustained losses in transit due to breakage. The inspector will report on Form 691 any cases as to which a discrepancy is found, giving the serial numbers of the cases, their original contents in proof gallons, and the nature of the discrepancy as to each case. When the inspector has completed his inspection and report as prescribed, the entire shipment may be laden without detention of the deficient cases, unless the circumstances indicate fraud, in which event such cases will be detained pending investigation by the district supervisor, to whom the detention should be immediately reported. (Secs. 2905, 3176, I.R.C.)

§ 185.395 *Losses in transit*—(a) *Leakage or unavoidable accident.* Under the provisions of sections 2889 and 2890, I.R.C., allowance may be made for distilled spirits lost by leakage or by any unavoidable accident, and without any fraud or negligence of the distiller, owner, exporter, carrier, or their agents or employees, occurring during transportation from a bonded warehouse to the port of export, except that where the spirits are covered by a valid claim of insurance in excess of the market value thereof, exclusive of the tax, the tax shall not be remitted to the extent of such excessive insurance. (Sec. 3176, I.R.C.)

5. The following new article and sections are added:

ARTICLE XLVII—*Supplies for Certain Vessels and Aircraft*

§ 185.499 *General.* Distilled spirits in packages and in cases which have been bottled in bond for export may be withdrawn from internal revenue bonded warehouses free of tax for use as supplies on the following vessels and aircraft:

(a) Vessels of war, in ports of the United States, of any nation which may reciprocate such privilege toward the vessels of war of the United States in its ports;

(b) Vessels employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions;

(c) Aircraft registered in the United States and actually engaged in foreign trade or trade between the United States and any of its possessions; and

(d) Aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, where such trade by foreign aircraft is permitted, and where the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.500 *Procedure.* Application to remove distilled spirits in packages and in cases bottled in bond for export from internal revenue bonded warehouses for use as supplies on vessels or aircraft will be made on Form 206, properly modified. The procedure prescribed in §§ 185.315–185.411 [Article XXXIII] of the regulations in this part, as it relates to the withdrawal of packages from internal revenue bonded warehouses for exportation, is hereby made applicable to the withdrawal of packages for use as supplies on vessels or aircraft. The procedure prescribed in §§ 185.366, 185.367 and 185.368, relating to the transfer and withdrawal of spirits bottled in bond for export, is hereby made applicable to the transfer and withdrawal of bottled spirits free of tax for use as supplies on vessels or aircraft. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.501 *Bond.* Distilled spirits which are to be withdrawn from internal revenue bonded warehouses free of tax for use as supplies on vessels or aircraft must be covered by a bond on Form 547 or Form 657. Such bonds will be executed in the same manner as bonds for distilled spirits withdrawn free of tax for exportation, but must be accompanied by consent of surety, Form 1533, specifically stipulating that the terms thereof will cover distilled spirits withdrawn for use as supplies on vessels or aircraft. Exporters who have on file bonds on Form 657, covering the exportation of distilled spirits, and who desire to withdraw spirits free of tax from an internal revenue bonded warehouse for use as supplies on vessels or aircraft, may file a consent of surety containing a similar stipulation, *Provided*, That such bonds are of sufficient penal sum. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.502 *Export entry.*—Before the spirits may be laden on the vessel or aircraft, the owner must file Form 691, properly modified, with the Collector of Customs. The provisions of §§ 185.379, 185.380, 185.382, as amended herein, 185.383 and 185.384 will be observed in so far as applicable. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.503 *Evidence of use as supplies on vessels and aircraft.* If the distilled spirits were laden on board a vessel or aircraft for use as ship's supplies or supplies for aircraft, there must be submitted to the district supervisor, within six months (or such additional extensions of time as may be granted by the district supervisor or the Commissioner), an affidavit of the master or other officer of the vessel or aircraft on which the spirits were laden, having knowledge of the facts, showing that the spirits have been used on board the vessel or aircraft, and that no portion thereof has been unladen in the United States or any of its possessions: *Provided*, That in the case of any shipment, the amount of tax thereon does not exceed $25.00, such affidavit will not be required. In the case of vessels of war, such affidavit will not be required. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.504 *Account with bond, Form 657.* The district supervisor will keep an account with each bond, Form 657, similar to that kept for distilled spirits exported free of tax. In cases where exportations free of tax and withdrawals free of tax for use as supplies on vessels or aircraft are made under the same bond, only one account covering both transactions need be kept. Upon receipt of satisfactory evidence of the use of the spirits as supplies, the bond will be credited with the quantity so reported. (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187—77th Congress))

§ 185.504 *Records.* When spirits are withdrawn for use as supplies on vessels or aircraft, the quantity so removed will be reported on Forms 1513 and 1514 or Forms 1516 and 1517, as the case may be, as "Withdrawn as supplies for vessels and aircraft." (Sec. 309 (a) of the Tariff Act of 1930, as amended by the Act of July 22, 1941 (Public Law 187–77th Congress))

PART 192—FERMENTED MALT LIQUORS

Pursuant to the provisions of sections 3153 (b) and 3176 of the Internal Revenue Code, and section 3 of the Act of July 22, 1941 (Public Law 187—77th Congress) §§ 192.197 and 192.230, of Regulations No. 18 (Title 26, Part 192, Code of Federal Regulations), are hereby amended, and new §§ 192.261 to 192.266 are added, to read as follows:

§ 192.197 *Bond.* Brewers who desire to export fermented malt liquors without the payment of tax shall be required to furnish the district supervisor of the district in which the brewery is located, a bond, in duplicate, on Form 263, with acceptable corporate surety, individual sureties, or by the deposit of proper collateral. Bond Form 263 must be filed with the district supervisor prior to the filing of the first application for withdrawal and entry for exportation on Form 550 if exportation is made in barrels, or prior to the filing of the first notice on Form 127 if beer is bottled for export. Separate bonds are not required for the exportation of beer in barrels and bottles. (Secs. 3153 (b), 3176, I.R.C.)

§ 192.230 *Proof of landing not furnished.* In case the brewer, from causes beyond his control, is unable to furnish the required proof of landing or loss on land or at sea within the time prescribed, he may make application to the supervisor for an extension of time for production of the evidence. Such application must state specifically the cause of failure to produce the evidence and be verified under oath. One extension of three months may be granted by the supervisor and, if necessary, upon a second application, an additional extension of three months may be granted by him. (Secs. 3153 (b), 3176, I. R. C.)

ARTICLE XXXIII—*Supplies for Vessels and Aircraft*

§ 192.261 *Supplies for vessels and aircraft.* Fermented malt liquor may be removed from breweries and brewery bottling houses free of tax for use as supplies on the following vessels and aircraft:

(a) Vessels of war, in ports of the United States, of any nation which may reciprocate such privilege toward the vessels of war of the United States in its ports;

(b) Vessels employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions;

(c) Aircraft registered in the United States and actually engaged in foreign trade or trade between the United States and any of its possessions; and

(d) Aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, where such trade by foreign aircraft is permitted, and where the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States. (Secs. 3153 (b), 3176, I.R.C.; section 3 of the Act of July 22, 1941, Public Law 187—77th Congress)

§ 192.262. *Procedure applicable.* The removal, shipment, examination by customs officers, and evidence of lading on vessels and aircraft, of fermented malt liquor from a brewery or brewery bottling house for use as supplies will, so far as applicable, follow the procedure of §§ 191.192–191.239 [Article XXVII], concerning the Exportation, Free of Tax, of Fermented Malt Liquor. (Secs. 3153 (b), 3176, I.R.C.; section 3 of the Act of July 22, 1941, Public Law 187—77th Congress)

§ 192.263 *Form 550.* Application will be made on Form 550, properly modified, for the removal of fermented malt liquor from a brewery or from the bottling house of a brewery for use as supplies on vessels and aircraft. (Sec. 3153 (b), 3176, I.R.C.; section 3 of the Act of July 22, 1941, Public Law 187—77th Congress)
